Staff Compliments

The Month of August was by far one of the most active months in the city! Many may question this but the answer is simple "WOMEN'S MONTH". The world has never been a better place and a safer place other than in the hands of a woman- This is a woman that gave life to every human being that has ever existed on this earth, the same woman that would make sacrifices that no other man could even begin to attempt when those dark days arrive. This is a special message from the Municipality recognising and acknowledging women from all walks of life, colour and creed. The municipality takes seriously the emancipation of women in all aspects. We are committed in engaging women's rights and addressing women's issues so that solutions in empowering these women can be established. The Mayoral office has devoted time and funds in coming up with programmes that have seen women getting empowered. The Special Programmes Unit which is a unit under the Mayoral office is a unit managed and facilitated by Mrs Sanelisiwe Ndlovu who has found pleasure in the emancipation of women from all ages and different backgrounds. In the month of August the Special Programmes Unit hosted Women with Disability Forum on the 16th of August 2017 where women looking to get into business as a way of empowering themselves attended. This initiative introduced to these women opportunities that are there for disabled individuals and encouraged them to use these to empower themselves and become stronger and better women not only for others but for themselves. On the 17th of August 2017 Women in Prayer came together and held a praying ceremony which took place at City Hall where different congregations gathered under one roof praying for all the women out there with different issues and facing different challenges. On the 23rd of September 2017 the training of Senior Citizen Provincial Games took place where the actual games will take place from the 12th to 14th September 2017 under Ugu District in Margate. The City is proud to announce that 90% of the participants are Msunduzi born and bred with more and more elderly women participating in these games we can all agree that the barrier between women and sports has been eliminated. Lastly, a boys' camp took place which aimed at educating young boys how to treat women from an early age. The camp was to groom these young boys into young men that say no women abuse and that aspire to become better individuals while protecting women and their rights.

The municipality does not only pride itself with women events that place in the month of August but there are a number of activities that seek to provide women with better opportunities. Izwi Labafelokazi is another initiative under the Special Programmes Unit in the Mayoral Office led by Mrs Ndlovu which is a group

of widows that meet almost frequently to council one another on how to take on life after losing a husband. The group also tackles issues such as dealing with financial strains and looking at opportunities to get into business such as the establishment of Co-operatives to sustain themselves as single parents. Women are the backbone of the development of rural and national economies. Therefore it is of great importance that we see private and public sectors joining forces and creating more opportunities which will empower women. The month of August serves as a reminder of the strength and courage that women hold. It is a reminder that we as women need to unite and stand together for a better world. “Let us all unite as women to move South Africa forward – **“Wathint’abafazi wathint’ Imbokodo”** We also urge all the Pietermaritzburg residences to:

MR KZN AMBASSADOR WINNER

To the Honourable Mr. Mayor of Pietermaritzburg

Thank you for the time to review what I consider to be an ambassadorial role as Mr. KZN ambassador 2017. The pageant will be taking place on the 27 August 2017 at the La Montagne in Balito and I am proud to inform you that I a finalist, and as such, will be representing the city of Pietermaritzburg

The purpose is of the competition is to find a representative for KZN that can assist in community based ser-

vices and projects. Basically giving back to the community .

Casa Bella home and decor Centre, in Hilton, is my official sponsor. Together we have already sponsored 2 cricket pitches to the one life church site in Mbali. We believe it will assist in taking orphans and disadvantaged children off the streets in that area during the day. Being in a church we felt that Christian morals will be there to support and teach these children. And perhaps it will be the humble beginnings of the next South African Cricket star!

My Sponsor has also donated 14 blinds towards my cause as they feel that enriching the community is important to uplift quality of life for all. I feel it worthy to note that their donations amount to well over R45 000 in donations in products. Throughout my journey I feel blessed with such a great sponsor. I work now full time with them as their sales consultant in the field of Interiors, specializing in upmarket laminated floors, blinds, rugs and other interior products

Here are pictures of myself wearing the Mr. KZN ambassador sashet, along with pictures of the donation of the cricket pitch.

I truly look forward to hearing from you.

Kind Regards,

Lamlani Gwala

STAFF COMPLIMENTS

Good morning

Just a heartfelt thank-you to the team from the Electricity Dept for restoring the lighting on Crawford Road – not sure if it was Mr Shange and his team who attended.

They were back on site yesterday, replacing the temporary ballasts/lighting installed last week.

I arrived home last night to an exceptionally well-lit street, from top to bottom – with the new, significantly brighter energy-saver lights installed – they are fantastic!

In the 16 years that I've lived here, this is the best that it's ever been...

The area is now almost as well-lit as Harry Gwala Stadium...

BIG, BIG UPS to the TEAM!

Greatly appreciated...
