1 INTRODUCTION AND BACKGROUND

There is currently a crisis in tertiary student and working people's accommodation in Msunduzi Municipal area of jurisdiction that mirrors the accommodation crisis in South Africa¹. This crisis stems from the fact the Scottsville, Pelham and the northern areas of Msunduzi have exhausted the residential premises available for accommodation. Consequently, desperate students are currently seeking accommodation in areas such as Hayfields, Prestbury, Raisethorpe, Napierville and elsewhere which are further way from tertiary institutions. These areas in turn, are also exhibiting shortages in rental accommodation suitable for our young professional government workers, graduates, the working classes, and students seeking accommodation. Hence tertiary students, families with school going children (hereafter learners) and working people, seeking accommodation, are now at the mercy of boarding house owners and some unscrupulous landlords.

The accommodation crisis in South Africa is exacerbated by barriers to accommodation partly because of high levels of poverty and outdated regulatory processes that supported social exclusion and segregation during the apartheid era of South African governance. People with disabilities were, and continue to be, excluded from mainstream society, having trouble in accessing their fundamental human rights. Within this context, there is a strong relationship between barriers to access of services and accommodation for vulnerable women, children, the youth, people with disabilities and poverty.

In the wake of segregationist approaches, to governance, the White Paper on the Rights of Persons with Disabilities (WPRPD) was developed in the office of the erstwhile Deputy President, Mr Thabo Mbeki, in 1997. Social activists with disabilities put the groundwork to the WPRPD in place through extensive community consultation processes and then *"adopted the Disability Rights Charter of South Africa in 1992. This Charter, founded on the principles enshrined in the 1955 Freedom Charter, informed, and continues to inform, the promotion and protection of the rights of persons with disabilities in South Africa"* (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 5).

- (a) Central to the WPRPD and international approaches to barriers to municipal and social facilities are the concepts of Universal Accessibility and Universal Design. Universal Accessibility and Universal Design encompasses access to products and services that are
- (b) "Usable by all people, to the greatest extent possible, without the need for adaptation or specialized design. For example, sidewalks with curb cuts and doors that automatically open when a person moves near them are examples of universally designed products. They benefit people with disabilities, parents with baby strollers, delivery workers, old people, and others. Characteristics considered in universal designs may include considerations of age, people with disabilities of various kinds, gender, stature, race/ethnicity, culture, native language and learning preference (Source: Adapted from <http://www.washington.edu/doit/> December 2016:1.)

1.1 A Municipal Wide, Boarding House Policy: purpose

The purpose of this Policy is to address the crisis in accommodation which calls for the **facilitation, regulation, and management of boarding house developments**, to address the impact of such developments on the physical, social, economic, and institutional environment of the Municipality. While By-laws and Town Planning

¹ As documented in research undertaken on behalf of the Honourable Minister of Education Dr. Bonginkosi Emmanuel "Blade" Nzimande in 2011. (DHET 2011: xvii, Report of the Ministerial Committee for the Review of Student Housing at South African Universities).

Schemes are effective regulatory tools, policies are required in support of By-laws and Scheme based Zoning regulations. This stems from the fact that policies provide for more detailed, norms, standards and operational rules to government officials and the public that have to be complied with across the entire Msunduzi area of jurisdiction which includes the rural, peri-urban and urban areas within the official Municipal boundary irrespective of who the land owners may be.

2 THE LEGAL AND CONTEXTUAL FRAMEWORK

2.1 Legislative Framework

The legal framework which this planning Policy is set out is based on:

- i. the Constitution of the Republic of South Africa, (Act No. 108 of 1996): S.22 accords the right to freedom of trade, occupation and profession.
- ii. the Municipal Systems Act, (Act No.32 of 2000) which provides for the powers and functions of municipalities, including integrated development planning.
- iii. the Spatial Planning and Land Use Management Act, (Act No. 16 of 2013, SPLUMA), which provides for “the inclusive, developmental, equitable and efficient spatial planning at different levels of government, as well as for policies, principles, norms and standards for spatial development planning and land use management”; and,
- iv. the Msunduzi Municipality Spatial Planning and Land Use Management By-law (adopted 28 October 2021).

In addition to the above legislation, there are a number of additional regulatory frameworks and supplementary By-laws:

- i. National Building Regulations & Building Standards Amendment (Act No 49 of 1995), as amended, which provides for the promotion of uniformity in the law relating to the erection of buildings in the areas of jurisdiction of local authorities and for the prescribing of building standards.
- ii. Businesses Act, (Act No. 71 of 1991) which provides for the licencing of businesses, including informal businesses.
- iii. National Environmental Management Act, (Act No.107 of 1998) and its suite of subsidiary Acts (air quality, dust control regulations, regulations on listed activities, waste management, biodiversity)
- iv. Advertising Signs By-law, No.18 of 14 September 2006.
- v. Fire Prevention and Flammable Liquids and Substances By-laws, No.55 of 24 June 2014.
- vi. Public Health By-laws, No.100 of 25th June 2015; and,
- vii. Manufacture, Storage and sale of Foodstuffs By-laws, No.229 of 3rd May 1973.

In implementing the Policy, all other applicable national, provincial and local legislation / regulations must be adhered to.

2.2 National, Provincial and Local Planning directives

Various national, provincial and local planning directives must be taken into consideration as indicated in the table below. The Policy considers implications from various plans and policies from a National to a local level, and includes:

- National Directives: National Development Plan
- Provincial Planning: Provincial Planning and Development Plan
- Municipal Planning:

- Integrated Development Plan
- Spatial Development Framework
- Local Area Plans
- Msunduzi Single Land Use Scheme

The legal and institutional framework in respect of Boarding Houses consists of a number of aspects. The above-listed plans and Acts is summarised under a separate document, referred to as the Status Quo Report.

Table 1: National and Provincial Policy, Provincial Planning and Local Municipal Planning legislation influences on policy

Sphere of influence	Document reference	Implication for this planning policy
National Directives	National Development Plan	The National Directives are too strategic in nature to apply directly at this level.
Provincial Planning	Provincial Planning and Development Plan	Similarly, the Provincial Planning directives are concerned with provincial wide catalyst projects, and particular regional and strategic interventions.
Municipal Planning	Integrated Development Plan	The Msunduzi Municipality Integrated Development Plan (IDP) includes a section on SMMEs and the informal sector. The number of SMMEs in an area are considered as indicators of growth.
	Spatial Development Plan	The Msunduzi Spatial Development Framework (SDF) focuses on creating viable urban centres and catalytic projects to support growth. Other focus areas include integration, improved public transport and capital investment. The only relevance relating to the tuck shop policy is the promotion of quality urbanisation and building a safe city.
	Local Development Plan	The informal economy and the need for safety is recognised in the LAPs for Msunduzi.
	Msunduzi Single land Use Scheme	This documents critical for the application of the policy. The scheme clauses, together with the planning legislation forms the basis for this policy and the assessment of any land use application. It is therefore important that the policy definitions and criteria are aligned to the SPLUMA and scheme requirements. The policy cannot be more restrictive than these core documents.
Business Licensing	National Small Business Act, 1996 (Act No. 102 of 1996)	The Act requires all small businesses to make application for operation, which allows for the verification of health, building and planning requirements.

3 PRINCIPLES, NORMS AND POLICY IMPLEMENTATION

In order for policy to fulfil its normative regulatory role in the context of the entire Msunduzi Municipal area of jurisdiction, policy must unfold in accordance with existing legislation, other relevant policies and the Msunduzi Single Land Use Scheme. If a policy is in conflict with any legislation and its regulations, the latter takes precedence, and the policy becomes irrelevant from a legal perspective. Consequently, land management and the acquisition of development rights for the establishment of boarding houses must be implemented in the following manner:

- (a) All officials and role players in the Town Planning and Land Use Management System of the Municipality must implement this Policy in a way that it is compliant with the National Norms of:
 - i. Social, Economic, Environmental, and Administrative Justice, informing the rights, duties, and principles applicable to the following sector specific norms as enshrined in the South African Constitution (Act No. 108 of 1996 – hereafter “the Constitution”):
 - ii. Spatial justice, equitable education, sustainability, a safe environment, universal access, amenity, respect for local and indigenous knowledge systems and freedom from discrimination in terms of occupation, profession, trade, race, religion, age, gender and sexual orientation.

3.1 The implementation of the policy must give effect to:

- (a) Section 156(1) of the Constitution in accordance with Schedules 4B and 5B, since local municipalities are responsible for municipal planning, land management, child care, health and building regulation.
- (b) Section 24 and Section 156(1) of the Constitution entrenching the rights of tenants and all residents of Msunduzi Municipal area to “an environment that is not harmful” and the right of all “to choose their trade, occupation, or profession freely” in a manner which is regulated in terms of the law and municipal planning.
- (c) The Promotion of Administrative Justice Act No 3 of 2000 (PAJA) in accordance with Section 33 of the Constitution and the Intergovernmental Relations Framework Act No 13 of 2005 (IGRA,) accordingly every person in South Africa has the right to administrative action, which is lawful, procedurally fair, just and accountable. This right includes the right to the provision of written reasons for infringements of PAJA and the imperatives of good governance and efficient administration of municipal responsibilities in accordance with this Policy.
- (d) The Rental Housing Amendment Act 35 of 2014 encompassing the following objectives:
 - i. create mechanisms to promote the provision of rental housing property.
 - ii. promote access to adequate housing through creating mechanisms to ensure the proper functioning of the rental housing market.
 - iii. lay down general principles governing conflict resolution in the rental housing sector.
 - iv. provide for the facilitation of sound relations between tenants and landlords; and
 - v. provide for legal mechanisms to protect the rights of tenants and landlords against illegal actions by the other party by affording speedy means of redress at minimum cost to the parties.’
- (e) In accordance with the Rental Housing Amendment Act 35 of 2014 , the owner who is the landlord, is required to provide for a written lease that is signed and agreed to with the tenant/ occupier and in accordance with this Policy:
 - i. leasehold agreements applicable to each tenant, must accompany the application for the Municipal Consent and approval of a Boarding House and must contain a condition that should the consent be denied, the lease shall be null and void.
 - ii. the land lord is, in accordance with this Policy, the owner of the property; or
 - iii. the landlord is considered to be the Ingonyama Trust Board in accordance with the terms and conditions of the KwaZulu-Natal Ingonyama Trust Amendment Act. No 9 of 1997.
 - iv. all rights and duties of landlords, staff and tenants contained in the Rental Housing Amendment Act 35 of 2014 and particularly clauses relating to health, safety, habitability, maintenance of the property and the

financial obligations of the landlord operating the business of rental accommodation, are applicable in this Policy in addition to the norms and standards addressed in this Policy;

- v. the lease agreement required between tenants and the landlord of the Boarding House must stipulate the duties and responsibilities of landlords, staff and tenants, with regard to the management of the property in relation to this Policy and in relation to municipal services such as refuse disposal, water and electricity payments; and
- vi. The lease agreement must ensure the maintenance of the property to not impinge on the Amenity of the area, the cultural rights of the neighbours or contravene any legislation or Policy such as the National Building Regulations and the National Heritage Resources Act, No. 25 of 1999.
- vii. The landlord, tenants and staff of the Boarding House shall comply with the Pietermaritzburg Noise Control Regulations GR 2544 of 1990 in terms of Section 25 of the Environment Conservation Act No 73. 1989 and hence may not inflict noise pollution upon anyone.

(f) The policy must comply with:

- i. the town planning imperatives, principles and regulations stemming from the Spatial Land Use Planning Act No 16 of 2013, the Msunduzi SPLUM By Law of 28 October 2021 (hereafter referred to as the SPLUM By Law), the Msunduzi Single Land Use Scheme (hereafter referred to as the Msunduzi Scheme) and its subsequent amendments.
- ii. the minimum norms and standards that are prescribed in terms of Section 7 of this document.
- iii. the minimum norms and standards that may be prescribed in terms of Chapter 2 of SPLUMA, the KwaZulu-Natal Planning and Development Act No. 6 of 2008 and Msunduzi SPLUM By-Law of 2021 and its subsequent amendments.
- iv. policy and legislation addressing Universal Access; and
- v. Integrated Development Planning, Spatial Frameworks, Capital Investment Plans, Local Development Plans, and policy governing Boarding Houses and the right to environments that are not harmful to any person, fauna or flora including students, work seekers, tenants, homeowners, learners, residents, visitors or any other person within the Msunduzi Municipal area of jurisdiction.

4 SCOPE AND APPLICATION OF POLICY

4.1 Area of application

This Policy is to guide the effective and responsible use of Boarding Houses in the Msunduzi Municipality. When adopted, this Policy will apply to the whole area of jurisdiction of Msunduzi.

4.2 Existing scheme regulations

Where an existing zoning regulation prescribes standard development parameters (i.e. height, building lines, parking), this Policy does not replace these similar provisions, but is applied where such a provision does not exist, or in addition to such provisions.

4.3 The accounting officer must:

Review and amend this Policy in accordance with the time phases of the Integrated Development Plan (IDP), SDF and Scheme review processes, so that the proposed amendments to the Policy can:

- (a) be aligned with Planning and Scheme amendments.

- (b) be submitted timeously for budget allocations in accordance with the Msunduzi Service Delivery Budget Implementation Plan (SDBIP).
- (c) ensure that proposed amendments comply with the all applicable Legislation, Policy, Plans and Regulations.
- (d) be affected in accordance with the required Transparent Public Participation Processes in Chapter 4 and 5 of the Local Government Municipal System Act No 13 of 2000 as Amended in 2002 and 2004 (MSA); and,
- (e) ensure that the Performance Plans of line function managers and their staff comply with the requirements of the Municipal the Performance Management System with regard to the monitoring, evaluation, and strict regulation of Boarding Houses as is required in Section 38 of the MSA, the Msunduzi SPLUM By Law of 2021 and this Boarding House Policy.

5 DEFINITIONS AND INTERPRETATION

The definitions listed in this Policy are aligned, wherever possible, with the content of the current Msunduzi Single Land Use Scheme. Where applicable, new, and amended definitions are introduced. Recommendations addressing the revision of the existing Msunduzi Land uses Scheme in accordance with this Policy and its adherence to various national and provincial Policy and legal requirements are listed in the Annexures to this Policy.

Applications submitted to the municipality prior to the approval of the Msunduzi Single Land Use Scheme must comply with the definitions of the existing applicable Pietermaritzburg and Ashburton Town Planning Schemes and their subsequent amendments, if within the relevant scheme-controlled area, or schedule 3 of the Msunduzi SPLUM By-Law of 2021, if outside the Scheme controlled areas.

In this Policy, unless the context otherwise indicates:

“Activity spines” means a concentration of development along movement routes which are characterised by high intensity, mixed land uses that are oriented towards the street. Development can take either the form of continuous linear development or a series of nodes along the activity spine (Source: Adapted, from The Spatial Development Concept, Mogale City Local Municipality², www.mogalecity.gov.za 2017).

"Adequate" when used to describe a standard or manner in which anything required by this Policy shall be done, means the standard or manner that, in the opinion of the registered Town and Regional Planner or “authorised official” is sufficient to safeguard public interest and to achieve the purpose and apply the norms and intent of this Policy. “Adequately” has the same meaning.

“Amenity” means a natural or created feature that enhances a particular property, uses, place or area from the perspective of its aesthetic quality or visual appeal, which may make it more attractive or satisfying or unique.

"Ambient sound level" means the reading on an integrating impulse ' sound level meter taken at a measuring point in the absence of any alleged disturbing noise at the end of a total period of at least 10 minutes after such meter was put into operation in terms of the Noise Control Regulations GR 2544 of 1990 in terms of Section 25 of the Environment Conservation Act No 73 of 1989.

² The Mogale City Local Municipality is a Category B municipality located within the West Rand District in the Gauteng Province. It lies directly south and west of the City of Tshwane and City of Johannesburg Metropolitan areas respectively. The northern part of Mogale City comprises the bulk of the Cradle of Humankind World Heritage Site

"Animal" means a creature or living thing, other than human, being able to move of its own accord and in this Policy includes birds and poultry.

"Assistive Technology" It is an umbrella term that includes assistive, adaptive, and rehabilitative devices and services for persons with disabilities, which enable persons with disabilities and learning differences to attain independence. They include for example, loop systems, sub texting, and alternative input for cognitive assistance and computer or electrical assistive devices (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 3).

"Authorised official" means any official of the Municipality who has been authorized by the Municipality, in accordance with the Msunduzi SPLUM By law of 2021, to administer, implement, and enforce the provisions of this Policy.

"Basic Services" One of the key features of a developmental state is to ensure that all citizens especially the poor and other vulnerable groups, have access to basic services, including municipal services such as bulk water, energy, lighting roads, sustainable housing, welfare, health care, education and supporting infrastructure delivery. The Constitution of the country places the responsibility on government to ensure that such services are progressively expanded to all, within the limits of available resources (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 5).

"Boarding House" means a dwelling house where the habitable rooms are rented out for an extended period by the resident owner / occupant to unrelated persons and communal facilities such as the kitchen, lounge, dining room and bathrooms are shared by the boarders. For the purposes of this policy the maximum number of borders shall not exceed ten (10) and can only be accommodated on one (1) dwelling unit per property, and shall be conducted by the owner or provided that the Council may, in exceptional circumstances which do not prejudice the continued use of the Dwelling as a residence, permit the activity or use to be conducted by a person other than the owner, such as the manager for regulatory purposes. A boarding house shall comply with the approved policy and all other applicable legislation.

Coverage: means the maximum proportion of Erf that may be covered by roofed buildings and is expressed as a percentage of the Erf area. Provided that any roofed-area over pedestrian concourse or mall, or roof overhangs or unroofed cantilevered canopy or unroofed or carport or balcony shall be excluded from such coverage and further that in the case of an open-sided structure, coverage shall be taken as the area contained within the outer limits of the upright supporting columns thereof.

"Digs or "Commune" is local term used by students / residents in order to describe a residential facility that a group of students/ residents establish in order to reduce accommodation costs. A "Digs" or a "Commune" is:

- (a) required to comply with the norms and standards as set out in this Policy;
- (b) required to comply with the intent of this Policy to protect local Amenity in all Zones and particularly in **Special Residential Zones**;
- (c) required to comply in all regards with the stipulations of this policy;
- (d) a "Digs" or "Commune" is required to be conducted as a "Boarding House" in all respects as is defined in this Policy; and
- (e) shall be conducted to the satisfaction of the Municipality, in keeping with the National Minimum Standards for in Tertiary Student Accommodation of 2015, Government Gazette No 897 and various noise, health, amenity stipulations such that social cohesion and human dignity are fostered in compliance with this Policy.

“Disability” The UNCRPD³ does not attempt to define disability per se, but rather recognises disability as an evolving concept. Disability is imposed by society when a person with a physical, psychosocial, intellectual, neurological, and/or sensory impairment is denied access to full participation in all aspects of life, and when society fails to uphold the rights and specific needs of individuals with impairments. Persons with disabilities experience three main types of interrelated barriers:

- (a) social barriers (including high cost, lack of disability awareness, and communication difficulties);
- (b) psychological barriers (such as fear for personal safety); and
- (c) Structural barriers (including infrastructure, operations and information) (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 5).

“Disability Discrimination” Discrimination on the basis of disability means any distinction, exclusion or restriction of persons on the basis of disability, which has the purpose or effect of impairing or nullifying the recognition, enjoyment or exercise, on an equal basis with others, on all human rights and fundamental freedoms in the political, economic, social, cultural, civil, or any other field. It encompasses all forms of unfair discrimination, whether direct or indirect, including denial of reasonable accommodation. (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 20).

“Disability Mainstreaming” means a systematic integration of the priorities and requirements of persons with disabilities across all sectors and built into new and existing legislation, standards, policies, strategies, their implementation, monitoring, and evaluation. Barriers to participation must be identified and removed. Mainstreaming therefore requires effective planning, adequate human resources, and sufficient financial investment accompanied by specific measures such as targeted programmes and services. (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 20).

“Discrimination” is any act or omission, including a Policy, law, rule, practice, condition, or situation which directly or indirectly:

- (a) Imposes burdens, obligations or disadvantages on; and/or
- (b) Withholds benefits, opportunities or advantages from, any person on one or more of the prohibited grounds, which include disability and any other ground that might disadvantage a person, undermines human dignity or adversely affects an individual's rights and freedoms (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 5).

“Dwelling” a building, with inter-connected suite of rooms containing a kitchen and the applicable ablutions, used for the living accommodation and housing of one household, together with such outbuildings and subsidiary dwelling units as is ordinarily permitted therewith. Save with the Consent of the Municipality a second kitchen may be permitted. Additional dwelling units shall exclude auxiliary units.

“Family” a single person maintaining an independent household, two or more persons related by blood or legally maintaining a common household. **“Flat”** means a suite of rooms, located in Zones which are specifically designed for high density living, not being a single dwelling or semi-detached house in a “Special Residential Zone”, contained in a building having one or more floors.

³ The South African Government ratified the United Nations Convention on the “Rights of Persons with Disabilities (UNCRPD) and its Optional Protocol without reservation in 2007, thereby committing the country to respect and implement the rights of persons with disabilities” (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 20)

Floor Area: Means the sum of the areas of the building on each floor level, inclusive of wall thickness but excluding:

- (a) any basement.
- (b) garages, canopies, or carports or shelters.
- (c) In the case of fuelling and service stations, the areas covered by canopies,
- (d) staircases, lift shafts /lift motor rooms other than on one floor,
- (e) balconies, verandas, porches or colonnades and similar type of structures that are roofed but open to the elements on at least one side,
- (f) corridors that are open to the elements on at least one side,

Floor Area Ratio: The ratio of the permissible Floor Area of an Erf in relation to the surveyed area expressed as a decimal.

“Frontage”: means the length of the boundary of an Erf which fronts onto an existing or proposed road.

“Foundation Phase” refers to Grades R (Reception year) to Grade 3 learners. (Source: Adapted from Space Planning Norms and Standards for Public Schools 2014:2, KwaZulu-Natal Department of Education).

“Full Time Equivalent (FTE)” represents a measure of the occupation of the building. One FTE represents one (1) learner occupying space for a full school day. A part-time learner only occupies space for half a school day, and would therefore be represented as a 0, 5 FTE. (Source: Adapted from Space Planning Norms and Standards for Public Schools 2014:2, KwaZulu-Natal Department of Education).

“Further Education and Training (FET)” band encompasses the FET schools phase (Grades 10 to 12) and FET colleges (vocational) phase. (Source: Adapted from Space Planning Norms and Standards for Public Schools 2014:2, KwaZulu-Natal Department of Education)

“General Education and Training (GET)” band encompasses the foundation (Grades R to 3), the intermediate (Grades 4 to 6) and the senior (Grades 7 to 9) phases. (Source: Adapted from Space Planning Norms and Standards for Public Schools 2014:2, KwaZulu-Natal Department of Education).

“Human Dignity” refers to an individual or group's sense of self-respect and self-worth, physical and psychological integrity and empowerment. Human dignity is inherent to every human being, inalienable and independent of the state. In contrast, other human rights can be suspended in a state of emergency or limited in terms of law of general application. (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 8).

“Inclusion” is a universal human right and aims at embracing the diversity of all people irrespective of race, gender, disability or any other differences. It is about equal access, opportunities, eliminating discrimination, and intolerance for all. It is about a sense of belonging: feeling respected, valued for who you are; feeling a level of supportive energy and commitment from others so that you can best fully participate in society with no restrictions or limitations. Inclusion implies a change from an ‘individual change model’ to a ‘system change model’ that emphasises that society has to change to accommodate diversity, i.e. to accommodate all people. This involves a paradigm shift away from the specialness of people to the nature of society and its ability to respond to a wide range of individual differences and needs. Inclusion is the ultimate objective of mainstreaming. White Paper on the Rights of Persons with Disabilities, South African Office of the Deputy President, 2015: 9).

“Independence” means a state of being whereby available and adequate support services, assistive devices and personal assistance to persons with all disabilities enables persons with disabilities to exercise choice, bear responsibility and participate fully in society. (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 9).

“Independent living” means the ability of a person to live just like anyone else, to have opportunities to make decisions that affect their lives and to be able to pursue activities of their own choosing with the necessary support to enable persons with disabilities to live independently. (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 9).

“Informal social area” means the space used by older learners and students to socialise and younger learners to play and interact. (Source: Adapted from Space Planning Norms and Standards for Public Schools 2014:2, KwaZulu-Natal Department of Education).

“Interested and affected party”: means any person or body who, in accordance with the provisions of this Policy and the Msunduzi Schemes and adopted By-laws in terms of SPLUMA, has lawfully submitted, in writing, any objection, comment or representation, in respect of any matter regulated in terms of this Policy, the Msunduzi Schemes or any other legislation or policy applicable to the Msunduzi area of jurisdiction providing for objections, comments or representations.

“Land Use Zone” means an area of Land, indicated by an appropriate colour notation on the Land Use Scheme Map whereon the use is limited in accordance with the appropriate land use schedules contained in Section 3 of the Scheme.

“Municipality” means the Msunduzi Municipality or its successors in law and includes its Executive Committee or any other body, acting by virtue of powers delegated to it in terms of legislation, or any officer to whom the Executive Committee has delegated any powers and duties with regard to this Policy or a service provider fulfilling a responsibility under this Policy, assigned to it in terms of Section 81 (2) of the Local Government: Municipal Systems Act No 32 of 2000 -, or any other law, as the case may be.

“Municipal Consent” Means the written consent of the Municipality for any activity on or use of land or buildings for which an application is made, in terms of the applicable Municipal Land Use Scheme and other relevant legislation.

“Municipal Manager” means a person appointed as such by the Municipality in terms of section 82 of the Local Government Municipal Structures Act No. 117 of 1998.

“Municipal Planning Approval Authority” means the Municipal Planning Approval Authority which comprises of the –

- (a) the Municipal Planning Authorised Officer
- (b) the Municipal Planning Tribunal; and
- (c) the Municipal Council.

“National Building Regulations and Building Standard Act” Means the National Building Regulations made in terms of Section 17 of the National Building Regulations and Building Standards Act (No. 103 of 1977), as amended.

“Nodes” means concentrations of economic and social activity located at accessible locations such as modal interchanges and the intersections of public transport routes. Nodes should be positive performing environments that are able to attract business and economic developments to these points. Well-functioning nodes are vibrant areas comprising shopping, work, social, and cultural opportunities and public transport facilities in a high quality, safe public environment (Source: Adapted from, The Spatial Development Concept, Mogale City Local Municipality www.mogalecity.gov.za 2017)

“Noise control officer” means a person with a qualification equivalent to a senior certificate plus three years tertiary education in engineering, physical sciences, or health sciences, who is registered with a professional council.

“Noise disturbance” means any sound which disturbs or impairs or may disturb or impair the convenience or peace of any person.

“Noise level” means the reading on an integrating impulse sound level meter taken at a measuring point in the presence of any alleged disturbing noise at the end of a total period of at least 10 minutes after such meter was put into operation, and if the alleged disturbing noise has a discernible pitch, for example, a whistle, buzz, drone or music, to which 5 dBA is added:

“Noisiness index” means a number expressed in dBA, as defined in SABS 0117.

“Norm and Standards” Spatial and Development Planning, policy, and legislation are required to deal with specific subject matter in such a way that transformative planning is achieved across country by establishing applicable norms and standards which are in accordance with the rights and duties contained in the South African Constitution Act No. 108 of 1996. In this Policy, **“norms”** refer to the universal rights and duties accorded to all people and to the environment in the South African Constitution and Bill of Rights. **“Standards”** associated with each norm; specify the various social, environmental, economic administrative, spatial, cultural, and technical specifications/ measurements/conditions that are set in accordance with each norm that the standard is associated with.

“Nuisance”: any activity which spills over beyond the property and causes problems for immediate and surrounding neighbours; this includes noise levels, excessive vehicles parked in front of the property blocking access, activities which may cause health or pollution problems such as smoke or flies / vermin, vehicle oil or unsightly activities / storage of goods which detract from the amenity of the neighbourhood.

“Occupier”, in relation to any premises, means any person:

- (a) Residing on the premises in accordance with the conditions of the lease agreement between the owner and the occupier/ tenant, or
- (b) The owner the premises who is required to reside on the premises with his/her family, in accordance with the intent of this Policy.

“Outbuilding” means structure, whether attached or separate from the main building, which is ancillary and subservient to the main building on a land unit. It shall not exceed 25% of the main dwelling coverage. Save with Consent of the Municipality the size may be increased to a maximum of 40% of the main dwelling coverage. The outbuilding shall not be used for business purposes save with the consent of Municipality. Refer to Section 5.33 for additional controls.

"Owner" means:

- (a) the person in whose name the land is registered in the deeds registry within whose area of jurisdiction the land is situated.;
- (b) the beneficial holder of a real right in land and
- (c) the person in whom land vests; and
- (d) the legal representative of an owner or his or her estate where such registered owner lacks legal capacity for any reason, including age, mental health, mental disability, death, or insolvency

"Organ of state" means an organ of state as defined in Section 239 of the Constitution of the Republic of South Africa Act No 108 of 1996.

"Peace officer" means a peace officer as defined in terms of the Justice of the Peace and Commissioners of Oaths Amendment Act No 36 of 1986.

"Permit" means a public health permit issued by the Municipality in terms of the section 11; the Msunduzi Municipal Public Health By-laws of 2015.

"Person" means a natural person or a juristic person, and includes an organ of state;

"Play Areas" are informal social areas used by younger learners. They should cater for different age groups and interests, provide stimulating/educational equipment (e.g. climbing frames, swings, sandpits, hopscotch markings) for younger learners, especially in the foundation and intermediate phases. (Source: Adapted from *Space Planning Norms and Standards for Public Schools 2014:2*, KwaZulu-Natal Department of Education).

"Poverty" means a pronounced deprivation in well-being, and comprises many dimensions. It includes low incomes and the inability to acquire the basic goods and services necessary for survival with dignity. Poverty also encompasses low levels of health and education, poor access to clean water and sanitation, inadequate physical security, lack of voice, and insufficient capacity and opportunity to better one's life. (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 12).

"Powers and Functions" means any provision in this Policy which vests or imposes any power, function or duty of the Municipality in or on an employee of the Municipality, and such power, function or duty is in terms of Section 81 (2) of the Local Government: Municipal Systems Act, 2000, or any other law, assigned to a service provider where:

- (a) The reference to such employee shall be read as a reference to the service provider; or
- (b) Applicable, an employee of the service provider authorized by it.

"Premises" means:

- (a) any land without any buildings or other structures on it;
- (b) any building or other structure and the land on which it is situated;
- (c) any land which adjoins land referred to in paragraph (a) or (b) and any building or other structure on the adjoining land, if that land, building or structure is occupied or used in connection with any activity carried out on the premises referred to in paragraph (a) or (b); or
- (d) any vessel, vehicle or movable structure which is used for a scheduled use.

“Progressive Rights” The term refers to economic, social and cultural rights and human rights relating amongst others to the workplace, social security, family life, participation in cultural life, and access to housing, food, water, health care and education.

"Public health nuisance" means the use of any premises or place in a manner which creates conditions that significantly increase the risk of a public health hazard occurring or which compromises any aspect of public health to an extent that is more than trivial or insignificant, and without limitation, includes those circumstances in which a public health nuisance is considered to exist in terms of Schedule 1 of the Msunduzi Municipal Public Health By-laws of 2015.

"Public place" means any road, street thoroughfare, bridge, overhead bridge, subway, foot pavement, footpath, sidewalk, lane square, open space, garden park, path, bus or taxi rank, servitude or enclosed space vested in the Municipality and includes any road, place or thoroughfare which is in the undisturbed use of the public or which the public have the right to use.

“Reasonable Accommodation” Reasonable accommodation refers to necessary and appropriate modification and adjustments, as well as assistive devices and technology, not imposing a situation, where needed in a particular case, to ensure persons with disabilities the enjoyment or exercise on an equal basis with others of all human rights and fundamental freedoms (White Paper on the Rights of Persons with Disabilities, South African Office of the Deputy President, 2015:11)

“Segregation” means a system that keeps different groups separate from each other, either through physical dividers or using social pressures and laws, or programmes thereby treating them differently. It is the action or state of setting someone or something apart from others causing separation, setting apart, keeping apart on the basis of differences defined by a system. It also results in exclusion, closeting, protection, shielding, partitioning, division, detachment, disconnection, dissociation; sequestration and partition (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 12).

"Schedule use" means a use listed in Schedule 2 of the Msunduzi Municipal Public Health By-laws of 2015.

“Self-Contained Residential Unit/ Granny Flat” means a self-contained, interleading group of rooms, with not more than one kitchen and used for living accommodation. It shall not contain more than two bedrooms. The Unit shall not be used for business activities, save with the consent of Municipality. It is an Ancillary to the dwelling and shall not exceed 30% of the main dwelling coverage. Save with Consent of the Municipality the size may be increased to a maximum of 50% of the main dwelling coverage.

“Social Cohesion” is the degree of social integration and inclusion in communities and society at large, and the extent to which mutual solidarity finds expression among individuals and communities. A community or society is cohesive to the extent that the inequalities, exclusions, and disparities based on ethnicity, gender, class, nationality, age, disability or any other distinctions which engender divisions distrust and conflict are reduced and/or eliminated in a planned and sustained manner. Community members are therefore active participants, working together for the attainment of shared goals, designed and agreed upon to improve the living conditions for all. (White Paper on the Rights of Persons with Disabilities, South African office of the Deputy President, 2015: 13).

“Site Development Plan (SDP)”: means a plan required for application purposes.

The site development plans shall amongst others provide for but not be limited to:

- (a) To-scale drawing of the site/s, indicating statistical information about the extent of the proposed development (floor area ratio, coverage and height), and building lines applicable, and parking supply; existing services, existing and proposed servitudes, etc.
- (b) The design and layout of proposals including details as to the functioning thereof.
- (c) The layout of the property, indicating the use of different portions thereof.
- (d) The position, use and extent of buildings.
- (e) A programme of development.
- (f) Sketch plans and elevations of proposed structures, including information about external finishes.
- (g) Cross-sections of the site and buildings on site.
- (h) External signage details.
- (i) Details of and programme for the provision of essential services including storm water, sewerage disposal, electricity and solid waste disposal.
- (j) Traffic engineering details on the vehicular and pedestrian elements thereof.
- (k) General landscaping proposals, including vegetation to be preserved, removed or to be planted, external paving, and measures for stabilising outdoor areas where applicable.
- (l) Relationship of the proposed development to adjacent sites, especially with respect to access, overshadowing and scale.
- (m) Any other details as may reasonably be required by Municipality.

“Universal Accessibility and Universal Design” means access to products that are “designed and environments that are usable by all people, to the greatest extent possible, without the need for adaptation or specialized design. For example, sidewalks with curb cuts and doors that automatically open when a person moves near them are examples of universally designed products. They benefit people with disabilities, parents with baby strollers, delivery workers, old people, and others. Characteristics considered in universal designs may include considerations of age, people with disabilities of various kinds, gender, stature, race/ethnicity, culture, native language and learning preference (Source: December 2016: 1 Adapted from <http://www.washington.edu/doi/>).

“Zoning” The zoning of a particular site or set of sites in a Town Planning Scheme means the development rights and controls accorded to the property and its associated buildings either as of Free Entry Rights, rights that are accorded in terms of Municipal Consent or are Prohibited.

6 APPLICATION NORMS, PROCEDURES AND STANDARDS

Before 15 September 2016, all applications for Boarding Houses, were made in term of Section 67 *bis* of the Town Planning Ordinance No. 27 of 1949, as amended (hereafter “the Ordinance”) in terms of which existing Schemes were established. The Msunduzi Spatial Planning and Land Use Management By-Law was promulgated on 15 September 2016, further revised on the 28 October 2021, and repeals Section 67 of the Ordinance.

Consequently, all new Boarding-House applications shall be considered in terms of the Msunduzi SPLUM By-Law of 2021, the Msunduzi Single Land Use Scheme, this Policy and other relevant policy and legislation as noted in sections 3 within this policy document.. In this regard:

- (a) The delegated planning official will advise the relevant Municipal Planning Approval Authority on the normative, procedural, technical, and substantive merits of each application in a written report.
- (b) The relevant committee or delegated official considering the application must consider applications in accordance with procedural, technical and substantive requirements as defined in in terms of Section 51 of SPLUMA which regulates applications in accordance with the adopted Msunduzi SPLUM By-Law. This occurs through development regulated through the Msunduzi Single Land Use Scheme.
- (c) The registered Town and Regional Planner and delegated committee considers the application for substantive⁴, normative and procedural⁵ compliance with SPLUMA.

6.1 Nonconforming existing rights

- (a) Any existing building or existing use which is not in conformity with this Policy or existing amended Schemes, but for which legal authority was obtained from the Municipality prior to 28 October 2021, being the Adoption of the Msunduzi SPLUM By Law; and /or prior to the adoption date of this Boarding House Policy, and which is currently used for the purpose for which it was designed and/or was completed legally and so used after the said adoption dates, may continue to be so used, subject to compliance with any conditions which may have been imposed by the Municipality in the application process, and provided that:
- (b) any alteration or addition or change of use which, in the opinion of the Municipality, alters the character of an existing building or use of land, shall automatically remove such building or land from the category of building or existing use.
- (c) where the free entry uses, written authority or Municipal Consent has previously been obtained for a specific development, the approval is deemed to be valid, provided that the general and other specific requirements of the Scheme for that zone at the time of approval are observed.
- (d) any subsequent alterations, additions or extensions to any building or additional uses within the building will be subject to the submission of a new Site Development Plan and a new Building Plan that are in accordance with this Policy, its amendments, Schemes and Building regulations operative at the time of the subsequent alterations, additions or extensions.
- (e) provided further that if, in the opinion of the Municipality, the character of the area will change as a result of any such alterations, additions or extensions, the Municipality shall require the applicant to apply for such authority or Municipal Consent, as the case may be; and
- (f) where the non-conforming existing use of any building or land is discontinued for a continuous period of 18 months or longer, such an existing use shall be deemed to have lapsed and shall not be recommenced.

6.2 Development rights, consent usage & policy compliance

The Msunduzi Single Land Use Scheme accords development rights to properties and building processes in accordance with particular zones. These zones regulate permissible, prohibited, and Municipal Consent usage. All Municipal Consent applications have to be in accordance with Scheme Clauses inter alia, such as FAR, Coverage, Parking, Side, and Rear Spaces, Density and all policy regulations such as Norms and Standards, a Site Development Plan, Amenity, Noise Pollution and Universal Access.

Table No 2 shows the Expressly Permitted Development and Municipal Consent rights zones where Boarding Houses can be developed in accordance with the Msunduzi Single Land Use Scheme.

Municipal planning officials and the interested and affected public can check the applications for compliance with the Boarding House Policy and Scheme regulations and recommend approval if it is compliant or recommend that the application be turned down if it is not compliant. Interested and affected parties can also object to the application based on amenity, procedural, substantive, norms, or standards flaws within the application. In addition the Municipal Consent accorded can be withdrawn if the Policy and scheme regulations are not adhered to. "Municipal Consent" should only be granted if the development intensity of an area and the character of the area are not adversely affected by the establishment of Boarding Houses. Such applications rely on the Town Planning Scheme, Policy intent and the discretionary planning skills of the planning officials and the Planning Tribunals considering objections to applications lodged that deviate from the intent of each of the zones listed in Table 1. Consequently, one of the intentions of this Boarding House Policy is to support of the overall intent of the Municipal Consent process particularly in the "Special Residential Zones" of the City that are experiencing a crisis in accommodation, largely but not exclusively, for tertiary students and working people seeking residence in the City.

Similarly, in any other zone, listed in Table 2, where Municipal Consent is accorded to Boarding House usage, the primary character of said zone must be adhered to and the Zone cannot become dominated by the secondary usage of Boarding Houses.

Table 2: Scheme Zones that allow Boarding House Development: Consent and Free Entry

MSUNDUZI SINGLE LAND USE Scheme Zones that allow Boarding House Development by Municipal Consent & Free Entry usage			
	Town Scheme Zones	Kind of Application	Boarding house policy Compliance Criteria
1	Special Residential 1	Municipal Consent	Application based on Scheme Clauses and Policy
2	Special Residential 1A	Municipal Consent	Application based on Scheme Clauses and Policy
3	Special Residential 2,	Municipal Consent	Application based on Scheme Clauses and Policy
4	Special Residential 2 A	Municipal Consent	Application based on Scheme Clauses and Policy
5	Special Residential 3	Municipal Consent	Application based on Scheme Clauses and Policy
6	Special Residential 3A	Municipal Consent	Application based on Scheme Clauses and Policy
7	Special Residential 4	Municipal Consent	Application based on Scheme Clauses and Policy
8	Special Residential 5	Municipal Consent	Application based on Scheme Clauses and Policy
9	Intermediate residential	Municipal Consent	Application based on Scheme Clauses and Policy
10	Mixed Use 1	Municipal Consent	Application based on Scheme Clauses and Policy
11	Light Industry	Municipal Consent	Application based on Scheme Clauses and Policy
12	General Industry		
13	Institutional	Municipal Consent	Application based on Scheme Clauses and Policy

MSUNDUZI SINGLE LAND USE Scheme Zones that allow Boarding House Development by Municipal Consent & Free Entry usage			
	Town Scheme Zones	Kind of Application	Boarding house policy Compliance Criteria
14	Worship	Municipal Consent	Application based on Scheme Clauses and Policy
15	Transitional Zone 1	Municipal Consent	Application based on Scheme Clauses and Policy
16	Special Areas 21	Municipal Consent	Application based on Scheme Clauses and Policy
17	Special Area 29 (Rita Industrial Park);	Municipal Consent	Application based on Scheme Clauses and Policy
18	Special Area 33	Municipal Consent	Application based on Scheme Clauses and Policy
19	Special Business Area 14 (80 Roberts Road)	Municipal Consent	Application based on Scheme Clauses and Policy
PERMISSIBLE			
1	Educational	Permissible	Site Development Plan & Building Plan: Policy
2	General Zone (Under Commercial/ Mixed Use)	Permissible	Site Development Plan & Building Plan: Policy
3	Low Impact Mixed Use	Permissible	Site Development Plan & Building Plan: Policy
4	Special Area 14	Permissible	Site Development Plan, Building Plan & Policy
	Special Area 31	Permissible	Site Development Plan, Building Plan & Policy
	Special Area 35	Permissible	Site Development Plan, Building Plan & Policy
5	Student Village	Permissible	Site Development Plan & Building Plan: Policy
6	General Residential 1	Permissible	Site Development Plan & Building Plan: Policy
7	General Residential 2	Permissible	Site Development Plan & Building Plan: Policy
8	General Residential 3	Permissible	Site Development Plan, Building Plan & Policy
9	General Residential 4 (Hotel)	Permissible	Site Development Plan & Building Plan: Policy

Table 2 notes zones where Boarding houses are “expressly permitted” or are “free entry zones”, in which the Msunduzi Single Land Use Scheme permits and encourages the development of Boarding Houses. These zones are specifically “Commercial and Mixed Use”, as well as “General Residential”, and “Educational”, with special reference to “Student Village”. “The main character of these areas is that of fairly high intensity mixed usage; or “General Residential” areas where higher density residential activity occurs. Such zones are characterised by blocks of flats or multiple residential units as opposed to the single dwellings of the “Special Residential” and “Limited Residential zones”. However, norms and standards are invoked in all zones to ensure that higher intensity Boarding House usage does not degenerate into “slum lording” and residential conditions for occupants that is detrimental to their health, dignity, independence, the environment, social cohesion, progressive rights, universal accessibility, universal design, inclusion, and the amenity of the area.

Importantly, as per the definition of Boarding House within this Policy, **the Maximum number of Borders shall be ten (10) and shall be restricted to only one (1) dwelling unit per property.**

6.2.1 Compliance

Planning officials need to be particularly vigilant with regard to Policy and Scheme compliance in “expressly permitted” or “free entry zones” because compliance is only checked when Building Plans are submitted for approval. Consequently, **all free entry Boarding-House** developments must:

- (a) Submit a Site Development Plan with the Building Plan for Planning Approval.
- (b) All Site Development Plans, as defined in this Policy, with Building Plans and building alterations, extensions and additions must comply with this Policy, its norms, and standards as prescribed by SPLUMA and other relevant legislation and policy; and
- (c) All Boarding Houses are required to register as businesses.

7 NORMS STANDARDS AND BOARDING HOUSES

In accordance with this Policy, the norms and standards for Boarding Houses are categorised into three sections:

- (a) Firstly, Boarding Houses accommodating learners and their caretakers within rural, peri-urban and urban areas where the ravages of the HIV and Aids pandemic has resulted in approximately a 42% infection rate in Pietermaritzburg in 2015 (<http://www.avert.org/professionals/hiv-around-world/sub-saharan-africa/south-africa>). Pietermaritzburg is known to be one of the areas with the highest incidents of HIV and Aids infections in the country. Consequently, vulnerable children and young people up to the age of 21 are accommodated in Boarding Houses, SOS children’s homes, and orphanages.

Secondly, there is a serious lack of Boarding House regulation in the rural, smallholder, peri-urban and urban areas where farm workers, groomsmen, domestic workers, blue and white-collar workers are located.

Thirdly there is a critical shortage of accommodation for tertiary institution students resulting in unregulated and poorly managed “shack lording”, “slum-lording” and overcrowding of residential, urban and CBD areas in Msunduzi.

The threefold distinction invoked in this section of the Policy can only be considered as a contribution towards a more extensive research and human rights investigation that is urgently needed in order to develop a more nuanced and diversified Policy and Scheme clauses. Such a comprehensive approach to Scheme clauses and regulation is required for “wall-to-wall” Town Planning Schemes and their associate Diversified Policy. In addition, Diversified Policy approaches are also heavily dependent on Precinct and Local Area Strategic Planning and Planning Design.

One of the recurring themes stemming from public comments and Municipal Planners administering Municipal Consent applications is the **need for demarcated areas where Boarding Houses**, particularly for student accommodation, can be established and areas where they are prohibited. This particular Policy cannot address this problem since it is heavily dependent on Strategic Local Area Planning and Design which is usually undertaken prior to Town Planning Scheme development and subsequent Policy refinement for operational activities. The Municipal Planners are fully aware of this dilemma and have put plans in place to address it.

In the interim, the norms and standards applicable to the regulation of the three categories of Boarding Houses as noted above, are shown in Tables No 3, 4 and 5 respectively.

Table 3: Norms and Standards for Accommodation of School Learners

Norms and Standards for Boarding- Houses Accommodating School going learners		
Norms	Standards	Source
Boarding-House occupants have the right to a safe living environment	<ul style="list-style-type: none"> a) The facility must be registered in compliance with the Children’s Act No 38 of 2005, as amended. b) The safety, security and structures of the facility is to be in accordance with the National Building Regulations & Building Standards Amendment Act No 49 of 1995, The National Building Regulations, (South African National Standard [SANS] 2011), to further promote accessibility for persons with disabilities (Part S: Facilities for persons with disabilities) and any amendments thereto, and must comply with: c) An approved Site Development Plan and Building Plans as defined in this Policy and to the satisfaction of the Senior Town & Regional Planner, Amafa, all relevant Sector Departments such as the Departments of Health, Education, Infrastructure, Water & Sanitation, Safety and Security, Local Economic Development, Human Settlements and any other relevant approval authority as may be called for from time to time by the Msunduzi Municipal Manager. d) The Facility may not be located close to, nor adjacent to: <ul style="list-style-type: none"> (i) Cemeteries; (ii) Business Centre’s; (iii) Railway Stations; (iv) Taxi Ranks; (v) Sewage Treatment Plants; (vi) Public Hostels; (vii) Busy Roads, and (viii) Bottle Stores or “Shebeens ” 	<p>Norm: <i>The South African Constitution</i> Act No. 108 of 1996; Standards: National Building Regulations & Building Standards Amendment Act No 49 of 1995, The National Building Regulations (South African National Standard [SANS] 2011), to further promote accessibility for persons with disabilities (Part S: Facilities for persons and any amendments thereto).</p> <p>Standards : <i>Department of Education: Regulations relating to Minimum Norms and Standards for Public Infrastructure, 2013, p7;</i></p>
Universal Access and Design	<p>All facilities must comply with the White Paper on the Rights of Persons with Disabilities(WPRPD), South African office of the Deputy President, 2015, such that for each occupant</p> <ul style="list-style-type: none"> (i) 12 m³ of free air space for each person over the age of 10 years; (ii) 6 m³ of free air space for each person under the age of 10 years. (iii) In accordance with the norms and standards of the WPRPD 	<p>Standards <i>Department of Social Development (2010;23) Blue Print, Minimum Norms and Standards for Child Care / Secure Care Facilities in South Africa</i></p>

Norms	Standards	Source
	<ul style="list-style-type: none"> a) no latrine, passage, staircase, landing, bathroom, cupboard, outbuilding, garage, stable, tent, storeroom, lean -to, shed, kitchen, dining room, food preparation area, cellar or loft may be used as sleeping accommodation; b) In accordance with the Department of Social Development Norms and Standards of 28.10 m² of the total area of a dormitory is required per child; c) an area for the preparation and cooking of food, easily accessible to any occupier residing in the Boarding-House d) adequate separate wash -up facilities; e) an adequate dining area, including the area occupied by tables, chairs and benches, of at least 1.2 m² for every seat provided for dining purposes; f) 1 basin per 4 learner, 1 shower cubicle per 7 learners , 1 lavatory per 5 learner. g) shower & lavatory cubicles must be designed for privacy (i.e., no communal showers or toilets), h) Universal access must be afforded to people with disabilities in keeping with the White Paper on the Rights of Persons with Disabilities(WPRPD), South African office of the Deputy President, 2015 (Source: Universal Access Policy, Towards a Barrier-Free Society , 2002, S.A Human Rights Commission). Consequently, barrier free access shall apply for example to 	<p>Standards Msunduzi Municipal Public Health By-laws of 2015; , Universal Access Policy, Towards a barrier-free Society S.A Human Rights Commission 2002.</p> <p>Standards: Msunduzi Municipal Public Health By-laws of 2015;</p>
Universal Access and Design	<ul style="list-style-type: none"> i. entrances, lighting facilities, lift buttons, alarm bells, window openings, pathways, buses, play and recreation areas which must comply with universal design criteria. ii. all rooms and passages shall be provided with adequate ventilation and lighting, water, and fire extinguishers as prescribed in the National Building Regulations and Buildings Standards Act No 49 of 1995, The National Building Regulations (South African National Standard [SANS] 2011; iii. a store -room for the storage of furniture and equipment and a separate linen room , shall be provided; iv. all walls and ceilings shall have a smooth finish and be painted with a light coloured washable paint, or have some other approved finish; v. the floor surface of every kitchen, scullery, laundry, bathroom, shower, ablution room, toilet and sluice room shall be constructed of concrete or some other approved material ; i) facilities shall be clean, provide for employees, and manage refuse as prescribed in terms of the Msunduzi Municipal Public Health By-laws of 2015. 	.Msunduzi Municipal Public Health By-laws of 2015; , Universal Access Policy, Towards a barrier-free Society S.A Human Rights Commission 2002
Children have the right to play and social encounter	2.5 m ² per child for play and social encounter in keeping with their developmental, cognitive, and emotional needs.	Standards Department of Social Development (2010) Blue Print, Minimum Norms and Standards for Child Care / Secure Care Facilities in South Africa
Children have the right to education and health care.	<p>1.32 m² per child for study and also library space,</p> <p>1.72 m² per child for a medical facility</p>	Standards Department of Social Development (2010) Blue Print, Minimum Norms and Standards for Child Care / Secure Care Facilities in South Africa

Norms and Standards for Boarding- Houses Accommodating School going learners		
Norms	Standards	Source
Children have the right to respect and human dignity	All matters pertaining to the rights of the child need to be adhered to in the facility in accordance with the norms and standard as set by the Department of Social Development	Standards Department of Social Development (2010) <i>Blue Print, Minimum Norms and Standards for Child Care / Secure Care Facilities in South Africa</i>

Overall, farmworkers living in rural and peri- urban areas are still living under deplorable conditions such as by lack of access to potable water, adequate shelter, and poor health and education facilities. Security of tenure and access to sanitation are tenuous and inhumane. The research required to develop an in-depth diversified Policy relating to boarding house conditions for workers in rural areas is urgently needed but has not been undertaken within the limitations imposed upon this project. Consequently, within the boarding house Policy, the following initial basic norms and standards shall be applicable as are shown in Table No 3, although it is understood that this is section of the Policy still needs extensive Local Area Planning, research, and development.

Table 4: Norms and Standards for Boarding- House regulation in the rural, smallholder, peri- urban and within urban areas where farm workers, groomsmen, domestic workers, blue and white-collar workers are located

Norms and Standards for Boarding- House regulation in the rural, smallholder, peri- urban and urban areas where farm workers, groomsmen, domestic workers, blue and white-collar workers are located		
Norms	Standards	Source
Boarding-House occupants have the right to a safe living environment	The safety, security and structure of the facility is to be in accordance with the National Building Regulations, Approved Site Development Plan and Building Plan and to the satisfaction of the Chief Planner , Amafa, relevant Infrastructure and Sector Departments Of the Msunduzi Municipality.	Norm: <i>The South African Constitution Act No. 108 of 1996;</i> Standards: National Building Regulations & Building Standards Amendment Act No 49 of 1995, The National Building Regulations (South African National Standard [SANS] 2011, to further promote accessibility for persons with disabilities (Part S: Facilities for persons and any amendments thereto.
	Occupiers may not be housed in: (i) stables, shacks along river beds, within the 50 year flood line, on unstable steep slopes or in any location that poses as danger to the learner; (ii) close to, or adjacent to rural/ peri-urban sewage and waste disposal sites (iii) along busy roads, and within Bottle Stores and Shebeens	
Universal Access Design	For each occupant of a bedroom, there must be: i) 12 m ³ of free air space for each person over the age of 10 years; ii) 6 m ³ of free air space for each person under the age of 10 years. iii) Single rooms, accommodating one person is to be no smaller than 8m ² . iv) Double rooms, accommodating two people, is to be no smaller than 14m ² . v) Buildings must comply with the following minimum standards for ablution facilities:	<i>Department of Education: Regulations relating to Minimum Norms and Standards for Public Infrastructure, 2013, p7;</i> Minimum Norms and Standards for Student Housing at Public Universities of 2015, Government Gazette No 897;

8 NOISE REGULATION

Noise regulation in this by law is strictly in accordance with the KwaZulu-Natal Noise Control Regulations GR 2544 of 1990 in terms of Section 25 of the Environment Conservation Act No 73 of 1989 which specifically addresses noise regulation in the erstwhile "Pietermaritzburg Municipality" in schedule one (1) and is held in full in detail in the Companion document to this By-law.

The Msunduzi accounting officer may at any reasonable time, enter premises, without prior notice:

- to conduct thereon any appropriate examination, enquiry, or inspection it may deem expedient, and
- to take any steps it may deem necessary in order to determine whether a vehicle using any road including a private, provincial or national road crossing in its area of jurisdiction, complies with the provisions of these regulations.
- instruct the owner or person in control of the vehicle to have any appropriate inspection or test deemed necessary by the local authority conducted on the vehicle on a date and at a time and place determined in writing by the local authority; to stop the vehicle or cause it to be stopped.
- if a noise emanating from a building, and animal, premises, a vehicle, recreational vehicle or street is a disturbing noise/or noise nuisance.

- i) instruct in writing the person who causes such noise or is responsible therefore, or the owner or occupant of the building, premises, vehicle, recreational vehicle or street whence such noise emanates or may emanate, or all those persons, to discontinue the noise or cause it to be discontinued within the period stipulated in the instruction.
 - ii) provided that the provisions of this paragraph shall not apply in respect of a disturbing noise or noise nuisance caused by rail vehicles or air traffic or by vehicles that are not used as recreational vehicles on a public road.
- (e) before changes are made to existing facilities, or existing uses of land or buildings, or before new buildings are erected, in writing require that noise impact assessments or tests be conducted to the satisfaction of the local authority by the owner, developer, tenant or occupant of the facilities, land or buildings.
 - (f) that reports or certificates relating to the noise impact be submitted to the local authority, to the satisfaction of the local authority, by the owner, developer, tenant, or occupant; and
 - (g) if excavation, earthmoving, pumping, drilling, construction or demolition work or any similar activity, power generation or music causes or may cause a noise nuisance or a disturbing noise, instruct in writing that such work, activity, generation, or music be forthwith discontinued until any conditions deemed necessary by the local authority have been complied with.

8.1 Animal noise

If the owner or person in charge of an animal fails to comply with an instruction referred to in paragraph (d), subject to the applicable provisions of any other law, impound such animal or cause it to be impounded.

8.2 General Prohibition

No person shall:

- (a) establish a new township unless the lay-out plans concerned that are required by the local authority indicate, in accordance with the specifications of the local authority, the existing and future sources of noise, with concomitant dBA values, which are foreseen in the township for a period of 15 years following the date on which the erection of the buildings in and around the township commences.
- (b) erect educational, residential, hospital, church or office buildings in an existing township, unless acoustic screening measures have been provided in the buildings to limit the reading on an integrating impulse sound level meter, measured inside the buildings after completion, to 40 dBA; provided that any air-conditioning or ventilating system shall be switched off during the course of the noise measurement;
- (c) make changes to existing facilities or existing uses of land or buildings or erect new buildings, if these will house or cause activities that will after such changes or erection, cause a disturbing noise.
- (d) unless precautionary measures to prevent the disturbing noise have been taken to the satisfaction of the local authority.
- (e) build a road or change an existing road, or alter the speed limit on a road, if this will cause an increase in noise in or near residential areas or offices, churches, hospitals or educational buildings, unless the need for noise control measures has been properly determined by the local authority in consultation with the road authority concerned to ensure that the land in the vicinity of that road will not be designated as a controlled area;
- (f) site educational, residential, hospital or church erven within a controlled area in a new township: provided that such siting may be allowed by the local authority concerned in accordance with the acoustic screening measures mentioned by that local authority in the approved building plans.
- (g) fail to comply with a written condition, instruction, notice, requirement or demand issued by a local authority in terms of these regulations.

- (h) stage an open-air music festival or similar gathering, without the prior written consent of a local authority.
- (i) drive a vehicle, or allow it to be driven, on a public road, if the sound level at the measuring point, measured in accordance with the procedure prescribed in SABS 0181, exceeds:
 - i) in the case of a non-exempted vehicle, the sound level specified in Table I of SABS 0281 for that type of vehicle;
 - ii) in the case of an exempted vehicle, the applicable reference sound level reflected in the tables of Annexure A to SABS 0281 for that type of vehicle, by more than 5 dBA; and,
 - iii) provided that the provisions of this paragraph shall not apply in respect of a disturbing noise or noise nuisance caused by vehicles that break down en route
- (j) tamper with, remove, put out of action, damage or impair functioning of a noise monitoring system, noise limiter, noise measuring instrument, acoustic device, road traffic sign or notice placed in a particular position by or on behalf of a local authority.
- (k) for the purposes of these regulations, in respect of a duly authorised employee of a local authority fail or refuse to allow the employee to enter and inspect premise.
- (l) fail or refuse to give information that the employee may lawfully require of him or her; and,
- (m) not to hinder or obstruct or lie to the employee in the execution of his or her duties: or to give false or misleading information to such employee.

8.3 Prohibition of Disturbing Noise

- (a) No person shall make, produce, or cause a disturbing noise, or allow it to be made, produced or caused by any person, animal, machine, device or apparatus or any combination thereof.

8.4 Prohibition of noise nuisance

No person shall:

- (a) operate or play a radio, television, drum, musical instrument, sound amplifier, loud speaker system or similar device that produces, reproduces or amplifies sound, or allow it to be operated or played so as to cause a noise nuisance.
- (b) offer any article for sale by shouting, ringing a bell or making other sounds or by allowing shouting, the ringing of a bell or the making of other sounds in a manner which may cause a noise nuisance.
- (c) as the-owner or person in control of an animal, allow it to cause a noise nuisance.
- (d) build, make, construct, repair, rebuild modify, operate or test a vehicle, vessel, aircraft or object on near residential premises, or allow it to be built, made, constructed, repaired, rebuilt, modified, operated or tested there, if this may cause a noise nuisance.
- (e) erect a building or structure on residential premises or allow it to be erected there if this may cause a noise nuisance.
- (f) use or discharge any explosive, firearm, or similar device that emits an impulsive sound and may cause a noise nuisance, or allow it to be used or discharged, except with the prior consent in writing of the local authority concerned and subject to such conditions as the local authority may deem necessary.
- (g) on-a piece of land or on water or in airspace on or above that piece of land designated by a local "authority by means of a notice in the press.
- (h) move about on or in a recreational vehicle.

- (i) exercise control over a recreational vehicle, or
- (j) as the owner or person in control of the piece of land, water or airspace, allow such activity to take place, if this may cause a noise nuisance.
- (k) except in an emergency emit a sound, or allow a sound to be emitted, by means of a bell, carillon, siren, hooter, static alarm, whistle, loud-speaker or similar device, if it may cause a noise nuisance.
- (l) operate any machinery, saw, sander, drill, grinder, lawnmower, power garden tool or similar device or allow it to be operated, if it may cause a noise nuisance:
- (m) load, unload, open, shut or in any other way handle a crate, box, container, building material, rubbish container or any other article; or allow it to be loaded, unloaded, opened, shut, or handled, if this may cause a noise nuisance: or
- (n) drive a vehicle on a public road in such a manner that it may cause a noise nuisance: or
- (o) use any power tool or power equipment used for construction work, drilling work or demolition work, or allow it to be used in or near a residential area if it may cause a noise nuisance.
- (p) Use of measuring instruments shall be in accordance with the Noise Control Regulations GR 2544 of 1990 in terms of Section 25 of the Environment Conservation Act No 73. 1989.

8.5 Exemptions

The provisions of these regulations shall not apply:

- (a) if the emission of sound is necessary for the purpose of warning people of a dangerous situation, or
- (b) the emission of sound takes place during an emergency.
- (c) any person may by means of a written application, in which the reasons are given in full, apply to the local authority concerned for exemption from any provision of these regulations.
- (d) an exemption shall be granted in writing by a local authority, and the conditions under which and the period for which the exemption is granted shall be stipulated in the exemption.
- (e) an exemption shall not take effect before the applicant has undertaken in writing to comply with all conditions imposed by a local authority under sub regulation provided that:
 - i. if activities commence before the undertaking has been submitted to the local authority concerned, the exemption shall lapse.
- (f) if any condition of exemption is not complied with the exemption shall lapse forthwith.

8.6 Attachment

- (a) A vehicle attached shall be kept in safe custody by a local authority;
- (b) A local authority may lift the attachment if the owner or Person in control of the vehicle concerned has been instructed in writing by the local authority;
- (c) to repair or modify the vehicle concerned or to cause it to be repaired or to be modified; and
- (d) to have any inspection or test deemed necessary by the local authority conducted on the vehicle on a date and at a time and place mentioned in the instruction.

8.7 Penalties

- (a) Any person who contravenes or fails to comply with a provisions of the noise regulations shall be guilty of an offence and liable on conviction to a fine not exceeding R20 000 or imprisonment for a period not exceeding two years, or to both such fine and such imprisonment.
- (b) In the event of a continuing contravention, a fine not exceeding R250 or imprisonment for a period not exceeding twenty days, or to both such fine and such imprisonment for each day on which such contravention occurs, shall be applied.

9 PLANNING CRITERIA AND CONDITIONS OF APPROVAL

9.1 Boarding House in a “Special Residential Zone”

- (a) **Who may operate a Boarding House in a Special Residential Zone:** The Boarding House shall be conducted by the owner of the property who shall be resident therein, within the “Special Residential Zone”. The use shall be limited to being conducted by the applicant, who is the owner of the property or provided that the Council may, in exceptional circumstances which do not prejudice the continued use of the Dwelling as a residence, permit the activity or use to be conducted by a person other than the owner, such as the manager for regulatory purposes. and who shall reside on the property as his / her primary residence together with his / her family such as it may consist of from time to time. (Source: Town Planning Appeals Board Ruling on APPEAL NO. 3350 relating to 1 Oban Drive, Scottsville)
- (b) **The Municipal Consent** is attached to the owner and shall not be transferred.
- (c) **Area of operation** as set out in the Town Planning Scheme and this Policy, the regulations for the operation of the Boarding House are specified in accordance with the FAR and Coverage, of the Scheme, the Site Development Plan, the Policy requirements and the Norms and Standards as stipulated in this Policy in Tables 1-4 of section two (2) of this Policy.
- (d) **Demand on services:** The establishment shall not impose a greater load on any public utility service than that which is ordinarily required by other uses permitted in the area in which the activity or use is situated.

9.2 Parking:

- (a) 1 bay per tenant’s room. Parking for tertiary student accommodation can be waived at the discretion of the Municipality if the tenants do not own motor vehicles. Plus, an additional 1 bay for the owner/manager
- (b) Not require the regular parking of vehicles with a tare mass exceeding 2000kg, on or adjacent to the site.
- (c) Loading and unloading to be provided to the satisfaction of the municipality.

9.3 Signage

Is required to be placed on the building such that it is visible to neighbors at all times and is limited to the erection of a sign which shall:-

- (a) Not be larger than 600mm x 450mm.
- (b) Comply with the Msunduzi Signs By-law.
- (c) Be placed either on the wall of a Building within the site or on the boundary wall or fence adjacent to the entrance to a site, and
- (d) Be of material and style which shall complement the character of the dwelling and shall entail all information as stipulated in the norms and standards section of this Policy.

9.4 Health Requirements

Be operated in accordance with all relevant Council By-laws and other Legislation, which shall include:

- (a) Registration of the premises in terms of the Regulations Governing General Hygiene Requirements for Food Premises under Government Notice No. R918 (1999).

9.5 Compliance and Illegal operation

- (e) Compliance with the provisions of the Noise Regulations R2544 under the Environment Conservation Act, 1989, the Msunduzi SPLUM By-Laws, the National Building Regulations and other relevant legislations as detailed within this Policy.
- (f) Compliance with all applications and Development Plan conditions of this Policy.
- (g) All illegally operating boarding houses will be subject to prosecution as determined in terms of Chapter 7 of the Msunduzi SPLUM By-laws

9.6 Grounds for Reviewing a Decision

Should the operation result a nuisance or criminal activity be reported after approval, the approval will be withdrawn. Similarly, if the property owner deviates from the municipal planning authority, business license conditions, the approval will be withdrawn.

9.7 Compliance and Illegal operation

The approval will be linked to the owner and/or permanent resident of the property and will lapse in the event of any change of ownership / occupation. All illegally established Boarding Houses will be subject to a fine as set in accordance with the Municipal fines and tariffs criteria.

9.8 Operations Ceased

Applicants who have ceased the operation of the business must inform the municipality in writing.

9.9 Liquor Use

No sale of liquor shall be permitted on site.

9.10 Number of Rooms

- (a) Shall be in accordance with the requirements of the relevant schemes and the approved Site Development Plan as per Municipal Planning specifications and the norms and standards stipulated in the Policy.

9.11 Building Regulations

- (a) A Boarding-House may only be operated from a structure approved in terms of the National Building Regulations and Building Standards Act.
- (b) May not impose a greater load on any public utility service than that which is ordinarily required by other uses permitted in the area in which the activity or use is situated.

- (c) May not interfere with the amenity of the surrounding area.

9.12 Nuisance

- (a) No activities which may cause a nuisance or disturbance to the residents in other neighbouring residences are permitted.

10 APPLICATION PROCEDURES

Application procedures shall be in accordance with the SPLUMA process as shown in **Annexure B**.

11 THE PLANNING PROCESS AND TIMEFRAMES

The planning process and timeframes is depicted in **Annexure C**.

12 IMPLEMENTATION PROCESS

12.1 Transitional arrangements

On adoption, this Policy may only be applied to the extent that it doesn't contradict existing legislation, Scheme and By-laws or where an application for additional rights / land use change is being considered. Consequently, it is recommended at the Scheme amendments recommended by undertaken as soon as possible.

12.2 Commencement date

This Policy was adopted as an official Council Policy in accordance with the adoption resolution as attached in **Annexure A** and comes into full force on the date as shown in the adoption resolution.

12.3 Existing Policy repealed

The existing Draft Boarding House Policy is automatically rendered null and void with the adoption of this Policy in accordance with the resolution held in **Annexure A**.

13 LAW ENFORCEMENT

Chapter 7 of the SPLUM by-law of 2021 provides for enforcement of the provisions of the By-law.

The above provisions give Council the right to investigate a complaint/alleged illegal activity, to ascertain the validity and/or extent thereof. It also allows Council to serve a notice on an offender to cease activities which may also include a notice of intent to take further legal action, if required.

Any aggrieved person may lodge a complaint contemplated in Section 107(1) (which refers to Offences and penalties in relation to municipal planning approval) in accordance of Section 113 (1) of the Msunduzi SPLUM By Law. The complaint must include:

- (a) the name of the alleged offender, if known.
- (b) street Address and or property description if known.
- (c) photographs if available.

- (d) description of the alleged contravention of the scheme and the impact.

The Municipality must investigate, within 30 days of receipt of the complaint.

In terms of Section 113A (1) of the SPLUM By-Law, the Municipality must serve a compliance notice on a person if the person is suspected of being guilty. The offender has 14 days to respond.

In terms of Section 113B, A compliance notice must –

- (a) identify the person at whom it is directed.
- (b) describe the activity concerned and the land on which it is being carried out; state that the activity concerned is illegal and inform that person of the particular offence contemplated in section 107 of the Msunduzi SPLUM By-law, which that person allegedly has committed or is committing through the carrying on of that activity.
- (c) invite the person to comment in writing on the alleged contravention.
- (d) call on the person to lodge the comments with the contact person stated in the notice.
- (e) state how the comments may be lodged.
- (f) state the date by when the comments must be received.
- (g) inform the person identified of the latter's right to remain silent, and of the fact that any confession, admission or other statement made by that person could be used in evidence against that person; and
- (h) Issue a warning to the effect that (i) the person could be prosecuted for and convicted of an offence contemplated in 107 of the SPLUM By-law.
- (i) on conviction of an offence, the person could become liable to the penalties provided for in sections 107 and 108; and
- (j) if convicted, the person could be required by an order of the High Court to demolish, remove or alter any building. Structure or work illegally erected or constructed. Or to rehabilitate the land concerned.

The monitoring and control of the illegal entities will require a high level of commitment and dedication as well as co-operation between all role players including the South African Police Services and the law enforcement section of the Municipality.

There are also numerous other sets of legislation (Acts, municipal by-laws and regulations) that are potentially applicable to the operation of Boarding House, - e.g., building regulations, nuisance/noise by-laws, health and safety by-laws.

14 ANNEXURE A: ADOPTION RESOLUTION

15 ANNEXURE B: MUNICIPAL BY-LAW APPLICATION PROCESS

Chapter 4: Section 32: Preparing and application.

23(3) A consent application must be made by an appropriately qualified person as per subsection 1 or a person working under the or under the direction or in association with such a person who is registered with his or her appropriate governing body.

Section 24: Pre-application procedure

24(1) An applicant must obtain approvals from organs of state, including municipal departments, and any other information which are necessary for determining an application for municipal planning approval.

(2) Organs of state, including municipal departments, must provide an applicant with the information that he or she needs in order to make an application for municipal planning approval within 60 days from being served with a request for the information, or such further period as agreed upon with the applicant.

25(1) An organ of state shall be regarded as having no comment on an application for municipal planning approval, if it did not provide comment on the proposed application within the time permitted, unless the use or development of land is dependent on an engineering service that it must provide.

Section 26: Application requirements

(a) an application form;

(b) a comprehensive motivation by the applicant in support of the application;

(c) proof of registered ownership and a copy of the property diagram;

(d) written consent of the registered owner of that land, if the applicant is not the owner thereof;

(e) written consent of the land owner's association, if applicable;

(f) written support of the traditional council for the application, if the land is located in a traditional authority area;

(g) proof of circulation of an application to organs of state, including municipal departments.

(h) if an application is an application for the subdivision or consolidation of land or township establishment- see **26 (1) (h) i and ii** of SPLUM By Law

(i) the proposed property descriptions

(j) a layout Plan if applicable

(k) an approved service agreement, if applicable

(l) a phasing plan, if applicable;

(m) any other plans, diagrams, documents, ESRI Shapefiles, information or fees that the Municipal Planning Registrar may require.

(n) the application fee.

Section 26 Lodging of the application , Section 27 Records of Receipt and Section 28 Additional Information from Registrar

26(2) An application for municipal planning approval must be lodged with the Municipal Planning Registrar, the Municipal Manager or another person designated by the Municipal Manager to receive applications.

27(3) An application for municipal planning approval is regarded as complete, if the Municipal Planning Registrar did not request additional information within 30 days, or a further period (not more than 60 days) as agreed upon with the applicant.

In terms of item 28(1), an applicant must provide the Municipal Planning Registrar with the additional information required for the completion of an application within 90 days, or such further period as agreed upon with the applicant, which may not be more than 180 days from the request for additional information.

Section 32. Public consultation

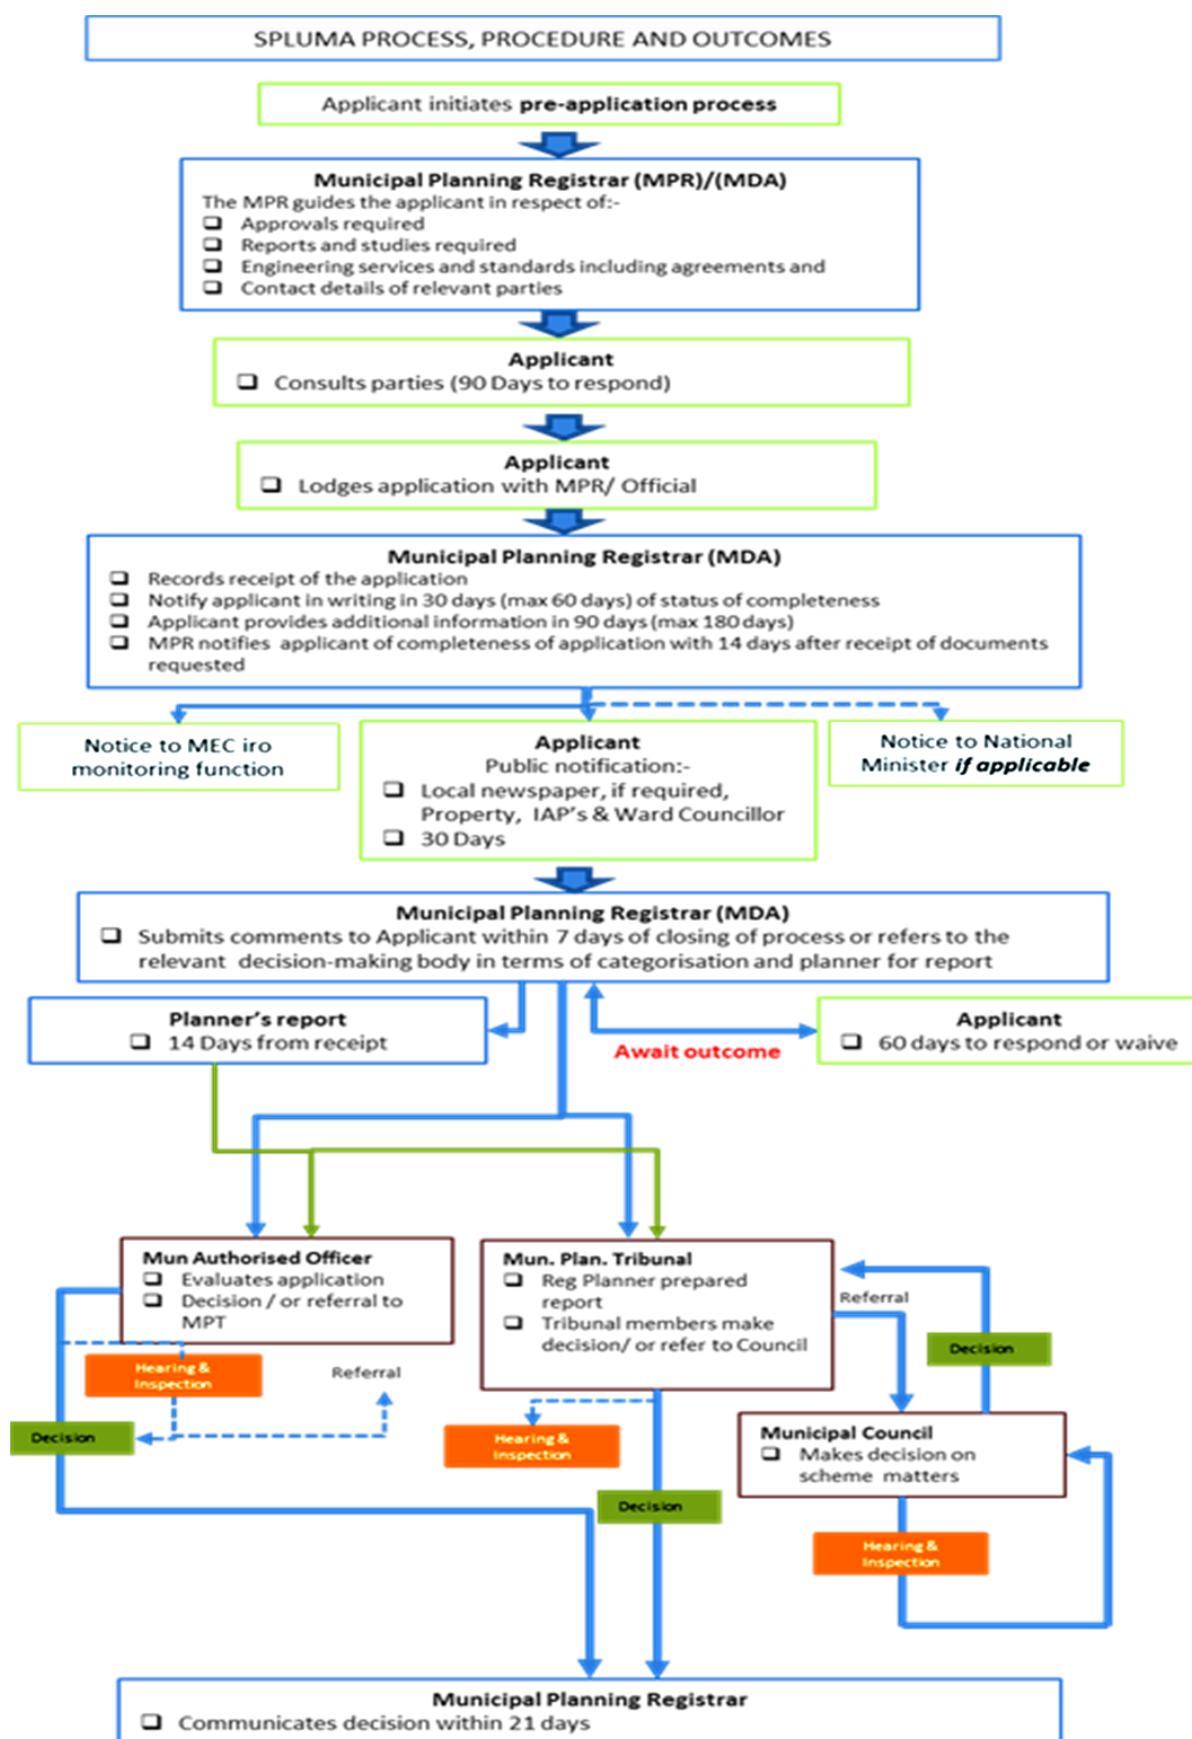

The Municipal Registrar must determine if it is necessary to consult the public for the application concerned. Where public comments are required, the processes in schedule 5 (Public Notice) must be followed.

Section 34- 38. Assessment of the application, hearing and inspection if required and decision

Following the above process, the Municipal Planning Registrar will confirm the correctness of the application, refer it to the Municipal Planning Tribunal for a final decision. This decision-making process may include a hearing and inspection.

16 ANNEXURE C: PLANNING PROCESS AND TIME FRAMES

17 ANNEXURE D: EXTRACT FROM THE SPACE PLANNING NORMS AND STANDARDS

The below is extracted from the Space Planning norms And Standards for Public Schools, (KwaZulu-Natal Department of Education: 2014:5)

Structure of South African Schools

The diagram below indicates the structure of South African schools. There are two bands within the schooling systems, namely:

General Education and Training band

- Foundation phase (Grades R – 3)
- Intermediate phase (Grades 4 – 6)
- Senior phase (Grades 7 – 9)

Further Education and Training band

- FET phase (Grades 10 – 12)

For the purpose of this document, these phases have been separated into two commonly used groups – the primary schools (i.e. Grades R – 7) and secondary schools (i.e. Grade 8 to 12), as per the Regulations Relating to Minimum Norms and Standards for Public School Infrastructure

Age (yrs)	6	7	8	9	10	11	12	13	14	15	16	17	18
Grade	R	1	2	3	4	5	6	7	8	9	10	11	12
Phase	Foundation												
					Intermediate								
								Senior					
											FET		
Band	GET Band										FET		
School	PRIMARY								SECONDARY
