1. PART 1 – IN YEAR REPORT

1.1 Mayor's Report

The Service Delivery & Budget Implementation Plan (SDBIP) is split into two categories namely Key Performance Indicators that are Operating in nature due to utilization of an Operating Budget to carry out their functions and Key Performance Indicators that are Capital in nature due to utilization of a Capital Budget to carry out their functions. Key Performance Indicators utilizing an Operating Budget achieved 61.84% of the targets as at 31st December 2014, whilst 0% of the targets were not achieved, 9.21% of the targets were partially achieved and 9.20% of the targets were exceeded by more than 50%.

Key Performance Indicators utilizing a Capital Budget achieved 66.66% of the targets as at 31st December 2014, whilst 3.12% of the targets were not achieved, 10.41% of the targets were partially achieved and 3.12% of the targets were exceeded by more than 50%.

The Operational Plan (OP) of Council includes all units that provide support and auxiliary services to other units of Council. The OP Key Performance Indicator and targets of all units are operational in nature and utilize an Operating Budget. Key Performance Indicators utilizing an Operating Budget achieved 34.61% of the targets as at 31st December 2014, whilst 0.76% of the targets were not achieved, 13.07% of the targets were partially achieved and 2.49% of the targets were exceeded by more than 50%. 49.23% of the targets on the OP were not applicable for Quarter 2 ending 31st December 2014.

The Municipality has a Municipal Entity called Safe City. Safe City is entrusted with the monitoring of the city by way of CCTV cameras placed in strategic locations/areas known to be hot spots for crime including theft and break-in's. Safe City's Key Performance Indicators have been included in the SDBIP 2014/2015. According to the information presented for Quarter 2 ending 31st December 2014, it is indicated that the Entity has achieved all the performance targets set for the financial year as at the end of the second quarter.

All the performance information presented on the SDBIP & OP of Council for 2014/2015 will be subjected to Audit by the Internal Audit unit of Council.

The Auditor-General has expressed an unqualified opinion for 2013/2014 with emphasis of matter relating mainly to:

- ✓ Restatement of corresponding figures;
- ✓ Material losses and impairments;
- ✓ Material underspending of capital budget and conditional grants; and
- ✓ Irregular expenditure.

The previous audit opinion in 2012/13 financial year was a qualified opinion. The municipality worked tirelessly on the Revenue-Service charges which were the basis of the opinion as well on the matters of emphasis and significant improvement on the Revenue-Service charges was achieved. Whilst the previous action plan was developed, implemented and monitored on monthly basis in order to deal with matters of emphasis, however, there are still weaknesses as highlighted above.

Further strategies on improving the system of internal control are being employed to deal with matters of emphasis as well as matters on the management report.

1.2 Resolutions

The following recommendations are linked to the responsibilities of the Mayor as contained in s54 of the MFMA.

It is recommended that the Full Council;

1. Notes the quarterly report on the implementation of the budget in terms of s52(d) and monthly report in terms of s71MFMA
2. Notes and adopts the Midyear budget & Performance assessment in terms of s72 of the MFMA.
3. Revise the projections for Revenue & Expenditure in the SDBIP to reflect the adjustments to the Annual Budget.
4. That Municipal Manager as Accounting Officer be mandated to submit the Mid-Year Budget and Performance Assessment in terms of Section 72 of MFMA to National Treasury on or before 25 January 2015.

1.3 Executive Summary

Legislative Requirements

In terms of Section 72 of the MFMA, the Accounting Officer of the Municipality is required to submit a report in the prescribed format to the Mayor by the 25 January of each year, reviewing the financial performance of the municipality for the first six months of the year. This mid-year report is a critical stage in the in year reporting cycle of the municipality as it allows for the municipality to review any circumstances that may have changed since the preparation of the annual budget. As part of the review, in terms of Section 72(3), the accounting officer needs to make recommendations as to whether the SDBIP and Annual budget, i.e. Both Operational & Capital, need to be adjusted. Furthermore, Section 54(f) of the MFMA requires the Mayor to consider and submit a report to Council by 31 January.

FINANCIAL PERFORMANCE

Revenue: The Year to Date (YTD) total revenue earned was R2 billion for the period ending at 31 December 2014 while the YTD Budget was R1, 9billion. This resulted in an over performance of 5% of the planned revenue mainly due to the under budgeting in the monthly revenue projections. The two main contributors, both accounting for 60% of the actual total YTD Revenue earned are Electricity (42%) & Property Rates revenue (18%). These two revenue sources make up more than 60% of the total YTD budget.

Operating Expenditure: The total YTD operating expenditure for the period ending 31 December 2014 amounted to R1, 8billion while the YTD budget was R1, 7billion resulting in over performance of 8%. Operational expenditure is largely defined by the bulk (electricity & water) purchases and employee related costs both accounting for 68% of the YTD expenditure (66% of YTD budget). As at the end of December, the bulk purchases budget was overspent by 16% (R119million) pointing towards a compulsory upward budget adjustment of this budget in order to avoid unauthorised expenditure in this line item.

Capital Expenditure: While the YTD capital expenditure budget was R298 million, the actual YTD Capital expenditure incurred amounted to R166million resulting in underperformance of 44% of the capital budget. An increasing trend on Capex budget can be seen when comparing the month on month movements.

Grant Receipts: The total operational and capital YTD grant receipts as at 31 December month was R486 million inclusive of YTD equitable of R372 million and YTD MIG of R123million.

Cash & Cash equivalents at 31 December 2014 was of R932million showing an increase of R105 million from the balance at 30 June 2014.

Consumer Debt: Consumer debt at 31 December was R1.6 billion. The increase being due to the 75% collection rate for the period under review
