INDIAN PRIME MINISTER VISIT – 09 JULY 2016

The visit by the PM of India, and the inauguration of the Gandhi Exhibition at the Pmb Railway Station was an important milestone for the City and Tourism.

The event was televised widely around the world, especially in India, and we can expect a flood of visitors to the city in the future to see the exhibition and the other Gandhi sites. We thank the PMB Gandhi Memorial Committee, Premiers Office and Msunduzi Municipality for making this a success that it was.

BREXIT:

The United Kingdom's is one of the major source markets for South Africa. Its withdrawal from the European Union after a close vote by its citizens could hurt travel from the UK to South Africa. The pound took a knock after the vote was announced, and some analysts have warned that the UK economy will be weakened by the move.

David Frost, SATSA CEO, expressed concern, pointing out that the UK is the South Africa's largest overseas source market for tourism. "From that point of view, I don't think it's good news for us," he said, adding that while the impact of the move remains to be seen, it's unlikely to be good.

Effect of Visa Regulations on Local Tourism

As per data from SAT. Note below the decline in 2015 totals – largely due to the effect of the South African visa regulations.

THE BIGGEST MANDELA DAY EVENT 13 - 20 JULY 2016

Every year people and organisations want to do something worthwhile for Mandela Day.
Now is the perfect opportunity to help the hungry, team build and have fun...

Stop Hunger Now SA continues to break world records by this year undertaking and leading Stop
Hunger Now International to package 10 million meals between 13th and 20th July 2016.
This is a great company TEAM BUILDING activity for 20 PERSONS. A WIN/WIN for ALL.

Food security is a major issue and the meals you pack go to Early Childhood Development (ECDs)
Centres, Universities and anyone who is hungry.

The PMB target is 100 teams

A TEAM OF 20 at R500 ea = R10 000 FOR THE HUNGRY
