CHAPTER I – MAYOR’S FOREWORD AND EXECUTIVE SUMMARY

COMPONENT A: MAYOR’S FOREWORD

Councillor Chris Ndlela
City Mayor

FOREWORD BY THE CITY MAYOR, COUNCILLOR CHRIS NDELELA. 2013/2014

FOREWORD FOR THE ANNUAL REPORT BY HIS WORSHIP THE MAYOR, CLLR CHRIS NDELELA

The 2013/14 financial year has been one of building on the solid foundation which was laid during the 2012/13 financial year. The political and administrative arms of council continued to work together and ensured better synergy between the two arms of council. The municipality continued with the Implementation of a number of key projects like the Pietermaritzburg Urban Renewal Programme (PURP), Integrated Rapid Public Transport Network, Spatial development Framework and City Development Strategy just to name a few. These plans will assist in ensuring that the municipality capitalises on its strategic location along the N3 highway between Durban and Johannesburg. The development of the tourism hub will ensure that indeed the municipality capitalises on its location and all the international events that are hosted by the municipality. The tourism hub building will house all complementary tourism activities aimed at leveraging the resources and expertise to position the city as a preferred tourist destination. During the 2013/14 three major shopping malls were under construction around the city and when completed will generate a combined 2000 direct employment units. The PURP also progressed very well with a number of walkways having been upgraded as part of this programme. The municipality continued to deliver services ranging from human settlements, water and sanitation, electricity, roads and waste management. Services have been extended greatly to the Vulindlela area and the municipality continues to explore sustainable and innovative ways to provide services.

The vision of the City of Choice, second to none, is to develop a City where its entire citizenry can:

- Own a financially viable and well governed City.
- Live peacefully.
- Move about freely in a cost effective manner.
- Work and earn a living reducing unemployment, poverty and inequality.
- Play to lead a healthy lifestyle thus increasing life expectancy.

As part of the 2030 Vision for Msunduzi Municipality, we have also come up with six strategic objectives, which are to have:

- A well serviced City.
- An accessible and connected City.
- A clean, green City.
- A friendly, safe City.
- An economically prosperous City.
- A financially viable and governed City.

As part of the preparations for the review of the Integrated Development Plan (IDP) for the 2014/ 2015 financial year, the municipality has ensured that the objectives of the municipality are aligned to all the relevant national, provincial and local strategies including the:

- Millennium Development Goals;
- National Development Plan;
- National Infrastructure Plan;
- Government outcomes 1-12;
- National Spatial Development Perspective (NSDP);
- Provincial Priorities (State of the Province Address); and
- Provincial Growth and Development Strategy (PGDS).

During the 2013/14 financial year, in order to provide progress on performance as well as to get input towards the 2014/15 budget and IDP, public participation meetings took place in November and December 2013 and again in March and April 2014. Stakeholders included, amongst others, Councillors, ward committee members, business, NGO and CBO sector, provincial sector departments and members of the community. The 2013/14 financial year has seen the municipality move forward in terms of strengthening its strategies and also commencing with the implementation of some of the strategies. The municipality has made significant progress in terms of service delivery and systems are in place to make 2014/15 a successful year.

THE HONOURABLE MAYOR

COUNCILLOR C. J. NDLELA

CITY OF CHOICE

PIETERMARITZBURG
MSUNDUZI

COMPONENT B: EXECUTIVE SUMMARY

I. OVERVIEW BY THE MUNICIPAL MANAGER: ANNUAL REPORT 2012/2013

Mr Mxolisi Nkosi
Municipal Manager

OVERVIEW BY THE MUNICIPAL MANAGER:

Legislative Requirements for the Preparation of the Annual Report:

The preparation and publication of the Annual Report is not a nice-to-have but is a legislative requirement as per Section 46 of the Municipal Systems Act (MSA) 32 of 2000 and Section 121 of the Municipal Finance Management Act (MFMA) 56 of 2003.

- Section 46 (1) of the MSA states that A municipality must prepare for each financial year a performance report reflecting –
- (a) the performance of the municipality and of each external service provider during the financial year;
 - (b) a comparison of the performances referred to in paragraph (a) with targets set for and performances in the previous financial year; and
 - (c) measure taken to improve performance.
- (2) An annual performance report must form part of the municipality's annual report in terms of Chapter 12 of the Municipal Finance Management Act (MFMA) 56 of 2003.

Section 121 of the MFMA states that:

- (1) Every municipality and every municipal entity must for each financial year prepare an annual report in accordance with this Chapter. The council of a municipality must within nine months after the end of a financial year deal with the annual report of the municipality and of any municipal entity under the municipality's sole or shared control in accordance with section 129.
- (2) The purpose of an annual report is-
 - a. to provide a record of the activities of the municipality or municipal entity during the financial year to which the report relates;
 - b. to provide a report on performance against the budget of the municipality or municipal entity for that financial year; and
 - c. to promote accountability to the local community for the decisions made throughout the year by the municipality or municipal entity.

Subsections (3) and (4) continue to prescribe the contents of the annual reports for both the municipality and municipal entities. During the oversight process, to which the draft Annual Report will be subjected, compliance with these legislative requirements will be analysed.

Legislative Mandate And Key Performance Areas:

The main accountabilities of the Accounting Officer and the mandate of the municipality are aligned to the five legislated Key Performance Areas Which Include the following:

1. Basic Service Delivery and Infrastructure;
2. Local Economic Development;
3. Municipal Financial Viability and Management;
4. Good Governance and Public Participation; and
5. Municipal Transformation and Organisational Development.

As already mentioned by the Mayor, the Municipality has approved the Vision 2030. Linked to the Vision 2030, the municipality has started the process of the development of the City Development Strategy (CDS) which will incorporate the broad strategic framework that will be the road map in as far as attaining the vision and strategic objectives contained in the Vision 2030. The objectives of the vision 2030 are strategically linked to the five (5) National Key Performance Areas.

Service Delivery Highlights:

Infrastructure Services:

- Installation of 4km of water pipelines and 299 new water connections in the rural area of Vulindlela;
- Implemented the fourth year and fourth phase of the five-year non-revenue water reduction programme.
- Replacement of 5830 water meters as part of the Auditor General remediation programme.
- A total of 2.2km of additional pipeline installed to effectively eliminate the troublesome water midblock in the Ashdown and Edendale areas.
- Completion of the Copesville reservoir (20 mega-litres) providing vital additional storage for the entire zone.
- Construction of 648 Ventilated Improved Pits (VIPs) for the basic sanitation programme.
- Sanitation infrastructure upgrades which will ultimately provide 6500 and 1500 households with waterborne sanitation in the Shenstone Ambleton Valley and Untit H and Azalea areas respectively over the next three (3) years.
- Improved electricity network to the Sweetwaters and Hilton area with the installation of two (2) 32kV lines from the City to Hilton.
- Installation of solar-powered street lights in the Central Business District.
- Upgrading of ageing electricity infrastructure to the value of R100 050 000
- Electrification of the Ezinketheni Settlement to the value of R22 300 000
- Electrification of the Nhlalakahle Informal settlement to the value of R5 500 000
- Provision of weekly refuse collection to 84 600 households.
- A total of 24km of upgrade from gravel to tarred roads.
- 89km of gravel road maintained.
- 13,8km of stormwater upgrades.
- Purchase of 137 vehicles.

Economic Development:

- Review of the Housing Sector Plan.
- Informal Settlements National Upgrade Support Programme investigation.
- Informal settlement management and control strategy.
- 350 houses were assessed in terms of the Wire Wall rectification programme.
- Local Area Plans were developed for the South Eastern District Area (this includes Ambleton, Ashburton and Lynnfield Park) and the City Centre in order to curb the increase in unauthorized land uses.
- A total of 1035 jobs created through the Expanded Public Works.
- Completed General Valuation roll.
- Completed informal economy strategy.
- Review of the Airport Master Plan.
- Acquisition and installation of Building plan approval software.
- Establishment of the Plans Approval Committee in order to ensure delays are minimized and to reduce the risk of possible fraud and corruption in the plan approval process.
- Implementation of the market upgrade capital programme.

Community and Social Services:

- Purchase of 73 405 books for the libraries.
 - A total of seventeen (17) art exhibitions against a projection of eight (8) exhibitions.
 - Funding approved by the Department of Environmental Affairs for the Revitalization of Alexander Park;
- 20% reduction in road accidents.
- Development of the draft Disaster Management Plan
- Approved business plan for the maintenance of sixty-five (65) sports facilities.
- Approved Msunduzi sports and Recreation Plan.
- Developed plan for the sustainability of the Harry Gwala Stadium.

CITY OF CHOICE

PIETERMARITZBURG
MSUNDUZI

Corporate Services, Finance and Administration:

- A total of 123 Council Committee meetings took place. Thirty-two (32) of these meetings were those of the executive Committee who meet on a weekly basis and fourteen (14) of these include the meetings of the Full Council which take place once a month on the last Wednesday of every month.
- Both the Annual Report and the Oversight Report were developed and attended to as per the applicable legislative requirements.
- The municipality continues to meet its turn-around time of the finalization of the minutes of all portfolio committee meetings within seven (7) working days after the meetings are held.
- All policies relevant to the approval of the annual budget were reviewed and approved together with the approved budget. This includes, inter alia, the reviewed indigent and rates policy.
- Concluded the process of writing 1377 job descriptions in line with the new approved organizational structure.
- Development of the Human Resources user-friendly policy manual.
- Award of seventeen (17) external bursaries, two (2) learnership programmes and forty-two (42) interns.
- A total of five (5) bylaws were reviewed and gazetted.
- During the 2013/ 2014 financial year, the Legal Services Unit started a programme on bylaw education of which 15 publications were included in the internal newsletter and external newspaper of the municipality.
- Annual procurement plan was developed and the management received quarterly reports on the implementation of the approved procurement plan.

Measures to Improve Performance:

The approved Service Delivery and Budget Implementation (SDBIP) and Operational Plan (OP) included a total of 159 projects. This includes 83 operating projects and 76 capital projects. On both the operating and capital projects, the municipality achieved at least 60% of the targets that were set at the beginning of the financial year. The report on both the SDBIP and OP (attached as Annexure '1' and '2') includes corrective measures as well as the timeframe/s for each individual Key Performance Indicator/ project. However, at a strategic level, in order to improve performance for the 2014/ 2015 financial year, the following measures have been put in place:

- Complete the acquisition and implementation of the financial management system.
- Roll-out of the smart-metering system.
- Weekly monitoring of capital expenditure, both Council and grant funded capital projects.
- Investment of R200 million in ageing electricity infrastructure.
- Accelerated implementation of the Non-Revenue water loss programme.
- Continued use of 20 Expanded Public Works Programme (EPWP) workers per ward to improve the cleanliness of the City.
- Additional 20 EPWP workers per ward for the implementation of the food-for-waste programme.
- Embarking on an aggressive debt collection programme.
- Approved City Development Strategy (CDS).

Without a doubt, the municipality continues to make progress towards achieving its mandate of providing developmental service delivery to its citizens. As the municipality moves towards finalizing the development and approval of the City Development Strategy (CDS), we will be yet another step closer to realizing and achieving the Vision and strategic objectives as set out in the municipality's *Vision 2030*.

M.A. NKOSI
MUNICIPAL MANAGER

2. MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW

INTRODUCTION TO BACKGROUND DATA

Msunduzi Municipality provides Water, Sanitation, Electricity, Refuse Removal, & Housing as part of the Basic Services. It also provides Roads, Stormwater & Drainage together with Local Economic Development and the approval of local building plans to local communities.

2.1. VISION STATEMENT

A safe, vibrant city in which to live, learn, raise a family, work, play and do business.

2.2. MISSION STATEMENT

To ensure that the Municipality functions effectively and in a sustainable manner in order to deliver services of excellence to the community.

2.3. LOCALITY

The Municipality affectionately known as Pietermaritzburg or the City of Choice is located along the N3 at a junction of an industrial corridor from Durban and Pietermaritzburg and an agro-industrial corridor stretching from Pietermaritzburg to Escourt. Regionally is identified at the cross section of the N3 corridor and Greytown Road corridor to the north, a tourist route to the Drakensberg and Kokstad Road to the South.

2.4. THE POPULATION OF MSUNDUZI

Total Population: 618 536

THE ECONOMY

The Municipality possesses a number of economic advantages, including:

- **Locational Advantages:** the centrality of the Municipality and the fact that the Municipality is bisected by the N3 corridor, which is the primary logistical corridor linking Gauteng and the Durban Harbour;
- **Natural/Geographical Advantages:** Highly fertile land;
- **Human Capital Advantages:** Good Schools and Tertiary institutions; and
- **Institutional Advantages:** Msunduzi enjoys the 'Capital City' Status.

EMPLOYMENT

The HIS Global Insight data indicates that in 2011, 111 014 people were formally employed in the municipality with the majority, approximately 35% or 38 724 people, being employed in Community Services, followed by 15% in Finance and a further 15% being employed in households. The data indicates that employment in Msunduzi in 2011 accounted for 68.48% of the formal employment in the uMgungundlovu DM, a figure that is up from the 64.5% in 2001.

Number of Formally Employed People per Sector (HIS Global Insight, 2011)

The labour absorption rate is the rate at which the economy absorbs labour. The Census indicates the rate for the municipality is 36.39% and that the employment growth rate is 27.87%. The Census indicates that the average household income is R108 926.00 which is markedly up from the figure of R50 178.00 in 2001 (Statssa, 2011).

UNEMPLOYMENT

The Census (2011) indicates that levels of unemployment have declined from the high figures of 48.2% of the economically active population in 2001, to a figure of 33% in 2011. CoGTA (2012) estimated the unemployment levels for the Msunduzi municipality at 45% which is above the provincial average.

A further positive trend is the decline in the youth (15 – 34 years) unemployment rate which stood at 58.2% in 2001 and declined to 43.1% in 2011.

COMMENT ON BACKGROUND DATA:

The data provided herein is data used from the Census 2011 report conducted by Statistics South Africa and HIS Global Insight, 2011. Msunduzi Municipality strives to ensure the backlogs in the delivery of Basic Services like Water, Electricity and Housing are reduced on an annual basis.

3. SERVICE DELIVERY OVERVIEW**SERVICE DELIVERY INTRODUCTION****1. Service Delivery**

The Msunduzi Municipality basic services as contained in our Municipal Indigent Policy is intended to provide norms and standards for a program to improve the lives of indigents and to improve access to FREE BASIC SERVICES. The policy recognized the need for inter-government co-operation in the process of dealing with indigents but places a specific emphasis on the municipal sphere, recognizing the important role local government has in effectively addressing the needs of indigent households. This requires local understanding and local initiative, co-ordinate with support from national and provincial government.

The indigent policy seeks to address the problem of institutional exclusion by facilitating the reform of the systems of local government in ways that ensure the inclusion of the poor in ways that will guarantee their access to affordable basic services.

The implementation of the indigent policy as the basis of providing Free Basic Services was done in context of socio-economic realities facing our communities such as:

- High level unemployment
- Low income earners that have limited affordability
- High incidents of child-headed households
- Natural attrition of elderly headed households within our society.

The Municipality's indigent policy applies specifically to the Free Basic Services programme within Municipality i.e. free basic electricity, free basic refuse removal, free basic sanitation, and free basic water.

We had 14756 beneficiaries on this programme in 2013/2014 financial year. The equitable share allocated to Municipality to provide free basic services is in short supply and it is advisable that an urgent application be submitted to CoGTA for the increase as for the Municipality to be able to cater for the ever increasing indigent population within its jurisdiction.

2. Indigent Population

"Indigents" – means an owner /occupier of a property as defined in the qualification for concessions.

Qualification for concessions – Indigent policy 2013/2014

1. Owner and/ or occupiers of residential property:
 - Where the electricity circuit breaker of 20amp is fitted.
 - Concessions set out below and as reflected in the Council Tariffs, shall automatically qualify for such concessions, subject to the conditions set out hereunder:

Electricity : Free kWh as determined from time to time by Council. (FREE 60kWh)

Electricity MCB : Free amperage as determined by Council from time to time. (20 AMP- NOTHING GREATER)

Water : Consumption of water as determined from time to time by Council. (FREE 6KL)

Refuse : Free refuse as determined by Council from time to time.

Sewerage : Free sewerage as determined by Council from time to time.

2. In the event that the consumption of water on a property that qualifies for the concessions, exceeds the maximum volume determined by the Council as free basic water for whatever reason, the owner or occupier shall be billed for the total consumption of water as determined by Council at the tariffs ordinarily applicable within the Municipality, and the amount billed shall be deemed as payable. This is in line with the Water Act.
3. Customer who is resident in a Flat, Simplex, Duplex, Town house, Retirement Complex and the like, the bulk metering is used for the calculation of water consumption, such consumption will be divided by the number of units, and where such consumption is in line with the definition of free basic water, qualifies and will automatically qualify for free basic sewerage and refuse.

COMMENT ON ACCESS TO BASIC SERVICES:

All our low income earners identified in terms of the adopted policy prescription for 2013/14 did get free basic services according to national norms and standards

4. FINANCIAL HEALTH OVERVIEW

FINANCIAL OVERVIEW

Financial Services comprises the following sections, namely:

- Budget & Treasury
- Expenditure
- Revenue Management
- Supply Chain Management

National Key Performance Area for this business unit is financial viability management. Programmes pertaining to the sections are as follows:

- Budget & Treasury-Compliance and Annual Financial Statement
- Expenditure-Trade and Sundry Payments, Payment of all invoices within 30 days, management of general insurance fund, remuneration management
- Revenue Management-Credit Control and billing, policies
- Supply Chain-Management

The debt collection rate has improved, however is not ideal at this stage. A debt collection task team has been put together with a sole purpose of addressing collection challenges.

Table 10 - FINANCIAL OVERVIEW – 2013/2014 R'000			
Details	Original Budget	Adjustment Budget	Actual
Income			
Grants	766 983 000	848 360 119	694 304 614
Taxes, Levies and Tariffs	2 754 324 336	2 711 973 296	2 683 050 081
Other	153 312 032	165 214 768	313 619 601
Subtotal	3 674 619 368	3 725 548 183	3 690 974 296
Less Expenditure	3 608 033 367	3 658 430 182	3 368 734 907
Net Total*	66 586 001	67 118 001	322 239 389
* Note: Surplus/ (deficit)	2 754 324 336	2 711 973 296	2 683 050 081

Table 11 - Operating Ratios	
Details	%
Employee Cost	22
Repairs and Maintenance	4
Finance Charges and Depreciation	9

COMMENT ON OPERATING RATIOS:

The employee costs are within the suggested threshold of 30% as per National Treasury's recommendations. The repairs and maintenance are well below the suggested 8% norm however, going forward, this is being addressed. Actual expenditure for finance charges is in line with the budget.

Table 12 - TOTAL CAPITAL EXPENDITURE 2012/13 – 2013/14			
Detail	2011/12	2012/13	2013/14
Original Budget	R411 313 000	R230 017 000	R 443 159 000
Adjustment Budget	R478 313 000	R309 756 000	R523 135 000
Actual	R223 159 000	R220 319 000	R351 145 000

COMMENT ON CAPITAL EXPENDITURE:

Capital expenditure is drastically underspent compared to previous financial years. The 2013/14 expenditure reflects 63% spending against the budget, whereas it was 82% in 2012/13. There are numerous steps undertaken to resolve this challenge going forward.

5. ORGANISATIONAL DEVELOPMENT OVERVIEW

ORGANISATIONAL DEVELOPMENT PERFORMANCE

The Human Resources Function of the Msunduzi Municipality consists of two Process Units: Human Resources Management (Personnel; Job Evaluation; Employee Relations; Employment Equity; Occupational Health and Safety; and HR Management Services) and Human Resources Development (Skills Development and Organizational Development).

One of the key achievements in the 2013/14 financial year was the development Job Descriptions aligned to the new organizational structure approved in April 2013. A total of 1377 job descriptions have been written and approved by the accounting officer.

The completion of the TASK evaluation process is considered to be a major priority for 2014/15 and will have a significant positive impact on staff morale, staff uncertainties and parity between positions. As a means to fast track the process, the evaluation of posts is to be outsourced to Deloitte.

The Msunduzi Municipality, during 2013/2014, trained 981 employees and provided financial assistance for study to 20 employees, as part of a coordinated career development process, in support of the Skills Development Strategy, IDP & Sector Skills Priorities. Internship, Learnerships, Apprenticeships and community programmes undertaken in 2013/14 provided opportunities for improved employability of the youth and community. Skills programmes conducted for 46 of Msunduzi's Councillors encouraged skills enhancement within the political realm to promote democracy and decision making.

During the financial year the remaining 2 Section 57/56 posts that were vacant or occupied in an acting capacity were filled. The Deputy Municipal Manager's Corporate Services and Community Services were appointed on the 1st December 2013. One section 57/56 post, Infrastructure Services has since been vacated and the vacancy advertised in the latter part of the financial year. Critical and Funded posts have been prioritised, with 60 posts advertised and filled during 2013/14.

In the 13/14 financial year the Municipality continued with disciplinary and criminal processes against various members of staff. Due to the nature & complexity of the allegations these matters are still in the process of being finalised. Confidentiality of these sub judicæ disciplinary matters remains strictly confidential. Two legal advisors have been appointed by Council to expedite the backlogs in the finalization of the sub judicæ disciplinary matters.

Employee absenteeism still remains a concern, during 2013/14, mechanisms for improved process control of employee leave, sick leave and overtime were put in place. The employee overtime claims, leave, sick leave are being actively surveyed, including the profiling of frequency and trends.

6. AUDITOR GENERAL REPORT 2012 / 2013 & 2013 / 2014 FINANCIAL YEARS

Auditor General Report 2012 / 2013

The Auditor General has expressed a qualified opinion with emphasis of matters relating to:

- Restatement of corresponding figures.
- Material losses/impairment.
- Material under spending of the conditional grants and capital budget.
- Irregular expenditure.

The audit opinion from the previous financial year was an unqualified opinion with similar emphasis of matter items that were reported.

Whilst there is no significant improvement on the above matters but there is an improvement of the liquidity ratio and financial sustainability and the existence of an uncertainty that may cast significant doubt on the municipality's ability to operate as a going concern.

The audit report still indicates weaknesses in the supply chain management which result to irregular expenditure amounting to R34.91 million. Great strides have been made in this area by implementing controls and processes of identifying contracts which had been awarded to suppliers in contravention of the Local Government: Municipal Supply Chain Management Regulations (SCM Regulations) in an area that is prone to fraud and corruption. Further efforts are being made to enforce strict control measures that will reduce malpractices. One of the strict control measures is that the municipality is investigating investing into a process that will be used to identify conflict of interest and non-compliance with the SCM Regulations. An Audit action plan has been prepared to address these matters going forward.

Auditor General Report 2013 / 2014

The Auditor-General has expressed an unqualified opinion with emphasis of matter relating mainly to:

- Restatement of corresponding figures;
- Material losses and impairments;
- Material underspending of capital budget and conditional grants; and
- Irregular expenditure.

The previous audit opinion in 2012/13 financial year was a qualified opinion. The municipality worked tirelessly on the Revenue-Service charges which was the basis of the opinion as well on the matters of emphasis and significant improvement on the Revenue-Service charges was achieved. Whilst the previous action plan was developed, implemented and monitored on monthly basis in order to deal with matters of emphasis, however, there are still weaknesses as highlighted above.

Further strategies on improving the system of internal control are being employed to deal with matters of emphasis as well as matter on the management report.

7. ANNUAL REPORT PROCESS 2013/2014

Msunduzi Municipality Operational Plan for the preparation and adoption of the Annual Report 2013/2014:

TABLE 13: ANNUAL REPORT PROCESS		
NO:	DESCRIPTION:	TIMEFRAME:
1.	Data Collection, Preparation and finalization of the annual performance report 2013/2014 (SBU's) to supply information.	July 1 – August 15 2014
2.	Preparation and finalization of the annual financial statements / consolidated financial statements 2013/2014	July – August 2014
3.	Submission of the annual financial statements/consolidated financial statements 2013/2014 and the Annual Performance Report 2013/2014 to the Auditor General for auditing	On or before the 31 August 2014

5.	Data collection commences for the compilation of a first draft of the annual report – an e-mail with a template attached will be forwarded to respective individuals responsible for required information submissions in order to complete the annual report 2013/2014- Submissions to be received by the end of September 2014.	September 2014
6.	Finalize 1st draft of the Annual report 2013/2014 and forward to the Municipal Manager for comment	1st – 9th of November 2014
7.	Draft completed and forwarded to Auditor General for comments / changes if required	9th – 16th of November 2014
8.	2nd draft of Annual report completed and forwarded to Municipal Manager for comment.	On or before the 30th of November 2014
9.	Engage appointed service provider – produce drafts of the Annual Report 2013/2014	December 2014
10.	Finalized, published and printed annual report by service provider	1st week of January 2015
11.	Annual report table by the Mayor at Full Council	On or before the 31st of January 2015
12.	Tabled annual report 2013/2014 to be made accessible to the public	Within 14 days from the date of tabling the annual report

TABLE 13: ANNUAL REPORT PROCESS

NO:	DESCRIPTION:	TIMEFRAME:
13.	A copy of the report to be submitted to the MEC for local government in KZN, the Auditor General, Provincial Legislature and National Treasury.	Within 14 days from the date of tabling the annual report
14.	Oversight report on Annual Report 2013/2014 to commence once Annual Report has been tabled at Full Council – Oversight report to be completed within two months of the Tabling of the Annual Report to Full Council.	Start in February 2014 – completed on or before the 30th of March 2015
15	Oversight report made available to the public within seven days of being tabled in Council	On or before the 6th of April 2015

COMMENT ON THE ANNUAL REPORT PROCESS:

The Municipal Finance Management Act No. 56 of 2003, Chapter 12, prescribes that every municipality must for each financial year prepare an annual report in accordance with this Chapter. The council of a municipality must within nine months after the end of a financial year deal with the annual report of the municipality and of any municipal entity under the municipality’s sole or shared control in accordance with section 129.

The purpose of an annual report is –

1. to provide a record of the activities of the municipality or municipal entity during the financial year to which the report relates;
2. to provide a report on performance against the budget of the municipality or municipal entity for the financial year; and
3. to promote accountability to the local community for the decisions made throughout the year by the municipality or municipal entity.

The annual report of municipality must include –

1. the annual financial statements of the municipality, and in addition if section 122 (2) applies, consolidated annual financial statements, as submitted to the Auditor-General for audit in terms of section 126 (1);
2. the Auditor-General’s audit report in terms of section 126 (3) on those financial statements;
3. the annual performance report of the municipality prepared by the municipality in terms of section 46 of the Municipal Systems Act.

The accounting officer of a municipality must prepare the annual financial statements of the municipality and, within two months after the end of the financial year to which those statements relate, submit those statements to the Auditor-General for auditing and the accounting officer of a municipal entity must prepare the annual financial statements of the entity and, within two months after the end of the financial year to which those statements relate, submit those statements to the parent municipality of the entity and the Auditor-General for auditing. The Auditor-General must audit those financial statements and submit and audit report to the accounting officer of the municipality or entity within three months of the receipt of the statements.

The mayor of a municipality must, within seven months after the end of the a financial year, table in the municipal council the annual report of the municipality and of any municipal entity under the municipality’s sole or shared control.

The council of a municipality must consider the annual report of the municipality of municipal entity, and by no later than two months from the date on which the annual report was tabled in council, adopt an oversight report containing councils comments on the annual report which must include a statement whether the council-

1. has approved the annual report without reservations;
2. has rejected the annual report; or
3. has referred the annual report back for the revision of those components that can be revised.

In order to give effect to the above legislative requirements, Msunduzi Municipality developed table above in order to ensure the communities of Msunduzi Municipality are able to view the contents of the Annual Report on time; the table serves as a strict guide.

CHAPTER 2 – GOVERNANCE

INTRODUCTION TO GOVERNANCE

Governance at Msunduzi Municipality is made up of Political & Administrative Governance, Inter-governmental Relations, and Public Accountability & Participation along with Corporate Governance. Political & administrative governance is the breakdown of Elected Councillors, the committees they sit on & the number of meetings they attend. It further looks at the administrative aspect of the municipality in terms of the organizational structure being implemented and a distinction made of the business units and their respective functions. Intergovernmental relations is basically the relationship that the municipality forges with other sector departments in order to carry out day to day activities, like National Treasury, the Auditor General & the provincial Department of CoGTA. Public accountability is the way the Municipality operates with regards to the communities by way of holding community meetings, Izimbizo's and the process of ward committees dealing with issues within the wards. Corporate governance looks at issues of transparency and accountability whereby the municipality outlines its top risks, and also the way in which they run the supply chain management unit. Together these important aspects intertwine and are forged so as to ensure all aspects of the municipality are properly functioning and that communities receive quality services at an affordable price.

COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

INTRODUCTION TO POLITICAL AND ADMINISTRATIVE GOVERNANCE

Political & administrative governance at Msunduzi Municipality comprises of the elected Councillors and the respective senior managers and the way they actually work together on a day-to-day basis in order to achieve organizational goals.

2.1. POLITICAL GOVERNANCE

INTRODUCTION TO POLITICAL GOVERNANCE

Msunduzi municipality has several portfolio committees of which the Full Council, Executive Committee, Municipal Public Accounts Committee and the Oversight Committee form part of. Msunduzi Municipality has an Audit Committee attached to the municipality that provides opinions and recommendations on financial processes and performance and provides comments to the Oversight Committee on the Annual Report. The municipality has established a Municipal Public Accounts Committee, comprised of non-executive Councillors with the specific purpose of providing Council with comments and recommendations on the Annual Report.

COUNCILLORS

Councillors are elected by the local registered voters to serve a predetermined term of office on the local council as representatives of their respective constituents. The Msunduzi Municipal Council has a total of 73 seats. Thirty seven (37) of these seats are allocated to ward Councillors who are elected by the wards they represent. The other 36 seats are allocated to political parties in proportion to the number of votes cast for them.

MSUNDUZI MUNICIPALITY PORTFOLIO COMMITTEES BY NAME & PURPOSE

The following reflects the different committees of Council and their respective purposes.

MUNICIPAL STANDING COMMITTEE ON PUBLIC ACCOUNTS (MPAC)

The first layer of committees is the Municipal Standing Committee on Public Accounts (MPAC) which consists of ordinary Councillors to oversee the expenditure of public funds in order to ensure the efficient and effective utilization of council resources and to enhance the political accountability of Council.

EXCO members account to MPAC on issues related to their portfolios. MPAC reports back to Council via the Speaker.

The primary purpose of the municipal MPAC is to assist council to hold the executive and the municipal administration to account.

TERMS OF REFERENCE

FUNCTIONS AND POWERS

1. MPAC may review and examine the following documents:
 - (a) Audit Reports on annual financial statements of the Municipality;
 - (b) Any reports issued by the Auditor-General on the affairs of the Municipality;
 - (c) The annual reports of the Municipality;
 - (d) The mayor's quarterly reports on the implementation of the budget and the financial state of affairs of the municipality;
 - (e) Any other financial statements or reports referred to MPAC by the Council;
 - (f) Any information relating to personnel; books of account, records, assets and liabilities of the Council; and
 - (g) Relevant information that may be required for the purpose of fulfilling its mandate.
2. MPAC may summon any councillor or municipal official to assist it in the execution of its duties.
3. MPAC may report on or make recommendations in relation to any of the reports or financial statements which it may examine.
4. In its examination (mentioned in clause 2) MPAC must take into account previous statements and report and consider the degree to which previously identified shortcomings have been rectified. The Committee must report to Council on its findings.
5. MPAC shall initiate and develop the Annual Oversight Report on the Municipality's Annual report.
6. MPAC may initiate, direct and supervise investigations into any matter falling within its terms of reference including projects requested by EXCO and Council.
7. MPAC may consider any recommendations made by the Audit Committee, portfolio committee or any other committee referred to it, and renders an opinion on such recommendations.
8. MPAC may request or invite members of the public to attend any meeting of the Committee i.t.o. s16(1) of the Systems Act, 2000, to assist it with the performance of its functions.

MEMBERSHIP

MPAC will consist of 12 (twelve) ordinary Councillors to be appointed by the Council in consultation with caucuses on a proportional representation basis, and such other persons who are not councillors who are co-opted by the Committee as advisory members in terms of section 79 of the Local Government: Municipal Structures Act. Care will be taken to ensure that members represent a wide range of experience and expertise available in the Council.

MPAC exercises an oversight role over the Executive and the Administration on behalf of the Council, with regard to matters falling within its area of competence. In keeping with good governance, an oversight committee cannot report to EXCO.

MPAC accordingly reports and makes recommendations to Council via the Speaker.

Members of MPAC are elected for a term ending, subject to section 79 of the Local Government: Municipal Structures Act, when the next Council is declared elected, provided that –

- (a) the Council may, by resolution remove from office one or more of the members of the Committee;
- (b) if all the members of the Committee are removed, a new election of members must be held.

Subject to Council approval MPAC may co-opt not more than 5 advisory members who are not Councillors on the basis of their knowledge and experience in matters pertaining to the above terms of reference.

CHAIRPERSON

The Council must elect the Chairperson of the committee from amongst the ordinary members of MPAC and such office bearer must hold office for a term ending when the next Council is elected.

The Committee must elect from amongst its ordinary members a Deputy Chairperson, also from an opposition party, and such office bearer must hold office for a term ending when the next Council is elected.

COMPETENCIES, TRAINING AND SUPPORT

1. Council and political parties should as far as possible, nominate appoint councillors with some expertise, experience and skills in financial matters, especially councillors with a working understanding of budgeting and expenditure processes and systems as well as financial statements;
2. A focused training and skills development programme be undertaken to ensure that the necessary expertise and competencies are developed;
3. MPAC may also invite members of the public or experts in various fields to assist and advise it in its deliberations;
4. MPAC must possess integrity and a degree of authority for it to work effectively; and
5. MPAC will have to be provided with the necessary resources which may have to be managed independent of the executive to safe guard the independency of the committee.
6. Officials from Legal Services and Internal Audit should provide support to the Committee.

QUORUM & DECISION MAKING

A majority of the members of the Committee constitute a quorum for a meeting of the Committee.

A question before the Committee is decided if there is agreement amongst at least the majority of the members present at the meeting.

If on any question there is an equality of votes, the member presiding must exercise a casting vote in addition to that member's vote as a member.

MEETINGS

The committee will meet bi-monthly as directed by the Speaker of the Council after consultation with the Chairperson of the Committee; subject to the condition that any cancellation/postponement of a meeting is approved by the Speaker.

Meetings of the Committee must be conducted in accordance with the Standing Rules of Order of Council and any dispute arising from an interpretation of such Rules must be referred to the Speaker of the Council whose decision in the matter shall be final. (The Committee may determine and adopt its own procedure for the conduct of meetings).

RELATIONSHIP WITH OTHER STRUCTURES

MPAC may liaise with:

- The Municipal Manager;
- the Mayor;
- the Internal Audit Unit of the Municipality;
- the Audit Committee;
- the person designated by the Auditor General to audit the financial statements of the municipality;
- other committees of the Council; and
- Heads of Departments.

WORK PROGRAMME

MPAC must develop its work programme annually and link such programme to the overall planning cycle of council, e.g. from the IDP process to the annual reporting period. This oversight function will be performed by MPAC on behalf of council. The findings and recommendations would have to be tabled at full council for final decision.

ADMINISTRATIVE SUPPORT

Administrative support to the Committee will be provided by the Director of Corporate Services.

PROPOSED NORMS AND STANDARDS FOR OVERSIGHT

Given the importance of oversight, it is necessary to set normative rules and standards for municipal oversight. The purpose of such norms and standards is to guide the municipal oversight process.

The Norms and Standards for Municipal Oversight reflect 10 key norms together with their appropriate standards which must be adopted and implemented by the Municipality as a policy guide to inform the oversight process.

1. Systematic Approach - There should be a systematic and formal approach to oversight
2. Purpose and Intentionality - There must be a clearly defined context, purpose and intended result
3. Guiding Policy - There should be a guiding policy explaining the concept, role and use of oversight within an institutional framework and with roles and responsibilities clearly defined. The policy should take account of these norms and standards
4. Impartiality and Code of Ethics - In exercising oversight over the activities of the Executive Committee and municipal administration, Councillors must act in an impartial, non-partisan and objective manner
5. Independence - the committee should develop a cohesive identity as an independent committee where there is adherence to the principle of the separation of powers
6. Quality orientation - in both the documentation considered and the reports and findings made
7. Build Competency and capacity - to exercise oversight for both councillors, portfolio committee members and ward committees
8. Transparency, consultation and participation - effective oversight should be carried out in such a way that there is complete transparency in the process and findings made and all stakeholders are fully informed and empowered to participate in the oversight process
9. Follow up - all findings and recommendations should be rigorously followed up to ensure appropriate action is being taken
10. Contribute to service delivery - oversight should result in improved service delivery

Implementing these norms and standards will contribute towards a positive image of local government and the appropriate mechanisms need to be put in place to ensure this happens.

THE EXECUTIVE COMMITTEE

The second layer of committees is the EXCO which reports in terms of section 44 of the Local Government: Municipal Structures Act, 1998 to the municipal council on decisions made in terms of its delegated powers as well as recommendations made on those issues the municipal council did not delegate to the EXCO.

Exco consists of 10 members, namely, the Mayor, Deputy Mayor and 8 (eight) other members. The Mayor is the Chairperson of the meeting, whilst the Deputy Mayor automatically becomes the Deputy Chairperson.

TERMS OF REFERENCE

ROLES AND RESPONSIBILITIES

- 1 Statutory Functions of the Executive Committee
 - 1) Reviews the performance of the municipality in order to improve:
 - i. the economy, efficiency and effectiveness of the municipality;
 - ii. the efficiency of credit control and revenue and debt collection services;
 - iii. the implementation of the municipality's by-laws; and
 - iv. Monitors the management of the municipality's administration in accordance with the policy directions of the municipal council (output monitoring);
 - 2) Oversees the provision of services to communities in the municipality in a sustainable manner;
 - 3) Annually reports on the involvement of communities and community organisations in the affairs of the municipality;
 - 4) Considers recommendations on the alignment of the IDP and the budget received from the relevant councillors;
 - 5) Ensures that regard is given to public views and reports on the effect of consultation on the decisions of the council;

- 6) Makes recommendations to council regarding:-
 - i. the adoption of the estimates of revenue and expenditure, as well as capital budgets and the imposition of rates and other taxes, levies and duties;
 - ii. the passing of by-laws; and
 - iii. the raising of loans.
- 7) approval or amendment of the IDP
- 8) appointment and conditions of service of Municipal Manager and heads of departments
- 9) Deals with any other matters referred to it by the council and submits a recommendation thereon for consideration by the council;
- 10) Attends to and deals with all matters delegated to it by council in terms of the Systems Act;
- 11) Appoints a chairperson/s from the members of the Executive Committee, for any committee established by council in terms of section 80 of the Structures Act to assist the Executive Committee;
- 12) Delegates any powers and duties of the Executive Committee to any Section 80 committee;
- 13) Varies or revokes any decisions taken by a section 80 committee, subject to vested rights;
- 14) Develops strategies, programmes and services to address priority needs of the municipality through the IDP and estimates of revenue and expenditure, taking into account any applicable national and provincial plans and submits a report to, and recommendations thereon, to the council;
- 15) Subject to applicable legislation, recommends or determines the best methods, including partnerships and other approaches to deliver services, programmes and projects to the maximum benefit of the community;
- 16) Identifies and develops criteria in terms of which progress in the implementation of services, programmes and objectives to address the priority needs of the municipality can be evaluated, which includes key performance indicators which are specific to the municipality and common to local government in general;
- 17) Manages the development of the performance management system, assigns responsibilities in this regard to the municipal manager and submits the proposed performance management system to council for consideration;
- 18) Monitors progress against the said key performance indicators;
- 19) Receives and considers reports from committees in accordance with the directives as stipulated by the Executive Committee;
- 20) Elects a chairperson to preside at meetings if both the mayor and deputy mayor are absent from a meeting in the event of there being a quorum present at such a meeting, if the Mayor failed to designate a member of exco in writing to act as Mayor;
- 21) Considers appeals from a person whose rights are affected by a decision of the municipal manager in terms of delegated powers, provided that the decision reached by this committee may not retract any rights that may have accrued as a result of the original decision.
- 22) Reports, in writing, to the municipal council on all decisions taken by Exco at the next ordinary council meeting

Other functions of the Executive Committee

- 1) Recommends to council after consultation with the relevant Portfolio Committee, policies where council had reserved the power to make policies itself;
- 2) Recommends after consultation with the relevant Sect 79 Committee, rules of order of council meetings and approves rules of order for meetings of itself and any other committee;
- 3) Makes recommendations to council on proposed political structures of council;
- 4) Makes recommendations to council in respect of council's legislative powers; and
- 5) Determines strategic approaches, guidelines and growth parameters for the draft budget including tariff structures;

Line of Accountability and Reporting

Executive Committee reports to, and is accountable to the council.

PORTFOLIO COMMITTEES (SECTION 80)

The third layer of committees is the Portfolio Committees (in terms of Section 80 of the Local government: Municipal Structures Act, 1998), which makes recommendations to the EXCO and report back on resolutions taken in terms of its delegated powers.

All Portfolio Committees report to the Executive Committee. The Executive Committee may refer a matter back to the Portfolio Committee for further consideration, amend or adopt the recommendations if it has delegated authority to do so, or submit its (Executive committee) recommendations to council.

There are 5 (five) section 80 committees, namely:

- Financial Services Portfolio Committee
- Infrastructure Services Portfolio Committee
- Community Services Portfolio Committee
- Good Governance Portfolio Committee
- Economic Development Portfolio Committee

The Financial Services Portfolio Committee will be chaired by the Mayor and the deputy mayor shall be a member of that Committee. The remaining committees will consist of 2 (two) EXCO members and 10 ordinary councillors, and will be supported by the Strategic Executive Manager for the particular committee.

TERMS OF REFERENCE

The responsibilities of the Portfolio Committees, in respect of their functional areas, are:

- 1) to develop and recommend strategy;
- 2) to develop and recommend by-laws;
- 3) to consider and make recommendations in respect of the draft budget and IDP;
- 4) to ensure public participation in the development of policy, legislation, IDP and budget;
- 5) to monitor the implementation of Council policies; and
- 6) to exercise oversight on all functional areas.

Functions

Formulates recommendations for consideration by the executive committee in relation to:

- 1) policy falling within the functional area of the portfolio after consultation with the relevant Head of Department;
- 2) annual business plans falling within the functional area of the portfolio;
- 3) the implementation of the business plans of the functional areas of the portfolio;
- 4) the review of financial performance against approved budgets relating to prior and current years including dealing with reports from the Auditor-General;
- 5) the draft budget in respect of the functional areas of the portfolio, including tariffs of charges after consultation with the relevant Head of Department;
- 6) reports and recommendations submitted in respect of the functional areas of the portfolio including comment arising from its oversight function;
- 7) compliance with the legislation, norms and standards in respect of the functional areas of the portfolio;
- 8) passing or amendments of by-laws pertaining to the function of the portfolio; and
- 9) prioritising projects falling within the functional areas of the portfolio.

The committee may consult with the municipal manager and the relevant Head of Department on council's policies and programmes.

Line of Accountability and Reporting

Reports to the Executive Committee.

FINANCIAL SERVICES PORTFOLIO COMMITTEE

TERMS OF REFERENCE

BUDGET AND TREASURY MANAGEMENT

Budget and Tariffs

- 1) Ensure the time schedule outlining key deadlines for budget process as prescribed in Section 21 (b) of the MFMA is considered and recommended to the Executive Committee and Full Council.
- 2) Oversee the preparation of the Annual Budget and make recommendations to the Executive Committee.
- 3) Consider the Annual Budget's compliance with the MFMA and alignment with the IDP and make recommendations to the Executive Committee.
- 4) Evaluate the competency of financial services officials dealing with the budget in all units, take necessary steps to ensure compliance and competency levels and report to the Management Committee and if necessary the Executive Committee.

- 5) Ensure the staffing capacity of the Budget Office is maintained at optimal levels and review the organizational structure of the unit to ensure effective management and control and make recommendations thereon to the Management Committee and if necessary the Executive Committee.
- 6) Consider the Budget Policy and Procedures and make recommendations to the Executive Committee.
- 7) Consider the monthly budget reports and statements and make recommendations to the Executive Committee.
- 8) Consider the Mid-Year Budget and the Adjustments Budget and make recommendations to the Executive Committee.

Annual Financial Statements

- 1) Timely preparation and legislative compliance of the Annual Financial Statements for Council and Municipal Entities.
- 2) Timeous submission of the Annual Financial Statements to the Auditor-General.
- 3) Evaluate the capacity and effectiveness of the unit and report to the Management Committee and if necessary the Executive Committee.

Management Accounting

- 1) Responses to the Auditor-General's Management Letter and final report.
- 2) Corrective action to be taken in response to issues raised in the Auditor-General's report.
- 3) Management responses to Internal Audit reports and implementation of Audit Committee recommendations.
- 4) Management reports.

SUPPLY CHAIN MANAGEMENT

- 1) Review the Supply Chain Management Policy and make recommendations to the Executive Committee.
- 2) Consider the Supply Chain Management budget and make recommendations to the Executive Committee.
- 3) Budget implementation.
- 4) Document management and filing systems.
- 5) Evaluate the skill and competency of the unit and ensure relevant competency levels and report to the Management Committee.

Tenders

- 1) Legislative compliance in respect of tender procedures from advertisement to award stage.
- 2) Implementation of the Supply Chain Management Policy in the tender process.
- 3) Maintenance of Bid Registers and the publication thereof on the Municipal website and noticeboards.
- 4) Budgetary provision for all tenders prior to advertisement.
- 5) Role of the Legal Advisers in the tender opening process.
- 6) Record keeping in respect of tenders.

Quotations

- 1) Legislative compliance in respect of quotations, order notes and acceptance letters.
- 2) Implementation of the Supply Chain Management Policy in respect of the quotation procedure.
- 3) Budgetary provision for all goods/services procured by the quotation process.
- 4) Record keeping in respect of quotations.

Creditor's Database

- 1) Monitoring that the Creditor's Database is being updated and correctly utilized.

EXPENDITURE MANAGEMENT

- 1) Expenditure controls and procedures.
- 2) Evaluate the skill and competency of staff and report to the Management Committee and if necessary the Executive Committee.
- 3) Legislative compliance and statutory commitments.
- 4) Monthly reconciliations.

Contracts Management

- 1) Policies and procedures for management of contracts.
- 2) System of delegation to ensure contract performance.
- 3) Consider regular reports on the management of contracts and performance of the contractors and report to the Management Committee and if necessary the Executive Committee.
- 4) Legislative compliance of any contract variations.

Payments

- 1) Controls for payment of creditors.
- 2) Trade Creditors Proof List.
- 3) Implementation of controls and legislative requirements.

Remuneration

- 1) Controls for payment of staff salaries, wages, allowances and benefits.
- 2) Implementation of controls and legislative requirements.

Inventory Management

- 1) Consider the Stores budget and make recommendations to the Executive Committee.
- 2) Implementation of the budget.
- 3) Implementation of inventory management and control measures.
- 4) Evaluate the capacity and competency of the unit and ensure relevant competency levels and report to the Management Committee and if necessary, the Executive Committee.

REVENUE MANAGEMENT

- 1) Review all policies in respect of Revenue Management and make recommendations to the Executive Committee.
- 2) Implementation of the policies.
- 3) Evaluate the capacity and competence of the unit and report to the Management Committee and if necessary, the Executive Committee.

Billing

- 1) Billing systems, meter reading performance and customer care.

Rates

- 1) Collection levels of rates income.

Credit Control

- 1) Evaluate the effectiveness of mechanisms, processes and procedures for credit control and report to the Management Committee and if necessary, the Executive Committee.
- 2) Implementation of procedures for Credit Control.

Debt Collection

- 1) Evaluate the effectiveness of mechanisms, processes and procedures for debt collection and report to the Management Committee and if necessary, the Executive Committee.
- 2) Implementation of procedures for debt collection.
- 3) Monitor debt collection rates and report to the Executive Committee.

Cash Receipts and Banking

- 1) Evaluate the effectiveness of systems for cash receipts, banking and report to the Management Committee.
- 2) Management and usage of bank accounts.
- 3) Consider the quarterly reports on withdrawals and report to the Executive Committee.

Customer Care

- 1) Evaluate the effectiveness of customer care processes, mechanisms and report to the Management Committee.
- 2) Implementation of Batho Pele principles and customer care.

FINANCIAL CONTROL AND CASH MANAGEMENT

- 1) Evaluate the effectiveness of financial controls, systems and report to the Management Committee.
- 2) Evaluate the capacity and competency of the unit and report to the Management Committee and if necessary, the Executive Committee.

Cash Management

- 1) Implementation of systems controls and management of cash.
- 2) Cash-backed funding levels.

Financial Systems Management

- 1) Evaluate financial systems and management thereof and report to the Management Committee.
- 2) Implementation of financial systems management, control measures and legislative compliance.
- 3) Consider monthly reports and make recommendations to the Executive Committee.

Reconciliations

- 1) Reconciliations and legislative compliance.

BYLAWS

- 1) Consider bylaw reviews submitted by Legal Unit in respect of matters within the committee's terms of reference and make recommendations thereon to the Executive Committee.
- 2) Consideration of bylaws within the committee's terms of reference for adoption and publication.

REPORTING

- 1) Submits recommendations to the Executive Committee on those matters not falling within its delegated powers.
- 2) Submits recommendations to the Management Committee on operational matters falling within its terms of reference.

INFRASTRUCTURE SERVICES PORTFOLIO COMMITTEE

TERMS OF REFERENCE

MUNICIPAL INFRASTRUCTURE PLANNING, FUNDING, MAINTENANCE AND DEVELOPMENT MANAGEMENT

Municipal Infrastructure Grants

- 1) Consider budget and project applications for Municipal Infrastructure Grants and make recommendations to the Executive Committee.
- 2) Budget expenditure and project implementation.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Executive Committee.
- 4) Evaluate the alignment of the Integrated Development Plan and the Municipal Infrastructure Grant projects with community needs and report to the Management Committee and if necessary, the Executive Committee.

Municipal Infrastructure Planning

- 1) Consider the Municipal Infrastructure Plans, budget and make recommendations to the Executive Committee.
- 2) Budget expenditure and project/plans implementation.
- 3) Evaluate the alignment of the Integrated Development Plan and the Infrastructure Plans with the community needs and report to the Management Committee and if necessary, the Executive Committee.

Fleet Management

- 1) Consider budget and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness of management and the capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.
- 4) Review implementation of the Fleet Management System, the Section 78 process and the vehicle policy and report to the Executive Committee.

Mechanical Workshops

- 1) Consider budget and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the capacity and effectiveness of the unit and report to the Management Committee and if necessary, the Executive Committee.
- 4) Skills development programme.

Asset Management and Maintenance

- 1) Consider infrastructure maintenance plans, budget and make recommendations to the Executive Committee.
- 2) Budget expenditure and maintenance plans implementation.
- 3) Evaluate the effectiveness of maintenance plans and the capacity of the units for implementation and report to the Management Committee and if necessary, the Executive Committee.
- 4) Assess the state of assets and the asset register and report to the Executive Committee.

HOUSING AND HUMAN SETTLEMENT DEVELOPMENT MANAGEMENT

Housing

- 1) Consider the budget and housing projects and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Review all housing policies, rental policies, informal settlement policies and make recommendations to the Executive Committee.
- 4) Rental agreements.
- 5) Evaluate the effectiveness and capacity of the unit, including allegations of fraud and corruption, and report to the Management Committee and if necessary, the Executive Committee.

Town Planning

- 1) Consider budget and make recommendations to the Executive Committee.
- 2) Monitor budget expenditure.
- 3) Approved applications.
- 4) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

Valuations and Real Estate

- 1) Consider the budget and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.
- 4) Business rental, land sale and land purchase agreements.

ELECTRICITY DISTRIBUTION MANAGEMENT

Administration

- 1) Consider budget and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness of management, the capacity of the unit and the legal compliance of the Administration unit and report to the Management Committee and if necessary, the Executive Committee.
- 4) Review tariff policies and report to the Executive Committee.
- 5) Tariff policies, Demand Management System, connections and disconnections, overtime, customer services etc.

Maintenance

- 1) Consider the budget and maintenance plans and make recommendations to the Executive Committee.
- 2) Budget expenditure and plans implementation.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

Planning

- 1) Consider budget and planning programmes and make recommendations to the Executive Committee.
- 2) Budget expenditure and programme implementation.
- 3) Evaluate effectiveness, capacity and legal compliance of unit and report to the Management Committee and if necessary, the Executive Committee.

Networks

- 1) Consider budget and refurbishment programmes and make recommendations to the Executive Committee.
- 2) Budget expenditure and refurbishment programmes.
- 3) Evaluate effectiveness, capacity and compliance of the unit and report to the Management Committee and if necessary, the Executive Committee.

Connections

- 1) Consider budget and programmes/projects and make recommendations to the Executive Committee.
- 2) Budget expenditure and project implementation.
- 3) Evaluate the effectiveness, capacity and compliance of the unit and report to the Management Committee and if necessary, the Executive Committee.

WATER DISTRIBUTION AND SANITATION MANAGEMENT

Administration

- 1) Consider budget and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness of management, capacity and compliance of the unit and report to the Management Committee and if necessary, the Executive Committee.
- 4) Review tariff structures and policies and make recommendations to the Executive Committee.
- 5) Policies, water restrictions and audit meters, free basic water etc.

Maintenance

- 1) Consider the budget and maintenance plans and make recommendations to the Executive Committee.
- 2) Budget expenditure and maintenance plans.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

Planning

- 1) Consider the budget and planning programmes and make recommendations to the Executive Committee.
- 2) Budget expenditure and programmes.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

Networks

- 1) Consider the budget and refurbishment programmes/projects and make recommendations to the Executive Committee.
- 2) Budget expenditure and programmes/projects.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

Connections

- 1) Consider the budget and projects and make recommendations to the Executive Committee.
- 2) Budget expenditure and programmes.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.
- 4) Illegal connections.

Sanitation

- 1) Consider the budget and projects and make recommendations to the Executive Committee.
- 2) Budget expenditure and projects.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

WASTE MANAGEMENT

Waste Removal

- 1) Consider the budget and make recommendations to the Executive Committee.
- 2) Budget expenditure and management.
- 3) Evaluate the effectiveness of management and the capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

Refuse Collection

- 1) Consider the budget and make recommendations to the Executive Committee.
- 2) Budget expenditure and management.
- 3) Evaluate the effectiveness of management and the capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

Landfill Site

- 1) Consider budget and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness, capacity and legal compliance of the unit and report to the Management Committee and if necessary, the Executive Committee.
- 4) Consider recommendations of the Landfill Site Monitoring Committee for further recommendation to the Executive Committee if necessary.

ROADS AND STORMWATER

Administration

- 1) Consider budget and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness of management, capacity and compliance of the unit and report to the Management Committee and if necessary, the Executive Committee.

Maintenance

- 1) Consider the budget and maintenance plans and make recommendations to the Executive Committee.
- 2) Budget expenditure and maintenance plans.
- 3) Evaluate the effectiveness, capacity and legal compliance of the unit and report to the Management Committee and if necessary, the Executive Committee.

Planning

- 1) Consider the budget and planning programmes and make recommendations to the Executive Committee.
- 2) Budget expenditure and programmes.
- 3) Evaluate the effectiveness and capacity of the unit and report to the Management Committee and if necessary, the Executive Committee.

BYLAWS

- 1) Consider bylaw reviews submitted by Legal Unit in respect of matters within the committee's terms of reference and make recommendations thereon to the Executive Committee.
- 2) Consideration of bylaws within the committee's terms of reference for adoption and publication.

REPORTING

- 1) Submits recommendations to the Executive Committee on those matters not falling within its delegated powers.
- 2) Submits recommendations to the Management Committee on operational matters falling within its terms of reference.

COMMUNITY SERVICES PORTFOLIO COMMITTEE

TERMS OF REFERENCE

REGIONAL COMMUNITY SERVICES PROVISION MANAGEMENT

Airport

- 1) Co-ordinate discussions/negotiations with the Provincial Government, District Council, Pietermaritzburg Business Chamber and Airport Management with respect to the future management and maintenance of the Airport in terms of the Municipal Structures Act.
- 2) Consider the budget for the Airport and make recommendations to the Executive Committee.
- 3) Budget expenditure and project implementation.
- 4) Management contract and implementation.
- 5) Other revenue avenues.
- 6) Review the Airport tariffs annually and make recommendations to the Executive Committee.

Health Services and Clinics

- 1) Co-ordinate discussions/negotiations with the Provincial Government and District Council with respect to the future provision and management of Health Services in terms of the Municipal Structures Act.
- 2) Consider the budget for Health and Clinic Services and make recommendations to the Executive Committee.
- 3) Budget expenditure.
- 4) Evaluate the effectiveness and financial viability of the Clinic Services and report to the Management Committee and if necessary, the Executive Committee.

Libraries

- 1) Consider the budget for Libraries and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness and financial viability of Library Services and report to the Management Committee and if necessary, the Executive Committee.
- 4) Service Level Agreements.

Cemeteries and Crematoria

- 1) Co-ordinate discussions/negotiations with the Provincial Government and District Council with respect to the future establishment, management and maintenance of cemeteries and crematoria.
- 2) Consider the budget for cemeteries and crematoria and make recommendations to the Executive Committee.
- 3) Budget implementation.
- 4) Review the tariffs in respect of cemeteries and crematoria annually and make recommendations to the Executive Committee.
- 5) Evaluate the effectiveness and financial viability of the management and maintenance of the cemeteries and crematoria and report to the Management Committee and if necessary, the Executive Committee.

Environmental Health

- 1) Co-ordinate discussions/negotiations with the Provincial Government and District Council with respect to the future management of Environmental Health Services.
- 2) Consider the budget for Environmental Health Services and make recommendations to the Executive Committee.
- 3) Budget expenditure.
- 4) Review the tariffs and fines in respect of the implementation/enforcement of the Environmental Health legislation and make recommendations to the Executive Committee.
- 5) Evaluate the effectiveness and financial viability of the Environmental Health Services and report to the Management Committee and if necessary, the Executive Committee.

COMMUNITY SERVICES PROVISION MANAGEMENT

Parks, Conservation and Environment

- 1) Consider budget for Parks and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness of management and maintenance of Parks and report to the Management Committee and if necessary, the Executive Committee.

Sport and Recreation

- 1) Consider budget for Sport and Recreation and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Review tariffs for sport and recreation facilities annually and make recommendations to the Executive Committee.
- 4) Evaluate the effectiveness of management, maintenance and usage of sport and recreation facilities and report to the Management Committee and if necessary, the Executive Committee.

Market

- 1) Consider budget for the Market and make recommendations to the Executive Committee.
- 2) Budget expenditure
- 3) Review the tariffs for the Market annually and make recommendations to the Executive Committee.
- 4) Evaluate the effectiveness of management and the financial viability of the operations of the Market and make recommendations to the Management Committee and if necessary, the Executive Committee.

Forestry

- 1) Review the Service Level Agreement with NCT and evaluate the effectiveness and financial viability of the forestry activities undertaken on behalf of the Municipality, consider implementation of Section 78 process and make recommendations to the Executive Committee.
- 2) Consider the budget for NCT Forestry activities and make recommendations to the Executive Committee.
- 3) Budget expenditure and Service Level Agreement.

Municipal Public Works

- 1) Consider the maintenance budget for immovable municipal assets and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness of the asset maintenance plans/programmes and make recommendations to the Management Committee and if necessary, the Executive Committee.

Tatham Art Gallery

- 1) Consider budget for the Tatham Art Gallery and make recommendations to the Executive Committee.
- 2) Budget expenditure.

PUBLIC SAFETY AND DISASTER MANAGEMENT

Traffic Services

- 1) Consider the budget for Traffic Services and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Review the fines structure, processes and procedures and report to the Executive Committee.
- 4) Evaluate the effectiveness of the management and enforcement of traffic legislation and report to the Management Committee and if necessary, the Executive Committee.

Licensing

- 1) Consider the budget for Licensing and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Review the bylaws governing Licensing procedures and the Informal Trade Policy and make recommendations to the Executive Committee.
- 4) Evaluate the effectiveness and capacity of the Licensing Unit and the revenue collection arising from this function and report to the Management Committee and if necessary, the Executive Committee.

Public Safety and Security

- 1) Consider the budget for Public Safety and Security and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness and capacity of the Public Safety and Security unit, especially in respect of providing safety and security within public areas; the monitoring and control of Informal Traders and illegal activities; and the relationships with the South African Police Force, Safe City and relevant business units and report to the Management Committee and if necessary, the Executive Committee.
- 4) Safe City.

Fire and Rescue Services

- 1) Consider the budget for Fire and Rescue Services and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Shift system and overtime practices.
- 4) Evaluate the effectiveness, capacity and legislative compliance of the Fire and Rescue Services and report to the Management Committee and if necessary, the Executive Committee.

Disaster Management

- 1) Consider the budget for Disaster Management and make recommendations to the Executive Committee.
- 2) Budget expenditure.
- 3) Evaluate the effectiveness, capacity and compliance of Disaster Management and report to the Management Committee and if necessary, the Executive Committee.

BYLAWS

- 1) Consider bylaw reviews submitted by Legal Unit in respect of matters within the committee's terms of reference and make recommendations thereon to the Executive Committee.
- 2) Consideration of bylaws within the committee's terms of reference for adoption and publication.

REPORTING

- 1) Submits recommendations to the Executive Committee on those matters not falling within its delegated powers.
- 2) Submits recommendations to the Management Committee on operational matters falling within its terms of reference.

CORPORATE SERVICES PORTFOLIO COMMITTEE

TERMS OF REFERENCE

INTERNAL AUDIT AND COMPLIANCE

Monitor Budget expenditure and implementation of Internal Audit Programme.

COUNCIL AND COMMITTEE SUPPORT TO POLITICAL OFFICES

- 1) Mechanisms for community consultation.
- 2) Consider motivations and budget for community consultation projects, for recommendation to the Executive Committee.
- 3) Administrative systems and policies within the political offices.
- 4) Budget implementation and expenditure.
- 5) Receive reports from Ward Committees for recommendation to relevant structures.
- 6) Secretariat services.

LEGAL SERVICES AND LEGISLATIVE COMPLIANCE

Corporate and Legal

- 1) Consider legal and arbitration matters, institution of proceedings etc and recommend to the Executive Committee where necessary.
- 2) New or amended legislation and policies.
- 3) Legislative compliance of existing policies.
- 4) Where necessary recommend amendments to policies to the Executive Committee.
- 5) Service Level Agreements.
- 6) Legal budget implementation and expenditure.

Bylaws

- 1) Consider bylaw reviews submitted by Legal Unit in respect of matters within the committee's terms of reference and make recommendations thereon to the Executive Committee.
- 2) Consideration of bylaws within the committee's terms of reference for adoption and publication.

Delegations Management

- 1) Annually review delegations to political structures and administration and make recommendations thereon to the Executive Committee or the Management Committee.

Policies, Processes and Procedures

- 1) Review of Rules and Procedures of Council and its Committees for recommendation to the Executive Committee.

HUMAN RESOURCES MANAGEMENT

Performance Management

- 1) Annual monitoring and review of Performance Management System and recommendations thereon to the Executive Committee.
- 2) Annual Performance Report.

Labour Relations

- 1) Consultation with Local Labour Forum.
- 2) Where necessary make recommendations on Labour Relations/Bargaining Council matters to the Executive Committee.

Recruitment and Selection

- 1) Annual review of Human Resource policies and processes in respect of recruitment and selection and where necessary make recommendations to the Executive Committee thereon.
- 2) Legislative compliance.

Occupational Health

- 1) Implementation of Occupational Health and Safety Act.
- 2) Management training in respect of Occupational Health and Safety Act.

Job Evaluation

- 1) Monitor job evaluation and grading system.

Training and Development

- 1) Policies and procedures for training and skills development.
- 2) Budget implementation and expenditure.
- 3) Work Skills Plan.

Employee Relations

- 1) Annual review of Human Resources policies in respect of Overtime, Telephone/Cellphone usage, Locomotion Allowance, Subsistence and Travel, Leave and Sick Leave, etc. and make recommendations thereon to the Executive Committee.
- 2) Implementation of Human Resource Policies.
- 3) Internal disciplinary and grievance procedures.
- 4) Corporate Communications.
- 5) Human resources expenditure and budget implementation.

INFORMATION MANAGEMENT

Management Information Systems

- 1) Annual review of ICT policies for recommendation to the Executive Committee where necessary.
- 2) Consideration of ICT budget for recommendation to the Executive Committee.
- 3) Council website.

Information Centre

- 1) Document and information keeping systems.
- 2) Access to Information policies and procedures.

Printing

- 1) Printing Unit budget and operations.

Area Based Management

- 1) Roles and responsibilities, programmes, projects and processes in place.
- 2) Consideration of ABM Budget for recommendation to the Executive Committee
- 3) Budget implementation and expenditure.

Information Systems Technical Support

- 1) Council's Information Systems and Technical Support.
- 2) Corporate Information and Communication Technology Assets.
- 3) Consideration of ICT Budget for recommendation to the Executive Committee.
- 4) Annual review of ICT policies for recommendation to the Executive Committee where necessary.

REPORTING

- 1) Submits recommendations to the Executive Committee on those matters not falling within its delegated powers.
- 2) Submits recommendations to the Management Committee on operational matters falling within its terms of reference.

ECONOMIC DEVELOPMENT AND PLANNING PORTFOLIO COMMITTEE

TERMS OF REFERENCE

ECONOMIC DEVELOPMENT AND INTEGRATED DEVELOPMENT PLANNING

Local Economic Development Management

- 1) Review and monitor Local Economic Development Plan/Strategy and make recommendations thereon to the Executive Committee.
- 2) Consider budget for Local Economic Development Strategies and projects, for recommendation to the Executive Committee.
- 3) Investment and Black Economic Empowerment.

Integrated Development Planning

- 1) Oversee annual review of Integrated Development Plan.
- 2) Integrated Development Plan and Annual budget.
- 3) Legislative compliance of Integrated Development Plan.
- 4) Implementation of Integrated Development Plan.

Service Delivery and Budget Implementation

- 1) Oversee annual review of Service Delivery and Budget Implementation Plan and make recommendations thereon to the Executive Committee.
- 2) Implementation of the Service Delivery and Budget Implementation Plan.
- 3) Service Delivery and Budget Implementation Plan / Integrated Development Plan / Annual Budget.

MARKETING AND PUBLIC RELATIONS MANAGEMENT

Tourism

- 1) PMB Tourism.

Marketing and Communications

- 1) Consider motivations and budget for marketing projects and make recommendations thereon to the Executive Committee.
- 2) Municipal marketing strategy.

Public Relations and Community Participation

- 1) Relations with community, business and media structures.
- 2) Public Relations and Community Participation Strategy.

Call Centre

- 1) Call Centre operations and effectiveness.

Events Co-ordination

- 1) Annual Review of Events Calendar and budget for recommendation to the Executive Committee.
- 2) Receive reports on each event and make recommendations thereon to the Executive Committee.

REPORTING

- 1) Submits recommendations to the Executive Committee on those matters not falling within its delegated powers.
- 2) Submits recommendations to the Management Committee on operational matters falling within its terms of reference.

POLITICAL DECISION-TAKING

The Rules and Procedures of Council and its Committees provide as follows for the decision-making process of the Council:

Decisions

- 1) All matters concerning the following shall be determined by a decision taken by the Council with a supporting vote of a majority of the Council:-
 - (a) the passing of by-laws;
 - (b) the approval of budgets;
 - (c) the imposition of rates and taxes, levies and duties; and
 - (d) the raising of loans.
- (2) All other questions before the Council shall be decided by a majority of the votes cast.
- (3) If on any question there is an equality of votes, the Councillor presiding (the Speaker) shall exercise a casting vote in addition to that Councillor's vote as a Councillor.

- (4) Before the council takes a decision on any of the following matters it shall first require the Executive Committee to submit a report and recommendation on the matter:-
- (a) the passing of by-laws;
 - (b) the approval of budgets;
 - (c) the imposition of rates;
 - (d) the raising of loans;
 - (e) the approval of an integrated development plan for the Municipality and any amendment to that plan;
 - (f) the appointment and conditions of service of the Municipal Manager and a head of department of the Council."

2.2 ADMINISTRATIVE GOVERNANCE

INTRODUCTION TO ADMINISTRATIVE GOVERNANCE

The Municipal Manager is the head of the municipal administration. Subject to the policy directions of the municipal council, the Municipal Manager is responsible and accountable for the formation and development of an economical, effective, efficient and accountable administration. The Municipal Manager must make sure the administration is equipped to implement the municipality's integrated development plan, that it operates in accordance with the municipality's performance management system, and that it is responsive to the needs of the local community. The roles and responsibilities of the Municipal Manager are comprehensively set out in Section 55 of the Municipal Systems Act and responsibilities of the Municipal Manager as Accounting Officer is set out in Chapter 8 of the Municipal Finance Management Act, 56 of 2003.

The Municipal Manager's office has assumed direct responsibility for Communications and Corporate Strategy as well as the drafting, management and implementation of Council's Integrated Development Plan (IDP). The Internal Audit unit is also located in the Municipal Manager's office and ensures compliance with municipal legislation. In addition the five Business Units that mirror the committee portfolios also report to the Municipal Manager. These Business Units, each headed by a Deputy Municipal Manager, ensure that services are delivered to the people of the Msunduzi Municipality. They are:

- Infrastructure services;
- Community services;
- Economic Development;
- Financial Services; and
- Corporate services.

The Municipal Manager and his team of executive managers hold weekly meetings to discuss key strategic service deliverables, and to offer guidance on achieving IDP goals. The administrative component is aligned with the five National Key Performance Areas; Financial Viability and management, Local economic Development, Basic service delivery and Infrastructure development, Good Governance and Public Participation, Institutional Development and Transformation, Environmental Planning and Social Services

FUNCTIONAL ORGANOGRAM

COMPONENT B: INTERGOVERNMENTAL RELATIONS

INTRODUCTION TO CO-OPERATIVE GOVERNANCE AND INTERGOVERNMENTAL RELATIONS

The municipality continues to receive full support from the Office of the MEC for Cooperative Governance and Traditional Affairs. Substantial support in the development of a financial recovery plan has also been obtained from National Treasury. The Provincial Treasury has also assisted in terms of developing both the strategic and operational risk registers of the municipality. Whilst the Municipal Infrastructure Grant (MIG) was the primary source of funding for capital projects related to infrastructure development and basic services, the following basic services are delivered to the community using mechanisms of intergovernmental relations with National/ Provincial Departments and/or parastatals:

Water & Sanitation - Department of Water Affairs and Umgeni Water;

Housing - Department of Human Settlements;

Electricity - Department of Minerals & Energy and Eskom

Various other grants, such as the Neighbourhood Partnership Development Grant, have been received for the implementation of projects. All information related to grants received is disclosed as required in the Annual Financial Statements.

2.3 INTERGOVERNMENTAL RELATIONS

NATIONAL INTERGOVERNMENTAL STRUCTURE

The municipality remains a member of the South African Cities Network (SACN). Unfortunately, due to the financial constraints of the organization, there was a minimal level of participation in the various knowledge-sharing forums organized by the SACN.

PROVINCIAL INTERGOVERNMENTAL STRUCTURE

The municipality has received support for the implementation of Organizational Performance Management from the Provincial Department of Cooperative Governance and Traditional Affairs. The Municipal Manager participates in the MUNIMEC and Technical MUNIMEC forums.

RELATIONSHIPS WITH MUNICIPAL ENTITIES

The municipality has one municipal entity called Safe City. Safe City is dedicated to making the City of Pietermaritzburg a better place in which to live, work and play. The project has a number of elements, including:

1. The monitoring of crime through 70 CCTV cameras in the City;
2. An SMS programme which encourages citizens to report suspicious behaviour and activities;
3. c-SAFE, a panic alert system accessible from your cell phone.

DISTRICT INTERGOVERNMENTAL STRUCTURES

At a District level, the municipality has participated in the District Municipal and Technical Forum which is chaired by the District Mayor, Councillor Yusuf Bhamjee. In addition, the municipality has partnered with the District on issues related to waste management.

COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION

OVERVIEW OF PUBLIC ACCOUNTABILITY AND PARTICIPATION

During the 2013/2014 financial year, the municipality had 37 functional ward committees which serve as a conduit between the municipality and the committee. In addition, a public participation policy and guideline was developed and approved by Council. In addition to ward committees, the Service Delivery and Budget Implementation Plan (SDBIP) is made public and published on the municipal website. This contains projected financial and service delivery Indicators and deliverables. Members of the public are also invited to participate in the Oversight process related to the Annual Report.

In the promotion of public accountability and participation members of the public are invited to attend all meetings of the Council and its committees. Another mechanism of public participation is conducted through Mayoral Budget and Integrated Development Plan (IDP) Izimbizo's. These are held prior to developing the draft budget in order to provide feedback to the community the implementation of projects in the current financial year and to illicit the needs of the community in order to provide input for the new financial year. A second Izimbizo is held once the draft budget has been developed in order to inform the public of key elements in the proposed budget and illicit responses thereto.

Section 2.4 below provides an outline of further mechanisms which the municipality utilizes as a mean of public participation.

2.4 PUBLIC MEETINGS

COMMUNICATION, PARTICIPATION AND FORUMS

The Municipal Systems Act as promulgated in 2000 describes the various core processes that are essential in realizing a system of developmental local government. These aspects include participative governance, IDP, performance management and reporting, resource allocation and organisational change. These processes are linked into a single cycle at the local level that will align various sectoral initiatives from national and provincial government departments with municipalities own capacities and processes, including alignment with district initiatives.

The process plan is a document that is developed for this very purpose it outlines the framework/process for the alignment and engagement in the review of the Integrated Development Plan. This is done in alignment with parallel processes like the Budget and the Performance Management System. Every year around the end of August, Msunduzi Municipality finalize a Process Plan which is approved by Full Council, once approved a public notice is posted to our website and various newspapers inviting members of public as well as various stakeholders to make submissions with regards to developmental priority needs. The very same Process Plan is posted on the Msunduzi website where different activities and milestones are reflected in terms of the IDP review and PMS and Budget implementation and monitoring. The Msunduzi Municipality has a structured program of public participation. This program is reflected in the Process Plan and forms the basis for citizenry engagement framework which is currently mooted in a form of a public participation policy.

The following are forms of citizenry participation that are utilized by the Municipality to ensure the citizen and stakeholders voice are accommodated in the planning, execution and review of the IDP, Budget and PMS processes:

- Ward Committee Monthly Meetings
- Stakeholders Quarterly Meeting (Reporting on PMS Progress/SDBIP and IDP)
- Monthly Community Meetings by Councillors (due to financial constraints-are held once in two months /6 meetings per annum per ward)
- Project Based Meetings
- Sector Plan Based Engagements
- Executive committee
- Full Council Meeting
- Integrated Development Planning Meetings:
- Izimbizo: Public Meetings for Budget, IDP etc
- Municipal Property Rates Act (MPRA)

- Service Standard or Charter
- Community Based Planning
- Complaints Register: Customer Care and Batho Pele Engagements
- Sukuma Sakhe – Premier’s Flagship Tool for Accelerated Service Delivery at a Ward Base Level
- Attendance to invitations by Interest groups
- Partnerships and MOUs: MIDI, etc

The public participation mechanisms/forums listed above are conducted throughout the year specifically at an operational level and then some of them are organized on a fortnightly, monthly, quarterly and annually as reflected in our Process Plan, the intergovernmental relations and citizenry participation system model is presented for adoption by Full Council which forms the basis for Public Participation Policy.

WARD COMMITTEES

Section 74 of the Municipal Structures Act, and regulation 5 of the Government Gazette No. 27699 Ward Committee, state that Ward Committees may have powers and functions delegated to them (which are essentially advisory in nature) in terms of S59 of the Municipal Systems Act, these are:

- 1) To serve as an official specialized participatory structure in the Msunduzi Municipality.
- 2) To create formal unbiased communication channels as well as a co-operative partnership between the community and the Council.
- 3) Advise and make recommendations to the Ward Councillor on matters of policy affecting the Ward.
- 4) Assisting the Ward Councillors in identifying the challenges and needs of residents.
- 5) Dissemination of information in the Ward concerning municipal affairs such as the budget, integrated development planning, performance management systems, service delivery options and municipal properties.
- 6) Receive queries and complaints from residents concerning municipal service delivery, communication with Council and provide feedback to the community on Council’s response.
- 7) Ensure constructive and harmonious interaction between the municipality and community through the use and co-ordination of ward residents meetings and other community development forums, and
- 8) Interact with other organizations and forums on matters affecting the ward.

A ward committee may also make recommendations on any matter affecting its ward to the ward councillor or through the ward councillor to the local council.

CITY OF CHOICE

PIETERMARITZBURG
MSUNDUZI

PUBLIC MEETINGS

In total 234 ward committee meetings were held and 184 community meetings were held, broken down as follows:

COMMENT ON THE EFFECTIVENESS OF THE PUBLIC MEETINGS HELD:

The Municipality and Communities alike benefited from the meetings mentioned above as through the consultative processes, brainstorming occurred and ward committees imparted their advice to the Councillor who in turn did so to council. Council then took these recommendations forward by using certain aspects in terms of the Municipal Turnaround Strategy. Requests are being dealt with in a systematic manner with council having taken a decision to open a fully-fledged call centre to take calls from community members where there are issues of service delivery.

2.5 IDP PARTICIPATION AND ALIGNMENT

TABLE 21: IDP Participation and Alignment Criteria*	Yes/No
Does the municipality have impact, outcome, input, output indicators?	Yes
Does the IDP have priorities, objectives, KPIs, development strategies?	Yes
Does the IDP have multi-year targets?	Yes
Are the above aligned and can they calculate into a score?	Yes
Does the budget align directly to the KPIs in the strategic plan?	Yes
Do the IDP KPIs align to the Section 57 Managers	Yes
Do the IDP KPIs lead to functional area KPIs as per the SDBIP?	Yes
Were the indicators communicated to the public?	Yes
Were the four quarter aligned reports submitted within stipulated time frames?	-
*Section 26 Municipal Systems Act 2000	

COMPONENT D: CORPORATE GOVERNANCE

OVERVIEW OF CORPORATE GOVERNANCE

Corporate Governance at Msunduzi Municipality entails Risk Management, Anti-Corruption and Fraud and Supply Chain Management which is unpacked below.

2.6 RISK MANAGEMENT

RISK MANAGEMENT

Section 62(1)(c)(i) of the Municipal Finance Management Act, Act 53 of 2003 requires the Accounting Officer to establish and maintain effective, efficient & transparent systems of risk management. The Msunduzi Municipality risk management philosophy is informed by the constitutional imperatives. The preamble of our constitution and Chapter 2 of the Constitution deals extensively with the Bill of Rights. The Constitution describes one of the values of founding provisions as; Human dignity, the achievement of quality and the advancement of human rights and freedoms. Section 3 of the Constitution further states that all citizens are equally entitled to the rights, privileges and benefits of citizenship.

- The values that are enshrined in the Constitution and the Bill of Right are relevant to risk management.
- The Msunduzi Municipality is aware that no organization is functioning in a risk-free environment and as a public institution it is susceptible to risks associated with the fulfilling of our constitutional mandate.

The Msunduzi Municipality is committed to achieve its vision as set out in its Integrated Development Plan (IDP) document as well as its vision 2030 City Development Strategy and to contribute towards building a "better life for all" through the blue print National Development Plan. Msunduzi therefore consider risk management as an integral part of its strategy and operations and as a management tool to assist in achieving our service delivery objectives.

To effectively manage risks to the achievement of the municipality's objectives provides managers with a systematic way to make responsible, coherent and informed decisions and enables them to achieve improved outputs and outcomes. A structured approach to the management of risks also enhances and encourages the identification of greater opportunities for continuous improvement through innovation.

In most of the public sector organisations "risk management" is viewed as a stand-alone activity that requires special skills and resources and adds to an already cumbersome workload. Msunduzi prefer to talk about managing risks, rather than "risk management" and incorporates risk management principles into its everyday management processes.

Risk Management Practices requires the Accounting Officer to manage the strategic and operational risks of the mu-

nicipality. The Msunduzi risk management system provides for mitigating strategies and control activities against the risks within the municipality from unacceptable likelihood and impact.

The municipality's risk management system identifies strategic and operational risks and assigns responsibility to appropriate officials within the municipality. The Audit Committee's role in relation to risk is to provide an oversight role and advise Council.

The municipality has a Risk Management Committee in place that meets on quarterly basis and is made of the Deputy Municipal Managers. The Risk Management Committee has its terms of reference.

Risk register is updated on regular basis and as the municipality embarks on new initiatives and programmes any emerging risks that could have a negative impact on the municipality's ability to achieve its strategic objectives.

The Council is ultimately responsible for risk management supremacy with Exco and Audit Committee playing a very crucial oversight role as a function that is delegated to them and legislated. The status of strategic and operational risks are reported and monitored on regular basis by Internal Audit Unit and Risk Management Committee who give feed back to the Accounting Officer and Audit Committee.

The following are the top five significant risks that are facing the municipality. The municipality is fully aware of the root causes and has been able to put in place mitigating strategies within the SDBIP for 2013/14 which goes to outer year of the MTERF.

Risk	Root Causes	Mitigation Strategies by management
Loss of life	<ul style="list-style-type: none"> Conductors/Cable faults on secondary network Primary infrastructure ageing Obsolete switchgears illegal connections old substation buildings theft of infrastructure components 	<ul style="list-style-type: none"> Conducting conditional assessment on the MV network & prepare a plan for replacement/ refreshment of obsolete infrastructure assets. Programmes in place to replace old infrastructure with new infrastructure, refurbishment & replace copper conductors with aluminium, installation of new switchgear (Network Upgrade). Accelerate electrification of informal settlements areas. Continuous campaigns to uproot illegal connections. New strategy has been approved by Council & is being implemented
Electricity losses	<ul style="list-style-type: none"> Conductors/Cable faults on secondary network Primary infrastructure ageing Obsolete switchgears illegal connections old substation buildings theft of infrastructure components Low society moral fiber and crime rate 	<ul style="list-style-type: none"> Conducting conditional assessment on the MV network & prepare a plan for replacement/ refreshment of obsolete infrastructure assets. Programmes in place to replace old infrastructure with new infrastructure, refurbishment & replace copper conductors with aluminium, installation of new switchgear (Network Upgrade). Accelerate electrification of informal settlements areas Continuous campaigns to uproot illegal connections. New strategy has been approved by Council & is being implemented
Shortage of burial space which could result on Msunduzi community not able to do burials of their families & loves ones.	<ul style="list-style-type: none"> Lack of pro-active long-term planning in the past for the burial services. 	<ul style="list-style-type: none"> Land has been identified at Hollingwood for new cemeteries but the space is still inadequate due to high death rate. Engage in a process of identification of another new land for new cemeteries to take the municipality to 2030. Advertise & award a contract to commission two new cremators inclusive of maintenance of the cremators.

Risk	Root Causes	Mitigation Strategies by management
Huge debtor's book & low collection rate which impedes solvency & liquidity of the municipal finances & going concern or sustainability of the municipal operations	<ul style="list-style-type: none"> • High rate of unemployment. • Lack of vigorous strategy to collect & data cleansing. 	<ul style="list-style-type: none"> • Data cleansing will be undertaken. • Despite financial a constraint which is an impediment, a strategy will be developed to deal with huge debtor's book & vigorous collection. • The filling of critical posts in finance has been prioritized. • Daily cash flow monitoring will reflect early warning signals.
Loss of data from the server	<ul style="list-style-type: none"> • Lack of business continuity plan • Lack of effective backups of information on offsite (external) server (hot) to safeguard data. • Hacking 	<ul style="list-style-type: none"> • Develop & implement business continuity plan including ICT disaster recovery plan. • Implement ICT Governance Strategy.

2.7 ANTI-CORRUPTION AND FRAUD

FRAUD AND ANTI-CORRUPTION STRATEGY

The Municipal Council reviewed, amended and adopted a policy on anti-fraud & corruption on 24 April 2013. The intention was to cultivate a philosophy; that the entire municipality will fight fraud and corruption as a team and the Policy is set at a high level to cover the worst-case scenario. The Policy seeks to exemplify the following:

- Provision of a focal point and allocation of responsibility, accountability and authority;
- Serves as a conceptual, analytical, planning and review tool;
- Provides a common understanding of what constitutes fraud and corruption that needs to be communicated throughout the Municipal Council;
- Raises vigilance, which means that staff, management and councilors need to be actively involved on an ongoing basis in preventing, detecting and investigating fraud and corruption;
- Uncover the facts which refer to the processes and skills required to manage allegations of fraud and corruption;
- Deterring fraud and corruption, which refers to the processes required in ensuring disciplinary, criminal action and civil recovery are instigated as appropriate, pursuing heavy penalties and advising staff of the outcome; and
- Presents the key elements required for effective prevention of fraud and corruption and represent the approach of Msunduzi Municipality to managing risk of fraud and corruption.

The policy draws its legal mandate from Chapter 2 of the Constitution which deals extensively with the Bill of Rights. The following sections under the Bill of Right are relevant to the obligations of the Constitution versus management of risks including the risk of fraud and corruption. The Constitution describes one of the values of the founding provisions as; Human dignity, the improvement of the quality of life of all citizens and to free the potential of each person. Section 195 of the Constitution provides normative basic values and principles for public administration, including the following:

- A high standard of professional ethics must be promoted and maintained.
- Efficient, economic and effective use of resources must be promoted.
- People's needs must be responded to, and the public must be encouraged to participate in policy-making.
- Public administration must be accountable.

The anti-fraud and corruption policy is further supported by a Whistle Blowing Policy which was also adopted on the same date as the above policy. The following informed the development of the Whistle Blowing Policy:

- When an employee or a councillor or a member of the public realize something is not right within the municipality, they may not want to express their concerns because they feel that doing so would be disloyal to their colleagues or to the municipality and they may also hold back in fear, for example fear of harassment or even victimization. In these circumstances it may be easier to often ignore the situation than report especially when it may just be a suspicion of Ethical misconduct.
- Msunduzi Municipality is committed to its Code of Conduct and has the expectation that where its employees and stakeholders believe that either Msunduzi Municipality or its stakeholders aren't abiding by the Code of Conduct, they should come forward and voice a breach of the code or their concerns.
- This policy specifically provides clarity to all Msunduzi Municipal Employees, Councillors and Suppliers that they can without fear of victimization, subsequent discrimination or disadvantage raise breaches of the Msunduzi Municipality Code of Conduct, Municipal Structures Act, Municipal Systems Act, Municipal Finance Management Act, Supply Chain Management Regulations. The policy further encourages that rather than ignoring a situation or concern, that employees and suppliers alike use the Presidential Fraud Hotline to either confidentially or anonymously report the breach or concern. The party making the call can be assured that wherever practical, and subject to any legal constraints, investigations will proceed on a confidential basis.

The Whistle Blowing Policy:

- is intended to encourage employees, councillors and members of public to feel confident in raising breaches, concerns or disclosing of information relating to fraud and corruption or irregular and or criminal activity in work place in a responsible manner without fear of victimisation;
- is to ensure the whistleblowers that they will be protected from possible reprisals or victimization if the disclosure was made in good faith;
- strive to create a culture which will facilitate the eradication of criminal and other irregular conduct within the municipality;
- provides venues and guidelines for employees, councillors and members of public to disclose information relating to fraud and corruption or irregular and or criminal activity in work place rather than overlooking a problem or blowing the whistle to inappropriate channels; and
- reaffirms the commitment of the Msunduzi Municipality to the Protected Disclosures Act, Act 26 of 2000 came into effect on 16 February 2001.

To give effect to the above policies the Full Council adopted an anti-fraud and corruption strategy which is supported by a matrix of activities and assigns responsibility.

The community has played a pivotal role in reporting unethical behaviour, theft of fuel, electricity, cables, fraud, corruption and other gross irregularities allegedly taking place within the municipality and we thank all of them because as a municipality we cannot identify all these immoral behaviour alone. Without the activism of the citizens of Msunduzi to protect their rates and tax monies which they work very hard for, the municipality will be a lone voice against the scourge of fraud, corruption, theft and other gross irregularities which has become an impediment against service delivery. The following are the statistics on cases that emanated from investigations done during the administration, incidents reported by the members of the community officials and uncovered by our Internal Audit Unit in the past four years:

The unit has engaged in a dialogue with the law enforcement agencies and offered suggestions and requested for their support in fighting this scourge. A closer cooperation between law enforcement agencies and Internal Audit Unit and anti-Fraud and Corruption monitoring mechanisms has been established. Its Forensic Investigation sub-unit conduct investigations on allegations of Fraud and Corruption, high levels of theft, other serious irregularities. It is supported by various experts that has been acquired by the Municipality in the form of Certified Fraud Examiners, Digital Forensic Examiners, Disputed Document Handwriting and Fingerprints, Quantity Surveyors and Engineers

Whistleblowing Hotline facility that is free, including all other forms of reporting with the exception of an short messages system (sms) which cost only R1.50 and uses all eleven (11) official languages of the country, accessible in 24/7 and 365 days a year has opened an opportunity to members of the society in Msunduzi and the entire South Africa to call, email, fax, post or visit www.tip-off.com website anonymously and free of charge. We distributed brochures and placed posters with information in all strategic places where members of the public and employees to know all what would be needed when them to call the whistleblowing hotline.

The municipality has been dealing with matters relating to fraud and corruption within the municipality. There are criminal investigations that are going ahead and other matters are with the National Prosecuting Authority. There were several cases of misconduct which have been finalised and some are on-going.

New allegations of fraud or corruption and other irregularities are currently under investigation and those that are finalised are being referred to either South African Police Services or Legal Unit for formulation of misconduct charges and setting up disciplinary enquiries tribunals. As alluded to under risk management mitigating strategy in respect of fraud and corruption, an intensive conflict of interest identification review has been finalised which will result in a number anti-fraud & corruption initiative.

A total number of twenty three (23) allegations were uncovered and reported to the municipality in 2014 period ranging from Fraud, Corruption, Theft and other Serious Irregularities. The value in terms of losses to the municipality of these cases is R 2 621 000.00. This amount excludes vehicle abuse and theft of time which was uncovered during the forensic investigations. Of the twenty three (23) only seventeen (17) were completed and six (6) are in progress.

The unit also uncovered a scam of fraud and Theft of fuel which involves millions of rand and the investigation is in progress. A short term solution has been implemented and a positive feedback has been received and the value of savings to be derived once the stringent long term measures as approved by the Executive Committee are fully implemented are estimated to be R 12 million per annum.

Two (2) cases which were uncovered and investigated in 2012/13 were referred to Legal Services the process of civil recovery through the High Court and they relate fraud on the transfer/sale of the 39 Houses at Imbali and Prepaid Electricity.

These matters have been discussed with SAPS and have been registered for criminal investigations.

Of the twenty three (23) cases, fourteen (14) matters have been registered with the South African Police Services (SAPS) for criminal investigation and prosecution. One arrest was made by the SAPS in the week ending 25 July 2014 and other arrests are imminent.

2.8 SUPPLY CHAIN MANAGEMENT

OVERVIEW OF SUPPLY CHAIN MANAGEMENT (SCM)

- 1.1 The Msunduzi Municipality's Supply Chain Management unit is a support function for all business units within the council to ensure provision of efficient, transparent, fair, equitable and cost effective procurement services hence assisting the business units to implement their service delivery priorities.
- 1.2 The supply chain management policy for the year 2013/2014 was adopted by Council in 30 May 2014 in term of SCM Regulation 3 (1) (a) and implemented immediately thereafter, this was the fifth review since 2005. The main change made to the policy was to bring it in line with the structure of the SCM regulations.
- 1.3 An SCM implementation plan was developed and implemented throughout the year and quarterly reports on implementation were submitted to Council.
- 1.4 In terms of the MFMA SCM regulations, the SCM policy of the municipality must provide for a system of demand, acquisition, logistics, disposal, risk and performance management, and the current policy has been aligned to provide for that. The following is a brief overview of the processes that have been established and implemented within the Supply Chain Management system.

1.4.1 Demand management

The Procurement Plan defines the Supply Chain Management needs of the organization, aligned to the municipality's IDP, Budget and Departmental SDBIP. The plan is for a minimum of one year but aligned to the IDP three year period, this is especially critical in the case of capital projects requiring the issuing of bids for multiyear projects, as well as in order to obtain cost savings through longer term goods and service contracts (limited to a three-year period in terms of the MFMA)

The main objective of the plan is to assist the service delivery business units to achieve their service delivery mandates and to meet their service delivery requirements without any SCM processes delays and this forms the integral component of the entire process to ensure effective, efficient and economical SCM processes.

The preferential policy objectives were identified at a global level hence during the 2013/2014 financial year a procurement plan was established and implemented.

1.4.2 Acquisition Management

Thresholds as per section 12 of the SCM regulations has been set and complied with throughout the year. A thorough review of the bid documentation was done to ensure full compliance with circular 25 and the latest SCM regulations and to ensure full compliance with circular 25 for the 2013/2014 financial year.

Proper delegations and sub delegations as per the SCM policy were established and implemented by the accounting officer the bid committees were appointed for the implementation of the acquisition management system in terms of section 79 or 106 of the Municipal Finance Management Act, including those delegated to the accounting officer in terms of SCM Regulation 4(1) and SCM Regulation 5.

Bid committee structures were established and implemented in accordance with section 27, 28 and 29 of the Supply Chain Management regulations, Details of SCM committees during 2013/2014 financial year:

Bid Specification committee

- Mr Vinesh Govender Chairperson (SCM Unit)
- Mr Asogan Pillay (SCM Unit)
- Mr Bheki Sosibo (ISF unit)
- Mr Siphon Nxumalo (Finance)
- Mr Thabani Madlala (Electricity)

Bid Evaluation Committee

- Mr Vinay Monhalal Chairperson (SCM unit)
- Mr Sthembiso Mbimbi (ISF unit)
- Mr Billy Paton (CS unit)
- Mr Sifiso Khoza (Finance)
- Mrs. Lindelwa Mhlomi (ISF unit)
- Mr Kass Thaver Ex-officio member (Legal)

Bid Adjudication Committee

- Mrs N Ngcobo Chairperson (Finance Unit)
- Ms Dudu Ndlovu Gambu (SCM unit)
- Ms B Zulu (Community Services Unit)
- Mr E Nomnganga (ISF Unit)
- Dr. R Ngcobo (Economic Development Unit)
- Mrs. Madeleine Jackson Platjies (MM's office)
- Mr Johan Van Der Mewer Ex officio Member (Legal)

Asset Disposal Committee

- Ms Dhevika Anthony (Asset Management)
- Mr. Mthandeni Ngcobo (Fleet Management)
- Mr. Lungisani Kunene (Area Based management)
- Mr Xolile Ngebulana (ICT)
- Mr Chazile Ndlovu (Real Estate and Valuations)
- Barbara Morton (Legal)

1.4.3 Logistics management

An effective system of logistics management has been established. The continuous interrogation of inventories and improvements on systems and processes has yielded positive results in that there is a progressive reduction of stock holdings. Graph in Figure 1 illustrates the purchases patterns against the Issues for the year 2013/2014. Part of logistics management is to establish and implement appropriate standards of internal control and warehouse management to ensure that goods placed in stores are secure and only used for the purpose for which they were purchased; regular checking of stock; and monitoring and review of the supply vendor performance to ensure compliance with specifications and contract conditions for particular goods or services.

Part of the responsibilities of logistic management is to safeguard and maintain stock; Camera systems have been installed and this will greatly help in minimizing some of the losses that are associated with stock theft.

The Stores purchases for the financial year 13/14 are higher than previous financial year 12/13 by 117% increase; however, the Stores issues have also increased by 156% between the two previous years. The demand for the material has grown as result of the various Water and Electricity projects that are underway. There is a proper management of inventory and an ongoing liaising with end user sector departments on inventory holdings and have been able to utilize slow moving stock to good advantage

Fig 1. The Graph indicates purchases vs issues over the 4 year period.

Fin Yr	2010-2011	2011-2012	2012-2013	2013-2014
Purchases	R14 660,161	R17 983,504	R30 175,593	R65 485,516
Stores Issues	20 032 451	20 448 250	27 869 348	71 421 721

The fuel management have seen a drastic increase on both purchases as well as the issue of liters of fuel as compared with the previous financial year 12/13. The actual for the year 2013/2014 have seen increases against the budget over the last year amounts to R 28 410.655 as compare to R21 709,000 the previous year 2012/2013.

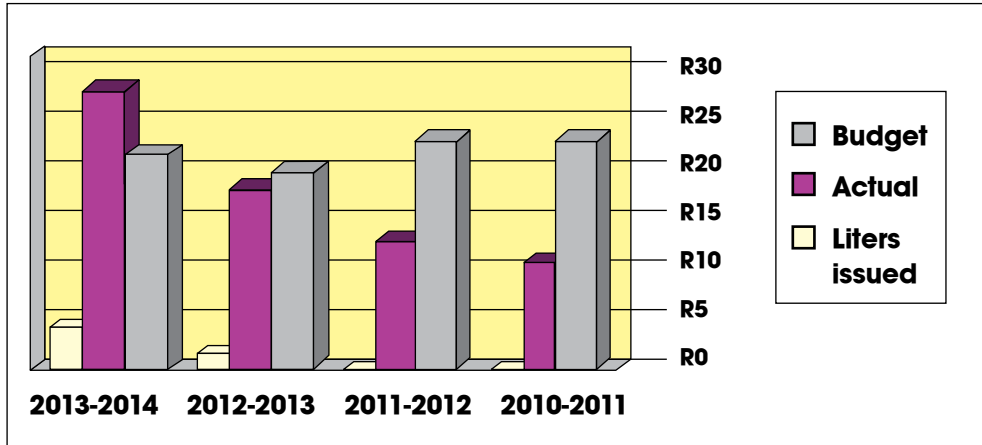

In the year 13/14 the actual purchases rose by 41% when comparing with the budget for the same year. One of the contributing factor is the high prices increase of fuel; the new acquisition of fleet has also added to the high issuing of fuel. The other factor could be as a result of theft of fuel.

Council is investing on the acquisition of a new computerized fuel management system that will monitor all the transaction of fuel. This computer system will assists Msunduzi Municipality with the following control measures:

- Secure fuelling environment
- Controls pumps
- Minimum or no human intervention
- Fuel volume reduction
- Maximum accuracy
- Improved fuelling efficiency
- Reduced admin resources
- Inaccurate transaction information

Fig 2 FUEL MANAGEMENT BUDGET VS ACTUAL

Fin Yr	2010-2011	2011-2012	2012-2013	2013-2014
Budget	R24 000,000	R24 000,000	R20 500,000	R21 709,000
Actual	R13 397,861	R18 219,722	R20 124,046	R28 410,655
Liters Issued	0.00	0.00	1 150 676	2 865 391

Disposal management

An effective system of disposal management has been established and detailed processes developed to ensure compliance with section 40 of the SCM regulations.

Disposal Committee was also established during the 2011/2012 financial year.

1.4.4 Risk Management

The monitoring tool was established during 2011/2012 and the implementation commenced in 01 April 2012. The contracts are being monitored on monthly basis and reported to Council as per section 116 of the MFMA. Also measures are now being put in place to ensure identification, consideration and avoidance of potential risks in the supply chain management system in accordance with section 41 of the SCM regulations. The supply chain management operational risk register was established and is in place.

1.4.5 Performance Management

A SCM policy and procedures database that ensures compliance and monitoring of compliance with the SCM regulations and processes has been developed and implemented. The database enforces the accountability to all individuals involved in SCM and to ensure that SCM processes are independently monitored to ensure that the SCM policy is followed and desired objectives are achieved.

1.5 Training of SCM Practitioners and Bid Committees

SCM Management, SCM practitioners were all trained during 2013/2014 as per SCM Regulation 8 in accordance with Treasury guidelines on supply chain training to meet the competency level required for supply chain practitioners. Further training is being provided over a period of two years that consist of 20 modules.

Skills programme	SAQA ID #	NQF level	# of credits
General condition of contract			2 ECSA
MFMA		6	
CIBD workshop			

1.6 A thorough review of all SCM contracts was conducted during the year 2013/2014 to identify contracts have reached or about to reach their expiry period and some of them were advertised, some were awarded and others are in the process of being advertised.

1.7 12 Monthly reports on tenders awarded were submitted during the year 2013/2014 financial year. Three hundred and forty six (346) requests procure were received by Supply Chain Management, two hundred and eighty seven (287) requests were finalized and awarded, one hundred and ninety two (192) awards were made to Pietermaritzburg service providers and or Suppliers, twenty seven (27) tenders were cancelled for various reasons, twenty nine (29) are still within the tender process, three (3) objections were received and were resolved; and There was no court interdict received.

1.8 Deviations and urgent, emergency acquisitions
Four quarterly reports were submitted during the 2013/2014 financial year the expenditure of such acquisitions amounted to R13 884 809.98

2.9 BYLAWS

A BRIEF OVERVIEW OF THE DEVELOPMENT OF BYLAWS DURING THE 2011/2012 FINANCIAL YEAR:

In a constitutional state, bylaws play a crucial role in delineating clear rules for those bound by it. The Municipality commenced a review of all of its bylaws to re-evaluate these in the light of the dictates of the Constitution. Five bylaws were reviewed in 2013/2014.

Table 21 - BY-LAWS INTRODUCED DURING 2013/2014

Newly Developed	Revised	Public Participation adopted prior to adoption of By-laws (Yes/No)	Dates of Public Participation	By-laws gazette (Yes/No)	Date of Publication
Public Open Spaces Bylaws	-	Yes	21 January 2014 to 5 February 2014	Yes	24 June 2014
-	Advertising and Signs Bylaws	Yes	21 January 2014 to 5 February 2014	Yes	24 June 2014
-	Market Bylaws	Yes	21 January 2014 to 5 February 2014	Yes	24 June 2014
-	Water Services Bylaws	Yes	21 January 2014 to 5 February 2014	Yes	24 June 2014
-	Bylaws Relating to Fire Prevention and Flammable Liquids and Substances	Yes	21 January 2014 to 5 February 2014	Yes	24 June 2014

COMMENT ON BYLAWS

A number of other bylaws have been identified for review during 2014/2015. Once complete, the Municipality will be in the position to embark on the other requirements for good governance, namely enforcement.

2.10 WEBSITES

INTRODUCTION TO THE MUNICIPAL WEBSITE

For Legislative Compliance, various Business Units are expected to furnish relevant information for publishing on the Msunduzi Website however some of the information is provided before deadlines. Information is updated almost daily and is accessible within a few hours depending on the content. Internet bandwidth on the LAN is not very reliable therefore uploads onto the Msunduzi Website is very slow. Although 3G Data Connectivity is available the speed is not consistent and also affects uploads and test downloads. However Msunduzi always strives and publishes the necessary information on the Msunduzi Website.

Table 22 - MUNICIPAL WEBSITE : CONTENT AND CURRENCY OF MATERIAL 2013/2014

Documents published on the Municipality's / Entity's Website	Yes/No	Publishing Date	Description

Documents published on the Municipality's / Entity's Website	Yes/No	Publishing Date	Description
The annual report (2013/14) published/to be published	To be published	January & March 2014	Annual report 13/14 is to be produced in the 14/15 financial year
All current performance agreements required in terms of section 57(1)(b) of the Municipal Systems Act (2013/14) and resulting scorecards	Yes	2013-07-22	N/A
All service delivery agreements (2013/14)	No	N/A	Not Provided
All long-term borrowing contracts (2013/14)	No	N/A	Not Provided
All supply chain management contracts above a prescribed value (give value) for (2013/14)	Yes	Between:2013-11-27 and 2014-07-22	SCM must provide values
An information statement containing a list of assets over a prescribed value that have been disposed of in terms of section 14 (2) or (4) during (2013/14)	No	N/A	Not Provided
Contracts agreed in (2013/14)to which subsection (1) of section 33 apply, subject to subsection (3) of that section	No	N/A	Not Provided
Public-private partnership agreements referred to in section 120 made in (2013/14)	No	N/A	Not Provided

COMMENT MUNICIPAL WEBSITE CONTENT AND ACCESS:

Information is uploaded almost daily. This is done by logging onto the website. Publishing dates are indicated below the information or download. The Public can access information on www.msunduzi.gov.za 24hrs a day. By viewing some information on respective pages whereas other information is available as downloads viz. PDFs (Readable with Acrobat Reader). Information not up to date, it is usually due to respective Units not providing them timeously or not at all. Most information provided is uploaded and available within a few hours; however Internet bandwidth, LAN or 3G is not always reliable.

2.11 PUBLIC SATISFACTION ON MUNICIPAL SERVICES

PUBLIC SATISFACTION LEVELS

The municipality currently does not have any mechanisms in place to measure the level of customer satisfaction. Plans are currently underway in terms of conducting annual customer satisfaction surveys and periodic quality of life surveys.

INTRODUCTION:

The Annual Performance Report (APR) is a legislative requirement which prescribes that the report must be submitted to the Auditor General by the 31st August annually. The Annual Performance Report, amongst other documents, will form part of the consolidated Annual Report of the Municipality which must be submitted to Council by the end of January on an annual basis.

The Annual Performance Report 2013/2014 of the Msunduzi Municipality is divided into two (2) broad categories as follows:

- SECTION ONE: FUNCTIONAL AREA SERVICE DELIVERY REPORTING PER BUSINESS UNIT.
- SECTION TWO: ANNUAL REPORT OF THE SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2013/2014 & ANNUAL REPORT OF THE OPERATIONAL PLAN 2013/2014

During the 2013/2014 financial year, Msunduzi Municipality developed as part of the reporting process on the SDBIP, a process for reporting against pre-determined objectives and Key Performance Indicators (KPI's) that are contained in the approved Service Delivery and Budget Implementation Plan (SDBIP). The process is based on a colour-coded dashboard that serves as an early-warning indicator of under / zero performance. Monthly and Quarterly reports, based on the colour-coded dashboard were submitted to Council with applicable recommendations that were adopted. These reports and Council resolutions are available for inspection on request.

During the 2013/2014 financial year, Msunduzi Municipality had a full team of 557 employees being the Municipal Manager and five Deputy Municipal Managers up and until the Deputy Municipal Manager: Infrastructure Services resigned. The vacancy was then filled by an Acting incumbent. All 557 managers (appointed or acting) signed performance agreements for the financial year. The Individual Performance Management System (IPMS) was cascaded a level further to the level of 558 – Process Managers. All Process Managers signed performance agreements as well. During the 2013/2014 financial year individual quarterly assessments were conducted for both 557 & 58 managers. The Evaluation panels to assess the Municipal Manager and Manager's reporting directly to the Municipal Manager were constituted.

In the 2013/2014 financial year institutional arrangements have been put in place in order to ensure the implementation of an Organizational Performance Management System (OPMS) as per legislative requirements and also to enable meaningful and informed monitoring and evaluation. It is hoped that as OPMS becomes institutionalized within the municipality and part of our everyday business, that Managers, Councillors and the Community alike will use it as tool to monitor the services that are being delivered by the municipality thereby increasing the accountability and transparent role of local government.

During the Strategic Planning Process for the 2013/2014 financial year a management resolution was taken to differentiate between service delivery indicators that have a direct impact on the community and those that are operational, support and auxiliary services. In this regard for the 2013/2014 financial year the SDBIP has been developed to focus on the service delivery indicators and the Operational Plan 2013/2014 has been developed to focus on operational, support and auxiliary services.

The SDBIP 2013/2014 contains Public Participation Units (Office of the Speaker, Office of the Mayor), Community Services Units (Area Based Management, Health and Social Services, Community Development (Parks, Waste Management, Halls, Libraries and Art Gallery) and Public Safety Enforcement and Disaster Management), Infrastructure Services Units (Water and Sanitation, Roads and Stormwater, Electricity and the Landfill Site) and Economic Development Units (Local Economic Development, Infrastructure Planning and Survey and Town Planning and Environmental Management). Also included are the Legislated Performance Indicators as regulated by the National and Provincial Departments of Cooperative Governance and Traditional Affairs (CoGTA).

All other units provide operational, support and auxiliary services to the Municipality and have been placed on the Operational Plan 2013/2014. The Operational Plan 2013/2014 contains the Corporate Business Units (Internal Audit, Marketing and Communication, Integrated Development Plan and Performance Management System), Finance Business Units (Budget and Treasury, Revenue Management, Expenditure Management and Supply Chain Management), Infrastructure Services Units (Fleet Management and Project Management Unit) and Corporate Services Units (Legal Services, Information Communication Technology, Sound Governance and Human Resources).

HIGH LEVEL PERFORMANCE OF THE MUNICIPALITY FOR THE 2013/2014 FINANCIAL YEAR

The graphical representations below illustrate the summary of high level performance of the municipality for the 2013/2014 financial year, as per the colour-coded dashboard.

	TOTAL PROJECTS	KEY
	1 NIL ACHIEVED	
	2 TARGET PARTIALLY MET	
	3 TARGET MET	
	4 TARGET EXCEEDED	
	5 TARGET EXCEEDED BY 100 %	
	NOT APPLICABLE	

There were a total of 159 Key performance indicators on the SDBIP 2013/2014, 83 being operating projects and 76 being capital projects. There were a total of 112 Key performance indicators on the Operational Plan for 2013/2014.

- A total of 112 Projects were reported on the Operational Plan for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 0.89% of the projects were reported as having Nil Achievements for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 14.28% of the projects were reported as having been partially met for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 77.67% of the projects were reported as having been met for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 6.25% of the projects were reported as having exceeded the target for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 0% of the projects were reported as having exceeded the target by 100% for the ANNUAL PROGRESS REPORT 2013/2014
- 0.89% of the projects were reported as not applicable due to not having any targets set for the ANNUAL PROGRESS REPORT 2013/2014

MEASURES UNDERTAKEN AS PER S46 OF THE MUNICIPAL SYSTEMS ACT TO IMPROVE PERFORMANCE

During the 2013/2014 financial year a number of measures were undertaken as per S46 of the Municipal Systems Act to improve the overall performance of the Municipality in order to ensure that Msunduzi Municipality is moving towards a clean audit on Performance Management and Information. The measures undertaken where as a result of the Auditor General's findings of previous financial years in respect of SMARTNESS of indicators, linkage of indicators between the Integrated Development Plan (IDP) and the Service Delivery & Budget Implementation Plan (SDBBIP), poor quality Portfolios of Evidence & inaccurate reporting against quarterly and annual targets set at the beginning of the financial year. Refer to table below.

THE FOLLOWING TABLE AIMS TO DESCRIBE THE MEASURES UNDERTAKEN TO IMPROVE PERFORMANCE:

Table 23 - MEASURES TAKEN TO IMPROVE PERFORMANCE IN THE 2013/2014 FINANCIAL YEAR						
NUMBER	DEPARTMENT RESPONSIBLE	PERSON RESPONSIBLE	ACTION TAKEN	STATUS	REASON FOR DEVIATION	CORRECTIVE MEASURE
1	Office of the Municipal Manager	Ms. Madeleine Jackson Plaafjes & All Deputy Municipal Managers	As per the resolution of the Municipal Public Accounts Committee (MPAC) all Deputy Municipal Managers were required to sign Memo's indicating they reviewed the SDBBIP 13/14 FY and it complies with the SMART Principle, that reports will be forwarded to the portfolio committees and that the targets in the SDBBIP fits in with the National and Provincial Development Goals.	Completed	N/A	N/A
2	Office of the Municipal Manager	Mr. M.A. Nikosi (MM)	Management took a decision to separate the functions of the Organization whereby only Service Delivery & Public Participation functions & projects that were budgeted for would be placed on the SDBBIP, all other auxiliary functions and projects would be placed on an Operational Plan.	Completed	N/A	N/A
3	Internal Audit	Mr. P.J. Mahlababa	At the approval of the SDBBIP 2013/14 by the Mayor, the Office of the Municipal Manager forwarded both the SDBBIP & OP 13/14 to the Internal Audit unit for an audit on SMARTNESS and Alignment to the IDP. Internal Audit conducted and Audit and presented the findings.	Completed	N/A	N/A
4	Office of the Municipal Manager	Ms. Madeleine Jackson Plaafjes	Upon completion of the Audit of the SDBBIP & OP by Internal Audit, the Office of the MM then conducted a review of the SDBBIP in order to rectify the findings presented. KPIs that were not SMART were reviewed and made SMART; KPIs that were not aligned to the IDP were re-aligned. A report on the completed review was prepared and submitted to the Strategic Management Committee (SMC) for approval and finally to the FULL COUNCIL for approval and noting.	Completed	N/A	N/A
5	Office of the Municipal Manager	Mr. M.A. Nikosi (MM)	Upon the Auditor General releasing their report on the Audit Opinion for the Municipality, the Municipal Manager set up the Controls Transformation Steering Committee which meets bi-weekly to deal with the Auditors Queries. In preparation for the meetings and Action Plan is initially created and reviewed as progress is made in order to fully resolve all queries. The Audit Action Plan contains queries for both financial and non-financial activities including performance management queries.	Completed	N/A	N/A

Table 23 - MEASURES TAKEN TO IMPROVE PERFORMANCE IN THE 2013/2014 FINANCIAL YEAR

NUMBER	DEPARTMENT RESPONSIBLE	PERSON RESPONSIBLE	ACTION TAKEN	STATUS	REASON FOR DEVIATION	CORRECTIVE MEASURE
6	Office of the Municipal Manager	Mr. M.A. Nkosi (MM)	The Municipal Systems Act makes provision that the municipality must on a quarterly basis prepare a quarterly report on the SDBIP performance. Management took a decision to go a step further and have monthly meetings to discuss the progress made towards achieving targets on the SDBIP & OP. Meetings are held once a month. Reports on the SDBIP & OP are presented to the Operational Management Committee which is constituted of the Municipal Manager, Deputy Municipal Managers, Process Managers and all Managers reporting directly to the Municipal Manager. At the meetings monthly or quarterly reports are discussed in-depth before onwards transmission to the relevant portfolio committees.	Completed	N/A	N/A
7	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatsjes	Reports discussed at the OMC monthly meetings are presented by the Office of the Municipal Manager at Portfolio Committees, Executive Committee, Full Council, the Municipal Public Accounts Committee and the Audit Committee.	Completed	N/A	N/A
8	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatsjes	Review of the Organizational Performance Management Framework and the Individual Performance Management Policy was conducted and submitted to the Strategic Management Committee for approval on the 22nd of July 2013. The policies have been forwarded to the portfolio committee and Local Labour Forum. A workshop was conducted for Union members as well. Awaiting the Local Labour Forum approval for onwards transmission to the Executive Committee and Full Council.	In Progress	Local Labour still to approve the policies	Local Labour to approve the policies and/or respond with queries
9	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatsjes	Management took a decision that Individual Performance Management would be cascaded to level 3 employees until such time the organization was ready to go to the next levels and finally all employees. The Municipal Manager, Deputy Municipal Managers, Process Managers and all Managers reporting directly to the Municipal Manager x 32 signed Performance Agreements which included, personal development plans, the code of conduct, financial declarations of private interests as well as workplans. Systems Act says that all section 56/57 Managers Performance agreements must be made public within 14 days after the approval of the SDBIP by the Mayor. This was completed through the Publishing of the MM & DMIMs performance agreements on the municipal website. Copies of the signed performance agreements were also forwarded to CoGTA as per circular 1 of 2014.	Completed	N/A	N/A

Table 23 - MEASURES TAKEN TO IMPROVE PERFORMANCE IN THE 2013/2014 FINANCIAL YEAR

NUMBER	DEPARTMENT RESPONSIBLE	PERSON RESPONSIBLE	ACTION TAKEN	STATUS	REASON FOR DEVIATION	CORRECTIVE MEASURE
10	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatsjies	In line with the Individual Performance Management System policy, after the completion of a quarter Performance Assessments of all Managers up to level 3 are conducted by the Office of the Municipal Manager. Quarters 1 & 2 assessments were conducted. Quarters 3 and 4 are still to be conducted. After assessments are concluded a report is prepared and submitted to Internal Audit to conduct an audit of the scoring in line with the presented Portfolios of Evidence.	In Progress	Due to the National Elections taking place, the evaluation panel to conduct the assessments for the Municipal Manager and Deputy Municipal Managers were not available	Evaluation panel members to be informed of the dates of assessments and the assessments to be conducted.
11	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatsjies	A report in terms of the Municipal Systems Act on the appointment of Evaluation Panel members was developed and presented to the SMC, Corporate Services Portfolio Committee and the Executive Committee. Members were appointed and informed via written communication from the Office of the Municipal Manager.	Completed	N/A	N/A

Table 23 - MEASURES TAKEN TO IMPROVE PERFORMANCE IN THE 2013/2014 FINANCIAL YEAR

NUMBER	DEPARTMENT RESPONSIBLE	PERSON RESPONSIBLE	ACTION TAKEN	STATUS	REASON FOR DEVIATION	CORRECTIVE MEASURE
12	Internal Audit	Mr. P.J. Mahlababa	After the performance assessments are conducted and the SDBIP & OP quarterly reports are completed, they are forwarded to the Internal Audit Unit. The Internal Audit unit then Performs an audit on the results presented in the respective documents. Reports on the IA findings are produced and submitted to Management for comments.	In Progress	The audit assignments were conducted by an external service provider on behalf of IA as they have a serious staffing shortage. Internal Audit was not satisfied with the Output reports and has sent them back to the service provider.	IA to fast-track and manage the Responses from the service provider.
13	Office of the Municipal Manager	Mr. MA. Nkosi (MM)	During the OMC, the Municipal Manager noted there was a slow pace on municipal expenditure on MIG funding & Grants. As a result it was resolved compulsory weekly meetings with all Deputy Municipal Managers will take place. The meetings looked at possible ways of fast-tracking expenditure on MIG funding & Grants.	In Progress	N/A	N/A
14	Office of the Municipal Manager	Mr. MA. Nkosi (MM)	Msunduzi Municipality continues to implement a dashboard for performance management. In the reporting templates of the SDBIP & OP a graphical summary is included and on each sub-units reporting templates there are drop down menus which are Colour coded and linked to the graphical summaries. This further enhances oversight by the MM in respect of early warnings signals of indicators coded as either red or brown in colour as these indicate targets are not being met and there are problems in those respective areas.	In Progress	N/A	N/A
15	Office of the Municipal Manager	Mr. MA. Nkosi (MM)	Msunduzi Municipality is implementing a new format of the SDBIP & OP templates on which new columns have been included. These columns are for indicator level reporting (low level), whereby there are columns headed reason for deviation, corrective measures and timeframe to implement corrective measures. Where targets are not met or are partially met, the respective manager is required to populate these columns with responses which are interrogated at the Monthly OMC meetings by the MM.	In Progress	N/A	N/A

SECTION I: FUNCTIONAL AREA SERVICE DELIVERY REPORTING PER BUSINESS UNIT

1. COMPONENT A: BASIC SERVICES

This component includes: water; waste water (sanitation); electricity; waste management; housing services; and indigents (free basic services).

1.1 WATER SERVICES

INTRODUCTION TO WATER SERVICES

A government Gazette dated 13 June 2003 granted the Msunduzi Municipality the status of a Water services Authority whereby this Water Services Authority was empowered to perform the functions and exercise the powers referred to in Section 84(1) (b) of the Municipal Structures Act (117 of 1998) which provides for the provision of potable water supply and sanitation systems. In terms of Section 11 of the Water Services Act (108 of 1997), every Water Services Authority is obligated to ensure the adequate sustainable access to water and sanitation to all consumers within their area of jurisdiction. The Msunduzi Municipality further formally took control of all Operations and Maintenance activities associated with Water provision in the Vulindlela area (Wards 1 to 9).

In order to ensure that the City adheres to the aforementioned legislation and further ensure our citizens are adequately catered for, the following were the list of core achievements for 2013/14 financial year:-

1. A total of 4km of basic water pipelines was installed within the Vulindlela area of supply with a total of 299 new water connections(rural) undertaken in the area.
2. The Elimination of Conservancy Tanks project is ultimately to introduce sanitation infrastructure in the area so that, once commissioned, homeowners can connect to a waterborne sanitation system. This further requires an adequate and reliable water supply service. A total of 1.26 km and 1.2 km of sanitation and water reticulation respectively was installed in the 2013/14 financial year end.
3. The 2013/2014 represented the 4th (fourth) year and 4th phase of a five year Non-Revenue Water Reduction Program. A qualified Audit in 2012/2013 necessitated a re-alignment in water conservation efforts from Non-Revenue Water reduction initiatives to Audit requirements in the form of meter replacements and repair. This meant that certain crucial targets as set out in the Non-Revenue Water Reduction Program had to be realigned for completion in the outer years; however e the following is a cumulative summary of Non-Revenue Water interventions to date.
 - 3.1 As of the 30 June 2014 a total of 5830 meters were replaced to ensure that the consumers receive accurate bills. This intervention was required in order to remediate Auditor's finding in relation to estimated meters.
 - 3.2 A standpipe audit was conducted by the Professional Team in which approximately 300 of the 730 standpipes could be found. These have been earmarked to be metered and retrofitted in the next 2014-2015 Financial year.
 - 3.3 A pilot project was conducted to try and change the current standpipes to the new vandal-proof "Widget" standpipes and 13 were installed at various locations. Unfortunately most of these have been vandalized and the Municipality is looking at alternative solutions currently.
 - 3.4 Pressure Controllers – To date 8 new advanced flow-modulating controllers were installed within the Msunduzi Municipality. The installations sites chosen were prioritised on size of zone as well as zones requiring pressure management to reduce high burst frequencies caused by fluctuating peak and off-peak pressures. Problem zones were identified but due to the re-alignment of focus on audit priorities, minimal management, monitoring and control of pressures were undertaken.
 - 3.5 Bulk consumers constitute approximately 30% of Municipal billed revenue. At close of 2013/2014 financial year, 227 bulk meters were replaced and upgraded. The new installation adopted allows the following benefits:-
 - Provides more accurate water readings for the consumer and council
 - easier for meter readers to take readings (up and over installation)
 - requires less maintenance, due to the treated/galvanized fittings.
 - Improve meter performance due to the silt/dirt trap inserted before the meter.
 - Allow logging of water meter as it is pulse output compatible.
 - Colour coded with red meter covers indicating fire main meter.
 - 3.6 In the 2012/13 financial year the Non-Revenue Water and real (Water) losses were recorded at 46.6% and 24.3% respectively. In the 2013/14 financial year the Non-Revenue Water and real (water) losses were reduced to 46.8% and 24.4% respectively, which showed no significant improvement. Once again this was attributed to the re-alignment in water conservation efforts from Non-Revenue Water reduction initiatives to Audit requirements in the aspect of meter replacements and repair compromised certain crucial targets as set out in the Non-Revenue Water Reduction Program.
 - 3.7 A total of 2,337 km of water pipe was surveyed using leak detection equipment and 2011 leaks where located and repaired.

- 3.8 A total of 29 Pressure Reducing Valves including associated bulk meters where installed/modified and upgraded.
- 3.9 The City's bulk water purchase from Umgeni Water has increased from 177 ml /day in 2012/2013 to 184 ml/day.

Reactively responded and restored to 1498 mainline burst mains
For the 2013/2014 financial year a total of 502 new water connections where completed.
4. A total of 2.2 km of additional water pipe was installed to effectively eliminate the troublesome water midblocks and Ashdown and the Edendale Proper areas.
5. The final designs and planning was completed for Masons Reservoir and Pipeline and construction is scheduled to begin in the 2014-2015 financial year.
6. A 20 mega-litre capacity Reservoir was completed in Copesville. This core Reservoir has now provided vital additional storage for the entire zone.

Graph 1 below illustrates this achievement.

Note: Recent legislation includes the Water Services Act 1997 and the General Enabling Act 2005

In line with the Water Services Act the Msunduzi Municipality will be updating the Water Services Development Plan (WSDP). The WSDP can only be completed once the Master plans in relation to the Water and Sanitation are completed. The update of both these core master plans commenced in 2013-2014 financial year and will be concluded with the WSDP requirements in 2014-2015 financial year for onward submission to the MEC for approval.

The top 3 priorities in relation to water for the 2013-2014 financial year are as follows:-

- Transfer of Operation and Maintenance of Vulindlela Water Schemes
- Installation of Basic Water
- Replacement of defective domestic and bulk water meters

- Purple shaded portion - Msunduzi Original WSA
- Blue and Orange Shaded Portions - Msunduzi WSA area (Ashburton and Bishopstwe)
- Green Shaded Portion - Msunduzi WSA including Vulindlela

The incorporation of Vulindlela Water scheme has now effectively increased Msunduzi WSA responsibility by almost 50% and accordingly the planning and budgeting process (Opex and Capex) needs to be aligned with the water and sanitation requirements of the scheme.

TOTAL USE OF WATER BY SECTOR (CUBIC METER)					
	Agriculture	Forestry	Industrial	Domestic	Unaccountable water losses
2012/2013	N/A	N/A	7820134	35641447	21218577
2013/2014	N/A	N/A	8767786	36175387	22060870

Note: This description of requirements, for Water statistics, is outdated. The IWA balance requirements do NOT use these descriptions anymore due to the ambiguity and misinterpretation of the terminology. It is preferable to align this table to an IWA balance so that information required here is similar to information submitted to other organizations. The table below of Non-Revenue and Water Losses should replace the above. This makes presentations much more accurate and enhances uniform reporting throughout all organisational structures. It should be noted that the above table does not accommodate for inputs for Real Losses which is considered as material losses as disclosed in the Annual Financial Statements.

BULK PURCHASE RATES VS REAL WATER LOSSES

	2012/2013	2013/2014
Bulk Purchase Rate per kl	R 4.355	R 4.682
Units purchased - kl	64680158	67004044
Units sold - kl	43461581	44943173
Losses inclusive of apparent losses - kl	21218577	22060871
Apparent losses - kl	-5516830	-5735826
Real water losses - kl	15701747	16325045
Real Water loss as a percentage	24.3%	24.4%

WATER USE B SECTOR

COMMENT ON WATER USE BY SECTOR:

It should be noted that the 2012-2013 domestic volumes was erroneously reflected in the 2012-2013 final annual report submission which has been now been corrected.

An increase of 12% was noted in the industrial sector whilst a growth of 1.5 % reflects the domestic. The increase in both these sectors are indications that meter change out and reading initiatives are becoming more effective and accurate, thus increasing water sales (volume) in the 2013-2014 financial year end which further gives credibility to Revenue enhancement.

Water purchases from Umgeni water has increased by 3.5% from 2012/2013 and this volumetric "growth" can be directly attributed to sales in both the Industrial and Domestic sector.

Table 24 - WATER SERVICE DELIVERY LEVELS

Description	Households			
	2010/2011 Actual Number	2011/2012 Actual Number	2012/2013 Actual Number	2013/2014 Actual Number

COMMENT ON WATER SERVICES PERFORMANCE OVERALL:

Significantly determined outcomes were identified in the 2013/2014 financial year. Real losses showed no improvement however without regress from 24.3% in 2012/2013 to 24.4% in 2013/2014. Similarly, Non-Revenue Water remained static from 46.6% in 2012/2013 to 46.8% in 2013/2014. Faulty and malfunctioning Domestic and bulk meters were given priority this financial year. To date the driving Capital projects is the Non-Revenue Water and the Basic Water Projects. The completion of Copesville Reservoir and the eminent construction commencement of Mason’s reservoir will guarantee a sustained and reliable water supply within the respective distribution zones. Resource availability (staffing and financial) is of critical importance to fulfil all targets as set out in the IDP. The Water Service Delivery objectives have been prioritised to effectively fulfil obligations to provide households with, firstly a basic water service and thereafter an elevation to above minimum service levels of water provision. These objectives will be driven by the completion of the Water and Sanitation master plans in conjunction with the Water Services Development Plan (WSDP).

1.2 SANITATION SERVICES

INTRODUCTION TO SANITATION PROVISION

The key initiative is to provide basic sanitation to informal areas and the appropriate sanitation services to low-income communities and thereafter elevating this to water borne sewerage, whilst ensuring that adequate attention and funds are allocated and simultaneously maintaining the sanitation reticulation for continued uninterrupted supply and sustainability. Asset renewal is a key development challenge in the City. Capacity in conjunction with adequate and reliable infrastructure is essential to provide water borne sewerage to all households within the Msunduzi Municipality. This priority is developed along the lines of financial availability and other relevant resources aligned to short and long term programs.

It is envisaged that the operations of the current Sewer Treatment Works will reach maximum capacity in the near future. To absorb the initiatives mentioned above; the upgrading of the Sewer Treatment Works (Darvil) to eliminate capacity and stimulate economic growth has commenced (Umgeni Water).

The step up to waterborne sanitation is to first provide basic sanitation in the VIP sector where there is a lack of sewer infrastructure. There has been significant improvement in this sector and the latest statistics indicate a total of 58695 VIP (With and without Ventilation) up until June 2014. Msunduzi Municipality's original basic sanitation backlog was 100% completed, however uncontrolled Geographical migration of people to undefined settlements increases the need to address a further increase in sanitation backlogs. There are, however, long term programs to elevate this type of sanitation to waterborne sanitation.

Attention is also directed to provide households that have No basic sanitation. According to recent statistics, 2.86% households are grouped into this category.

As per the Sanitation Service Policy Objectives, plans and programs are being prepared and/or implemented to eventually satisfy all key initiatives relevant to the provision of all forms of Sanitation.

The following is a list of core sanitation achievements in the 2013-2014 financial year:-

- With the use of COGTA massification funding a total of 648 Ventilated improved pits was constructed for the basic sanitation program.
- The outfall sewer interceptor of 4.3 km was completed in the Shenstone Ambleton Valley. The completed outfall sewer will ultimately allow approximately 6000 households access to waterborne sanitation.
- The multi-year waterborne sanitation projects for the Unit H and Azalea commenced which over the next 3 years will provide connect approximately 1500 households.
- Waste Water Service level Agreements for the operations and maintenance was concluded with Umgeni Water for Darvil and Lynnfield Park Waste water works.
- A total of 4.2 km of defective sanitation piping was replaced and 2 sanitation pump stations where upgraded in order to improve reliability.
- 1.26 km of sewer pipe was installed which allowed 169 houses to be converted from Septic/Conservancy tank to waterborne sanitation.
- 5.9 km of sewer pipe was installed, which replaced troublesome midblocks.
- 25 new sewer connections where completed.
- 7 Flow monitoring stations where installed at strategic locations in our sewer system which will used to monitor and reduce infiltration and pollution to streams and rivers.
- Reactively responded and resolved 3243 mainline sewer blockages.

Table 30 - SANITATION SERVICE DELIVERY LEVELS

Description	Households

COMMENT ON SANITATION SERVICES PERFORMANCE OVERALL:

It is essential, by regulation, to provide at least a basic form of sanitation to households that do not have a basic sanitation service. A total of 648 VIP structures were completed and a business plan for funding for the eradication of the entire backlog is to be submitted in the 2014-2015 financial year. The rehabilitation of sanitation infrastructure, is critical for asset replacement in order to ensure that our operational cost decreases and further the quality of water in our streams and rivers improves. Resource availability (staffing and financial) is of critical importance to fulfill all targets as set out in the IDP. The Sanitation Service Delivery objectives has been prioritised to effectively fulfill obligations to provide households with, firstly a basic sanitation service and thereafter a move to above minimum service levels of sanitation.

1.3 ELECTRICITY

INTRODUCTION TO ELECTRICITY

Note: Recent legislation includes the Electricity Amendment Acts 1989; 1994; 1995; and the Electricity Regulation Act 2006.

The Msunduzi Electricity Unit is licenced by the National Electricity Regulator of South Africa (NERSA) to supply electricity to 70% of the total customer in the Municipality's area of jurisdiction and the remainder which is comprised of the Greater Edendale and Vulindlela areas is supplied by Eskom. The Electricity Unit operates under the Electricity Regulator Act (2006).

The Electricity Unit generates approximately 40% of the total revenue of the Municipality 70% of the income for the Electricity Unit comes from our large customers (industrial and commercial) and 30% from our residential customers.

Msunduzi purchases electricity in bulk on the Megaflex tariff from at 132 00 volts and is transformed to lower voltages. There are two Eskom in-feed points (Msunduzi substation and Mersey substation). We have a notified maximum demand of 370MVA (Mersey 180MVA and Msunduzi 190MVA).

CHALLENGES

The Electricity Unit is facing many challenges.

- The backlogs on the repairs, maintenance, refurbishment and replacement of electricity infrastructure.
- High prevalence of theft of electricity amongst informal settlements and Council has initiated program to electrify them. The program has started with Ezinketheni, Swapo and Nhlalakahle.
- High prevalence of theft of electricity copper cables and copper accessories within the electrical switchgear. This has caused a huge financial loss to the Municipality as well as customers. The removal of neutral causes a surge in voltage thus damage electronic equipment for customers.
- One substation exploded resulting in a fatal accident where one employee was seriously burnt whilst switching on MV network. This faulty had resulted in a cable stolen upstream thus causing a dead short when switching.
- Protection of revenue from theft and tampering.
- Electrical losses were 11.38% in 2013/2014 from 11.58% in 2012/2013 financial year.
- The revenue losses are mainly due to technical distribution losses of 5%, illegal connections, un-billed metered consumers, unmetered authorised consumers and tapering with meters account for 6.38%.
- Difficulty in attracting and retaining qualified and competent technical staff. The shortage of technical staff continues to affect service delivery.
- Aging fleet resulting in high number of vehicles is delayed from repairs.
- During the 2013/14 financial year 452 new households were electrified

ACHIEVEMENTS

- The Electricity sub unit has continued with extensive maintenance, repairs and replacements to networks that are strategically to reducing the outages that has been experienced during the last few years.
- The implementation of the network revitalisation plan is underway. Already the effects of such implementation are witnessed with less outages and serious faults happening within the system.
- * More than 200 panels were delivered to upgrade ageing distribution stations and obsolete equipment and a significant number of them have already been installed in the system.
- * 60km 11kV single cored cables have been purchased to improve supply at Willowton Industrial area and surroundings. These cables were delivered during the 2013/14 financial year and they are now being installed in various areas to improve the network reliability.
- * Two 33kV lines from the City to Hilton were completed last financial year and the plan that is now being implemented is to conduct replacements of unreliable MV networks within the Hilton area. This has improved the network reliability in Hilton and Sweetwaters.

COMMENT ON ELECTRICITY SERVICES PERFORMANCE OVERALL:

1. The electricity has continued to reduce the electricity losses and they are currently sitting at 11.38%.
2. There were 314 connections made during the 2013/14 financial and 138 normal domestic households were also connected.
3. The installation of switchgear and laying of new 11kV cables have continued to be the key area to improve network reliability.
4. The Electricity Sub Unit has started with the implementation of the network revitalisation plan.
5. The implementation of the maintenance plan has also assisted a great deal in ensuring that the network is reliable and safe to operate on.

The above indicates the great improvement from the previous years. The maintenance plan has been adopted which will show great improvement with regards to network stability and provide high quality of electricity supply to all customers.

1.4 WASTE MANAGEMENT

INTRODUCTION TO WASTE MANAGEMENT

Plans were made to extend the refuse collection services by another 35000 households, via co-operatives, to a total of 129000 households. Due to delays in the process the extension will only take place in 2014/2015. There is improvement in budget allocation to Waste Management, and there was a major improvement in the quality of services provided. The major set backs were the non arrival of the budgetted for four new compactors, which will now arrive in October 2014. Current fleet supply is underwhelming at between 40 and 50%. The other major challenge is the lack of qualified staff to run the complicated and large operations while satisfying the demands of the MFMA, The National Waste Management Strategy and other relevant legislation. This is slowly eroding the business unit's ability to perform. Progress has been made, slowly, with regards to more relevant statistics and its application to Waste Management such as the advent of attendance statistics and improvements thereof. Recycling has started to take shape in the form of an agreement between an NGO called The Wildlands Trust which is doing kerb side recycling in about 8000 households. A minimum of 4% is being recycled via this programme and together with other informal programmes (Central Waste, street recyclers, landfill site recycling etc) one could guess that about 15% of waste going to the landfill site in the municipality is being recycled. The three top targets were the increase in number of households, recycling improvement and improvement in garden site operations. All three have improved in quality of service provision, with the garden sites originally being mooted for closure of a few, now being resolved to improve services. Via the Wildlands Trust "tenderpreneurs" programme, employment of staff via the EPWP programme and the landfill site recycling programme poverty alleviation is supported. More poverty alleviation is expected when the co-operative refuse collection programme kicks off in the 2014/2015 year.

Vehicles	0	800	0	0	
Plant & vehicles	0	0	0	0	
Bins	0	30	30	100	
Vehicles	0	300	0	0	

COMMENT ON WASTE MANAGEMENT SERVICE PERFORMANCE OVERALL:

There were only three capital projects funded for 2013/2014. Viz purchase of bins (delayed and ultimately not achieved due to supply chain process constraints), purchase of four compactors done but to arrive soon and purchase of light delivery vehicles (purchased but to arrive soon) it must be noted that vehicles are purchased by fleet management, a business unit separate from Waste Management. The business unit makes do by running an afternoon shift refuse collection system. The arrival of the four compactors will improve fleet availability by 20% to between 60 and 80%.

1.5 WASTE MANAGEMENT (LANDFILL SITE)

INTRODUCTION TO WASTE MANAGEMENT (NEW ENGLAND LANDFILL SITE)

The New England Landfill Site is the largest, permitted Site in the KwaZulu-Natal Midlands and is a regional Site serving the disposal needs of not only Msunduzi but local municipalities within the jurisdiction of the District Municipality. The Site receives approximately 500 tons of waste daily which is spread, compacted and covered. Users of the Site are billed for the waste disposed and statistical data is maintained of the waste disposed in categories for the purposes of future planning and other advanced Waste Management initiatives. The Site is managed to strict compliance with relevant environmental legislation and bi-annual monitoring for gas emissions, groundwater and surface water contamination, and leachate emissions is conducted to ensure that the Site does not pose an environmental threat to the environment. Tests conducted in March 2013, June 2013 and February 2014 has confirmed that the Site poses no threat to the environment.

COMMENT ON WASTE DISPOSAL SERVICE PERFORMANCE OVERALL:

The Site has been extensively upgraded in terms of infrastructure in order to increase the lifespan of the Site. This entailed construction of containment berms, clay-capping of the side slopes, perimeter and access road upgrade, ramp access construction in order to gain entry to the workface of the Site and upgrade to the leachate management system. The second phase of the installation of heavy-duty palisade fencing was also completed. Funding has been obtained from COGTA by the uMgungundlovu District Municipality to construct a Materials Recovery Facility on Site which will achieve our target of recycling at least 50% of the waste to Landfill. This project will also provide sustainable

jobs for co-operatives that have been established. In conjunction with this project, a waste recycling collection system will be implemented in order to source separate recyclables. We have embarked on the process of establishing a Gas-To-Energy project on Site. The Department of Energy is currently in the process of evaluating proposals submitted by specialist consultants for the generation of gas to energy with the intention of appointing Independent Power Producers. The project will commence on the appointment of the IPP.

1.6 HOUSING

INTRODUCTION TO HOUSING

The Municipality of Msunduzi has encountered profound challenges in the past years that have, to a great extent, affected its ability to dispense of its mandatory obligation of providing housing and creating sustainable human settlements for the benefit of its predominantly impoverished residents. This has as such affected the city's ability to respond to rapid growth an effect reminiscent of rural urban migration that characterises developing countries such as South Africa.

The city's housing backlog is regarded to include people living in informal settlements, rented accommodation both in formal commercial accommodation and in backyards, as well adults living at home with parents due to their inability to gain access to formal housing of their own. The total of all these categories is estimated at approximately 35 000 households. The most pertinent question to ask therefore becomes whether the municipality is ready to face this challenge.

The level 1 accreditation awarded to the municipality and confirmed in 2013 has been clear indication of the confidence both the Provincial and National spheres of government are having in Msunduzi to can rise up to the challenge of addressing the housing backlog. The accreditation protocol makes it mandatory for the municipality to build appropriate capacity within the Human Settlement sub unit. During the 2013 – 2014 financial year the Municipality started to populate the newly approved organisational structure for Human Settlement by filling five key positions, which included that of the senior manager of the sub unit.

A number of crucial investigations and studies have been initiated during the 2013 – 2014 financial year. These studies include:

THE HOUSING VALUE CHAIN STUDY

This investigation was undertaken as a result of the realisation that almost all housing projects that have been undertaken since 1994 have not got to the stage where all beneficiaries have taken transfer of their houses. This investigation therefore attempted to analyse the reasons behind the failure to have all these old projects closed out, establish the various phases of the development value chain and categorise each and every one of these projects according to the identified development phases. This exercise has since been completed.

REVIEW OF THE HOUSING SECTOR PLAN

The accreditation protocol entrenches the requirement in terms of the Municipal Systems Act that the Municipality has to prepare the Housing Sector Plan every five years and review such annually. The Housing Sector Plan had last been prepared in 2011. This to some extent meant the Municipality had not complied with its legislative mandate and for years could not ensure that the housing delivery attempts were truthfully responding to the needs and were addressing the backlog. The review of the Sector Plan was therefore started during the second half of 2013 – 2014. This was synchronised with the review of the IDP to ensure that all important projects information is covered in both documents.

INFORMAL SETTLEMENTS NUSP INVESTIGATION

Msunduzi has been nominated by the National Department of Human Settlement as one of the priority municipalities in terms of receiving assistance towards eradication of slums. To this end the National DoHS commissioned an assessment of all the 74 informal settlements found in Msunduzi. The study, which was concluded and adopted by Council during 2013 -2014, profiled all informal settlements and identified what kind of intervention the Municipality would have to undertake in order to successfully eradicate such.

INFORMAL SETTLEMENT MANAGEMENT AND CONTROL STRATEGY

One of the recommendations of the NUSP report is that the Municipality has to adopt a management and control strategy through which it ensure that development of any new informal settlements is controlled. The preparation of such a strategy was started during the second half of the financial year and is due to be adopted by Council.

The 2013 -2014 financial year witnessed some very important milestones that contribute to the ultimate goal of creating sustainable human settlements. Among these are:

The purchase of Ethembeni land – 145ha - for housing development has been concluded with the assistance of the National Development Agency and funding from DoHS.

A number of projects were undertaken and important milestones achieved during the year under review. The following is a synopsis of some of those projects.

Copesville housing project: The significance of this project is that it had been stalled for years due to the fact because of the existence of a quarry and a shooting range within its proximity, the Department of Agriculture would not issue a Record of Decision (ROD) for the project to proceed. This project has since been resuscitated and is now progressing to final stages of planning.

Jika Joe temporary housing was initiated in response to fires that broke out in the area and threatened the lives of 350 residents of the informal settlement. Progress on the project has not been according to plan and this project is highlighted here to bring the point home that there is a need for various sections of the Municipality to work as unit and align each other's policies to be able to respond to unconventional situations.

The Wirewall rectification project went through intensive planning process, a process that also required coordinated inputs of various sections of the Municipality as well as other spheres of government. This process has not been without its fair share of challenges. Such challenges have only served to enrich and provide solid grounding for implementation to take place during the 2014 – 2015 financial year.

Table 53 - PERCENTAGE OF HOUSEHOLDS WITH ACCESS TO BASIC HOUSING

Year End	Total Households (incl. formal and informal Settlements)	Houses in formal settlements	Percentage of HHs in formal settlements

COMMENT ON THE PERFORMANCE OF THE HOUSING SERVICE OVERALL:

The year 2013/2014 saw a number of policy and strategy investigations initiated and some concluded. This can only be viewed as a step in the right direction as such studies provide the impetus and compass to guide Human Settlement performance into the future. The performance plan for the year ahead has taken guidance from the foundations thus laid and as such more projects have been identified in line with the NUSP report and the Housing Sector Plan. The initiation of planning for the Peace Valley Glenwood South East Sector, Kwa 30 and Khalanyoni as well as Jika Joe Community residential Units project is in direct response to the need to eradicate slums as informed by the investigations mentioned above.

During the 2013/2014 financial year the Municipality has experienced a number of challenges that threatened a number of housing projects at implementation stage. The year 2013/2014 should have seen construction of some 1566 housing units and services installed to 611 sites. Community unrests and deliberate service delivery interruptions let to projects in Willowfontain EE phase 1 and Lot 182 Snathing being blocked most of the financial year. Planned targets for the projects of Tamboville, Tembalihle and Site 11 were based on getting consolidation subsidies approval by the DoHS on time. Such approvals were not forthcoming up to the end of the financial year. There are projects which became subjects of lengthy litigations such as the Edendale Unit H and Edendale T2 / T3 projects and such litigations have affected the progress on construction of houses.

The Municipality is doing its very best to implement infrastructure services that contribute deal directly with redressing the imbalances of the past. This has led to setting standards that are much higher than those set in terms of the National Housing Code. Aligning the two has been a challenge which has led to stalling of the Edendale Unit S Phase 8 project. To date the project is still waiting for MIG funding approval.

1.7 INDIGENTS – FREE BASIC SERVICES

INTRODUCTION TO FREE BASIC SERVICES AND INDIGENT SUPPORT

The delivery of free basic services to the people is a priority to the Council in order to afford dignity to our community that live below the poverty line. In this group we include and not limited to the elderly, unemployed, child headed household and people living with disabilities.

Table 58 - FREE BASIC SERVICES TO LOW INCOME HOUSEHOLDS

COMMENT ON FREE BASIC SERVICES AND INDIGENT SUPPORT:

All our low income earners identified in terms of the adopted policy prescription for 2013/14 did get free basic services according to national norms and standards.

2. COMPONENT B: ROAD TRANSPORT

This component includes: roads; transportation planning; and storm water drainage & fleet management.

INTRODUCTION TO ROAD TRANSPORT

This component of the report falls under the Roads & Transportation (R & T) Sub-unit of Infrastructure Services Business Unit. R & T deals with the following:

- Planning, Development and Maintenance of Municipal roads and stormwater infrastructure
- Transportation Planning, Traffic Engineering issues, Road Safety and Public Transport issues
- Planning, Development and Maintenance of Municipal Buildings
- Planning, Development and Maintenance of pedestrian and vehicle bridges

2.1 ROADS**INTRODUCTION TO ROADS**

The Roads Section continues to address the backlog of gravel roads. An attempt is made every year to upgrade 20 km of gravel roads into "all weather" surfacing in order to render uninterrupted access and safety (i.e. through geometric interventions).

In 2013/2014, the Roads Section commenced with its 5-year road assessment in order to produce a revised Road Asset Management Plan (RAMP) and a Pavement Management System (PMS) to drive the Municipality's Preventative/Proactive Maintenance for the next five years.

The RAMP is going to inform the Upgrading of Gravel Roads programme, the gravel and backlog will be shown up to Ward level.

Preventative Maintenance Programme commenced in earnest in 2013/14. This programme has not been funded in previous years.

COMMENT ON THE PERFORMANCE OF ROADS OVERALL:

The department has continued with its programme of upgrading gravel roads with a vision of reducing the high backlog of gravel roads in the city. 24.7 km were upgraded in 2013/14 financial year. Funds are slowly being made available by the municipality towards the rehabilitation programme, which makes up the preventative maintenance. In access, 36000m2 of road surfacing was attended in 2013/14.

2.2 TRANSPORTATION PLANNING

INTRODUCTION TO TRANSPORTATION PLANNING

Transportation Planning is crucial in planning sustainable developments and ensuring accessibility for all. The Transportation planning section is responsible for meeting the directives set out at all spheres of Government. The key principles that we address as a section are:

1. Mobility and Land Use
2. Congestion
3. City Efficiency
4. Road Safety
5. Accessibility

Transportation Planning Section performs the following functions:

1. Evaluation, assessment and, siting of transport facilities
2. Planning, Co-ordination, facilitation and provision of efficient and effective transport systems and infrastructure for all private and public transport
3. Planning, Co-ordination, facilitation, provision, monitoring and regulation of efficient, effective public transport services and facilities within a balanced market demand and supply framework.
4. Provides effective traffic management, control and safety through co-ordinated planning and maintenance programmes.

Table 68 - TRANSPORT SERVICE POLICY OBJECTIVES TAKEN FROM IDP

COMMENT ON THE PERFORMANCE OF TRANSPORT OVERALL:

The Transportation Section continues to address the backlog of the installation of traffic calming measures and traffic signals in order to improve safety in the municipal road network. In 2013/14, the Transportation Section installed a total of ninety-one (91) speed humps, four (4) traffic signals, and marking of three hundred and twenty point four (320.4) km's of roads and replacement of six hundred and fifty two (652) traffic signs at various wards within the municipality.

2.3 WASTE WATER (STORMWATER DRAINAGE)

INTRODUCTION TO STORMWATER DRAINAGE

The Municipality constructed 3.1km of storm water channel in various roads in the Greater Edendale. This was to prevent or minimise flooding of municipal roads. Other new systems are constructed in association with road network upgrade. However, this service is still under funded in terms of new or upgrade and maintenance of existing system.

COMMENT ON THE PERFORMANCE OF STORMWATER DRAINAGE OVERALL:

Only 3.1km of storm water channels were constructed in the 2013/2014 financial year. Due to financial constraints, the available funding is not enough to deal with storm water issues.

2.4 FLEET MANAGEMENT

INTRODUCTION TO FLEET MANAGEMENT

Overview of Fleet Management

Fleet Management is the sub-unit of Infrastructure Business unit and its core function is management, replacement and maintenance of Council's fleet and heavy plant. Fleet Management is divided into three sub-sections namely: Fleet Administration, Fleet Maintenance and Fleet Control.

Strategic objectives of these sub-sections are:

Fleet Administration is responsible for budgeting, request to purchase parts and services, vehicle licensing, service plan, certificate of road worthiness, job cards, CAMIS (vehicle history information) and auditing of keys and log books.

Fleet Maintenance is responsible for preventative maintenance, react on breakdowns and diagnose and repair defects.

Fleet Control is responsible for Internal and external hiring, contract tenders, purchasing and disposal of vehicles, monitor vehicle tracking system, implementation and compliance of fleet policy and branding of vehicles.

Fleet Strategy - In order for Fleet Management to provide optimal support to various business units, the following strategic objectives were implemented.

Service plan: Due to inadequate service plan, the vehicles and plant were not serviced properly and that was resulting on high maintenance cost and it was against the general fleet management principle that says in order to optimise and provide high level of vehicle availability, proper preventative maintenance plan must be in place. The service plan was introduced and implemented since 1st July 2012. At the beginning of implementation phase, the project was not running well because of non-availability of vehicles and turnaround time for order numbers. In the financial year 2013/14 the meetings and negotiations were going on with business units and the number of vehicles serviced per month has improved.

Fitment of vehicle monitoring system: This was due to abuse of vehicles and the high amount of fuel used. The implementation phase was at the beginning of 2012/13 financial year which went a bit slowly because of the resistance from staff. It was supposed to be completed by the end of that financial year but due to challenges of breakdowns and accidents it went over two weeks of the new financial year. The fitment is done as the new vehicles are being purchased. The major achievement is the better control and reduction of overtime and detection of vehicle abuse.

Purchase of new vehicles: 137 vehicles have been purchased in 2013/14 financial year on RT57 government contract and there was no need to go for tender. This project helped to overcome the shortage of vehicles due to ageing and resulting frequent breakdowns. Council corporate branding has been done as the vehicles get delivered for the purpose of easy identification.

Fleet policy: The policy was adopted by the full Council on the 26 September 2012. Implementation started thereof and number of business units were workshopped and the remainder of them were done in 2013/14 financial year.

Table 78 - FLEET MANAGEMENT POLICY OBJECTIVES TAKEN FROM IDP

COMMENT ON THE PERFORMANCE OF FLEET MANAGEMENT OVERALL:

Capital projects

Purchasing of vehicles, branding, fitment of aerial platform and fitting tipping system are the only capital projects that Fleet Management does.

137 vehicles were purchased on the 2013/14 financial year. EWCop monitoring system has been fitted to all of these vehicles. 97 of them are branded and the remaining 40 will be branded late towards the end of financial year. The 5 year plan for Fleet Management is to purchase 100 vehicles per year.

3. COMPONENT C: PLANNING AND DEVELOPMENT

This component includes: planning and local economic development, airport, building control & signage and market.

3.1 PLANNING

INTRODUCTION TO PLANNING AND DEVELOPMENT

The opportunity of town planning is to be able to work hand in hand with the communities in their attempts to achieve service delivery and make their life successful within their environment. Town planning deals with areas that need intervention by making sure that areas change for the betterment of people who are staying within those areas.

The challenge that is facing town planning is an increase of unauthorised land uses as a result of rigid legislation in terms of enforcing unauthorised land uses and a shortage of human capacity to enforce unauthorised land uses.

INTRODUCTION TO PLANNING

- (i) A strategy of town planning for 2013/2014 was to be more pro-active in development by working hand-to-hand with developers who wants to invest in the city.
- (ii) A Planning and Development Forum was also formed in house to fast-track applications that have been submitted by means of the Planning and Development Act.
- (iii) A resolution was taken during this financial year to prepare a detailed planning for the South Eastern District Area, which include Ambleton, Ashburton and Lynnfield Park and also to prepare a Local Area Plan for the City centre as well as the extension of the town planning scheme over Sobantu and the Greater Edendale Area. This will help to curb the increase of unauthorised land uses and enforce unauthorised land uses.
- (iv) It should be noted that the above mentioned projects were completed at the end of August 2014.
- (v) During 2014/2015 financial year Town Planning Department will be preparing the Spatial Development Framework, Local Area Plans for Vulindlela and the Northern Areas. In addition to these strategic projects, Town Planning sub-unit will also prepare the Precinct Plan for the Pietermaritzburg Airport.

COMMENT ON THE PERFORMANCE OF PHYSICAL PLANNING OVERALL:

Although there were some challenges in terms of human capacity, it should be noted that the performance of Town Planning Department is satisfactory. During 2014/2015 financial year Town Planning Department will be preparing the Spatial Development Framework, Local Area Plans for Vulindlela and the Northern Areas. In addition to these strategic projects, Town Planning sub-unit will also prepare the Precinct Plan for the Pietermaritzburg Airport.

3.2 LOCAL ECONOMIC DEVELOPMENT

INTRODUCTION TO LOCAL ECONOMIC DEVELOPMENT

The Local Economic Development is a Sub-Unit of Economic Development Business Unit and has four sections, Business Attraction and Retention, Municipal Enterprises in Airport, Forestry and Market, Property Valuation and Real Estate and Tourism.

The focus of the Unit this year was to review and develop various sector strategies and align these to the broader Municipal Spatial Development Framework and Integrated Development Plan in order develop a sustainable City. Coupled with this initiative, was the production of the municipal land audit that has taken stock of various land parcels with appropriate development attributes. This will assist in leveraging investment and channeling resources where they will be best utilized.

COMMENTS ON LOCAL JOB OPPORTUNITIES:

There are three major shopping malls that are currently under construction and when completed will generate a combined 2000 direct employment units, other major development are at various stages of development.

A major landmark was the development of a Tourism Master Plan that introduced a paradigm shift in a way that this sector has been managed by the municipality over the years. This culminated in the opening of a tourism hub building that will house all complementary tourism activities aim at leveraging the resources and expertise to position the city as a preferred tourist destination. A first tourism forum made up of all tourism interest groups was established for the first time in the municipality and will assist guide the development of the sector. The tourism function will be managed through a municipal entity.

A total of fourteen (14) co-operatives were established in the wards to render environmental and waste services in the wards that are not currently serviced by the municipality.

The Unit erected street furniture for the informal traders and has facilitated the creation of the informal chamber as a lobby group for the informal traders' rights and support.

COMMENT ON LOCAL ECONOMIC DEVELOPMENT PERFORMANCE OVERALL:

The focus of the unit this year was to review and develop various sector strategies and align these to the broader Municipal Spatial Development Framework and Integrated Development Plan in order to develop a sustainable city. Coupled with this initiative was the production of the municipal land audit that has taken stock of various land parcels with appropriate development attributes. This will assist in leveraging investment and channeling resources where they will be best utilized.

3.3 AIRPORT SERVICES

INTRODUCTION TO AIRPORT SERVICES

The Pietermaritzburg Airport is the premier regional airport in the province of KwaZulu-Natal, and is licensed as a Category 6 airport. The airport caters for both general aviation, and daily scheduled flights between OR Tambo Airport and Pietermaritzburg operated by SA Airlink and SA Express. There are also scheduled flights during the week between Ulundi and Pietermaritzburg operated by Federal Air. It is expected that SA Airlink will shortly announce a weekly flight between Cape Town International Airport and Pietermaritzburg. General aviation remains a key component of the airport, catering mainly for flight training, charter flights and Air Mercy Services.

The airport is owned by the Msunduzi Municipality, and is being managed by a service provider through a management agreement. Due to the introduction of a bigger jet by SA Airlink, and the subsequent change in category, the airport facilities had to be extended to accommodate the increase in passengers, and the bigger aircraft. The apron was reconfigured to accommodate the new aircraft, and the terminal building was extended, and can now accommodate 200 arriving and departing passengers at any one time.

The parking facility for both passengers and car rentals is operated on a public private partnership with a service provider.

COMMENT ON AIRPORT SERVICES PERFORMANCE OVERALL:

In the financial year 2013/14 the capital works with respect to the reconfiguration of the apron, and the extension of the terminal building, was completed utilizing the infrastructure grant received from KZN Treasury. Additional minor structural work in the terminal building is scheduled to be completed in 2014/2015.

Passenger movements increased year on year by 14,9%, with the airport now averaging over 10,000 passengers per month. This can be attributed to the larger aircraft flying to and from OR Tambo Airport, and the reduction of airfares with the entry of a second airline on this route. Airport revenue also showed a significant increase compared to the previous year, with income increasing by 33,7%. Flight diversions were due to inclement weather.

The municipality has agreed in principle to the establishment of an Airport Entity to manage and operate the airport, together with an Airport Precinct that is being established. The Section 78 and Section 84 processes in terms of the MSA, and MFMA respectively, are underway. The establishment of a Technology Hub on vacant airport land is at an advanced stage, with the appointment of consultants to do the design, imminent.

Another successful air show was held in June, with over 3,500 people attending. The show gave the opportunity to 20 informal traders to sell their products within the show arena. For the first time, local learners from grades 10 to 12 were given instruction in mathematics, science and geography, and were exposed to the different aviation related careers.

3.4 BUILDING CONTROL & SIGNAGE

INTRODUCTION TO BUILDING CONTROL & SIGNAGE

The Building Control and Signage Section controls building construction and outdoor advertising signage in the city. This is done through compliance with the National Building Regulations and Building Standards Act, 1977, the SANS 10400, and the Msunduzi Municipality Advertising Signs Bylaws. This section has seen several improvements over the year:

1. After not being able to fill vacant posts over the past 3-4 years, additional members of staff have now been employed – a Chief Building Inspector, three new Building Inspectors were employed, one additional Plan Examiner was also recruited, and a permanent replacement for the vacant Administrative Officer post was appointed.
2. During the year the Plan Approval Systems have been substantially improved:
 - Plan Approval Management software was acquired and installed.
 - A Plan Approval Committee was established to ensure delays are minimised and to address the risk of possible fraud and corruption in the plan approval process.
 - A large format colour Scanner/Plotter/Copier was acquired and installed.
 - The scanning and digitising of all Building Plan files and documents, and the creation of a legitimate

Archival System was commenced, and is in an advanced stage, to be completed during next financial year.

3. On the Outdoor Advertising side there has been limited success – there have been no internal appointments made to the posts of Signage Officer or Signs Inspectors, however three inspectors have been seconded by Tutucomms (the appointed company to manage outdoor advertising signage in the city).
4. Works in progress which promise to greatly improve the control of signage and realise substantial revenue for the City are:
 - The revisiting and renewal of Billboard contracts and the contract for illuminated street-name pole advertising.
 - The appointment of Co-operatives to address illegal advertising and clean up the City.
 - The renewal of contracts for refuse bin and bus shelter advertising.

COMMENT ON BUILDING CONTROL & SIGNAGE PERFORMANCE OVERALL:

The Building Control and Signage section battled during the first half of the 2013/14 financial year due to the suspension of the previous manager and other HR challenges. However production picked up during the second half and very good performance overall was recorded. The new Plan Approval System is starting to show improvements in quality and quantity of Building Plans approved. The Archival System is well ahead of target and the quality of scanned documents exceeds initial expectations. The Outdoor Advertising function is still experiencing challenges due to shortage of experienced management and operational staff, but strategies for better control of legal advertising and eradication of illegal advertising are being developed and promise to deliver more control, a cleaner city, and increased revenue to the council during the 2014/15 financial year.

3.5 MARKET SERVICES

INTRODUCTION TO MARKET SERVICES

The Pietermaritzburg Fresh Produce Market operates through a system of market agencies, market agents acting as the link between sellers and buyers. The main products traded are potatoes, onions, tomatoes, vegetables, bananas and fruit. The crucial variable determining the economic viability of the market is the volume of business, or the tonnage throughput. The volume in the Msunduzi Market has declined relative to the major municipal markets in Johannesburg, Tshwane and Durban. In comparison to other national markets it has slipped to seventh position, out of seventeen municipal fresh produce markets.

The recent situational analysis of the market leads to the conclusion that the existing system of departmental management has failed to provide the resources did not need to promote business development, nor does it create incentives that to stimulate operational efficiency. The best way forward is to establish a market municipal entity, in the form of a private company, with focused goals, financial independence, management autonomy and accountability for results and this process is under way.

COMMENT ON MARKET SERVICES PERFORMANCE OVERALL:

The total turnover from sales at the market for 2013/14 was R 297 059. Total revenue was influenced by the fact that 18 cold rooms/banana ripening rooms were destroyed by fire in September 2012, which have only recently been rebuilt and resumed operations. This limited revenue from cold storage, banana ripening and banana sales. Other areas of sales have however been doing well and Agents have in general been satisfied with the improved trading conditions as a result of the R15m upgrade, and new maintenance contracts entered into to speed up repairs to essential equipment such as cold rooms. Customers have also complimented the market on the improved facilities, such as new customer trolleys and improved cleanliness from new floor-cleaning machinery. The National Department of Agriculture, Forestry and Fisheries has visited the market several times this year and commended it for the facilities upgrade and taken to renovate and revitalise the market.

4. COMPONENT D: COMMUNITY & SOCIAL SERVICES

This component includes: Libraries; Art Gallery; Theatres & Halls; and Cemeteries & Crematoria.

4.1 LIBRARIES

INTRODUCTION TO LIBRARIES

There are nine libraries within the Msunduzi Municipal Library Services, the main Bessie Head Library and eight branch libraries. The Bessie Head Library has a wide range of resources including books, large-print books, newspapers and periodicals, audio-books, DVDs, videos, music CDs and scores, and CD ROMs for all age groups. Within the branch libraries: there are three large libraries, Northdale, Georgetown and Eastwood and five smaller ones, Ashburton, Woodlands, Sobantu, Ashdown and Alexandra Library. The branch libraries offer a smaller range of materials than is available at the main library but make every effort to meet the needs of the communities they serve. A limited Adult Reference service is available at Northdale, Georgetown and Eastwood libraries. Georgetown provides a study area and a Travelling Library service to schools.

Libraries have traditionally been one of the primary sources of information for citizens. The Internet, however, has liberated much of the information that was once only contained in physical artifacts. In order to remain relevant Msunduzi Municipal Library Services need to ensure that they are adapting to this new environment, meeting the information needs of their Customers and providing the unique curation, expert advice, and services that our customers demand and which the library is well poised to provide. Patrons are no longer just consumers of content, but producers as well, and the role of the library is to provide access to the knowledge and resources to help people learn the skills needed to participate in and accomplish work/ tasks in this changing landscape.

During the last financial year all libraries were maintained and some maintenance is still to be completed by the end of August 2013. A reasonable number of books were purchased. Most of the vacant posts were advertised and the process of filling vacant posts is about to be completed. Negotiations towards building a new library in Imbali were initiated and the process of designs and building is anticipated to commence within 2013/14 and the amount of R40 000 000.00 has been confirmed by DAC – KZNPPLIS.

COMMENT ON THE PERFORMANCE OF LIBRARIES

Due to the financial situation of the municipality there were no capital projects for the libraries.

4.2 ART GALLERY

INTRODUCTION TO ART GALLERY

The Tatham Art Gallery is one of the national Art museums which serves the Msunduzi region through the visual arts by adding to the internationally recognised collection of artworks, mounting exhibitions, based on the collection or curated externally, conserving the collection of artworks and running a relevant and vibrant Education and Outreach programme based on the exhibitions

SERVICE STATISTICS FOR ART GALLERY

Acquisitions of artworks to permanent collection: 6 items accessioned into permanent collection.

Exhibitions: 17 exhibitions displayed against a target of 12.

Education and Outreach: Ongoing programme of school visits, walkabouts and lectures, art classes for youth, artists-in-residence, artists' forums, concerts, FOTAG functions and fundraising initiatives.

Visitors to Gallery 1 July 2013 – 30 June 2014: 14502

COMMENT ON THE PERFORMANCE OF ART GALLERIES

- No Capital projects for 2013/2014
- The Gallery has exceeded expectations by mounting double the target number of exhibitions, including two researched exhibitions which were accompanied by comprehensive catalogues.
- The upgrading and closure of the road in front of the Gallery for half of the year under consideration had a substantially negative impact on visitors to the Gallery.
- Maintenance of the building is ongoing.
- The five year capital plan can be attained.

4.3 THEATRES & HALLS

INTRODUCTION TO COMMUNITY FACILITIES (THEATRES & HALLS)

This section deals with the Management and Maintenance of Halls and Theatre facilities. Halls and Theatre facilities maintained to an acceptable standard for use by hirers. Tariffs have been revised to accommodate NGOs, welfare organization and CBOs.

COMMENT ON THE PERFORMANCE OF COMMUNITY FACILITIES (THEATRES & HALLS) OVERALL:

The income received for the hiring of hall facilities must be in line with the expenditure. Council must recuperate all operating cost related to the service that it's been charged for. The halls must be managed and operated with sound business principles. No Capital Projects were undertaken in the 2013/2014 financial year.

4.4 CEMETERIES & CREMATORIA**INTRODUCTION TO CEMETERIES & CREMATORIALS**

This unit is responsible for the Management, maintenance and development of Cemeteries and Crematoria. Two new cremators were installed at Mountain Rise cemetery. Development of Hollingwood Cemetery in progress (consultant has been engaged to oversee the management of the project).

COMMENT ON THE PERFORMANCE OF CEMETERIES & CREMATORIUMS OVERALL:

The development of Hollingwood Cemetery needs to be fast tracked in order to alleviate the problem of lack of burial space and the identification of land for new cemeteries is vital to accommodate burials for 50 years.

5. COMPONENT E: ENVIRONMENTAL PROTECTION

This component includes: environmental health; and, biodiversity and landscape.

5.1 ENVIRONMENTAL HEALTH

INTRODUCTION TO ENVIRONMENTAL HEALTH

Environmental Health encompasses those aspects of human health, including quality of life that is determined by physical, chemical, biological, social and psychosocial factors in the environment. It also refers to the theory and practice of assessing, correcting, controlling and preventing those factors in the environment that can potentially affect adversely the health of present and future generations. Environmental Health Services includes: Water quality monitoring, Food control, Waste management, Surveillance of premises, Communicable diseases control, Vector control, Environmental pollution control, Disposal of the dead, Chemical safety and noise control.

The service delivery priorities focussed on water quality monitoring, food quality and safety, health surveillance of premises and vector control.

Air Quality Data

Northdale Hospital Station

It is the responsibility of the municipality to monitor air quality, in terms of the Air Quality Act, No. 39 of 2004. The Northdale Hospital Station is managed in partnership with the Department of Agriculture, Environmental Affairs and Rural Development (DAEARD). For data to be accredited, the analysers must be calibrated and checked bi-weekly. Data management, analyser maintenance, service and calibration were the responsibility of the DAEARD but this did not occur hence data was not verified and only raw data was available.

Central Station:

Station was decommissioned to accommodate construction of the Tourism Hub. A new station was purchased during the financial year and delivery is expected in August 2014.

Edendale Station:

Data not available due to vandalism resulting in theft of the station electrical cables. The station needed to be relocated and due to budget constraints, this was not possible.

COMMENT ON THE PERFORMANCE OF ENVIRONMENTAL HEALTH OVERALL:

Environmental Health Services continued to be provided without funding from National Treasury. With a limited budget and diminishing resources the nine functional areas relating to environmental health services as defined in the National Health Act, No. 61 of 2003 were carried out to ensure effective and efficient service delivery within the areas of Msunduzi. One of the service delivery priorities focussing on water quality monitoring, continued for the purposes of Blue Drop status accreditation. The departmental laboratory was used for the monitoring of water and food quality and also swabbing to determine standards of hygiene at food premises. The Air Quality Monitoring Network was non functional, due to the capital budget being removed, and the continued vandalism of one of the Municipality's Air Quality Monitoring Stations. Funds were however subsequently secured with the assistance from another Business Unit at the end of the 2013/14 financial year, and delivery of a new Station is expected early in the 2014/15 financial year. An additional Station has been identified and budgeted for in the 2014/15 financial year. In addition to the current priority service objectives, Air Quality Monitoring will therefore be focused on during the 2014/15 financial year.

5.2 BIO-DIVERSITY AND LANDSCAPE**INTRODUCTION BIO-DIVERSITY AND LANDSCAPE**

Management, maintenance and development of Parks, open spaces, play lots, verges and Conservation areas. Horticultural practises which includes, beautifying, landscaping of cities islands, city entrances, maintenance of surrounds and garden at council buildings e.g. halls and libraries. Plans to develop two new Parks in Edendale approved to secure external funding to implement.

COMMENT ON THE PERFORMANCE OF BIO-DIVERSITY; LANDSCAPE OVERALL:

Ward based program initiated to ensure that all wards are kept clean. Funding to revitalize the Alexandra park approved by the department of environmental affairs.

6. COMPONENT F: SECURITY AND SAFETY

This component includes: Traffic; Safety & Security; Fire; and, Disaster Management.

6.1 TRAFFIC, SAFETY & SECURITY**INTRODUCTION TO TRAFFIC & PUBLIC SAFETY**

The department of Public Safety helps ensure a safe environment and improve the quality of life through effective Traffic policing combined with efficient use of security officers. Traffic services include:

1. Control and regulate all forms of Traffic, promote education and training on the road and traffic safety.
2. Attend scenes of motor vehicle collisions and assist with traffic control, removal of injured persons and removal of vehicles so that traffic may flow freely again.
3. Eliminate points of congestion, obstruction, hindrance, interference or danger to vehicles and pedestrians.

COMMENT ON THE PERFORMANCE OF TRAFFIC & PUBLIC SAFETY OVERALL:

Performance of Traffic safety & Security personnel are on par as per the Service Delivery & budget Implementation Plan. The lack of Traffic stations servicing the remote areas of the municipality is a cause for concern due to the risks attached to the delayed response times from Traffic stations which are a fair distance from these areas. This is further exacerbated by the time of day response (peak periods etc.), and could have an impact on the ability to respond to Road Accidents.

6.2 FIRE

INTRODUCTION TO FIRE SERVICES

THE PURPOSE OF THE FIRE SERVICES UNIT IS AS FOLLOWS:

1. Fight or extinguish a fire and rescue of life or property from a fire or other danger:

Early and timeous response to fire and rescue incidents is critical for life and property saving measures to be effective. In order to improve turnout times to incidents the Municipality has started the process which should see two more fire stations opened in the vast Vulindlela area and Northdale suburb of the City. Whilst staff shortages are a challenge this is combated by a constant attempt to ensure that a minimum manning standard is complied with on a daily basis, even at the expense of overtime costs.

2. Prevent the outbreak and spread of fire and the protection of life or property from fire or other threatening danger:

The dedicated Fire Prevention officers ensure that all new building development applications are in compliance with the Building Regulations and SANS 0400 codes of practice for fire safety in buildings. Existing infrastructure is also subject of daily scheduled and adhoc inspections for fire safety compliance. A heightened effort has been placed on combating unauthorised occupancies, especially related to illegal boarding establishments housing school children, and the city centre decay. Attention is also given to fire safety compliance at sports and recreational events in compliance with the requirements of the Safety at Sports and Recreational Events Act 2 of 2010.

3. Basic fire and life safety training:

The Fire Prevention Officers undertake regular scheduled training with hospitals, commerce and industry in order to impart basic fire safety training in the use of first aid fire fighting equipment.

The Public Education Section engages schools and communities (especially informal settlements) in a drive to ensure basic fire and life safety awareness and skills are imparted at a rudimentary scale, mostly by meetings, attendance to community structures and visitations to schools, and, of schools to fire stations. Whilst this basic intervention is still not enough it is imperative that communities are aware of the fire service and services it offers, how to access these services, and what it is that they can do to provide basic fire safety protection to themselves.

COMMENT ON THE PERFORMANCE OF FIRE SERVICES OVERALL:

The lack of fire stations servicing the extreme areas of the municipality is a cause for concern due to the risks attached to the delayed response times from fire stations which are a fair distance from these areas. This is further exacerbated by the time of day response (peak periods etc), and could have an impact on the ability to effectively protect life and property.

6.3 DISASTER MANAGEMENT

INTRODUCTION TO DISASTER MANAGEMENT

The Disaster Management role involves a continuous and integrated multi-disciplinary and multi sectoral processes of planning implementation of measures which are aimed at :

- preventing or reducing risk of disasters;
- mitigating the severity or consequences of disasters;
- emergency preparedness;
- rapid and effective response to disasters

Disaster Management conducted community awareness campaign to established communities that are risk avoidance. Events, Marches and Gatherings were attended and proper planning was done to have safe communities at sport in the city. Effective and efficient response to incidents was prioritise to rehabilitate communities affected. DM Draft plan was established to provide guidance in disaster related issues.

SERVICE STATISTICS FOR DISASTER MANAGEMENT

- During the 2013/2014 year 172 incidents attended that affected 4604 community members.
- Awareness campaigns conducted reached 4000 community member in Msunduzi Jurisdiction.
- Events, Marches and Gatherings attended were 212 and consist of 507 165 spectators and participants.
- Draft Disaster Management Plan was established.

COMMENT ON THE PERFORMANCE OF DISASTER MANAGEMENT OVERALL

Disaster Management had no capital expenditure during the last four years. Disaster Management has a Crisis Response Protocol contingency list, which activates in a level 2 and level 3 Disaster. We have operational people and a standby team to provide a 24/7 response to assist victims with emergency supplies in the first response. There are summer and winter contingency plans in place.

7. COMPONENT G: SPORT AND RECREATION

This component includes: sports facilities; swimming pools; and parks.

7.1. SPORT AND RECREATION

INTRODUCTION TO SPORT AND RECREATION

Manage maintenance and development of all municipal sports facilities and swimming pools plus the promotion and development of sports and recreation. Master plan for the maintenance of sports facilities approved.

SERVICE STATISTICS FOR SPORT AND RECREATION

COMMENT ON THE PERFORMANCE OF SPORT & RECREATION OVERALL

The construction of the athletic track is in progress. The Wadley stadium surface has been repaired and a caretaker employed on a contract basis to take care of the facility. There has been a lack of maintenance at sports facilities due to the lack of funding.

8. COMPONENT H: CORPORATE POLICY OFFICES

This component includes: Executive & Council; Financial Services; Human Resource Services; ICT Services; Legal Services; Supply Chain Management; and, Internal Audit.

8.1 COUNCIL & EXECUTIVE SUPPORT

INTRODUCTION TO EXECUTIVE AND COUNCIL

The Executive and Council include all administrative support that is provided to the offices of the Mayor, Speaker and Municipal Manager. This includes, inter-alia, meetings of Council and its committees and support related to the functioning of ward committees.

The Executive and Council Support Unit is headed by the Process Manager: Sound Governance. The main purpose for the existence of this Unit is to give administrative support, primarily to Council and its committees and to ensure smoothness of Council's decision making process.

The Unit in turn comprises three sub-units, namely Secretariat, Information and Printing.

The Unit commits itself to providing efficient printing service to Council & business units; quality minutes and efficient record keeping of all minutes of Council and its committees.

In an attempt to improve its performance in so far as it concerns the quality management of minutes the Unit introduced various levels of accountability to check agendas and minutes so as to minimize errors and material amendments respectively. In addition, the decisions of Executive and Management Committees are electronically captured at meetings and confirmed at the end of each meeting so as to speed up the implementation of thereof.

COMMENT ON THE PERFORMANCE OF THE EXECUTIVE AND COUNCIL:

In the 2013/2014 financial year portfolio committees held meetings on a regular basis and this can be seen in the summary provided above. Msunduzi Municipality was also able to meet the legislative deadlines in the development and submission of the Annual Performance Report for 2012/2013, Annual Report 2012/2013, Oversight Report 2012/2013 and also the Section 72 Mid-Year Budget & Performance review.

8.2 FINANCIAL SERVICES

INTRODUCTION TO FINANCIAL SERVICES

The Financial Services comprises of the following sections, namely:

- Budget & Treasury
- Expenditure
- Revenue Management
- Supply Chain Management

National Key Performance Area for this business unit is a financial viability management. Programmes pertaining to the sections are as follows:

- Budget & Treasury-Compliance and Annual Financial Statement
- Expenditure-Trade and Sundry Payments, Payment of all invoices within 30 days, management of general insurance fund, remuneration management
- Revenue Management-Credit Control and billing, policies
- Supply Chain-Supply chain management
- The debt collection rate has improved, however is not ideal at this stage. A debt collection task team has been put together with a sole purpose of addressing collection challenges.

- **Electricity – C Fixed Charge** * **Water – C Fixed Charge**

We have reviewed our credit control policy and introduced a credit control procedure manual to improve our business processes. We have also improved our indigent registration in order to better manage the accounts of low income earners and afford them the required Free Basic Services. We are also restructuring our debtors book in order to focus our resources of realisable debt and we believe that will improve financial standing as the municipality.

COMMENT ON THE PERFORMANCE OF FINANCIAL SERVICES OVERALL:

The process leading to the approval of the budget was in line with the approved budget process plan. Budget was adopted within MFMA timeframe and approved budget was informed by Long-Term Financial Plan (LTFF). All relevant budgets related policies are in place and some of the critical procedure manuals were adopted during the year. Staff shortages/vacancies were also addressed within the financial year.

8.3 HUMAN RESOURCE SERVICES

INTRODUCTION TO HUMAN RESOURCE SERVICES

The three top 3 service delivery priorities for human resources were the development and approval of 1377 job descriptions, an HR Customer survey conducted in response to low staff morale and the development of an HR Policy Manual.

JOB DESCRIPTIONS

During the 2013/14 financial year, the Municipality undertook the process of Job writing aligned to the newly approved organizational structure. The national collective agreement on Job Evaluation lapsed in December 2009. Msunduzi Municipality did not implement the Wage Curve Collective Agreement on 1 July 2010. In the absence of national collective agreement on job evaluation, SALGA resolved that Job Evaluation must be handled as a human resources process as opposed to bargaining process. On the 24 April 2013 the council approved new organogram and staff allocation policy.

1377 Job Descriptions in terms of the new structure (2013) have been written. Production of JD's is the prerogative of the employer hence managers sign JD's. T.A.S.K software has been acquired from Deloitte. The management proposed that the collective agreement on job evaluation is concluded with unions at LLF level. SALGA was consulted about this course of action. Draft collective agreement has been considered by the Strategic Management Committee and is now due to be considered Corporate Services Portfolio Committee and Local Labour Forum in July 2014. On the 27 of May, SMC resolved to outsource job evaluation due to the urgency of the project. It envisaged that Deloitte will evaluate job descriptions with the time frame of 20 weeks, starting from July 2014. Once all jobs have been evaluated and published, then the staff allocation process will follow as per approved staff allocation policy.

HR CUSTOMER SURVEY

A key concern for many of the employees surveyed in the 2012 Organizational Climate Survey was the reportedly inadequate and declining efficiency from Administrative Units. In particular Human Resources received 390 comments; the bulk of which relate to employment practices (193) and Training and Development (74) within the organization. Principally, the comments with respect to employment related to the high level of staff vacancies and the need to employ more staff (73).

Underpinning the demand for the survey is the need to fully describe the expectations and perceptions of our customers, the internal employees. With a more accurate picture of the employee attitudes to the HR Services in the organization, HR management will be able to create an action plan with specific solutions that address any areas of concern or in need of improvement informing both the HR Strategies and the Internal Customer Service Charter.

The survey was conducted using a questionnaire, which was made available to staff in English. The quantitative questionnaire addressed 4 main themes, namely; HR Services, HR Staff, Overall Rating of HR and Organizational Specific topics. The questionnaire allowed for data analysis per business unit. The survey was introduced to the targeted HR Customers personally by a member of the Organizational Development Unit. Whilst confidentiality was always maintained, employees did have the option of providing their names.

Based on the outcomes of the report, customer satisfaction with the services of HR is at 13%, an Implementation plan, in response, has been developed as the unit works towards improving the satisfaction of our customers.

COMMENT ON THE PERFORMANCE OF HUMAN RESOURCE SERVICES OVERALL:

The HR unit had 3 Capital Projects in 2013/2014 financial year which included the purchasing of equipment for Team Building, Software for the Job Evaluation Project and Furniture for the unit. During the 2013/14 financial year, the Municipality undertook the process of Job writing aligned to the newly approved organizational structure. 1377 Job Descriptions in terms of the new structure (2013) have been written. Production of JD's is the prerogative of the employer hence managers sign JD's. T.A.S.K software has been acquired from Deloitte.

8.4 INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES

INTRODUCTION TO INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

ICT STRATEGY AND GOVERNANCE FRAMEWORK

The IT department prioritised the development and implementation of the IT Strategy, IT Governance Policy, Charter and Framework that will govern the implementation of all IT projects and monitor its progress thereof. This will institutionalize the Corporate Governance of ICT as an integral part of corporate governance within the Msunduzi Municipality in a uniform and coordinated manner.

This strategy covers the period from 2013 to 2017. The purpose for the development of this strategy was to address the following areas;

1. Promote the alignment of Information Communication and Technology (“ICT”) with business objectives
2. Provide a method for measuring and managing performance against goals
3. Help mitigate risk, delivering value and improving control over delivery of information systems and services
4. Assist in complying with external legislation and regulations
5. Facilitate effective communication between ICT and the business
6. Help enable the ICT function to increase internal and external customer satisfaction

The development of IT Strategy, IT Governance Policy, Charter and Framework was completed during October 2013 and fully endorsed by the Council's Full Council. To date 40% of the entire IT Strategy has been implemented.

Other critical priorities completed by the IT department during this period were, the replacement of Server, Network and Computer infrastructure.

SERVERS, COMPUTERS AND NETWORK REFRESH PROJECT

During the 2013/14 financial year, Msunduzi ICT business unit undertook this technology refresh project in order to replace the ageing infrastructure throughout the council. This comprised of all obsolete servers, storage and backup equipment, desktop computers, laptops and all network CISCO equipment located within the Data centre and throughout the council buildings . All of this equipment was bought through the leasing contract and has since brought about much needed stability and efficiency to all of Msunduzi IT systems and employees. The total investment on Msunduzi was R15 million for the period of three years

COMMENT ON THE PERFORMANCE OF ICT SERVICES OVERALL:

The ICT department replaced a total of 350 computers (desktops and laptops), the entire servers within the datacenter and 120 CISCO switches for network purposes during the 2013/14 financial year. As a result, all of Msunduzi systems no more experience unscheduled downtimes and are all operating efficiently and the processing of all transactions has increased 100 fold.

During this period, seven employees have joined the ICT department which has helped in building capacity within the unit.

8.5 LEGAL SERVICES

INTRODUCTION TO LEGAL SERVICES

SERVICE STATISTICS FOR LEGAL SERVICES

Legal Services play a crucial role in the interaction between the municipality as social change agent and individuals, interest groups, the private sector and other organs of state. Its activities include but are not limited to:

- advising on and developing legally sound and binding policies and legislation in relation to local government's constitutional mandates,
- interpreting and advising on the application of the Bill of Rights and the Constitution, not only to individuals and juristic persons, but also other organs of state in the national and provincial spheres, including the so-called "parastatals" such as Telkom, Eskom and Water Boards,
- negotiating and drafting of contracts and other legal instruments, instituting and defending of claims in various forms, including interdicts, declarators and summonses,
- prosecuting bylaws and regulations in the criminal courts, and
- interpreting and advising on the application of a myriad of other statutes relating to municipalities. In this regard, there are extreme misconceptions about the knowledge, depth and range actually expected from a legal advisor in the local sphere.

In addition to the activities outlined above and indeed, the items formally placed on our SDBIP, Legal Services:

- provide legal comments on all reports whenever required,
- regularly attend various Council committees and sub-committees, working groups of the Municipality, including portfolio committees, the Executive Committee, the Bid Evaluation and Bid Adjudication Committees. In addition we regularly attend impromptu meetings requested by customer units,
- frequently coordinate the activities of multidisciplinary municipal teams in relation to a particular legal issue, problem or objective,
- consider and evaluate an average of 20 new insurance claims against the municipality every month, and new prosecutions a month
- act, where required, as Prosecutors or Chairpersons of Disciplinary hearings.

For the purpose of this document, emphasis will only be placed on two of the key activities performed by Legal Services, namely delictual claims and prosecutions. These statistics therefore do not reflect the total output by Legal Services.

Delictual court claims and court interdicts:

Work on these matters involves daily management of court pleadings and extensive legal processes, including but not limited to correspondences with opposition attorneys, pre-trial procedures and court attendances. These procedures are extensively regulated by; inter alia, the Rules of Practice in the High and Magistrate’s Courts.

Criminal Prosecutions:

The work in these matters involve all those processes in prosecuting persons in the criminal courts, including the consideration of evidence presented by Peace Officers, drafting of charge sheets where necessary, liaising with the Court and lawyers representing the accused. Ultimately, Legal Services represent the municipality in court. procedures are extensively regulated by the Criminal Procedure Act, 51 of 1977.

COMMENT ON THE PERFORMANCE OF LEGAL SERVICES OVERALL:

1. Legal Services Department achieved 100% of its target set in respect of the 5 bylaws identified as evidenced by the successful gazetting in the Provincial Gazette on the 24 June 2014. The review of bylaws will receive special attention during the 2014/2015 financial year. In this regard, 11 bylaws have been earmarked for gazetting and an addition ten are for review.
2. Legal Services has exceeded its target concerning the bylaw education. 15 bylaws education articles were published, which exceeded the target of a total of 8 for the year, by 7.
3. Legal Services Department successfully trained all Deputy Information Officers and some support staff on the Promotion of Access to Information Act.
4. Legal Services is in the process of training two more Legal Interns this year.

8.6 SUPPLY CHAIN MANAGEMENT

INTRODUCTION TO SUPPLY CHAIN MANAGEMENT (SCM)

The Msunduzi Municipality's Supply Chain Management unit is a support function for all business units within the council to ensure provision of efficient, transparent, fair, equitable and cost effective procurement services hence assisting the business units to implement their service delivery priorities.

In terms of the MFMA SCM Regulations the SCM unit is established to implement the SCM Policy adopted by Council. It operates under the direct supervision of the Chief Financial Officer delegated in terms of section 82 of the Act. As a top service delivery priorities the SCM unit had to promote sound financial management and reporting effective budgeting and revenue enhancement.

The main focus for the year was Contract Management four monitoring officers were employed to ensure that

1. contracts are properly enforced;
2. contracts are classified according to the level of management intervention required;
3. contracts are monitored and managed appropriately according to their classification
4. a single person or committee is allocated responsibility for driving institution wide contract management performance
5. roles for contract owners, contract managers and other stakeholders are clearly defined
6. appropriate delegations are in place to allow role players to carry out their responsibilities
7. clear procedures for handover from contract award to contract management are in place
8. contract management plans are implemented where appropriate, and focused on outputs and performance
9. contract management processes and procedures are aligned with organization wide governance and risk management processes, and performance is reported through established governance channels;
10. ongoing contract management training is provided during induction as well as regular refresher training

Municipality Details	Answers
Name of Municipality	KZ225 Msunduzi
Contact Person (name):	Dudu Ndlovu
Email address:	dudu.ndlovu@msunduzi.gov.za
Phone:	033 392 2472
Name of the Head of the SCM Unit (if different to above):	N/a

Question	Answer	Comment on progress	Date for completion	Official(s) responsible	
1	Has the Council adopted a SCM policy in terms of SCM regulation 3?	Yes	N/A	N/A	Head: SCM
2	How many staff are employed by the SCM Unit? (show full time staff equivalent, a person shared with another function or working part-time on SCM is shown as a fraction)	51	34 of the 51 employees are from the stores which includes a majority of general workers and petrol attendants	N/A	N/A
2.1	How many positions are unfilled, ie waiting for an appointment? (full time equivalent)	52	52 post still vacant the effort of filling them is being undertaken by HR	2014/15	DMM:HR

Question		Answer	Comment on progress	Date for completion	Official(s) responsible
2.2	Has a job description been developed for each position within the SCM Unit?	Yes	N/A	N/A	N/A
3	Has a detailed implementation plan for SCM been developed?	Yes	N/A	N/A	Head: SCM
3.1	If "YES", is progress regularly measured against the implementation plan?	Yes	Progress on the Procurement Plan is updated monthly	N/A	Head: SCM
4	Is a report on the implementation of the SCM Policy provided to the mayor (within 10 days of the end of each quarter (reg 6(3))	Yes	N/A	N/A	Head: SCM
5	<i>SCM Processes:</i>				
5.1	Is the necessary needs assessment undertaken before each acquisition?	Yes	N/A	N/A	Manager Demand and acquisition
5.2	Are preferential policy objectives identified to be met through each contract?	Yes	N/A	N/A	Manager: Contract Management
5.3	Is the performance of vendors regularly monitored?	Yes	Monthly assessments are done by the monitoring officer and reported to Council on a quarterly basis	N/A	Monitoring officer
5.4	Are SCM processes independently monitored to ensure the SCM policy is followed and desired objectives achieved?	Yes	N/A	N/A	IA
6	Are the threshold values contained in the SCM Policy aligned with the values stipulated in regulation 12?	Yes	N/A	N/A	N/A
6.1	If "NO" are the values contained in the SCM Policy higher than that stipulated in regulation 12?	NO	N/A	N/A	N/A
7	Do municipal bid documents comply with MFMA Circular No 25?	Yes	N/A	N/A	SCM Practitioners
8	Do municipal bid documents include evaluation criteria for use by the bid evaluation and adjudication committees?	Yes	N/A	N/A	Manager: Contract Management
9	<i>Regulation 46 requires the SCM Policy to establish a code of conduct.</i>				
9.1	Is the Code of Conduct issued by NT in MFMA Circular No 22 utilised?	Yes	N/A	N/A	Head: SCM
9.2	Are measures in place to ensure all SCM practitioners are aware of the SCM code of conduct?	Yes	All practitioners have signed the code of conduct.	N/A	Head: SCM
10	Are all delegations in terms of SCM roles and responsibilities in writing (other than delegations contained in the SCM Policy)?	Yes	But not yet adopted by Council	31/10/2014	CFO
11	Prior to making an award above R30 000 the municipality or municipal entity must check with SARS whether that persons tax matters are in order (reg 43 and MFMA Circular No 29). Is this being complied with?	Yes	N/A	N/A	SCM Practitioners
12	<i>Please confirm if records are kept of the following:</i>

PERFORMANCE MANAGEMENT OF CONTRACTS FOR THE PERIOD 1 JULY 2013 – 30 JUNE 2014

In terms of section 116 (2) of the MFMA the Accounting Officer of a municipality must - "Take all reasonable steps to ensure that a contract or agreement procured through the supply chain management policy of the municipality or municipal entity is properly enforced; monitor on a monthly basis the performance of the contractor under the contract or agreement; establish capacity in the administration of the municipality to assist the accounting officer in carrying out the duties and to oversee the day-to-day management of the contractor under the contract or agreement;"

In order to fulfil the requirements of the legislation quoted above the Supply Chain Management unit prepares a monthly report on the Performance of all suppliers. This report is tabled at the Strategic Management Committee on a monthly basis thereafter it is forwarded to the other portfolio committees before it is tabled at Council.

The table below indicates the schedule summarizing the performance of all contracts on a monthly basis that the municipality entered into that are over the amount of R200 000. 00. The table also does not include any information pertaining to annual supply contracts.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 – 30 JUNE 2014			
No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
JULY 2013 - REPORT			
SCM 20 OF 11/12	CONSTRUCTION OF RESERVOIR IN COPESTVILLE	AFROSTRUCTURE	This contract is now 70% complete, 1/3rd of the Reservoir roof is covered and the completion date is at end of November 2013 and the work is on schedule but the contractor mentioned that they will be expecting delays as outlet passes through a residential area. The Service Provider advised that "Testing of the reservoir" is on the 10th of October 2013 to check whether there are leaks or not. The work is satisfactory. Technical meeting is scheduled for 30 July.
SCM 6 OF 11/12	NEW ENGLAND ROAD WIDENING PHASE II	CYCLONE CONSTRUCTION	The project is 100% completed and work is satisfactory.
SCM 1 OF 12/13	CONST.OF NEW WATER MAINS ERETICULATION PHASE 3	PK VALVES cc	Site was vacant with no one guarding the material. Open holes were noticed (about 1 metre deep) were left without any barricading tape; these holes are close to a community day care centre. The contractor has been advised of the situation and the project will be visited again in August 2013.
SCM 2 OF 12/13	SUPPLY AND INSTALLATION OF AERIAL PLATFORMS	MKHONDENI MOTOR GARAGE (PTY) LTD	The Project Manager indicated that he is happy with the Aerial Platforms, they functioning perfect with no problems.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 – 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 10 OF 12/13	CONST.OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	01 August 2013- No progress since the last visit. Work is at half. There is a wage dispute between Subcontractor and workers. Only 4 workers on site until wage problem is resolved. Corobrik delivered wrong material. Work is going on slowly. 06 August 2013- There was supposed to be an official site meeting but postponed due to unforeseen circumstances. There is a huge dispute between Main contractor and Sub-contractor and its affecting the project. 15 August 2013- Contractors Project Manager mentioned that he had an extensive meeting with the engineers in the morning regarding the completion of the hall. There was a resolution taken to balloon funds for the completion, since some quotes were under-priced and some overpriced. According to Mabusi's Project Manager Corobrick inspectors arrived on site with regards to the different tint finish on the different batches delivered on site. The bricks were said to be of the same grade, therefore the contractor suggested removing the different tinted bricks above door level and using the same tint that was utilized from ground-midway of the building all the way to the top, to create an artistic look with the different tint in-between. Contractor also mentioned satisfaction with the progress with Sub Contractors labour, after they were addressed by the Deputy Mayor.
SCM 11 OF 12/13	UPGRADING OF MANANA RD EXT IN WARD 21,DAMBUZA	SEALCOAT SURFACING	The project is progressing successfully. Sign boards to be installed. Man hole was not barricaded; pictures of barricading when hole is not in use are to be provided by the service provider.
SCM 15 OF 12/13	SLANGSPRUIT EASTERN OUTFALL SEWER	SHULA CONSTRUCTION	The work is satisfactory and the project is progressing in high good quality.
SCM 16 OF 12/13	REHABILITATION OF ACCESS ROADS IN MOSCOW	SINOTHANDO CONSTRUCTION CC	Contractor requested an extension period to end September 2013 due to unforeseen circumstances. Project is now 90% complete. The proposed date for laying asphalt is 13-23 August 2013. On 01 August 2013 was 9th Official meeting- Eskom poles are still on the roads and causing delays on the project.
SCM 18 OF 12/13	S&D OF TWO NEW CREMATATORS AT THE MOUNTAIN RISE CEMETERY	SA INCINERATOR	Cremators arrived from overseas and installed. Floors are tiled and the walls are all painted. Proposed site handover is 02 August 2013.
SCM 29 OF 12/13	UPGRADING OF TAFULENI ROAD	YIMPIE PROJECTS	The work is satisfactory. Project Manager mentioned that the Contractor is working at a speedy pace. Sign boards to be cited. The Project Manager is to put pressure on the contractor to ensure that they erect the sign board
SCM 30 OF 12/13	UPGRADING OF MBANJWA ROAD	SINOTHANDO CONSTRUCTION	Project will be completed at the end of October 2013. The work is ongoing and is of high quality.
SCM 31 OF 12/13	CONST.OF +/- 1,2 KM OF WILLOWFOUNTAIN ROAD TO BULWER ROAD	AMABOMBO CONTRACTORS	The project is ongoing; G4 has been laid and started sprouting curbing on the sides of the road.
SCM 41 OF 12/13	RECONFIGURATION OF THE PIETERMARITZBURG AIRPORT TERMINAL BUILDINGS	GVK SIYAZAMA BUILDING CONTRACTORS	The work is of high quality and the Airport Manager advised that the project might be completed before the projected end date, due to good workmanship. Cafeteria has been closed. Glass work on the new offices has already started.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 42 OF 12/13	CONFIGURATION AND REALIGNMENT OF THE RUNWAY APRON AT PIETERMARITZBURG AIRPORT	NAMANDLA ROADS AND CIVILS	The work is of high quality and the Airport Manager advised that the project will be completed on-time though they were delays at the beginning caused by unknown cables on the runway. They going to seal all the cables and store them on pipes to avoid delays on the future projects.
SCM 47 OF 12/13	UPGRADE OF DISTRICT ROAD D1128	BARLEDA CONSTRUCTION	31/07/2013 - The project is on-going. Official site meeting is scheduled for 14th of August 2013.
SCM 48 OF 12/13	UPGRADE OF DISTRICT ROAD D2069	BARLEDA CONSTRUCTION	31/07/2013- Official 1st meeting. Sign Boards to be sited. The work is satisfactory. 14/08/2013- The progress on site is slow but it is picking up on daily basis and the contractor has agreed to accelerate it soon, as they will introduce a second team on site. The quality of work that has been done so far is very good.
SCM 54 OF 12/13	PROPOSAL CALL FOR THR DEVELOPMENT OF THE ICT STRATEGY AND ITS GOVERNANCE FRAMEWORK	KPMG	Strategy workshop scheduled with various business units (Finance, Corporate Services, Infrastructure, office of the Municipal Manager & Office of the Mayor).
SCM 56 OF 12/13	PAVEMENT MANAGEMENT SYSTEM	SMEC SOUTH AFRICA (PTY) LTD	01/08/2013- 1st Official Site Meeting. The contractor has started collecting data using various systems that will be compiled and form part of GIS data analysis. The 1st phase of the project will be implemented in January 2014. On the GIS data: they will also include streets that are not on the map. End users of the council will be trained on the system. SMEC has to identify an area that needs urgent refurbishment in this Financial year and they will supervise the project as part of the program.
SCM 63 OF 12/13	PROVISION OF CIVIL ENGINEERING FOR THE UPGRADING OF NEW ENGLAND LANDFILL SITE, PIETERMARITZBURG	ENVITECH SOLUTIONS	Engineering consultant appointed. Design and tender documents finalised.
SEPTEMBER 2013 - REPORT			
SCM 15 OF 12/13	SLANGSPRUIT EASTERN OUTFALL SEWER	SHULA CONSTRUCTION	The project is ongoing successfully. Rock which required blasting that delayed the project has been sorted out. New meters are to be supplied to the community. Expected date of testing is 06 September 2013. The work is satisfactory.
SCM 06 OF 12/13	ELIMINATION OF CONSERVANCY TANKS- WARD 21	INKUNZI CIVILS	The project is still going well through the good workmanship from the contractor who's performing a good work and the contractor is not experiencing any major delays.
SCM 2 OF 10/11	CONSTRUCTION OF THE FREEDOM SQUARE TOURIST HUB	GVK SIYAZAMA CONSTRUCTION	The project is almost finished and the work is of good quality. According to a Project manager the projected End date is the 2nd of October 2013.
SCM 4 OF 12/13	ASHDOWN WARD 23 MIDBLOCK SANITATION RELOCATION	KULU CIVILS AND PROJECT MANAGERS	There is no much progress on site due to Labour disputes and shortages of material. According to the project manager of kulu Civils The owner is failing to provide the workers with material on time.
CONTRACT 57	PROVISION OF TRADE ARTISAN SERVICES FOR ALL MUNICIPAL BUILDINGS AND FACILITIES ON AN AS AND WHEN REQUIRED BASIS	ASPHAKAME , BONDING MODE, SIHAMBBA SODWA	Projects conducted under this contract were not previously consolidated and captured into an electronic format. Data has been generated from documents collected from the business units and pictures of sites where these projects were conducted will also be filed. There are no "close out" certificates for any project concluded as business unit failed to submit copies for filing and Project Manager mentioned that he has not made certificates for projects concluded.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 20 OF 11/12	CONSTRUCTION OF RESERVOIR IN COPEVILLE	AFROSTRUCTURE	This structure is complete and when the site was visited we found the inside being cleaned up. The testing is still to commence but the work is neatly done and looks of good quality
SCM 20 OF 12/13	PROVISION OF INTERNAL AUDIT, RISK MANAGEMENT AND FORENSIC SERVICE	MORAR INCORPORATED, BONAKUDE, NGUBANE & CO AND DELOITTE	Service Level agreement was received from internal Audit department and a revised performance assessment schedule that is specially designed for this contract. Close Monitoring of this particular contract will commence as soon as the SLA is signed by all services providers.
SCM 01 OF 12/13	CONST.OF NEW WATER MAINS ERETICULATION PHASE 3	PK VALVES CC	Consultant says project is projected to be finished end of October 2013. The contract register stipulates that project end date is end September 2013, so project is delayed by a whole month and no variation order has been submitted in this regard. The sign board is not erected; Project Manager was not sure whether the document stipulates that the sign board should be erected. SCM mentioned that since this is a MIG project the sign board should be erected even after the project is closed. After briefly studying the document the bill of quantities stipulated an amount set aside for the erection of a sign board and a template of the sign board. The service provider along with the consultant then agreed to have a sign board erected by the junction where you turn from the main road.
SCM 10 OF 12/13	CONST.OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	The service provider is not performing at all and An "Emergency Meeting" was called by councilor and business unit manager Mr Muzi Khumalo. In the meeting Mr Yusuf Ismail the project manager of this project mentioned the service provider's failure to execute works and indicated that there seems to be no way forward. There has been no work on site for about a month now There are major steps that had taken up against the contractor.
SCM 16 OF 12/13	REHABILITATION OF ACCESS ROADS IN MOSCOW	SINOTHANDO CONSTRUCTION CC	The project is almost complete and is of high good quality. Asphalt is complete according to the Contractor. Sinothando wants to discuss redoing Road One (1) as community has complained that their trucks led to the bad condition in which the Road is in Initially they had discussed patching the potholes Only item that has not been completed is Accommodation of traffic but all other items attended and completed. The Revised completion date is 30 September 2013.
SCM 27 OF 12/13	PROVISION OF BANKING SERVICES	FIRST NATIONAL BANK	Service Level agreement was received, reviewed in Supply Chain and handed over to the internal legal department to ensure all legalities are adhered to and nothing will compromise council from the agreement.
SCM 30 OF 12/13	UPGRADING OF MBANJWA ROAD	SINOTHANDO CONSTRUCTION	The project is going well although There is no health and safety officer or the labour is negligent as the guy placed to level the stones had no gloves on, the traffic is not directed, one flag man is active and there is no sign board on site
SCM 41 OF 12/13	RECONFIGURATION OF THE PIETERMARITZBURG AIRPORT TERMINAL BUILDINGS	GVK SIYAZAMA BUILDING CONTRACTORS	The project is progressing well. Service provider is busy with touch ups as structure has been completed. The toilets are being installed and office staffs have been moved to occupy the new office space. Project is progressing well and looks like it will meet the end date which is projected to be the 09th of November 2013.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 42 OF 12/13	CONFIGURATION AND REALIGNMENT OF THE RUNWAY APRON AT PIETERMARITZBURG AIRPORT	NAMANDLA ROADS AND CIVILS	Cables have been rerouted and placed in pipes some areas of project have been backfilled. The project is going well and the Airport Manager projects that the end date will be met.
SCM 47 OF 12/13	UPGRADING OF DISTRICT ROAD D 1128 IN VULIDLELA PHASE 2	BARLEDA CIVILS	Workmanship is satisfactory although contractor is behind with two weeks, cost control, health and safety issues are adhered.
SCM 48 OF 12/13	UPGRADING OF DISTRICT ROAD D 2069	BARLEDA CIVILS	The contractor is continuously maintaining a good standard of work and safe working procedures, The quality and workmanship is excellent. Progress on site is still behind schedule as the contractor is behind in all activities according to programme.
OCTOBER 2013 - REPORT			
SCM 15 OF 12/13	SLANGSPRUIT EASTERN OUTFALL SEWER	SHULA CONSTRUCTION	Site meeting was held on 23/10/2013. Pilot line cutting is at 93%, Pipe jacking at route 9 and extended Sikwazi Road is complete. Work is 2 weeks behind the stipulated schedule because of the Labour dispute. Testing is on-going. Workmanship is of high good quality.
SCM 4 OF 12/13	ASHDOWN WARD 23 MIDBLOCK SANITATION RELOCATION	KULU CIVILS AND PROJECT MANAGERS	The work is slowly progressing. Stormwater's are to be raised up to avoid damaged by Road project. Road next Siyahlomula High needs to be reinstated and cleaned-up. Meeting was held with TLS consultant in order to stipulate progress and address concerns regarding consultant's performance that his entire projects are identified as problematic. Resolution was met that all previous issues are attended to and resolved.
SCM 29 OF 12/13	UPGRADING OF TAFULENI ROAD	YIMPIE PROJECTS	Project will be completed on the 11th of November 2013 due the strike which lasted for two weeks due to the payment that was delayed by the Municipality. The workmanship is of high quality. The project manager is satisfied with the progress and has indicated that the contractor is adhering to project specification. The still needs to be backfilled and the processing of the G2 and Asphaltting.
SCM 06 OF 12/13	ELIMINATION OF CONSERVANCY TANKS- WARD 21	INKUNZI CIVILS	The project is still going well through the good workmanship from the contractor who's performing a good work and the contractor is not experiencing any major delays. The quality of work to date is good and pipeline testing is up to date.
SCM 20 OF 11/12	CONSTRUCTION OF RESERVOIR IN COPESVILLE	AFROSTRUCTURE	The structure is complete and the company is busy cleaning up. The stipulated date for testing is in November 2013.
SCM 16 OF 12/13	REHABILITATION OF ACCESS ROADS IN MOSCOW	SINOTHANDO CONSTRUCTION CC	The final meeting was on 27 September 2013. The project is completed and waiting for a close-out report from the Project Manager.
SCM 30 OF 12/13	UPGRADING OF MBANJWA ROAD	SINOTHANDO CONSTRUCTION	The project is on-going. Road to be back-filled, processing G2 and Asphalt is to be layered. The stipulated completion date is 11 November 2013. There are concerns about Mini sub-stations that will remain onsite uninstalled and unsecured. Those sub-stations are to be moved to Stores until the new Reservoir is commissioned.
SCM10 OF 12/13	CONST. OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	Progress is extremely slow due to service provider's financial constraints, process of cancellation of contract has been halted due to the fact that Mabusi Contractor is in constant contact with the business unit to device a progressive plan for a way forward. At the moment progress is extremely behind schedule and progress still very slow.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 – 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 38 OF 12/13	SUPPLY AND DELIVERY OF 1X 250 KVA STANDBY GENERATOR	UGESI CONTRACTORS CC	The generator is on site, fully installed and tested. It has not yet been fully utilized as there has been no power outage. Project manager satisfied with the generator.
SCM 39 OF 12/13	4 X BANANA REPINING ROOMS AT MARKET	AYLIFFE ACTION CONDITIONERS AND REFRIGERATION	Material has been on site for months now; progress is halted due to two (2) other projects. The first project which is holding up the two other projects (including this one) is SCM 111 of 12/13 "The extension of loading bay at municipal market". SCM 111 of 12/13 has held back the erection of the steel structure where the ripening rooms are to be constructed.
SCM 41 OF 12/13	RECONFIGURATION OF THE PIETERMARITZBURG AIRPORT TERMINAL BUILDINGS	GVK SIYAZAMA BUILDING CONTR	Progress looks good although the initial end date has been exceeded. The quality of the works produced is very good and the airport staff has been moved to their new offices and posts. The cafeteria is operating again, in a new refurbished area.
SCM 42 OF 12/13	CONFIGURATION AND REALIGNMENT OF THE RUNWAY APRON AT THE PIETERMARITZBURG AIRPORT	NAMANDLA ROADS AND CIVILS	Project is ongoing. The initial end date has been exceeded due to multiple difficulties encountered throughout the duration of the project. Progress is good and airport manager expressed happiness with the progress.
SCM 48 OF 12/13	UPGRADING OF DISTRICT ROAD D 2069 IN MBO	BARLEDA CONSTRUCTION	The progress on site is picking up but there are activities which are still behind schedule according to programme Rev 2 07/07/2013. E.g. the sub-soil has not started yet as shown on the programme of works. Then it's was agreed on that the Contractor will have to revise his Programme due to the construction of the culverts being on hold until further notice as requested by Terrasted Environment Consultants.
SCM 14 OF 12/13	REHABILITATION OF ROADS IN ASHDOWN	BARLEDA CONSTRUCTION	Project has commenced.
SCM 2 OF 10/11	CONSTRUCTION OF THE FREEDOM SQUARE TOURIST HUB, PIETERMARITZBURG	GVK SIYAZAMA BUILDING CONSTRUCTION	The project is almost complete the official handing over the site to the client and the establishment of the snag list will take place on the 25 October 2013.
NOVEMBER 2013 - REPORT			
SCM 1 OF 12/13	CONST.OF NEW WATER MAINS ERETICULATION PHASE 3	PK VALVES cc	No sign board installed. The project is exceeded the contract period by a month and no progress report received from the Consultant.
SCM 10 OF 12/13	CONST.OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	Toilet superstructure has reached 90% of completion. Hall walls have reached 30%. Brickwork needs to be tired to the columns and all gaps to be closed. The work is progressing slowly.
SCM 11 OF 12/13	UPGRADING OF MANANA RD EXT IN WARD 21,DAMBUZA	SEALCOAT SURFACING	This project is on track and the snag list is almost done.
SCM 16 OF 12/13	REHABILITATION OF ACCESS ROADS IN MOSCOW	SINOTHANDO CONSTRUCTION CC	Project is now 100% complete. Awaiting a closeout report / completion certificate from the Project Manager.
SCM 29 OF 12/13	UPGRADING OF TAFULENI ROAD	YIMPIE PROJECTS	The project is 2 weeks behind the stipulated schedule due to non-payment of the Service Provider. They busy laying G2. Stormwaters to be fixed. The road is to be backfilled and lay Asphalt. The stipulated final date is end of November 2013.
SCM 30 OF 12/13	UPGRADING OF MBANJWA ROAD	SINOTHANDO CONSTRUCTION	According to the Project Manager, the final date of completion is mid November 2013. The work is satisfactory.
SCM 31 OF 12/13	CONST.OF +/- 1,2 KM OF WILLOWFOUNTAIN ROAD TO BULWER ROAD	AMABOMBO CONTRACTORS	The work is 100% complete and the site hand-over was on Wednesday, 13 November 2013.
SCM 47 OF 12/13	UPGRADE OF DISTRICT ROAD D1128	BARLEDA CONSTRUCTION	The work was at halt till next Tuesday the 5th of November 2013 because of rain since they are busy at the bridge and the sand was very damp. The work is progressing slowly.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 48 OF 12/13	UPGRADE OF DISTRICT ROAD D2069	BARLEDA CONSTRUCTION	EPWP training had started in September and it was agreed that training records should be kept. The progress on site is only picking up on storm -water and on gabions is it very slow on subsoil. The consultant has suggested that the constructions of D 2069 should end at 1,3km instead of 2km to avoid the delay that will be coursed by the study that is being conducted by Terratest Environmental Consultants that will take 4months.
SCM 44 of 12/13	REPAIRS TO MV & LV SERVICE STATION O/HEAD MAINS & UNDERGROUND MAINS	FAST MOVE	A site meeting was conducted on site with the business unit ISF: Electricity and the Contractor, the revised programme was discussed to find that the contractor had only accomplished three and a half of the seven items due to have been completed by the 21/11/2013. The contractor then explained his reasons for the hold up being that some of the items were help by the concrete pavement which was laid before they were onsite. They were deliberating on how to best work with the concrete pavement without, it being too costly. They concluded in cutting of some of the pavement to fill after the wires have been laid. A revised programme was to be sent to Mr L Ntuli of The ISF: Electricity from the Service Provider.
DECEMBER 2013 - REPORT			
SCM 20 OF 11/12	CONSTRUCTION OF RESERVOIR IN COPEVILLE	AFROSTRUCTURE	This contract is now 95% complete, the stipulated completion date is 12 December 2013 with few minor works and the work is on schedule. All testing are done and approved. Pumps cannot be tested due to lack of electricity onsite. The work is satisfactory.
SCM 4 OF 12/13	ASHDOWN WARD 23 MIDBLOCK SANITATION RELOCATION	KULU CIVILS AND PROJECT MANAGERS	Work is progressing well. Snag list was done in order to rectify problematic issues e.g. "community damaged driveways, cleaning of the roads, etc. before the closing on 13 December 2013.
SCM 10 OF 12/13	CONST.OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	Work is slowly improving. Security gate house is nearly completed. New workmanship is slightly performing well.
SCM 56 OF 12/13	PAVEMENT MANAGEMENT SYSTEM	SMEC SOUTH AFRICA (PTY) LTD	The monthly meeting held on 05 December 2013 at Durban Offices. New data traffic counts are collected and they currently working on them. GIS is reasonable accurate and provides a good representation of the road inventory. Each inspection is reasonably uniformed in terms of simplifying future inventory updates and condition surveys. The work is going well and the performance is satisfactory.
SS6 OF 2013: SECTION 2	CLEANING OF MUNICIPAL OFFICES-AS CHETTY AND PROFESSOR NYEMBEZI BUILDING	KHAYELIHLE CLEANING SERVICES	Visited various sites (Fire, Various Flats, Market, etc.) with company's representatives to familiarize themselves with the present environment and to do need assessment for each and every place and also to interview current employees.
SS8 OF 2013: SECTION 3	QUARRY PRODUCTS	AFRISAM	Held a meeting on 11 December 2013 with the company-discussed continuity of the contract since the current contract expires on 30th of December 2013. A month-to-month contract will be drafted and send to the Service Provider whilst the new tender is on process.
SS 57 OF 2012	REPAIRS AND MAINTENANCE TO ALEXANDRA ROAD LIBRARY	BONDING MODE	Shoddy works were conducted on this site and the contractor did not follow the specifications as the door frames were not removed and the tile spacing was bigger than that stipulated in the document. The contractor was removed off site and suspended.
JANUARY 2014 - REPORT			

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 – 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 48 OF 12/13	UPGRADE OF DISTRICT ROAD D2069	BARLEDA CONSTRUCTION	The stipulated completion date was 31 December 2013 .however the contract was extended by 24 months. On the 05th of February a meeting was held at SWEETWATERS WARD 2 and consultant was not happy with progress on site due to lack of resources and material on site due to the fact that The contractor is experiencing cash flow problems. The quality of work done so far is good.
SCM 14 OF 12/13	REHABILITATION OF ROADS IN ASHDOWN	BARLEDA CIVILS	The company is onsite and the work is slowly progressing.
SCM 31 OF 12/13	CONST.OF +/- 1,2 KM OF WILLOWFOUNTAIN ROAD TO BULWER ROAD	AMABOMBO CONTRACTORS	The project was completed in December 2013.
SCM 52 OF 12/13	PROVISION OF ADHOC QUANTITY SURVEYING SERVICES	VARIOUS COMPANIES	The project is on-going. The awarded companies file was handed to Monitoring Office in order to rotate the Service Providers in ascending order, from first preferred to ensure that all the Quantity Surveyors on the contract are utilized accordingly and take necessary action should we find any to be non-responsive.
SCM 13 OF 13/14	UPGRADING OF THE NEW ENGLAND ROAD LANDFILL SITE	KERUSH'S TRANSPORT	The project commenced on 06 January 2014, the contract period is 04 months and the stipulated completion date is 06 May 2014. The first site meeting held on 09 January 2014. The construction of fencing has commenced and they busy researching the underground pipes that cause leakage. Drains are blocked which cause a problem to allocate the source of leakage. The reason why were unable to achieve their cash flow targets for January 2014 was that the test results for the material required to construct the containment berms was delayed by the laboratory. The contractor has promised to increase the number of trucks bringing in material, and this aspect of the project is being fast-tracked this month in order to make up for the delays.
SCM 30 OF 12/13	UPGRADING OF MBANJWA ROAD	SINOTHANDO CONSTRUCTION CC	The project is completed but some few minor works (snag list) are still outstanding for example cleaning of the pavements, etc.
SCM 16 OF 12/13	REHABILITATION OF ACCESS ROADS IN MOSCOW	SINOTHANDO CONSTRUCTION CC	The project was completed in December 2013.

SCM 72 OF 12/13	UPGRADING OF ESIGODINI ROADS (HLUBI, SHEZI AND NTSHINGILA ROADS IN WARD 12, ESIGODINI EDENDALE.	SINOTHANDO CONSTRUCTION CC	The works commenced on 14 January 2014, The project is on Schedule, the project was delayed because the Technicians could not locate control profiles and they had to call surveyors to put up pegs. The contractor has to put up a Sign board and email the SCM department a programme of works.
SCM75 OF 12/13	UPGRADING OF CISCO HARDWARE INFRASTRUCTURE ON A LEASE BASIS	IRG INNOVATIVE TECHNOLOGIES (PTY) LTD	The project is ongoing.
MARCH 2014 - REPORT			
SCM 20 OF 11/12	CONSTRUCTION OF RESERVOIR IN COPEVILLE	AFROSTRUCTURE	The Project has been completed and the guardroom has also been brought into site, the issue of sanitation has still need to be addressed because the security guards there have no toilets and water.
SCM 4 OF 12/13	ASHDOWN WARD 23 MIDBLOCK SANITATION RELOCATION	KULU CIVILS AND PROJECT MANAGERS	Work is on-going slowly. The contractor had experienced some delays in the project owing to wage disputes. Slow progress has been the predominant factor in the loss of time. Lack of resources and rain.
SCM 6 OF 12/13	ELIMINATION OF CONSERVANCY TANKS WARD 21	INKUNZI CIVILS/KAYDYN JV	The project is still on-going and the quality of work so far is up to standard. The practical completion is end of March 2014 date, but the councillor of ward 21 is not happy about some of the things there were not under this contract that needs the Msunduzi attention.
SCM 10 OF 12/13	CONST.OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	The contractor is not on site, according to the councillor's staff onsite, the engineer has instructed the contractor off site. SCM is awaiting full report from the business unit ISF: Building as to why the contractor was instructed off site and why they intend to have the contract terminated.
SCM 14 OF 12/13	REHABILITATION OF ROADS IN ASHDOWN	BARLEDA CIVILS	The company is completed and awaiting Completion Certificate from the Project Manager.
SCM 15 OF 12/13	SLANGSPRUIT EASTERN OUTFALL SEWER	SHULA CONSTRUCTION	This project is progressing very well and workmanship is of good quality. But the contract has expired. The contractor is still busy with the connection of the sewer outfall by the bridge
SCM 16 OF 12/13	REHABILITATION OF ACCESS ROADS IN MOSCOW	SINOTHANDO CONSTRUCTION CC	Awaiting completion Certificate from the Project Manager. Remedial works needs to be done urgently: A. The speed humps/traffic calming measures are not constructed to municipal specification: 1. The speed humps are too high and dimensions are constructed to municipal standard. 2. The speed humps have no painting to them Lack of signage to the humps

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 17 OF 13/14	GRIMTHORPE AVENUE RIVER BRIDGE OVER MSUNDUZI RIVER	MAKHAOTSE NARASIMULU AND ASSOCIATES (PTY) LTD	The consultant is busy compiling the bid document.
SCM 18 OF 13/14	PRINTING OF 300 COPIES OF ANNUAL BEFORE FOR 2012/13	TUSCAN MOOD CC 1113 T/A MEDIA COM SA	The project was awarded in December 2013
SCM 22 OF 12/13	PROVISION OF X-RAY SERVICES	EMVA HEALTH T/A EHP MOBILE X-RAYS	The project is on-going and the service is satisfactory.
SCM 29 OF 12/13	UPGRADING OF TAFULENI ROAD	YIMPIE PROJECTS	The Contractor was asked to do some remedial on the project. The road that were damaged by the storm.
SCM 30 OF 12/13	UPGRADING OF MBANJWA ROAD	SINOTHANDO CONSTRUCTION CC	The project is completed. Awaiting Completion Certificate from the Project Manager.
SCM 31 OF 12/13	CONST.OF +/- 1,2 KM OF WILLOWFOUNTAIN ROAD TO BULWER ROAD	AMABOMBO CONTRACTORS	Completion Certificate is still outstanding from the Project Manager.
SCM 47 OF 12/13	UPGRADE OF DISTRICT ROAD D1128 VULINDLELA	BARLEDA CONSTRUCTION	The contract has expired and Progress to date is poor. The hauling of G5 material has experienced delays due to Contractors cash flow challenges.
SCM 48 OF 12/13	UPGRADE OF DISTRICT ROAD D2069	BARLEDA CONSTRUCTION	Progress on site is improving in few activities. But the overall project is 55% behind schedule. The contractor had promised to work on weekends in order to stay within the programme and get the work completed. The contract has expired and the contractor is still experiencing cash flow challenges.
SCM 50 OF 12/13	PROVISION OF ADHOC ENGINEERING SERVICES.	HENWOOD AND NXUMALO	Henwood was appointed based on a comparative quotation and Roads department has not yet generated an order to Henwood and Nxumalo to be appointed for design of Woodhouse Road Pedestrian Bridge under Contract SCM 50 of 12/13
SCM 72 OF 12/13	UPGRADING OF ESIGODINI ROADS (HLUBI, SHEZI AND NTSHINGILA ROADS IN WARD 12, ESIGODINI EDENDALE.	SINOTHANDO CONSTRUCTION CC	The Contractors has being delayed due to rain, underground services and storm water pipe on Ntshingila. It is problematic owing to subsoil water. The Contractor has been instructed by the consultant to remove and relay soft spots on roads to be under cut and be removed to spoil
SCM75 OF 12/13	UPGRADING OF CISCO HARDWARE INFRASTRUCTURE ON A LEASE BASIS	IRG INNOVATIVE TECHNOLOGIES (PTY) LTD	The project is on-going successfully.
SCM 27 OF 13/14	SUPPLY AND DELIVERY OF DESKTOP AND LAPTOP COMPUTERS ON A LEASE BASIS FOR THREE (3) YEAR PERIOD	EKHWEZI BUSINESS SOLUTIONS	Business Unit expressed satisfaction with service rendered and delivery times were met. ICT Mr. Ngebulana also mentioned that the number of desktops that were delivered were reduced to 256 from 400 due to the exchange rate of the rand against the dollar

APRIL 2014 - REPORT

SCM 4 OF 12/13	ASHDOWN WARD 23 MIDBLOCK SANITATION RELOCATION	KULU CIVILS AND PROJECT MANAGERS	The Contractor is still busy with the pipe laying of the sewer section and in the water section there are battling with pressure testing as they are trying to locate the leaks According to the project manager. The progress is slow due to labor not coming to work because as there is a labor dispute at hand they are complaining about not getting their pay slips and short payments. The quality of works remains satisfactory thus far.
SCM 6 OF 12/13	ELIMINATION OF CONSERVANCY TANKS WARD 21	INKUNZI CIVILS/KAYDYN JV	The Project is towards completion and the contractor and the project manager are busy with the snags. All parties involved are satisfied with the quality of work achieved and the work done is according to the project specifications.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 10 OF 12/13	CONST.OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	The Construction of the hall is still on hold and the Contractor was sent a second letter of intention to cancel the contract, in which they replied by saying that they had problems with the local community and labourers and that there under the impression that the setting out for the hall was done properly since the engineer checked and certified the work done for it and they strongly believe that the engineer should also be partly responsible for the wrong setting out of the Hall. The procurement process of the new contractor will take place during the new financial year. The blacklisting of the contractor will take place as soon as the litigation process is finalized as per Treasury circular 43.
SCM 15 OF 12/13	SLANGSPRUIT EASTERN OUTFALL SEWER	SHULA CONSTRUCTION	The contractor has completed most of the pipe laying the only outstanding issues are the stream crossing which they are busy with and the pipe jacking one is complete the contractor is still busy with the second one. The pipe bridge is complete and they are busy contracting the manholes and also sorting out the environmental aspects. The work done is according to project specifications.
	UPGRADE OF DISTRICT ROAD D1128 VULINDLELA	BARLEDA CONSTRUCTION	The Contractor has at least finish the box culvert bridge, the road that was on G5 layer from 1,6 km to 3,5 km and from 3,5 km to 3.7 km the road was on G2 layer, the progress on site is very slow due to the cash flow problems experienced by the contractor, however the supply of the material is being addressed by Council this will be net off the contract value on the provided certificate of payment. The penalties of R3000.00 per day have kicked in.
	UPGRADE OF DISTRICT ROAD D2069	BARLEDA CONSTRUCTION	The progress is very slow as works programme revision 5 shows that the road sub-grade and storm water were supposed to be finished on the 28th February 2014 and the c4 layer was supposed to be started on the 05th March 2014. The main commitments and promises are being made by Barleda and no deliveries of these promises are being adhered to. The progress is being monitored on a weekly basis by both Engineer and SCM.
SCM 50 OF 12/13	PROVISION OF ADHOC ENGINEERING SERVICES	VARIOUS COMPANIES	Gestion Engineering and Project Consultants were allocated by the Building department for the engineering aspect in the construction of the unit 2 Hall at Imbali. The work is progressing very well.
SCM 13 OF 13/14	UPGRADING OF THE NEW ENGLAND ROAD LANDFILL SITE	KERUSH'S TRANSPORT	The project is behind schedule 400m of berm is still outstanding the contract has been extended for two weeks due to claims for rain days. It was agreed that if the contractor does not finish in two weeks penalties will start to apply an urgent follow up meeting has been scheduled in order to monitor progress on site.
SCM 17 OF 13/14	GRIMTHORPE AVENUE RIVER BRIDGE OVER MSUNDUZI RIVER	MAKHAOTSE NARASIMULU AND ASSOCIATES (PTY) LTD	The project is on-going and it is in the design phase
SCM 21 OF 13/14	REHABILITATION OF KWANYA-MAZANE MAIN ROAD	INKONKA CIVILS CC	The progress on site is commended all according to plan and specification and according to work schedule.
SCM 27 OF 13/14	LEASING OF DESKTOP AND LAPTOP COMPUTERS	EKHWESI BUSINESS SOLUTIONS (PTY) LTD	This is a leasing of computers and Laptop contract, there are no problems noted other than the exchange rate escalations. The delivery of computers was according to agreed terms and conditions of the contract. ICT is happy with the service.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 72 OF 12/13	UPGRADING OF ESIGODINI ROADS (HLUBI, SHEZI AND NTSHINGILA ROADS IN WARD 12, ESIGODINI EDENDALE.	SINOTHANDO CONSTRUCTION CC	The project is going well and the contractor was busy with the processing of G5 and storm water pipes. The quality of work is satisfactory and according to project specifications.
PSC35 OF 07/08	PROFESSIONAL SERVICES CONTRACT BETWEEN MSUNDUZI MUNICIPALITY AND GDB ENGINEERS CC	GDB Engineers CC	An extension of the contract was signed in 2010 for a period of 12 months till 24/02/2011. According to Mr M Khumalo, GDB Engineers did not embark on the projects in 2010 due to environmental issues and no other resolutions were taken to extend the contract there after. The engineer was appointed as a structural engineer for the design of foundations, new roof structure, construction of community halls and to do all Geo-Tech investigations and surveying. One of the community halls stipulated in the contract is situated at the Caluza Road Sports Field, which the construction was awarded to Mabusi Construction under SCM 10 of 12/13. GDB Engineers did the management of the construction of the field and an order to the sum of R197, 466.83 was generated on the 28th of May 2013 (requested by PMU: S Chetty) towards the engineer with the description: Caluza "Dual Purpose" Sports Facility Prof. Services. In the extension document the management of the construction will be charged at 3% of the contract sum, but Caluza Road Sports Field Hall was not one of the halls given provision to be managed during the construction phase. The engineer made recommendations for the cancellation of Mabusi Construction and was due to send the letter of cancellation on the 16th of April 2014, but his performance cannot be measured as there is no effective contract in place neither were the any provisions stipulated in the expired contract.

MAY 2014 - REPORT

SCM 4 OF 12/13	ASHDOWN WARD 23 MIDBLOCK SANITATION RELOCATION	KULU CIVILS AND PROJECT MANAGERS	Pipes have been tested, approved but not commissioned. Still needs to connect new lines to the existing lines. Sewer is almost done, only 300m left to be tested. The quality of works remains satisfactory thus far and as per specifications.
SCM 6 OF 12/13	ELIMINATION OF CONSERVANCY TANKS WARD 21	INKUNZI CIVILS/KAYDYN JV	The Project is completed and currently addressing the snags. The work is satisfactory and as per specifications. The file will be closed soon currently waiting for the completion certificate from the Project Manager..
SCM 10 OF 12/13	CONST.OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	The contract has been cancelled. The black-listing of the contractor will take place as soon as the litigation process is finalized as per Treasury circular 43.
SCM 15 OF 12/13	SLANGSPRUIT EASTERN OUTFALL SEWER	SHULA CONSTRUCTION	The Contractor has completed all the pipe laying and they are busy with the Manholes. The contract is nearly completed. The work is good quality.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 – 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 47 OF 12/13	UPGRADE OF DISTRICT ROAD D1128 VULINDLELA	BARLEDA CONSTRUCTION	Progress on site is extremely poor even though the council is assisting the Contractor in buying all the material that is required in order to complete this project. The monitoring office feels that there is a lack of commitment from the directors of this company since they do not attend project monthly site progress meetings. This has been brought to their attention on a number of occasions. In terms of Construction progress on site, the contractor is currently busy with the construction of bus bases, Sub base on G-5 and
			V-drains. The contractors work is of good quality and as per specifications but the performance is extremely poor. The inconsistency performance will be taken into consideration for future contracts award.
SCM 48 OF 12/13	UPGRADE OF DISTRICT ROAD D2069	BARLEDA CONSTRUCTION	The project is behind schedule according to the programme of works of this project. Only 200m of G5 has been processed thus far. The contractor is busy with the Kerbing and channeling of water. The progress is being monitored on a weekly basis by Both Engineer and SCM. The commitment of the Contractor is extremely poor.
SCM 50 OF 12/13	PROVISION OF ADHOC ENGEERING SERVICES	VARIOUS COMPANIES	The project is going well though some of the Service Providers are not adhering to their responsibilities. SCM is currently making arrangements to meet those companies to discuss their shortfalls and come-up with the solutions.
SCM 51 OF 12/13	PROVISION OF ADHOC ARCHITECTURAL SERVICES	VARIOUS COMPANIES	An architect was requested by ISF's, Mr. Cowie for the Galloway House project. It was established that the first preferred Architect CNN Architect has been contacted previously by ISF Unit without Supply Chain Management's knowledge and the few times the Service Provider was called in and the project never materialized. CNN Architect claim to have received calls after embarking on the projects informing them that they did not get the job and yet they are the first preferred Architect on the panel. This time around they refused to come up to Pietermaritzburg without confirmation that they will get this particular job. The second preferred Architect LTE asked to pass this job has they are over undated with other jobs and no Architect was appointed to embark on the project. The engagement with the service providers without Supply Chains knowledge messes up the register being recorded to reveal the rotation of the Service Providers within a contract.
SCM 52 OF 12/13	PROVISION OF ADHOC QUANTITY SURVEYING SERVICES	VARIOUS COMPANIES	Gestion is still being utilized for Quantity Surveying Jobs. Mr Muzi Khumalo requested a Quantity Surveyor for the construction of Community Hall in ward 18 and LTE was the next Quantity Surveyor under the rotational basis. Mr Bukelani Mbhele of ISF also requested a Quantity Surveyor and NCM Quantity Surveyor were forwarded to him. According to Supply Chain Management register all Quantity Surveyors in their panel are being utilized.
SCM 64 OF 12/13	INSTALLATION OF WATERBORNE SANITATION IN WARD 10, EDENDALE	ACTUS INTERGRATED MANAGEMENT (PTY) LTD	The work is at halt due to Community disputes. The political office and Area Based Management are busy trying to resolve the issues.
SCM 65 OF 12/13	INSTALLATION OF WATERBORNE SANITATION IN WARD 16, EDENDALE	NATAL RICHARDSBAY HIRE CC T,A NRB CONSTRUCTION AND HIRE	The project has commenced and actual works starts on Tuesday, 17 June 2014. Site has been established.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 72 OF 12/13	UPGRADING OF ESIGODINI ROADS (HLUBI, SHEZI AND NTSHINGILA ROADS IN WARD 12, ESIGODINI EDENDALE.	SINOTHANDO CONSTRUCTION CC	V-drains are completed. Stockpile next to storm water pipes is tested and approved. New fencing is to be installed at Shezi Road. The sign board has been erected (pictures attached). The company has produced quality work thus far and the work is satisfactory and as per specifications.
SCM 75 OF 12/13	UPGRADING OF CISCO HARDWARE INFRASTRUCTURE ON A LEASE BASIS	IRG INNOVATIVE TECHNOLOGIES (PTY) LTD	The project is 90% Complete. To be finalized on the 2 June 2014 as per project plan. The work is commendable and the company is meeting the required specifications and the level of professionalism and commitment has been noted.
SCM 13 OF 13/14	UPGRADING OF THE NEW ENGLAND ROAD LANDFILL SITE	KERUSH'S TRANSPORT	The project is completed satisfactory and the completion date of 06 June 2014 has been achieved. Minor snags have been listed to be attended to by 20th of June 2014. Performance of the contractor improved towards the latter stage of the contract. Standard of work is satisfactory. Waiting for completion certificate from the Project Manager by the end of June 2014.
SCM 17 OF 13/14	GRIMTHORPE AVENUE RIVER BRIDGE OVER MSUNDUZI RIVER	MAKHAOTSE NARASIMULU AND ASSOCIATES (PTY) LTD	The project is on-going and it is in the design phase
SCM 21 OF 13/14	REHABILITATION OF KWANYA-MAZANE MAIN ROAD	INKONKA CIVILS CC	The progress on site is commended and all according to programme schedule and specification.
SCM 27 OF 13/14	LEASING OF DESKTOP AND LAPTOP COMPUTERS	EKHWESI BUSINESS SOLUTIONS (PTY) LTD	This is a leasing of computers and Laptop contract, there are no problems noted other than the exchange rate escalations. The delivery of computers was according to agreed terms and conditions of the contract. The contract is on-going successfully.
SCM 46 OF 13/14	PROVISION OF BUS SERVICE FOR THE MAYORAL SPECIAL PROGRAMMES AND PROJECTS	SOOBHUG'S BUS SERVICE CC	<p>The meeting held with the Service provider due to the queries received from the Business Unit. items discussed were as follows:</p> <ul style="list-style-type: none"> Challenges from the Council and the Service Provider. Mileage and Shortage of Buses Late payments <p>RESOLUTIONS:</p> <ul style="list-style-type: none"> On departure and arrival times- photos of the Odometers will be taken from the buses to avoid irregular claims and the Monitoring office will assist as long as they are informed. The Service provider agreed to the stated terms. Council should ensure that they plan properly and advised the Service provider at least 3 days prior to the event. With regards to the bus drivers, the Service provider advised that when they drop people they close the speedometer therefore leaving the site does not accumulate and affect the kilometers and also when they come back they reopen the speedometer. It was also advised that should the Business Unit encounter any problems with the Service Provider, SCM should be informed in writing in order to assist both parties.
SCM 56 OF 13/14	CIVIL ENGINEERING SERVICES FOR UPGRADING OF LANDFILL SITE	ENVITECH SOLUTIONS (PTY) LTD	The project has commenced and the project is in the design phase.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 – 30 JUNE 2014

SCM 61 OF 13/14	REALIGNMENT AND WIDENING OF THWALA ROAD	TSIMA AND MASIQHAME JV	Official site handover held on 06 June 2014 at GEDI offices which then was moved to ABM offices due to Politian's complaint that GEDI offices belonged to ward 19 not 22 where Thwala road is. The safety of the meeting was compromised due to manner in which the attendees were addressed. All the required information was outlined and all parties concerned were satisfied. The site is still to be identified and established. The contract period is 40 weeks.
JUNE 2014 - REPORT			
SCM 20 OF 11/12	COPEVILLE WATER SCHEME: WARD29: CONSTRUCTION OF A20ML RESERVIOR, PORTABLE WATER PUMP STATION AND ASSOCIATED PIPEWORK	AFROSTRUCTURES	The Project was completed in January 2014 but The Business unit has not yet furnished the Monitoring Office with the Completion report or Certificate.
SCM 32 OF 11/12	SUPPLY AND INSTALLATION OF A VEHICLE MONITORING, TRACKING AND VEHICLE MANAGEMENT SYSTEM	ECW VEHICLE COMMUNICATION (PTY) LTD	According to the Project Manager the project is going well and according to the specification. The service is satisfactory.
SCM 1 OF 12/13	CONST.OF NEW WATER MAINS ERETICULATION PHASE 3	PK VALVES cc	The Project was completed in January 2014 but The Business unit has not yet furnished the Monitoring Office with the Completion report or Certificate.
SCM 4 OF 12/13	ASHDOWN WARD 23 MIDBLOCK SANITATION RELOCATION	KULU CIVILS AND PROJECT MANAGERS	The contractor is busy with water house connection and sewer house connection. The contractor is failing to provide the workers with proper protective clothing and with necessary training as it was clearly stipulated in the contract. The work is behind schedule due to lack of resources, community refusing or not allowing the contractor to connect the new sewer line due to labour issues.
SCM 6 OF 12/13	ELIMINATION OF CONSERVANCY TANKS WARD 21	INKUNZI CIVILS/KAYDYN JV	The Project has been completed but not on the stipulated time frame that is in the contract, the high quality of work was satisfactory according to the Project manager for the water and sanitation section however Labour intensive construction methods were used by the contractor in processes such as excavations, trenching, pipe laying, and brick laying However, no formal training was provided to the workers on this contract.
SCM 10 OF 12/13	CONST. OF CALUZA SPORTS HALL AND ASSOCIATED WORKS	MABUSI CONTRACTOR	The contract has been cancelled. The black-listing of the contractor will take place as soon as the litigation process is finalized as per Treasury circular 43. New bid document was advertised and the tender briefing was held on 08 July 2014 with a closing date of 15 July 2014.
SCM 15 OF 12/13	SLANGSPRUIT EASTERN OUTFALL SEWER	SHULA CONSTRUCTION	The Contractor has completed all the pipe laying and currently busy with the Manholes by the sewer outfall bridge. The contract is nearly completed. The work is high good quality. The project is behind schedule. (See attached pictures)
SCM 26 OF 12/13	RAPID PUBLIC TRANSPORT NETWORK	SIYAZI TRANSPORTATION SERVICES DEVELOPMENT (PTY)LTD	According to the Manager Transportation Department the consultant is still doing a good job in assisting the council with the provision of IRPTN technical support to the Taxi Industry within Msunduzi Municipality.
SCM 28 OF 12/13	UPGRADING OF MBUCWANA ROAD	EKENE INVESTMENTS CC	The Project was completed in 2013, the high standard of work was satisfactory , however the Monitoring Office is still waiting for the completion report from the Roads Department
SCM 31 OF 12/13	CONST.OF +/- 1,2 KM OF WILLOWFOUNTAIN ROAD TO BULWER ROAD	AMABOMBO CONSTRUCTION	The Project was completed in 2013 the high standard of the was satisfactory , however the Monitoring Office is still waiting for the completion report from the Roads Department

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 – 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 52 OF 12/13	PROVISION OF ADHOC ARCHITECTURAL SERVICES	VARIOUS COMPANIES	Madam Singh and Associates: the Architectural Consultant has been appointed, had a meeting at Moses Mabhida on 11 June 2014 with the employer. The consultant is busy with the design and needs to appoint Quantity Surveyor and Structural Engineer to work with. Architechno CC: assigned to quantify office space at Galley House and submit a report.
SCM 64 OF 12/13	INSTALLATION OF WATERBORNE SANITATION IN WARD 10, EDENDALE	ACTUS INTERGRATED MANAGEMENT (PTY) LTD	The work commenced following a community stoppage for 18 days and the project is 3 weeks behind schedule but the contractor is putting more effort to fast tract the project. All the pipes and rings have been purchased and are onsite. Source for bedding material is the Ashburton quarry and it has been tested and approved. Land survey started on Friday 20 June 2014, they are busy with some of boundary perks where required. Accumulative length of sewer pipe installed is 140m to date and is backfilled and tested. The site camp is 100% established. Revised programme has been submitted. The work is of high good quality thus far.
SCM 65 OF 12/13	INSTALLATION OF WATERBORNE SANITATION IN WARD 16, EDENDALE	NATAL RICHARDSBAY HIRE CC T,A NRB CONSTRUCTION AND HIRE	The project has commenced and actual works started on Thursday, 03 July 2014 and the meeting held on 02 July 2014 with the Service provider to discuss delays on the project. Site has been established and is 100% completed. The sign board has been erected. (see attached picture) Only 200m excavated and the pipes are laid but not tested and commissioned yet. The work is satisfactory
SCM 72 OF 12/13	UPGRADING OF ESIGODINI ROADS (HLUBI, SHEZI,NTSHINGILA ROADS) IN WARD 12, ESIGODINI EDENDALE	SINOTHANDO CONSTRUCTION CC	The Contractor has accelerated progress regardless of the delays that they incurred due to illegal water connection. The contractor is busy with the sub-base, storm water kerbing and Channeling of water. The work is satisfactory.
SCM 75 OF 12/13	UPGRADING OF CISCO HARDWARE INFRASTRUCTURE ON A LEASE BASIS	IRG INNOVATIVE TECHNOLOGIES (PTY) LTD	The project is 100% Complete. Awaiting close-up certificate from the Project Manager. The service provider is recommended due to the good work rendered to the Council.
SCM 13 OF 13/14	UPGRADING OF THE NEW ENGLAND ROAD LANDFILL SITE	KERUSH'S TRANSPORT	Awaiting for completion certificate from the Project Manager by the end of June 2014. Both Consultant and the Contractor are recommended for the good work they produced onsite. The work was of high good quality.
SCM 17 OF 13/14	GRIMTHORPE AVENUE RIVER BRIDGE OVER MSUNDUZI RIVER	MAKHAOTSE NARASIMULU AND ASSOCIATES (PTY) LTD	The project is on-going and it is in the design phase
SCM 21 OF 13/14	REHABILITATION OF KWANYAMAZANE MAIN ROAD	INKONKA CIVILS CC	Monthly site meeting held on 13 June 2014 where few items that are in shortfall were identified and advised the contractor to make provision for the said items e.g. there is no electricity, water and no day security to-date. The site is vacant when the site agent is not around.(see attached pictures). The site establishment is of poor high standard . The contractor is about to lay G5. The work is satisfactory.
SCM 25 OF 13/14	PROVISION OF DEBRIS NET INCLUDING REMEDIAL WORK TO BRICKWORK AT PROFESSOR NYEMBEZI BUILDING	QULOTEC TRADING CC	The Project is completed and currently addressing the snags. The work is satisfactory and as per specifications. The file will be closed soon, currently waiting for the completion certificate from the Project Manager.
SCM 27 OF 13/14	LEASING OF DESKTOP AND LAPTOP COMPUTERS	EKHWESI BUSINESS SOLUTIONS (PTY) LTD	The contract is on-going successfully according to the stipulated programme.

Table 177 - MSUNDUZI MUNICIPALITY SUPPLY CHAIN MANAGEMENT UNIT - SERVICE PROVIDERS MONTHLY MONITORING OF PERFORMANCE REPORTS 1 JULY 2013 - 30 JUNE 2014

No.	DESCRIPTION	CONTRACT 'S NAME	STATUS
SCM 34 OF 13/14	RESTORATION OF PUBLICITY HOUSE BUILDING	GONAL CONSTRUCTION	The project is taking a good shape in terms of progress on site and expenditure. There were challenges on site since Publicity House is a heritage structure and needed to be treated as such by involving a building surveyor to make sure that we retain the existing structure but refurbish it and advise the team on site accordingly and the project sometimes requires Specialized equipment which takes time to acquire which causes delays on the project. The practical completion date was on 17 June 2014 and the contractor requested the extension of time due to reasons stated above and the extension of time was granted up to 13 August 2014 which spans the contract period to 5 Months from 3 Months.
SCM 46 OF 13/14	PROVISION OF BUS SERVICE FOR THE MAYORAL SPECIAL PROGRAMMES AND PROJECTS	SOOBHUG'S BUS SERVICE CC	Follow-up was done on outstanding issues they were resolved and the service provider's invoices from the Mayor's office have been forwarded to Creditors for processing. The SCM office is still waiting for their programme in order to assist where necessary.
SCM 55 OF 13/14	SUPPLY, ERECT ADVERTISING STRUCTURES AT MUNICIPAL MARKET	QULOTEC TRADING CC	The project commenced. Site handover to contractor was on 07 July 2014 and the end date is 07 October 2014.
SCM 56 OF 13/14	CIVIL ENGINEERING SERVICES FOR UPGRADING OF LANDFILL SITE	ENVITECH SOLUTIONS (PTY) LTD	The project has commenced and the project is in the design phase.
SCM 61 OF 13/14	REALIGNMENT AND WIDENING OF THWALA ROAD	TSIMA AND MASIQHAME JV	Site has been established and the sign board has been erected. The contractor is busy excavating next to Mbalenhle clinic. The project is on-going successfully and the work is satisfactory though there is not much done still at the beginning stages.
SCM 27 OF 12/13	PROVISION OF BANKING SERVICES	FIRST NATIONAL BANK	The contract's SLA was sent to Legal Services last year for review, no correspondence has been received with regards to the validity of the SLA. Another follow up with the Finance Business Unit is still to be conducted, the original documents were sent to legal and no reference can be made on whether all matters stated are adhered to.
SCM 52 OF 13/14	PROVISION OF ADHOC QUANTITY SURVEYING SERVICES	NCM QUANTITY SURVEYORS	All Quantity Surveyors have been appointed to conduct projects with a few business units, feedback on progress and performances have been requested.
SCM 55 OF 13/14	CONSTRUCTION OF ATHLETIC TRACK STADIUM PHASE 2	CONTRACTOR: BRIGHT HOMES CONTRACTION (PTY) LTD	With previous complaints from the Contractor on the consultant's rep not being present onsite, a physical altercation occurred on the 9th of July 2014 between the contractor and consultant, it seems the consultant is experiencing difficulties with his offices being in Cape Town has not been present onsite on this particular project. Mr. Mziwandile offered to communicate with both parties to remind them of their contractual obligations and create a friendly environment for them to work together. The consultant's professional team also mentioned how difficult it has been to communicate with the consultant. Funds were utilized on procuring material to run the project and concerns have apparently risen on the amount spent without any physical progress to show for it. All stakeholders present at the meeting either stated that they were impressed with the rate the progress has occurred onsite or had nothing to say.
SCM 2 OF 13/14	ENVIRONMENTAL PRACTICE NQF LEVEL 5	JOBFRIK CONSULTING	According to the project manager the training went well.
SCM14 OF 13/14	ADVANCED DRIVER TRAINING	TRADEFIRST 2035CC	According to the Project manager the training was up to standard. The performance was satisfactory.

COMMENT ON THE PERFORMANCE OF SUPPLY CHAIN MANAGEMENT OVERALL:

Performance of logistics has drastically improved from over the years, the employment of staff contributed positively in the operational and management of activities at general stores, this was evidently demonstrated during the annual stock take that was conducted in June 2014. External stakeholders Auditor General and internal stakeholders took part in the assessing of stock variances.

Part of logistics management is to establish and implement appropriate standards of internal control and warehouse management to ensure that goods placed in stores are secure and only used for the purpose for which they were purchased; regular checking of stock; and monitoring and review of the supply vendor performance to ensure compliance with specifications and contract conditions for particular goods or services.

The purpose of conducting a stock count is to verify and ascertain and benchmark the stock records as reflected by the computer system and that of the physical stock on hand.

Any discrepancies or differences on stock are then adjusted on computer system either as losses or surpluses.

Further to that the investigation is then conducted and necessary remedies made.

The inventory note is disclosed on the financial statement of the municipality.

The stock count for the financial year 2013/2014 proceeded smoothly with every member of the team demonstrating their efforts and energy in achieving a well-run physical count of stock. The purpose of conducting a stock count is to verify and ascertain and benchmark the stock records as reflected by the computer system and that of the physical stock on hand. Any discrepancies or differences on stock are then adjusted on computer system either as losses or surpluses. Further to that the investigation is then conducted and necessary remedies made.

It to be noted that in the financial year ending 13/14 Central Stores had to adjust stock take sheets by debiting the items on store's requisitions that were not captured by Stores as a result of insufficient funds on the Departments respective votes. All those requisitions will then be debited once funds become available in the year 14/15 financial year.

The Central Stores adjustments net write-up of stock of - **R1 269 833.69**

Obsolete cable for year 2013/2014 amounted to net write-down of **R417 936.35**. There has been no movement in the stock levels of items.

Obsolete stock of **R21 665.22** has been calculated at the date of stock count provision will have to be processed into the ProMIS system as part of the year end process.

Typically obsolete inventory is stock not used although departments have requested central stores to carry the item. If the departments have not used these supplies in a year or more and cannot justify the reason for this, Central Stores will have to auction the items as surplus. Stores will endeavour to liaise with departments when they are changes in inventory needs to minimize obsolete inventory and work with departments to identify an effective procedure for this process.

Where deficits were as a result of erroneously not being counted; those items as listed above be brought forward as a surplus in the financial year end 2014-2015 as indicated in paragraph 5.5.1 to 5.5.5 totalling to **R1 031 442.80**.

8.7 INTERNAL AUDIT

INTRODUCTION TO INTERNAL AUDIT

Internal Audit is an independent, objective, assurance and consulting activity designed to add value and improve the municipality's operations. The unit assists the municipality in accomplishing its objectives through a systematic, disciplined approach to evaluate and improving the effectiveness of risk management, system of the internal control and governance processes. By its nature, Internal Audit Unit is a governance structure which facilitates improvement on service delivery vehicle by reviewing the design and effectiveness of the system of internal controls around the core mandate and support functions of the municipality. Its role is critical in promoting and enhancing control environment through auditing and recommending solutions to management.

The unit was composed of the Executive Manager: Internal Audit and two (2) Internal Auditors in 2012/13 and has grown in 2013/14 with the appointment of the Manager: Internal Audit (Assurance), two (2) Internal Auditors and two (2) Interns. Our capacity is limited and to achieve our audit coverage we have a co-sourced arrangement with four firms.

The internal audit institutional framework has been solidified by having a fully-fledged Audit Committee with a diverse set off skills and competencies, namely Chartered Accountants with vast experience in both corporate and public sectors, including water industry and municipal environment, an Economist with vast experience in the Public Sector Budgeting and Strategy, an Information Technology Specialist with vast experience in the Municipal, Public and Private Sector environments and a recent appointment of an Advocate to assist in areas dealing with labour and legal issues. The unit has implemented the Combined Assurance approach in ensuring effective oversight role by the Audit Committee because its composition of mixed expertise. The Combined Assurance has been taken a step further in the relevant structures of the municipal councils, i.e. Operational Management Committee, Strategic Management Committee, Respective Portfolio Committees, Audit Committee and the Executive Committee.

The King III report on Cooperative Governance accepts the need for the Audit Committee in the pursuit of good governance. It aligns the function of internal and external audit directly with the oversight by the Audit Committee. There are other oversight committees of Council who are role-players in the assurance space to advocate for the combined assurance model. The Audit Committee is located to financial reporting, risk management, governance, performance information and system of internal control space which the universal organization space.

A stronger mechanism between the Audit Committee and the various Council Oversight Committee structures which are responsible to ensure effective governance. If, for instance, an audit was undertaken on the quality of infrastructure provision and maintenance. The results of the audit is communicated to the Infrastructure Services Committee to enable it to play its oversight role. This makes the Portfolio Committee to play an oversight role on the system of internal control, risk management and governance in their respective Portfolios and enable them to monitor implementation of corrective measures rather than to rely on the reports by management which sometime select only to report positive rather than negative feedback.

A positive change has been realized through internal audit effort by changing the approach of auditing. The planning for the year under review included focus on risks within the municipality, compliance with regularity framework, performance information and core mandate of the municipality. Focus has been placed on municipal entities as they were previously neglected and this has indicated that minimal oversight has been played by the responsible municipal officials and Council in ensuring that they adhere to the relevant legislation, policies and procedures and deliver on the mandate they were established for.

CITY OF CHOICE

Positive working relationships have been fostered by the unit, thus in turn gaining trust of the business process owners and understanding that we are all working towards the broader vision and mission of the municipality, this is evidence by the reduction of the backlog of consumer refunds and improvement in the system of internal control.

Severe deficiency in the system of internal control within the Municipal Market in the recent years, the unit realized that things were not turning around and continue auditing was not a solution and assumed a consulting & advisory role as permissible by the Institute of Internal Auditors as well the Internal Audit Charter of Msunduzi. This has resulted to a significant improvement on system of internal control.

Using a joint recommendation approach has been adopted between Internal Audit Unit and management, where management they are taking full charge of findings and recommendations in order to derive the agreed action plan which reduces the risk exposure. Supply Chain Management is an area that has high risk exposure due to nature of its business, however, the relationship between its Head and Internal Audit Unit has made it low risk exposure.

Audit Committee has been very vigorous in its oversight role and the Deputy Municipal Managers had to report on the progress in implementing internal audit recommendations and agreed action plan and this was aimed at improving performance and effectiveness of the system of internal control, risk management and governance.

SERVICE STATISTICS FOR INTERNAL AUDIT

The Internal Audit unit has made significant progress in the completion of our annual audit plan in relation to the slow start of 2011/12. During 2011/12 the unit completed 49% of its annual audit program and facilitated the process of compiling the municipality's risk register. The focus in 2012/13 was to widen the scope of the audits undertaken and of the 38(79%) planned audits only 30 was performed and the 8(21%) was moved to 2013/14 financial year. The unit also had to perform 6 audits that were not accomplished in 2011/12 financial year. In addition the unit executed 14 adhoc audits that were requested by management. Thus meaning the true reflected of the audits performed during the 2012/13 financial year was 50(132%) of the 38 planned.

In 2013/14 forty six (46) internal audit assignments were planned & forty four (44) completed which is 95% performance. Twenty four (24) Trade Payables audits planned & twenty three (23) completed as in one month only one run of payment was done and therefore resulting to 95% performance. We had planned twelve (12) Consumer Refunds audits & completed sixteen (16) which is 133%. We also received thirteen (13) requests for adhoc audit assignments from management which were not planned and were completed over & above planned. Thus meaning the true reflection of the audit assignments performed in 2013/14 financial year was ninety six (96) (117%) of the eighty two (82) planned.

COMMENT ON THE PERFORMANCE OF INTERNAL AUDIT OVERALL

Internal Audit Unit does not have capital projects and year 5 targets set out in the IDP schedule. The performance of the unit is based on its operational plan. The unit performed ninety six (96) (117%) of the eighty two (82) planned audit assignments in 2013/14 financial year.

9. COMPONENT I: ORGANIZATIONAL DEVELOPMENT PERFORMANCE

INTRODUCTION TO ORGANIZATIONAL DEVELOPMENT PERFORMANCE

Organisational Development capabilities provide the vehicle for the Msunduzi Municipality to enact policies and procedures that attract, retain, and motivate a high quality and diverse workforce. HRM&D supports and cares for the most important resource in the organisation—its people.

The Core Business links a broad spectrum of activities in support of business transformation mission objectives and goals.

1. Strategic HRMD Planning
 - People forecasting;
 - Workforce planning;
 - Budgeting;
 - Succession planning;
 - Diversity planning;
 - Social plan development (taking cognisance of the municipalities impact on unemployment and job creation.);
 - Job evaluations; and Review of organisation structure.
2. Sourcing and Placing
 - Building strategic partnerships for talent and skills;
 - Attracting people through innovative attraction strategies;
 - Recruiting and selecting suitable people;
 - Placing people into jobs and teams;
 - Inducting and socialising people into the municipality; and
 - Redeploying people.
3. Exit Management
 - Exit interviews to determine and manage systemic exit trends;
 - Retirement process;
 - Medical boarding;
 - Dismissal processes in line with sound labour practices;
 - Retrenchment; and resignations.
4. Employee Relationship Management
 - Managing relationships with unions and other labour forums;
 - Management of disciplinary and grievances;
 - Disputes;

- Consultations;
- Collective bargaining; and
- Conflict management.

5. Capacity Building

Developing people to their full potential through:

- Competency profiling and assessment;
- Personal development planning;
- Career development;
- Skills development;
- Leadership and management development;
- Key talent development;
- Development of a learning organisation, including knowledge management activities;
- Impact assessment.

6. Talent Management

- Identification of mission critical positions;
- Succession planning; and
- Focused development of key talent to ensure succession plans are implemented timeously.

7. HRMD Administration and Reporting

- Management of HRMD policies and procedures relating to engagement, salary and benefits, employee data management, training and development tracking, performance management recording and terminations
- Reporting to top management, government and statutory reporting

8. Organisational Culture, Development & Effectiveness

- Culture transformation and change management;
- The development of individuals and teams with a systems view;
- Continuous assessment of organisational effectiveness through work studies and redesign to ensure maximum efficiency, productivity and job satisfaction; and
- Review and design of organisational structures.

9. HRMD Assurance and Wellness

To minimise HRMD risk to the business.

- Setting of HRMD policies and procedures;
- Ensuring governance and compliance with internal policies and external legislative requirements applicable to HRMD;
- Setting up and managing of strategic alliances and contracts;
- Employee wellness including HIV / AIDS and EAP; and
- Ensuring sufficient physical facilities, equipment, resources and assets required to manage and execute human resource activities.

2012/2013	68	270	10.5%
2013/2014	131	160	6%

COMMENT ON VACANCIES AND TURNOVER:

The Municipal Manager, CFO and DMM: Infrastructure Services Posts were filled in the 12/13 financial year. The two remaining section 57 posts were advertised, interviewed and recommendations made. The DMM: Corporate Services and DMM: Community Services commenced duty in the 13/14 financial year. The DMM: Infrastructure Services vacated the post in the latter part of 13/14, the post has been advertised and the recruitment process has commenced to be filled in the 14/15 financial year.

MANAGING THE MUNICIPAL WORKFORCE

INTRODUCTION TO MANAGING THE MUNICIPAL WORKFORCE

The Recruitment and Selection process is primarily aimed at procuring staff with the necessary competencies, thus enabling the organisation to deliver on its strategic and operational priorities.

The Draft Recruitment and Selection Policy which has been extensively consulted with management, Councillors, trade unions and Local Labour Forum, is to be submitted for Council approval, as a matter of priority. A transparent and objective approach to appointments is currently being followed where both trade unions are invited to interviews as observers. This will be formalised on the final approval of the Recruitment and Selection Policy. Current vacancy levels in the organization are at 46%. In this regard, the municipality will ensure that critical and priority vacant posts are identified and that the filling thereof is fast-tracked. Funded vacant posts will be filled within the budgeted financial year. A uniform, competency-based approach to appointments will be established over the next 12 months, following the

final approval of the consulted Draft Recruitment & Selection Policy. The Procedures as contained in the draft Recruitment and Selection Policy will be further developed and refined, which will include the proper keeping of records and reflect the basis of appointment decisions that should be available for scrutiny by the Corporate Services Portfolio Committee and appropriate stakeholders. To achieve its strategic objectives, it is just as crucial for the municipality to retain its competent staff. Competent staff from designated groups and staff in areas of scarce or critical skills are targeted.

A major source of discontent amongst staff is the drawn out process of TASK Job Evaluations. The process of Job Evaluation has been prioritized, with the approval of the new organizational structure in the 2012/13 financial year.

The Municipality pursues the equitable representation of designated groups in all occupational categories and levels in the workforce and actively supports an organizational culture and climate based on diversity, equality, mutual respect and dignity for all.

Whilst the Msunduzi Municipality has made significant progress in the level of representation of Blacks (Africans, Coloureds and Indians), the under-representation of women and persons with disabilities, especially at the senior levels in the organization, remain one of the major areas to be addressed.

	40487	1951	2562	16	R 24 553736

COMMENT ON INJURY AND SICK LEAVE:

Reports of all injury on duty are compiled monthly and recommendations are made to prevent further accidents. All injury on duty sick leave is recommended by external doctors. In the past year there was no internal doctor to monitor injury on duty sick leave and sick leave. However a doctor started in July 2014 and we will be able to monitor and maintain any abuse. The personal records are maintained though we have a problem of getting sick leave information from the departments.

Table 190 - NUMBER AND PERIOD OF SUSPENSIONS

Position	Nature of Alleged Misconduct	Date of suspension	Details of Disciplinary Action taken or status of case and reasons why it is not finalized	Date Finalized
Chief Building Inspector	Corruption & Dishonesty	01/07/2013	Charged and employee resigned pending hearing	31/07/2014

General worker	Dishonesty	20/03/2014	Charged	29/04/2014
General worker	Dishonesty	20/03/2014	Charged	29/04/2014

COMMENT ON SUSPENSIONS AND CASES OF FINANCIAL MISCONDUCT:

Only suspensions emanating from the period of Administration have extended beyond four months. The Municipality has, in most instances, permitted these incumbents to return to work, outside of their substantive posts, allowing the disciplinary process to continue.

Two legal advisors have been appointed by Council to expedite the backlogs in the finalisation of the sub-judicæ disciplinary matters

Training interventions for prosecutors and presiding officers at disciplinary hearings were facilitated, with managers being capacitated to act as prosecutors and/or presiding officers

Discipline is acknowledged to not yet being at the required level to support optimal functioning of the workforce. Absenteeism in general, is reaching worrying proportions and requires in priority intervention.

Regular Local Labour Forum meetings are taking place and the management of Industrial Action formalized with the development of the Industrial Action Strategy. Workshops were held with all business units to communicate the collective agreements, including disciplinary and grievance procedures.

PERFORMANCE REWARDS

The Municipality has implemented Performance Management to level 3 within the organization it is not currently linked to reward. The Individual Performance Management performance Policy was developed and approved during the 2012/13 financial year.

Performance management is currently not being cascaded to the employees beyond the third level of management. 2010/2011 saw no performance reward beneficiaries, including Section 57 employees.

THE MUNICIPAL WORKFORCE

INTRODUCTION TO WORKFORCE CAPACITY DEVELOPMENT

The training and Development Policy was approved on the 28th August 2013.

An HR and Skills Audit is being undertaken in the 2013/14 which will allow for the appropriate organisational training needs gap analyses informs the Workplace Skills Plans, which was finalized timeously for the Financial Year in the reporting period. Training Implementation Reports are submitted as per LGSETA requirements.

A Total of 981 employees were trained during the 2013/2014 Financial Year, and is broken down into the following demographics:

SKILLS DEVELOPMENT & TRAINING

'000

The Skills Development Budget was in line with the Skills Development Levies Act as the Municipality had budgeted 1% of the salary bill for Skills Development. The Msunduzi Municipality acknowledges the value to its own development and that of its employees in cooperating fully with the LGSETA and ensures that it participates in all relevant grants and training opportunities.

The Skills Development Unit has made application for relevant Discretionary Grants from the LGSETA to cover the costs of learnerships.

MANAGING THE WORKFORCE EXPENDITURE

INTRODUCTION TO WORKFORCE EXPENDITURE

The municipality has made a concerted effort to manage workforce expenditure by improving the management and control of overtime.

This included the centralisation of the processing of leave and overtime to ensure conformity, and the introduction of standardised pre-approval and overtime claim forms to address such issues as the necessity for work to be carried out after hours, verification that the time claimed was justified in relation to the work done, location of work, vehicle usage, compliance with policy and availability of funding amongst others.

Management oversight was also improved through monthly overtime analysis reports to the Strategic Management Committee, Portfolio Committees and the Executive Committee. Deputy Municipal Managers are now required to authorise all overtime payment schedules.

The overtime policy and procedures are also being reviewed to improve the management and control of overtime. A bio-metric time and attendance system is currently being investigated to improve control over staff attendance.

COMMENT ON UPGRADED POSTS AND THOSE THAT ARE AT VARIANCE WITH NORMAL PRACTICE:

The Municipality has not yet completed the implementation of the TASK Job Evaluation System. The Organization approved a new organizational structure in April 2013. The process of Job Evaluation has been prioritized, and is to be concluded prior to the implementation of the new organizational structure in the 2013/14 financial year.

10. COMPONENT J: FINANCIAL PERFORMANCE

All relevant information relating to Financial Performance will be dealt with in terms of the Annual Financial Statements.

SECTION 2: ANNUAL REPORT ON THE SERVICE DELIVERY & BUDGET IMPLEMENTATION PLAN

The Service Delivery and Budget Implementation Plan (SDBIP) is a legislative requirement as per the Municipal Finance Management Act (MFMA). The SDBIP gives effect to the Municipality's Integrated Development Plan (IDP) and annual budget. The SDBIP facilitates the accountable role that managers hold to the Council and that Councillors hold to the community. It also fosters the management, implementation and monitoring of the budget, the performance of senior management and the achievement of the strategic objectives as laid out in the IDP.

Chapter 1 of the MFMA describes the SDBIP as:

A detailed plan approved by the mayor of a municipality in terms of section 53 (1)(c)(ii) for implementing the municipality's delivery of services and the execution of its annual budget and which must include the following:

- (a) projections for each month of-
 - (i) revenue to be collected by source; and
 - (ii) operational and capital expenditure, by vote;
- (b) service delivery targets and performance indicators for each quarter".

In terms of the provisions above, IN-YEAR monitoring on service delivery indicators was conducted according to the attached SDBIP on a monthly & quarterly basis and reports thereof submitted to the Operational Management Committee (OMC), EXCO, the Full Council, Portfolio Committees, Municipal Public Accounts Committee and the Audit Committee. Monitoring through the SDBIP enables the municipal manager to monitor the performance of senior managers, the mayor to monitor the performance of the municipal manager and for the community to monitor the performance of the municipality as each activity contains outputs, outcomes and timeframes. The SDBIP is compiled on an annual basis.

As the SDBIP is a management and implementation tool, and not a policy proposal, it is not required to be approved by Council - it is however tabled before Council and made public for information and monitoring purposes. However, the top layer of the SDBIP cannot be revised without the approval of the Council. During the 2011/2012 financial year, the municipality developed a quarterly dashboard reporting process. In 2013/14 the municipality continued to implement the dashboard process of reporting. The dashboard is colour-coded in order to serve as an early indicator warning system in order to identify areas that require intervention in areas of non/under performance. Monthly & Quarterly reports on the SDBIP 2013/2014 were submitted to Council and are available on request.

During the Strategic Planning Process for the 2013/2014 financial year a management resolution was taken to differentiate between service delivery indicators that have a direct impact on the community and those that are operational, support and auxiliary services. In this regard for the 2013/2014 financial year the SDBIP has been developed to focus on the service delivery indicators and the Operational Plan 2013/2014 has been developed to focus on operational, support and auxiliary services.

The SDBIP 2013/2014 contains Public Participation Units (Office of the Speaker, Office of the Mayor), Community Services Units (Area Based Management, Health and Social Services, Community Development (Parks, Waste Management, Halls, Libraries and Art Gallery) and Public Safety Enforcement and Disaster Management), Infrastructure Services Units (Water and Sanitation, Roads and Stormwater, Electricity and the Landfill Site) and Economic Development Units (Local Economic Development, Infrastructure Planning and Survey and Town Planning and Environmental Management). Also included are the Legislated Performance Indicators as regulated by the National and Provincial Departments of Cooperative Governance and Traditional Affairs (CoGTA).

All other units provide operational, support and auxiliary services to the Municipality and have been placed on the Operational Plan 2013/2014. The Operational Plan 2013/2014 contains the Corporate Business Units (Internal Audit, Marketing and Communication, Integrated Development Plan and Performance Management System), Finance Business Units (Budget and Treasury, Revenue Management, Expenditure Management and Supply Chain Management), Infrastructure Services Units (Fleet Management and Project Management Unit) and Corporate Services Units (Legal Services, Information Communication Technology, Sound Governance and Human Resources).

The graphical representations below illustrate the performance of the municipality, over the four (4) quarters of the 2013/2014 financial year, as per the colour-coded dashboard.

2. GRAPHICAL REPRESENTATION OF PERFORMANCE: OPERATING PROJECTS

- A total of 83 Operating Projects were reported on the SDBIP for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 8.43% of the projects were reported as having Nil Achievements for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 21.68% of the projects were reported as having been partially met for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 59.03% of the projects were reported as having been met for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 4.81% of the projects were reported as having exceeded the target for the PROGRESS REPORT 2013/2014
- 3.61% of the projects were reported as having exceeded the target by 100% for the ANNUAL PROGRESS REPORT 2013/2014
- 2.40% of the projects were reported as not applicable due to not having any targets set for the ANNUAL PROGRESS REPORT 2013/2014

3. GRAPHICAL REPRESENTATION OF PERFORMANCE: CAPITAL PROJECTS

- A total of 76 Capital Projects were reported on the SDBIP for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 11.39% of the projects were reported as having Nil Achievements for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 18.98% of the projects were reported as having been partially met for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 56.96% of the projects were reported as having been met for ANNUAL PROGRESS REPORT 2013/2014 financial year
- 3.79% of the projects were reported as having exceeded the target for the ANNUAL PROGRESS REPORT 2013/2014 financial year

- 8.86% of the projects were reported as having exceeded the target by 100% for the ANNUAL PROGRESS REPORT 2013/2014
- 0% of the projects were reported as not applicable due to not having any targets set for the ANNUAL PROGRESS REPORT 2013/2014

OPERATIONAL PLAN (OP) 2013/2014 ANNUAL PROGRESS REPORT

ORGANISATIONAL OVERVIEW

- TOTAL PROJECTS: 112
- OPERATING PROJECTS: 112

2. GRAPHICAL REPRESENTATION OF PERFORMANCE: OPERATING PROJECTS

- A total of 112 Projects were reported on the Operational Plan for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 0.89% of the projects were reported as having Nil Achievements for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 14.28% of the projects were reported as having been partially met for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 77.67% of the projects were reported as having been met for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 6.25% of the projects were reported as having exceeded the target for the ANNUAL PROGRESS REPORT 2013/2014 financial year
- 0% of the projects were reported as having exceeded the target by 100% for the ANNUAL PROGRESS REPORT 2013/2014
- 0.89% of the projects were reported as not applicable due to not having any targets set for the ANNUAL PROGRESS REPORT 2013/2014

CONCLUSION:

This Annual Performance report reflects the performance of Business Units during the financial year 2013/2014. During the 2013/2014 financial year Msunduzi Municipality made great strides in trying to ensure a clean audit on performance. A number of systems, procedures and interventions were implemented during this period to assist with ensuring the alignment of the Integrated Development Plan, Budget & Service Delivery & Budget Implementation Plan (SDBIP) in order for the communities to receive quality services. The municipality also undertook several interventions to ensure that the communities it serves were continuously informed of matters pertaining to service delivery.

CHAPTER 4 – ANNUAL FINANCIAL STATEMENTS

THE MSUNDUZI MUNICIPALITY AND ITS MUNICIPAL ENTITY
 CONSOLIDATED ANNUAL FINANCIAL STATEMENTS
 FOR THE YEAR ENDED 30 JUNE 2014

General Information

Legal form of entity	Category B Municipality in terms of section 1 of the Local Government: Municipal Structures Act, 1998 (Act 117 of 1998) read with section 155 (1) of the Constitution of the Republic of South Africa (Act 108 of 1996)

Accounting Policies

1. Presentation of Consolidated Annual Financial Statements

The consolidated annual financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP), issued by the Accounting Standards Board in accordance with Section 122(3) of the Municipal Finance Management Act (Act 56 of 2003). The reporting framework is as prescribed by the Accounting Standards Board in Directive 5.

These consolidated annual financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention as the basis of measurement, unless specified otherwise. They are presented in South African Rand.

Assets, liabilities, revenues and expenses were not offset, except where offsetting is either required or permitted by a Standard of GRAP.

The accounting policies applied are consistent with those used to present the previous years financial statements, unless explicitly stated.

1.1 Going concern assumption

These annual financial statements have been prepared based on the expectation that the municipality will continue to operate as a going concern for at least the next 12 months.

1.2 Consolidation

Basis of consolidation

The consolidated annual financial statement the the year ended 30 June 2014 incorporate the annual financial statements of the municipality and the municipal group.

The consolidated annual financial statements of the municipality and its municipal group are used in the preparation of the consolidated annual financial statements and are prepared as the same reporting date.

The results of municipal entity, are included in the consolidated annual financial statements from the effective date of acquisition. Where necessary adjustments are made to the consolidated annual financial statements of the municipal group to bring their accounting policies used in line with those of the municipality.

All intra-entity transactions, balances, revenues and expenses are eliminated in full on consolidation.

Minority interests in the net assets of the economic entity are identified and recognised separately from the controlling entity's interest therein, and are recognised within net assets. Losses applicable to the minority in a consolidated controlled entity may exceed the minority interest in the controlled entity's net assets. The excess, and any further losses applicable to the minority, are allocated against the majority interest except to the extent that the minority has a binding obligation to, and is able to, make an additional investment to cover the losses. If the controlled entity subsequently reports surpluses, such surpluses are allocated to the majority interest until the minority's share of losses previously absorbed by the majority has been recovered.

Minority interests in the surplus or deficit of the economic entity is separately disclosed.

1.3 Significant judgements and sources of estimation uncertainty

In preparing the consolidated annual financial statements, management is required to make estimates and assumptions that affect the amounts represented in the consolidated annual financial statements and related disclosures. Use of available information and the application of judgement is inherent in the formation of estimates. Actual results in the future could differ from these estimates which may be material to the consolidated annual financial statements. Significant judgements include:

Fair value estimation

The fair value of financial instruments traded in active markets (such as trading and available-for-sale securities) is based on quoted market prices at the statement of financial position date. The quoted market price used for financial assets held by the economic entity is the current bid price.

1.3 Significant judgements and sources of estimation uncertainty (continued)

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. The economic entity uses a variety of methods and makes assumptions that are based on market conditions existing at each statement of financial position date. Quoted market prices or dealer quotes for similar instruments are used for long-term debt. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments. The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows. The fair value of forward foreign exchange contracts is determined using quoted forward exchange rates at the statement of financial position date.

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the economic entity for similar financial instruments.

Impairment testing

The recoverable amounts of cash-generating units and individual assets have been determined based on the higher of value-in-use calculations and fair values. These calculations require the use of estimates and assumptions.

The economic entity reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. In addition, goodwill is tested on an annual basis for impairment. Assets are grouped at the lowest level for which identifiable cash flows are largely independent of cash flows of other assets and liabilities. If there are indications that impairment may have occurred, estimates are prepared of expected future cash flows for each group of assets. Expected future cash flows used to determine the value in use of goodwill and tangible assets are inherently uncertain and could materially change over time. They are significantly affected by a number of factors including, together with economic factors .

Useful lives of property plant and equipment

The municipality's management determines the estimated useful lives and related depreciation charges for the waste water and water networks. This estimate is based on industry norm. Management will increase the depreciation charge where useful lives are less than previously estimated useful lives.

Effective interest rate

The economic entity used the prime interest rate to discount future cash flows.

Allowance for doubtful debts

On debtors an impairment loss is recognised in surplus and deficit when there is objective evidence that it is impaired. The impairment is measured as the difference between the debtors carrying amount and the present value of estimated future cash flows discounted at the effective interest rate, computed at initial recognition.

1.4 Investment property

Investment property is property (land or a building - or part of a building - or both) held to earn rentals or for capital appreciation or both, rather than for:

- use in the production or supply of goods or services or for
- administrative purposes, or
- sale in the ordinary course of operations.

Investment property is initially recognised at cost. Transaction costs are included in the initial measurement.

Item	Average useful life
Property - land	Indefinite
Property - buildings	5 - 50 years

Fair value

Subsequent to initial measurement investment property is measured at fair value.

The fair value of investment property reflects market conditions at the reporting date.

A gain or loss arising from a change in fair value is included in net surplus or deficit for the period in which it arises.

1.5 Property, plant and equipment

Property, plant and equipment are tangible non-current assets (including infrastructure assets) that are held for use in the production or supply of goods or services, rental to others, or for administrative purposes, and are expected to be used during more than one period.

The cost of an item of property, plant and equipment is recognised as an asset when:

- it is probable that future economic benefits or service potential associated with the item will benefit the municipality; and
- the cost of the item can be measured reliably.

Property, plant and equipment is initially measured at cost.

The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Trade discounts and rebates are deducted in arriving at the cost.

Where an asset is acquired at no cost, or for a nominal cost, its cost is its fair value as at date of acquisition.

Where an item of property, plant and equipment is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it's deemed cost is the carrying amount of the asset(s) given up.

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located is also included in the cost of property, plant and equipment, where the entity is obligated to incur such expenditure, and where the obligation arises as a result of acquiring the asset or using it for purposes other than the production of inventories.

Recognition of costs in the carrying amount of an item of property, plant and equipment ceases when the item is in the location and condition necessary for it to be capable of operating in the manner intended by management.

Major spare parts and stand by equipment which are expected to be used for more than one period are included in property, plant and equipment. In addition, spare parts and stand by equipment which can only be used in connection with an item of property, plant and equipment are accounted for as property, plant and equipment.

Major inspection costs which are a condition of continuing use of an item of property, plant and equipment and which meet the recognition criteria above are included as a replacement in the cost of the item of property, plant and equipment. Any remaining inspection costs from the previous inspection are derecognised.

Property, plant and equipment is carried at cost less accumulated depreciation and any impairment losses.

Property, plant and equipment is carried at depreciated replacement cost, being the cost at the date of assessment less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Assessments are made with sufficient regularity such that the carrying amount does not differ materially from that which would be determined using cost at the reporting period.

The useful lives of items of property, plant and equipment have been assessed as follows:

1.5 Property, plant and equipment (continued)

Item	Average useful life
Land	Infinite
Infrastructure	
• Roads and motorways	5 - 100 years
• System security	5 - 10 years
• Storm water drainage	25 -120 years
• Airport infrastructure	20 years
• Solid waste	5 - 50 years
• Water and sanitation	10 - 100 years
• Major substations: buildings	5 - 50 years
• Transformers and related equipment	50 years
• Mains	45 years
• Street lighting	50 years
Community	
• Buildings	5 - 50 years
• Recreational facilities	5 - 50 years
Other property, plant and equipment	
• Buildings	5 - 50 years
• Fresh produce and other markets	5- 50 years
• Fire engines	20 years
• Landfill site	5 - 50 years
• Transport facilities	5 - 50 years
• Fencing	10 years
• Heavy and mobile plant	10 -15 years
• Furniture and fittings	7 - 10 years
• Vehicles	5 - 7 years
• Bins and containers	5 - 10 years
• Plant and equipment	5 -15 years
• Office equipment	3 -5 years

The useful life and depreciation method of each asset are reviewed at the end of each reporting date. If the expectations differ from previous estimates, the change is accounted for as a change in accounting estimate.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation charge for each period is recognised in surplus or deficit unless it is included in the carrying amount of another asset.

Items of property, plant and equipment are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use of the asset.

The gain or loss arising from the derecognition of an item of property, plant and equipment is included in surplus or deficit when the item is derecognised. The gain or loss arising from the derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.

1.6 Capital commitments

A capital commitment is a binding agreement to undertake capital expenditure at some set time in the future which has not yet become an actual liability.

1.7 Investment property

Investment property is property (land or a building - or part of a building - or both) held to earn rentals or for capital appreciation or both, rather than for:

- use in the production or supply of goods or services or for
- administrative purposes, or
- sale in the ordinary course of operations additional text

Investment property is initially recognised at cost. Transaction costs are included in the initial measurement.

Fair value

Subsequent to initial measurement investment property is measured at fair value.

The fair value of investment property reflects market conditions at the reporting date.

A gain or loss arising from a change in fair value is included in net surplus or deficit for the period in which it arises.

Item	Average useful life
* Property - land	Infinite
* Property - buildings	5 - 50 years

1.8 Intangible assets

A intangible asset is an identifiable non-monetary asset without physical substance.

Intangible assets are initially recognised at cost and comprises of software and servitudes.

An intangible asset acquired through a non-exchange transaction, the cost shall be its fair value as at the date of acquisition.

Expenditure on research (or on the research phase of an internal project) is recognised as an expense when it is incurred.

An intangible asset arising from development (or from the development phase of an internal project) is recognised when:

- it is technically feasible to complete the asset so that it will be available for use or sale.
- there is an intention to complete and use or sell it.
- there is an ability to use or sell it.
- it will generate probable future economic benefits or service potential.
- there are available technical, financial and other resources to complete the development and to use or sell the asset.
- the expenditure attributable to the asset during its development can be measured reliably.

Intangible assets are carried at cost less any accumulated amortisation and any impairment losses.

An intangible asset is regarded as having an indefinite useful life when, based on all relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows or service potential. Amortisation is not provided for these intangible assets, but they are tested for impairment annually and whenever there is an indication that the asset may be impaired. For all other intangible assets amortisation is provided on a straight line basis over their useful life.

The amortisation period and the amortisation method for intangible assets are reviewed at each reporting date.

Reassessing the useful life of an intangible asset with a finite useful life after it was classified as indefinite is an indicator that the asset may be impaired. As a result the asset is tested for impairment and the remaining carrying amount is amortised over its useful life.

Internally generated brands, mastheads, publishing titles, customer lists and items similar in substance are not recognised as intangible asset

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

Item	Useful life
Computer software	3 - 5 years
Servitudes	Infinite

Intangible assets are derecognised:

- on disposal; or
- when no future economic benefits or service potential are expected from its use or disposal.

The gain or loss is the difference between the net disposal proceeds, if any, and the carrying amount. It is recognised in surplus or deficit when the asset is derecognised.

1.9 Investments

Where the carrying amount of an investment is greater than the estimated recoverable amount, it is written down immediately to its recoverable amount and an impairment loss is charged to the Statement of Financial Performance.

1.10 Biological assets

Biological assets that form part of an agricultural activity are measured at their fair value less costs to sell.

A gain or loss arising on initial recognition of agricultural produce at fair value less costs to sell and from a change in fair value less costs to sell of agriculture produce is included in surplus or deficit for the period in which it arises.

Where market determined prices or values are not available, the present value of the expected net cash inflows from the asset, discounted at a current market-determined pre-tax rate where applicable is used to determine fair value.

1.11 Heritage assets

Heritage assets are assets that have a cultural, environmental, historical, natural, scientific, technological or artistic significance and are held indefinitely for the benefit of present and future generations.

An inalienable item is an asset that a municipality is required by law or otherwise to retain indefinitely and cannot be disposed of without consent.

A heritage asset qualifies for recognition as an asset as it is measured at its cost and any cost directly attributable to bringing the heritage asset to the location and condition necessary for it to be capable of operating in this manner intended by the Municipality.

Where a heritage asset is acquired through a non exchange transaction, its deemed cost is to measured at its fair values as at the date of acquisition. If at initial recognition the municipality cannot reliably measure its cost, the relevant and useful information about the heritage asset is disclosed in the notes to the annual financial statements.

Transitional provision

According to the transitional provision, the economic entity is not required to measure heritage assets for reporting periods beginning on 01 July 2012 or after a date within three years following the date of initial adoption of the Standard of GRAP on Heritage assets. Heritage assets have accordingly been recognised at provisional amounts, as disclosed ,The transitional provision expires on 2015/06/30.

In accordance with the transitional provision as per Directive 2 of the GRAP Reporting Framework, where heritage assets was acquired through a transfer of functions, the economic entity is not required to measure that heritage assets for a period of three years from the effective date of the transfer of functions or the effective date of the Standard, whichever is later.

Until such time as the measurement period expires and heritage assets is recognised and measured in accordance with the requirements of the Standard of GRAP on Heritage assets, the economic entity need not comply with the Standards of GRAP on (to the extent that these Standards prescribe requirements for heritage assets):

Presentation of Financial Statements (GRAP 1),
The Effects of Changes in Foreign Exchange Transactions (GRAP 4),
Leases (GRAP 13), Segment Reporting (GRAP 18),
Non-current Assets Held for Sale and Discontinued Operations (GRAP 100)

The exemption from applying the measurement requirements of the Standard of GRAP on Heritage assets implies that any associated presentation and disclosure requirements need not be complied with for heritage assets not measured in accordance with the requirements of the Standard of GRAP on Heritage assets.

1.12 Housing development fund

The Housing Development Fund was established in terms of the Housing Act, (Act No. 107 of 1997). Loans from national and provincial government used to finance housing selling schemes undertaken by the municipality were extinguished on 1 April 1998 and transferred to a Housing Development Fund. Housing selling schemes, both complete and in progress as at 1 April 1998, were also transferred to the Housing Development Fund. In terms of the Housing Act, all proceeds from housing developments, which include rental income and sales of houses, must be paid into the Housing Development Fund. Monies standing to the credit of the Housing Development Fund can be used only to finance housing developments within the municipal area subject to the approval of the Provincial MEC responsible for housing.

1.13 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or a residual interest of another entity.

Financial instruments are initially recognised at fair value. In the case of a financial instrument not subsequently measured at fair value, transaction costs that are directly attributable to the acquisition or issue of the financial instrument are added to the fair value.

Financial Instruments are categorised according to their nature as either financial instruments at fair value, held at amortised cost, or held at cost. The classification depends on the purpose for which the investments were acquired.

Management determines the classification of its investments at initial recognition and re-evaluates this designation at every reporting date.

Trade and other receivables

Trade and other receivables are initially recognised at fair value plus any transaction costs and subsequently measured at amortized cost using the effective interest method, less provision for impairment.

A provision for impairment of trade and other receivables is established when there is objective evidence that the municipality will not be able to collect all amounts due according to the original terms of the trade and other receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. Impairment losses are recognised in the Statement of Financial Performance.

An estimate is made for doubtful debts based on the categorisation of debts and a review of past trends in collection rates applied to all outstanding amounts at year-end.

Creditors

Trade payables are initially measured at fair value plus any transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method.

Cash and cash equivalents

These are initially and subsequently recorded at fair value. For cash flow purposes cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term highly liquid investments, and bank overdrafts. Bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdraft are expensed as incurred

Loans and receivables

Loans and receivables are measured initially and subsequently at fair value, gains and losses arising from changes in fair value are included in the Statement of Financial Performance for the period.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and with no intention of trading. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets. Loans and receivables are included in trade and other receivables in the Statement of Financial Position.

Fixed and Negotiable Deposits

Fixed and negotiable deposits are non-derivative financial assets with fixed or determinable payments and fixed maturities that the municipality will hold to maturity.

Fixed and negotiable deposits are initially and subsequently measured at fair value which in the case of investments that have an original maturity date of less than 12 months equates the cost. Fixed and negotiable deposits held for greater than 12 months are fair valued annually and the difference recognised in the statement of financial performance.

On disposal of Fixed and negotiable deposits, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Financial Performance.

1.14 Correction of prior period errors

When accounting errors have been identified in the current year, the correction is applied retrospectively as far as it is practicable and the prior year comparatives are restated accordingly. When there has been a change in accounting policy in the current year, the adjustment is made retrospectively as far as it is practicable and the prior year comparative is restated accordingly.

1.15 Budget information

The consolidated annual financial statements and the budget are on the same basis of accounting therefore a comparison with the budgeted amounts for the reporting period have been included in the Statement of comparison of budget and actual amounts.

1.16 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

Finance leases – lessee

Finance leases are recognised as assets and liabilities in the statement of financial position at amounts equal to the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

The discount rate used in calculating the present value of the minimum lease payments is the municipality's incremental borrowing rate.

The lease payments are apportioned between the finance charge and reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of on the remaining balance of the liability.

Any contingent rents are expensed in the period in which they are incurred.

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset. The classification of the lease is determined using GRAP 13 – Leases.

Operating leases – lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset. This liability is not discounted.

The aggregate benefit of incentives is recognised as a reduction of rental expense over the lease term on a straight-line basis over the lease term.

Any contingent rents are expensed in the period they are incurred.

1.17 Inventories

Inventories are initially measured at cost except where inventories are acquired through a non-exchange transaction, then their costs are their fair value as at the date of acquisition.

Subsequently inventories are measured at the lower of cost and net realisable value.

- Inventories are measured at the lower of cost and current replacement cost where they are held for;
- distribution at no charge or for a nominal charge; or
- consumption in the production process of goods to be distributed at no charge or for a nominal charge.

Net realisable value is the estimated selling price in the ordinary course of operations less the estimated costs of completion and the estimated costs necessary to make the sale, exchange or distribution.

Current replacement cost is the cost the economic entity incurs to acquire the asset on the reporting date.

The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The cost of inventories of items that are not ordinarily interchangeable and goods or services produced and segregated for specific projects is assigned using specific identification of the individual costs.

The cost of inventories is assigned using the formula. The same cost formula is used for all inventories having a similar nature and use to the economic entity.

When inventories are sold, the carrying amounts of those inventories are recognised as an expense in the period in which the related revenue is recognised. If there is no related revenue, the expenses are recognised when the goods are distributed, or related services are rendered. The amount of any write-down of inventories to net realisable value or current replacement cost and all losses of inventories are recognised as an expense in the period the write down or loss occurs. The amount of any reversal of any write down of inventories, arising from an increase in net realisable value or current replacement cost, are recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

The inventory of the economic entity encompass land held for resale. The land held for resale is measured at the lower of cost and current replacement cost where they held for distribution at no charge.

1.18 Conditional Grants and receipts

Revenue received from conditional grants, donations and funding are recognised as revenue to the extent that the municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. To the extent that the criteria, conditions or obligations have not been met a liability is recognised.

Interest earned on the investment is treated in accordance with grant conditions. If it is payable to the funder, it is recorded as part of the creditor. If it is the Municipality's interest, it is recognised as interest earned in the Statement of Financial Performance.

Grants and receipts of a revenue nature: income is transferred as revenue to the Statement of Financial Performance to the extent that the criteria, conditions or obligations have been met.

1.19 Impairment of non-cash-generating assets

Non-cash generating assets are those assets held by the municipality without an intention of generating a commercial return and held primarily for service delivery purposes. The Municipality classifies all assets held with the primary objective of generating a commercial return as cash generating assets.

The municipality will apply its judgment and disclose the criteria used in making such judgment in cases where it's not clear whether the primary objective is to generate a commercial return. The municipality assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the municipality determines the recoverable service amount of the asset. The recoverable service amount is the higher of a non-cash-generating asset's fair value less costs to sell and its value in use.

If the carrying amount of a non-cash-generating asset exceeds its recoverable service amount, it is impaired and is recognised immediately in the Statement of Financial Performance.

An impairment loss is when the asset's carrying amount exceeds its recoverable service amount and is recognised in the Statement of Financial Performance.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation is recognised immediately in the Statement of Financial Performance. The increase in the carrying amount of an asset due to the reversal of an impairment loss should not exceed what the carrying amount would have been if no impairment loss had been recognised.

Intangible assets with indefinite useful lives and not yet available for use, are tested for impairment annually, irrespective of whether any indication of impairment exists.

Identification

When the carrying amount of a non-cash-generating asset exceeds its recoverable service amount, it is impaired.

The economic entity assesses at each reporting date whether there is any indication that a non-cash-generating asset may be impaired. If any such indication exists, the economic entity estimates the recoverable service amount of the asset.

Irrespective of whether there is any indication of impairment, the entity must also test a non-cash-generating intangible asset with an indefinite useful life or a non-cash-generating intangible asset not yet available for use for impairment annually by comparing its carrying amount with its recoverable service amount. This impairment test is performed at the same time every year. If an intangible asset was initially recognised during the current reporting period, that intangible asset was tested for impairment before the end of the current reporting period.

Value in use

Value in use of non-cash-generating assets is the present value of the non-cash-generating assets remaining service potential.

The present value of the remaining service potential of a non-cash-generating assets is determined using the following approach:

Depreciated replacement cost approach

The present value of the remaining service potential of a non-cash-generating asset is determined as the depreciated replacement cost of the asset. The replacement cost of an asset is the cost to replace the asset's gross service potential. This cost is depreciated to reflect the asset in its used condition. An asset may be replaced either through reproduction (replication) of the existing asset or through replacement of its gross service potential. The depreciated replacement cost is measured as the reproduction or replacement cost of the asset, whichever is lower, less accumulated depreciation calculated on the basis of such cost, to reflect the already consumed or expired service potential of the asset.

The replacement cost and reproduction cost of an asset is determined on an "optimised" basis. The rationale is that the economic entity would not replace or reproduce the asset with a like asset if the asset to be replaced or reproduced is an oversized or overcapacity asset. Oversized assets contain features which are unnecessary for the goods or services the asset provides. Overcapacity assets are assets that have a greater capacity than is necessary to meet the demand for goods or services the asset provides. The determination of the replacement cost or reproduction cost of an asset on an optimised basis thus reflects the service potential required of the asset.

Restoration cost approach

Restoration cost is the cost of restoring the service potential of an asset to its pre-impaired level. The present value of the remaining service potential of the asset is determined by subtracting the estimated restoration cost of the asset from the current cost of replacing the remaining service potential of the asset before impairment. The latter cost is determined as the depreciated reproduction or replacement cost of the asset, whichever is lower.

Recognition and measurement

If the recoverable service amount of a non-cash-generating asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable service amount. This reduction is an impairment loss.

An impairment loss is recognised immediately in surplus or deficit.

After the recognition of an impairment loss, the depreciation (amortisation) charge for the non-cash-generating asset is adjusted in future periods to allocate the non-cash-generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

Reversal of an impairment loss

The economic entity assess at each reporting date whether there is any indication that an impairment loss recognised in prior periods for a non-cash-generating asset may no longer exist or may have decreased. If any such indication exists, the economic entity estimates the recoverable service amount of that asset.

An impairment loss recognised in prior periods for a non-cash-generating asset is reversed if there has been a change in the estimates used to determine the asset's recoverable service amount since the last impairment loss was recognised. The carrying amount of the asset is increased to its recoverable service amount. The increase is a reversal of an impairment loss. The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss for a non-cash-generating asset is recognised immediately in surplus or deficit.

After a reversal of an impairment loss is recognised, the depreciation (amortisation) charge for the non-cash-generating asset is adjusted in future periods to allocate the non-cash-generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

Redesignation

The redesignation of assets from a cash-generating asset to a non-cash-generating asset or from a non-cash-generating asset to a cash-generating asset only occur when there is clear evidence that such a redesignation is appropriate.

1.20 Share capital / contributions from owners

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

1.21 Related parties

Close members of the family of a person are considered to be those family members who may be expected to influence, or be influenced by, that management in their dealings with the municipality.

Parties are considered to be related if one party directly or indirectly has the ability to control the other party or exercise significant influence over the party in making financial and operating decisions or is a member of the key management of the municipality or entity .

The NCT tree farming (Pty) Ltd manages timber plantations established on Council owned land on behalf of the Council by a management agreement. NCT is entitled to a 5% management fee based on net profit. Safe City (Pty) Ltd is a municipal entity and has formed a partnership with the business community to combat crime in the city. Council allocated a grant in aid to the entity.

1.22 Grant in aid

The economic entity transfers money to individuals, institutions and organisations. When making these transfers, the economic entity does not:

Receive any goods or services directly in return, as would be expected in a purchase or sale transaction
Expect to be repaid in future; or

Expect a financial return, as would be expected from an investment.

These transfers are recognised in the financial statements as expenses in the period that the events giving rise to the transfer occurred.

1.23 Employee benefits

Short-term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are due to be settled within twelve months after the end of the period in which the employees render the related service.

Short-term employee benefits include items such as:

- wages, salaries and social security contributions;
- short-term compensated absences (such as paid annual leave and paid sick leave) where the compensation for the absences is due to be settled within twelve months after the end of the reporting period in which the employees render the related employee service;
- bonus, incentive and performance related payments payable within twelve months after the end of the reporting period in which the employees render the related service; and
- non-monetary benefits (for example, medical care, and free or subsidised goods or services such as housing, cars and cellphones) for current employees.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs.

The expected cost of bonus payments is recognised as an expense when there is a legal or constructive obligation to make such payments as a result of past performance.

Post-employment benefits: Defined contribution plans

The municipality provides retirement benefits for its employees and councillors. Payments to defined contribution retirement benefit plans are charged as an expense as they fall due.

Payments made to industry-managed (or state plans) retirement benefit schemes are dealt with as defined contribution plans where the municipality's obligation under the schemes is equivalent to those arising in a defined contribution retirement benefit plan.

The Natal Joint Provident, Dynamique Ambrella (Pietermaritzburg Provident Fund) and Umgeni Provident Fund are defined contribution plans. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year they become payable.

The Municipality pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis. The Municipality has no further payment obligations once the contributions have been paid. The contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

Post-employment benefits: Defined benefit plans

A defined benefit plan is a pension plan that defines an amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compenstion.

The Natal Joint Pension Fund, Government Employees Pension Fund, Association Institution Pension Fund, South African Local Authorities Pension Fund and the Councillors Pension Fund are defined benefit. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year they become payable.

Pension obligations

The municipality employees contribute to 7 different Pension Funds, of which the Natal Joint Provident and Retirement Pension Fund cater for the majority of the staff.

The following are defined benefit funds:

The Natal Joint Provident, Dynamique Ambrella (Pietermaritzburg Provident Fund) and Umgeni Provident Fund .

The following are defined contribution funds:

The Natal Joint Pension Fund, Government Employees Pension Fund, Association Institution Pension Fund, South African Local Authorities Pension Fund and, Councillors Pension Fund.

Actuarial valuations are conducted on an interim basis each year with a statutory valuation undertaken every three years. Consideration is given to any extent that could impact the Funds up to the end of the reporting period where the interim valuation is performed at an earlier date.

Actuarial valuations are conducted on an annual basis by independent actuaries separately for each plan. The results of the valuation are updated for any material transactions and other material changes in circumstances (including changes in market prices and interest rates) up to the reporting date.

The Municipality has both defined benefit and defined contribution plans.

The liability/asset recognized in the statement of financial position in respect of defined benefit pension plans is equal to the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability.

Past-service costs are recognised immediately against revenue.

Any asset is limited to unrecognised actuarial losses and past service costs, plus the present value of available refunds and reduction in future contributions to the plan.

Other post retirement obligations

The municipality provides post-retirement healthcare benefits to their retirees. The entitlement to these benefits is usually conditional on the employee remaining in service up to retirement age and the completion of a minimum service period. Actuarial gains and losses arising from experience adjustments, and changes in actuarial assumptions, are charged or credited to income in the year that they arise.

Actuarial assumptions

Pension Obligations

The municipality and its employees contribute to 7 different Pension Funds, of which 2 (The Natal Joint Provident and Retirement Pension Fund) cater for the majority of the staff.

Natal Joint Retirement Funds, Government Employee Pension Fund and Associated Institution Pension Fund are defined benefit funds.

The Natal Joint Provident Fund, Pietermaritzburg and South African Local Authority are defined contribution funds.

The schemes are funded through payments to financial consultant companies or trustee-administered funds, determined by periodic actuarial calculations.

The Municipality has both defined benefit and defined contribution plans.

1.24 Provisions and contingencies

Provisions are recognised when:

the economic entity has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; and a reliable estimate can be made of the obligation.

Where the effect of time value of money is material, the amount of a provision is the present value of the expenditures expected to be required to settle the obligation.

The discount rate is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, the reimbursement is recognised when, and only when, it is virtually certain that reimbursement will be received if the economic entity settles the obligation. The reimbursement is treated as a separate asset. The amount recognised for the reimbursement does not exceed the amount of the provision.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

Contingent assets and contingent liabilities are not recognised. Contingencies are disclosed in note 59.

1.25 Revenue from exchange transactions

Revenue is the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net assets, other than increases relating to contributions from owners.

Service charges relating to electricity and water are based on consumption. Meters are read on a monthly basis and are recognised as revenue when invoiced. Provisional estimates of consumption are made monthly when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read. These adjustments are recognised as revenue in the invoicing period.

Revenue from the sale of electricity prepaid meter cards are recognised at the point of sale.

Service charges relating to refuse removal are recognised on a monthly basis by applying the approved tariff to each property based on category of property and the property value.

Service charges from sewerage and sanitation are based on water consumption and are levied monthly.

Interest and rentals are recognised on a time proportion basis.

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant gazetted tariff. This includes the issuing of licences and permits.

Income for agency services is recognised on a monthly basis once the income collected on behalf of agents has been quantified. The income recognised is in terms of the agency agreement.

Revenue from the sale of goods is recognised when the risk is passed to the consumer.

Revenue arising out of situations where the municipality acts as an agent on behalf of another entity (the principal) is limited to the amount of any fee or commission payable to the municipality as compensation for executing the agreed services.

All other revenue is recognised as it accrues.

Service revenue is recognised by reference to the stage of completion of the transaction at the reporting date. Stage of completion is determined by services performed to date as a percentage of total services to be performed.

1.26 Revenue from non-exchange transactions

Service revenue is recognised by reference to the stage of completion of the transaction at the reporting date. Stage of completion is determined by services performed to date as a percentage of total services to be performed.

Refers to transactions where the municipality received revenue from another entity without giving approximately equal value in exchange. Revenue from non exchange transactions is generally recognised to the extent that the related receipt or receivable qualifies for recognition as an asset and there is no liability to repay the amount.

Revenue from property rates is recognised when the legal entitlement to this revenue arises. Collection charges are recognised when such amounts are legally enforceable. Penalty interest on unpaid rates is recognised on a time proportion basis with reference to the principal amount and the effective interest rate applicable.

Fines constitute both spot fines and summonses. Fines are recognised when the fines are issued.

Donations are recognised on a cash receipt basis or where the donation is in the form of property, plant and equipment, at the fair value of the consideration received or receivable.

Contributed property, plant and equipment is recognised when ownership of the items of property, plant and equipment is transferred to the municipality.

Revenue from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the Municipal Finance Management Act (Act No.56 of 2003) and is recognised when the recovery thereof from the responsible councillors or officials is virtually certain.

Income received from conditional grants, donations and subsidies is recognised to the extent that the Municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. To the extent that the criteria, conditions or obligations have not been met, a liability is recognised and funds are invested until utilised.

Interest earned on the investment is treated in accordance with grant conditions. If it is payable to the funder, it is recorded as part of the creditor. If it is the Municipality's interest, it is recognised as interest earned in the Statement of Financial Performance.

Grants and receipts of a revenue nature: income is transferred as revenue to the Statement of Financial Performance to the extent that the criteria, conditions or obligations have been met.

The municipality recognises the full amount of revenue of the fine issued at the transaction date when there is uncertainty about the municipality's ability to collect such revenue from the fine, based on past history, the municipality has an obligation to collect all revenue due to it.

Subsequent to initial recognition and measurement, the municipality assess the collectability of the revenue and recognises an impairment loss where appropriate for example there the municipality may offer early settlement discounts or amnesty periods.

Where these reductions exist, the municipality considers past history in assessing the likelihood of these discounts or reductions being taken up the debtors.

1.27 Investment income

Investment income is recognised on a time-proportion basis using the effective interest method.

1.28 Comparative figures

When the presentation or classification of items in the annual financial statements is amended, prior period comparative amounts are restated. The nature and reason for the reclassification is disclosed. Where accounting errors have been identified in the current year, the correction is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly. Where there has been a change in accounting policy in the current year, the adjustment is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly.

1.29 Unauthorised expenditure

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in the form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No.56 of 2003). Unauthorised expenditure is accounted for as an expense in the Statement of Financial Performance. Where unauthorised expenditure is not approved, upon the finalisation of an investigation, it is recovered from the responsible person and the amount received is accounted for as revenue in the Statement of Financial Performance.

1.30 Fruitless and wasteful expenditure

Fruitless expenditure means expenditure which was made in vain and would have been avoided had reasonable care been exercised. All expenditure relating to fruitless and wasteful expenditure is recognised as an expense in the statement of financial performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

1.31 Irregular expenditure

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), and the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the economic entity's supply chain management policy.

Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), and the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the economic entity's supply chain management policy. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

1.32 Use of Estimates

The preparation of consolidated annual financial statements in conformity with Generally Recognised Accounting Practice requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the economic entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated annual financial statements are disclosed in the relevant sections of the consolidated annual financial statements.

Although these estimates are based on management's best knowledge of current events and actions they may undertake in the future, actual results ultimately may differ from those estimates.

1.33 Internal Reserves

Capital replacement reserve (CRR)

In order to finance the provision of infrastructure and other items of property, plant and equipment amounts are transferred from surplus or deficit for the year to the CRR in terms of the implementation guidelines on GRAP.

These transfers from the net surplus may only be made if they are backed by cash.

No mention is made in GRAP 1 of any reserves and therefore the balance of this reserve was transferred to the accumulated surplus in 2007/2008.

Capitalisation reserve

On the implementation of GAMAP/GRAP, the balance of certain funds, created in terms of the various Provincial Ordinances applicable at the time, that had historically been utilised for the acquisition of items of property, plant and equipment, were transferred to a Capitalisation Reserve rather than the accumulated surplus/deficit, as in prior years, in terms of a directive (Circular No. 18) issued by National Treasury.

The purpose of this Reserve is to promote consumer equity by ensuring that the future depreciation charge that will be incurred over the useful lives of these items of property, plant and equipment is offset by transfers from this reserve to the accumulated surplus/deficit.

The balance on the Capitalisation Reserve equals the carrying value of the items of property, plant and equipment financed from the former legislated funds. When items of property, plant and equipment are depreciated, a transfer is made from the Capitalisation Reserve to the accumulated surplus/deficit.

When an item of property, plant and equipment is disposed, the balance in the Capitalisation Reserve relating to such item is transferred to the accumulated surplus/deficit.

No mention is made in GRAP 1 of any reserves and therefore the balance of this reserve was transferred to the accumulated surplus in 2007/2008.

Government grant reserve

When items of property, plant and equipment are financed from government grants, a transfer is made from the accumulated surplus/deficit to the Government Grants Reserve equal to the Government Grant recorded as revenue in the Statement of Financial Performance in accordance with a directive issued by National Treasury.

When such items of property, plant and equipment are depreciated, a transfer is made from the Government Grant Reserve to the accumulated surplus/deficit.

The purpose of this policy is to promote community equity by ensuring that the future depreciation expenses that will be incurred over the useful lives of government grant funded items of property, plant and equipment are offset by transfers from this reserve to the accumulated surplus/deficit.

The purpose of this policy is to promote community equity by ensuring that the future depreciation expenses that will be incurred over the useful lives of government grant funded items of property, plant and equipment are offset by transfers from this reserve to the accumulated surplus.

When an item of property, plant and equipment financed from government grants is disposed, the balance in the Government Grant Reserve relating to such item is transferred to the accumulated surplus/deficit.

No mention is made in GRAP 1 of any reserves and therefore the balance of this reserve was transferred to the accumulated surplus in 2007/2008.

Self insurance reserve

A self-insurance reserve was established and, subject to external insurance where deemed necessary, covers claims that might occur. Premiums are charged to the respective services taking into account claims history and the replacement value of the insured assets.

Notes to the Consolidated Annual Financial Statements

Figures in Rand	Economic entity		Controlling entity	
	2014	2013	2014	2013

2. New standards and interpretations

2.1 Standards and interpretations effective and adopted in the current year

In the current year, the economic entity has adopted the following standards and interpretations that are effective for the current financial year and that are relevant to its operations:

2.2 Standards and interpretations issued, but not yet effective

The economic entity has not applied the following standards and interpretations, which have been published and are mandatory for the economic entity's accounting periods beginning on or after 01 July 2014 or later periods:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
---------------------------	--	------------------

The aggregate impact of the initial application of the statements and interpretations on the economic entity's consolidated annual financial statements is expected to be as follows:

3. Inventories

Land held for distribution and sale	693,428,000	693,428,000	693,428,000	693,428,000
Forestry	469,641	37,915,260	469,641	37,915,260
Consumable stores	46,306,382	21,370,813	46,306,382	21,370,813
Workshop stores	674,292	674,292	674,292	674,292
Water stock	5,988,575	5,004,945	5,988,575	5,004,945
Fuel - diesel, and petrol	1,443,434	1,283,232	1,443,434	1,283,232
	748,310,324	759,676,542	748,310,324	759,676,542
Impairment of inventories	5,071,297)	(4,631,696)	(5,071,297)	(4,631,696)
	743,239,027	755,044,846	743,239,027	755,044,846
Carrying value of inventories carried at fair value less costs to sell	743,239,027	754,267,729	743,239,027	755,044,846

Inventory has been recorded using the First in First out (FIFO) method.

Impairment of inventory includes redundant and obsolete stock of 2014 (R 5 071 297) : 2013 (R 4 631 696) .

The take - on of land as inventory was done in accordance with Grap 12. Land earmarked for low income housing was transferred / donated to the municipality by the Department of Human Settlements conditionally that it be used for the provision of low income housing only and eventually be transferred to the beneficiaries. The Msunduzi Municipality has been appointed as the implementing agent.

Cost of inventories recognised as an expense

Trade and other receivables from non-exchange transactions pledged as security

Trade and other receivables were not pledged as security for overdraft facilities.

Trade and other receivables includes prepayments to Independent Development Trust (IDT) of 2014 (R 168.6 million): 2013 (R 85.4 million) . IDT have undertaken projects in respect of the infrastructure development and maintenance.

The Msunduzi Municipality has entered into a memorandum of agreement with Independent Development Trust (IDT). They have been appointed as funding coordinators and as an implementing agent of the municipality's electricity supply and maintenance programme.

In terms of I GRAP 1(Applying the probability test on initial recognition of exchange revenue) trade and other receivables had to be accounted for on an accrual basis.

Included in other debtors is a traffic fine debtor of 2014 (R53.5 million) : 2013 (R 27.2 million) .

Credit quality of trade and other receivables

Although credit quality can be assessed the municipality did not apply any methods to evaluate the credit quality.

The amount of the provision was 2014 (R 206 663 409) : 2013 (R210 847 480) .

Consumer debtors pledged as security

Trade and other receivable from exchange transaction were not pledged as security for overdraft facilities.

Credit quality of trade and other receivables from exchange transactions

The credit quality of trade and other receivable from exchange transactions that are neither past nor due nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates. Although credit quality can be assessed the entity did not apply any methods to evaluate the credit quality.

Trade and other receivables from exchange transactions impaired

The amount of the provision was 2014 (R 605 054 616) : 2013 (R612 173 549).

Trade and receivables from exchange transactions includes revenue received of R 76 .5 million for the period 1st to the 3rd July 2014. This revenue has been included in the month of June 2014 due to the late closure of the ProMIS Income billing system.

------------------------	------	------	------	------

Cash and cash equivalents are classified as financial instruments under the loans and receivable category.

Due to the short term nature of these investments no amortisation was performed.

Fair value is taken at face value.

No cash and cash equivalents were pledged as security for any financial liabilities.

No restrictions exist with regard to the use of cash.

No portion is past due or impaired.

These amounts best represent the maximum exposure to credit risk at the end of the reporting period, without taking account of any collateral held or other credit enhancements.

Contract debtors were pledged as security for overdraft facilities of R - (2013: R -) of the economic entity. At year end the overdraft amounted to R - (2013: R -).

Credit quality of cash at bank and short term deposits, excluding cash on hand

The credit quality of cash at bank and short term deposits, excluding cash on hand that are neither past due nor impaired can be assessed by reference to external credit ratings. Although credit quality can be assessed the Municipality did not apply any methods to evaluate the credit quality.

The municipality has the following bank accounts

Pledged as security

No property, plant and equipment was placed as security for financial liabilities.

Refer to Appendix B for the detailed property, plant and equipment schedule.

All assets that were fully depreciated in the asset register had their useful lives reviewed during the reporting period. This was processed retrospectively and in terms of GRAP 3 treated as a change in accounting estimate.

During the financial year the useful life of property plant and equipment with zero values and assets that have been impaired have been reviewed, this is disclosed in the reconciliation above as depreciation adjustments and impairment.

Adjustments on cost in the reconciliation above are attributable to -

- reclassification of assets as per the different categories of property, plant and equipment.
- change in market value of investment property.
- reclassification of investment to property to property, plant and equipment
- reclassification change of property to property, plant and equipment.

9. Intangible assets

Adjustments on cost in the reconciliation above are attributable to -

- * change in market value of investment property .
- * reclassification of investment to property to property, plant and equipment.

Pledged as security

Carrying value of assets pledged as security:

No investment property has been pledged as security for any financial liabilities.

A register containing the information required by section 63 of the Municipal Finance Management Act is available for inspection at the registered office of the municipality.

Figures in Rand	Economic entity		Controlling entity	
	2014	2013	2014	2013

Details of valuation

Investment property has been accounted for in terms of GRAP 16 and comprises of both land and buildings owned by the Msunduzi Municipality. Investment property will not be depreciated but will be annually valued on balance sheet date to determine their fair value as prescribed in GRAP 16.

Mills Fitchet has been awarded the tender for the valuation and identification of all investment property of the Msunduzi Municipality. The deliverables of the project included:

- A comprehensive deed search
- Providing separate land and building values
- Identifying Investment property
- Providing a data fact sheet for each property identified with information on the street address, SG 21 digit key (Erf, stand, portion), property description, GIS information and a photograph of the property.

The method applied in updating the investment property data in the asset register was:

- Vacant land was reviewed to determine future use and if no future use could be determined then it was classified as investment property.
- Properties with valid rental and lease agreements were deemed to be investment properties.
- All buildings have been identified and classified as investment property

Transitional provisions

The Msunduzi Municipality has taken advantage of the transitional provision as issued by the Accounting Standards Board as per directive 7. As at 30 June 13 heritage assets have been initially measured at provisional amounts. Full compliance with GRAP 103 will be in June 2015. Only then will the municipality comply with GRAP 3 in terms of the retrospective application of the restating the cost of heritage assets as far as June 2011.

List of heritage assets where the values can not be determined :

1. Legal Deposit collection at the Bessie Head Library

In 1916, the Natal Society Library (now the Msunduzi Municipal Library – Bessie Head Library) was identified as one of 5 libraries in South Africa accorded Legal Deposit status. This privilege helped make it into one of South Africa’s major research and information libraries. Legal Deposit Libraries play a unique and very important role as custodians, in perpetuity, of this country’s cultural wealth and information. They also have to make this information available, as widely as possible, to the citizens of South Africa. The Legal Deposit Collection has become an important asset. Since 1916, the Msunduzi Municipal Library has amassed a huge collection of South African books, pamphlets, periodicals, maps and newspapers which it has to preserve for future generations.

2. Mahatma Gandhi Statue

The Statue was donated to the municipality in 1993 by the PMB Gandhi Memorial society in commemoration of the anniversary of Gandhi’s eviction from a train at the Pietermaritzburg train station.

3. Highfield Road – (Site no. 166)

The land has been identified as a conservation site due to the endangered species of the Hilton Daisy, Gerbera aurantiaca. The Hilton daisy is a strikingly beautiful grassland plant that occurs around Pietermaritzburg in KwaZulu-Natal. The species is under considerable threat of extinction due to habitat fragmentation and degradation resulting from agriculture and urban sprawl.

4. City Hall Surrounding Garden and Memorial Plaque

This area has been identified as a heritage asset.

5. Tatham Art Gallery Gardens

This area has been identified as a heritage asset.

6. Alexandra Park

This area has been identified as a heritage asset.

7. Mayoral Chain

Stored in a secure safe at City Hall.

Reconciliation of biological assets - Controlling entity - 2013

	Opening balance	Reclassification	Total
Trees in a plantation forest	-	37,915,260	37,915,260

The tree plantation was re-classified from inventory to biological assets in compliance with GRAP 27 (Agriculture assets) due to the biological transformation that comprises of the processes of growth, degeneration, production and procreation that cause qualitative or quantitative changes in a biological asset.

Biological assets are stated at fair value less costs to sell, based on the present value of the net future cash flows from the asset discounted at a market determined pre-taxation rate.

The landfill site provision represents management's best estimate of the municipality's rehabilitation liability based on an valuation provided by an external consultant on the remaining useful life of the landfill site.

Envitech Solutions was appointed to provide the provision for the programme for closure of the New England Road landfill site.

Alien vegetation provision.

According to the National Environmental Management Act, 1998 (Act No. 107 of 1998) the municipality was encouraged to recognise a provision in this regard.

The Department of Agriculture has since 2006 provided considerable support to the Msunduzi Municipality in terms of clearing listed alien invasive plants.

Figures in Rand	Economic entity		Controlling entity	
	2014	2013	2014	2013

The Msunduzi Municipality's involvement and responsibility is effectively operational support to the Department of Agriculture terms of clearing listed alien invasive plants.

During the reporting period work was carried out in the following areas:

- * Albany Park (20 h)
- * Cleland Road / Mkondeni spruit (+/- 10 h)
- * Lincoln Meade / Dunsby Avenue stream (+/- 5 h)
- * Bisley Nature Reserve (+/- 5 h).

Performance bonus

The performance bonus provision is based on the maximum expectation that all key management will perform in terms of their agreements.

Long service awards

The long service award provision is created to ensure adherence to SALGA collective agreement requirements. The estimate is based on the monthly salaries rate at 30 June 2014.

22. Retirement benefit obligations

Defined contribution and benefit plan

The Council provides retirement benefits to its employees by contributing to either a pension or provident fund.

Membership to either a pension or provident fund is compulsory for all permanent employees.

The majority of the members and the Council contributes to the Natal Joint Municipal Pension (NJMP) and Provident funds, employees contributing to South African Local Authorities Pension Fund (SALA), Associated Institution Pension Fund (AIPF), Pietermaritzburg Provident Fund and Government Employees Pension Fund (GEPF). Employees contributing to SALA, AIPF, Pietermaritzburg Provident Fund and GEPF make up the minority of members contribution to the pension funds.

The Msunduzi Municipality's liability in these funds can not be determined owing mainly to the assets not being allocated to each employer and one set of financials being compiled for each fund and not for each contributing employer.

The majority of personnel are members of the following pension funds:

1. Kwa-Zulu-Natal Joint Municipal Provident Fund

An interim actuarial valuation was performed on 31 March 2013 by Arthur Els and Associates Consulting Actuaries.

Results of the valuation

The Fund self-insures its risk benefits in excess of the full benefit. It therefore maintains a Risk Reserve Account as a measure of protection against volatility in claims experience. The amount of R 16 287 188 required to be held in the Risk Reserve Account

The Fund is financially sound as at the valuation date.

Benefits of the fund:

- * Pension age - 65 years
- * Earliest retirement age - 58 years (55 years if more than 10 years continuous service)
- * Full benefit - Initial transfer plus member's contributions plus employer's contributions for full benefits plus investment earnings and bonuses.
- * Member's portion of full benefits - Initial transfer plus members contributions plus local authorities contributions for full benefits plus interim, special and final bonuses
- * Benefit on retirement after earliest retirement age or pension age - Full benefit.
- * Benefit on retirement because of ill health - Full benefit
- * Benefit on death in service - Full benefit plus 0.7% of annual pensionable salary for each month of potential service to a maximum of 2.1 years salary.

Contributions of the fund :*** Members contributions**

Members may choose to contribute at a rate of 5%, 7% or 9.25% of their pensionable emoluments in terms of regulation 14(a)

*** Local Authorities Contributions**

Participating employers contribute at a rate of 1.95 times of the rate of members contribution in terms of regulation 17(1)(b)

Benchmark:

The benchmark asset allocation determined as being appropriate for the fund, which takes cognisance of membership and liability profile, is stated below :

Domestic Investments:	1,399,436,000
International Investments	356,769,000
Risk Reserve Account	18,897,000
Membership	10,579

2. Natal Joint Municipal Pension Fund: (Superannuation) interim actuarial valuation

An interim actuarial valuation was performed on 31 March 2013 by Arthur Els and Associates Consulting Actuaries .

The market value of the Fund's assets was R 7,469,553,000 as at 31 March 2013.

The funding level in respect of contributory members has increased to 97.9%% from 96%.

The valuation disclosed a surplus of R577 million in respect of pensioners and a shortfall of R158.7 million in respect of members.

The regulations of the fund have been amended with effect from 1 July 2004, so that the Committee of Management is able to levy a separate surcharge on local authorities which grant excessive salary increases, thereby causing a financial strain on the Fund to the detriment of other stakeholders.

The employers are no longer permitting members to join the Fund, so that it is effectively closed to new members. This means that the average age will increase over time which, in turn, means that the required rate of contribution will also increase.

Thus, once the surcharge ceases, the underlying rate of contribution will not be sufficient to meet the cost of the benefits. It is necessary to set aside a reserve to hold assets equal to the expected shortfall. For this reason a "Contribution Reserve is held equal to the present value of the shortfall in terms of the Financial Services Board's Circular PF117 for the 5 years to 2015 when it is expected that the surcharge will cease.

Benefits of the fund:

- * Members Contributions - 9.25% of pensionable salaries.
- * Pension age 65 years
- * Final average salary - average annual pensionable salaries during the last year of service.
- * Pension on retirement at pension age - 2.2% of final average emoluments per year of continuous service.
- * Lump sum on retirement at pension age - 8.25% of final average emoluments per year of service.
- * Pension on retirement because of ill-health (minimum ten years continuous service) - pension as for retirement at pension age
- * Lump sum on retirement because of ill-health (minimum 10 years continuous service) - lump sum as for retirement at pension age.
- * Lump sum on retirement because of ill health (less than ten years continuous service) - the greater of the resignation benefit or twice the members contributions.
- * Surviving Spouses pension on death in service - 1,2% of final average emoluments per year of continuous service that the member would have had at the pension age.
- * Surviving Spouses pension on death of pensioner - 1,22% (0,77% in the case of a pensioner who retired before 1 July 1999) of final average emoluments per year of continuous service.
- * Lump sum on death in service - Annual pensionable emoluments.10.75% of final average salaries
- * Withdrawal - members contribution plus 5/12% for each month of continuous service (the addition is approximately equal to compound interest at 10% a year) and increased by 5% for each complete year of service up to a maximum of 20 years.

	49,547,507,119	49,066,191,119	49,547,507,119	49,066,231,119

General valuations on properties are performed every 4 years in terms of the Municipal Property Rates Act. The last general valuation came into effect on 1 July 2009. Supplementary valuations are take place on an annual basis to take into account building additions, changes, sub divisions and consolidations.

A new valuation roll will come into effect on 1 July 2014.

A general rate of 2.130 cents in a rand for 2014 and in 2013: 2.002 cents in a rand was applied to property valuations to determine assessment rates.

The adjustments during the year are compiled of all interim assessments, corrections and amendments to the accounts. This includes any transfer of payments, penalty reversals and value changes. A list of adjustments is available on a monthly basis and form part of the scope by the Auditor General .

	452,697,098	229,064,031	452,670,172	229,011,118

Change in accounting estimate relates to review of useful life for fully depreciated assets as per GRAP 17 and the reclassification of property, plant and equipment to investment property. The effect of this estimate is a decrease on the depreciation of R 7 232 876.

39. Impairment of assets

Impairments

Property, plant and equipment

The procedure used to determine if the asset was impaired was to physically inspect the asset and determine if the asset was impaired and what factors contributed to the impairment and then comparing the condition, age and cost of the asset to the current records in the asset register and if there was a change this was then adjusted accordingly

No impairments have been reported on cash generating assets because all assets acquired and which management has confirmed are primarily acquired for service delivery

* Investment property

Impairment of investment property was performed because the municipality had identified old and dilapidated buildings which added no contributory value to the investment property

Inventory loss

Due to technological changes the inventory has become redundant.

56. Deviation from supply chain management regulations

Regulation 36 of the Municipal SCM Regulations of 2005 permits the Accounting Officer to "dispense with official procurement processes established by the policy and to procure any required goods or services through any convenient process".

This would typically include urgent and emergency cases, single-source goods, and any other cases where it impractical to follow normal SCM process. In the event of such a decision, the Accounting Officer is required to report this to the next Council meeting for noting. The expenses incurred as listed below have been condoned.

57. Prepayments

Commissions - are calculated on sales from prepaid electricity sales made by vendors on behalf of the Council. The commissions are included in the general expenses category of the statement of financial performance.

In the 2006/2007 financial year two vendors had defaulted in depositing amounts received from prepaid sales. As a result no commission was paid to them. The defaulting vendors are Sweet waters and Phayiphini who had ceased trading in January 2007 and October 2006 respectively.

The amounts of R55 723 and R75 896 respectively are deemed to be irrecoverable for the 2005/2006 financial year. Also the amounts of R13 980 and R15 671 being the movements for the 2006/2007 year are deemed irrecoverable .

This matter is being handled by the legal division in conjunction with the SAPS - Commercial branch unit and Venn Nemeth & Hart attorneys.

58. Commitments

Authorised capital expenditure

Already contracted for but not provided for

• Crematories	-	733,391	-	733,391

61. Events after the reporting date

No events to report on after the reporting date.

62. Changes in accounting policy

During 2013, the municipality changed its accounting policy with respect to the recording of the tree plantation. It has been re-classified from inventory to biological assets in compliance with GRAP 27 (Agriculture assets) due to the biological transformation that comprises of the processes of growth, degeneration, production and procreation that cause qualitative or quantitative changes in a biological asset. The municipality has now decided to disclose the tree stock under biological assets rather than inventory.

Statement of financial position

Biological assets

Tree plantations incorrectly classified as inventory	-	37,915,260	-	37,915,260
Accumulated surplus previously reported				
Previously stated	-	7,241,665,507	-	7,241,665,507
Tree plantations incorrectly classified as inventory	-	37,915,260	-	37,915,260
	-	7,279,580,767	-	7,279,580,767

63. Prior period errors

The comparative statements for 2012/2013 financial year have been restated to recognise the amendments relating to all of the below errors.

The effects of the changes are detailed below :

Effects of prior period error	-	70,484,846	-	70,484,846
-------------------------------	---	------------	---	------------

Statement of financial position

In terms of IGRAP 1 traffic fines must be accounted for on an accrual basis and not on a cash basis. Fines must be recognised when issued and not on the probability of estimation of collection.

63.1 Trade and other receivables from non exchange transactions

Balance previously reported	-	294,313,253	-	294,313,253
Recognition of traffic fines issued - prior 12/13	-	27,189,586	-	27,189,586
Restated balance	-	321,502,839	-	321,502,839

63.2 Biological assets

The tree plantation was re-classified from inventory to biological assets in compliance with GRAP 27 (Agriculture assets) due to the biological transformation that comprises of the processes of growth, degeneration, production and procreation that cause qualitative or quantitative changes in a biological asset.

Asset incorrectly identified as inventory - prior 12/13	-	37,915,260	-	37,915,260
Restated balance	-	37,915,260	-	37,915,260

Statement of Financial Performance

Land held as inventory for sale and distribution was recorded at zero value and was sold at R 5.38 million

63.3 Gains or loss on disposal of assets

Balance previously reported	-	3,602,027	-	3,602,027
Land held for sale and distribution - 12/13	-	(5,380,000)	-	(5,380,000)
Restated balance	-	1,777,973	-	1,777,973

63.4 Accumulated surplus

Balance previously reported	-	7,241,665,507	-	7,241,665,507
Recognition of traffic fines issued	-	27,189,586	-	27,189,586
Asset incorrectly identified as inventory - 12/13	-	37,915,260	-	37,915,260
Restated balance	-	7,306,770,353	-	77,306,770,353

During the 2013/14 financial year the municipality corrected a fundamental error. The municipality discovered that water & electricity consumption was estimated for a longer period in contravention of municipalities Debt Collection and Credit Control Policy. The municipality therefore embarked in a lengthy exercise of locating and reading meters in order to obtain accurate reading. The meters readings revealed a difference between the estimated and actual meter readings. The difference necessitated the adjustment of prior years revenue and accounts receivables. Revenue was reversed and Debtors were also written off as it was uncovered that they do not exist.

64. Change in accounting estimate

Property, plant and equipment

Review of useful life for fully depreciated assets according to GRAP 17 and the reclassification of property, plant and equipment to investment property. The effect of this revision has decreased the provision by R 7 232 876.27

Landfill rehabilitation provision

The New England Road landfill site provisional programme closure was awarded to Envitech Solutions. The useful life of the landfill site was estimated in 2013 to be 10 years. The landfill site provision represents management’s best estimate of the municipality’s rehabilitation liability based on an valuation provided by an external consultant. The effect of this revision has increased the provision by R 5 545 636.

Provisions

The leave pay provision is created to ensure adherence to SALGA collective agreement requirements. It states that at the end of a leave cycle, an employee may not have more than 48 days annual leave to his credit. The effect of this revision has increased the provision by R 6 014 632.

The post-employment health care benefit actuarial valuation was done by Arch Acturial Consulting. The valuation undertaken in accordance with the requirements of Professional Guidance Note (PPN) 301 of the Actuarial Society of South Africa. The effect of this revision has increased the provision by R 79 570 384.

The long service award provision is created to ensure adherence to SALGA collective agreement requirements. The estimate is based on the monthly salaries rate at 30 June 2014. The effect of this revision has increased the provision by R2 370 174.

65. Irregular expenditure

2013 / 2014	269,012,345	-	269,012,345	-
	314,424,167	45,411,822	314,424,167	45,411,822

Irregular expenditure not yet written off

Section 32(4) of the Municipal Finance Management Act requires that Council can deal with these matters in the manner prescribed. In the case of irregular and fruitless and wasteful expenditure, it is only after an investigation has been conducted that irregular expenditure can be certified as irrecoverable and written off by Council hence there no movement between financial years 2008/2009 to 2012/2013 as the investigations are still open and as soon as they are closed Council will write off this expenditure.

Add: unauthorised expenditure - current year	12,379,824	-	12,379,824	-
Less: condoned expenditure - prior year	(21,073,373)	-	(21,073,373)	-
	12,379,824	21,073,373	12,379,824	21,073,373

Depreciation is calculated as an estimate on the approved budget and taking in to account the previous years depreciation.

The following factors are not considered when depreciation is estimated:

- * Depreciation as captured in the statement of financial performance is inclusive of offset depreciation which includes depreciation on revaluations.
- * Variances do occur due to asset reclassification, revaluations and review of useful lives of assets.

68. Comparative figures

Comparative figures have been restated for the current financial year.

69. Electricity, water and inventory losses

Electricity losses				
Units purchased - kWh	1,735,228,615	1,748,918,830	1,735,228,615	1,748,918,830
Units sold - kWh	(1,537,738,108)	(1,546,449,278)	(1,537,738,108)	(1,546,449,278)
Loss - kWh	197,490,507	202,469,552	197,490,507	202,469,552
Electricity loss as a percentage	11	12	11	12
Cost per kWh in cents	0.71033	0.60427	0.71033	0.60427
Electricity loss in rand value	140,283,985	122,345,594	140,283,985	122,345,594

The significant electricity losses of 2014 : 197 490 507 kWh (2013 : 202,469,552 kWh) occurred during the year under review, which resulted in material revenue losses to the municipality.

The acceptance norm of electricity loss is 20%. The electricity losses are on a steady decline during the last two years. It can be noted that the losses in 2011/12 financial year were 13.57% and it has been reducing steadily to 11.58% in 2012/2013 and are now 11.38% during the last financial year. This indicates that war on illegal connections and tampering is steadily being won and the graph is now tapering down.

Figures in Rand	Economic entity		Controlling entity	
	2014	2013	2014	2013

The reduction in losses are due to vigorous attempts to reduce illegal connections from the informal settlements. It is still however higher than the norm.

Water losses

Units purchased -KI	67,004,044	64,680,158	67,004,044	64,680,158

Water loss as a percentage	33	33	33	33
Rand per kilolitre	4.68200	4.35500	4.68200	4.35500
Water loss in rand value	103,288,998	92,406,903	103,288,998	92,406,903

The acceptable norm in developing countries of water loss is 20%.The significant water losses of 2014 : 16,325,045 kl (2013: 15,701,747 kl) occurred during the year under review, which resulted material revenue losses to the municipality.

Activities carried out for real loss initiatives

1. Pressure reducing valves (PRV) maintenance and repairs - this has been completed in the old and new city only.
2. PVR optimisation - ensure that the larger PRV zones would remain discreet by utilising a magnetic valve top on all crown valves as well as upgrading and / repairing existing PRV's and their chambers.
3. Advances controllers - core focus was to change / install seven i20 advanced PRV controllers that would decrease the real losses and burst frequency for the municipality.
4. Creation of new district metering areas (DMA) - four new DMA's in the CBD were created, to help zone the CBD.
5. Meter replacement program - five plumbing contractors were awarded rate based contracts to help eliminate the exception reports received from the revenue unit. At the end of the reporting period 4 255 domestic meters were replaced.
6. Standpipe metering - Approximately 300 of the 730 standpipes could be found. These have been earmarked to be metered in the next reporting period.
7. Telemetry upgrades - Telemetry upgrades on all reservoir outlets were completed at the following sites as which include Bisley, Oribi, Murray, Haythorns, and Symmons reservoirs.

Inventory losses

	439,602	93,369	439,602	93,369
--	---------	--------	---------	--------

There has been a close monitoring and interrogation of the movement of inventory. Additional staff have been appointed to maximise efficiency of the central stores.

70. Traffic fines outstanding

As per NATIS - traffic department

71. Risk management

Financial risk management

The municipality's activities expose it to a variety of financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk.

The municipality's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the municipality's financial performance.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, municipality treasury maintains flexibility in funding by maintaining availability under committed credit lines.

The municipality's risk to liquidity is a result of the funds available to cover future commitments. The municipality manages liquidity risk through an ongoing review of future commitments and credit facilities.

Refer to table below

Interest rate risk

As the municipality has no significant interest-bearing assets, the municipality's income and operating cash flows are substantially independent of changes in market interest rates.

The municipality's interest rate risk arises from long-term borrowings. Borrowings issued at variable rates expose the group to cash flow interest rate risk. Borrowings issued at fixed rates expose the municipality to fair value interest rate risk.

Credit risk

Credit risk consists mainly of cash deposits, cash equivalents, derivative financial instruments and trade debtors. The municipality only deposits cash with major banks with high quality credit standing and limits exposure to any one counter-party.

Trade receivables comprise a widespread customer base. Management evaluated credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the board. The utilisation of credit limits is regularly monitored. Sales to retail customers are settled in cash or using major credit cards.

Credit guarantee insurance is purchased when deemed appropriate

Maturity profile At 30 June 2014

Financial liabilities

Less than 1 year	42,846,565	42,846,565	42,846,565	42,846,565

72. Going concern

The consolidated annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SAFE CITY MSUNDUZI (PTY) LTD

Report on the financial statements

We have audited the annual financial statements of Safe City Msunduzi (Pty) Ltd, which comprise the chairmans' report, the statement of financial position as at 30 June 2014, the income statement, the statement of changes in equity and cash flow statement for the year then ended, a summary of significant accounting policies and other explanatory notes, as set out on pages 342 to 356.

Directors' responsibility for the financial statements

The company's directors are responsible for the preparation and fair presentation of these financial statements in accordance with Generally Recognised Accounting Practices and the requirements of the Companies Act of South Africa, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Compilation of the financial statements

These financial statements were compiled by an independent accounting professional whose compilation report is presented on page 341.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements fairly present, in all material aspects, the financial position of Safe City Msunduzi (Pty) Ltd as at 30 June 2014, and its financial performance and its cash flows for the year then ended in accordance with generally recognised accounting practice and the requirements of the Companies Act of South Africa.

12 August 2014

The Chairperson
 The City Board of Directors
 Safe City Msunduzi (PTY) Ltd

Dear Madam:
INDEPENDENT COMPILER'S REPORT TO THE MEMBERS OF SAFE CITY MSUNDUZI (PTY) LTD

Report on the financial statements

We have compiled the annual financial statements of Safe City Msunduzi (Pty) Ltd based on information provided by management. These financial statements are presented in accordance with the Generally Recognised Accounting Practice, and the requirements of the Companies Act of South Africa. They comprise the directors' report, the statement of financial position as at 30 June 2014, the income statement, the statement of changes in equity and cash flow statement for the year then ended, a summary of significant accounting policies and other explanatory notes, as set out on pages 342 to 356.

Management responsibility for the financial statements

The company's management are responsible for these financial statements, including adoption of the applicable reporting framework, and the accuracy and completeness of the information used to compile the financial statements.

Compiler's responsibility

"We performed this compilation engagement in accordance with International Standard on Related Services 4410, Compilation Engagements. This Standard requires that we comply with quality control standards and relevant ethical requirements, including ethical principles of integrity, objectivity, professional competence and due care.

A compilation engagement involves applying expertise in accounting and financial reporting to assist management in preparing and presenting financial information. A compilation engagement does not include gathering evidence for the purpose of expressing an audit opinion or a review conclusion. Accordingly, we do not express an audit opinion or a review conclusion on these financial statements."

Yours Faithfully

D Kambouris
 Director / Accounting officer

SAFE CITY MSUNDUZI (PTY) Ltd

CHAIRPERSON'S ANNUAL REPORT
For the year ending 30th June 2014

1. BACKGROUND

Safe City Pietermaritzburg was formally constituted as an Association incorporated under section 21 of the Companies Act on 28 March 2002. The intervention Team that took over Msunduzi Municipality administration, raised concerns that according to the MFMA that it is illegal to fund an organisation registered under section 21, and therefore, in order for Safe City to comply, it has to register as a (Pty) LTD company. To ensure that Safe City complies with the MFMA, it deregistered as a section 21 company, and registered as Safe City Msunduzi (Pty) LTD in December 2010 thereby remaining legal as an entity of Msunduzi Municipality.

Safe City is now in the process of applying to the South African Revenue Service to be classified as a Non Profit Organisation, the reason has been that at the close of the 2011/12 financial year we had to pay tax on profit shown during the period. The company is not a profit-based entity and should therefore not be liable for income tax.

The Safe City project is a partnership which is governed by an agreement by which the Municipality would make the necessary financial resources available for the operation of the organisation as well as the capital expenditure required to extend the CCTV surveillance to other parts of the city. The Service Level Agreement (SLA) the financial year 2013/14 has been agreed upon and signed by the Municipal Manager and Safe City Chairperson on the 24th May 2013. See Annexed service level agreement dated 24th May 2013

While it is understood that the Board cannot include representatives of the Municipality, the organisation has felt for some time that its work is hampered by a lack of regular and constructive communication with its funding body. Despite numerous requests in the past, to date no Municipal official has attended any Safe City Board meeting as an observer. All the people who have directed this project through both the planning and operational phases have done so on a voluntary basis and it remains a principle of the Board that there is no remuneration to its directors.

2. DIRECTORS

The following persons are Directors of Safe City Msunduzi (Pty) Ltd.

It must be noted that there are still vacancies to be filled to have a fully composition management of the Board.

Name of Director	Background Details	Number of Board Meetings Attended
Ms. Z Sokhela	Director of BP Cascades, Past President and Member of PCB, UFET Council, UKZN Council and current chairperson of the Safe City Board of Directors.	4
Mr. D Kambouris	Past Chairman of BFC, Member of Community Chest and current Safe City Accounting Officer	6
Mr D Winship	Retired CEO: Hulleys Aluminium, Retired Executive Director of Tongaat Hulett Group, Member of BFC, Director of Life Line and founder member of Safe City.	5
Mr V C Biggs	Retired Director: McCarthy, Member of Allison Homes, Member of SAVS/NCVV, Member of BFC and founder member of Safe City.	5
Mrs D Harrison	Director: Lifeline PMB T/A Lifeline and Rape Crisis, Member of BFC, Member of Community Chest	5
Mr K Vorster	Financial Planner for PSG, Member of BFC. Currently Chairman of Business Fighting Crime, member of the non Ferrous Metal Group as well as the Banking Task Team.	4
Ms. P Dlamini	Currently Publishing Director for Nutrend Publishers. A former Tutor at UKZN (PMB) and lecturer in the African Languages and Applied Linguistics Departments at the University of South Africa (UNISA) and a former IsiZulu Tutor for the American Embassy - South Africa.	3
Ass Comm. T Davis (ret)	Retired SAPS Area Commissioner: KZN Midlands, Member of Business Fighting Crime and Regional Chairperson: The League of Retired SAPS Members.	4
Advocate S Magwaza	Senior Council: Director of Public Prosecutions: Kwa Zulu Natal.	2
Ms. Z Kahn	Senior State Prosecutor: Magistrates Court Pietermaritzburg. (Resigned on 10/12/2013)	-
Brig. J Reynders	Current Station Commander: SAPS Pietermaritzburg and member of Business Fighting Crime.	5
Brig. R Gwala	Current Station Commander: SAPS Plessislaer	5

3. PARTNERS

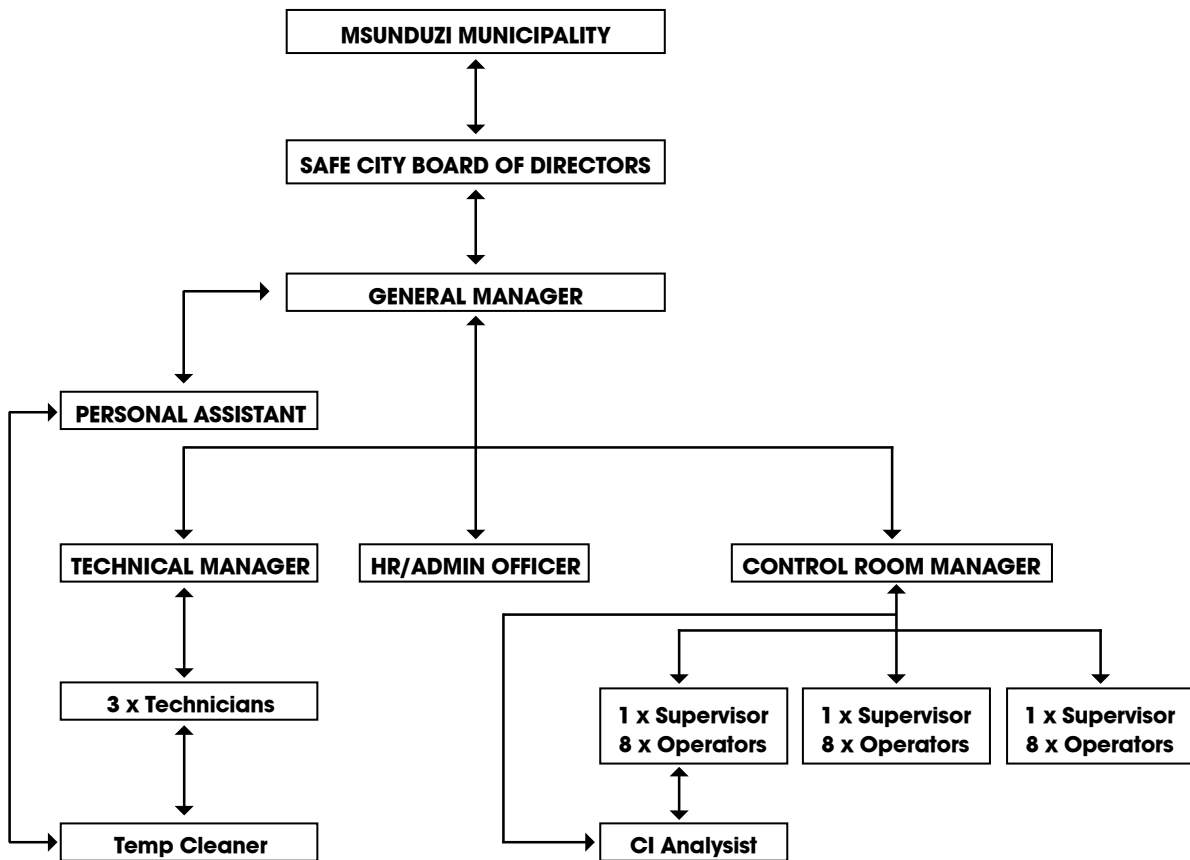

Business Fighting Crime (BFC) remains a sponsor on various activities for Safe City and has borne the costs of marketing an SMS crime alert campaign that was initiated by Safe City in 2008. Safe City also received other financial assistance in the form of discounts which will be explained in para 6.4.

Safe City considers its partnership with the Msunduzi Municipality and the SAPS to be one of its notable strengths, while it also enjoys constructive relationships with the National Prosecuting Authority, BFC and various Community Police Forums.

We still enjoy the presence of two Traffic and Security representatives who perform duties on a rotational basis on week days between 07:00 and 20:00 and on Saturdays between 7:00 and 13:00. A dedicated camera control desk has been made available solely for the purpose to detect bylaw infringements. There is however a dire need for a dedicated Municipal Response team to respond timeously to all bylaw infringements detected by Safe City.

4. STAFFING

SAFE CITY MSUNDUZI (Pty) LTD ORGANIGRAM

5: PARTICULAR MATTERS RELATING TO THE YEAR 2013/14

5.1 Automatic Number Plate Recognition Project

The Automatic Number Plate Recognition System (ANPR) was commissioned on the 1st September 2010 and enables the city to generate income from outstanding traffic fines. As reflected in the comparative results in the below the system was poorly utilised by the Traffic Department due to manpower constraints and other work related matters.

Year	Income Generated	Arrests Made	Warrants Executed
Sept 2010 to June 2011	R1 489 305	2362	3032
July 2011 to June 2012	R1 458 855	1682	2155
July 2012 to June 2013	R757 400	908	1136
July 2014 to June 2014	R169 450	175	234

Due to the poor utilisation of the system Safe City was forced to reduce the ANPR operating capacity in order to justify the monthly expense paid for the lease of the system. (See graph in the below) There is potential to assist the Municipality to collect outstanding fines to the extent of approximately R11 000 000 with the use of Safe City's ANPR system, provided the Municipality provides ongoing response teams to enforce the collection.

ANPR INCOME: 2013/2014

5.2 Msunduzi Monthly Risk Management Meeting

Safe City is now attending the monthly Municipal Risk Management meeting together with other Traffic and Security business units. This meeting provides us with the opportunity to inform and share relevant information with the stakeholders. Monthly operating successes, shortcomings and other bylaw related matters is been reported to the Deputy Municipal Manager for Community Services.

5.3 Introduction of the Public Announcement System as a Law Enforcement Tool

The PA system has been used with great success during the past financial year. Please see statistics in the below. The PA system is been utilised for the following purposes:

- When suspects are detected in an area, pedestrians or the public will be warned to be on the alert and to secure their valuables as they might become a victim of crime.
- Potential victims will be advised to secure their handbags or valuables against bag snatchers or pick pocketers.
- Suspects will be warned that they are under surveillance which in turn will be reduce their opportunities to commit a crime.

It is envisaged that more speakers will be added in identified hotspot areas.

Type of Incident	Occasions
Warning possible pick pocketers or ATM fraudsters near ATM's	85
Poss. of Suspected Stolen Property (Inspection of closed containers)	95
Municipal Bylaws (Warning persons against posting of abortion posters)	64
Warning unruly/drunk patrons	52
Public Warnings	175
Illegal Gatherings	11
Poss of Dangerous Weapon	10
Street Gambling	5
Other	74
Total	571

6. FINANCE

6.1 Safe City Capital Budget for 2013/14

Safe City applied for R3 675 000 in the 2013/14 financial year and R2 625 000 in the 2014/15 financial year in order extend the current CCTV footprint to the greater Edendale area by re commissioning the defunct CCTV camera at Edendale hospital, install CCTV surveillance in the vicinity of the new Edendale Mall, expand CCTV coverage to strategic Municipal sites such as targeted sub stations. The expansion to the greater Edendale area would have enhanced security for persons visiting the newly developed business centres, and by monitoring Moses Mabhida road increase the potential income in respect of the ANPR system. Unfortunately to date, no capital funding was made available to realise the proposed expansions.

6.2 Safe City Operating Budget for 2013/14

Safe City has applied for R4 800 000 (incl vat) in order to maintain its high level of service excellence. We would like to thank the Municipality for receiving the said amount. This increase has been used to maintain the ageing CCTV infrastructure and also to accommodate staff salary increases and benefits in accordance with PSIRA guidelines. For the financial year 2104/15 the amount of R 5 168 650 has been allocated to Safe City. This allocation will again be used to accommodate staff salary increases but also gradually to replace some ageing analogue equipment with the latest IP equipment.

6.3 Financial Contributors:

The following local companies and institutions paid for or gave discounts to Safe City in the day to day running of the business.

Name of Co	Value	Period	Event
Business Fighting Crime		Continuous	Monthly lease for the Coretalk SMS system and co payments for RAS event
Ben Booysen	R2 813.96	Per annum	Reduction in monthly maintenance of air conditioners
Mikros Traffic Monitoring	R35 026.76 (excl vat)	Per annum	No increase in monthly lease of ANPR system
XTEC	R16 191.36	Per annum	37.5 % reduction in standard photocopy machine lease
Paarl Media Printers	R447:00	Once off	RAS 2014 information leaflets and business cards
Safe City Board of Directors	To be quantified	Continuously	All members are performing duties on a voluntary basis

7. PERFORMANCE OF THE CONTROL CENTRE

7.1 Core Functions:

The 24/7 surveillance operation is the core of Safe City's business. It is ISO 9001 certified and SABS approved.

- Primary Function:**
 The monitoring of traffic and Municipal Bylaws such as littering, street gambling and illegal trading.
 Facilitating the Automatic Number Plate Recognition (ANPR) system for the execution of outstanding traffic warrants and the recovery of outstanding revenue
 The prevention, detection and investigation of crime
 The maintenance of the existing CCTV system
 Advising Msunduzi Municipality on expansion of CCTV system
 Oversee the design, specification and installation of new CCTV equipment.
- Secondary Function:**
 Facilitating the Disaster Management JOC
 The monitoring of gatherings, marches and events of public interest within camera visual area.
 Attend meetings with the Municipality to determine possible additional services.
 Liaise with Community Police Forums, Bank Task Group and Non Ferrous Metal Forum.
 Informing the public and business community regarding current crime tendencies and advise them on crime prevention strategies.
 Receive and disseminate crime information and public complaints via the Safe City SMS Safe project to the relevant role-players'.

7.2 Standard Procedure

The crime statistics for Pietermaritzburg are submitted to the Control Room every morning by the SAPS. These statistics together with observations made by surveillance is discussed every morning with SAPS coordinator and Municipal Security and Traffic officials, if present. An operational plan is then compiled to address any tendencies detected or planned events. This enables operators to be more crime prevention orientated. All suspicious incidents noted on camera are recorded as an "Incident detected". The SAPS and Traffic Officer present in the Control Room will determine the appropriate response required to address the matter.

The yearly target for SAPS dispatches is between 50% and 60% of Incidents Detected. A record is maintained of vehicle dispatches as compared with Incidents detected.

An arrest is made when the suspect is apprehended. It often happens that after an arrest has been made the complainant refuses to open a case. This tendency is very frustrating as suspects then continue to commit crimes elsewhere. The latter is then reflected as a preventable operation.

7.2.1 Summary of Operational Performance: 2013/14

Description	Total for Year	Target for Year	Diff %
No of Incidents Detected	5318	4896	↑ 9%
Response by SAP Units	1762	1037	↑ 70%
Arrests Effectuated	194	203	↓ 5%
SAP Response Time	6 min	4 min	↓ 50%
% Camera down time	0.94%	1%	↑ 6%
Bylaw Incidents detected	943		
Response by Municipal Enforcement	299		

7.2.1.1 Incidents Detected

ANPR INCOME: 2013/2014

The total number of incidents detected was 5318 compared to 4470 incidents the previous year. This increase can be attributed to the increase in the number of bylaw infringements detected. The presence of a Traffic and Security official in the Control Room also assisted in the dealing with these infringements.

Some of the incidents detected are as follows:

Fighting	-	1353
Bylaw Infringements	-	723
Suspicious behaviour	-	588
Poss. of Stolen Prop	-	413
Motor vehicle Accidents	-	366
Robbery Related	-	198
Drug Related	-	139
Bag snatching	-	99
Medical Conditions	-	57
Marches and Gatherings	-	33

7.2.1.2 Responses by the SAPS

The total number of responses of the SAPS was 1762 compared to 1571 for the previous year. The increase can be attributed the increase in the number of fighting incidents that had to be resolved by the SAPS.

7.2.1.3 Arrests Made

The number of arrest made was 194 compared to 251 for the previous year. The decrease can be attributed to the reluctance by victims of crime to open cases after the SAPS have recovered their stolen goods such as cellphones. Robberies in the vicinity of hotspots such as **Matsheni Beer Hall**, Prof Nyembezi Building and Henrietta Street are still problematic. Suspects use these premises to conceal themselves before and after committing crimes such as street robberies and theft out of motor vehicles. The SAPS has undertaken number search operations at the **Matsheni Beer Hall** which had a positive effect. The premises are however in serious need to be revamped and to be controlled in terms of the bylaws.

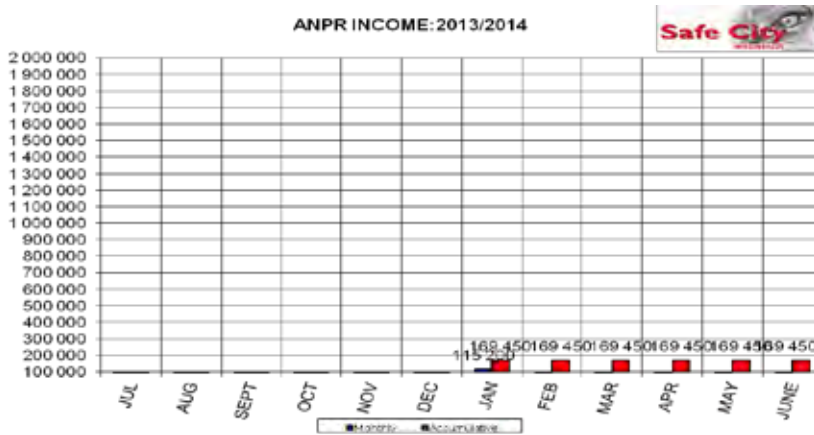

7.2.1.4 SAPS Response Time

The average response time for SAPS vehicles to respond is calculated from the time of notifying the SAPS Emergency Control Room until a vehicle arrives on the scene. Time was 6 min compared to 5.8 min for the previous year. This is 2 min more than the target of 4 min. The availability of patrol vehicles during peak times and traffic congestion has had a negative effect in this regard. The high number of requests for SAPS assistance during weekends also has a negative effect on response times. This matter has however been brought to the attention of senior SAPS management

7.2.1.5 Camera Downtime

The average camera downtime was 0.94%. Safe City's target has always been 1%.

7.3 Reported Crime Statistics:

Please note that the statistics as provided by the SAPS Pietermaritzburg is for operational evaluation and is not for public consumption.

Incidents	2013/14	2012/13	Inc /Dec %	Safe City Arrests
Murder	31	35	↓ 5	3
Att. Murder	25	33	↓ 24	0
Ass. Com	435	447	↓ 3	0
Ass. GBH	196	231	↓ 15	7
Rape	41	60	↓ 31	0
Rob with F/A	53	45	↑ 18	0
Rob Other	456	361	↑ 26	38
Rob Com	551	420	↑ 31	31
Bus. Rob	36	43	↓ 16	0
Hi Jacking	10	10	-	0
Theft from M/V	152	120	↑ 27	11
Theft out of M/V	628	372	↑ 69	16
Theft of M/V	129	149	↓ 13	0
Burglary Bus.	350	355	↓ 1	8
A Crime (Serious)	7462	7154	↑ 4	194

The total serious crimes reported for 2013/14 shows an increase of 4% compared to the previous year. Contact crimes such as Robbery and Theft out of and from Motor Vehicle contributed mostly to this increase. Incidents occurred mostly in Pietermaritz Street between Retief and Church streets where delivery vehicles has been targeted. Suspects use the Matsheni Beer Hall, Imbali taxi rank and street hawkers to conceal themselves before and after incidents and also to dispose of stolen goods. It is therefore very important that the adverse conditions at the Matsheni Beer Hall receives urgent attention

8. KPA's/KPI's 2013/14

See attached annexure for Safe City KPA and KPI for the year ended June 2014.

9. SUSTAINABILITY AND GOVERNANCE:

The Board of Directors is committed to maintaining strict ethical standards in the operations of Safe City, and accordingly undertakes from time to time reviews of its business practices and governance responsibilities.

10. CONCLUSION

Of concern however is the very poor utilization of the ANPR system not only as a law enforcement tool but also as revenue income generator for the municipality. It is estimated that about R11 000 000:00 in unpaid traffic warrants is still outstanding As stated in para 5.1 Safe City had to reduce the functionality capabilities of the ANPR system in order to justice the monthly expense for the lease of the equipment.

A further concern is the serious decay of the Matsheni Beer Hall. This aspect has been dealt with in para's 7.2.1.3 and 7.3. This area can currently be regarded as a crime heaven because there is no access control and numerous illegal activities are ongoing inside the premises. Safe City is reporting on a monthly basis to the Municipal Manager's office regarding all the incidents that is ongoing in the area as well as the modus operandi of the criminal element operating from within the premises. Safe City suggest that this premises be closed and totally revamped. Thereafter it can be used as a "flea market" with proper control over all the traders. Strict access control must be enforced which will include trading hours as specified by the municipality.

Due to the success we enjoyed with the PA system we intend to expand the Public Address system to other identified areas which will greatly assist the SAPS and Municipality in enforcing law and order.

It remains an important challenge for Safe City to be a centre of excellence in order to ensure the safety of the public when visiting the Msunduzi precinct and also to provide an acceptable service to the Municipality, SAPS, National Prosecuting Authority and other stakeholders. We also strive to identify areas of concern which might have a negative impact on the social well been of our communities and report shortcomings with recommendations timeously to the relevant role players such as Msunduzi Municipality and the SAPS.

The relationship with the city's administration has again been very fruitful during 2013/14 and Safe City would like to thank the Mayor, Councillor Ndelela, Municipal Manager Mr. Mxolisi Nkosi and other senior officials for their constructive support towards the Safe City project and for supporting our belief that Safe City is performing a valuable community service.

We would also like to thank all partners including BFC, SAPS, National Prosecuting Authority and several others who are, to a lesser or greater extent, stakeholders in our operation.

The members of the Safe City Board are thanked and commended for their support and commitment. Mr. Koos Vorster, chairperson of BFC, have again earned special thanks for their particular and loyal support.

The Board wishes thank the Management and staff of Safe City, as well as the Project Engineer, Mr. Pieter Janse van Rensburg of Dihlase Consulting.

We reserve our particular gratitude to the Msunduzi Municipality, the main funders of this operation. We acknowledge, too, the financial and moral support of Business Fighting Crime, Pietermaritzburg Chamber of Business, Hulamin, Ben Booysen, Mikros as well as the valuable assistance rendered by legal advisors Venn's, our auditors Colenbrander Inc, and the local media on safety and security matters.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2014

1. Basis of preparation and accounting policies

The basis of preparation and principal accounting policies of the company, are consistent in all material respects with those applied in the previous year, except as otherwise indicated.

Basis of preparation

The financial statements have been prepared in accordance with the Generally Recognised Accounting Practice and the requirements of the Companies Act of South Africa.

Property, plant and equipment

Property, plant and equipment is stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. The cost of an item is its cash price equivalent at the recognition date.

Depreciation is charged to profit or loss so as to allocate the cost of assets less their residual values over their estimated useful lives, using the straight-line method. The following rates are used for the depreciation of plant and equipment:

	Useful life
Computer equipment	3
Office equipment	6
Motor vehicles	5

Revenue

Revenue, which excludes Value Added Tax, comprises of the rendering of services and interest received. Revenue from the rendering of services is recognised on an accrual basis in accordance with the substance of the agreement. Interest received is recognised on a time proportion basis, taking account of the principal outstanding and the effective rate over the period to maturity, when it is determined that such income will accrue to the company.

Cash flows

For the purposes of the cash flow statement, cash includes cash on hand, deposits held on call with banks, investments in money market instruments, and bank overdrafts.

Comparative figures

Where necessary, comparative figures have been reclassified to conform with changes in presentation for the current year.

2. Plant and equipment

	2014			2013		
	Cost	Accumulated depreciation	Carrying value	Cost	Accumulated depreciation	Carrying value
	R	R	R	R	R	R
Computer equipment	50 708	(49 865)	843	50 708	(46 177)	4 531

Detected crime and bylaw infringements was done with existing system

CHAPTER 6 – REPORT ON THE MUNICIPAL INFRASTRUCTURE GRANT (MIG), SEVEN LARGEST CAPITAL PROJECTS PER WARD AND TOP FOUR SERVICE DELIVERY PRIORITIES PER WARD 2013/2014

INTRODUCTION TO MIG

The total MIG expenditure inclusive of the MIG Capital Budget and the MIG Administrative costs is R153 439 543 and this amount represents 99.1% of the total MIG allocation of R154 824 405. An amount of R 1 384 862.28 that represents 0.9% was unspent.

The 2012/2013 roll over amount of R 584 079 was also totally expended during the 2012/2013 financial year bringing the overall MIG allocation to R155 408 484 (R154 824 405 + R 584 079).

An amount of R2 980 000 is included in the above MIG allocation for PMU Administrative / Operating costs. Refer to attached document for projects undertaken for the 2013/2014 financial years.

COMMENT ON MIG:

Whilst the 2013/14 MIG Programme got off to a late start with most of the major projects only getting off the ground early in 2014 the programme closed out reaching projected targets and obtaining a 99.1 % expenditure level. The bulk of the MIG funding was used on Water, Sanitation and Roads projects, however other projects such as the Msunduzi Athletics Track, High Mast Lighting, Landfill Site Upgrade, Crematoria Upgrade, a Community Hall, a Sports Facility and the rehabilitation of a number of Public Ablution Facilities were also undertaken.

In terms of the way forward and avoiding the challenges experienced in the last financial year the following measures have been put in place:-

- * A multi-year planning approach has been implemented allowing awarded contracts to continue into the next financial year uninterrupted ensuring construction momentum is maintained. The advantage of this is that Contractors are already on site from the outset of the new Financial Year working on the project.

- * A comprehensive Procurement Plan has been drafted to ensure projects proceed according to planned timeframes in accordance with required SCM process regarding the engagement of Service Providers to undertake planned projects.
- * Projects are being closely monitored from the onset of the new financial year to ensure projects are implemented as soon as possible and also to identify projects that are at risk of not spending their budgeted funds. The objective of this is so that the desired intervention / remedial measures can be implemented timeously to achieve the goal of maximising service delivery through the expenditure of the allocated MIG funds.

SEVEN LARGEST CAPITAL PROJECTS PER WARD 2013/2014

Table 200 - Seven Largest Capital Projects Per Ward 2013/2014 Financial Year

						R'000
Ward Name (No)	Number	Project Name and Details	Start Date	End Date	Progress 2013/2014	Total Value
1	1	Basic Water Supply	1-Jul-13	30-Jun-14	4 km of water pipe installed to service 311 households.	661
	2	Telemetry / Instrumentation	1-Jul-13	30-Jun-14	Upgraded Telemetry system with PVR readings.	297

CITY OF CHOICE

PIETERMARITZBURG
MSUNDUZI

CHAPTER 7 – REPORT OF THE AUDITOR GENERAL 2013/2014

RESPONSE TO THE REPORT OF THE AUDITOR-GENERAL ON CONSOLIDATED FINANCIAL STATEMENTS OF THE MSUNDUZI MUNICIPALITY FOR THE YEAR ENDED 30 JUNE 2014

REPORT OF THE AUDITOR-GENERAL TO THE KWAZULU-NATAL PROVINCIAL LEGISLATURE AND COUNCIL ON MSUNDUZI MUNICIPALITY

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

Introduction

1. I have audited the consolidated and separate financial statements of the Msunduzi Municipality set out on pages 219 to 338, which comprise the consolidated and separate statement of financial position as at 30 June 2014, the consolidated and separate statement of financial performance, statement of changes in net assets, the cash flow statement and the statement of comparison of budget information with actual information for the year then ended and the notes, comprising a summary of significant accounting policies and other explanatory information.

Accounting officer's responsibility for the financial statements

2. The accounting officer is responsible for the preparation and fair presentation of these consolidated and separate financial statements in accordance with the South African Standards of Generally Recognised Accounting Practice (SA Standards of GRAP) and the requirements of the Local Government: Municipal Finance Management Act of South Africa, 2003 (Act No. 56 of 2003) (MFMA) and the Division of Revenue Act of South Africa, 2013 (Act No. 2 of 2013) (DoRA), and for such internal control as the accounting officer determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditor-general's responsibility

3. My responsibility is to express an opinion on these consolidated and separate financial statements based on my audit. I conducted my audit in accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA), the general notice issued in terms thereof and International Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated and separate financial statements are free from material misstatement.

4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated and separate financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the municipality's and its entity's preparation and fair presentation of the consolidated and separate financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's and its entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated and separate financial statements.

5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

6. In my opinion, the consolidated and separate financial statements present fairly, in all material respects, the financial position of Msunduzi Municipality and its entity as at 30 June 2014 and their financial performance and cash flows for the year then ended, in accordance with the SA Standards of GRAP and the requirements of the MFMA and DoRA.

Emphasis of matters

7. I draw attention to the matters below. My opinion is not modified in respect of these matters.

Restatement of corresponding figures

8. As disclosed in note 68 to the financial statements, the corresponding figures for 30 June 2013 have been restated as a result of an error discovered during the year ended 30 June 2014 in the financial statements of the Msunduzi Municipality at, and for the year ended, 30 June 2013.

Material losses and impairments

9. As disclosed in note 69 to the financial statements, material losses relating to water and electricity losses of R103,28 million (22,06 million kilolitres) and R140,28 million (197,49 million kilowatts) respectively, were incurred. This was due to slow infrastructure maintenance, a lack of water metres and theft from illegal connections.

10. As disclosed in note 5 to the financial statements, the municipality raised a provision for bad debt impairment amounting to R792,60 million (2012-13: R801,84 million) on consumer debts as the recoverability of these amounts was doubtful.

Material underspending of the capital budget and conditional grants

11. As disclosed in note 20 to the financial statements, the municipality materially underspent conditional grants by R291,31 million, as well as the capital budget by R359,11 million. Consequently, the municipality had not fully achieved all its planned objectives relating to basic service delivery and infrastructure development.

Irregular expenditure

12. As disclosed in note 65 to the financial statements, irregular expenditure amounting to R269,01 million (2013: R34,91 million) was incurred during the year mainly as a result of contracts being awarded to suppliers, which were in contravention of the supply chain management (SCM) regulations.

Additional matters

13. I draw attention to the matters below. My opinion is not modified in respect of these matters.

Unaudited supplementary schedules

14. The supplementary information set out on pages 312 to 338 does not form part of the financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion thereon.

Unaudited disclosure notes

15. In terms of section 125(2)(e) of the MFMA the municipality is required to disclose particulars of non-compliance with the MFMA. This disclosure requirement did not form part of the audit of the financial statements and accordingly I do not express an opinion thereon.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

16. In accordance with the PAA and the general notice issued in terms thereof, I report the following findings on the reported performance information against predetermined objectives for the selected objective presented in the annual performance report, non-compliance with legislation as well as internal control. The objective of my tests was to identify reportable findings as described under each subheading but not to gather evidence to express assurance on these matters. Accordingly, I do not express an opinion or conclusion on these matters

Predetermined objectives

17. I performed procedures to obtain evidence about the usefulness and reliability of the reported performance information for the following selected objective presented in the annual performance report of the municipality for the year ended 30 June 2014:

Basic service delivery and infrastructure development on pages 97 to 118

18. I evaluated the reported performance information against the overall criteria of usefulness and reliability.

19. I evaluated the usefulness of the reported performance information to determine whether it was presented in accordance with the National Treasury's annual reporting principles and whether the reported performance was consistent with the planned objectives. I further performed tests to determine whether indicators and targets were well defined, verifiable, specific, measurable, time bound and relevant, as required by the National Treasury's *Framework for managing programme performance information*.

20. I assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.

21. I did not raise any material findings on the usefulness and reliability of the reported performance information for the selected objective.

Additional matter

22. Although no material findings concerning the usefulness and reliability of the performance information were identified in the annual performance report, I draw attention to the following matter below.

Achievement of planned targets

23. Refer to the annual performance report on pages 438 to 542 for information on the achievement of the planned targets for the year.

Compliance with legislation

24. I performed procedures to obtain evidence that the municipality has complied with key legislation regarding financial matters, financial management and other related matters. My findings on material non-compliance with specific matters in key applicable laws and regulations as set out in the general notice issued in terms of the PAA are as follows:

Annual financial statements

25. The financial statements submitted for auditing were not prepared, in all material respects, in accordance with the requirements of section 122 of the MFMA. Material misstatements of non-current assets, current assets, liabilities and disclosure items identified by the auditors in the submitted financial statements were subsequently corrected, which resulted in the financial statements receiving an unqualified audit opinion.

Expenditure management

26. Reasonable steps were not taken to prevent unauthorised, irregular and fruitless and wasteful expenditure, as required by section 62(1)(d) of the MFMA.

Procurement management

27. Sufficient appropriate audit evidence could not be obtained that goods and services of a transactional value above R200 000 were procured by means of inviting competitive bids, as required by SCM regulation 19(a).

Revenue management

28. An effective system of internal control for debtors and service charges revenue, with respect to unread meters, was not in place, as required by section 64(2) (f) of the MFMA.

Internal control

29. I considered internal control relevant to my audit of the financial statements, annual performance report and compliance with legislation. The matters reported below under the fundamentals of internal control are limited to the significant deficiencies that resulted in the findings on compliance with legislation included in this report.

Leadership

30. Deficiencies were noted in the communication and consistent implementation of policies and procedures and related internal controls, as well as lack of monitoring, to enable and support understanding and execution of internal control objectives, processes and responsibilities with respect to revenue, expenditure and supply chain management. The monitoring of the implementation of action plans to address internal control deficiencies were not completely effective to prevent the recurrence of audit findings as progress against the plans was not effectively monitored throughout the year.

Financial management

31. Daily and monthly controls were not operational throughout the period. Management does not prepare regular, accurate and complete financial statements that are supported and evidenced by reliable information as year-end procedures were not carried out in accordance with the applicable financial reporting framework. Adequate review and monitoring over compliance with applicable legislation was not undertaken due to staff not understanding their respective roles and responsibilities.

OTHER REPORTS

Investigations

32. Internal audit performed investigations at the request of management at the municipality. As per the forensic report allegations of mismanagement, SCM and MFMA contravention, irregularities in the procurement unit (contracts), theft and fraud, were investigated. Thirty-seven investigations were conducted, 16 of which were completed and six are being proceeded with criminally. Fifteen investigations are still in progress.

**AUDITOR-GENERAL
SOUTH AFRICA**

Auditing to build public confidence

CHAPTER 8 – RESPONSE TO THE REPORT OF THE AUDITOR GENERAL

THE MSUNDUZI MUNICIPALITY REPORT BY MUNICIPAL MANAGER FOR COUNCIL JANUARY 2015

RESPONSE TO THE REPORT OF THE AUDITOR GENERAL ON THE CONSOLIDATED ANNUAL FINANCIAL STATEMENTS OF MSUNDUZI MUNICIPALITY FOR THE YEAR END JUNE 2014 BACKGROUND AND PURPOSE OF THE REPORT

The report of the Auditor-General dated 28 November 2014 on the Audit of the Accounts of the Council for the financial year ended 30 June 2014, has been received and is on the Council agenda.

In terms of Section 21 (1) and (2) of the Public Audit Act, 2004 (Act No. 25 of 2004):

- (1) The Auditor-General must submit an audit report in accordance with any legislation applicable to the auditee which is the subject of the audit.
- (2) If there is no such legislation as contemplated in subsection (1) the Auditor-General must submit the audit report to the relevant legislature within the reasonable time.

The Accounting Officer must ensure that the requirements of Section 126 (1) and (2) of the Municipal Finance Management Act, (Act 65 of 2003) are complied with.

Section 121 prescribes that the Annual Report of a municipality must include among others the Auditor-General's Audit Report in terms of Section 126 (3) on the financial statements and particulars of any corrective action taken or to be taken in response to issues raised in the audit reports referred to in paragraph (b) and (c) of Section 121.

Comments and action on matters raised in the report are set out below with the numbering corresponding to the report of Auditor-General.

GENERAL RESPONSE

The Auditor-General has expressed an unqualified opinion with emphasis of matter relating mainly to:

- Restatement of corresponding figures;
- Material losses and impairments;
- Material underspending of capital budget and conditional grants; and
- Irregular expenditure.

Whilst the municipality has worked tirelessly on the above matters, the improvement is not what was envisaged when the previous action plan was developed, implemented and monitored on monthly basis. However, a significant improvement on the liquidity ratio and financial sustainability and the existence of an uncertainty that may cast significant doubt on the municipality's ability to operate as a going concern has been made.

Restatement of corresponding figures

The audit report still indicates weaknesses in the annual financial statements that were submitted for auditing in that they were not prepared, in all material respects, in accordance with the requirements of section 122 of the MFMA, but material misstatements of non-current assets, current assets, liabilities and disclosure items identified by the auditors in submitted financial statement were subsequently corrected.

Management in finance has been reinforced with a view to create capacity on accounting knowledge and the GRAP standards requirements. Month-end closure is being introduced with a view create a culture of financial discipline. This will go a long way in assisting the Municipality in producing credible financial reports on a monthly basis. The interim financial statements will be prepared and used as a test basis for areas requiring improvement. Training plan for key officials on GRAP standards requirements and other financial accounting and management areas will be prepared, implemented and monitored by the Strategic Management Committee, Finance Portfolio Committee, Audit Committee and Executive Committee. These initiatives are aimed at steering the organisation towards Clean Audit in the foreseeable future.

Material losses and impairments

The losses on electricity and water which resulted to revenue losses are noted. The municipality has strategies to deal with these two areas:

Water Losses

The losses on water are static, however, strategies to reduce these losses are being implemented and results should be seen in the long term. The Msunduzi Municipality has a Reduction of non-revenue water programme and progress achieved so far as well as the plan moving forward are encapsulated hereunder:

Activities Carried Out for Real Loss Initiatives

1.1 Pressure Reducing Valves (PRV) Maintenance and Repairs

- This has been completed in the Old and New City only. In total 40 PRVs were assessed for their status with respect to functioning as designed.

1.2 PRV Optimisation

- This was to ensure that the larger PRV zones would remain discreet by utilising a magnetic valve top on all crown valves as well as upgrading and/or repairing existing PRVs and their chambers;
- To date this project has installed/modified and improved 29 existing PRV installations and their associated bulk meters.
- Upstream and downstream gauges on all PRV's were installed.
- Certain critical point consumers within this zone will have to be rezoned out of the existing zone to eliminate these low pressure pockets influencing the increase in average pressure within the pressure managed zone. Rezoning of this Northdale PRV zone was programmed to commence once the pipe replacement has been completed.
- Delays in progress of SCM 32 of 12/13 can be attributed to the following:
 - Failure to isolate the mainline on planned shutdowns.
 - Breached zones corrupting zone integrity
 - Delivery delays on assets procured
 - Operational assistance due to staff shortages
 - Theft and vandalising of installed assets
 - Locating and servicing relevant valves
 - Replacing meters and damaged infrastructure to further prove system integrity.
 - Completion of the magnetic lock installation program eliminating the constant re-visiting of previously closed boundary valves.

1.3 Advanced Controllers

- The core focus for this initiative was to change install seven i20 advanced PRV controllers for the Municipality. This would decrease the real losses and burst frequency for the Municipality.
- There were delays in the installation and commissioning of the controllers due to the PRV sites not having bulk meters installed.
- Further delays also occurred as some of the zones are breached and only once their boundaries have had magnetic tops installed will the controllers display the savings that are expected of them.
- To date 8 of the 9 controllers have been installed and are discussed individually hereunder. 2 controllers of the 9 were installed in the second phase of the program and will not be reported on in this report.
- P0201 – Oribi – At the end of August the zone was breached and the MNF increased from 4kl/hr to 64kl/hr. It was found that the original size of the zone has decreased to a quarter due to operational staff breaching zones in the past. This is currently being rectified by the Professional Team;
- P0202 – Delgairns – This controller feeds an industrial area. The initial MNF was 48kl/hr. The controller was set up during August to deliver 4bar pressure to the critical point (CP). This has reduced the MNF to 36kl/hr or a current saving of **105MI/annum or approximately R450,000.00/annum**. This saving will increase once the CP pressure is dropped further to 3bar during September.
- P0403 – Otto's Bluff – This controller also feeds an industrial area. The initial MNF was 44kl/hr. The controller was set up during August to deliver 4bar pressure to the critical point (CP). This has reduced the MNF to 28kl/hr or a current saving of **140MI/annum or approximately R610,000.00/annum**. This saving will increase once the CP pressure is dropped further to 3bar during September. There is a problem in that the upstream pressure is in excess of 12bar which the downstream pressure is below 4bar which is cause for cavitation. It is advised that the Client take steps to reduce the upstream pressure such that the PRV does not cavitate itself.
- P0704 – Royston Road – As of 13 February 2014 the Consultant has brought to light that this zone has been compromised due to a supply breach from an alternate zone. Msunduzi operations together with the Consultant are actively trying to resolve the problem.
- P0908 – Bombay Road – This controller also feeds a residential area. The history to this site is that there were higher than normal burst frequency in the zone. Before the controller could be installed a timer controller was controlling the pressure. Also during that time new pipeline were laid where the majority of the bursts took place which meant the MNF is at a minimum. It is recommended that the i20 controller be removed and used elsewhere and the timer controller be reinstated in this zone.
- P1606 – Wigford Road – The PRV feeding this zone needs to be checked and maintained. Using the profiles for the controller there is definitive proof that PRV is not working correctly. This zone has been flagged as a problem zone.

1.4 Leak Detection and Repair

- A Leak Detection and Repair Contract was drafted and advertised in Phase 3 but will only be awarded in the 2014/15 FY;
- The statistics for the completed work by the Contractor are briefly listed below whilst the full version on their progress can be found in Annexure D:
 - Level 2 Survey – 2,337km surveyed and 2,011 leaks found and repaired;
 - Level 4 Survey – 33km surveyed and 7 leaks found and repaired;

1.5 Creation of new District Metering Areas(DMA)

- Four new DMAs in the CBD were created. They were created to help zone the CBD into more manageable sized areas which would help better control loss rates within the CBD as well as giving the Municipality to find a leak/burst quicker if one occurred.
- In total 67 line valves were cleaned and correctly orientated within the 4 mentioned DMA's improving supply and eliminating restrictions within the reticulation system

1.1 Top Consumer Analysis

- A Top 200 consumer analysis was conducted to pick the largest consuming customers of water within Msunduzi Municipality and changeout their meters. Generally these largest consumers contributed approximately 30% of revenue for Municipalities and as such their meters should be changed out every five years;
- Emanating from this a contract was advertised and awarded.
- The contract time frame was stipulated as 18 months to complete work listed in the Bill of Quantities. After 12 months a total of 227 bulk consumer meters were replaced and upgraded..
- In October 2013 the Auditor General confirmed that the Municipality was possibly going to receive a qualified audit as there was more than 10% of all electricity and water meters that were being estimated for more than 6 months. In response a task team was set up to fast track all non-domestic and domestic meters to be changed out;

1.2 Meter Maintenance and Meter Cleaning

- This initiative was cancelled in the previous FY. The main reason is that when maintenance viz. cutting grass, clearing mud etc. was completed these same exceptions would reappear 6 months later.
- It was decided then that most of these maintenance issues could be avoided in the future if all these below ground meters were changed out to above ground meters and this is what took place in the 2013/14 FY and reported on in the sections below.

1.3 Meter Replacement Program

- There were five plumbing Contractors that were awarded rates based contracts in the form for a two year period to help eliminate the exception reports received from the Income Unit;
- As mentioned previously a task team was set up to help replace as many of the damaged and malfunctioning meters as possible.to this end the five contractors were put on an accelerated program to ensure that the Municipality did not receive a qualified audit;
- At the end of the FY 4,255 domestic meters were replaced.
- Additionally, the Operations Unit were responsible for getting readings for bulk meters that were larger than 25mm in diameter or alternatively replacing them if they were not functioning and/or damaged. During the 2013/14 FY they completed 1,575 meters larger than 25mm in diameter .

1.4 Standpipe Metering

- A standpipe audit was conducted in which approximately 300 of the 730 standpipes could be found. These have been earmarked to be metered in the next FY;
- These standpipe readings have been estimated for more than 24 months and a Garmin with all the meter locations were handed over to the Meter Reading section.
- A pilot project was conducted to try and change the current standpipes to the new vandal-proof "Widget" standpipes and 13 were installed at various locations. Unfortunately most of these have been vandalised and the Municipality are looking at alternative solutions currently.

2. Global Initiatives and Ad-hoc Initiatives

3.2 Telemetry Upgrades

- Telemetry upgrades on all reservoir outlets were completed at the following sites as which include Bisley, Oriibi, Murray, Haythorns and Symmons reservoirs.
- Proposed date for completion of Telemetry at Belfort Reservoir is August 2014.

Electricity Losses

The municipality is fighting this scourge of theft of electricity and hopefully as resources are increased and new strategies implemented the municipality will reduce the losses.

The following are in line to eliminate the element of huge losses experienced at electricity due to Technical and Non-Technical losses.

- R100m for Northdale Major Substation upgrade and 132KV City Grid Cable.
- R250m for City Ageing Infrastructure, where R50m out of R250m will be a start for smart metering that will enable the Municipality to read and disconnect remotely. Smart metering is in line with the Legislation requirements.
- R20m from South African National Energy Institute (SANEDI) which is allocated for Electricity Asset Assessment.
- Maintenance is about 95% completion on Electricity Network.
- Informal Settlements are all about 95% complete to minimise illegal connections. By 30 June 2015 they will be complete.

Debtor's Book

Management of debtor's book is receiving close attention as stringent credit control measures will be implemented. TransUnion has been appointed to deal with debtor cleansing which will assist in having a clean debtor's book which will be followed vigorously. These measures will assist in reducing Provision for Doubtful Debts.

Material underspending of capital budget and conditional grants

The challenge is on material underspending on capital budget which impact negatively on service delivery which is an evil and immoral as it deprive the poor communities' basic services has acknowledged.

Extra-ordinary measures have to be implemented in this area to improve services delivery. The weekly meetings chaired by the Municipal Manager are held where both capital and conditional grant monitoring is done and officials held responsible. It is hoped that will change and begin to show great improvement in spending.

Irregular Expenditure

The audit report still indicates weaknesses in the supply chain management which result to irregular expenditure amounting to R27, 483 million. Great strides have been made in this area by implementing controls and processes of identifying contracts which had been awarded to suppliers in contravention of the Local Government: Municipal Supply Chain Management Regulations (SCM Regulations) in an area that is prone to fraud and corruption. Further efforts are being made to enforce strict control measures that will reduce malpractices. One of the strict control measures is that the municipality has appointed TransUnion to identify conflict of interest and non-compliance with the SCM Regulations.

The Accounting will introduce further stringent control measure relating to SMC.

CHAPTER 9 – REPORT OF THE AUDIT COMMITTEE & RECOMMENDATIONS OF THE AUDIT COMMITTEE 2013/2014

ANNUAL REPORT OF THE AUDIT COMMITTEE FOR THE PERIOD 01 JULY 2013 TO 30 JUNE 2014

AUDIT COMMITTEE REPORT

The Audit Committee of the Municipality has pleasure in submitting its annual report. This report is submitted in terms of the provisions of sections 121(3) (j), 166(2) (b) and (c) of the Municipal Finance Management Act of 2003 ("the MFMA") and covers the financial period from 1 July 2013 to 30 June 2014.

AUDIT COMMITTEE MEMBERS AND ATTENDANCE

The Audit Committee consist of the members listed hereunder and meets as a minimum, four times a year as per the approved Audit Committee Charter. The composition of the committee was changed by the Council during the cause of the year under review.

Name of Member	Number of Meetings Attended
Mr S Mnguni CA (SA): Chairperson	6
Mr C J S Ngubane (Resigned with effect from 13 November 2013)	1
Mr A Latiif CA (SA) (term of office expired on 30 June 2014)	6
Mrs N R Shezi (appointed with effect from 01/08/2013)	6
Mrs N Gevers CA (SA) (appointed with effect from 01/08/2013)	5
Mr S Ndaba (appointed with effect from 01/04/2014)	2

Overview of Activities

The Committee held 6 meetings during the year on the following dates.

29 August 2013
 22 October 2013
 25 November 2013
 17 December 2013
 25 February 2014
 08 April 2014
 24 June 2014

The Audit Committee has had in-camera meetings with the Executive Manager: Internal Audit Unit as well the Municipal Manager.

The Audit Committee chairperson also availed himself for Executive Committee Meetings to present a report of the Audit Committee.

AUDIT COMMITTEE RESPONSIBILITIES

The Audit Committee has complied with its responsibilities arising from section 166 of the MFMA and clause 14(2) (a) of the Municipal Planning and Performance Management Regulations of 2001. The Audit Committees' work was guided and regulated by an Audit Committee Charter as by Council and discharged all its responsibility as contained therein. The Audit Committee's work was also guided by its work programme that it adopted during the year.

INTERNAL AUDIT INSTITUTIONAL ARRANGEMENT

The Internal Audit Charter as approved by the Audit Committee regulates the work of the Internal Audit.

In terms of S 62 (c) (ii) and S165 (1) of the MFMA each municipality is required to have an internal audit function. S165 (3) allows the municipality to co-source the internal audit function if the municipality requires assistance to develop its internal capacity. The internal audit services were co sourced with four accounting firms.

The Annual Audit coverage plan was submitted to the Audit Committee on 3rd of July 2013.

The Executive Manager: Internal Audit presented a revised and adjusted annual audit coverage plan during the year which was approved by the Audit Committee. The review and adjustments of the annual audit coverage plan were necessitated by a number of factors including the risks that emanated from the risk assessment, compliance issues and other audits.

INTERNAL AUDIT FUNCTION

During this financial year internal audit reports with management comments were presented to the Audit Committee meetings. Issues raised were deliberated and recommendations made to council including recommendation regarding the issues raised by the Auditor-General.

Progress has been made in the Internal Audit Function during the 2013-14 financial year and the internal audit has, as far as possible, complied with its responsibilities arising from its approved Charter.

The Executive Manager: Audit has direct access to the Audit Committee, primarily through its Chairman. During the year, the committee met with the both external auditors and internal audit without management being present.

SYSTEM OF INTERNAL CONTROL

The system of internal control are designed to provide reasonable assurance that the assets are safeguarded and the liabilities and working capital are effectively and efficiently managed and they remain a management responsibility.

The internal audit reports in all the areas audited during the financial year under review indicated that there were some weaknesses in the system of internal control due to a number of reasons including vacancy rate at certain levels, inadequate policies and limited financial resources. The Accounting Officer initiated a process of the review of policies and bylaws and improvement on the system of internal control including but not limited Trade Payables review on monthly basis before payment are realised as well as subjecting any payment documentation to internal audit review during the year under review.

The Audit Committee has noted that there has been improvement on the systems of internal control especially relating to Supply Chain Management processes. However, asset management, monthly financial reporting, expenditure management, revenue management, performance management and computer controls still require improvement.

RISK MANAGEMENT

Risk management has been formalised within the municipality through the establishment of various structures (i.e. Risk Management Committee and Risk Officers/Champions), processes and systems to give effect to Risk Management. Risk assessment workshops with the business units were conducted and risk register and risk management strategy updated during the year.

During the year the top ten (10) significant risks facing the municipality that had been identified in 2012/13 were reviewed twice during the year and management updated their achievement in mitigating against the risks and further updated their strategies aimed at reducing the risks. The report on the two updates made during the year were presented to the Audit Committee

COMBINED ASSURANCE FRAMEWORK

The Audit Committee has considered and supported the combined assurance framework. This framework was approved by Council. Regular engagements occurred between assurance providers to give effect to combined assurance. These engagements will continue in the coming year to make the combined assurance within the municipality more effective.

ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2013

The Audit Committee reviewed both interim financial statements and annual financial statements that were submitted to Auditor-General for audit.

Improvements with respect to the quality of the financial statements were noted during the review of the annual financial statements on the 26th of August 2014. These financial statements were approved at this meeting for submission to the Auditor-General before end of August as required by the MFMA.

PERFORMANCE MANAGEMENT

The Committee had reviewed and considered the quarterly reports by management. Significant improvements were noted in the effectiveness of the performance management processes.

The Audit Committee recommended that the Internal Audit Unit should review the SDBIP before the approval by the Mayor to ensure alignment with IDP and compliance with SMART principles. This review was performed and management attended to all the issues as far as possible during the mid-term review process.

INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

The Audit Committee noted the findings of Internal Audit Unit. The areas identified for improvement include lack of effective information system back up processes and as well as the Disaster Recovery Plan. The ICT steering committee was established in the previous financial year and this committee is responsible for monitoring the implementation of the recommendations arising from internal and external audit reports, however it was not functional.

The municipality is currently in a process of acquiring ERP system and progress on the matter is being monitored by the Audit Committee.

GOVERNANCE

The municipality is fully committed to good governance and this is evidenced by the improvement in the control environment during the year.

COMPLIANCE WITH LAWS AND REGULATIONS

The Audit Committee has reviewed the effectiveness of the system for monitoring compliance with laws and regulations. Except for the some non-compliance issues with respect to MFMA, the Audit committee is satisfied that the system for monitoring compliance with laws and regulations is effective.

EXTERNAL AUDIT BY AUDITOR-GENERAL (AGSA)

The Audit Committee has reviewed the External Audit scope to ensure the critical areas within the Municipality are being addressed. In addition, the committee reviewed the audit report including issues arising out of the external audit. Based on processes followed and assurances received from the Auditor-General, nothing has come to the committee's attention with regard to any matter concerning the independence of External Auditors.

The Audit Committee concurs with the Auditor-General's conclusions on the annual financial statements, compliance with laws and regulations and performance information and note the improvement in terms of the audit report from qualified audit report in 2012-13 to unqualified audit report for 2013-14.

CONCLUSION

The Committee will continue to monitor progress being made by the municipality in improving overall governance, systems of internal control, risk management and performance management. In addition, the Audit Committee concurs and accepts the conclusion of both the Internal Audit and the Auditor-General on the matters they have raised during their audits.

The Audit Committee wishes to express its sincere gratitude to the Council, EXCO and all those involved in the improvement of systems at the Municipality and to the Municipal Manager and Senior Management for their support during this financial year (2013-14).

Chairperson: Audit Committee

Date of Meeting	Committee recommendations During 2013/14	
	<p>FINAL INTERNAL AUDIT REPORT ON THE AUDIT OF PERFORMANCE INFORMATION QUARTER 3 OF 2012/2013 (3.10.1.1)</p> <p>(a) That the findings, management comments and recommendations made in the final Internal Audit report on the Audit of Performance Information Quarter three of 2012/2013 be NOTED.</p> <p>(b) That the agreed action plan as contained in the report be monitored through the submission of progress reports to the Strategic Management Committee and thereafter to the Audit Committee.</p> <p>(c) That the Deputy Municipal Managers must take overall responsibility for the Portfolio of Evidence for their respective units.</p> <p>FINAL INTERNAL AUDIT REPORT ON REVIEW OF THE 2013/2014 INTEGRATED DEVELOPMENT PLAN (IDP), SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN (SDBIP) AND OPERATIONAL PLANS (3.10.1.1)</p> <p>(a) That the findings, management comments and recommendations made in the final Internal Audit report on the Review of the 2013/2014 IDP, SDBIP and Operational Plans be NOTED.</p> <p>(b) That the agreed action plan as contained in the report be monitored through the submission of progress reports to the Strategic Management Committee and thereafter to the Audit Committee.</p> <p>FINAL INTERNAL REPORT ON THE AUDIT OF PROMIS EXPENDITURE SYSTEM AND THE SERVER (3.10.1.1)</p> <p>(a) That the findings, management comments and recommendations made in the final Internal Audit report on the Audit of PROMIS Expenditure System and Server be NOTED</p> <p>(b) That the agreed action plan as contained in the report be monitored through the submission of progress reports to the Strategic Management Committee and thereafter to the Audit Committee.</p> <p>INTERNAL AUDIT 2012/2013 ANNUAL AUDIT PLAN STATUS UPDATE (3.10.1.1)</p> <p>That the report dated 20 August 2013 by the Executive Manager: Internal Audit on the status update of the 2012/2013 Annual Audit Plan be NOTED.</p> <p>INTERNAL AUDIT 2013/2014 ANNUAL AUDIT PLAN STATUS UPDATE (3.10.1.1)</p> <p>That the report dated 20 August 2013 by the Executive Manager: Internal Audit on the status update of the 2013/2014 Annual Audit Plan be NOTED.</p> <p>MONTHLY REPORT ON SECTION 66 OF THE MUNICIPAL FINANCE MANAGEMENT ACT (MFMA) No. 56 OF 2003 FOR MAY 2013 (3.P)</p> <p>That the report dated 6 June 2013 by the Chief Financial Officer on Section 66 of the Municipal Finance Management Act (MFMA) No. 56 of 2003 for the month of May be NOTED.</p> <p>MONTHLY REPORT ON SECTION 71 OF THE MUNICIPAL FINANCE MANAGEMENT ACT (MFMA) No. 56 OF 2003 FOR MAY 2013 (3.P)</p> <p>That the report dated 6 June 2013 by the Chief Financial Officer on Section 71 of the Municipal Finance Management Act (MFMA) No. 56 of 2003 for the month of May be NOTED.</p> <p>KEY FINANCIAL INDICATORS/ CASH FLOW FOR THE PERIOD JULY 2012 TO JUNE 2013 (YEAR-TO-DATE) MAY 2013 (3.7.1 (2012/2013))</p> <p>That the report dated 7 June 2013 by the Manager: Financial Services on Key Financial Indicators/ Cash Flow for the period July 2012 to June 2013 (Year-To-Date) May 2013 be NOTED.</p> <p>1ST MONTHLY REPORT ON THE 2013/2014 SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN (SDBIP) AND OPERATIONAL PLAN (OP) – MONTH ENDING JULY 2013 (10.4.1)</p> <p>That the report dated 25 July 2013 by the Manager: Strategic Analysis and Research (Acting) on the 2013/2014 Service Delivery And Budget Implementation Plan (SDBIP) and Operational Plan (OP) – month ending July 2013 be NOTED.</p>	Yes
	<p>INTERNAL AUDIT 2013/2014 ANNUAL AUDIT PLAN STATUS UPDATE (3.10.1.1)</p> <p>That the report dated 15 October 2013 by the Executive Manager: Internal Audit on the Internal Audit 2013/2014 Annual Audit Plan Status Update be NOTED.</p>	Yes
Confidential 22 OCTOBER 2013		Yes

Table 202. -Municipal Audit Committee Resolutions / Recommendations

Date of Meeting	Committee recommendations During 2013/14	Recommendations Adopted (enter Yes) / Not adopted (provide explanations)
	<p>INTERNAL AUDIT REPORT ON LEAVE MANAGEMENT (3.10.1.1)</p> <p>That the findings and management comments in the Internal Audit Report on Leave Management attached to the report dated 19 August 2013 by the Executive Manager : Internal Audit be NOTED.</p> <p>That the DVM: Corporate Services (Acting) ensures that Human Resources issues monthly outstanding leave schedules to each line manager in order to validate and confirm the leave being taken by staff.</p> <p>That Deputy Municipal Manager: Corporate Services ensures that a leave policy be developed which should include the following :</p> <p>That the recommendations contained in the Internal Audit Report on Leave Management attached to the report dated 19 August 2013 by the Executive Manager: Internal Audit be ADOPTED.</p> <p>That management should ensure that the leave policy is approved by Council and circulated to staff as soon as possible.</p> <p>That old leave books should be collected from all business units and defaced to ensure that only the current leave books are in circulation.</p> <p>That the Human Resources unit should be instructed not to accept leave forms completed using the old leave books.</p> <p>That in instances where the old leave book is used, leave balances should be manually completed on the leave form and signed off by the respective Human Resources representative.</p> <p>That evidence of leave captured on the system should be provided to the line manager/supervisor as evidence thereof.</p> <p>That leave forms should be signed by the supervisor/manager as evidence of review and approval.</p> <p>That the administration officials responsible for processing the leave applications should inspect the forms and confirm that it is adequately approved, and if not, the forms should be sent back to the respective departments.</p> <p>That line managers should ensure that leave applications are checked against supporting documentation prior to approval.</p> <p>That respective Human Resources Support Services Managers should be provided with an audit trail report of all leave taken for the month to be reviewed against supporting documentation.</p> <p>That the audit trail reports should also indicate any deleted or amended leave records on the system.</p> <p>That these audit trail reports should be signed off as evidence of review.</p> <p>That the PAYDAY system support should be called in to restore all deleted audit trails and to program the system in such a manner that audit trails can never be deleted or amended.</p> <p>That an audit trail report of leave captured monthly should be generated and reviewed by the respective Human Resources Managers on a monthly basis.</p> <p>That this report referred to in (xiv) above should be reviewed against the physical leave forms.</p> <p>That this report referred to in (xiv) above should be signed off as evidence of review and approval.</p> <p>That errors and omissions identified should be rectified promptly.</p> <p>That the Deputy Municipal Manager: Corporate Services (Acting) should consider an online leave application process which would alleviate the use of manual application forms; as this would reduce the risk of unapproved leave as the approval process will be automated and leave balances will also be automatically reduced after leave is approved, which would result in a more accurate leave pay provision.</p> <p>That the Deputy Municipal Manager : Corporate Services (Acting) should consider doing spot checks of the leave forms received by the Pay Office on those maintained in the leave books by the various departments; this to ensure that they are captured timeously on the system to reflect accurate records.</p>	<p>Yes</p>

Date of Meeting	Committee recommendations During 2013/14	Recommendations Adopted (enter Yes) / Not adopted (provide explanations)
	<p>FINAL INTERNAL AUDIT REPORT ON THE AUDIT OF REVENUE MANAGEMENT (3.10.1.1)</p> <p>That the report dated 21 August 2013 incorporating the recommendations of the Strategic Management Committee and the report dated 7 August 2013 by the Executive Manager: Internal Audit containing the findings, recommendations and management comments in respect of the Audit of Revenue Management be NOTED.</p> <p>That the Chief Financial Officer be directed to develop and implement an action plan to address findings contained in the Internal Audit Report that relate to her business unit, as well as a consolidated action plan to be submitted to the Strategic Management Committee and thereafter to the Audit Committee.</p> <p>That the Deputy Municipal Manager: Economic Development be directed to develop and implement an action plan to address findings 5.3.25 to 5.3.29 as contained in the Internal Audit Report and relate to his business unit, to be submitted to the Strategic Management Committee.</p> <p>That the Deputy Municipal Manager: Community Services (Acting) be directed to develop and implement a plan of action to address findings contained in the report that relate to her business unit, to be submitted to the Strategic Management Committee.</p> <p>That the Chief Financial Officer be directed to develop an action plan to address findings contained in the Internal Audit Report, to be submitted to the Strategic Management Committee.</p> <p>That the Chief Financial Officer be directed to develop and implement a comprehensive and effective Revenue Collection and Debt Reduction Strategy that has clear activities assigned responsibilities and timelines.</p> <p>That the Chief Financial Officer report on a monthly basis to the Strategic Management Committee and quarterly to the Audit Committee on the implementation of the Revenue Collection and Debt Reduction Strategy referred to in (f) above.</p> <p>That the development and implementation of the action plan to address the findings reflected in the Audit on Revenue Management be included as a KPI in the Performance Agreements of the Chief Financial Officer and Process Manager: Revenue.</p>	<p>Yes</p>
	<p>FINAL INTERNAL AUDIT REPORT ON SUPPLY CHAIN MANAGEMENT (3.10.1.1)</p> <p>That the findings, management comments and recommendations made in the Final Internal Audit Report on Supply Chain Management, as contained in the attachment to the report dated 2 October 2013 by the Executive Manager: Internal Audit be NOTED.</p> <p>That the implementation of the agreed action plan, as contained in the report, be monitored through progress reports to the Strategic Management Committee and Audit Committee.</p>	<p>Yes</p>
	<p>FINAL INTERNAL AUDIT REPORT ON THE FOLLOW-UP ON PAYROLL MANAGEMENT (3.10.1.1)</p> <p>That the findings, management comments and recommendations made in the Final Internal Audit Report on the Follow-up on Payroll Management, as contained in the attachment to the report dated 25 September 2013 by the Executive Manager: Internal Audit.</p> <p>That the implementation of the agreed action, as contained in the report, be monitored through progress reports to the Strategic Management Committee and Audit Committee.</p> <p>That the Deputy Municipal Manager: Corporate Services (Acting) in consultation with the Chief Financial Officer ensures that funding be set aside for the implementation of a Tracker System, in order to be able to track resolutions of all meetings of the Council.</p> <p>That the Chief Financial Officer ensures that the outstanding amount of R51 028.38 is recovered from Councillor TR Zuma as a matter of urgency as the amount of R46059.88 was recovered from his back pay for the period July 2012 to December 2012, it being noted that he was overpaid a total amount of R97 088.26 and the Audit Committee is concerned and disappointed that as per a previous resolution taken the recovery was not done.</p> <p>That the Chief Financial Officer ensures that the outstanding amount from Councillor TR Zuma is included in the Annual Financial Statements for disclosure purposes as irregular expenditure and the Annual Financial Statements be adjusted accordingly.</p> <p>That the Chief Financial Officer ensures that there should be basic access controls on the PAYDAY system in order to determine users undertaking any adjustments which may be required.</p>	<p>Yes</p>

Table 202. -Municipal Audit Committee Resolutions / Recommendations

Date of Meeting	Committee recommendations During 2013/14	Recommendations Adopted (enter Yes) / Not adopted (provide explanations)
	<p>REPORT ON AUDIT ON TRADE PAYABLE FOR THE RUN OF 15 AND 31 AUGUST 2013 AND 30 SEPTEMBER 2013 (3.10.1.1)</p> <p>(a) That the weaknesses highlighted in the following reports be NOTED, viz.</p> <ul style="list-style-type: none"> (i) Internal Audit Report on Trade Payables review for the run of 15 August 2013. (ii) Internal Audit Report on Trade Payables review for the run of 31 August 2013. (iii) Internal Audit Report on Trade Payables review for the run of 15 September 2013. (iv) Internal Audit Report on Trade Payables review for the run of 30 September 2013. <p>(b) That the Chief Financial Officer ensures that a report in respect of where orders may have been paid more than once and those that contain duplicate order numbers, be submitted to the next Audit Committee.</p>	<p>Yes</p>
	<p>REPORT ON CONSUMER REFUNDS FOR THE MONTHS OF FEBRUARY, MARCH AND APRIL (3.10.1.1)</p> <p>(a) That the negative implications that will be encountered by the municipality as a result of the continuing weak system of internal control relating to consumer refunds be NOTED.</p> <p>(b) That the reputational risk that is increasing as a result of lack of timely payment of consumer refunds to consumers be NOTED.</p> <p>(c) That the negative implications that will be encountered due to non-implementation of the resolutions of the Strategic Management Committee emanating from the Internal Audit Report on Consumer Refunds for February 2013 dated 20 March 2013 be NOTED.</p> <p>(d) That the negative impact on that will be created as a result of weaknesses of systems of internal control in the validations section appear to be the weakest link in the Consumer Refund process as they deal with all issues of consumption and fixed charges, be NOTED.</p> <p>(e) That the Chief Financial Officer institute disciplinary measures as it is evident that insufficient reviews were performed when processing these refunds.</p> <p>(f) That the Chief Financial Officer submits a progress report in respect of the employees who were charged with misconduct in respect of irregular refunds.</p> <p>That the Chief Financial Officer ensures that a policy in respect of consumer refunds be developed; it being noted that the issue of tenant /landowner consumer refunds should also be revisited in terms of the policy.</p>	<p>Yes</p>
22 OCTOBER 2013	<p>ANNUAL FINANCIAL STATEMENTS FOR 2012/2013 FINANCIAL YEAR (3.7.1(2012/2013))</p> <p>That an implementation plan in respect of collections with regards to government debtors be developed; it being noted that the current status of operations and the way forward in terms of what is required be submitted to the next Audit Committee meeting.</p>	<p>Yes</p>
	<p>INTERNAL AUDIT REPORT ON AUDIT ON CONDITIONAL GRANTS AND INVESTMENTS (3.10.1.1)</p> <p>The Chief Financial Officer ensures that a report on the Conditional Grants and Investments be placed on the Audit Committee agenda for discussion thereof at future meetings.</p> <p>That the Chief Financial Officer ensures that the applications for rollovers should be the end of August and that the rollover schedules should accompany the Annual Financial Statements on 31 August, annually.</p> <p>That the Chief Financial Officer ensures that the Annual Financial Statements that are to be submitted to the Auditor General should also be submitted to Provincial and National Treasury, simultaneously.</p> <p>That the Chief Financial Officer ensures that a schedule on all policies is submitted to the next Audit Committee meeting in order to inform members of the progress pertaining to each one.</p>	<p>Yes</p>
	<p>FINAL INTERNAL AUDIT REPORT ON THE AUDIT OF PERFORMANCE INFORMATION QUARTER 3 OF 2012/2013 (3.10.1.1)</p> <p>That the Manager: Office of the Municipal Manager ensures that an accurate performance framework be developed in order to determine the expectations of the Portfolio of Evidence and a report be submitted to the next Audit Committee meeting.</p>	<p>Yes</p>
	<p>FINAL INTERNAL AUDIT REPORT ON REVIEW OF THE 2013/2014 INTEGRATED DEVELOPMENT PLAN (IDP), SERVICE DELIVERY AN BUDGET IMPLEMENTATION PLAN (SDBIP) AND OPERATIONAL PLANS (3.10.1.1)</p> <p>That the Manager: Office of the Municipal Manager ensures that a plan of action and progress reports in respect of the abovementioned item be submitted to the next Audit Committee meeting.</p>	<p>Yes</p>

Table 202 -Municipal Audit Committee Resolutions / Recommendations

Date of Meeting	Committee recommendations During 2013/14	Recommendations Adopted (enter Yes) / Not adopted (provide explanations)
	<p>MATTERS RAISED BY THE MUNICIPAL MANAGER That the Municipal Manager conducts a presentation of the Municipality in order to ensure that the new Audit Committee members have a better understanding of the operations within the Municipality, at the next meeting of the Audit Committee.</p>	Yes
	<p>INTERNAL AUDIT: PROGRESS REPORT ON INTERNAL AUDIT FUNCTION FOR THE MONTH OF AUGUST 2013 (3.10.1.1) That the report dated 25 September 2013 by the Executive Manager: Internal Audit incorporating the recommendations of the Operational Management Committee on the activities of the Internal Audit Function for the month of August 2013 be NOTED.</p>	Yes
	<p>INTERNAL AUDIT REPORT OF THE INTERNAL AUDIT FUNCTION FOR THE MONTH OF SEPTEMBER 2013 (3.10.1.1) That the report dated 15 October 2013 incorporating the recommendations of the Operational Management Committee on the activities of the Internal Audit Function for the month of September 2013 be NOTED.</p>	Yes
	<p>FOURTH REPORT ON THE MARKET CONSULTING ACTIVITY BY THE INTERNAL AUDIT UNIT (3.10.1.1) That item on the Fourth Report on the Market Consulting Activity by the Internal Audit Unit be referred back to the Strategic Management Committee taking into account the review of the organogram, the reporting structures at the market and Financial Services oversight of the Market, in order to ensure improvement is sustained and the vacancies are filled as a matter of urgency. That a comprehensive report be submitted to Strategic Management Committee in the first instance and thereafter to the next Audit Committee meeting, giving reasons for making the market a separate legal entity and the cost benefit analysis involved.</p>	Yes
	<p>THIRD REPORT ON THE MARKET CONSULTING ACTIVITY BY THE INTERNAL AUDIT UNIT (3.10.1.1) That prior to the report being submitted to the Audit Committee, the Chief Financial Officer convenes a meeting for discussions to be held with the Deputy Municipal Manager: Corporate Services (Acting) and Deputy Municipal Manager: Economic Development in respect of an action plan to address the issues raised in the report, which is to be submitted to the next Audit Committee meeting and is as follows: (a) That reconciling the items should be assessed, investigated and the evidence evaluated before a final decision is made on whether the items should be written off or written back. (b) That, using the completed bank reconciliation of April 2013 and against a backdrop of approximately R20 to R30 million being transacted monthly through the Market bank account, the following action be taken, viz: Write off returned cheques as some of them date back as far as 2009 and the probability is high that these buyers no longer trade with the market, eg One cheque of R30 000 relates to an agent that was subsequently liquidated and has left the Market; it being noted that the Market currently does not accept cheques unless they are bank guaranteed and this option is limited to the Market's nine main customers; this proposed total write-off amounts to R170 000. Write-off a difference in cheque amount and bank statement dating back to 2010; a total write-off amount of R2000. Investigate deposits receipted not processed by bank to the extent that amounts are assessed as being irrecoverable, eg The liquidated agents mentioned above and a previous tenant who has left the Market from part of these deposits and should be excluded from the investigation; a total amount of R150 000, with R120 000 to be investigated and R30 000 to be written-off. Investigate two deposit slips of R111 000 and R171 000 not processed by the bank as these could be errors in the cash book but need further investigation. Cheque processed in the cash book but not presented for payment at the bank be written back to the bank ledger account; it being noted that a significant amount of R1 568 million which forms part of an internal process with Finance makes up the bulk of this reconciliation; noting further that Finance does a monthly transfer between the Market's bank account and Finance's bank account, reducing the Market's bank account with the previous month's net 'income' as investigations revealed that no transfer took place for March 2012; noting that all other amounts are cheques relating periods prior to July 2012 and would normally, as per Municipal Guidelines, require a write back after a three month period; this amounts to a total of R1 650 million, with a write back of R1 650 million and investigation to ascertain whether Finance wants to journalise the R 1 568 million to their account.</p>	Yes

Table 202 -Municipal Audit Committee Resolutions / Recommendations

Date of Meeting	Committee recommendations During 2013/14	Recommendations Adopted (enter Yes) / Not adopted (provide explanations)
	<p>Deposits in the bank account and not in the cash book relate to the 2011 year and since no claim to these have been made, they should be written back to the bank ledger account; a total write back of R16 000.</p> <p>Direct deposits received but not yet receipted needs to be fully investigated as these monies do not belong to the Market, they date back to 2011 and upon review relate to rental deposits and buyer deposits; it being noted that deposits relate to old buyers who no longer trade with the Market should be written back to the bank ledger account and current buyers should be receipted; noting further that all rental deposits have already been reviewed and these have been taken into account in the debtors work performed and they will be receipted in the current month; noting that there will always be a legitimate reconciling item of approximately R200 000-R300 000 in this category due to timing differences between the buyers deposit into the Market bank account and issuing of receipts; this amount leads to total of R890 000, with the remaining R590 000 being investigated and receipted.</p> <p>Process Manager: Budget and Treasury to give the necessary approval for the passing of relevant journal entries.</p> <p>The refund of R10 000 deposit should be paid, taking into account the fact that the internal processes of the municipality cannot prove that the deposit was credited to the buyer's account and the buyer used the funds, nor can they prove the amount was previously refunded to the buyer; it being noted that the guarantee deposit slips presented by the buyer are authentic in nature, they are original official Market documents and there is no legal defence in withholding the deposit.</p> <p>The 1500 deposit does not have to be refunded as the buyer holds no deposit slip, cannot recall exactly when the deposit was made and cannot prove to the Market that he is entitled to the R1500 deposit; it being noted against this that the card belongs to the owner of Jan Richter Centre who since 1998 still continues to trade with the Market on behalf of his old age home; noting further that he could take up the issue and bring upon some negative publicity to the Market and the Municipality, the effect of this should be weighed against a potential loss of R1500, if indeed the money was credited or refunded to him in the past; taking cognisance of the fact that legally he is not entitled to the refund and the facts of the case will be published as such should he choose to make an issue, and in addition any commercial transaction will not entitle you to a refund without proof of deposit.</p> <p>(c) That, in appointing the Principal Accountant, the following should be considered as the role he/she has to play, viz.</p> <p>The Principal Accountant's role at the Market is heavily weighted on the financial accounting side so one would expect a specialist accountant to fill the role.</p> <p>The role does present some fair challenges at the job grade that it is pitched as, so a good understanding of financial principles is a key.</p> <p>The Principal Accountant holds a senior position on the Market structure.</p> <p>The position is the only finance position in the entire structure, there is no finance team and the incumbent is expected to be the Market's financial expert.</p> <p>In the new Market structure which has been approved by Council, six people report to the Principal Accountant with three direct reports.</p> <p>Therefore the incumbent should have a fair level of management experience behind him/her to adequately handle issues from the Chief Cashier with 18 years municipal experience and the Systems Administrator with 10 years municipal experience, who do challenge the management from time to time.</p> <p>The incumbent needs to mentor, guide and most importantly to be able to make management decisions on a daily basis.</p> <p>The incumbent also needs to be a strong personality to deal with the Agents who can be tough.</p> <p>(d) That the Deputy Municipal Manager : Corporate Services (Acting) seek legal opinion on the contract of employment of Nomhle Ndlela in order to stop the speculation that is being made in certain quarters within the municipality.</p> <p>(e) That it should be noted that the Consultant's last day at the Market is 28 June 2013 and if there is any need for extension such request must be put in writing to Deloitte.</p>	

Table 202 -Municipal Audit Committee Resolutions / Recommendations		Recommendations Adopted (enter Yes) / Not adopted (provide explanations)														
Date of Meeting	Committee recommendations During 2013/14	Yes														
	<p>FINAL AUDIT REPORT ON THE AUDIT OF ASSET MANAGEMENT (3.10.1.1)</p> <p>(a) That the findings and recommendations made on the final Internal Audit report dated 6 August 2013 by the Executive Manager: Internal Audit on the audit of Asset Management be NOTED.</p> <p>(b) That the Strategic Management Committee monitor implementation of the agreed action plan as contained in the report, through progress reports to the Strategic Management Committee and thereafter the Audit Committee.</p> <p>(c) That it be noted that the conditional assessment of the asset useful life was not performed for the assets that were not physically verified during the verification process as well as on Infrastructure Assets to test for indicators of impairments.</p> <p>(d) That it be noted that the exercise of identifying and obtaining value of heritage assets has not been performed.</p> <p>That it be noted that the value of assets as per the fixed asset register is R6.5 billion and this is a material balance on the financial statements of the municipality, therefore failure by the accounting officer to provide evidence on the existence, valuation and completeness of assets could lead to a qualified audit report by the Auditor General.</p> <p>That it be noted that Professor Nyembezi Building is classified as property, plant and equipment in the fixed asset register, however this building is used for administrative purposes (offices) and for investment purposes (shopping centre, lease out car park and taxi rank); it being noted further that the administrative and investment portions of this property can be leased or sold or leased out separately and the investment area has been valued separately and has separately identified costs as follows, viz.</p> <table border="1"> <thead> <tr> <th>Building component</th> <th>Cost</th> </tr> </thead> <tbody> <tr> <td>Shopping centre</td> <td>R 40 million</td> </tr> <tr> <td>Parking area</td> <td>R 50 million</td> </tr> <tr> <td>Taxi Rank</td> <td>R 24 million</td> </tr> <tr> <td>Workshop</td> <td>R 10 million</td> </tr> <tr> <td>Offices</td> <td>R 42 million</td> </tr> <tr> <td>Total Cost of building block</td> <td>R164 million</td> </tr> </tbody> </table> <p>That the Deputy Municipal Manager : Corporate Services (Acting) and the Chief Financial Officer prioritise the evaluation and filling of the Senior Manager for Asset Management and other critical staff in the same component.</p> <p>That the municipality's infrastructure assets that are deteriorating in value and in use due to lack of regular maintenance be priorities for funding for maintenance at 2% of the value of the assets as per the National Treasury norm in the Mid-term Budget Review Process and in the Budget of the 2014/2015 financial year.</p>	Building component	Cost	Shopping centre	R 40 million	Parking area	R 50 million	Taxi Rank	R 24 million	Workshop	R 10 million	Offices	R 42 million	Total Cost of building block	R164 million	Yes
Building component	Cost															
Shopping centre	R 40 million															
Parking area	R 50 million															
Taxi Rank	R 24 million															
Workshop	R 10 million															
Offices	R 42 million															
Total Cost of building block	R164 million															
	<p>RISK MANAGEMENT STRATEGY STATUS UPDATE (3.10.1.1)</p> <p>That the report dated 18 October 2013 by the Executive Manager: Internal Audit on the progress made in the implementation of the Risk Management Strategy be NOTED.</p> <p>That the Municipal Manager ensures that the Risk Management Strategy be incorporated into the Performance agreements and/or work plans of the Deputy Municipal Managers.</p>	Yes														
	<p>FINAL INTERNAL AUDIT REPORT ON GAP ANALYSIS ON THE FINANCIAL MANAGEMENT SYSTEM (PROMIS) AND REVIEW OF FINANCIAL MANAGEMENT SYSTEM TERMS OF REFERENCE (TOR) (3.10.1.1)</p> <p>13.1.1. That the Chief Financial Officer writes a letter to National Treasury for the attention of the Accountant General explaining the predicament in which the municipality finds itself in as a result of the inadequate Financial Management System and attaches the report on Gap Analysis on the Financial System (PROMIS) and Review of Financial Management System Terms of Reference done by the Executive Manager: Internal Audit.</p> <p>13.1.2. That the Chief Financial Officer ensures that business process mapping is conducted prior to acquiring of a new Financial System.</p> <p>13.1.3. That the Chief Financial Officer ensures that the municipality engages with National Treasury in respect of the new Financial Management System; it being noted that a meeting be convened and should include a member of the Audit Committee, the Municipal Manager, the Municipal Officer and the Chairperson of the Municipal Public Accounts Committee.</p>	Yes														

Table 202 -Municipal Audit Committee Resolutions / Recommendations

Date of Meeting	Committee recommendations During 2013/14	Recommendations Adopted (enter Yes) / Not adopted (provide explanations)
13.1.4	<p>That the resolutions from (a) to (n) as stated below be SUPPORTED subject to (13.1.1) to (13.1.3) above being undertaken in the first instance;</p> <p>(a) That the municipality develops and documents an ICT Applications Architecture; it being noted that the implementation of an ICT Applications Architecture will enable the Municipality's ICT department to be agile in responding to business requirements, to provide reliable and consistent information and to seamlessly integrate applications into business processes.</p> <p>(b) That, as part of the process of developing the ICT Applications Architecture, the Municipality needs to identify all the applications that are in use and ensure that there is a business reason for the application to be part of the Municipality's applications portfolio.</p> <p>(c) That, where possible, the Municipality should ensure that related functions or processes are performed by a single application, to reduce the number of applications in use.</p> <p>(d) That automated interfaces should be developed between applications to facilitate interoperability between applications and eliminate the risk of error from manual processes.</p> <p>(e) That the Municipality needs to acquire an integrated ERP system that integrates capabilities from front-end customer-relationship management to back-end financial analytics and business intelligence can enable the Municipality to focus on decision making and delivering services rather than focusing on the IT infrastructure required to keep disparate applications running and communicating. The system should have at a minimum the key accounting modules that are used by the Municipality, inter alia:</p> <ul style="list-style-type: none"> (i) General Ledger, (ii) Cash Management, (iii) Accounts Payable, (iv) Accounts Receivable, (v) Payroll, (vi) Fixed Assets, and (vii) Inventory Management. <p>(f) That the Municipality acquire an integrated ERP system that includes any easy to use reporting tool for ad hoc reporting; and the reporting tool should include the capability to easily process reports to be viewed online and in PDF, as well as export them to a spread sheet program as required.</p> <p>(g) That the Municipality acquire an integrated ERP system that is user friendly and easy to learn and use.</p> <p>(h) That the Municipality ERP system needs to have the facility to perform automated online backups to improve ICT Continuity.</p> <p>(i) That the Municipality acquire an ERP system that facilitates compliance with the National Treasury regulations, Municipal Systems Act, GRAP, Municipal Finance Management Act and other applicable legislative and local government requirements.</p> <p>(j) That the findings, management comments and recommendations made in the Final Internal Audit Report on GAP Analysis on the Financial Management System (Promis).</p>

ANNEXURE I

MSUNDUZI MUNICIPALITY SERVICE DELIVERY & BUDGET IMPLEMENTATION PLAN FOR THE 2013/2014 FINANCIAL YEAR

Table 205 - ANNEXURE A: MONTHLY PROJECTION & ACTUAL OF REVENUE BY EACH SOURCE					
Budget Year 2013/14 - Month ending JUNE 2014					
Description	June Projected	Actual	Reason for Deviation	Corrective Measure	Source Document
Revenue By Source					
Property rates	50 609	36 244	In June, an amount of R17,647,235.79 was cleared for Msunduzi accounts as well as a portion of the R 2,411,059.26 as per the summary below. This has resulted in a "reduction" in the income when in real terms, the amount of R 20 million has accrued over three years. The system does not allow for the proportioning between years and therefore the whole amount is adjusted within one month.	It is not an on going error but it was a once off correction for the prior years.	FIGURES: Budget Office -PROMIS COMMENTS BY: Moses Ngobese and checked by Sifiso Khoza
Property rates - penalties & collection charges	3 114	(3 098)	The reversal of R17,647,235.79 as elluded above had a negative impact on the rates penalties and interest actual for June 2014 as well.	It is not an on going error but it was a once off correction for the prior years.	FIGURES: Budget Office -PROMIS COMMENTS BY: Moses Ngobese and checked by Sifiso Khoza
Service charges - electricity revenue	126 973	157 211	There was an adjustment which was supposed to be processed in JULY 2014 for Hulamin was processed in July but billing was only run on the 03.07.2014 instead of 30th June 2014.	Promis income section to consider the billing run date before any adjustments due for the following months are processed.	FIGURES: Budget Office -PROMIS COMMENTS BY: Moses Ngobese and checked by Sifiso Khoza
Service charges - water revenue	31 537	35 416	Increase was as a results of Task Team Project to raise all buried meters and attend to faulty meters.	Prompt attendance to reported faulty and buried meters.	FIGURES: Budget Office -PROMIS COMMENTS BY: Moses Ngobese and checked by Sifiso Khoza
Service charges - sanitation revenue	11 013	10 573	Due to adjustments on vacant properties and where water on business accounts was credited, sanitation was also adjusted.	To address all water technical queries related to water on business account.	FIGURES: Budget Office -PROMIS COMMENTS BY: Comments by Moses Ngobese
Service charges - refuse revenue	6 466	6 754	This was as a results of adjustments on refuse.	Refuse changes now and than as per instruction from Waste management. Waste management to provide input and a way forward to avoid fluctuations of actuals.	FIGURES: Budget Office -PROMIS COMMENTS BY: Moses Ngobese and checked by Sifiso Khoza
Service charges - other	-	-			
Rental of facilities and equipment	1 878	2 157	"1. Community Halls: Projected revenue for June was lower than the actual revenue received. 2. Truro Centre: Fees received on 3 July were deposited into June in the amount of R 73 940.78	2. Funds for July deposited into June was as per the instruction of Finance.	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit
Interest earned - external investments	2 252	8 262	Two months interest processed in June. Provision raised as part of year-end entries,	Recommend accrual/provision done monthly instead of just at year-end.	FIGURES: Budget Office -PROMIS COMMENTS BY: Finance Business Unit

Table 205 - ANNEXURE A: MONTHLY PROJECTION & ACTUAL OF REVENUE BY EACH SOURCE
Budget Year 2013/14 - Month ending JUNE 2014

Description	Reason for Deviation		Corrective Measure	Source Document
	June Projected	Actual		
Interest earned - outstanding debtors	105	11		
Dividends received	-	-		
Fines	962	90 347	Traffic Fines: Actual Income for June amounted to R98 625 which was R198 763 under the projected amount. The increase reflected is accommodating the introduction of GRAP 23 which requires fines issued and not paid. Traffic Fines - Camera: Actual Income received for June amounted to R2 338 555 although the projected income was R659 089. Income for May was only processed in June. Income presently received is currently higher than the budgeted amount. This is due to the introduction of GRAP 23 which identifies fines issued which was R80 636 850 over fines actually paid as mentioned above.	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit
Licences and permits	4	6	PMB 515 439 8553 TRADE-There was a noticeable increase in the application for Business Licences.	FIGURES: Budget Office -PROMIS COMMENTS BY: Economic Development Business Unit
Agency services	49	157	Income received depends on circumstances and when the request for Fire Department services are received.	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit
Transfers recognised - operational	36 718	40 608	Housing Accreditation Grant of R12million received from Department of Human settlements. Not budgeted for.	FIGURES: Budget Office -PROMIS COMMENTS BY: Economic Development Business Unit
Other revenue	5 404	31 345	Provision raised for training levy recoveries at year-end.	FIGURES: Budget Office -PROMIS COMMENTS BY: Corporate Business Unit
Gains on disposal of PPE	-	-		
Total Revenue (excluding capital transfers and contributions)	276 484	415 992		

Table 206 - ANNEXURE B: MONTHLY PROJECTION & ACTUAL OF REVENUE COLLECTED BY EACH VOTE
Budget Year 2013/14 - Month ending JUNE 2014

Description R thousand	June Projected	Actual	Reason for Deviation	Corrective Measure		Source Document
Revenue by Vote						
Vote 1 - Corporate Services and Planning	1 096	2 481	Provision raised for training levy recoveries at year-end.	Recommend to be done monthly.	FIGURES: Budget Office -PROMIS COMMENTS BY: Corporate Business Unit	
Vote 2 - Financial Management Area	74 037	43 452	In June, an amount of R17,647,235.79 was cleared for Msunduzi accounts as well as a portion of the R 2,411,059.26 as per the summary below. This has resulted in a "reduction" in the income when in real terms, the amount of R 20 million has accrued over three years. The system does not allow for the proportioning between years and therefore the whole amount is adjusted within one month.	It is not an on going error but it was a once off correction for the prior years.	FIGURES: Budget Office -PROMIS COMMENTS BY: Finance Business Unit	
Vote 3 - Infrastructure Development, Service Delivery and Maintenance Management	195 859	251 030	The Infrastructure Services business unit reflected additional revenue for the month of June by R42 668 192 due to each vote or line item not reflecting a budget.	All line items for revenue must indicate a budget so as not to distort the actual revenue	FIGURES: Budget Office -PROMIS COMMENTS BY: Infrastructure Business Unit	
Vote 4 - Sustainable Community Service Delivery Provision Management	5 491	119 028	<p>"1. On-street Parking: No income was budgetted for although R96 032 was received for June.</p> <p>2. Traffic Fines - Camera: Actual Income received for June amounted to R2 338 555 - this included income received for May as well. Income presently being received in more than the budgetted amount.</p> <p>3. Burials: The projected amount for June was R41 813 compared to the actual amount of R278 605.</p> <p>4. Cremations: The projected amount for June was R51 921 but the actual was R219 823.</p> <p>5. Provincial Grant - Library: The amount projected for June was R19 580 although R6 378 539 was actually received.</p> <p>6. Other Income: Included in the Actual Income amount of R16 571, are the Landfill Site, the Airport, Licensing, Forestry and the Market all of which are not part of Community Services."</p>	<p>" 1. An amount of R938 619 has been budgetted for expected income for the 2014/15 financial year.</p> <p>2. The anticipated income for the 2014/15 financial year has been set at R13 860 325 as compared to R7 908 613 during the 2013/14 financial year.</p> <p>5. This was incorrectly budgetted for the 2013/14 financial year but has been rectified for the 2014/15 financial year.</p>	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit	
Total Revenue by Vote	276 484	415 992				

Table 207 - ANNEXURE C: MONTHLY PROJECTION & ACTUAL OF OPERATIONAL EXPENDITURE BY VOTE

Description	Budget Year 2013/14 - Month ending JUNE 2014		Reason for Deviation	Corrective Measure	Source Document
	June Projected	Actual			
Expenditure - Standard					
Governance and administration	30 194	(93 657)			
Executive and council	3 559	(71 267)	The deviation on the salaries votes was mainly because staff were appointed to the call centre and for long service: General Expenditures: Most payments are not set monthly expenses, renovations were completed in the ward offices, scheduled programmes were undertaken for mayoral Projects: Repairs & Maintenance - repairs carried out when needed - not a set monthly expense - Actual showing negative as expenditure for the year for support departments charged-out to services departments as part of year-end entries.	Salaries to be budgeted for new staff in the Call Centre. Programmes undertaken as per scheduled list. Recommend that charge-outs be done on a monthly basis.	FIGURES: Budget Office -PROMIS COMMENTS BY: MM's Office (Vino Padayachee)
Budget and treasury office	21 589	4 824	Year-end entries put through for actual annual expenditure charge-out of support department to services departments.	Investigate possibility of processing entries on a monthly basis	FIGURES: Budget Office -PROMIS COMMENTS BY: Finance Business Unit
Corporate services	5 046	(27 214)	1. Annual software licences were paid 2. Training levy amounting to R2.1million was paid 3. Legal fees from MM's office for R12 million was paid 4. Batho pele had several functions costing R43000 5. Medical supplies are purchased when required and not on a monthly basis 6. Vacant posts are centralised under CS for the entire municipality - Actual showing negative as expenditure for the year for support departments charged-out to services departments as part of year-end entries.	Training levy to be paid monthly City hall to budget for legal fees - Recommend that charge-outs be done on a monthly basis.	FIGURES: Budget Office -PROMIS COMMENTS BY: Corporate Services Business Unit
Community and public safety	32 307	175 630			
Community and social services	5 715	10 511	"1. A significant portion of the actual expenditure for June comprised Insurance General. 2. The projected fuel costs for the Creators for June was R72 972 but the actual expenditure amounted to R 199 163. 3. Departmental costs for Electricity were processed during June. 4. Financial Services were also included in the actual expenditure but does not form part of Community Services."	" 1. This is processed annually in June. 2. Increase in the number of burials but income also increased. 3. Year-end entries not yet processed."	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit
Sport and recreation	6 414	37 817	"1. A significant portion of the actual expenditure for June comprised Insurance General. 2. Departmental costs for Electricity and Water were processed during June. 3. Interest - Long term - DBSA was processed during June."	" 1. This is processed annually in June. 2. Year-end entries not yet processed. 3. Processed annually in June. "	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit
Public safety	16 557	85 211	"1. Departmental costs for Electricity were processed during June. 2. A significant portion of the actual expenditure for June comprised Insurance General. 3. During June, payment for the repairs to vehicles was processed."	" 1. Year-end entries not yet processed. 2. This is processed annually in June. 3. Vehicle repairs are often delayed during the year. Repairs should be completed more evenly during the year. "	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit

Table 207 - ANNEXURE C: MONTHLY PROJECTION & ACTUAL OF OPERATIONAL EXPENDITURE BY VOTE
Budget Year 2013/14 - Month ending JUNE 2014

Description R thousand	Reason for Deviation		Actual	Corrective Measure	Source Document
	June Projected	Actual			
Housing	1 547	22 036	Housing does not form part of Community Services.		FIGURES: Budget Office -PROMIS COMMENTS BY: Economic Development Business Unit
Health	2 075	20 054	"1. A significant portion of the actual expenditure for June comprised Insurance General. 2. Interest - Long term - DBSA was processed during June. 3. Occupational Health was included in the actual expenditure for June but does not form part of Community Services."	" 1. This is processed annually in June. 2. Processed annually during June. "	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit
Economic and environmental services	28 391	49 099			
Planning and development	6 418	(17 278)	The business units under Infrastructure Services reflects a charge out (revenue) of R3.5m from the user departments.	This is a year end process.	
Road transport	21 973	66 377	Fourth quarter Dbsa loan repayment and accrual of interest / R6 042 889 expenditure processed in June for external services its maintenance of gravel roads. The overexpenditure is attributed to the charge outs that have been processed in June which is part of the year end process.	Invoices to be submitted time-ously / Budget should be in line with quarterly interest charges and loan repayments / Improved planning to avoid excessive expenditure at year end.	FIGURES: Budget Office -PROMIS COMMENTS BY: Infrastructure Business Unit
Environmental protection	-				
Trading services	177 572	357 759			
Electricity	112 845	209 579	The monthly Bulk Purchases budget has been understated as this should be in line with the peak winter charges as opposed to the budget being divided by twelve./ Dbsa loan repayment and interest charges accrual. Departmental charges have been processed as part of the year end process.	Monthly budgets should be in line with the billing cycle / Budget should be in line with quarterly interest and loan repayments	FIGURES: Budget Office -PROMIS COMMENTS BY: Infrastructure Business Unit
Water	45 249	60 251	R6 262 020 credit passed by stores due to an incorrect unit pricing. Departmental charges have been processed as part of the year end process.	Stores to ensure that the correct unit price is captured in the financial system.	FIGURES: Budget Office -PROMIS COMMENTS BY: Infrastructure Business Unit
Waste water management	11 668	45 516	R4 622 268 invoices processed for the installation of VIP pit latrines / Dbsa loan repayment and accrual of interest. Departmental charges have been processed as part of the year end process.	Timeous submission of invoices for grant funded projects. Budgets must be reflected for all departmental charge out votes.	FIGURES: Budget Office -PROMIS COMMENTS BY: Infrastructure Business Unit
Waste management	7 811	42 413	The cover material for may and June was processed in this month. The variance is attributed to the year end processes.	Budgets must be reflected for all departmental charge out votes.	FIGURES: Budget Office -PROMIS COMMENTS BY: Infrastructure Business Unit (S. Raghunandan)
Other	3 236	27 502	Year-end entries put through for Forestry and departmental charges.	Investigate possibility of processing entries on a monthly basis

Budget Year 2013/14 - Month ending JUNE 2014

Description R thousand	Reason for Deviation		Actual	Corrective Measure	Source Document
	June Projected	Actual			
Multi-year expenditure to be appropriated					
Vote 1 - Corporate Services and Planning	3 732	36 052		Capital expenditure is not constant/monthly due to scm process. SCM processes need to be expedited	FIGURES: Budget Office -PROMIS COMMENTS BY: Corporate Services Business Unit
Vote 2 - Financial Management Area	942	55		Fasttrack the process of appointing the service provider. Visit to City of Johannesburg and Tswane to take place in July 2014.	FIGURES: Budget Office -PROMIS COMMENTS BY: Finance Business Unit
Vote 3 - Infrastructure Development, Service Delivery and Maintenance Management	37 631	102 482		The main problem is that the cash flows are not realistic as they are calculated in a straight line by distributing the budgets in 1/12th over the financial year. Construction budgets are a S-curve i.e. Projects start slow and expenditure improves as time is spent on site and initial glitches of contract (i.e. community embracing the project, employment issues, unidentified / illegal services etc.) are getting resolved. Some projects are late delivery by default eg in cases where black tops are used. This layer is expensive in nature and is not partly claimed but only at completion. These claims result in a hummer hear type of expenditure profile. Contractors also don't like to claim if a progress certificate is not carrying substantial amounts of payments as they prefer to claim in bulk. The well-established contractors don't mind skipping a month in order to claim a bulk amount as they have sufficient finance to carry any consumable costs such as fuel, salaries, etc.	FIGURES: Budget Office -PROMIS COMMENTS BY: Infrastructure Business Unit
Vote 4 - Sustainable Community Service Delivery Provision Management	4 358	14 821		"1. Parks department incurred substantial Capital expenditure during June comprising mainly: a. MIG - construction of the Msunduzi Athletic Track b. COGTA - Alex Park Athletic Track c. MIG - Mountain Rise Cremators. 2. Library Services incurred the following Capital expenditure in June: a. Provincial Grant - Plant & Equipment b. Provincial Grant - Computers c. Provincial Grant - Motor Vehicles. 3. Other Capital expenditure incurred during June included the Market and Airport which do not form part of Community Services."	FIGURES: Budget Office -PROMIS COMMENTS BY: Community Services Business Unit
Capital multi-year expenditure sub-total	46 663	153 410
