The City Mayor

Budget Speech 2005/ 2006

“Remember to pass by my grave when freedom finally walks this land so that I may rise to see the broken chains of prejudice and injustice”

These are the words by Dr Don Materra in his poem titled “Remember”

It seems he was aware that one day Freedom would walk this beautiful land and change its landscape be it social, economic or political.

Without doubt, his poem was inspired by the best blueprint ever produced by the gallant fighters and visionaries in Kliptown in 1955.

This year marks the 50th anniversary of this blueprint, which has inspired not only the people of this country but it has been a genesis for many constitutions and human rights instruments in the African continent.

The Freedom Charter seconds the Universal Declaration of Human Rights and its relevance and importance gave birth to the African Charter on Human and Peoples Rights.

Added to that the Freedom Charter gave birth to the interim Constitution of 1993 and the final Constitution that we are proud of today. It is also the genesis of many national laws that have been promulgated by the National Government from 1994 to date.

The political development that we are witnessing today owe its origins to the Freedom Charter. It is therefore inescapable, like the air we breathe, that we should not betray the fundamental principles of the Freedom Charter.

Let us remember that it is through the Freedom Charter that our country is playing the significant role in civil strife countries in the African continent.

This is primarily due to our deepest love to see freedom walking in the Great Lakes Region, Sudan, Sierra Leone and more importantly in the countries that have a strong connection with Africa like Haiti.

THE JOURNEY OF LOCAL GOVERNANCE

It is very critical for us to recount where we come from. There are two phases which symbolize the journey that we have traveled. Since the downfall of apartheid the challenges to improve the quality of the lives of our people has been immense.

There was a dire need to democratise local government, as a distinct sphere of government, but more importantly as a sphere that is closest to the people, hence the Transitional Local Council was conceptualized in the White Paper of Local Government in 1997.

Out of that transformation, local government legislation were promulgated. Three critical pieces stand out: Municipal Structure Act, Municipal Systems Act and Municipal Finance Management Act.

Since 2000 the process of transformation has resulted in milestones. We have been able to overcome obstacles, and that has characterised our success as a Municipality. Our main success was to get the Integrated Development Plan in place.

The President of our Country, Mr Thabo Mbeki, has been saying that we have done it all. Now is the time to test our policies and strategies particularly the IDP.

The biggest test has been to align the IDP with the budget as well as the utilisation of resources. The mere fact that at some point in time there was non expenditure, simply means an indictment on the HUGE wish list in the IDP with little resources.

Of critical importance the issue of service delivery plans, aimed at determining if we will have a leap in delivering services. We have recognized the negative legacy brought about by the undemocratised system of Local Government of the past. Consequently, we were left with no choice other than to put mechanisms in place in an attempt to help the poorest of the poor within our Area of jurisdiction.

The Municipality has written off some debts accumulated by some of the poor people and we will continue looking at ways and means of helping the poorest of the poor.

This reminds me of an anecdote that I read from one of the great philosophers by the name of Hegel.

I quote "The Confucian woman was found crying profusely. When asked what the problem was, she said her father-in-law was killed by a tiger, her husband was also killed by a tiger and now her son was also a victim of a tiger. She was told that tigers are like undemocratic systems of government".

Hegel was painting a picture of a system whose primary purpose is to force the people to perpetual servitude and oppression.

He also paints a picture of a system of government that has no regard to the principles of Batho Pele and also to ensure that those who cannot afford to pay for services are assisted.

This brings us to the Indigent Policy as a manifestation of a municipality that does not under whatever circumstances apply the same vicious tactics of a tiger.

This is underscored by our efforts to put our indigent policy in simplest terms to enable ordinary people to understand its significance as a helping mechanism to ensure that as a City of Choice we continue to care and improve the plight of our people.

It is also of great importance for those who are able to pay, pay, to enable us to provide more resources for all of our people. It is all about the principles of **uBuntu**.

MAYORAL IZIMBIZO

The Mayoral Izimbizo which we embarked on at the end of 2004, created a profound platform and an opportunity to engage with the people in identifying their needs.

This exercise culminated in a budget which is informed by the needs of our people.

Primarily, we needed to ensure that in drafting the budget, attention was given to the key strategic priorities enshrined in our IDP.

The Mayoral Izimbizo underscored the principles of uBuntu and the significance of public consultation in decision making process of the capital city of KwaZulu Natal.

Lest we forget, that a considerable population of the municipality is in the rural areas and as such, utmost attention has to be given to their specific needs.

BUDGET ALLOCATION

During our Izimbizo one of the critical questions that was posed by a Gogo was "Sawubona Babu Mayor, today the road to this stadium is well paved and graded due to your presence.

When you are gone no one knows when the road will be graded again. Is this the way to go, Mr Mayor?" Gogo went to the extent of narrating her difficulties together with those of school children who have to utilize pedestrian bridges and footpaths on a daily basis.

As we are the City of Choice, a City that does not behave like a tiger, we listened and took into cognisance the difficulties that Gogo and other members of the community encounter. I am happy to announce that R250 000 has been allocated for the building and reconstruction of pedestrian bridges and footpaths in Vulindlela.

It is also through these Izimbizo that Members of the community told us of inaccessibility of the road to their homes.

For instance, "Babu Mayor, nomasigulelwa abantu ama ambulance awakwazi ukungena azolanda abantu, ngenxa yemigwaqo emibi."

We have allocated an amount of R1.9 million for Vulindlela gravel roads upgrade. This project is going to be in line with the Expanded Public Works Program and Zibambeke as initiated by the Provincial Department of Transport.

Perhaps it is fitting to take this opportunity to express our congratulations to the honorable Premier Mr Sibusiso Ndebele for being conferred with an Honorary Doctorate in administration and also his tireless fight against poverty through Zibambeke and other projects for the past ten years in his tenure as MEC for Transport in the Province of KZN.

In our attempt to ensure a hygienic life for the people of Vulindlela an amount of R1.3 million has been allocated for the construction of 2 500 units of VIP toilets. R810 000 has been allocated for the street lighting in Vulindlela. R3.5 million rand has been set aside for the building of the Taylors Halt community centre. These projects are as a result of Izimbizo hearings.

Remember that it is out of these public hearings with the communities that we saw fit to allocate 95.79% (R 142m) of our capital budget towards Access to Basic Services. Due to the importance of waste management, the development of the landfill site is of paramount significance. R 1, 5 m has been allocated for that purpose.

The Acting Speaker, Honourable Councillors, and administrators present, community development is very dear to our hearts and hence R 7.5 m has been set aside for Shosholozha projects.

This is aimed at enabling members of the community to sit down with the ward councilors to concretize compelling needs of the wards.

In the spirit of co-operative governance, as the City of Choice, we need to devise ways and means of assisting communities to access government services even in areas that may be deemed impossible. It is therefore fitting to allocate R 3.4 m towards the building of the Moses Mabhida Multipurpose Centre to enable and enhance intergovernmental service delivery.

We have also realized the strategic importance of renovating and upgrading the Freedom Square. An amount of R 3.6 m has been set aside for this purpose. We have listened to the public by coming up with The Safe City Project which is driven and funded by the municipality.

In partnership with stakeholders, this project has produced decreased levels of crime phenomenally.

The Safe City Project is a success story and hence over R 3 m has been set aside for Safety and Security.

We have also ensured that we allocate appropriately in line with our seven key strategic priorities detailed in our IDP.

The creation of the Development Fund is primarily aimed at improving our infrastructure and ensures we are ahead of anticipated infrastructural growth. We are aiming at claiming a World Heritage Status.

Indications are, tourists yearn to visit our city for its rich heritage. It is therefore pivotal for tourism to restructure itself speedily so that we can channel more money to it.

CONCLUSION

In conclusion, it is apt to conclude that Freedom has finally walked this beautiful land. And this being the final budget presentation for this current administration, we are confident that we are still on track.

We are also confident that this budget addresses the needs of the people and we shall not fail them.

Let me take this opportunity to express my profound thanks and gratitude to my fellow Councillors, members of the Executive Committee, the City Manager and his SEMs, and all the officials who ensured that Mayoral Izimbizo were a success.

I thank you!

City Manager
Thabani Zulu

The City Manager

Message

“The Mayor has spearheaded the process of taking the draft budget to the people in a series of community participation meetings.”

The Integrated Development Plan (IDP), as a legislative requirement, is a five year plan whose principle purpose is to ensure the development of the local community in an integrated manner which involves Strategic Business Units within the municipality, relevant strategic stakeholders and the community.

Of critical importance is for the municipality to ensure that there is thorough consultation with the local community and strategic stakeholders.

This is in terms of Chapter 4 of the Municipal Systems Act of 2000 which talks at length about processes and mechanisms necessary to ensure community participation in the budget process and issues related to the development of the Municipality.

Therefore, a detailed budget preparation process is necessary to provide information that will assist the Mayor and the Council as a whole to allocate council resources most effectively. This is in terms of the provision of the Municipal Finance Management Act.

Since 2000, we have taken it upon ourselves to ensure that there is greater public participation in the budgeting process and communities are informed timeously about the road shows that we will be embarking upon.

Prior to the process of budget preparation, the IDP is reviewed on an annual basis in order to review projects and programmes

that have been implemented and those that still need to be implemented.

During this review process, Strategic Business Units, strategic stakeholders and the community are given the opportunity to evaluate / review and provide strategic inputs into a reviewed IDP.

It is with pleasure that we wish to inform the ratepayers that the approach which we adopted during the current budgeting process (2005 / 2006) was done through consultation with managers who took keen interest in the process, as budgeting was done based on the IDP and Strategic Business Units Business Plans.

Having met National Treasury Guidelines, the Mayor presented the draft 2005/2006 budget to the Full Council at its meeting on the 29th of March 2005.

Furthermore, in compliance with National Treasury regulations and legislation, it is the Mayor who has spearheaded the process of taking the draft budget to the people in a series of community participation meetings which were held during April and May, in a bid to create greater alignment between the IDP and budgeting process.

We have formed an IDP Co-Ordination Committee chaired by myself, which consists of strategic officials within the municipality who will, by virtue of their relevant skills and expertise, be responsible for the co-ordination, review and alignment of the IDP to the budget and other strategic plans of the Municipality.

Chief Financial Officer
Farhad Cassimjee

The Chief Financial Officer Message

Good management is about good budgeting and making sound and reasonable decisions. The Msunduzi Municipality is entering a new era of local government. Issues that were once peripheral and completely outside our scope have now taken center stage. This budget underpins a framework for ensuring Msunduzi becomes a prosperous Capital City, enjoyed by residents, admired by visitors and respected nationally and internationally for our achievements.

The budget recognizes that there are many exciting opportunities for Pietermaritzburg and its residents, as well as acknowledging that there are a number of serious challenges that we must address to ensure our ongoing prosperity and quality of life in light of the historic legacy of apartheid. South Africa has been given a rare and historic opportunity to transform municipalities to meet the challenges and expectations of its citizens.

Access to basic services is a right enshrined in the constitution. Chapter 2 Section 27(1,2) states that

“Everyone has the right to have access to sufficient food and water” and “the state must take reasonable legislative and other measures, within its available resources, to achieve the progressive realization of each of these rights”.

The Msunduzi Municipality can continue to grow and maintain a sustainable competitive advantage through carefully crafted strategies that will lead it into a financial status of long-term sustainability.

This budget transforms the previous methodology of using internal capital funds as working capital and the interest generated on these funds to meet operating expenditure.

This past strategy created a tendency to raise more external loans to meet capital expenditure, resulting in a negative impact on net cash flows.

The impetus for stabilizing our Finances stems from our pivotal role in service delivery, economic growth and decreasing unemployment. We recognize that revenue generation is considered the lifeblood of any organisation. This metric is often used by analysts to ascertain the overall financial viability of an organisation.

Our focus will be the enforcement of strict credit control measures to recover our outstanding debt in order to build up internal reserves so that there is less reliance on external borrowings thus resulting in a reduction in debt servicing costs.

The main sources of operating income for Msunduzi are derived from trading services such as water and electricity, property rates and fiscal transfers from other spheres of government.

In order to ensure financial sustainability, revenue income has to increase.

There has to be alignment between the resources of municipalities, level of service and customer expectations. Once aligned, the result would be a sustainable competitive advantage.

The pursuit of success demands the necessity of sound financial planning and our investment in capital is an investment for the future.

We are investing in infrastructure that is not only needed now, but in infrastructure that is needed if we are to manage and create a functional World Class City with great livability for generations to come.

The expenditure is committed in a way that will benefit Msunduzi by ensuring financial sustainability.

Moving forward, the challenge is to maximize the advantages of our Capital Status and ensuring that The Msunduzi Municipality leads the way for KwaZulu Natal.

I am pleased to present a budget that would uphold our credit rating and enhance the capability of the Council to deliver for the people of Msunduzi.

Benefits to Poor	15
Access to Basic Services	15
Rates and Tariffs	16
Capital Budget Summary	17
Capex Report	18
Operating Estimates	22
Credit Control and Indigent Policy	84

Introduction to the People's Budget

The Constitution of the Republic of South Africa, together with Chapter 5 of the Municipal Systems Act, 2000 (Act 32 of 2000) has had a substantial impact on the traditional role of Local Government.

In addition to providing municipal services, municipalities must lead, manage and plan for development through a process of Integrated Development Planning.

The Municipal Finance Management Act (No 56 of 2003) has a primary focus on the statutory linkages between the IDP, budget planning, and financial performance. This budget has been prepared using the IDP as the blueprint that expresses the needs and wishes of the community.

The expanded Public Works program introduced by the Presidency is a short to medium term program aimed at alleviating and reducing unemployment. Its objectives include increasing economic growth, skills development and acceleration of infrastructure investment. Every program implemented by the municipality will take into account the expanded public works principles and move towards adopting them.

During 2004/05 we fast tracked the provision of basic services to previously disadvantaged communities. As part of institutional transformation and in an endeavour to build an efficient administration, we are constantly reviewing alternative service delivery mechanism in relation to basic services in order to ensure improved service delivery.

Aligning the Budget with the Community Needs

During November 2004, numerous public meetings, 'izimbizos' were held with a view to assess whether the Municipality is addressing the actual needs of the people and to obtain input on how best the needs can be addressed. Subsequently an analysis of the meetings was drawn and the priorities of the community were categorized as follows:

What the community had to say:

This information can be summarized as indicating that among other things more than 80% of the budget must be provided to address the provision and maintenance of basic services and municipal infrastructure and the implementation of the indigent policy. Further provisions should be made to address economic and social issues, improvement of City Finances and protection of the environment.

Aligning the budget with community needs:

Capital Estimates

The Capital Budget for 2005/2006 is R 148,128,900 million. This has been reduced when compared to the 2004/2005 budget where external grant funding (Restructuring Grant) of approximately R 50 million was also included. The budget has been aligned to the 7 priorities in terms of the Integrated Development Plan (IDP) of the Council.

It can be seen that 95,79 % of the budget has been allocated to the provision of Access to Basic Services and 2,08 % has been allocated to Safety and Security.

Approximately R 80 million will be funded by Council by way of external loans and the balance will be funded from grants received.

IDP Priorities

Total Budget

The table below provides an indication of the major projects to be undertaken by Council.

Major Programme/ Project	Amount
WATER SECTION	
Vulindlela VIP Construction (Wards1,2 &3 -2500 units)	1.3 million
Esigodini VIP Construction (800 units)	0.7 million
Eliminate Conservancy tanks- George Town/ Caluza	1.0 million
Ashdown sewer problem, mid block sewer eradication	0.1 million
Upgrade existing sewer capacity- slangspruit area (Below Mbabazane Bridge), Lincoln Mead	0.5 million
Relay damaged sewers & storm damage-Topham Road, Sweetwaters road, Azalea School, Deccan Road	0.8 million
Eliminate of wastage at Communal Standpipes (Wards10-12,13-16,20-23)	0.9 million
Eliminate of communal standpipes- Azalea, Unis S	1.4 million
Elimination of Water Tankers - Willowfountain	1.1 million
Basic Water supply - Willowfountain	1.3 million
Edendale proper new mains & reticulation - Esigodini & Dambuza	1.1 million
Sobantu reticulation improvements-	0.7 million
Imbali reticulation improvements	1.0 million
Replacements due to bursts - Deccan Road,Morcom Road, Bennett ave.	1.0 million
ROADS	
Vulindlela Gravel Roads Upgrade	1.9 million
Ashdown Residential Access upgrade	0.5 million
BRIDGES & FOOTPATHS	
Pedestrian Bridges	0.25 million

The table below provides an indication of the major projects to be undertaken by Council.

Major Programme/ Project	Amount
LOW INCOME HOUSING BULKS	
Shenstone Ambleton Stage 11	15.0 million
Peacevalley 11	0.38 million
Copesville 1,2 & 3	2.1 million
Glenwood N.E. Sector	3.0 million
Copesville Bulk Phase 1,2 & 3	2.5 million
Peacevalley 11	1.1 million
Low Income Housing	10.0 million
ELECTRIFICATION	
Ambleton Electrification : Grant Funding	2.1 million
Cinderella Electrification : Grant Funding	0.66 million
Madiba Electrification : Grant Funding	0.33 million
Sweetwaters Electrification : Grant Funding	0.82 million
Additional Eskom Infeed	12.8 million
Transformer Replacement	4.6 million
STREETLIGHTING	
Edendale Additional Streetlighting	0.46 million
Vulindlela Streetlighting Phase 2	0.81 million
Edendale Additional Streetlighting Phase 2	0.43 million
Cinderella Streetlighting	0.1 million
COMMUNITY SERVICES	
Development of Landfill Site	1.5 million
Shosholoza	7.5 million
Replacement of old Crematoria	1.0 million
Refurbishment of Harry Gwala Stadium	1.2 million
Moses Mabhida Centre	3.4 million
Taylors Halt Centre	3.5 million
Taxi Facilities & Freedom Square	3.6 million
Safe City Project	3.0 million
Development of New Cemetary	1.5 million
PoloCrosse + Hayfields Development	7.2 million
Main Library Airconditioning	2.0 million
Development of Edendale Infrastructure	1.1 million
De-Silting Camps - Drift Canal	2.0 million

Summary by strategic business unit

Operating Estimates

Expenditure

The operating budget for 2005/2006 is R 1,426,502,465 million. Of this amount R 159,920,512 million represents income foregone which is disclosed in terms of the Section 15(4) of the Local Government: Municipal Property Rates Act, No.6 of 2004, therefore the operating budget excluding the income foregone is R 1,266,581,955. Thus the real increase is 6.63% over the 2004/2005 budget.

Total Budget

Salaries as a percentage of Income are estimated to be 30.34% (2004/05 – 30.32 %) which is in line with the National Treasury guidelines.

There has been a decrease in Bulk Purchases essentially in the Darvill costs which have been estimated to be some R5 million below the 2004/2005 costs due to pricing differences.

General and other expenses have increased over the prior year. R7 million has been allocated for Vulindlela operating costs. Repairs and maintenance costs have been increased by

some R 7.3 million in order to allow for maintenance of Councils existing assets and infrastructure. Significant expenditure will be directed towards fixing the number of potholes, resurfacing of roads, grass cutting on road verges and rehabilitation of the landfill sites.

Major increases in expenditure which have been provided for are Priority Posts (R 5 million), Leave Pay (R 8 million), Doubtful debts (R 15 million), Meter reading (R 7 million). The table below provides a summary per expense category.

	2004/2005 R'000 000	2005/2006 R'000 000
SWA	360	386
Bulk	433	427
General	167	225
R & M	43	50
Capital Chrgs	147	145
Dept Chrgs	212	241
Contribution	85	105
Recharges	-260	-313
TOTAL	1 187	1 266

Revenue

Major sources of revenue for the City are Electricity (35 %), Rates (30 %), Water (15 %) and Subsidies (9 %). The equitable share allocation for The Msunduzi Municipality for 2005/2006 is R 101.8 million compared to the 2004/2005 amount of R 70 million. There has been an increase of R 31.8 million (45.43 %) over the last year.

The enhanced credit control procedures and revenue enhancement measures currently being applied in order to comply with the National Treasury income ratios are expected to reduce the outstanding debt.

The Department of Agriculture & Environment has committed R 1.1 million for the City Cleanup Campaign as well as further R 1 million towards Alien Plant eradication.

In order to alleviate poverty, the Council will continue to support the provision of free basic services and reduce service charges and rates through an Indigent Support Program to the poorest sector of the population.

The table below provides a further detail of the allocation of the equitable share in comparison to the 2004/05 year.

Equitable Share Allocation	2004 / 05	2005 / 06	% Increase
Total Allocation	69, 469, 000	101, 800, 000	31.76
Less:			
Allocation for R293 Towns	16,033,360	16,033,360	0
Equitable Share	53,435,640	85,766,640	37.70 %
Direct Allocation			
Water Service	13, 425, 531	33, 810, 665	60.29
Electricity Service	4, 140, 000	4, 140, 000	0
Free Basic Refuse	1, 258, 063	3, 625, 970	65.30
Free Basic Sewerage	1, 442, 668	3, 850, 225	62.53
Rates rebate for lower value properties	4, 468, 809	5, 297, 142	15.64
Rates rebate for new areas	6, 382, 897	5, 781, 626	-10.40
Sub Total	31,117,968	56,505,628	44.93
Indirect Allocation (included in rate fund)	22, 317, 672	29, 261, 012	23.73
TOTAL	53,435,640	85,766,640	37.70

External Grants

The table below provides a summary of External Grants as per the Division of Revenue Act, 2005 (Act No. 1 of 2005) promulgated on 01 April 2005 in Government Gazette No. 27443.

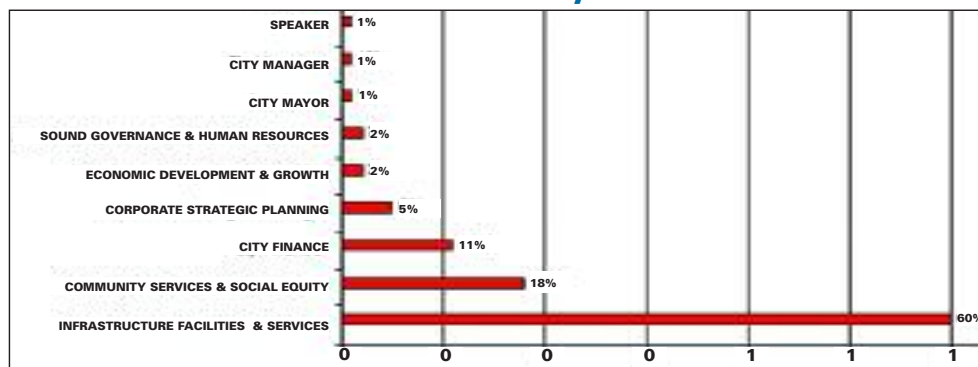

2005/2006 (R'000)	2005/2006 (R'000)	2006/2007 (R'000)	2007/2008 (R'000)
Equitable Share	101,800	114,407	133,564
Recurrent allocations:			
Local Govt. Finance Mgt. Grant	2,500	500	500
Infrastructure Allocations:			
MIG	47,442	58,340	62,267
NEP	4,009	0	0
	155,751	173,247	196,331

In summary the budget can be reflected as follows: Where the money comes from

Where the money will be used

Benefits to the poor

CHILD HEADED HOUSEHOLDS

In the case of child headed households, the following conditions apply:

The child-headed household be declared indigent after consultation with the Ward Councillor/s provided that the household income after death does not exceed R1 956.00 per month. That the account be continued in the name of the deceased estate.

FLATS

Where a resident lives in a flat, and is the account holder and is declared indigent upon application, the following conditions apply:

Water

A financial benefit that is equal to the value of 6kl of water based on the domestic tariff shall, on application, be credited to the electricity account.

Sanitation

The indigents electricity account shall, on application, be credited with the Life Line tariff in respect of sewer charges based on the domestic tariff.

That if the above mentioned concessions have the effect of the month being in credit, the account rendered shall be zero and not stand to the credit of the consumer.

Access to basic services

AUTOMATIC QUALIFICATION AS IN INDIGENT

HOUSE AND LAND VALUE UNDER R30 000

ELECTRICITY	Free 50 kWh	✓

Refuse		Basic tariff		22.36	23.93	7.0%
Vat				36.50	38.73	6.1%
Total				476.41	505.36	6.1%

Losses of electricity and water due to theft and tampering remain a major challenge for us all. We require the assistance of the communities to help us reduce the losses as the benefit will then be enjoyed by all our citizens.

In conclusion, we will work hard to ensure that Pietermaritzburg Msunduzi leads the way for Kwa-Zulu Natal and prospers into the future. Good management is about good budgeting and making sound and reasonable decisions. We believe that we have achieved the right balance in this budget.

Capital Budget Summary

Summary by Business Unit

BUSINESS UNIT	Year '01	Year '02	Year '03	Yr 01 % of Total
