- 11 **General Comments:**
- 11.1 Any Fire, Rescue or other emergency incident involving property or activities of the Msunduzi Municipality shall not attract charges.
- 11.2 Any incident of a humanitarian nature or request for assistance of a humanitarian nature shall not attract charges.
- 11.3 Services performed in the assistance of Community projects or departmental public relations exercises and displays shall not attract charges.
- 11.4 The applicable attendance rate charge shall be calculated from the time that the first arriving appliance is in attendance at an incident until the last departing appliance leaves the scene at the conclusion of the incident, due allowances being made for breakdown or mishap or time occupied by relief personnel.
- 11.5 When the time used to calculate the applicable attendance rate charge is less than 30 minutes no charge shall be raised.
- 11.6 Explanation of Terminology:
- i) **Hazmat** stands for Hazardous Material and refers to incidents that involve materials and chemicals that **require an extraordinary response and the use of specialist equipment in order to resolve the incident.**
- ii) **Out of Area** means a response to any physical location that is outside of the recognised area of jurisdiction of the Msunduzi Municipality.
- iii) **Structural** means any building regardless of construction type or occupancy.
- iv) **Transport** means mechanical transportation of any means.
- 11.7 Whenever the Chief Fire Officer deems it necessary in the interests of public safety and in order to preserve life and property and as often as he thinks fit, arrangements shall be made for an inspection and/or attendance service to be provided in respect of premises used as public buildings or sports and recreational events.
- 11.8 The following persons shall be jointly and severally liable in this section:
- 11.8.1 The owner/s of all property damaged or destroyed or under threat of damage or destruction by fire, accident or other mishap in respect of which the service is rendered or the materials are supplied.
- 11.8.2 The person or owner or the owner's spouse, child, employee or agent whose wrongful act or omission was the direct cause of the circumstances which make the rendering of the service necessary in the opinion of the Chief Fire Officer or any other officer acting with his authority.
- 11.8.3 The person responsible or whose alarm system was responsible for the summoning of the service where, in the opinion of the Chief Fire Officer, such summoning was unwarranted, or was no reasonable justification thereof.

Key Tariff Rules applicable to Domestic Tariffs

1. Customer is allowed one free MCB change per 12 months period, however a customer who is reducing the MCB needs to understand that any future request for MCB size increase may attract MCB size increase fees and shall be subject to availability of such demand in that network.
2. Customer are allowed to migrate from credit to prepaid but if the customer has chosen to do so, the same customer will not be allowed to migrate back to credit - this is due to the fact that the Municipality is intending to phase out credit system and migrate all customers to prepaid system. Therefore the customer should do their analysis properly before an application to migrate is lodged with the Municipality.
3. The supply provided as per the application for new supply or for an upgrade will only be changed after 12 months of taking supply, the application for a downgrade of MCB within the first 12 months of taking supply may not be entertained.
4. The act of scratching the MCB, replacing Municipal MCB with other MCBs and any other interference with the MCB is regarded as tampering, any customer whose MCB has been found to be scratched, replaced with other MCBs, or interfered with in any way will be dealt with in terms of Debt collection and Credit control
5. Any domestic supply that takes supply greater than 70 kVA shall be classified as large power user and be charged a standard tariff of either C Scale or TOU. There shall be no concession on this matter
6. **ADDITIONAL METERS**
- 6.1 Application for additional meters will be up to 1 only, a request for a further additional meter will result in an application for a 3 phase supply with one 3 phase 4 wire meter.
- 6.2 Application for additional 3 phase meters will be processed, if the combined load exceeds 100A per phase, the application will be treated as a business and the appropriate tariff will apply

Key Tariff Rules applicable to Non Domestic Tariffs

1. All customers who are on tariffs with Demand Charge, will only be allowed one Maximum Notified Demand [MND] change per 12 months period, however the peak demand recorded will run for 12 months.
2. The MND supplied with application for new supply or for an upgrade will only be changed after 12 months or taking supply, the application for a downgrade of MND within the first 12 months of taking supply shall not be entertained
3. The customer who is reducing the demand for longer than 12 months needs to understand that any future request for demand shall attract demand increase fees and will be subject to availability of such demand.
4. Each request for demand increase or decrease shall be investigated, upon receipt of written application from the customer, the response shall be given to the customer in writing with conditions for such change of scale, and where cost are applicable
5. Any Customer whose Maximum Notified Demand [MND] exceeds the contracted NMD for more than one month without making application to Electricity to upgrade the supply [to increase NMD], will be charged 20% more for the extra demand until the application is processed and electricity department offers to increase MND after all the relevant fees are paid and works where necessary. The Municipality reserves the right to cut the supply off after warnings has been issued and not adhered to.
6. The minimum demand charge per month payable by the consumer shall be an amount calculated as aforesaid on the basis of 70% of the highest of the previous twelve months highest maximum in kVA, whichever is the higher maximum demand in kVA notified to the City Electrical Engineer by the consumer or 70%
7. All customers will be allowed one tariff scale change for any 12 months period and such change will run for full 12 months before any tariff change is allowed. No tariff change will be allowed from TOU to any other tariffs.
8. Reactive energy charge: A charge for all reactive energy which exceed 30% of the real energy (kWh) per half hour period in the peak and standard periods only (c/kvarh)

The table below indicates the treatment of public holidays in terms of the following tariffs TD1,TD2,T1,T2 for the period 1 July 2023 until 30 June 2024. The appropriate seasonally differentiated energy charges, energy demand charges and network demand charges will be applicable on these days. Any unexpectedly announced public holiday not listed below will be treated as the day of the week on which it falls.

The following public holidays will always be treated as a Sunday for T1 tariffs; New Year's Day, Good Friday, Family Day, Christmas Day and Day of Goodwill. All other days will be treated as a Saturday unless it falls on a Sunday in which case it will be treated as a Sunday. All public holidays for the TD1,TD2,T2 will be treated as the day of the week on which it falls.
