Part 5 – Preferential Procurement**52. CALCULATION OF THE PREFERENT POINTS SYSTEM**

Preference point system

- (a) The 80/20 preference point system is applicable to bids with a rand value equal to, or above R30 000 and up to a rand value of R1 million(all applicable taxes included).
- (b) The 90/10 preference point system is applicable to bids with a Rand value above R1 million (all applicable taxes included)

Calculation of points for price

The PPPFA prescribes that the lowest acceptable bid will score 80 or 90 points for price. Bidders that quoted higher prices will score lower points for price on a pro-rata basis.

The formulae to be utilized in calculating points scored for price are as follows: 80/20 Preference point system (for acquisition of services, works or goods up to a Rand value of R1 million) (all applicable taxes included)

$$P_s = 80(1 - \frac{P_t - P_{min}}{P_{min}})$$

Where

P_s = Points scored for comparative price of bid or offer under consideration

P_t = Comparative price of bid or offer under consideration

P_{min} = Comparative price of lowest acceptable bid or offer.

Preference point system (for acquisition of services, works or goods with a Rand value above R1million) (all applicable taxes included)

$$P_s = 90 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where

P_s = Points scored for comparative price of bid or offer under consideration

P_t = Comparative price of bid or offer under consideration

P_{min} = Comparative price of lowest acceptable bid or offer.

Points scored must be rounded off to the nearest 2 decimal places.

Calculation of points for B- BBEE status level contributor

Points must be awarded to a bidder for attaining the B- BBEE status level of contribution in accordance with the below:

B- BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	8	16
4	5	12
5	4	8
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

or, in respect of Exempted Micro Enterprises (EMEs)

Black Ownership of EME	Deemed B-BBEE Status Level of Contributor	Number of Points for Preference (80/20 System)	Number of Points for Preference (90/10 System)
<u>100%</u>	1	20	10
<u>At least 51%</u>	2	18	9
>50%	3	16	8
≥50%	4	12	5

A bid must not be disqualified from the bidding process if the bidder does not submit a certificate substantiating the B- BBEE status level of contribution or is a non-compliant contributor. Such a bidder will score zero (0) out of the maximum 10 or 20 points respectively for B- BBEE.

Calculation of total points scored for the price and B-BBEE status level of contribution

The points scored for the price must be added to the points scored for the B- BBEE status level of contribution to obtain the bidder's total points scored out of 100.

C. B-BBEE Status Level Certificates

In order to qualify for the above preference points,

Exempted Micro Enterprises (EME) must have submitted, to Msunduzi Municipality, a certificate issued by a registered auditor, accounting officer (as contemplated in section 60(4) of the Close Corporation Act, 1984 (Act No. 69 of 1984)) or an accredited verification agency confirming their status as such.

In order for an EME to qualify as a Level 1 or Level 2 BEE Contributor, EME must submit a sworn affidavit on an annual basis, confirming Annual Total Revenue of R10 Million or less, and Level of Black Ownership (Ownership (as contemplated in paragraph 4 of Government Gazette No. 36928)).

In order for a Qualifying Small Enterprise(QSE) to qualify as a Level 1 or Level 2 BEE Contributor, QSE must submit to Msunduzi Municipality a sworn affidavit on an annual basis, confirming Annual Total Revenue of R50 Million or less, and Level of Black Ownership (as contemplated in paragraph 5 of Government Gazette No. 36928).

Any misrepresentation in terms of the above constitutes a criminal offence as set out in the B-BBEE Act as amended

Bidders other than Exempted Micro Enterprises or Qualifying Small Enterprise must submit, to Msunduzi Municipality, their original and valid B-BBEE status level verification certificate, or a certified copy thereof, substantiating their B-BBEE status level of contributor.

The submission of such certificates must comply with the requirements of instructions and guidelines issued by the National Treasury and be in accordance with notices published by the Department of Trade and Industry in the Government Gazette.

Bidders who fail to submit the required certificates, or certified copies thereof, will be deemed to be non-compliant contributors.

Where specific sector charters have been gazetted in terms of the B-BBEE Act, bid documentation for procurement from within such sectors, must specify that only persons verified in terms of the particular sector charter (or Code of Good Practice), or Exempted Micro Enterprises, will qualify for a preference. A status level of contributor in respect of generic Codes of Good Practice will not, in such circumstances, qualify for any preference.

Where no specific sector charter has been gazetted, persons other than Exempted Micro Enterprises or Qualifying Small Enterprise must be verified in terms of the gazetted generic Codes of Good Practice in order to qualify for a preference.

For the purposes of transparency, bidders shall, in respect of all quotations (above R30 000) and competitive bids (over R200 000), be required to claim, in their bid submission, a preference in accordance with their B-BBEE status.

Notwithstanding what is contained in the bid submission, preference points will be allocated during the bid evaluation process in accordance with the verified B-BBEE status level (or deemed status level) of contributor.

D. Evaluation of bids that scored equal points

In the event that two or more bids have scored equal total points, the successful bid must be the one that scored the highest points for B- BBEE.

If two or more bids have equal points, including equal preference points for BBEE, the successful bid must be the one scoring the highest score for functionality, if functionality is part of the evaluation process.

In the event that two or more bids are equal in all respects, the award must be decided by the drawing of lots.

E. Conditions Relating to the Granting of Preferences

Bidders must, in the manner stipulated in the bid documentation, declare that:

- I. the information provided is true and correct;
- II. the signatory to the bid document is duly authorised; and
- III. documentary proof regarding any bidding issue will, when required, be submitted to the satisfaction of the City.

Only bidders who have completed and signed the necessary declarations may be considered.

The Bid Evaluation Committee must, when calculating comparative prices, take into account any discounts which have been offered unconditionally.

A discount which has been offered conditionally must, despite not being taken into account for evaluation purposes, be implemented when payment is effected.

A trust or joint venture will qualify for preference points for their B-BBEE status level as a legal entity, provided that the entity has submitted its verified B-BBEE status level certificate (or certified copy thereof) to the City.

A trust or joint venture will qualify for preference points for their B-BBEE status level as an unincorporated entity, provided that the entity has submitted its consolidated B-BBEE scorecard as if it is a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid. The consolidated B-BBEE scorecard must be submitted in the form of a certificate issued by an accredited verification agency (or a certified copy thereof).

A bidder may not be awarded points for B-BBEE status level if it is indicated in the bid documents that such a bidder intends sub-contracting more than 25% of the value of the contract to any other enterprise that does not qualify for at least the points that the bidder qualifies for, unless the intended subcontractor is an Exempted Micro Enterprise (EME) that has the capability and ability to execute the sub-contract.

A bidder that has been awarded a contract may not sub-contract more than 25% of the value of the contract to enterprises that do not have an equal or higher B-BBEE status level than the bidder concerned, unless the subcontractors are Exempted Micro Enterprises that have the capability and ability to execute the sub-contract. Compliance with this particular requirement must be monitored by the Responsible Agent during the execution of the contract.

If a service is required that can only be provided by tertiary institutions, such services must be procured through a bidding process from the identified tertiary institutions.

The tertiary institutions referred to in above clause, must submit their B-BEE status in terms of the specialized scorecard contained in the BBEE Codes of Good Practice.

If a service is required that can be provided by one or more tertiary institutions or public entities and enterprises from the private sector, the appointment of a service provider/contractor must be done by means of a competitive bidding process.

Public entities must submit their B-BBEE status in terms of the specialized scorecard contained in the gazetted B-BBEE Codes of Good Practice.

53. Local Production and Content

The National Department of Trade and Industry is empowered to designate industry sectors, in line with national development and industrial policies for local production, where only locally produced goods, services or construction works, or locally manufactured goods that meet a stipulated minimum threshold for local production and content, may be used.

In the case of designated sectors, where in the award of bids, local production and content is of critical importance, such bids must be advertised with a specific condition of bidding, that only locally produced goods, services or construction works or locally manufactured goods, with a stipulated minimum threshold for local production and content will be considered.

Any instructions, circulars and guidelines issued by National Treasury in the above regard must be complied with.

Where there is no designated sector, bids may include, as a specific condition of bidding, that only locally produced goods, services or construction works, or locally manufactured goods with a stipulated minimum threshold for local production and content, will be considered, on condition that such prescript and threshold(s) are in accordance with the specific directives issued for this purpose by the National Treasury in consultation with the Department of Trade and Industry.

Every bid issued in terms of clause 53 must be measurable and audited.

Where necessary, for bids referred to in clause 53 to a two-stage bidding process may be followed, where the first stage involves functionality and minimum threshold for local production and content, and the second stage price and B-BBEE level of contribution, with the possibility of price negotiations only with the short listed bidder/s.

A person awarded a contract in relation to a designated sector, may not subcontract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.

54. Other Specific Goals

Unbundling Strategies

In order to encourage increased participation and the sustainable growth of the small business sector, the unbundling of larger projects into smaller, more manageable, contracts is encouraged.

Unbundling must however be considered in the context of:

- economies of scale being lost;
- abortive work becoming necessary;
- additional demands (not only financial) being placed on the City's resources; and
- the risk of later phases not being completed as a result of budget cuts becoming necessary in the future.

Unbundling, and all of its associated implications, must therefore be carefully considered at the planning stage of any project and the budgets for, and design thereof, should be structured accordingly.

It is important to note that while it is the City's policy to procure goods, services or construction works in the smallest practicable quantities, the practice of parceling such procurement in order to avoid complying with the requirements of the different range of procurement processes described in this policy is not permitted.

55. Increasing Employment Opportunities

One of the City's key socio-economic objectives is to facilitate the creation of employment for the people of Pietermaritzburg.

Increasing employment opportunities through procurement may be achieved by labour intensive technologies and/or methods of construction in the bid.

It is up to Responsible Agents to thoroughly investigate the options available in the above regard, to evaluate the positive versus negative impact of any proposals, and to specify labour intensive technologies and/or methods where appropriate.

All labour earning less than a threshold wage, determined in accordance with National Guidelines, that is employed for the provision of services or construction works for the City, shall be reported in the prescribed format, on a monthly basis, to Project Management Unit.

56. Targeted Labour and/or Targeted Enterprises

The targeting of labour and/or enterprises from specific areas within the boundaries of the Msunduzi Municipal area may be achieved, where appropriate, by specifying in the bid documents, a minimum level of participation (a contract participation goal) that must be achieved in respect of targeted labour and/or targeted enterprises in the performance of the contract.

Specified contract participation goals must be measurable and achievable, and the performance in respect of which must be monitored by the Responsible Agents during the execution of the contract.

Where a minimum contract participation goal has been specified in respect of targeted labour and/or enterprises, the contractor is obliged to meet that goal, and must be penalised if he or she does not.

Contract participation goals in respect of targeted labour and/or enterprises may not be introduced into the preference point system used for the evaluation of bids.

57. Provisional Sums and Prime Cost or Sub-contract Allowances

- 57.1 Where monetary allowances in excess of R200 000 in respect of provisional sums or prime cost items have been included in the bid documents, and where the work or items to which the sums relate are to be executed/supplied by sub-contractors/suppliers, then one of the following processes, as determined by the Bid Specification Committee, shall be followed in respect of these allowances:
- 57.2 An **open competitive bidding process** in which bid documents are prepared by the Responsible Agent in consultation with and to the approval of the contractor, invitations to bid are advertised in the media, and whereby the **selected sub-contractor/supplier** is chosen by the Responsible Agent together with the contractor from the responses received. The contractor must satisfy him/herself that the selected sub-contractor/supplier can meet the requirements of the sub-contract/supply agreement, and assumes the risk for the performance of the sub-contractor/supplier. The contractor may, on reasonable grounds, elect not to employ a particular sub-contractor/supplier.
- 57.3 A **two-stage selection process**, whereby the Responsible Agent will advertise (in the media) for expressions of interest from suitably qualified sub-contractors/suppliers. From the responses received, the Responsible Agent and the contractor, in conjunction, shall compile a list of at least three (unless less than three responses were received) suitable sub-contractors/suppliers who will then be asked to submit prices for the works/items required. The contractor will assume the risk for the performance of the **selected sub-contractor/supplier** identified through this process.
- 57.4 A **nominated process**, whereby the City instructs the contractor to appoint a particular (typically specialist) sub-contractor/supplier. In this process the sub-contractor/supplier is a **nominated sub-contractor/supplier**, and the risk is transferred from the contractor to the City. The use of this process

must therefore be motivated to, and approved by, the Head: Supply Chain Management prior to its implementation.

- 57.5 A preference points as described in this policy must be applied in respect of the processes described in clauses above. When monetary allowances of less than R200 000 have been included in the bid documents, and where the work or items to which the sums relate are to be executed/supplied by sub-contractors/suppliers, the contractor must be required to obtain a minimum of three written quotations for the approval of the Responsible Agent.

58. Award of contracts

- a) A contract must be awarded to the bidder who scored the highest total number of points in terms of the preference point systems.
- b) In exceptional circumstances a contract may, on reasonable and justifiable grounds, be awarded to a bidder that did not score the highest number of points. The reasons for such a decision must be approved and recorded for audit purposes and must be defensible in the court of law.

59. COMMENCEMENT

This Policy takes effect on the date of adoption by Full Council.
