Staff Compliments

Colleagues, as we enter the year 2017 these are the words I would like for you to internalise and use to motivate ourselves to do better than 2016. 2017 is an exciting year for the municipality with positive attitude reigning all over as we excitedly set our 2017 goals. We might say, "There are challenging times ahead" as each year brings unexpected challenges and as a municipality we have indeed faced a number of challenges over the years. However I strongly believe that if we, as the staff of uMsunduzi with all our strength, resources, capabilities, by working together, using our intelligence, wisdom and experience we will not just overcome these challenges, but we will indeed thrive and have "THE BEST YEAR YET".

We need to constantly remember that we are public servants, elected and chosen to serve the citizens of the City of Choice. We therefore need to approach 2017 with a different style of leadership and say, "Fair enough, it won't all be plain sailing - but let's get to work! Let's find new ways, travel new roads, let's bring bright energy and volition into play, let's get fabulous solutions found, repair what's broken, eliminate what's idiotic and go forward to the new!". Let us make 2017 a selfless year, a year of peace and harmony in our organisation.

January started off with a big bang with the Mayor's Aerobics programme taking place every day from 5 to 6pm. The aim for the aerobics programme is to create unity within the organisation. It would be awesome to see the rest of the staff supporting the Mayor's programmes which aim foster unity within the municipality.

Wishing all the Municipality workers who had their birthdays in January and last but not least let us:

#Save water

#Stop Illegal Electrical Connections

#Stop land invasion and #Keep Msunduzi clean.

The Themba Njilo foundation as well as Volunteers from the community continued to clean up the city in the beginning of the New year of 2017, On Boom Street in Pietermaritzburg .

The Themba Njilo foundation and volunteers took the time in cleaning up the street by picking up wastes along the streets, waste disposal pick-ups, litter along the pavement and cleaning up of blocked storm drains which is caused by the litter.

The Volunteers and the Themba Njilo Foundation continues with the Illegal Dumping campaign which was initiate by His Worship, The Mayor to be more vigilant concerning about our environment, let keep it clean and let reduce our emission.

The Aim is to change people's mind-set and to encourage the public to keep our City of Choice as they do with their homestaeds. He also encouraged the Msunduzi residents to take out their waste on the correct date on the arrival of the waste truck.

STAFF COMPLIMENTS

PMB Water the Best

During the festive season, many of us take advantage of the holidays to travel. I think there is one thing that we all appreciate when we return to our City of Choice, and that is our water. Our tap water is by far the best water in the country and certainly deserves the recognition. I think Brenden Sivparsad and his team should be extremely proud of this achievement and maintaining this standard. This precious resource needs to be treated as such and we can do our bit by reporting leaks and I think we can all drink to that.

Rikesh Ishwarlall- Raisethorpe

Thanks for the service.

Our grateful thanks go to Mr Zungu, the operations manager of Msunduzi Municipality waste removal, and S Padayachee for their excellent customer service when our household refuse was not being collected by the uMngeni Municipality. They stepped in with a house visit and organisation of regular refuse collection in our area in Mount Michael Hilton. Before the municipality elections we were excised from the uMngeni Municipality and incorporated into Ward 1 without any notification or arrangements being made for the transition. Since then we have received no services from uMngeni, only rates accounts.
