

IDP PRESENTATION ON HEALTH ISSUES

BY . MRS. N.C. MKHABELA
13.05.2016

ELECTRICITY AND WATER SUPPLY IN FACILITIES

- Payment of accounts- important
- Delay in payment – please warn and give some time before the disconnection of the supply because lives of people are badly affected by the non availability of electricity and water in the facility.
- If supply of water or electricity is being cut for any reason either than payment - request that the fault reported from facilities be treated with priority e.g. contact person for follow up on the progress of the fault reported.

PROJECTS

1 .IDEAL CLINIC

- Ideal clinic is an initiative started by the S.Africa's National Department of health (NDoH) as a way of systematically improving and correcting the deficiencies identified in Primary health care clinics (PHC) in public sector . This project involves a lot of elements that need to be in order before the clinic is regarded as “ Ideal”- Integrated Clinical Service Management and good infrastructure with physical space are amongst others the key elements where assistance is needed from stakeholders like Municipality and others
- In preparation for the National Health Insurance (NHI) the President of South Africa mandated the Minister of National Health to ensure that by 2020 all clinics have achieved the Ideal Clinic status .
- UMgungundlovu being the pilot district for NHI is expected to have all clinics achieving the Ideal Clinic Status .
- Assistance is then requested from the Municipality in terms of marking of the dedicated parking for Ambulances and Disabled people

PROJECTS CONTINUED

2. 90 90 90 STRATEGY

- This says 90% of the people to know their HIV status
 - 90% to have their CD4 count taken
 - 90% to be initiated on ART
 - Further more indicators were added to monitor with the aim of reducing the burden of disease
 - The Municipality and other stakeholders are requested to assist in the accessing of the people in the communities during the awareness campaigns.
 - Inclusion of the indicators being monitored and the management of HIV related diseases in the training of Lay Counselors by the Municipal HIV Unit
- 

OTHER REQUESTS:

Facility building plans

- Sewerage, water pipes etc. – needed by the National Core Standard of Compliance

Thank you
