FOR NOTING/CONSIDERATION

**SECTION 71 AND SECTION 52(d) OF MUNICIPAL FINANCE MANAGEMENT
ACT NO 56 OF 2003: JUNE 2014**

21 August 2014

1. PURPOSE OF REPORT

To submit for consideration the recommendations of the Strategic Management Committee in respect of the SECTION 71 AND SECTION 52(d) OF MUNICIPAL FINANCE MANAGEMENT ACT NO 56 OF 2003: JUNE 2014.

2. BACKGROUND

At the Strategic Management Committee meeting held on 19 August 2014, the attached report dated 19 August 2014 by the Deputy Municipal Manager: Financial Services was considered.

3. ISSUES RAISED AND ADDRESSED DURING DISCUSSION

The report NOTED.

4. RECOMMENDATIONS

It was

**RESOLVED TO RECOMMEND TO THE
FINANCIAL SERVICES PORTFOLIO COMMITTEE**

That the Section 71 and Section 52(d) for June 2014 report dated 19 August 2014 by the Deputy Municipal Manager: Financial Services be NOTED.

For DEPUTY MUNICIPAL MANAGER: CORPORATE SERVICES

**SUBJECT: SECTION 71 AND SECTION 52(d) OF MUNICIPAL FINANCE MANAGEMENT ACT
NO.56 OF 2003 –JUNE 2014**

DATE: 19 AUGUST 2014

1. PURPOSE

To report to the Strategic Management Committee in terms of Section 71 and Section 52 (d) of the Municipal Finance Management Act No. 56 of 2003 as at 30 June 2014.

2. ANNEXURES

2.1 Section 71 and section 52 (d) report

3. LEGISLATIVE PROVISIONS (if applicable)

3.1 Municipal Finance Management Act No. 56

4. BACKGROUND

4.1 In terms of Section 71 of the MFMA, the Accounting Officer of the Municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality and the relevant provincial treasury a statement in the prescribed format on the state of the municipality's budget reflecting the following particulars for that month and for the financial year up to the end of that month.

- ✓ Actual revenue, per revenue source;
- ✓ Actual expenditure, per vote;
- ✓ Actual capital expenditure, per vote;
- ✓ The amount of any allocations received and actual expenditure on grant allocations excluding expenditure on the equitable share.
- ✓ when necessary, an explanation of—

- any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote;
 - any material variances from the service delivery and budget implementation plan; and
- ✓ Any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget.

4.2 In addition to the MFMA Section 71 stated above, Section 52(d) further requires the Mayor to, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality.

5. COMMENTS FROM THE RELEVANT DEPARTMENT OR COMPONENT OF THE MUNICIPALITY

5.1 The Section 71 and Section 52 (d) report is attached as per the annexure.

5.2 During preparation of the Section 71 report, it has been established that there are discrepancies between the approved adjusted budget figures and the budget figures on the system.

5.3 These discrepancies have impacted on the variances contained in the report.

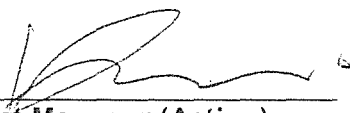

5.4 It must be noted that Finance is taking steps to ensure corrective measures are in place.

5.5 The structure of the current systems chart of accounts needs to be reviewed in order to promote greater accountability and to facilitate effective management reporting.

6. RECOMMENDATION

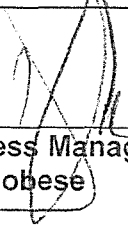

IT IS RECOMMENDED THAT:

7.1 The Strategic Management Committee note the Section 71 and Section 52 (d) report for June 2014.

1.1 Mayors Report

To be available after the tabling of the report.

1.2 Executive Summary

Legislative Requirements

In terms of Section 71 of the MFMA, the Accounting Officer of the Municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality and the relevant provincial treasury a statement in the prescribed format on the state of the municipality's budget reflecting the following particulars for that month and for the financial year up to the end of that month.

- ✓ Actual revenue, per revenue source;
- ✓ Actual expenditure, per vote;
- ✓ Actual capital expenditure, per vote;
- ✓ The amount of any allocations received and actual expenditure on grant allocations excluding expenditure on the equitable share.
- ✓ when necessary, an explanation of—
 - any material variances from the municipality's projected revenue by source, and from the municipality's expenditure projections per vote;
 - any material variances from the service delivery and budget implementation plan; and
- ✓ Any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget.

In addition to the MFMA Section 71 stated above, Section 52(d) further requires the Mayor to, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality.

Revenue & Expenditure Summary

Revenue: The Year To Date (YTD) total revenue generated of R3, 7billion for the period ending in June 2014 was 102% of the YTD Budget of R3, 67billion. The 2% over performance in revenue of R65, 7 million was mainly attributable to the higher than budgeted revenue from fines.

Operating Expenditure: The total Operating expenditure for the period ending 30 June 2014 amounted to R3, 4billion. This expenditure reflected a 107% expenditure performance against a YTD budget of R3, 1billion. The over performance of 7% was due to the over expenditure on items such as depreciation & asset impairment.

Capital Expenditure: The YTD Capital expenditure amounted to R351million against a YTD budget of R523million. The YTD performance of 41% on the capital against the YTD Capital Budget, reflected a rather lower than expected performance on the overall capital budget.

Material Variances Highlights

KZN225 Msunduzi - Supporting Table SC1 Material variance explanations - M12 June				
Ref	Description	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
R thousands				
1	<u>Revenue By Source</u>			
1.1	Gains on disposal of PPE	-99%	Gains (and losses) on disposal of PPE are items that are extremely difficult to project with accuracy at the time of the preparation of the budget as a Gain or a loss can only be determined by the condition of the asset and the market conditions existing at that particular time. It should also be noted that this is just a mere accounting entry.	None
1.2	Transfers recognised - capital	-42%	The recognition of revenue arising from capital grants is directly linked to the expenditure performance of the implementation of the capital programme. An amount of R17,647,235.79 was cleared for Msunduzi accounts as well as a portion of the R 2,411,059.26.	Accelerate expenditure on conditional capital grant funding
1.3	Property rates - penalties & collection charges	-39%	This has resulted in a "reduction" in the income when in real terms, the amount of R 20 million has accrued over three years. The system does not allow for the proportioning between years and therefore the whole amount is adjusted within one month. This adjustment had a negative impact on the budgeted penalties & collection charges on property rates.	It is not an on going error but it was a once off correction for the prior years.
1.4	Interest earned - outstanding debtors	-29%	The low interest earned on outstanding debtors can be viewed in a positive manner in the sense that the stringent credit control measures implemented by Council are causing consumers to repay their debts quicker.	To consider decreasing this budget in the future.
1.5	Rental of facilities and equipment	7%	Enhanced revenue management	None
1.6	Agency services	14%	Income received depends on circumstances and when the request for Fire Department services are received. This year's revenue from agency services performed much better than budgeted.	The department must monitor the monthly requests as compared to the budgeted amount.
1.7	Transfers recognised - operational	17%	Expenditure on a Housing Accreditation Grant of R12million was received from Department of Human settlements that was not budgeted for.	Ensure all grants included in budget
1.8	Interest earned - external investments	60%	This positive variance arises from two reasons. The one is attributable to the better cash & investment strategies of surplus funds. The other reason results from the under expenditure on conditional grant funding which then earns interest on ring fenced call accounts.	Accelerate expenditure on conditional grant funding
1.9	Licences and permits	70%	There was a noticeable increase in the application for Business Licences than anticipated.	Revenue is determined by the number of Business Licences being applied for and that can never be determined with much accuracy.
1.10	Fines	2728%	The high increase in Fines is due to the clarification by the Accounting Standards Board on the recognition of the Revenue on Non-Exchange transactions in terms of Grap 23 and iGrap 1 as it pertains to revenue recognised on items such as Fines. Previously revenue from fines was only recognised once paid and now the new interpretations require that Fines be recognised/recorded when issued.	To consider aligning this budget accordingly in the future.

KZN225 Msunduzi - Supporting Table SC1 Material variance explanations - M12 June				
Ref	Description	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
R thousands				
2	Expenditure By Type			
2.1	Debt impairment	-18%	The less than budgeted debt impairment expenditure is another confirmation of Improved debt management and credit control management.	None, except to decrease this budget as debt collection ratio's improve.
2.2	Depreciation & asset impairment	44%	The over expenditure resulted from the review of the Assets useful lifes	Improve budgeting for Assets
2.3	Transfers and grants	-12%	The 12% underexpenditure resulted from cost containment measures implemented by Council.	None
3	Capital Expenditure			
3.1	Vote 1 - Corporate Services	70%	The overbudget expenditure was mainly due to	Fastrack the process of appointing the service provider. Visit to City of Johannesburg and Tswane to take place in July 2014. Commence approved projects timeously to avoid major spending in last month of the financial year / Ensure budget is in line with projected cash flows to avoid excessive variances. All Capital projects, whether funded by Council or externally, must be started early in the 2014/15 financial year. Some projects have already commenced.
3.2	Vote 2 - Financial Management Area	-96%	Variance due to no expenditure on the Financial System to date, however, the implementation of the project will be ongoing until the project is fully completed.	
3.3	Vote 3 - Infrastructure Development, Service Delivery and Maintenance Management	-41%	The delays experienced at the beginning of the financial year contributed greatly to the lower than expected performance on the capital budget. The rate of expenditure peaked at year end. The over expenditure was due to; 1. Parks department incurring substantial Capital expenditure during June comprising mainly: a. MIG - construction of the Msunduzi Athletic Track b. COGTA - Alex Park Athletic Track c. MIG - Mountain Rise Cremators.	
3.4	Vote 4 - Sustainable Community Service Delivery Provision Management	8%	2. Library Services incurred the following Capital expenditure in June: a. Provincial Grant - Plant & Equipment b. Provincial Grant - Computers c. Provincial Grant - Motor Vehicles. 3. Other Capital expenditure incurred during June included the Market and Airport which do not form part of Community Services.	

1.3 Resolutions

The following recommendations are linked to the responsibilities of the Mayor as contained in s54 of the MFMA.

It is recommended that the Mayor;

1. Notes the monthly budget statement and any other supporting documentation prepared in terms of s71 of MFMA.
2. Notes the quarterly report on the implementation of the budget in terms of s52(d) MFMA

Financial performance by standard classification presents the revenue & expenditure classified in terms of the Government Finance Statistics (GFS). Trading services account for 65% of the Year to date (YTD) Revenue and 62% of the YTD Expenditure. This resulted on a YTD surplus on trading services at financial year end is R308million, 67% of that surplus being from the electricity department.

Table C3 presents the same information as table C2 above, the difference being that it's by Municipal vote.

The YTD current ratio, which is a measure of liquidity, improved from the adjusted budget of 2.6:1 to 2,7:1 at year end. The norm for this ratio is 1.5:1, meaning for every R1 of debt obligations you ought to have at least R1.50 of current assets to meet those short term debt commitments.

Table C7 below display the Cash Flow Statement as at year end.

The municipal consumer debt is currently increasing citing rigorous actions that need to be undertaken to ensure that this trend is prevented from continuing as it has a direct negative impact on municipal cash flows.

Chart 1: Debtors Age Analysis By Customer Group

The information presented in the chart above stipulates that outstanding debtor's as at 30 June 2014 have increased by R 46million when compared to prior year end balance. All of the customer groups' debt has increased by 3%.

Total debt owed to the municipality ranked from highest to lowest for 2013/14 reflects that households owe 60% of the total municipal debt as detailed below;

- ✓ Households 60%
- ✓ Commercial 20%
- ✓ Organs of State 10%
- ✓ Other 10%

Chart 2: Billing vs Receipts Trend

2.2 Creditors Analysis

2.5 Councillor and Staff Benefits

The chart below presents the expenditure on councillor allowances as at year end. The Councillor allowances reflected a 2% (R680 641) over expenditure as at year end.

Chart 3: Councillor Remuneration Summary – June 2014

The year to date actual staff costs as a percentage of the staff budget reflected a 97% performance leaving only a variance of 3% (2012/13 Variance: 8%) citing improved budgeting techniques and human resource staff costs management. The total employee related costs for the month of June totalled R55million (May: R62million) bringing the year to date costs to R741, 5million (YTD May: R685, 9million).

Chart 4: Staff Benefit Cost Summary – June 2014

The table below presents a comparison between the actual June Year to Date (YTD) salaries costs against the YTD adjusted budget. Except for the over expenditure in the Corporate and Finance business units by 4% & 1% respectively, all other business units have expended within their budget allocations

Table 1: Salaries budget by business units

2.6 Material Variances to the SDBIP

This section on material variances to the Service Delivery & Budget Implementation Plan analyses the financial as well as the non-financial performance targets for the last quarter. The financial performance section analyses material variances between the actual targets as at Midyear and the budget for the same period. This report analyses each major component under following headings;

- ✓ Revenue by Source
- ✓ Operational Expenditure by Type, and
- ✓ Capital Expenditure
- ✓ Financial Position
- ✓ Cash Flows

The last section deals with the non financial performance analysis of the actual targets against the planned targets as at 30 June 2014.

2.6.1 FINANCIAL PERFORMANCE

Chart 5: Revenue Analysis by Major Source

Service Charges – Electricity Revenue: This is the major revenue source for the Municipality contributing 40% to the actual YTD operating revenue basket and 41% of the Adjusted Operating revenue Budget. The year to date revenue earned from electricity service charges underperformed by 2% (R 27 Million) when compared to the YTD Budget. This could be attributable to less electricity usage by consumers in the last quarter.

Property Rates is the second largest contributor to the operating revenue basket making up 16% of the total YTD operating revenue and 17% of the YTD adjusted operating budget. When comparing the YTD Actual revenue earned to the YTD Budget, a negligible variance of only 1% under performance existed as at year end.

Transfers recognised – Operational is made up of all operational grants funding mainly from the National & Provincial Government Departments, the largest of these being the equitable share making up 92% of this YTD revenue category. The YTD actual Revenue recognised shares 12% of the total revenue at year end. The revenue realised by the municipality exceeds the budgeted figure by R 64 Million when comparing the YTD actuals against year YTD budget.

Service Charges - Water revenue: The revenue earned from Water charges shared 29% of the YTD actual revenue basket and yielded a negative variance of 1% when compared to the YTD Budget. This translated to additional revenue of R6, 3million in monetary terms.

Transfers recognised – capital is made up of all capital grant funding budgeted for infrastructural projects. The National Government capital grants (mainly made up of the Municipal Infrastructure Grant, Integrated National Electrification Programme, Public Transport and Systems) constitute 88% of the actual YTD capital transfers recognised. The under performance in the Capital budget programme can be said to be the main contributor to the lower than budgeted revenue recognition on conditional capital grant funding.

Service Charges - sanitation revenue reflected an underperformance of R 5, 4 Million When comparing the YTD actual revenue to the YTD budget.

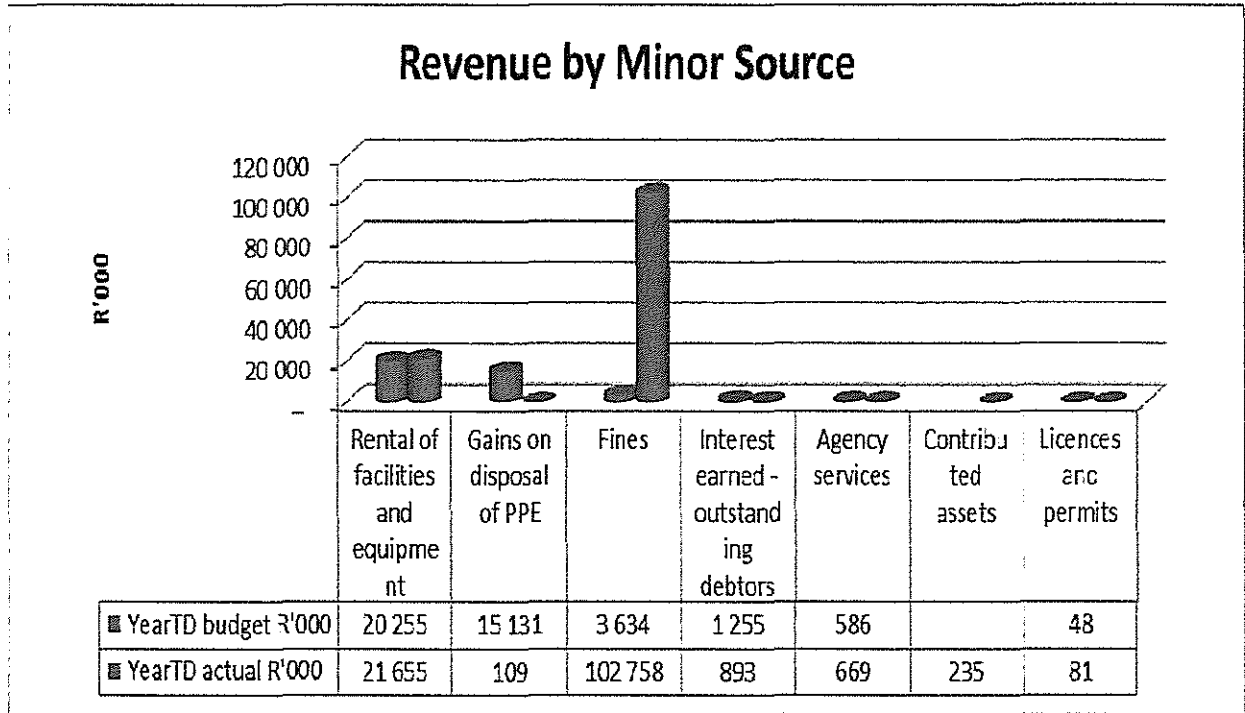

Service Charges - refuse revenue reflected an over performance of 3% or R 2, 1Million expressed in rand terms when comparing the YTD actual revenue to the YTD budget

Other revenue: The revenue that was earned from other revenue sources exceeds the budgeted amount by R 121, 2million. Other revenue includes revenue items from various sources such as Airport charges, Market, Burials & Cremations and reconnection fees to mention but a few.

Property rates - penalties & collection charges yielded a lower than budgeted actual revenue by R14, 6million.

Interest earned - external investments: The Interest that was actually earned from external investment exceeded what the municipality had budgeted by R 16, 2million due to a combination of factors such as an increasing trend in interest rates, better cash managements & investment strategies and lower than expected expenditure on conditional grant funding.

Chart 6: Revenue by Minor Source

Rental of Facilities and Equipment: Revenue earned from rental of facilities and equipment slightly the budget by R 1, 4million citing improvements in the management of municipal investment properties.

Gains on Disposal of PPE: revenue reflected an under performance of 99% or R 15 Million expressed in rand when comparing the YTD actual revenue to the YTD budget

Fines: The revenue received from fines performed at 96% more than budgeted when comparing YTD actual against YTD budget yielding a rand value of R 99, 1 million in excess of the budget. These results are evidence of the continuous increased efforts by the municipality to optimise its revenue potential.

The other revenue items such as Interest earned - outstanding debtors, Agency services, contributed assets, Licences and permits constitute less than a percentage of the YTD adjusted budget figures.

OPERATIONAL EXPENDITURE

The chart below presents the YTD operational expenditure movements against the YTD budgets. An analysis of each expenditure line item category is discussed below.

Chart 7: Expenditure by major source

Bulk Purchases: The Ytd expenditure of R1, 45billion on Bulk Purchases has been within the budget of R 1,49billion. Bulk Purchases is constituted of the following components;

- ✓ Bulk Electricity Purchases (ESKOM) R1, 08 billion 74%
- ✓ Bulk Water Purchases (UMNGENI WATER) R372 million 26%

Bulk electricity purchases from Eskom constitute 74% of the Ytd expenditure while Umngeni Water bulk water purchases share the 26% balance. The year to date expenditure represents 97% of the Ytd budget.

Employee Related Costs: The ytd on employee related costs has been within the budget as the year to date expenditure was 97% of the Ytd budget. The total actual employee related costs for period ending June 2014 was R741million (2012/13: R684million). A detailed analysis of the employee related costs is contained in the MFMA S66 report on staff benefits.

Other Expenditure: More expenditure was incurred for the period ending June YTD actual when comparing the Budgeted figure with ytd actual. The table below provides a detailed listing of the top 20 cash drainers during the month of June.

Table 2: Top 20 cash drainers

NO.	DESCRIPTION	June R'000	June R'000
1	OTHER	12 648	46 587
2	INSURANCE	10 917	10 917
3	INTER DEPARTMENTAL CHARGES	8 262	117 188
4	EXTERNAL SERVICES	7 989	30 494
5	PENSION PAYABLE	7 194	17 991
6	HIRE CHARGES	3 890	16 162
7	PETROL & LUBRICANTS	3 312	28 436
8	VALUATION ROLL	3 072	11 292

15	WARD COMMITTEE COSTS	806	5 530
16	PERSONNEL - TRAINING	693	4 439
17	WARD COMMITTEE EXPENSES	666	1 240
18	SUBSCRIPTIONS FOR CITIES NETWORK	646	1 000
19	PLANT HIRE	623	3 663
20	BANK CHARGES	598	3 731
		72 883	338 118

Depreciation and Asset Impairment: The YTD budgeted amount of depreciation & asset impairment was under budgeted by 44% as the budget was R222million as the actual expenditure incurred was R318 million. It should be noted that Depreciation & Asset Impairment are non-cash items and therefore the over expenditures on these items does not negatively affect the liquidity (cash flow) position of the municipality.

Debt Impairment

The Ytd budgeted figure for Debt Impairment was R137million and the actual figure was R112million, which is 82% of the budgeted figure.

Chart 8: Expenditure by minor source

Finance Charges for the reporting period was R67, 1million against the YTD budget of R64, 6million. This expenditure which is mainly comprised of the interest cost on long term borrowing making up 95% of this total cost.

Contracted Services: The municipality's anticipation with regards to contracted services was that they were going to incur R57, 1million for the month of June, however only R21million was incurred, representing 37% underperformance, was actually spent.

Remuneration of councillors For remuneration of councillors the budget was R36, 4million and the actual expenditure incurred was R37, 1million, which was 2% more than the budgeted figure.

Other Material: The actual Ytd expenditure on other materials reflected a 23% under performance rate when compared to the Ytd budget.

Transfers and Grants are made up of payments to the Municipal Entity (Safe City) and payments to community bodies. The Ytd budget for transfers and grants was R5 million and the actual expenditure incurred totalled R4, 4 million reflecting underperformance of 12%.

Loss on Disposal of PPE: There was no YTD budget allocated for loss on disposal of PPE which led to an incurrence of expenditure of R6.1 million that was not budgeted for.

NON-FINANCIAL PERFORMANCE ANALYSIS

This section highlights the annual non financial performance targets derived from the Service Delivery & Budget Implementation plan. A total of 159 projects consisting of 83 Operational and 76 Capital were planned for the year under review. The chart below present a comparison in percentage terms of the operational vs capital projects.

Chart 9: High level organisational projects review

The above displays that 55.4% of the operational targets were met as compared to only 29% of the Capital projects. Poor performance on the capital programmes should be viewed as a matter of priority and one that requires accelerated measures in order to improve on the municipality's asset base.

Chart 10: Core Service Delivery Functions: Operational Projects

Chart 11: Core Service Delivery Functions: Capital Projects

Chart 12: Core Service Delivery Functions: Operational Projects

2.7 Capital Programme Performance

This next section looks at the performance of the capital expenditure programme. This performance is best illustrated in the charts that follow.

The chart below display a comparison between the previous year's capital expenditure performances to that of the current year for the period under review. A comparison between the monthly expenditure for the periods July 2013 to June 2014 and the planned monthly targets are also displayed.

Chart 13: Capital Expenditure Monthly Trend

The monthly 2012/13 trend presents monthly actual expenditure figures for prior year. Original Budget stipulates the budget for the year. The Adjusted Budget figure from January to June changes as it is mid-year and the budget gets reviewed. For monthly actual, July to November expenditure starts at a slower trend and increases gradually over the months. In June there is a steep increase on expenditure of R154million.

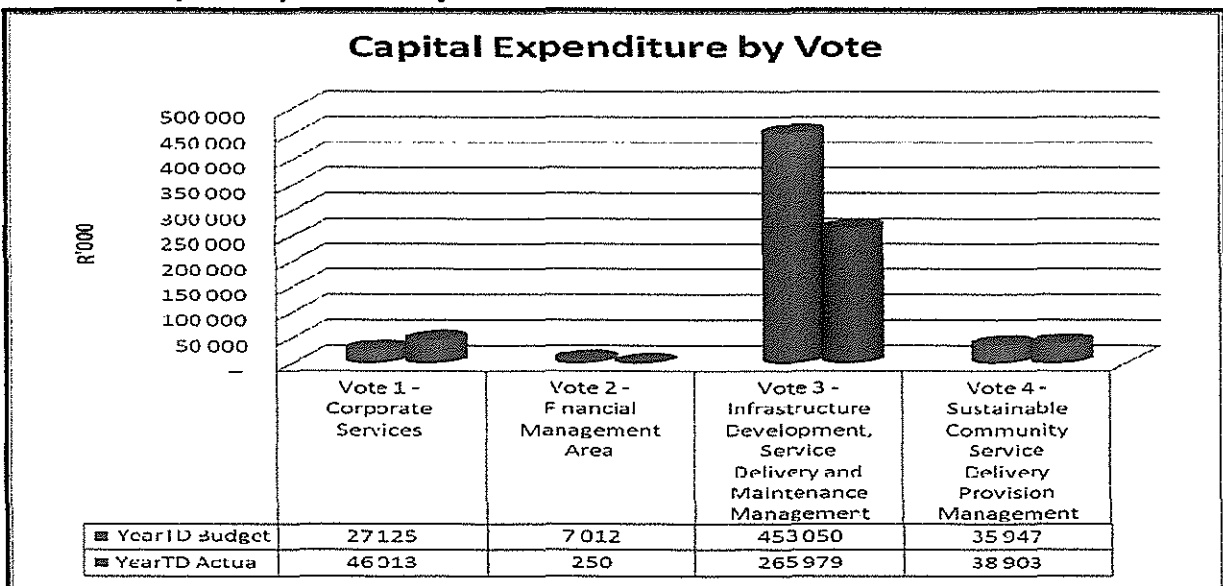

The chart below, on the other hand, tracks the capital expenditure's cumulative balances budget versus actual. It is clearly that expenditure started on a rather slower trend but showed acceleration towards the end of the year.

Chart 14: Capital Expenditure: YTD Actual vs YTD Target

The total capital budget expenditure was 67% representing an under expenditure of R171,9 million. The Infrastructure Vote which accounts for 87% of the capital budget was under spent by 41%.

Chart 15: Capital Expenditure by Vote

The chart below displays percentage capital expenditure on new assets classes versus expenditure on the replacement of existing assets.

Chart 16: Capital Expenditure: New vs Replacement Capital.

Table SC13b below presents capital expenditure on renewal of existing assets by asset class.

KZN225 Msunduzi - Supporting Table SC13b Monthly Budget Statement - capital expenditure on renewal of existing assets by asset class - M12

2.8 Municipal Manager's Quality's Certification

Quality Certificate

I, **MXOLISI NKOSI**, the municipal manager of **MSUNDUZI LOCAL MUNICIPALITY**, hereby certify that –

- the monthly budget statement
- quarterly report on the implementation of the budget and financial state affairs of the municipality
- mid-year budget and performance assessment

for the month of **June** of **2014** has been prepared in accordance with the Municipal Finance Management Act and regulations made under that Act.

Print name: **MXOLISI NKOSI**

Municipal manager of: **MSUNDUZI LOCAL MUNICIPALITY**

Signature:  _____

Date: 28/08/2014
