# CHAPTER 1 - MAYOR'S FOREWORD AND EXECUTIVE SUMMARY

### **COMPONENT A: MAYOR'S FOREWORD**

COUNCILLOR MJ NJILO CITY MAYOR

# FOREWORD FOR THE ANNUAL REPORT BY HIS WORSHIP THE MAYOR, CLLR THEMBA NJILO

The Municipality in compliance with chapter 12 (section 121) of the Municipal Finance Management Act 56 of 2003 is required to prepare annual report and table such a report to council within nine months after the end of the financial year, in this case the 2015/16 financial year. It is in this context that this report is prepared. The 2015/16 was a tough year for local government in general as this was the last year of the previous term of Council and the local government election were looming. One can only reflect on the accomplishment of the previous council and also commit to make improvements where they are needed. As this current council we are committed to the municipal vision of "Creating a safe vibrant city in which to live, learn, raise a family, work, play and do business". Although the Municipality regressed in terms of the audit outcome of the 2015/16 financial year there are a number of positives that occurred during the 2015/16 which indicate that the Municipality is indeed moving in the right direction. The construction on the long awaited IRPTN project commenced along the Edendale road. The municipality also continued with the Implementation of a number of projects such as the Upgrading of community halls, road construction and maintenance, upgrading the water infrastructure and extension of waste collection services.

The Municipality continued to align its operations to the Provincial Growth and Development Strategy having participated in four (4) PGDS working groups. In line with PGDS Goal 1 of Job creation the Municipality Implemented the EPWP project and created numerous job opportunities through all its capital projects and also facilitated a tripartite agreement that ensured that 100 youth we trained on plumbing at Umgungundlovu FET and would get experience through the Municipality and a water entity with the aim of ultimately employing these young people. The Municipality aligns to all the seven goals of the PGDS and this is thoroughly articulated in our Integrated Development Plan.

As part of the preparations for the fourth generation Integrated Development Plan (IDP) which caters for the 2017/18 to 2021/22 Financial years, the municipality has ensured that the objectives of the municipality are aligned to all the relevant national, provincial and local strategies including the:

- Sustainable Development Goals;
- National Development Plan;
- National Infrastructure Plan;
- Government outcomes 1-12;
- Provincial Priorities (State of the Province Address); and
  - Provincial Growth and Development Strategy (PGDS).
- District Growth and Development strategy

The Municipality has already prepared an action plan to address the concerns raised by the Auditor General. There is performance management system in place to ensure that people deliver on the set strategic objectives and targets. The Management reports against planned targets on a monthly basis and these are audited every quarter by our Internal Audit unit.

During the 2015/16 financial year, in order to provide progress on performance as well as to get input towards the 2016/17 budget and IDP, public participation meetings took place in November 2015 and again in March and April 2016. Stakeholders included, amongst others, Councillors, ward committee members, business, NGO and CBO sector, provincial sector departments and members of the community. These were very well attended indicating the commitment our people have towards the development of the city.

THE HONOURABLE MAYOR COUNCILLOR: M J NJILO

### 6

### **COMPONENT B: EXECUTIVE SUMMARY**

### 1. OVERVIEW BY THE CITY MANAGER: ANNUAL REPORT 2015/2016

SIZWE HADEBE CITY MANAGER (ACTING)

### **OVERVIEW BY THE CITY MANAGER**

### Legislative Requirements for the Preparation of the Annual Report:

The preparation and publication of the Annual Report is a legislative requirement as per Section 46 of the Municipal Systems Act (MSA) 32 of 2000 and Section 121 of the Municipal Finance Management Act (MFMA) 56 of 2003.

Section 46 (1) of the MSA states that: A municipality must prepare for each financial year a performance report reflecting –

- (a) The performance of the municipality and of each external service provider during the financial year;
- (b) A comparison of the performances referred to in paragraph (a) with targets set for and performances in the previous financial year; and
- (c) Measure taken to improve performance.

(2) An annual performance report must form part of the municipality's annual report in terms of Chapter 12 of the Municipal Finance Management Act (MFMA) 56 of 2003.

### Section 121 of the MFMA states that:

- (1) Every municipality and every municipal entity must for each financial year prepare an annual report in accordance with this chapter. The council of a municipality must, within nine months after the end of a financial year, deal with the annual report of the municipality and of any municipal entity under the municipality's sole or shared control in accordance with section 129.
- (2) The purpose of an annual report is:
- (a) To provide a record of the activities of the municipality or municipal entity during the financial year to which the report relates;
- (b) To provide a report on performance against the budget of the municipality or municipal entity for that financial year; and
- (c) To promote accountability to the local community for the decisions made throughout the year by the municipality or municipal entity.

Subsections (3) and (4) continue to prescribe the contents of the annual reports for both the municipality and municipal entities. During the oversight process, to which the draft Annual Report will be subjected, compliance with these legislative requirements will be analysed.

### Legislative Mandate and Key Performance Areas:

The main accountabilities of the Accounting Officer and the mandate of the municipality are aligned to the five legislated Key Performance Areas which include the following:

- 1. Basic Service Delivery and Infrastructure;
- 2. Local Economic Development;
- 3. Municipal Financial Viability and Management;
- 4. Good Governance and Public Participation; and
- 5. Municipal Transformation and Organisational Development.

### Service Delivery Highlights:

### **Infrastructure Services:**

This component includes: Water Services, Sanitation Services, Electricity, Roads, Transportation Planning, Storm Water, Fleet Management and Waste Management – Landfill site.

- 8 839km of reticulation was surveyed for leaks using leak detection methods. 7 914 Leaks found and 7 647 repaired to date (96% completion achieved). Estimated System Input Volume (SIV) reduction of 26,1 MI/day and monetary savings accounted to R48,3 million p.a.;
- 348 bulk consumer meters were replaced with new meters and correct installation to help increase revenue for the Municipality.
- 14 733 restrictor washers were installed at domestic homes to reduce demand from consumers due to the drought;
- 2 062 domestic homes were also visited where 11 035 internal leaks were repaired to help reduce excessive leakage.
- 4,4 Km of water pipeline was replaced in line with Asset Management requirements.
- A total of 259 new water connections where completed.
- The Msunduzi Municipality was once again awarded the Blue Drop Status. The award is called Blue Drop with Platinum Status as Msunduzi Municipality has achieved its drinking water quality summa-cum-laude for 3 consecutive assessment periods.
- A total of 700 Ventilated improved pits (VIPS) was constructed for the basic sanitation program.
- The outfall sewer interceptor of 4.3 km was completed in the Shenstone Ambleton Valley. The completed outfall sewer will ultimately allow approximately 6000 households access to waterborne sanitation.
- A total of 2.13 km of sanitation pipe was installed in Unit H and a further 116 connections were completed.
- A total of 6.57 km of sanitation pipe was installed in Azalea and a further 177 connections were completed.
- A total of 3.5 km of defective sanitation piping was replaced.
- The electrification of 846 households in the informal settlement areas of Triumph Road, SWAPO Phase 2, Zuma Extension and Jika-Joe Masukwana street.
- Installation of High Masts Lights: 46 High Masts Lights were connected and commisssioned in various wards (Ward 1-5 Masts, Ward). A
  budget of R8m was made available in the beginning of the financial year. There was a variance between the original budget and the total
  budget spent where more funds were made available and additional 6 High Masts Lights were purchased to be installed in the 2016/17
  financial year.
- Upgrade of Northdale Substation:- The upgrade of Northdale is ongoing where installation of 40MVA power transformers and alteration of the 132kV yard is in progress. The contract was concluded during the 2015/16 financial year to the amount of approximately R4m. The project is expected to be completed by December 2016.
- 25.08km of roads were upgraded in 2015/16 financial year. Funds are slowly being made available by the municipality towards the rehabilitation programme, which makes up the preventative maintenance of the department. In access, 45000m2 of road surfacing was attended in 2015/16.
- 26.7km of storm water channels were constructed in the 15/16 financial year. Due to financial constraints, the available funding is not enough to deal with storm water issues. 2015/16 saw the design on new storm water drainage and channelling, however this is currently put on hold to deal with Water Usage License processes that have been introduced by the Department of Water and Sanitation.

### **Economic Development:**

Economic development and physical planning at Msunduzi Municipality contributes to:-

- (a) Creation of jobs and protection of the livelihood of the people.
- (b) Protection of the environment and cultural heritage of the residents.
- (c) In general, contribute in encouraging Sustainable Development.
- There were 110 jobs created through all the municipal capital projects
- The LED forum was established and three meeting were held during the 2015/16 financial year.
- There are currently nine housing projects that are in various phases of the implementation stage. These projects are expected to deliver a combined yield of 30202 units in different financial years which is inclusive of Operation Sukuma Sakhe Phase 1 and 2 interventions. During the 2015/16 financial year the municipality was able to deliver 3 048 units to low income qualifying beneficiaries of the Msunduzi Municipality
- The municipality piloted the One Ward One Co-op project for waste and environmental management, a total of 14 co-operatives were established with 70 direct jobs.
- The budget that was allocated for the market upgrade has been fully expended and the interest that accumulated on the capital account will be utilised to the erect an internal fencing that will create space for another agent. In partnership with KZN Agricultural Development Agency there are plans to develop an agro-processing facility. The market has been able to attract in excess of 200 new buyers especially from the previously disadvantaged groupings

### **Community and Social Services:**

- Work was initiated on the Kwapata garden refuse/recycling site where the fencing was completed in June 2016. Partners are being
  sought with regards to the development of the site into a combination garden refuse and recyclables sorting plant. The Integrated Waste
  Management Plan was developed internally and approved by council. Waste Management is an integral part of the IDP.
- The refuse collection services were extended by another 35000 householders to now total approximately 120000. This is done via 15 contracted ward based co-operatives in 14 wards.
- Development and adoption of the Disaster Management Plan.
- Approved business plan for the maintenance of 65 sports facilities
- Approved Msunduzi sports and recreation plan.
- Developed plan for the sustainability of the Harry Gwala Stadium
- Commenced work on the Revitalisation of Alexandra Park
- Continued work on the Regional Athletic Track
- Upgrading of the Alexandra swimming pools
- Implementation of the maintenance master plan
- Book buying and renovations are ongoing projects at city libraries
- Preservation and digitization are major project that the library embarked upon.

# Msunduzi Annual Report 2015/2016

### Corporate Services, Finance and Administration:

- A total of 127 Council Committee meetings took place. 41 of these meetings were those of the Executive Committee who meet on a weekly basis. 15 of these include the meetings of the Full Council which take place once a month on the last Wednesday of every month.
- Both the Annual Report and the Oversight Report were developed and attended to as per the applicable legislative requirements.
- The municipality continues to meet its turn-around time of the finalization of the minutes of all portfolio committee meetings within 7 working days after the meetings are held.
- All policies relevant to the approval of the annual budget were reviewed and approved together with the approved budget. This includes, inter alia, the reviewed indigent and rates policy.
- Indigent policy refers to: people who are lacking the necessities of life such as sufficient water, basic sanitation, refuse removal, environmental health, basic energy, health care, housing, food and clothing. We had 5 827 beneficiaries on this programme in 2015/2016 financial year.
- The Information and Communication Technology (ICT) unit prioritized the following three critical projects during the 2015/16 financial year as set out in the SDBIP Operational plan:
- 1. Implementation of SAP ERP Project
- 2. Disaster Recovery (DR) Site at Mkhondeni Market
- 3. Operational Level Agreement (OLA)
- Up to 1,377 jobs were evaluated and aligned to T.A.S.K during 2015/16 financial year;
- Skills audit of all permanent employees was concluded in 2015/2016
- To support staff migration into the new structure, Staff Allocation Policy has been approved;
- Staff migration to the new structure was concluded on 1 June 2016;
- Job Descriptions, have been completed for the entire organization; and
- An audit to ascertain future shortages of critical skills based on resignations, pending retirements, and identified areas of scarce skill has been initiated.
- 20 HR Policies were developed or reviewed and extensively consulted in the 2015/16 financial year. The Policies did not reach approval stage in the 2015/16 financial year as they were delayed in the consultation with Local labour forum.
- Workplace Skills Plan (WSP): As informed by the organization's strategic and operational needs, as well as skills audits and training needs analysis; the team will facilitate implementation of the WSP to close identified skills gaps.
- 1171 Employees and Councillors were trained in the 2015/16 financial year.
- Bursary Management: 57 employees were in receipt of study assistance, and 12 community members were awarded bursaries in 2015/16.
- During 2015/16, 70 candidates were enrolled as interns within environments manned by talent considered critical and scarce.
- In the 2015/2016 financial year portfolio committees held meetings on a regular basis and this can be seen in the summary provided above. Msunduzi Municipality was also able to meet the legislative deadlines in the development and submission of the Annual Performance Report for 2014/2015, Annual Report 2014/2015, Oversight Report 2014/2015 and also the Section 72 Mid-Year Budget & Performance review.

### Measures to Improve Performance:

The approved Service Delivery and Budget Implementation (SDBIP) and Operational Plan (OP) included a total of 172 projects. This includes 80 operating projects and 92 capital projects. On both the operating and capital projects, the Municipality achieved at least 70% of the targets that were set at the beginning of the financial year. The report on both the SDBIP and OP (attached as Annexure '1' and '2') includes corrective measures as well as the timeframe/s for each individual Key Performance Indicator/ project. However, at a strategic level, in order to improve performance for the 2016/ 2017 financial year, the following measures have been put in place:

- Complete the acquisition and implementation of the financial management system.
- Roll-out of the smart-metering system.
- Weekly monitoring of capital expenditure, both Council and grant-funded capital projects.
- Accelerated implementation of the non-revenue water loss programme.
- Continued use of 20 Expanded Public Works Programme (EPWP) workers per ward to improve the cleanliness of the City.
- Embarking on an aggressive debt collection programme.
- Implementation of the City Development Strategy (CDS).

Without a doubt, the municipality continues to make progress towards achieving its mandate of providing developmental service delivery to its citizens. The municipality will implement an audit action plan to deal with matters raised in the AG audit whereby a Qualified audit opinion was received. This will allow the municipality to work towards a clean audit, which will ensure that we continue to build a capable and developmental city that will be able to implement the City Development Strategy moving us closer to achieving our vision and strategic objectives as set out in the Municipality's City Development Strategy.

S. HADEBE

**CITY MANAGER Acting** 

# 2. MUNICIPAL FUNCTIONS, POPULATION AND ENVIRONMENTAL OVERVIEW

### INTRODUCTION TO BACKGROUND DATA

Msunduzi Municipality provides Water, Sanitation, Electricity, Refuse Removal, & Housing as part of the Basic Services. It also provides Roads, Stormwater & Drainage together with Local Economic Development and the approval of local building plans to local communities.

### 2.1. VISION STATEMENT

A safe, vibrant city in which to live, learn, raise a family, work, play and do business.

### 2.2. MISSION STATEMENT

To ensure that the Municipality functions effectively and in a sustainable manner in order to deliver services of excellence to the community.

### 2.3. LOCALITY

The Municipality affectionately known as Pietermaritzburg or the City of Choice is located along the N3 at a junction of an industrial corridor from Durban and Pietermaritzburg and an agro-industrial corridor stretching from Pietermaritzburg to Escourt. Regionally is identified at the cross section of the N3 corridor and Greytown Road corridor to the north, a tourist route to the Drakensberg and Kokstad Road to the South.

### 2.4. THE POPULATION OF MSUNDUZI

	Total Population	Share of KZN Population	Share of uMgungundlovu	Population growth rate	Population density

### TABLE 8: HEALTH FACILITIES WITHIN MSUNDUZI MUNICIPALITY

Name sub-District	Mobiles	Satellites	Clinics	Community Health Centres
Msunduzi	6	7	31	2

### TABLE 9: DISTRIBUTION OF CHILD HEADED HOUSEHOLDS - 1996, 2001 AND 2011

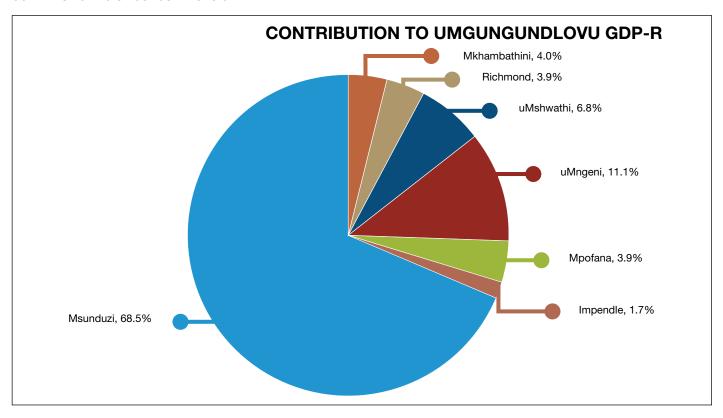

Municipality	No. of househo	lds headed by child	ren (0-17 years)	% of households headed by children (0-17 years)			
Mullicipality	1996	2001	2011	1996	2001	2011	
MSUNDUZI MUNICIPALITY	1,067	674	920	0,9	0,3	0,6	

### THE ECONOMY

The Municipality possesses a number of economic advantages, including:

- Locational Advantages: the centrality of the Municipality and the fact that the Municipality is bisected by the N3 corridor, which is the primary logistical corridor linking Gauteng and the Durban Harbour;
- Natural/Geographical Advantages: Highly fertile land;
- Human Capital Advantages: Good Schools and Tertiary institutions; and
- Institutional Advantages: Msunduzi enjoys the 'Capital City' Status.

### **COMMENT ON BACKGROUND DATA:**

The data provided herein is data used from the Census 2011 report conducted by Statistics South Africa and HIS Global Insight, 2015. Msunduzi Municipality strives to ensure the backlogs in the delivery of Basic Services like Water, Electricity and Housing are reduced on an annual basis.

### 3. SERVICE DELIVERY OVERVIEW

### SERVICE DELIVERY INTRODUCTION

### 1. Service Delivery

The Msunduzi Municipality basic services as contained in the Municipal Indigent Policy is intended to provide norms and standards for a program to improve the lives of indigents and to improve access to FREE BASIC SERVICES. The policy recognizes the need for inter-government co-operation in the process of dealing with indigents but places a specific emphasis on the local government sphere, recognizing the important role a municipality has in effectively addressing the needs of indigent households. This requires local understanding and local initiative as well as co-ordination and support from national and provincial governments.

The indigent policy seeks to address the problem of institutional exclusion by facilitating the reform of the systems of local government in ways that ensure the inclusion of the poor in ways that will guarantee their access to affordable basic services. The implementation of the indigent policy as the basis of providing Free Basic Services was done in context of socio-economic realities facing our communities such as:

- High level unemployment
- Low income earners that have limited affordability
- High incidents of child-headed households
- Natural attrition of elderly headed households within our society.

The Municipality's indigent policy applies specifically to the Free Basic Services programme within the Municipality i.e. free basic electricity, free basic refuse removal, free basic sanitation, and free basic water. We had 5 827 beneficiaries on this programme in 2015/2016 financial year.

### 2. Indigent Population

"Indigents" - means an owner /occupier of a property as defined in the qualification for concessions. Lacking the necessities of life such as sufficient water, basic sanitation, refuse removal, environmental health, basic energy, health care, housing, food and clothing. This is a household which is not financially capable of paying for the delivery of Basic Services - including poor households

### Qualification for concessions - Indigent policy 2015/2016

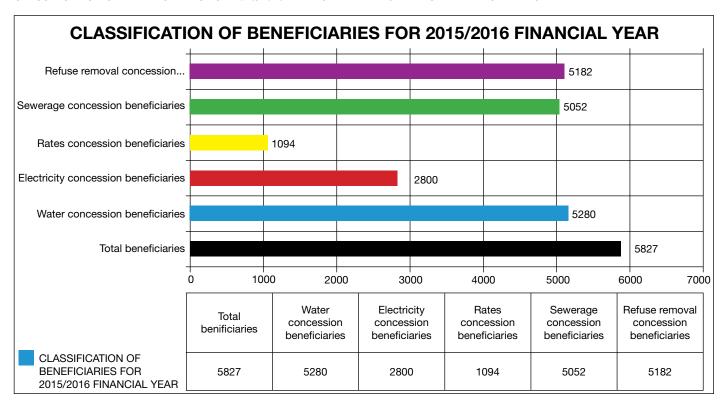

- 1. Owner and/ or occupiers of residential property:
- 1.1. The total household income must not exceed the amount approved by council from time to time (currently R3500.00);
- 1.2. The applicant must be a South African citizen;
- 1.3. The applicant must not be the registered owner of more than one property;
- 1.4. The householder must be a resident of, and have a registered account with the Municipality, except that the requirement of being registered as an account holder does not apply to households in informal settlements where no accounts are rendered; accounts are rendered:
- 1.5. Recognised refugees must be South African citizens (with ID card) or have recognized refugee status (proof of status needed); and
- 1.6. A tenant or occupier as described in Council's Credit Control Policy can apply for the benefits in respect of the charges as billed for while the landlord remains liable for all ownership related charges such as rates.

### COMMENT ON ACCESS TO BASIC SERVICES:

All our low income earners identified in terms of the adopted policy prescription for 2015/16 did get free basic services. The equitable share received is used to fund Free Basic Services that is extended to all our customers who have been declared indigent who are earning below R3500.00 as determined by Council. Further to the free basic services, we are trying to remove the burden from the indigent customers by reducing their amperage on the electricity they use to 20AMPS. We are currently replacing all indigent customers' meters with smart prepaid meters.

Total beneficiaries	5 827
Water concession beneficiaries	5 280
Electricity concession beneficiaries	2 800
Rates concession beneficiaries	1 094
Sewerage concession beneficiaries	5 052
Refuse removal concession beneficiaries	5 182

### CLASSIFICATION OF BENEFICIARIES FOR 2015/2016 FINANCIAL YEAR - GRAPHICAL REPRESENTATION

### 4. FINANCIAL HEALTH OVERVIEW

### **FINANCIAL OVERVIEW**

The municipality began the financial year with a cash balance of R834.1 million. During the year, a total amount of R3.9 billion accrued to the municipality while expenditure incurred during the same period also amounted to R3.9 billion. By the end of June 2016, the municipality's cash balance was R976.7 million. This balance is inclusive of unspent conditional grants of R250.3 million.

While the collection rate averaged between 95% and 99% during the year, uncollected debtors continued to be a problem for the municipality. While there was a huge improvement in collecting the current debt, arrear debt continued to be a challenge.

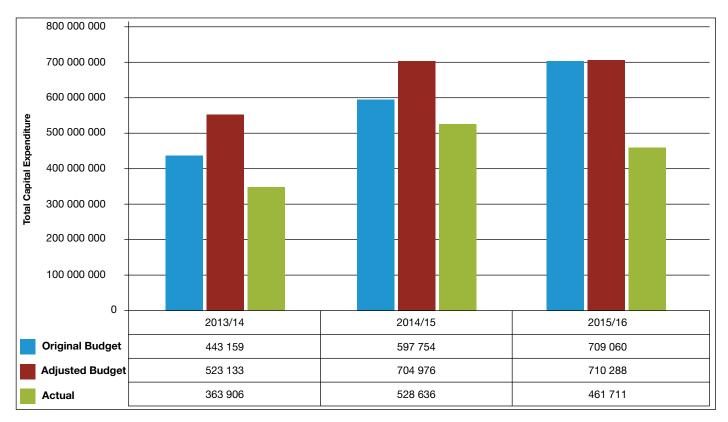

FINANCIAL OVERVIEW - 2015/2016 R'000						
Details Original Budget Adjustment Budget Actual						
Income						
Grants	929 712	980 566	764 809			
Taxes, Levies and Tariffs	3 479 004	3 489 408	3 217 596			
Other	245 570	320 505	207 638			
Subtotal	4 654 286	4 790 479	4 190 043			
Less Expenditure	4 161 699	4 291 576	3 897 663			
Net Total*	492 587	498 903	292 380			
* Note: Surplus / (deficit)	Surplus	Surplus	Surplus			

Operating Ratios	
Details	%
Employee Cost	23.3
Repairs and Maintenance	3.5
Finance Charges and Depreciation	14.6

### **COMMENT ON OPERATING RATIOS:**

Employee Related Costs is 23% of the total operating expenditure while the norm recommended by the National Treasury is between 30% and 35%. Repairs and Maintenance must be 6% of the operational budget in terms of the norm by the National Treasury while the municipality is sitting at 3.5%. It must be mentioned that another huge portion of Repairs and Maintenance is in the capital expenditure as renewal of existing. Finance charges and depreciation make up about 14.6% of the total operational expenditure.

TOTAL CAPITAL EXPENDITURE 2013/14 - 2015/16						
Detail	2013/14	2014/15	2015/16			
Original Budget	443,159	597,754	709,060			
Adjustment Budget	523,133	704,976	710,288			
Actual	363,906	528,636	461,711			

### **COMMENT ON CAPITAL EXPENDITURE:**

The capital budget has been increasing since 2013/14. In 2013/14, it was R523.1 million and ended at R709.1 million in 2015/16. While the actual expenditure incurred also increased from 2013/14, it decreased in 2015/16. The decrease in expenditure from 2014/15 to 2015/16 is 12.7%. The capital expenditure for 2015/16 is 62% of the budget of R709.1 million.

### 5. ORGANISATIONAL DEVELOPMENT OVERVIEW

### INTRODUCTION TO ORGANIZATIONAL DEVELOPMENT PERFORMANCE

During the 15/16 financial year the HR Unit - identified certain priorities that must be met in order to unlock the organization's human capacity potential towards the achievement of the Municipality's strategic priorities and outcomes.

During the year under review, the Municipality's departments indicated facing challenges of low staff morale and a poor state of employee well-being (threat of disease). During the HR Customer Satisfaction Survey the causes of this state of affairs were found to include multiple factors, inter alia:

- Lack of will and ability to manage by supervisors and managers;
- Lack of performance management systems and lack of accountability by all managers to drive performance;
- Ways to improve service delivery not discussed elaborately with staff;
- Poor communication across the board;
- Failure to implement plans.

### **Customer Satisfaction Survey Interventions:**

In response to the feedback drawn from the HR Climate Survey, which was conducted in the 2014/2015 financial year, which elicited that a gap exists between what the clients expect organizationally and what is presently delivered; and further that this mismatch causes lack of confidence in the HR system, a Customer Satisfaction Survey Intervention Template was developed by HR to address and mitigate all human resources management and development gaps that were identified by organizational clients.

The gaps identified inter alia were as follows:

- Lack of competent staff
- Lack of accurate HR statistics and data
- Lack of motivation of staff
- Skill gaps resulting in poor employee performance
- Remuneration- Incorrect grading and salaries
- Disharmony [ization] of the work environment
- Inavailability of Information [to be available] more communication expected
- Non-recognition of [Recognition] of high performers
- Non-compliance with Policy [compliance] and inconsistent policy application
- Lack of performance related Incentives [to perform]

The Customer Satisfaction Survey Intervention Template also progressively measures if stated interventions and targets have or have not been met; and if the latter, continuous remedial action will be taken to ultimately achieve the intended targets and outcomes by HR.

### **Allocation/Placement Process:**

In 2015/2016 the Organisation went through the allocation/placement process. The approved 2013 Structure has finally been populated with staff using the approved Staff Allocation/Placement Policy. This process was inclusive of all stakeholders, particularly Labour. Corporate Services lead this process which was implemented from 1 June 2016. This process ran concurrently with the publication of job grading results. The organization is now on TASK grading system.

### **Absorption of Contract Employees:**

Corporate Services prepared a report to Full Council in June 2016 to facilitate the absorption of long-serving contract employees into the new 2013 Structure. This enabled 1052 contract employees to be absorbed effective 1 July 2016 following approval by the Full Council.

# 6. AUDITOR GENERAL REPORTS 2014 / 2015 & 2015 / 2016 FINANCIAL YEARS

### **AUDITOR GENERAL REPORT 2014 / 2015 FINANCIAL YEAR**

The Auditor-General performed an audit and issued a report on the following for 2014/15:

- fair presentation and absence of material misstatements in the financial statements (i.e. all transactions or event have been dealt with in accordance with accounting and financial reporting disciplines);
- reliable, usefulness and credible performance information for purposes of reporting on predetermined performance objectives; and
- compliance with key legislation governing financial and performance matters.

The Auditor-General had expressed an unqualified opinion on the Annual Financial Statements for year ending 30 June 2015 and Performance Information with no findings ("clean audit").

### **AUDITOR GENERAL REPORT 2015 / 2016 FINANCIAL YEAR**

In the 2015/2016 financial year the Auditor General expressed a Qualified opinion for Msunduzi Municipality.

The basis for the qualified opinion is as follows:

- Receivables
- Payables from exchange transactions
- Revenue Fines
- Commitments
- Contingent liabilities
- Aggregation of immaterial uncorrected misstatements

Emphasis of matters raised were as follows:

- Restatement of corresponding figures
- Material losses and impairments
- Material underspending of the conditional grants

### Predetermined Objectives:

• The Auditor General did not identify any material findings on the usefulness and reliability of the reported performance information for the basic service delivery and public safety objectives.

The Municipality has developed an action plan to be monitored on a monthly basis by the structures of Council to deal with matters raised by the AG. Further strategies on improving the system of internal control are being employed to deal with matters of emphasis as well as matters on the management report.

### 7. ANNUAL REPORT PROCESS 2015/2016

Msunduzi Municipality Operational Plan for the preparation and adoption of the Annual Report 2015/2016:

### **TABLE 13: Annual report process**

No:	Description:	Timeframe:
1.	Data Collection, Preparation and finalization of the annual performance report 2015/2016 (SBU's to supply information.	July 1 - August 14 2016
2.	Preparation and finalization of the annual financial statements / consolidated financial statements 2015/2016	July - August 2016
3.	Submission of the annual financial statements/consolidated financial statements 2015/2016 and the Annual Performance Report 2015/2016 to the Auditor General for auditing	On or before the 31 August 2016
4.	Safe City (Municipal Entity) to submit to the Municipality and the Auditor General its annual financial statements for auditing	On or before the 31 August 2016
5.	Data collection commences for the compilation of a first draft of the annual report - an e-mail with a template attached will be forwarded to respective individuals responsible for required information submissions in order to complete the annual report 2015/2016 - Submissions to be received by the end of September 2016.	September 2016
6.	Finalize 1st draft of the Annual report 2015/2016 and forward to the Municipal Manager for comment	1st - 9th of November 2016
7.	Draft completed and forwarded to Auditor General for comments / changes if required	9th - 16th of November 2016
8.	2nd draft of Annual report completed and forwarded to Municipal Manager for comment.	On or before the 30th of November 2016
9.	Engage appointed service provider - produce drafts of the Annual Report 2015/2016	December 2016
10.	Finalized, published and printed annual report by service provider	1st week of January 2017
11.	Annual report table by the Mayor at Full Council	On or before the 31st of January 2017
12.	Tabled annual report 2014/2015 to be made accessible to the public	Within 14 days from the date of tabling the annual report
13.	A copy of the report to be submitted to the MEC for local government in KZN, the Auditor General, Provincial Legislature and National Treasury.	Within 14 days from the date of tabling the annual report
14.	Oversight report on Annual Report 2015/2016 to commence once Annual Report has been tabled at Full Council - Oversight report to be completed within two months of the Tabling of the Annual Report to Full Council.	Start in February 2017 - completed on or before the 30th of March 2017
15	Oversight report made available to the public within seven days of being tabled in Council	On or before the 6th of April 2017

### **COMMENT ON THE ANNUAL REPORT PROCESS:**

The Municipal Finance Management Act No. 56 of 2003, Chapter 12, prescribes that every municipality must for each financial year prepare an annual report in accordance with this Chapter. The council of a municipality must within nine months after the end of a financial year deal with the annual report of the municipality and of any municipal entity under the municipality's sole or shared control in accordance with section 129.

The purpose of an annual report is -

- 1. to provide a record of the activities of the municipality or municipal entity during the financial year to which the report relates;
- 2. to provide a report on performance against the budget of the municipality or municipal entity for the financial year; and
- 3. to promote accountability to the local community for the decisions made throughout the year by the municipality or municipal entity.

The annual report of municipality must include -

- 1. the annual financial statements of the municipality, and in addition if section 122 (2) applies, consolidated annual financial statements, as submitted to the Auditor-General for audit in terms of section 126 (1);
- 2. the Auditor-General's audit report in terms of section 126 (3) on those financial statements;
- 3. the annual performance report of the municipality prepared by the municipality in terms of section 46 of the Municipal Systems Act.

The accounting officer of a municipality must prepare the annual financial statements of the municipality and, within two months after the end of the financial year to which those statements relate, submit those statements to the Auditor-General for auditing and the accounting officer of a municipal entity must prepare the annual financial statements of the entity and, within two months after the end of the financial year to which those statements relate, submit those statements to the parent municipality of the entity and the Auditor-General for auditing. The Auditor-General must audit those financial statements and submit and audit report to the accounting officer of the municipality or entity within three months of the receipt of the statements.

The mayor of a municipality must, within seven months after the end of the a financial year, table in the municipal council the annual report of the municipality and of any municipal entity under the municipality's sole or shared control.

The council of a municipality must consider the annual report of the municipality of municipal entity, and by no later than two months from the date on which the annual report was tabled in council, adopt an oversight report containing councils comments on the annual report which must include a statement whether the council-

- 1. has approved the annual report without reservations;
- 2. has rejected the annual report; or
- 3. has referred the annual report back for the revision of those components that can be revised.

In order to give effect to the above legislative requirements, Msunduzi Municipality developed table above in order to ensure the communities of Msunduzi Municipality are able to view the contents of the Annual Report on time; the table serves as a strict guide.

### **CHAPTER 2 - GOVERNANCE**

### INTRODUCTION TO GOVERNANCE

Governance at Msunduzi Municipality is made up of political and administrative governance, inter-governmental relations, public participation and corporate governance. Political governance comprises of elected Councillors, Council and council committees. It plays oversight over the administration of the municipality to ensure effective and efficient service delivery. Administrative governance takes place through various administrative structures and functionaries under the leadership of the Municipal Manager. Intergovernmental relations refers to the structures and processes by which municipality forges relationships with national and provincial government departments as well as with other municipalities and government structures to ensure unimpeded, coherent and coordinated service delivery. Public participation refers to the manner in which the Municipality engages and involves communities within its area jurisdiction in the running of its affairs. This takes place through community meetings, izimbizo's, as well as ward committee and ward meetings. Corporate governance looks at issues of transparency, compliance with the rule of law, accountability and upholding of the Batho Pele Principles. Together these important aspects intertwine and ensure that the objects of local government as enshrined in section 152 of the Constitution are realized.

### COMPONENT A: POLITICAL AND ADMINISTRATIVE GOVERNANCE

### INTRODUCTION TO POLITICAL AND ADMINISTRATIVE GOVERNANCE

Political & administrative governance at Msunduzi Municipality comprises of the elected Councillors and Senior Managers, respectively; they work together on a day-to-day basis in order to achieve identified service delivery goals and targets.

### 2.1. POLITICAL GOVERNANCE

### INTRODUCTION TO POLITICAL GOVERNANCE

Msunduzi municipality has several political structures which include Full Council, Executive Committee, other Council committees and Committees established to support the Executive Committee. The Municipal Public Accounts Committee (MPAC) which is one of the Council Committees oversees the expenditure of public funds on behalf of Council and thereby ensures accountability of both the Executive Committee and administration. It further considers the Annual Report and provides Council with oversight report and its comments on the Annual Report. To ensue effective oversight the Council has further appointed the Audit Committee, which is a Committee that is made up of private individuals with expertise in the areas of finance, performance management and law to advise Council on the performance of the Executive Committee and administration with regard to financial management, risk management, performance management and legislative compliance.

WARD 32

It's important for ALL Msunduzi Local Municipality citizens to know their Councillor as they are the link between the municipality and the community we serve.

### What is a Local Councillor?

- A Local Councillor is a person who provides political leadership in a ward of a municipality. It
- can be a metropolitan municipality, district municipality or local municipality.

  A Local Councillor can be elected as an independent candidate or represent a political party. They occupy an office for a period of five years in line with the local government elections.

### What is the role of a Councillor?

planning processes

- A ward Councillor is expected to make sure that the concerns raised by community in his/her
- ward are represented in council. He/she must also ensure that the ward committee exists and that people in the ward participate in local government.

The Councillor must report back regularly through ward meetings and help the community in identifying needs and priority areas of development, which will help the municipality's

- A Ward Councillor ensures that the interests of people in a specific ward are represented in Council. He/she reports on council activities on a regular basis to the ward to strengthen the relationship with
- community.
- A Proportional Representative Councillor is a member of a political party and is elected through the party lists. He/she is accountable to the party.

  An Independent Councillor does not belong to a political party and is accountable to the people who have elected him/her to represent their interests.

- Water supply
- Illegal electricity connections Housing Refuse collection
- Faulty traffic lights
  Dilapidated infrastructure Grass that needs cutting

When you have a complaint against your Councillor, you can approach the Chief Whip's office of the political party he or she belongs to. If it is an independent Councillor, you can approach or send a petition to the

### Any other services offered by the municipality.

### **COUNCILLORS**

Councillors are elected representatives serving a predetermined term of office on the local council on behalf of their respective constituents. The Msunduzi Municipal Council has a total of 75 seats. Thirty seven (39) of these seats are allocated to ward Councillors who are elected through the wards they represent. The other 36 seats are allocated to political parties in proportion to the number of votes cast for the respective parties.

### **COMMITTEE ALLOCATIONS - JULY 2015 - JUNE 2016**

### **COUNCILLOR ATTENDANCE AT MEETINGS**

Councillor attendance is monitored by the Office of the Speaker based on the attendance registers that are recorded by the Secretariat during meetings and forwarded to the Office of the Speaker at the end of each meeting. The table below indicates the number of meetings attended by each Councillor during the period 1 July 2015 - 30 June 2016. In certain instances, though very few, Councillors attended meetings but did not sign the attendance registers and this omission may slightly compromise the accuracy of the number of meetings actually attended by some Councillors.

### **MSUNDUZI MUNICIPALITY PORTFOLIO COMMITTEES BY NAME & PURPOSE**

The following are the Committees that were established to assist the Council to efficiently and effectively perform its functions and exercise of its powers:

### MUNICIPAL PUBLIC ACCOUNTS COMMITTEE (MPAC)

Municipal Public Accounts Committee (MPAC) is established in terms of section 79 of the Local Government: Municipal Structures Act 117 of 1998 (the Structures Act) and is made up of ordinary councillors to oversee the expenditure of public funds in order to ensure the efficient and effective utilization of council resources and to enhance the political accountability of Council. It exercises an oversight role over the Executive Committee and the Administration on behalf of the Council and reports directly to Council. The primary purpose of the MPAC is to assist Council to hold the Executive Committee and the municipal administration to account for the manner in which they execute functions related to financial management, risk management, performance management and legislative complince. To this end, it is empowered to review and examine annual report and audit reports on the financial and administrative affairs of the municipality and to initiate, direct and supervise investigations into any matter falling within its terms of reference, including projects requested by Council and Executive Committee.

### **APPEALS COMMITTEE**

The Appeals Committee is constituted in terms of section 62 (4) (c) (ii) of the Local Government: Municipal Systems Act 32 of 2000 to hear appeals against decisions taken by a political structure, political office bearer or a councillor of the Municipality in terms of a power or duty delegated or subdelegated to it by a delegating authority. The Committee has the power to decide all appeals against decisions taken by a political structure, political office bearer or a councillor of the municipality.

### **SECURITY COMMITTEE**

The Security Committee is constituted in terms of section 79 of the Structures Act to consider and deal with cases of threats directed to Councillors and senior officials and are associated with or linked to the performance of their duties as municipal councilors and senior officials. The Committee is empowered to make emergency decisions where it deems necessary and incur concomitant expenditure or make recommendations to Council.

### **RECESS COMMITTEE**

The recess Committee is established in terms of section 79 of the Structures Act to deal with any emergency or urgent matters which may emerge and require urgent attention when the Council is in recess and those matters that could not be finalized before the Council went to recess and have been delegated as such to the Recess Committee to finalize.

### **EXECUTIVE COMMITTEE**

The Executive Committee is established in terms of section 42 of the Structures Act and is the principal committee of the Municipal Council which guides the Council in performing its role of political oversight of the municipality's functions, programmes and the management of the administration. The Committee presents its resolutions and recommendations to Council.

### COMMITTEES TO ASSIST THE EXECUTIVE COMMITTEE

The following Committees have been established in terms of section 80 of the Structures Act to assist the Executive Committee:

### The Corporate Services Portfolio Committee

This Portfolio Committee is charged with the responsibility for efficient and effective Council and Committee support services, efficient and effective human resources management, information and communication technology management and legal services.

### The Financial Services Portfolio Committee

This Portfolio Committee is responsible for the matters relating to the transparent, efficient and effective management of municipal finances which includes in the main treasury and budget management, supply chain management, revenue and expenditure management, as well as financial control and cash management.

### The Infrastructure Services Portfolio Committee

This Portfolio Committee is responsible for municipal infrastructure planning, financing, development and maintenance landfill site management as well as water, sanitation, electricity, roads and storm water provisioning and management.

### The Community Services Portfolio Committee

This Portfolio Committee is responsible for waste management, libraries, cemeteries and crematoria services, public safety and disaster management as well as traffic law enforcement services.

### The Economic Development Portfolio Committee

This Portfolio Committee deals with integrated development planning matters, municipal markets, forestry and tourism, local economic development, environmental health as well as human settlements development and management.

### POLITICAL DECISION-MAKING

The Rules and Procedures of Council and its Committees provide inter alia for the powers and functions that the Council may delegate and those it may not delegate, as well as the votes that are required when certain matters are decided.

In making decisions on the following matters, a supporting vote of a majority of the number of Councillors is required:-

- (a) the passing of by-laws;
- (b) the approval of budgets;
- (c) the imposition of rates and taxes, levies and duties;
- (d) the raising of loans;
- (e) the rescission of a council resolution; and any other matter prescribed by legislation.

All other questions before the Council are decided by a majority of the votes cast and in the case of an equality of votes, the Councillor presiding (the Speaker) exercises a casting vote in addition to a vote he or she has as a Councillor.

Before the Council takes a decision on any of the following matters it first has to obtain the recommendations of the Executive Committee:-

- (a) the passing of by-laws;
- (b) the approval of budgets;
- (c) the imposition of rates;
- (d) the raising of loans;
- (e) the approval of an integrated development plan for the Municipality and any amendment to that plan;
- (f) the approval of a performance management system
- (g) the appointment and conditions of service of the Municipal Manager and a head of department of the Council."

### NUMBER OF MEETINGS HELD FOR EACH PORTFOLIO COMMITTEE FOR THE 2015/2016 FINANCIAL YEAR

TYPE OF COUNCIL COMMITTEE MEETINGS:	NUMBER OF MEETINGS
Full Council	15
Executive Committee	41
Corporate Services	12
Financial Services	12
Infrastructure Services	14
Community Services	08
Economic Development	15
Municipal Public Accounts Committee	13

Note: Minutes of all meetings as well as attendance registers can be obtained from the Archives, Records and Information Unit.

### 2.2 ADMINISTRATIVE GOVERNANCE

### INTRODUCTION TO ADMINISTRATIVE GOVERNANCE

The need for an organizational structural review within the Msunduzi Municipality became imperative to mitigate/correct existing structural flaws; historical post allocation/ placement anomalies and for the organization to improve efficiency and to meet its legislative service delivery obligations. The process of migrating employees to the new 2013 organizational structure as approved by Council on the 24th April 2013, was concluded in the 2015/16 Financial year, on 01 June 2016, following the finalization and release of the grade outcomes on 10 July 2015.

The roles and responsibilities of the Municipal Manager are comprehensively set out in Section 55 of the Municipal Systems Act and responsibilities of the Municipal Manager as Accounting Officer is set out in Chapter 8 of the Municipal Finance Management Act, 56 of 2003.

The Municipal Manager's office has assumed direct responsibility for Communications and Corporate Strategy as well as the drafting, management and implementation of Council's Integrated Development Plan [IDP]. The Internal Audit unit is also located in the Municipal Manager's office and ensures compliance with municipal legislation.

In addition there are five Business Units that mirror the committee portfolios that also report to the Municipal Manager. These Business Units, each headed by a Deputy Municipal Manager, ensure that services are delivered to the people of the Msunduzi Municipality in fulfillment of the Integrated Development priorities of the Municipality. They are:

- Infrastructure Services;
- Community Services;
- Development Services;
- Financial Services; and
- Corporate Services.

The municipal manager and his team of executive managers hold weekly meetings to discuss key strategic service deliverable matters, and to offer guidance on the achievement of IDP goals. The administrative component is aligned with the five National Key Performance Areas; Financial Viability and Management, Local Economic Development, Basic Service Delivery and Infrastructure development, Good Governance and Public Participation, Institutional Development and Transformation, Environmental Planning and Social Services.

### COMPONENT B: INTERGOVERNMENTAL RELATIONS

### INTRODUCTION TO CO-OPERATIVE GOVERNANCE AND INTERGOVERNMENTAL RELATIONS

The municipality continues to receive full support from the Office of the MEC for Cooperative Governance and Traditional Affairs. Substantial support in the development of a financial recovery plan has also been obtained from National Treasury. The Provincial Treasury has also assisted in terms of developing both the strategic and operational risk registers of the municipality. Whilst the Municipal Infrastructure Grant (MIG) was the primary source of funding for capital projects related to infrastructure development and basic services, the following basic services are delivered to the community using mechanisms of intergovernmental relations with National/ Provincial Departments and/or parastatals:

Water & Sanitation - Department of Water Affairs and Umgeni Water; Housing - Department of Human Settlements; Electricity - Department of Minerals & Energy and Eskom

Various other grants, such as the Neighbourhood Partnership Development Grant, have been received for the implementation of projects. All information related to grants received is disclosed as required in the Annual Financial Statements.

### 2.3 INTERGOVERNMENTAL RELATIONS

### NATIONAL INTERGOVERNMENTAL STRUCTURE

The Municipality is a participant in a number of national forums. On an administrative level, the Chief Financial Officer (CFO) participates in the CFO's Forum which is convened by the National Treasury and the office of the Auditor General. The Municipal Manager participates in the National Municipal Managers Forum convened by the South African Local Government Association (SALGA). Both Councillors and management also participate in the SALGA National Members Assembly. The Corporates Services Unit is a member of the National Municipal Capacity Coordinating and Monitoring Committee. In light of the grant funding assistance received, the municipality participates in the National Treasury Forum of the National Development Partnership Grant (NDPG). Participation in these national forums is key to be able to network, benchmark and expose the municipality to a variety of developmental and funding opportunities.

The municipality remains a member of the South African Cities Network at a national level. The Mayor sits on the Board of Directors of the SACN and the Municipal Manager is an alternate.

The municipality continues to enjoy favorable relations with the following National Departments who have provided conditional grants to the municipality:

Project Description	Funder	RECEIVED
NDPG	NAT TREASURY	31,577,000
MIG	NAT TREASURY	192,456,000

### PROVINCIAL INTERGOVERNMENTAL STRUCTURE

The Municipal Manager and the Mayor participate in the technical and provincial MUNIMEC respectively. They also participate in the Premier's Coordinating Forum. The provincial SALGA convene the provincial MM's Forum of which the Municipal Manager does attend. The Mayor is the chairperson of the provincial SALGA Human Resources Working Group.

### **RELATIONSHIPS WITH MUNICIPAL ENTITIES**

The municipality has one municipal entity called Safe City. Safe City is dedicated to making the City of Pietermaritzburg a better place in which to live, work and play. The project has a number of elements, including:

- 1. The monitoring of crime through 70 CCTV cameras in the City;
- 2. An SMS programme which encourages citizens to report suspicious behaviour and activities;
- 3. c-SAFE, a panic alert system accessible from your cell phone.

During the 2015 / 2016 financial year, the municipality continued to investigate the establishment of municipal entities for the following functions:

- Municipal Market;
- Forestery; and
- Airport

The studies in this regard have been concluded and the implementation of the same is being explored in the 2016 / 2017 financial year.

### **DISTRICT INTERGOVERNMENTAL STRUCTURES**

The Municipal Manager and the Mayor are members of the Technical District and Mayoral district Forum respectively. The Municipal Manager is also the Chairperson of the District Corporate Services Forum.

### COMPONENT C: PUBLIC ACCOUNTABILITY AND PARTICIPATION

### **OVERVIEW OF PUBLIC ACCOUNTABILITY AND PARTICIPATION**

During the 2015/2016 financial year, the municipality had 37 functional ward committees which serve as a conduit between the municipality and the committee. In addition, a public participation policy and guideline was developed and approved by Council. In addition to ward committees, the Service Delivery and Budget Implementation Plan (SDBIP) is made public and published on the municipal website. This contains projected financial and service delivery Indicators and deliverables. Members of the public are also invited to participate in the Oversight process related to the Annual Report.

In the promotion of public accountability and participation members of the public are invited to attend all meetings of the Council and its committees. Another mechanism of public participation is conducted through Mayoral Budget and Integrated Development Plan (IDP) Izimbizo's. These are held prior to developing the draft budget in order to provide feedback to the community the implementation of projects in the current financial year and to illicit the needs of the community in order to provide input for the new financial year. A second Izimbizo is held once the draft budget has been developed in order to inform the public of key elements in the proposed budget and illicit responses thereto.

Section 2.4 below provides an outline of further mechanisms which the municipality utilizes as a mean of public participation.

### 2.4 PUBLIC MEETINGS

### COMMUNICATION, PARTICIPATION AND FORUMS

The Draft Process Plan was approved by Full Council and published for public comment during the month of July 2015. The process plan was placed on the municipal website and around municipal buildings for public viewing. The Process Plan indicates different activities and milestones which are reflected in terms of the IDP review and PMS and Budget implementation and monitoring. The Msunduzi Municipality has a structured program of public participation. This program is reflected in the Process Plan and forms the basis for citizenry engagement framework which is currently mooted in a form of a public participation policy.

The following are forms of citizenry participation that are utilized by the Municipality to ensure the citizen and stakeholders voice are accommodated in the planning, execution and review of the IDP, Budget and PMS processes:

- Ward Committee Monthly Meetings
- Stakeholders Quarterly Meeting (Reporting on PMS Progress/SDBIP and IDP)
- Monthly Community Meetings by Councilors (due to financial constrains-are held once in two months /6 meetings per annum per ward
- Project Based Meetings
- Sector Plan Based Engagements
- Executive Committee Public Gallery
- Full Council Meeting Public Gallery
- Integrated Development Planning Meetings
- Izimbizo: Public Meetings for Budget, IDP etc
- Municipal Property Rates Act (MPRA)
- Service Standard or Charter
- Community Based Planning
- Complaints Register: Customer Care and Batho Pele Engagements
- Sukuma Sakhe Premier's Flagship Tool for Accelerated Service Delivery at a Ward Base Level
- Attendance to invitations by Interest groups
- Partnerships and MOUs: MIDI, etc

During the 2015/16 Financial Year the IDP Representatives Forum was revived and met three times with the primary objective of aligning municipal programmes with those of sector departments. The forum will meet on a quarterly basis's and will assist in driving the implementation of the IDP. Msunduzi Municipality has a developed communication strategy which embraces the need for responsiveness towards members of public complaints and ensuring the implementation of Batho Pele Principles.

The above various forms of public participation engagements are conducted throughout the year specifically at an operational level and then some of them are organized on a fortnightly, monthly, quarterly and annually as reflected in our Process Plan. Due to the magnitude of the events the municipality hosts an events management policy has been developed and adopted on the 26th of June 2015. The municipality takes public participation with the utmost dignity and complies with all the relevant legislation.

### WARD COMMITTEES

Section 74 of the Municipal Structures Act, and regulation 5 of the Government Gazette No. 27699 Ward Committee, state that Ward Committees may have powers and functions delegated to them (which are essentially advisory in nature) in terms of S59 of the Municipal Systems Act, these are:

- 1) To serve as an official specialized participatory structure in the Msunduzi Municipality.
- 2) To create formal unbiased communication channels as well as a co-operative partnership between the community and the Council.
- Advise and make recommendations to the Ward Councillor on matters of policy affecting the Ward.
- 4) Assisting the Ward Councillors in identifying the challenges and needs of residents.
- 5) Dissemination of information in the Ward concerning municipal affairs such as the budget, integrated development planning, performance management systems, service delivery options and municipal properties.
- 6) Receive queries and complaints from residents concerning municipal service delivery, communication with Council and provide feedback to the community on Council's response.

Ensure constructive and harmonious interaction between the municipality and community through the use and co-ordination of ward residents meetings and other community development forums, and Interact with other organizations and forums on matters affecting the ward. € 8

A ward committee may also make recommendations on any matter affecting its ward to the ward councillor or through the ward councillor to the local council.

### PUBLIC MEETINGS

In total 152 ward committee meetings were held and 112 community meetings were held, broken down as follows:

### WARD COMMITTEE MEETINGS 2015/2016 FY

## COMMENT ON THE EFFECTIVENESS OF THE PUBLIC MEETINGS HELD:

The Municipality and Communities alike benefited from the meetings mentioned above as through the consultative processes, brainstorming occurred and ward committees imparted their advice to the Council to the Municipal Turnaround Strategy. Requests are being dealt with in a systematic manner with council having taken a decision to open a fully-fledged call centre to take calls from community members where there are issues of service delivery.

#### 2.5 IDP PARTICIPATION AND ALIGNMENT

IDP PARTICIPATION AND ALIGNMENT CRITERIA*	YES/NO
Does the municipality have impact, outcome, input, output indicators?	Yes
Does the IDP have priorities, objectives, KPIs, development strategies?	Yes
Does the IDP have multi-year targets?	Yes
Are the above aligned and can they calculate into a score?	Yes
Does the budget align directly to the KPIs in the strategic plan?	Yes
Do the IDP KPIs align to the Section 57 Managers	Yes
Do the IDP KPIs lead to functional area KPIs as per the SDBIP?	Yes
Were the indicators communicated to the public?	Yes
Were the four quarter aligned reports submitted within stipulated time frames?	Yes
*Section 26 Municipal Systems Act 2000 T2.5.1	

### **COMPONENT D: CORPORATE GOVERNANCE**

#### **OVERVIEW OF CORPORATE GOVERNANCE**

Corporate Governance at Msunduzi Municipality entails Risk Management, Anti-Corruption and Fraud and Supply Chain Management which is unpacked below.

#### 2.6 RISK MANAGEMENT

#### **RISK MANAGEMENT**

#### **Legislative Provisions**

In terms of Section 62 (1) (c) of the Municipal Finance Management Act, Act No. 56 of 2003 (MFMA) the Accounting Officer of a municipality is responsible for managing the financial administration of the municipality and must for this purpose take all reasonable steps to ensure that the municipality has and maintains an effective, efficient and transparent systems of financial and risk management and internal control.

Section 78 of the MFMA outlines the general responsibilities of Senior Management and other officials of the Municipality. The responsibilities of these officials have a direct bearing in financial and risk management, governance and systems of internal controls.

Section 165 of the MFMA requires the internal audit unit to advise the Accounting Officer and to report to the Audit Committee on matters relating to among other things, risk and risk management.

The MFMA has established the legal framework for risk management in the local government sphere that enforces risk management practice. Risk Management is about managing a potential inability by the municipality to fulfil the requirements of the Constitution. It is for this reason that the Constitution of the Republic of South Africa is the fundamental foundation for risk management.

#### **BACKGROUND**

Organisations operate in environments where factors such as technology, regulations, restructuring, changing service delivery requirements and political influence create uncertainty.

Uncertainty arises from an inability to precisely determine the likelihood that potential events will occur and the associated impact.

Risk management forms a critical part of an organisation's strategic management.

It is the process by which an organisation addresses the risks intertwined in the activities with an objective of achieving sustained benefit within each activity and across the range of its activities.

The Accounting Officer has appointed Deputy Municipal Managers and the Manager: Office of the Municipal Manager as members of the Risk Management Committee. The Risk Management Committee is Governed by a Risk Management Committee Charter. The RMC is a sub-committee of the Audit Committee.

Risk register is in place & is reviewed on annual basis. The Chief Risk Officer post is filled since December 2014. RMC made of all the SMC members (except MM) & chaired by the CFO is in place & meets on quarterly basis. RM is a standing item in the Audit Committee Agenda in all its meetings, Audit Committee report to Exco on quarterly basis include RM. All reports on RM are also presented to all Portfolio Committees & MPAC.

The following are the top 10 significant risks that are facing the municipality. The municipality is fully aware of the root causes and has been able to put in place mitigating strategies within the SDBIP for 2015/16 which goes to outer year of the MTERF.

Risk	Root Causes	Mitigating Measures	Progress to Date	Responsibility
Economic meltdown causing high employment rate, poverty & social unrest	Drought	Water conservation, rehabilitation & building of new boreholes	Plumbing programme is being implemented (water leaks), Water)	SMC
Frequent electricity outages resulting to litigation & business contraction impacting on economic growth within the municipality	Conductors/Cable faults on secondary network     Primary infrastructure ageing     Obsolete switchgears     illegal connections     old substation buildings     theft of infrastructure	Council approved a 132kv Network Rehabilitation Plan. Funding of R100m secured from DoE & Plan will be implemented. Council made a provision of R10m from its 2013/14 budget for refurbishment of network & replace obsolete 11kv equipment.	Two Hilton 132kv lines completed. Refurbishment of 132/11kv Northdale Primary sub-station is in progress. Refurbishment of 132kv City completed & to commence with the sub-station. Refurbish network & replace obsolete 11kv equipment IS continuing.	DMM: Infrastructure
Electricity Losses as a result of illegal connections	Low society moral fiber and crime rate (theft).	Electrification of informal settlements areas e.g., SWAPO & eEzinketheni, Nhlalakahle / Balhambra Way.     There are also continuous campaigns to uproot illegal connections.	Non-Technical losses - projects in progress	DMM: Infrastructure

#### 2015/2016

Risk	Root Causes	Mitigating Measures	Progress to Date	Responsibility
Huge debtor's book & low collection rate which impends solvency & liquidity of the municipal finances & going concern or sustainability of the municipal operations	High rate of unemployment.     Lack of vigorous strategy to collect & inaccurate data cleansing.	<ul> <li>Data cleansing will be undertaken.</li> <li>The filling of critical posts in finance has been prioritized.</li> <li>Daily cash flow monitoring will reflect early warning signals.</li> </ul>	<ul> <li>Data Cleansing completed.</li> <li>The process of handover progressing.</li> <li>Some critical posts have been filled &amp; remainder will be filled once migration has been completed.</li> <li>The water debt write off in progress</li> </ul>	CFO
Loss of water due to pipe bursts, leaking pipes & meters that cannot be read.	Poor maintenance & the decaying infrastructure.	Water is currently in a 3 of a 6 year Non- Revenue water reduction program which started Feb 2011. The 16 core interventions were made up of 8 real losses and 8 billing control interventions.     The other interventions include filling of all vacant positions in the water section.     The 6 Year Non-Revenue Water Master Plan has been reviewed in order to cater for the different aspects of water losses with a more robust approach.     Asset Management Plan which caters for asset replacement.	Water & Sanitation is currently in a 5 of a 6 year Non- Revenue water reduction program.     New strategy being developed to deal with obsolete asbestos pipes	DMM: Infrastructure
High backlogs of & ageing road infrastructure not receiving the relevant maintenance resulting to potholes.	Limited funding.	Maintenance Programmes, to review maintenance budget formulation & approach National Treasury for more MIG Funding.     The implementation of Integrated Rapid Public Transport Network (IRPTN) will also cater for upgrade of roads.	Application for MIG funding is continuously being made & request for increase to the maintenance plan budget has been made.	DMM: Infrastructure
Land Invasion	Lack of management of municipal land	The strategy that was developed was responding to areas that were invaded (AMBLETON PHASE 3 AND FARM SHENSTON) but not a Strategy to prevent land invasion. There is no evidence of a Strategy developed to prevent land invasion. Currently land invasion is dealt with through enforcement of by-laws when land has been invaded. At this point more reliance is placed on removal of the invaders by security personnel when it occurs.	A strategy to prevent land invasion has not yet been developed, only mechanisms to react on occurrence of an invasion are developed for each occurrence e.g. Ambleton, Nkawana etc	DMM: Economic Development
Lack of burial space causing outcry from the community of Msunduzi.     Poor service (bodies half burned) for those who want to cremate resulting in inconvenience to the Msunduzi community & extra cost to them when cremation is taken to Durban.	Lack of pro-active long-term planning in the past for the burial services.	investigate the possibility of identifying alternative burial space. Repairs and maintenance of current cemetries inclusive of cremators.	Land identified at Hollingwood for new cemeteries but the Sobantu community has demanded that the process of building housing & cemetery be done simultaneously.     Engaged in a process of identifying new land for cemeteries to take the municipality to 2030.     Commission of two new cremators inclusive of maintenance of the cremators concluded but only one is working & challenges are attended to on the other one.	DMM: Community Services
Brain drain & lack of knowledge management in IS (Electricity alone has 77.5% vacancy rate & of the 22.5% is in acting capacity) is currently understaffed leaving no room for transfer of skills & knowledge of the network due to exit (retirements, resignation, deaths) resulting to multiple challenges including injuries because of working long hours, death at work, etc.	Lack of HR Planning for a number of years in the municipality	To revise the organogram to provide for additional skilled engineers and other electricity, Roads & Transportation, Water & Sanitation personnel.     To consider revising salary scales for scarce skills so that the Municipality can attract talent. To Consider appointing retired engineers on contract as mentor for at least three years for newly employed personnel Ensure that the pool is serviced regularly.	Allocation & placement of staff in progress	DMM: Corporate Services & DMM: Infrastructure

#### 2.7 ANTI-CORRUPTION AND FRAUD

#### FRAUD AND ANTI-CORRUPTION STRATEGY

#### **LEGISLATIVE PROVISIONS**

Chapter 2 of Section 195 of the Constitution of the Republic of South Africa, Act 108 of 1996 [as amended] which deals with the Bill of Rights. The Constitution describes one of the values of founding provisions as Human Dignity, the improvement of the quality of life of all citizens and free the potential of each person.

Section 195 of the Constitution of the Republic of South Africa, Act 108 of 1996 [as amended] which provides normative basic value principles for public administration including a high standard of professional ethics must be promoted and maintained.

In terms of Section 62 of the Municipal Finance Management Act, Act No. 56 of 2003 (MFMA) the Accounting Officer of a municipality is responsible for managing the financial administration of the municipality and must for this purpose take all reasonable steps to ensure that unauthorized, irregular or fruitless and wasteful expenditure and other losses are prevented.

Council approved the Anti-Fraud & Corruption Policy, Whistle Blowing Policy and Anti-Fraud & Corruption Strategy on the 24 of April 2013.

Progress has been made on the implementation of action plans as per the Matrix of Tasks and Responsibilities of Anti-Fraud & Corruption.

The Internal Audit Unit reviews the implementation of the Action plans/ Activities on a quarterly basis and report to the Risk Management Committee and Audit Committee.

#### 2.8 SUPPLY CHAIN MANAGEMENT

#### **OVERVIEW OF SUPPLY CHAIN MANAGEMENT (SCM)**

- 1.1 The Msunduzi Municipality's Supply Chain Management unit is a support function for all business units within the council to ensure provision of efficient, transparent, fair, equitable and cost effective procurement services hence assisting the business units to implement their service delivery priorities.
- 1.2 The supply chain management policy for the year 2015/2016 was adopted by Council on 30 May 2015 in term of SCM Regulation 3 (1) (a) and implemented immediately thereafter, this was the fifth review since 2005. The main change made to the policy was to bring it in line with the structure of the SCM regulations and necessary legislative requirements.
- 1.3 An SCM implementation plan was development and implemented throughout the year and quarterly reports on implementation were submitted to Council.
- 1.4 In terms of the MFMA SCM regulations and relevant legislative provisions regulating local government procurement, the SCM policy of the municipality must provide for a system of demand, acquisition, logistics, disposal, risk and performance management, and thus the Msunduzi SCM policy has been aligned accordingly. The following is a brief overview of the processes that have been established and implemented within the Supply Chain Management system as drawn from the SCM model below.

# SUPPLY CHAIN MANAGEMENT DEMAND ACQUISITION LOGISTICS DISPOSAL DISPOSAL SUPPLY CHAIN PERFORMANCE DATABASE

(Figure 1.)

#### 1.4.1 Demand management

The Procurement Plan defines the Supply Chain Management needs of the organization, aligned to the municipality's IDP, Budget and Departmental SDBIP. The plan is for a minimum of one year but aligned to the IDP three year period, this is especially critical in the case of capital projects requiring the issuing of bids for multiyear projects, as well as in order to obtain cost savings through longer term goods and service contracts (limited to a three-year period in terms of the MFMA)

The main objective of the plan is to assist the service delivery business units to achieve their service delivery mandates and to meet their service delivery requirements without any SCM processes delays and this forms the integral component of the entire process to ensure effectiveness, efficient and economical SCM processes.

The preferential policy objectives were identified at a global level hence during the 2015/2016 financial year a procurement plan was established and implemented.

#### 1.4.2 Acquisition Management

Bid committee structures were established and implemented in accordance with section 27, 28 and 29 of the Supply Chain Management regulations, Details of SCM committees during 2014/2015 financial year:

The SCM units in collaboration with the relevant secretariat support will continually strive to ensure that the three (3) tier Bid Committee structures are fully functional and well trained to execute their functions.

- Bid Specification committee
- Mr Sikelela Ndzalela Chairperson (SCM Unit)
- Mr Dhamendra Ragunanda (ISF unit)
- Mr Bheki Sosibo (ISF unit)
- Mr Sipho Nxumalo (Finance)
- Mr Thabani Madlala (Electricity)
- Bid Evaluation Committee
- Mr Mhlangano Khumalo Chairperson (Finance: SCM unit)
- Mr Sthembiso Mbimbi (ISF unit)
- Mr Simphiwe Mchunu (ISF: Electricity
- Mr Xolile Ngebulana (CS: ICT)
- Mr Sifiso Khoza (Finance)
- Mrs. Lindelwa Mhlomi (ISF unit)
- Mr Kass Thaver Ex-officio member (Legal)
- Mr Brendon Sivparsad (ISF: Water and Electricity)

- Bid Adjudication Committee
- Mrs N Ngcobo Chairperson (Finance Unit)
- Ms Dudu Gambu (SCM unit)
- Ms B Zulu (Community Services Unit)
- Mr E Nomnganga (ISF Unit)
- Mrs. Madeleine Jackson Plaatjies (MM's office)
- Mr Johan Van Der Mewer Ex officio Member (Legal )
- Asset Disposal Committee
- Ms Dhevika Anthony ( Asset Management)
- Mr. Mthandeni Ngcobo (Fleet Management)
- Mr. Lungisani Kunene ( Area Based management)
- Mr Xolile Ngebulana (ICT)
- Mr Chazile Ndlovu (Real Estate and Valuations)
- Barbara Morton (Legal)

#### 1.4.3 Logistics management

An effective system of logistics management has been established. The continuous interrogation of inventories and improvements on systems and processes has yielded positive results in that there is a progressive reduction of stock holdings. Part of logistics management is to establish and implement appropriate standards of internal control and warehouse management to ensure that goods placed in stores are secure and only used for the purpose for which they were purchased; regular checking of stock; and monitoring and review of the supply vendor performance to ensure compliance with specifications and contract conditions for particular goods or services.

Part of the responsibilities of logistic management is to safeguard and maintain stock; Camera systems have been installed and this will greatly help in minimizing some of the losses that are associated with stock theft.

#### 1.4.4 Disposal management

An effective system of disposal management has been established and detailed processes developed to ensure compliance with section 40 of the SCM regulations.

Disposal Committee was also established during the 2011/2012 financial year.

#### 1.4.5 Risk Management

#### Risk Management & Performance Management

A SCM policy and procedures database that ensures compliance and monitoring of compliance with the SCM regulations and processes has been developed and implemented. The database enforces the accountability to all individuals involved in SCM and to ensure that SCM processes are independently monitored to ensure that the SCM policy is followed and desired objectives are achieved.

#### **Monitoring and Contract Administration**

In terms of section 116 (2) of the MFMA the accounting officer of a municipality must -

"Take all reasonable steps to ensure that a contract or agreement procured through the supply chain management policy of the municipality or municipal entity is properly enforced; monitor on a monthly basis the performance of the contractor under the contract or agreement; establish capacity in the administration of the municipality to assist the accounting officer in carrying out the duties and to oversee the day-to-day management of the contractor under the contract or agreement;"

Therefore a Contract management Office (monitoring) within the Supply Chain Management unit was established in order to adhere to the above act. The Contract Management Monitoring Section within the SCM Unit has been identified as a critical vehicle to benchmark between Project Management and Delivery against all awarded contracts.

Contract Management is foundational pillar towards a proactively managed and service centric supply chain management organization. Properly managed contracts can ensure that services are delivered within specification and at the agreed cost.

Contract Management is a sub-unit within Supply Chain Management delegated with the duties pertaining to the dispensation of processes associated with monitoring compliance with standards, procedures, regulations and specifications encompassed in Procurement Regulations with regards to the contracts enforcements, preparing and presenting investigational and qualitative reports.

To fulfill these mandates some of the activities the section embarks on are;

#### • Stakeholder Management

Engaging with all relevant stakeholders, to ascertain the complexity, and experience within the contractual obligations.

#### Compliance Monitoring & Reporting

Reviews and report on how SCM, service providers and the department as a whole is performing against set standards and metrics, provides insight into how policies are followed, and identifies areas of opportunity to drive value through process efficiencies, and verification of variations requested by user departments.

#### • Supplier Performance

Regular site visits and attending progress meetings which allows for systematic management of supplier performance and building of work relationships to optimise the value for money in agreed deliverables throughout the project execution.

#### Challenges

The unit is not fully recognized as a functional office and often misunderstood by the rest of the organizations to its responsibility within Supplier Performance management context.

Inadequate SCM system to synchronize reporting and enhance performance indicators e.g. Coordination of information for the generation of monthly reports on Awarded Contracts is not automatically loaded at the point of letter of award during acquisitions process which normally causes distortions and rendering potential delays in the report generation at times.

Information management processes and procedures across functional structures are not aligned e.g. dissemination of resolutions regarding contract variations are delayed at times.

Project and Contract Management systems are not properly in place to mitigate risk of poor performance.

#### Suppliers Database (FRONT DESK) & Information Management

The database system has been given much needed attention in light of the migration to SAP system. Currently the INTENDA files in vendor data was recently analyzed utilizing the TransUnion vetting system to match with our Vendor master file to ensure that duplication and redundant files were cleaned accordingly ensuring that when credit payment information is uploaded it links to authentic vendor information.

The exercise of data clean-up was also conducted in light of SCM regulation 44, regarding the prohibition of awards to persons in the service of the state which had been a serious concern as per the Auditors Generals findings from the last report.

For the current financial period, much attention would be given Business Process mapping interventions as part SAP system implementation to ensure that information management is catered regarding the analysis of historical procurement spending. This would assist in the demand management processes to ensure that Msunduzi Municipality factors in cost effectiveness as it procures goods, services and/or works as outlined through S217 of the RSA Constitution.

#### **Challenges: Supplier Database**

Turnaround times for the capturing information of the database forms within the set period of thirty (30) days has been a challenge due to high volumes.

Incomplete and incorrect information was previously captured on the Intenda Vendor master database system i.e. data not reliable.

Supplier Records missing i.e. some database forms cannot be accounted for in the filing system.

Poor document management system i.e. the filing system is not user friendly when it comes to retrieving data.

Lack of understanding the SCM legislative reforms i.e. Suppliers that do not understand the rationale behind submission of original documents when submitting Database forms.

#### **Challenges: Information Desk**

Frustrated Suppliers who expect to be given work opportunities irrespective of the evaluation outcomes applicable.

Suppliers who buy tender documents 30 minutes before the Tender briefing meeting.

Collusive practices between Suppliers and Officials that create expectations e.g. suppliers will receive information from municipal officials pertaining to Bids before the advertisements are even released for print media.

#### 1.5 Training of SCM Practitioners and Bid Committees

SCM Management, SCM practitioners and Bid Committee members were trained during 2015/2016 as per SCM Regulation 8 in accordance with Treasury guidelines on supply chain training to meet the competency level required for supply chain practitioners.

#### 2.9 BY-LAWS

#### A BRIEF OVERVIEW OF THE DEVELOPMENT OF BYLAWS DURING THE 2011/2012 FINANCIAL YEAR:

Legal Services continued with a review of Bylaws during 2015/2016. Such review is a continuation of a project that commenced 3 years ago. The aim of the project is to establish a proper legal framework within which the governance of the City may take place.

BY-LAWS INTRODUCED DURING 2015/16											
Newly Developed	Revised	Public Participation adopted prior to adoption of By-laws (Yes/No)	Dates of Public Participation	By-laws gazette (Yes/No)	Date of Publication						
Spatial Planning and Land Use Management Bylaws	N/A	Yes	10 February 2016 - 10 March 2016	No	N/A (Publication Pending)						
Problem Building Bylaws	N/A	Yes	11 February 2016 - 04 March 2016	No	N/A (Publication Pending)						
Tariff Policy Bylaws	N/A	Bylaws still being considered by committees.	To be undertaken	To be undertaken	To be undertaken						
Public Libraries Bylaws	N/A	Public participation authorised on 29 June 2016 by the Full Council.	To be undertaken	To be undertaken	To be undertaken						

BY-LAWS INTRODUCED DURING 2015/16											
Newly Developed	Revised	Public Participation adopted prior to adoption of By-laws (Yes/No)	Dates of Public Participation	By-laws gazette (Yes/No)	Date of Publication						
N/A	Public Health Bylaws	Bylaws still being considered by committees.	To be undertaken	To be undertaken	To be undertaken						
Events Bylaws	N/A	Yes	1 July 2016 - 20 July 2016	To be undertaken	To be undertaken						
Cellular Infrastructure Bylaws	N/A	Yes	To be undertaken	To be undertaken	To be undertaken						

#### **COMMENT ON BY-LAWS**

The review of Bylaws is an on-going process, in addition to the above Bylaws; work was also done in relation to the proposed Wayleaves Bylaws, Human Settlement Bylaws, and the Motor Vehicle and Traffic Bylaws.

#### **Public Participation:**

All proposed Bylaws are advertised for public input as required by law.

#### **Enforcement:**

Effective governance requires not only appropriate legislation, but continued enforcement by trained law enforcement officers. Business Units responsible for the administration of Bylaws are also vested with the duty to enforce such Bylaws. Legal Services play a support role in prosecuting such offences.

#### 2.10 WEBSITES

#### INTRODUCTION TO THE MUNICIPAL WEBSITE

For Legislative Compliance, various Business Units are expected to furnish relevant information for publishing on the Msunduzi Website however some of the information is provided before deadlines. Information is updated almost daily and is accessible within a few hours depending on the content. Internet bandwidth on the LAN is not very reliable therefore uploads onto the Msunduzi Website is very slow. Although 3G Data Connectivity is available the speed is not consistent and also affects uploads and test downloads. However Msunduzi always strives and publishes the necessary information on the Msunduzi Website.

MUNICIPAL WEBSITE : CONTENT AND CURRENCY OF MATERIAL 2015/2016

#### COMMENT ON THE MUNICIPAL WEBSITE CONTENT AND ACCESS:

Information is uploaded almost daily. This is done by formatting documents where necessary, logging onto the website, customizing areas if necessary and uploading data. Publishing dates and/or short descriptions are indicated below the information or file download. The Public can access information on www.msunduzi.gov.za 24hrs a day by viewing some information on respective pages whereas other information is available as downloads viz. PDFs (Readable with Acrobat Reader). Information not up to date is usually due to respective Units not providing them timeously or when prompted about this report or not at all. Most compliance documentation is only made available by respective Units close to or on the due date. Sometimes updated documentation is received and requests are made to supersede previous submissions. This obviously delays publishing if the document requires some adjustments for presentation. Most information provided is uploaded and available within a few hours.

#### 2.11 PUBLIC SATISFACTION ON MUNICIPAL SERVICES

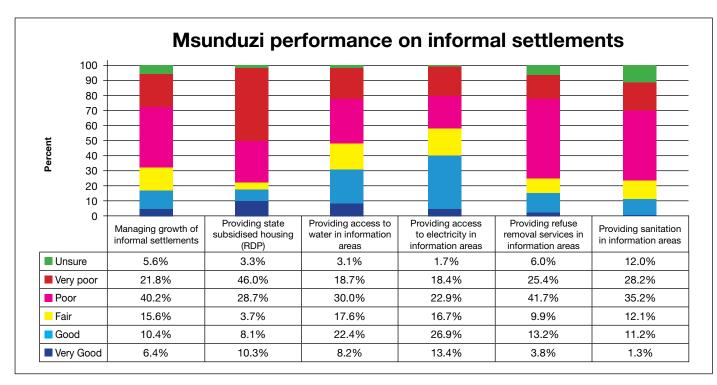

#### **PUBLIC SATISFACTION LEVELS**

Central to the mission statement of Msunduzi Municipality is the provision of excellent service delivery to the community. The Municipal Living Conditions Survey is conducted by the municipality once every five years and aims to assess and understand the living conditions of Msunduzi residents, as well as to evaluate the quality of services delivered by the municipality. The survey revealed that majority of the respondents lived in formal housing structures while 1:4 of respondents lived in informal settlements. The average age in the household profile sample was 32.01 years.

There were 54.1% females and 45.9% males in the household profile survey. The ratio of males to females in Pietermaritzburg is roughly 1:1. The modal relationship of the respondents to the household head was son or daughter (32.5%) followed by grandchild. We see that 22.2% of the respondents were heads of households. The modal level of education was Std 10/Grade 12 (25.4%) followed by respondents with no education (16.2%). We note that only 14.4% of the sample had a post matric diploma, technikon diploma and a university degree. Majority of the sample of household profiles have not had tertiary education (83.8%) and only 48.7% had secondary education and 17.2% had primary education.

In terms of those living in formal settlements, 61% had access to flush toilets and of that number, 60% were satisfied with the toilets. Dissatisfaction with regards to flush toilets is largely related to blockages, leaks and overflow. Furthermore, a greater cause of concern arises with regards to managing the growth of informal settlements and the provision of basic services to the areas in question. Sanitation, the removal of waste and access to water are identified as poor and of limited access in informal settlements. In turn this creates a breeding ground for health hazards. The perception here is that more can be done for informal settlements as their general services are below par. However, the survey further revealed that people were content with the electricity supply they received with 64.6% of respondents noting that they were satisfied.

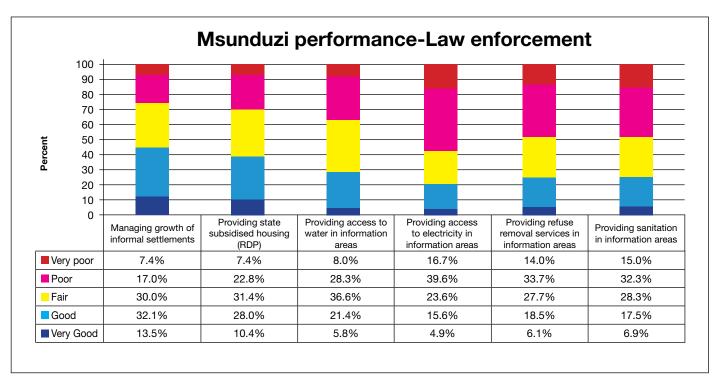

The results show that there were 63.7% of the population that was not economically active/unemployed/pension and 36.3% of the sample was employed. These results are in keeping with the Statistics SA Census 2011 data. The ratio of the population of males to females in Pietermaritzburg is approximately 1:1 and the sample is roughly consistent with the population in that it constitutes 47.4% males and 52.6% females. The survey shows that 66% of the sample have their refuse bags removed from the house by local authority /contractors at least once a week whilst approximately 20% of the sample had their refuse removed by other means of disposal and 9.3% of the sample have their refuse placed on their own refuse dump but not collected by local authority/contractors. The main source of water was piped water in dwelling from full pressure pipes (45.4%) and yard taps (43.6%). This accounts for 89% of the sample. Access to water supply does not appear to be problematic. The satisfaction levels with water supply are modally satisfied (40.9%) and very satisfied (31.1%). These high levels are encouraging to note since access to water supply is not a problem.

We find an overwhelming 90.8% of respondents use electricity for cooking and 6.4% of the sample use gas for cooking. The main type of electricity supply was electricity with a pre-paid card (55.6%) and electricity with a conventional meter (41.1%). This constitutes 96.7% of the sample. Over the last year over half the households i.e. 64.6% of the samples were satisfied (37.7%) and very satisfied (26.9%) with electricity supply. It is also noted that 17.9% of the sample are slightly satisfied with the electricity supply. The supply of electricity is not a problem. The chief reason for dissatisfaction is that the electricity supply consistent (power cuts, bad connections, problem with equipment, faulty transformers).

In addition, a greater focus needs to be geared towards the maintenance of infrastructure. Regular maintenance of infrastructure ensures that services continue being carried out, and in the long run secures the cutting of costs as premature replacements are more costly than maintenance; expanding infrastructure services is more progressive than replacing damaged infrastructure. General satisfaction was attained by the transport system and is one of the strong points of the municipality. Though more can be done with regards to signage and road lines, there was general satisfaction with movement around the city and an approval of swift responsiveness to faulty traffic lights. Moreover, respondents demonstrated pleasure with the municipality's provision and maintenance of recreational facilities such as sports fields, parks, swimming pools, civic halls and libraries. This indicates that social development is on the right path as it meets the desires of majority of respondents and echoes the sentiments of the municipality's vision.

Across the municipality crime is reported to have gotten worse. There are many factors which contribute to high levels of crime such as unemployment and impoverishment. Social and economic programmes aimed at responding to issues related to crime may offer more sustainable opportunity as opposed to crime itself. Nevertheless, traffic and law enforcement efforts have been positively received. Law enforcement visibility is a potential deterrent of rampant crime however visibility of law officials without the enforcement is futile.

With regards to environmental health services the performance of the municipality was well received by the community. It is recorded that 36.4% of respondents deemed buildings to have complied with health regulations and in addition, surveillance and prevention of communicable diseases was being addressed to satisfactory standards as most of the respondent's responded positivity to efforts.

The survey revealed that the Emergency Call Center has been effective in its functions. However, there was dissatisfaction with the amount of time the Emergency Rescue personnel took to arrive at various scenes of emergency. This indicates a need to increase the capacity of Emergency Rescue and/or to appropriately locate the emergency rescue in order to adequately serve the whole municipality. It is worth noting that emergency services were well perceived by the community and further praised for the responding to crisis even without being called.

The Municipal Living Conditions Survey has been an extensively informative exercise which has brought to light numerous strengths and weaknesses of the municipality. Moving forward, we can deduce that though much has been done, more can still be accomplished. The municipality needs to continue prioritizing formal settlements, infrastructure maintenance, waste management as well as crime eradication and the municipality must be praised for its continued efforts in delivering satisfactory social services.

#### **CHAPTER 3 - SERVICE DELIVERY PERFORMANCE**

#### INTRODUCTION

The Annual Performance Report (APR) is a legislative requirement which prescribes that the report must be submitted to the Auditor General by the 31st August annually. The Annual Performance Report, amongst other documents, will form part of the consolidated Annual Report of the Municipality which must be submitted to Council by the end of January on an annual basis.

The Annual Performance Report 2015/2016 of the Msunduzi Municipality is divided into two (2) broad categories as follows:

## SECTION ONE: FUNCTIONAL AREA SERVICE DELIVERY REPORTING PER BUSINESS UNIT. SECTION TWO: ANNUAL REPORT OF THE SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN 2015/2016 & ANNUAL REPORT OF THE OPERATIONAL PLAN 2015/2016

During the 2015/2016 financial year, Msunduzi Municipality developed as part of the reporting process on the SDBIP, a process for reporting against pre-determined objectives and Key Performance Indicators (KPI's) that are contained in the approved Service Delivery and Budget Implementation Plan (SDBIP). The process is based on a colour-coded dashboard that serves as an early-warning indicator of under / zero performance. Monthly and Quarterly reports, based on the colour-coded dashboard were submitted to Council with applicable recommendations that were adopted. These reports and Council resolutions are available for inspection on request.

During the 2015/2016 financial year, Msunduzi Municipality had a full team of S57 employees being the Municipal Manager and five Deputy Municipal Managers. All S57 managers signed performance agreements for the financial year. The Individual Performance Management System (IPMS) was cascaded Level 3 employees (S58 - Process Managers as well as Managers in Strategic Positions reporting directly to the Municipal Manager i.e. Executive Manager: Internal Audit, Manager: Integrated Development Plan, Manager: Marketing & Communications, Manager: Office of the Municipal Manager, Manager: Office of the Speaker. All Process Managers and Managers in Strategic Positions reporting directly to the Municipal Manager signed performance agreements as well. During the 2015/2016 financial year individual Annual assessments for 2014/2015 FY were conducted for all employees who had signed performance agreements for the financial year. The Evaluation assessment panels as prescribed by legislation to assess the Municipal Manager and Manager's reporting directly to the Municipal Manager were constituted and were present during the assessment processes.

In the 2015/2016 financial year institutional arrangements have been put in place in order to ensure the implementation of an Organizational Performance Management System (OPMS) as per legislative requirements and also to enable meaningful and informed monitoring and evaluation. It is hoped that as OPMS becomes institutionalized within the municipality and part of our everyday business, that Managers, Councillors and the Community alike will use it as tool to monitor the services that are being delivered by the municipality thereby increasing the accountability and transparent role of local government.

During the Strategic Planning Process for the 2015/2016 financial year a management resolution was taken to differentiate between service delivery indicators that have a direct impact on the community and those that are operational, support and auxiliary services. In this regard for the 2015/2016 financial year the Service Delivery & Budget Implementation Plan (SDBIP) has been developed to focus on the service delivery indicators and the Operational Plan (OP) 2015/2016 has been developed to focus on operational, support and auxiliary services.

The SDBIP 2015/2016 contains Public Participation Units (Office of the Speaker, Office of the Mayor & Office of the Municipal Manager), Community Services Units (Area Based Management, Health and Social Services, Community Development (Parks, Waste Management, Halls, Libraries and Art Gallery) and Public Safety Enforcement and Disaster Management), Infrastructure Services Units (Water and Sanitation, Roads and Stormwater, Electricity, Fleet Management and the Landfill Site) and Economic Development Units (Local Economic Development, Town Planning and Environmental Management & Human Settlements). Also included are the Legislated Performance Indicators as regulated by the National and Provincial Departments of Cooperative Governance and Traditional Affairs (CoGTA). As prescribed by legislation, the Municipality must set and monitor key performance indicators of all municipal entities. To fulfill this, SAFE CITY the only registered municipal entity; key performance indicators were also developed and inserted in the SDBIP 2015/2016.

All other units provide operational, support and auxiliary services to the Municipality and have been placed on the Operational Plan 2015/2016. The Operational Plan 2015/2016 contains the Corporate Business Units (Internal Audit, Marketing and Communication, Integrated Development Plan and Performance Management System), Finance Business Units (Budget and Treasury, Revenue Management, Expenditure Management, Supply Chain Management & Assets & Liabilities), Infrastructure Services Units (Project Management Unit), Corporate Services Units (Legal Services, Information Communication Technology, Sound Governance and Human Resources) and Economic Development Unit (Infrastructure Planning and Survey).

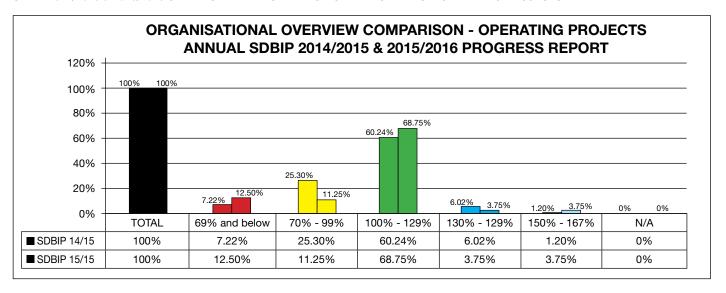

#### HIGH LEVEL PERFORMANCE OF THE MUNICIPALITY FOR THE 2015/2016 FINANCIAL YEAR

The graphical representations below illustrate the summary of high level performance of the municipality for the 2014/2015 & 2015/2016 financial year, as per the colour-coded dashboard.

COLOUR	SCORE	DESCRIPTION	PERCENTAGE	KEY
	N/A	TOTAL PROJECTS	N/A	
	1	NIL ACHIEVED	69% and below	
	2	TARGET PARTIALLY MET	70% - 99%	
	3	TARGET MET	100% - 129%	KEY
	4	TARGET EXCEEDED	130% -149%	
	5	TARGET SIGNIFICANTLY EXCEEDED	150% - 167%	
	NOT APPLICABLE	N/A	N/A	

There were a total of 172 Key performance indicators on the SDBIP 2015/2016, 80 being operating projects and 92 being capital projects. There were a total of 133 Key performance indicators on the Operational Plan for 2015/2016.

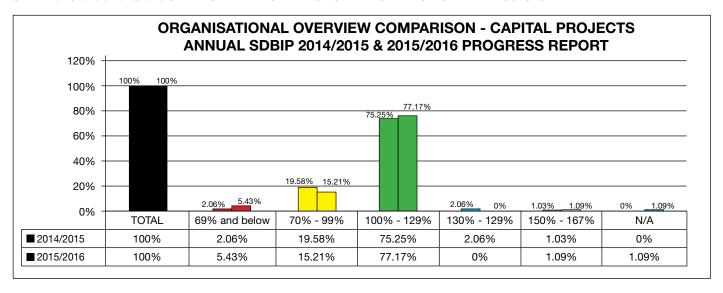

#### SDBIP 2014/2015 & 2015/2016 GRAPHICAL REPRESENTATION OF PERFORMANCE: OPERATING PROJECTS

#### A total of 80 Operating Projects were reported on the SDBIP for the 2015/2016 financial year.

12.50% of the projects were reported as having achieved a 1 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 7.22%. 11.25% of the projects were reported as having achieved a 2 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 25.30%. 68.75% of the projects were reported as having achieved a 3 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 60.24%. 3.75% of the projects were reported as having achieved a 4 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 6.02%. 3.75% of the projects were reported as having achieved a 5 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 1.20%. 0% of the projects were reported as not applicable for the SDBIP 2015/2016 as well as in 2014/2015.

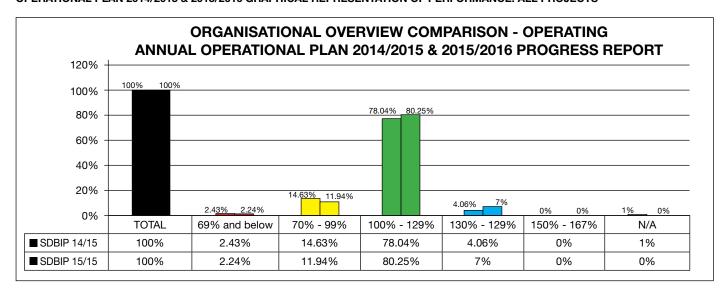

#### SDBIP 2014/2015 & 2015/2016 GRAPHICAL REPRESENTATION OF PERFORMANCE: CAPITAL PROJECTS

#### A total of 92 Capital Projects were reported on the SDBIP for the 2015/2016 financial year.

5.43% of the projects were reported as having achieved a 1 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 2.06%. 15.21% of the projects were reported as having achieved a 2 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 19.58%. 77.17% of the projects were reported as having achieved a 3 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 75.25%. 0% of the projects were reported as having achieved a 4 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 2.06%. 1.09% of the projects were reported as having achieved a 5 for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 1.03%. 1.09% of the projects were reported as not applicable for the SDBIP 2015/2016 whereas in 2014/2015 it was reported as 0%.

#### OPERATIONAL PLAN 2014/2015 & 2015/2016 GRAPHICAL REPRESENTATION OF PERFORMANCE: ALL PROJECTS

A total of 133 Projects were reported on the Operational Plan for the 2015/2016 financial year.

2.24% of the projects were reported as having achieved a 1 for the OP 2015/2016 whereas in 2014/2015 it was reported as 2.43%. 11.94% of the projects were reported as having achieved a 2 for the OP 2015/2016 whereas in 2014/2015 it was reported as 14.63%. 80.25% of the projects were reported as having achieved a 3 for the OP 2015/2016 whereas in 2014/2015 it was reported as 78.04%. 6.72% of the projects were reported as having achieved a 4 for the OP 2015/2016 whereas in 2014/2015 it was reported as 4.06%. 0% of the projects were reported as having achieved a 5 for the OP 2015/2016 whereas in 2014/2015 it was reported as 0%. 0% of the projects were reported as not applicable for the OP 2015/2016 whereas in 2014/2015 it was reported as 1%. COMMENT ON PERFORMANCE OVERALL - SDBIP (OPERATING & CAPITAL PROJECTS) & OP (ALL PROJECTS)

In terms of the Operating projects on the SDBIP, in the 2015/2016 FY Msunduzi Municipality achieved 68.75% in terms of the targets that were met, whereas in the 2014/2015 FY 60.24% of the targets were met. This indicates a slight improvement of 8.51% increase in targets met.

In terms of the Capital projects on the SDBIP, in the 2015/2016 FY Msunduzi Municipality achieved 77.17% in terms of the targets that were met, whereas in the 2014/2015 FY 75.25% of the targets were met. This indicates a slight improvement of 1.92% increase in targets met.

In terms of All Projects on the OP, in the 2015/2016 FY Msunduzi Municipality achieved 80.25% in terms of the targets that were met, whereas in the 2014/2015 FY 78.04% of the targets were met. This indicates a slight improvement of 2.21% increase in targets met.

#### MEASURES UNDERTAKEN AS PER S46 OF THE MUNICIPAL SYSTEMS ACT TO IMPROVE PERFORMANCE

During the 2015/2016 financial year a number of measures were undertaken as per S46 of the Municipal Systems Act to improve the overall performance of the Municipality in order to ensure that Msunduzi Municipality continuously maintains a clean audit on Performance Management and Information as a clean audit was obtained in the 2014/2015 FY. The measures undertaken where as a result of the Auditor Generals findings of previous financial years in respect of SMARTNESS of indicators, linkage of indicators between the Integrated Development Plan (IDP) and the Service Delivery & Budget Implementation Plan (SDBIP), poor quality Portfolios of Evidence & inaccurate reporting against quarterly and annual targets set at the beginning of the financial year.

#### THE FOLLOWING TABLE AIMS TO DESCRIBE THE MEASURES UNDERTAKEN TO IMPROVE PERFORMANCE:

	MEASURES UNDERTAKEN TO IMPROVE PERFORMANCE IN THE 2015/2016 FINANCIAL YEAR										
NUMBER	DEPARTMENT RESPONSIBLE	PERSON RESPONSIBLE	ACTION TAKEN	STATUS	REASON FOR DEVIATION	CORRECTIVE MEASURE					
1	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies & All Deputy Municipal Managers	As per the resolution of the Municipal Public Accounts Committee (MPAC) all Deputy Municipal Managers were required to sign Memo's indicating they reviewed the SDBIP 15/16 FY and it complies with the SMART Principle, that reports will be forwarded to the portfolio committees and that the targets in the SDBIP fits in with the National and Provincial Development Goals.	Completed	N/A	N/A					
2	Office of the Municipal Manager	Mr. MA. Nkosi (MM)	Management took a decision to separate the functions of the Organization whereby only Service Delivery & Public Participation functions & projects that were budgeted for would be placed on the SDBIP, all other auxiliary functions and projects would be placed on an Operational Plan.	Completed	N/A	N/A					
3	Internal Audit	Mr. PJ. Mahlaba	At the approval of the SDBIP 2015/16 by the Mayor, the Office of the Municipal Manager forwarded both the SDBIP & OP 14/15 to the Internal Audit unit for an audit on SMARTNESS and Alignment to the IDP. Internal Audit conducted and Audit and presented the findings.	Completed	N/A	N/A					

	MEASURES UNDERTAKEN TO IMPROVE PERFORMANCE IN THE 2015/2016 FINANCIAL YEAR									
NUMBER	DEPARTMENT RESPONSIBLE	PERSON RESPONSIBLE	ACTION TAKEN	STATUS	REASON FOR DEVIATION	CORRECTIVE MEASURE				
4	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies	Upon completion of the Audit of the SDBIP & OP by Internal Audit, the Office of the MM then conducted a review of the SDBIP in order to rectify the findings presented. KPIs that were not SMART were reviewed and made SMART; KPIs that were not aligned to the IDP were re-aligned. A report on the completed review was prepared and submitted to the Strategic Management Committee (SMC) for approval and finally to the FULL COUNCIL for approval and noting.	Completed	N/A	N/A				
5	Office of the Municipal Manager	Mr. MA. Nkosi (MM)	Upon the Auditor General releasing their report on the Audit Opinion for the Municipality, the Municipal Manager set up the Controls Transformation Steering Committee which meets bi-weekly to deal with the Auditors Queries. In preparation for the meetings and Action Plan is initially created and reviewed as progress is made in order to fully resolve all queries. The Audit Action Plan contains queries for both financial and non-financial activities including performance management queries.	Completed	N/A	N/A				
6	Office of the Municipal Manager	Mr. MA. Nkosi (MM)	The Municipal Systems Act makes provision that the municipality must on a quarterly basis prepare a quarterly report on the SDBIP performance. Management took a decision to go a step further and have monthly meetings to discuss the progress made towards achieving targets on the SDBIP & OP. Meetings are held once a month. Reports on the SDBIP & OP are presented to the Operational Management Committee which is constituted of the Municipal Manager, Deputy Municipal Managers, Process Managers and all Managers reporting directly to the Municipal Manager. At the meetings monthly or quarterly reports are discussed indepth before onwards transmission to the relevant portfolio committees.	Completed	N/A	N/A				
7	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies	Reports discussed at the OMC monthly meetings are presented by the Office of the Municipal Manager at Portfolio Committees, Executive Committee, Full Council, the Municipal Public Accounts Committee and the Audit Committee.	Completed	N/A	N/A				
8	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies	Review of the Organizational Performance Management Framework and the Individual Performance Management Policy was conducted and submitted to the Strategic Management Committee for approval on the 23rd of June 2015. The policies have been forwarded to the portfolio committee and Local Labour Forum. A workshop was conducted for Union members as well. Awaiting the Local Labour Forum approval for onwards transmission to the Executive Committee and Full Council.	In Progress	Local Labour still to approve the policies	Local Labour to approve the policies and/or respond with queries				
9	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies	Management took a decision that Individual Performance Management would be cascaded to level 3 employees until such time the organization was ready to go to the next levels and finally all employees. The Municipal Manager, Deputy Municipal Managers, Process Managers and all Managers reporting directly to the Municipal Manager x 35 signed Performance Agreements which included, personal development plans, the code of conduct, financial declarations of private interests as well as workplans. Systems Act says that all section 56/57 Managers Performance agreements must be made public within 14 days after the approval of the SDBIP by the Mayor. This was completed through the Publishing of the MM & DMMs performance agreements on the municipal website. Copies of the signed performance agreements were also forwarded to CoGTA as per circular 7 of 2015.	Completed	N/A	N/A				
10	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies	In line with the Individual Performance Management System policy, the Annual Performance assessment for 2014/15 fell within the 2015/16 Financial Year and was completed by the assessment evaluation panel for DMMs & the MM.	Completed	N/A	N/A				
11	Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies	A report in terms of the Municipal Systems Act on the appointment of Evaluation Panel members was developed and presented to the SMC, Corporate Services Portfolio Committee and the Executive Committee. Members were appointed and informed via written communication from the Office of the Municipal Manager.	Completed	N/A	N/A				
12	Internal Audit	Mr. PJ. Mahlaba	After the performance assessments are conducted and the SDBIP & OP quarterly reports are completed, they are forwarded to the Internal Audit Unit. The Internal Audit unit then Performs an audit on the results presented in the respective documents. Reports on the IA findings are produced and submitted to Management for comments.	In Progress	N/A	N/A				

## Msunduzi Annual Report 2015/2016

	MEASURES UND	ERTAKEN TO IMPROVE PERFORMANCE IN THE 2015/2016 F	INANCIAL YEA	AR .	
DEPARTMENT RESPONSIBLE	PERSON RESPONSIBLE	ACTION TAKEN	STATUS	REASON FOR DEVIATION	CORRECTIVE MEASURE
Office of the Municipal Manager	Mr. MA. Nkosi (MM)	During the OMC, the Municipal Manager noted there was a slow pace on municipal expenditure on MIG funding & Grants. As a result it was resolved compulsory weekly meetings with all Deputy Municipal Managers, Process Managers and Project Champions will take place. The meetings looked at possible ways of fast-tracking expenditure on MIG funding & Grants.	In Progress	N/A	N/A
Office of the Municipal Manager	Mr. MA. Nkosi (MM)	Msunduzi Municipality continues to implement a dashboard for performance management. In the reporting templates of the SDBIP & OP a graphical summary is included and on each sub-unit's reporting templates there are drop down menus which are Colour coded and linked to the graphical summaries. This further enhances oversight by the MM in respect of early warnings signals of Indicators coded as either red or brown in colour as these indicate targets are not being met and there are problems in those respective areas.	In Progress	N/A	N/A
Office of the Municipal Manager	Mr. MA. Nkosi (MM)	Msunduzi Municipality is implementing a new format of the SDBIP & OP templates on which new columns have been included. These columns are for indicator level reporting (low level), whereby there are columns headed reason for deviation, corrective measures and timeframe to implement corrective measures. Where targets are not met or are partially met, the respective manager is required to populate these columns with responses which are interrogated at the Monthly OMC meetings by the MM.	In Progress	N/A	N/A
Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies	The Office of the Municipal Manager, having consulted with the AG, has developed and implemented a Standard Operating Procedure (SOP) for compilation and storage of performance information (portfolios of evidence) on the SDBIP & OP by strategic business units. The template requires sign off by both the incumbent & supervisor having satisfied themselves that the contents thereof is an accurate and true reflection of the recorded actual.	In Progress	N/A	N/A
Office of the Municipal Manager	Ms. Madeleine Jackson Plaatjies	In line with an Internal Audit report recommending the PMS unit conduct training with the PA's & Secretaries of business units on the compilation of POE's, the PMS unit has since done a report for the SMC to determine who they want to train from their units inclusive of Managers and other staff as well as training to be conducted beyond just the compilation of POE's, but the include the following:  Presentation on the OPMS Policy & the SOP 2015/2016, Presentation on IPMS Policy & the SOP 2015/2016, How to complete the SDBIP & OP on a monthly & quarterly basis, How to use the POE cover sheet, How to prepare the POE, and How to complete the assessment forms & workplans of the respective manager prior to assessments being completed -templates to be used, copies and submission.	In Progress	N/A	N/A

#### 88

## SECTION 1: FUNCTIONAL AREA SERVICE DELIVERY REPORTING PER BUSINESS UNIT

#### **COMPONENT A: INFRASTRUCTURE SERVICES**

This component includes: Water Services, Sanitation Services, Electricity, Roads, Transportation Planning, Storm Water, Fleet Management and Waste Management - Landfill site.

#### 1.1 WATER SERVICES

Please find below basic terminology used commonly in Water & Sanitation content input.

#### **BASIC TERMINOLOGY**

Some of the standard definitions for international use used in this report have been included below for ease of reference and understanding: System Input Volume is the volume of water input to a distribution system.

Authorized Consumption is the volume of metered and/or unmetered water taken by registered consumers, the water supplier or others who are authorized to do so, for domestic, commercial and industrial purposes (authorized consumption includes items such as firefighting and training, flushing of mains and sewers, street cleaning, watering of municipal gardens, public fountains and building water. These may be billed or unbilled, metered or unmetered according to local practice).

Water Losses of a system are calculated as:

Water Losses = System Input Volume - Authorized Consumption as per MFMA circular 71 of 2014

Water losses can be considered as a total volume for the whole system, or for partial systems such as bulk or reticulation. In each case the components of the calculation would be adjusted accordingly. Water Losses consist of Real and Apparent losses, and are effectively identical to Unaccounted-for Water.

Real Losses are physical water losses from the distribution system, up to the point of consumer metering. The volume lost through all types of leaks, bursts and overflow depends on frequencies, flow rates and average durations of individual leaks.

Apparent Losses (or Commercial Losses) consist of unauthorized consumption (theft or illegal use) and all types of inaccuracies associated with bulk and consumer metering. For example, under-registration of bulk meters and over-registration of consumer meters leads to under-estimation of losses. Conversely, over-registration of bulk meters and under-registration of consumer meters leads to over-estimation of real losses. Apparent losses to be included into total water losses as per MFMA circular 71 of 2014.

Unauthorized Consumption is generally associated with the misuse of fire hydrants and fire service connections, and illegal connections.

Non-Revenue Water (NRW) is the difference between the System Input Volume and Billed Authorized Consumption.

#### **INTRODUCTION TO WATER SERVICES**

A government Gazette dated 13 June 2003 granted the Msunduzi Municipality the status of a Water services Authority whereby this Water Services Authority was empowered to perform the functions and exercise the powers referred to in Section 84(1) (b) of the Municipal Structures Act (117 of 1998) which provides for the provision of potable water supply and sanitation systems. In terms of Section 11 of the Water Services Act (108 of 1997), every Water Services Authority is obligated to ensure the adequate sustainable access to water and sanitation to all consumers within their area of jurisdiction.

In order to ensure that the City adheres to the aforementioned legislation and further ensure our citizens are adequately catered for; the following were the list of core achievements for 2015/16 financial year:-

- 1) Masons reservoir was completed which included the reliagnment of the bulk pipeline.
- 2) The 2015/2016 represented the 5th phase of a six year Non-Revenue Water Reduction Program. Total water losses dropped from 33%( 2014-2015) to 31.3% in the 2015-2016 financial year. The following is a summary Non-Revenue Water interventions undertaken 2015/2016 financial year:-

101 new and existing PRV's were audited and maintained during the last year. Of the 101 PRV's, 19 New Pressure Management Zones (PMZ's) designed and commissioned, while 86 existing PRV's were serviced/refurbished/replaced and the same PMZ's made discreet. All the PRV's are now functional and just requires advanced pressure management;

5 advanced PRV controllers were mounted and commissioned with realtime monitoring made accessible to Msunduzi staff. The 6 existing advanced PRV controllers were serviced and optimized to meet new pressure regimes as agreed by all (Except for CBD PRV's pending operational tasks to be completed);

56 of the required 85 Time Controllers (TC) have been retrofitted onto the PRV's that were audited. 44 of the 56 TC have been commissioned within the last 4 months;

Accumulative savings in night flow to date is 372.1 kl/hr;

12 Reservoir supply zones were surveyed and found unmetered. 11 out of 12 feeds for these reservoir supply zones have been installed with bulk

## Msunduzi Annual Report 2015/2016

meters and now metered accurately (92% completion achieved);

20 BPT zones were inspected and 14 found unmetered. 8 out of 14 unmetered BPT's had bulk meters installed on the outlets during the last FY;

In general, 94 sites were managed with planned civil works (modified/new chamber construction). 86 out of the 94 have been completed while remaining sites are pending implementation due to budget restraints;

8 839km of reticulation was surveyed for leaks using leak detection methods. 7 914 Leaks found and 7 647 repaired to date (96% completion achieved). Estimated System Input Volume (SIV) reduction of 26,1 MI/day and monetary savings accounted to R48,3 million p.a.; 348 bulk consumer meters were replaced with new meters and correct installation to help increase revenue for the Municipality.

14 733 restrictor washers were installed at domestic homes to reduce demand from consumers due to the drought;

2 062 domestic homes were also visited where 11 035 internal leaks were repaired to help reduce excessive leakage.

Bulk meters inspected for 19 Reservoirs zones and maintained in working condition due to new installations of previous contract a year ago;

184 Bulk meters audited within last FY i.e. zone meters, BPT outlet/inlet meters, district meters. 115 of the 184 inspected bulk meters not functional. 33 bulk meters refurbished/replaced to date;

94 PRV's audited to date with 28 desktop designed PMZ's;

2 342km of reticulation was surveyed for leaks using leak detection methods. 1 583 Leaks found and 1 497 repaired to date (95% completion). Estimated SIV reduction of 6,13 ML/day and monetary savings accounted to R11,34 million p.a.

- 3) 4,4 Km of water pipeline was replaced in line with Asset Management requirements.
- 4) Reactively responded to 2244 burst mains
- 5) The City's bulk water purchases from Umgeni Water decreased from 193 ml /day in 2014/2015 to 191 ml/day in the 2015/2016.
- 6) A total of 259 new water connections where completed.
- 7) In line with the Water Services Act the Msunduzi Municipality completed Water Services Development Plan (WSDP). The WSDP was completed in conjunction with Master plans for Water and Sanitation. An online Information Management and Query System (IMQS) were also activated.
- 8) The Top 3 priorities in relation to the 2015-2016 financial year is as follows:-

Reduce water losses and improve Revenue Improve Operations and Maintenance Complete Water Services Development (WSDP) Plan.

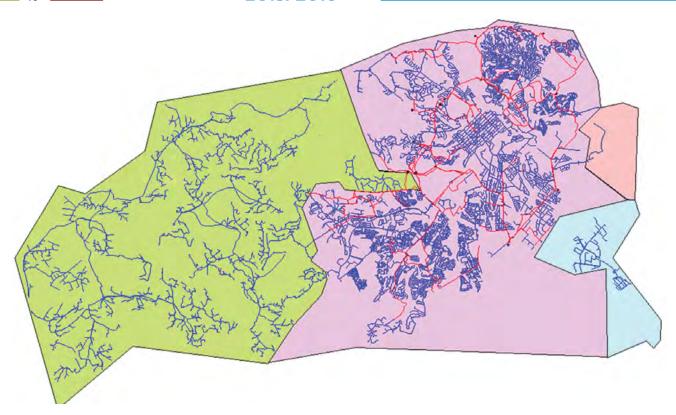

9) The following picture shows Msunduzi Water Service Delivery areas:

Purple shaded portion

- Msunduzi Orginal WSA

Blue and Orange Shaded Portions Green Shaded Portion

- Msunduzi WSA area (Ashburton and Bishopstwe)
- Msunduzi WSA including Vulindlela

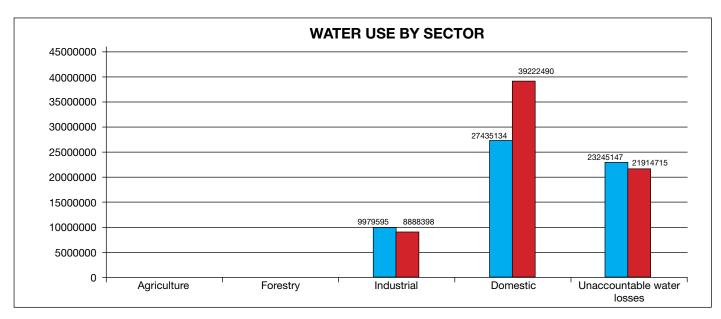

10) The Msunduzi Municipality was once again awarded the Blue Drop Status. The award is called Blue Drop with Platinum Status as Msunduzi Municipality has achieved its drinking water quality summa-cum-laude for 3 consecutive assessment periods.

The blue drop status was launched in 2008 by the Minister of Water affairs, with the focus on an excellence approach to drinking water provision and water quality management. It is important to note that Blue Drop Assessments do not only look at the quality of drinking water but the entire water provision cycle. It looks and scores, the competence and skills capacity of technical staff, the procedures that are followed in the event of an incident, the adequacy of the budget for maintenance purposes, proof of adequate maintenance on our water infrastructure, drinking water compliance (SANS 241 : 2011), Water use efficiency and Asset Management to name a few. The Msunduzi Municipality scored 97.97 percent and was ranked No. 1 in the country.

TOTAL USE OF WATER BY SECTOR (CUBIC METER)										
Agriculture Forestry Industrial Domestic Unaccountable water losses										
2014/2015	N/A	N/A	9979595	27435134	23245147					
2015/2016	N/A	N/A	8888398	39222490	21914715					

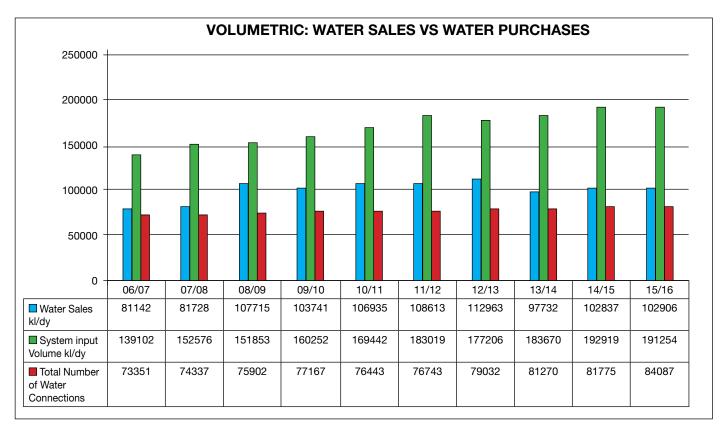

Note: This description of requirements, for Water statistics is outdated. The International Water Association balance requirements do NOT use these descriptions anymore due to the ambiguity and misinterpretation of the terminology. It is preferable to align this table to an IWA balance so that information required here is similar to information submitted to other organizations.

The table below indicates the different variables that cumulatively make up the bulk water purchase tariff that is applicable for financial year 2015/2016.

Bulk Water Purchase Tariff Structure - 2015/2016						
Umgeni Water Bulk Water tariff (Basic)	R4.951					
Capital unit charge	R0.458					
Mkomazi Bulk Water Scheme	-					
Sub-Total	R5.409					
WRC	R0.054					
Tariff Per kilolitre	R5.463					

The table below is further reflected in annual financial statements in order to create alignment. This makes presentations much more accurate and enhances uniform reporting throughout all organizational structures. The MFMA circular 71 of 2014 prescribes that Total Water Losses should include apparent losses and indicated as such in the Annual Financial Statements.

WATER LOSS CALCULATIONS 2015/2016								
	2014/2015	2015/2016+						
Bulk Purchase Rate per kl	R 5.070	R 5.463						
Units purchased - kl	70 387 564	70 025 603						
Units sold - kl	47 142 418	48 110 888						
Real Losses - kl	17 201 409	16 216 889						
Apparent losses - kl	6 043 738	5 697 826						
Total Water losses - kl	23 245 147	21 914 715						
Total Water loss as a percentage	33%	31.3%						

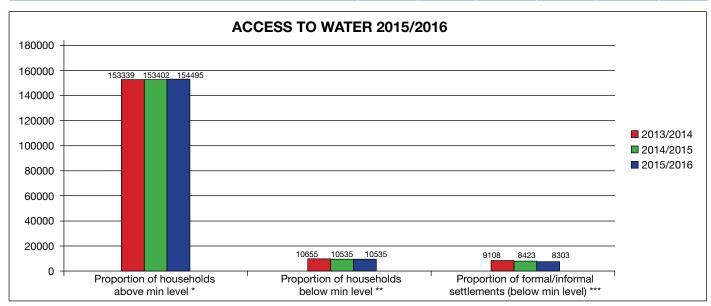

Note: Bulk Water Purchases decreased by approximately 1 % for 2015/2016 compared to 2014/2015.

#### **COMMENT ON WATER USE BY SECTOR:**

The Bulk purchases from Umgeni for the 2015/2016 financial year reduced by approximately 0.5% comparatively to 2014/2015. Simultaneously over the same period we our sales increased by 2%. The total water losses decreased from 33% to 31.3% in the 2015/2016 financial year ends which further give credibility to current Non-Revenue water reduction program. Whilst the Msunduzi Municipality strives to eradicate Water services delivery backlogs; it becomes increasingly difficult with geographical ,uncontrolled migration into the undefined demarcated boundaries of the Municipality. However it should be noted that these challenges are continuously addressed by the Water And Sanitation section of the Msunduzi Municipality.

#### **COMMENT ON WATER SERVICES OVERALL**

The water losses for the 2015-2016 financial year reduced to 31.3% in line with Water Loss program. The intention is to reduce Total Water losses to below 30% which ensuring functionality of water network. The Blue drop award should also be highlighted as Msunduzi Municipality was ranked No. 1 in South Africa as independently scored.

#### 1.2 SANITATION SERVICES

#### INTRODUCTION TO SANITATION PROVISION

The key initiative is to provide basic sanitation to informal areas and the appropriate sanitation services to low-income communities and thereafter elevating this to water borne sewerage, whilst ensuring that adequate attention and funds are allocated to simultaneously maintaining the sanitation reticulation system for continued uninterrupted supply and sustainability. Asset renewal is a key development challenge in the City. Capacity in conjunction with adequate and reliable infrastructure is essential to provide water borne sewage to all households within the Msunduzi Municipality. This priority is developed along the lines of financial availability and other relevant resources aligned to short and long term programs.

The current Sewer Treatment Works has reached its maximum capacity and accordingly to ensure sanitation services; the upgrading of the Darvil Sewer Treatment Works from a 75ml/d plant to 105 ml/d plant will stimulate economic growth. This Upgrade is undertaken by Umgeni Water and its approximately 70% complete.

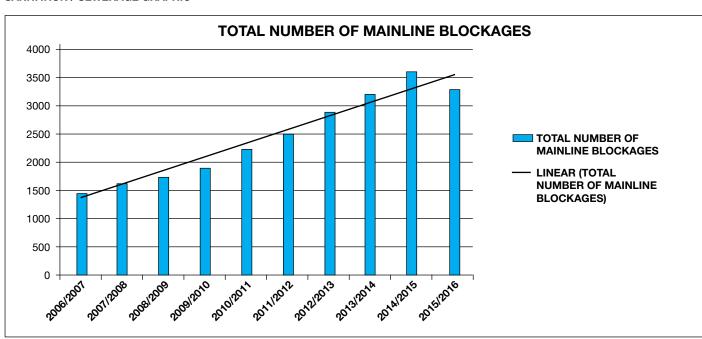

The step up to waterborne sanitation is to first provide basic sanitation in the VIP sector where there is a lack of sewer infrastructure. Msunduzi Municipality's original basic sanitation backlog was 100% completed, however geographical migration of people to undefined settlements increases the need to address a further increase in sanitation backlogs. There are, however, long term programs to elevate this type of sanitation to waterborne sanitation.

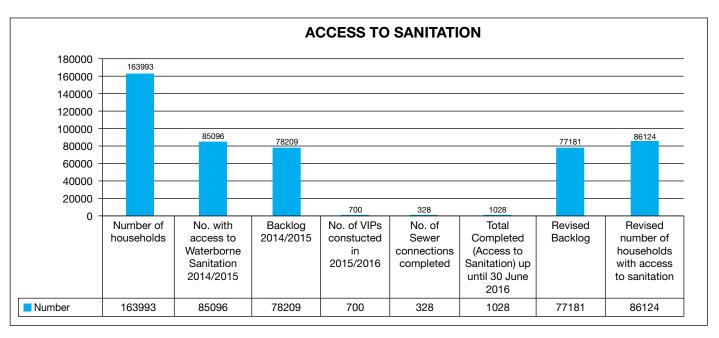

As per the Sanitation Service Policy Objectives, plans and programs are being prepared and/or implemented to eventually satisfy all key initiatives relevant to the provision of all forms of Sanitation.

The following is a list of core sanitation achievements in the 2015-2016 financial year:-

- A total of 700 Ventilated improved pits(VIPS) was constructed for the basic sanitation program.
- A total of 2.13 km of sanitation pipe was installed in Unit H and a further 116 connections were completed.
- A total of 6.57 km of sanitation pipe was installed in Azalea and a further 177 connections were completed.
- A total of 3.5 km of defective sanitation piping was replaced.
- 42 damaged midblock toilets where reconstructed in Sobantu.
- 32 catchment areas had where monitored in order reduce infiltration and pollution to streams and rivers.
- The bulk sanitation master plan was completed and incorporated into the Water Services development plan.

#### COMMENT ON SANITATION SERVICES PERFORMANCE OVERALL:

It is essential, by regulation, to provide at least a basic form of sanitation to households that do not have a basic sanitation service. A total of 700 VIPS was completed and 328 new connections where completed including a business plan for funding for the eradication of the entire basic sanitation backlog was submitted and approved in the 2015-2016 financial year. The rehabilitation of sanitation infrastructure is critical for assets replacement in order to ensure that our operational cost decreases and further the quality of water in our streams and rivers improves. Resource availability (staffing and financial) is of critical importance to fulfil all targets as set out in the IDP. The Sanitation Service Delivery objective has been prioritised to effectively fulfil obligations to provide households with, firstly a basic sanitation service and thereafter a move to above minimum service levels of sanitation.

#### 1.3 ELECTRICITY

#### INTRODUCTION TO ELECTRICITY

Note: Recent legislation includes the Electricity Amendment Acts 1989; 1994; 1995; and the Electricity Regulation Act 2006.

The Msunduzi Electricity Unit is licenced by the National Electricity Regulator of South Africa (NERSA) to supply electricity to 50% of the total customer in the Municipality's area of jurisdiction and the other 50% which is comprised of the Greater Edendale and Vulindlela areas is supplied by Eskom. The Electricity Unit operates under the Electricity Regulator Act (2006).

The Electricity Unit generates approximately 40% of the total revenue of the Municipality. 70% of the income for the Electricity Unit comes from our large customers (industrial and commercial) and 30% from our residential customers.

Msunduzi purchases electricity in bulk on the Megaflex tariff from at 132 00 volts and is transformed to lower voltages. There are two Eskom in-feed points (Msunduzi substation and Mersey substation). We have a notified maximum demand of 350MVA (Mersey 160MVA and Msunduzi 190MVA).

The Hilton and Sweetwaters areas are still experiencing continuous outages due to the numerous faults on the existing 11kV networks. Capacity on the existing Crossways Substation is running very thin and with the number of new developments taking place in these areas, capacity will soon run out. Upgrades of the substation are urgently required to address these issues.

#### **CHALLENGES**

There is a high backlog on maintenance, refurbishment and upgrade of the Primary network, Secondary substations, Overhead lines and Cables, thus contributing to unplanned outages and more funding is required to address these challenges.

Overloaded networks and illegal connections are contributing to the high number of replacement of equipment that has blown up.

#### PRIMARY NETWORK

Vandalism of primary networks (132kv towers, etc) is putting the networks at risk and may result in extended outage to the entire City as the main transmission lines coming from Eskom and within Msunduzi networks are vulnerable. Annual supply contract for power transformers has been put in place to replace old and obsolete power transformer and also attend to upgrades where necessary.

#### **SECONDARY MAINTENANCE**

Maintenance was done on the Secondary substations, but due to the limited number of contractors on existing contract for maintenance, there is huge backlog that still needs to be addressed. A new contract was advertised with the intention to get more contractors to assist in attending to these backlogs.

An annual supply contract for switchgear has been put in place mainly for replacement purpose and more funds are required to implement.

#### 11kV OVERHEAD LINE MAINTENANCE

The number of rotten poles is posing a risk to operating personnel and needs urgent attention. The appointment of the new contractors will be addressing the issue in the new financial year. More funds will be required to attend to this.

#### 132 kV OVERHEAD LINE MAINTENANCE

Visual inspection on the overhead lines is ongoing and Eskom is also assisting with their advanced technology where a Helicopter is also used to take photos of the towers and assist on repairs where necessary.

#### **CABLES**

Many of the cables are old and overloaded. Currently the network is undergoing refurbishment and modifications with installation of new 630mm<sup>2</sup> single core cables and the establishment of distributor substations. 630mm<sup>2</sup> single core cables are available.

#### STREET LIGHTING

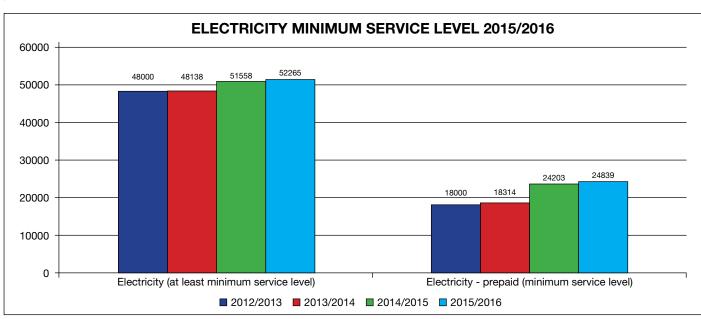

In as much as there is a lot of maintenance work carried out to ensure that the City is well lit, there is improvements on the street lights that are functioning although there is still more work to be done. Some sections of street lights are off due to the continuous excavation by the various Contractors who damage and then cover the cable. Theft of cables and MCB's, steel covers housing the electrical mains are contributing to the ongoing street light problems.

#### **BLOWN SWITCHGEAR**

Due to limited funding, it is not possible to purchase the required switchgear and this further places burden on the network. Ring circuits are not existent because of the blown switchgear. More funds are urgently required to address this problem. This has a negative effect on the operation of the network and the safety of the operators. Also the time it takes to restore power after an outage is now extended unnecessarily

#### POLE TRANSFORMERS

Circuits that were designed based on the size of the transformer are now overloaded and blowing up because of the theft of electricity due to illegal connections. On average, 3-4 pole mounted transformers per month are replaced after blowing up due to overloading caused by illegal connections and at this rate there will be time where there will be no stock to replace and communities runs a risk of sitting without electricity for extended periods.

#### COMMENT ON ELECTRICITY SERVICES PERFORMANCE OVERALL: ACHIEVEMENTS

During the 2015/16 financial year, the major achievements were found on the electrification of 846 households in the informal settlement areas of Triumph Road, SWAPO Phase 2, Zuma Extension and Jika-Joe Masukwana street. This achievement improved the lives of many communities together with their safety since electrification also addressed the issue of illegal connections that have been contributing to the deaths of many community members.

Also the installation of High Masts Lights in various wards was another big achievement to improve the lives of the communities and their safety.

**Installation of High Masts Lights:** 46 High Masts Lights were connected and commissioned in various wards (Ward 1-5 Masts, Ward). A budget of R8m was made available in the beginning of the financial year. There was a variance between the original budget and the total budget spent where more funds were made available and additional 6 High Masts Lights were purchased to be installed in the 2016/17 financial year.

**Upgrade of Northdale Substation:** The upgrade of Northdale is ongoing where installation of 40MVA power transformers and alteration of the 132kV yard is in progress. The contract was concluded during the 2015/16 financial year to the amount of approximately R4m. The project is expected to be completed by December 2016.

Replacement of old 6.6kV underground Cables: The scope for the replacement of old 6.6kv cables in the existing circuits was completed. The budget of approximately R5m was made available, and close to R4,5m was spent on the vote overall.

**Purchase of Capital Equipment:** A total of 54 distribution equipment was purchased during the 2015/16 financial year for various new projects and replacement projects, i.e Pole Mounted Transformers, Ring Main Units, Mini-Substations, etc. A total budget of R10m was made available and all was spent.

**Upgrade and alterations of Prince Alfred Substation:** Alterations and upgrading of the substation by installation of the new 132kV GIS to be linked with a new 132kV City Grid Cables was implemented and the commissioning is expected to be done by 30 December 2017. The total cost of the project was approximately R31m. The project is sitting at 98% completion and delays were experienced due to the malfunctioning of other existing equipment that needs to be repaired.

**Establishment of 132kV City Grid:** This is the installation of new 132kV cables in the CBD linking the major substations. The cables are replacing the old oil filled cables that are now an environmental hazard due to their age and starting to leak oil. The project is now 199% complete and also affected by the faulty switchgear that exist on site. The total expenditure on the project was around R76m.

Establishment of new 132/11kV Eastwood Substation: This is the establishment of a totally new substation to supply the Willowton Industrial areas and the surroundings in order to relive the loads of Northdale and Retief.

#### 1.4 ROADS

#### INTRODUCTION TO ROAD TRANSPORT

This component of the report falls under the Roads & Transportation (R & T) Sub-unit of Infrastructure Services Business Unit. R & T deals with the following:

- Planning, Development and Maintenance of Municipal roads and stormwater infrastructure;
- Transportation Planning, Traffic Engineering issues, Road Safety and Public Transport issues;
- Planning, Development and Maintenance of Municipal Buildings; and
- Planning, Development and Maintenance of pedestrian and vehicle bridges

#### INTRODUCTION TO ROADS

The Roads section continues to address the backlog of gravel roads. An attempt is made every year to upgrade 20km of gravel road into "all weather" surfacing in order to render uninterrupted access and safety (i.e. through geometric interventions).

The Roads section has commenced with its 5 year road assessment in order to produce a revised Road Asset Management Plan (RAMP) and a Pavement Management System (PMS) to drive the municipality's preventative/proactive maintenance for the next 5 years.

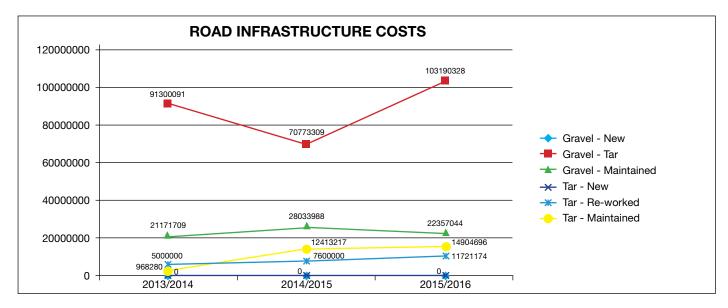

The RAMP is going to inform the upgrading of Gravel Roads programme, the gravel and the backlog will be shown up to ward level.

A preventative maintenance program had commenced in the 2013/14 financial year. 45000m2 of resurfacing and resealing was completed in 2015/16.

#### COMMENT ON THE PERFORMANCE OF ROADS OVERALL:

The department has continued with its programme of upgrading gravel roads with a vision of reducing the high backlog of gravel roads within the city. 25.08km were upgraded in 2015/16 financial year. Funds are slowly being made available by the municipality towards the rehabilitation programme, which makes up the preventative maintenance of the department. In access, 45000m2 of road surfacing was attended in 2015/16.

#### 1.5 TRANSPORTATION PLANNING

#### INTRODUCTION TO TRANSPORTATION PLANNING

Transportation Planning is crucial in planning sustainable developments and ensuring accessibility for all. The Transportation Planning Section is responsible for meeting the directives set out at all spheres of Government. The key principles that we address as a Section are:

- i. Mobility& Land use
- ii. Congestion
- iii. City Efficiency
- iv. Road Safety, and
- v. Accessibility

#### TRANSPORTATION PLANNING SECTION PERFORMS THE FOLLOWING FUNCTIONS:

- i. Evaluation, assessment, and siting of transport facilities
- ii. Planning, co-ordination, facilitation and provision of efficient and effective transport systems and infrastructure for all private and public transport.
- iii. Planning, co-ordination, facilitation, provision, monitoring and regulation of efficient, effective public transport services and facilities within a balanced market demand and supply framework.
- iv. Provides effective traffic management, control and safety through co-ordinated planning and maintenance programmes.

#### SERVICE STATISTICS FOR TRANSPORT

No. of implemented traffic calming measure as per plan - 31

Km of Road Markings - 586 KM

No. of road traffic signs replaced - 765

Number of bus shelters constructed - 41

#### COMMENT ON THE PERFORMANCE OF TRANSPORT OVERALL:

31 traffic calming measures (speed humps and speed tables) were constructed, 41 bus shelters were constructed and one road marking machine was purchased.

Brookside Taxi Holding Area is has been completed it should be operational as from the 2016/17 financial year.

Preliminary design for Mayors Walk road widening has been completed and the detailed design and specialists will commence in the 2016/17 financial year.

Preliminary design for Eastern Ring Road phase 1 from Murray Road/Hesketh Drive intersection to Rodgers Avenue could not be finalise as it was discovered that there will be topography challenges with the proposed alignment.

Therefore a new alignment is being investigated in order to finalise the preliminary design and commence with the detailed design and special studies during the 2016/17 financial year.

#### 1.6 STORM WATER

#### INTRODUCTION TO STORM WATER

This component of the report falls under the Roads & Transportation (R & T) Sub-unit of Infrastructure Services Business Unit. R & T deals with the following: The Municipality constructed 26.7km of storm water channel in various roads in the Greater Edendale and Vulindlela areas. This was to prevent or minimise flooding of municipal roads. Other new systems are constructed in association with road network upgrade. However, this service is still under funded in terms of new or upgrade and maintenance of existing system.

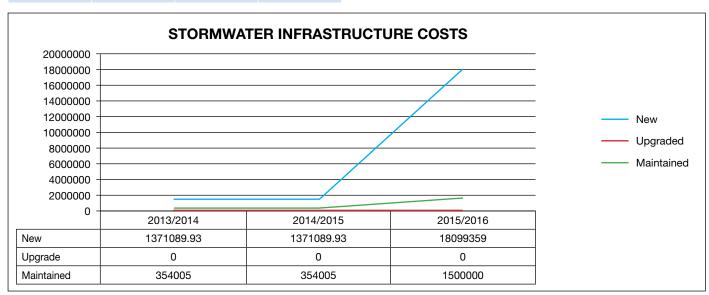

#### **DRAINAGE STORMWATER**

#### **INTRODUCTION TO STORMWATER DRAINAGE**

The Municipality constructed 26.7 km of storm water channel in various roads in the Greater Edendale area and Vulindlela for the 2015/16 financial year. This was to prevent or minimise flooding of municipal roads. Other new systems are constructed in association with road network upgrade. However, this service is still under funded in terms of new or upgrade and maintenance of existing system. Preventative Maintenance programme is still in its infancy stage, however this programme has now been upgraded to ensure that funding is available.

#### COMMENTS ON THE PERFORMANCE OF STORMWATER DRAINAGE OVERALL:

The department has continued with its programme of upgrading storm water drainage. Only 26.7km of storm water channels were constructed in the 15/16 financial year. Due to financial constraints, the available funding is not enough to deal with storm water issues. 2015/16 seen the design on new storm water drainage and channelling, however this is currently put on hold to deal with Water Usage License processes that have been introduced by the Department of Water and Sanitation.

#### 1.7 FLEET MANAGEMENT

#### INTRODUCTION TO FLEET MANAGEMENT

Fleet Management is the sub-unit of Infrastructure Business unit and its core function is to purchase manage, maintain and dispose the Council's fleet and heavy plant. Fleet Management is divided into three sub-sections namely: Fleet Administration, Fleet Maintenance and Fleet Control.

#### STRATEGIC OBJECTIVES OF THESE SUB-SECTIONS ARE:

Fleet Administration is responsible for budgeting, request to purchase parts and services, vehicle licencing, service plan, certificate of roadworthiness, job cards, CAMIS (vehicle history information) and auditing of keys and log books.

Fleet Maintenance is responsible for preventative maintenance, reaction on breakdowns, diagnose and repair defects.

Fleet Control is responsible for Internal and external hiring, contract tenders, purchasing and disposal of vehicles, monitor vehicle tracking system, implementation and compliance of fleet policy and branding of vehicles.

Fleet Strategy - In order for Fleet Management to provide optimal support to various business units, the following strategic objectives were implemented.

Service plan: Due to inadequate service plan, the vehicles and plant were not serviced properly and that was resulting on high maintenance cost and it was against the general fleet management principle that says in order to optimise and provide high level of vehicle availability, proper preventative maintenance plan must be developed. The service plan was introduced and implemented since 1st July 2012. At the beginning of implementation phase, the project was not running well because of non-availability of vehicles and turnaround time for spare parts order numbers. In the financial year 2013/14 the meetings and the awareness sessions of the importance of preventative maintenance were going on with business units and the number of vehicles serviced per month has improved.

**Fitment of vehicle monitoring system:** This was due to abuse of vehicles and the high amount of fuel usage. The implementation phase was at the beginning of 2012/13 financial year which went a bit slowly because of the resistance from staff. It was supposed to be completed by the end of that financial year but due to challenges of breakdowns and accidents it went over two weeks of the new financial year. The fitment is done as the new vehicles are being purchased. The major achievement is the better control and reduction of overtime and detection of vehicle abuse.

**Purchase of new vehicles:** Although the funds were not provided for Fleet management to purchase, the re-allocation of R1000 000 from operation to capital funds was utilised to purchase 5 LDVs and 1 sedan.

**Fleet policy:** The policy was adopted by the full Council on the 26 September 2012. Implementation started thereof and number of business units were workshoped and the remainder of them were done in 2013/14 financial year. As new staff joining the Municipality the sessions of workshoping and awareness is on-going process. The policy is up for review and that process is in progress.

#### COMMENT ON THE PERFORMANCE OF FLEET MANAGEMENT OVERALL:

The strategic planning for Fleet Management is to replace at least 100 vehicles per annum, but experiencing challenges of capital funds to implement this replacement plan. Vehicle maintenance costs are high due to ageing fleet.

#### 1.8 WASTE MANAGEMENT - LANDFILL SITE

### INTRODUCTION TO WASTE MANAGEMENT (NEW ENGLAND LANDFILL SITE)

The New England Landfill Site is the largest, permitted Site in the KwaZulu-Natal Midlands and is a regional Site serving the disposal needs of not only Msunduzi but local municipalities within the jurisdiction of the District Municipality. The Site receives approximately 500 tons of waste daily which is spread, compacted and covered. Users of the Site are billed for the waste disposed and statistical data is maintained of the waste disposed in categories for the purposes of future planning and other advanced Waste Management initiatives. The Site is managed to strict compliance with relevant environmental legislation and bi-annual monitoring for gas emissions, groundwater and surface water contamination, and leachate emissions is conducted to ensure that the Site does not pose an environmental threat to the environment.

#### 111

#### COMMENT ON WASTE MANAGEMENT (NEW ENGLAND LANDFILL SITE) OVERALL

The final phase of the installation of heavy-duty palisade fencing was completed. The Waste Management Division is embarking upon a waste-toenergy program in conjunction with the Department of Economic Development, Tourism and Environmental Affairs which will achieve our target of recycling at least 50% of the waste to Landfill. This project will also provide sustainable jobs for co-operatives that have been established. In conjunction with this project, a waste recycling collection system will be implemented in order to source separate recyclables. A composting facility features as part of the deliverables. We have embarked on the process of establishing a Gas-To-Energy project on Site. The Department of Energy is currently in the process of evaluating proposals submitted by specialist consultants for the generation of gas to energy with the intention of appointing Independent Power Producers. The project will commence on the appointment of the IPP.

## **COMPONENT B: ECONOMIC DEVELOPMENT**

This component includes: Planning, Local Economic Development, Airport, Building Control & Signage, Market and Housing.

#### 2.1 PLANNING

#### INTRODUCTION TO PLANNING AND DEVELOPMENT

Economic development and physical planning at Msunduzi Municipality contributes to:-

- (a) Creation of jobs and protection of the livelihood of the people.
- (b) Protection of the environment and cultural heritage of the residents.
- (c) In general, contribute in encouraging Sustainable Development.

#### INTRODUCTION TO PLANNING

Many day to day situations involve decision making, this is to create a sustainable development within a specific area. Planning; helps to improve the efficiency of executing actions. Planning is often associated with full employment as without proper planning, there will be no sustainable development. Msunduzi Municipality has a proper functioning unit, which has two components; these are Spatial Sub-Unit and Development Sub-Unit. The main function of Spatial Sub-Unit is to prepare strategic documents, like Spatial Development Framework and Local Area Plans, whereas the task of the Development Sub-Unit is to monitor and assess day to day developmental applications as well as building plans.

Strategies that are currently undertaken by Town Planning Department at Msunduzi Municipality are as follows:-

- (a) Just finalised the Local Area Plan for Vulindlela Area.
- (b) Currently reviewing four policies, these are 'Boarding House', B&B, 'Tuck-shop' and 'Tavern' policies.

#### COMMENT ON THE PERFORMANCE OF PHYSICAL PLANNING OVERALL:

Although there were some challenges in terms of human capacity, it should be noted that the performance of Town Planning Department is satisfactory. The following projects as shown in the approved IDP will be undertaken by Town Planning Sub-unit in the next five years:

- a) Preparation of the Local Area Plans for Northern Areas will be undertaken during 2016/17 Financial Year, a project is R1, 200.000.
- (b) Reviewing of the Town Planning Scheme 2016/17 Financial Year, a project is R R650, 000.
- (c) Reviewing Town Policies during 2016/17 Financial Year, the budget is R275, 000.
- (d) Preparation of the Local Area Plan for Scottsville and Pelham area will be undertaken during 2017/18 Financial Year.

### 2.2 LOCAL ECONOMIC DEVELOPMENT

#### INTRODUCTION TO LOCAL ECONOMIC DEVELOPMENT

The Local Economic Development Strategy is encapsulated in the document completed in 2015 which outlines the way forward over the next five years. Critical measures identified included effectively utilising pieces of land and sites near to the N3 corridor; investing in infrastructure to stimulate growth; maintenance and upgrading of existing infrastructure such as electricity, water etc; ensuring that investment initiatives are geared towards promotion of township development and ensuring that the city is a safe, clean and secure environment. Major strides have been made towards the above by various Business units in the municipality, including the initiation of the integrated passenger transport network, completion of the Edendale Town Centre plans, several private sector commercial/logistics developments commencing in Lynnfield Park near the N3, significant upgrades to the electricity network and the launching of the Airport Precinct plan with its related Techno Hub.

#### **COMMENTS ON LOCAL JOB OPPORTUNITIES:**

The latest Global Insight data (Rex 920) indicates that levels of unemployment (official definition) have significantly decreased from the 2000/2001 period (around 30%) to around 25% in 2014/15. Over the same period the number of formally employed people increased from around 132 000 to 150 000. The labour market in the municipal economy seems still to be fairly robust despite the depressed economic conditions and outlook.

#### COMMENT ON LOCAL ECONOMIC DEVELOPMENT PERFORMANCE OVERALL:

As at the end of 2015 the economy of the Msunduzi Municipality still experienced a period of positive growth, however at a much lower rate than during the period immediate after the global economic recession. The recorded GDP growth rate for 2015 was 1.03% compared to 2.10% in 2014 and 3.95% in 2011 (KZN Treasury GDP Model). There is a definite general broad base slowdown in economic activity in the municipal economy similar than the national scenario.

The Municipality possesses a number of economic advantages, including:

- Locational Advantages: the centrality of the Municipality and the fact that the Municipality is bisected by the N3 corridor, which is the
  primary logistical corridor linking Gauteng with Durban Harbour;
- Natural/ Geographic Advantages: Highly fertile land;
- Human Capital Advantages: Good schools and tertiary institutions; and
- Institutional Advantages: Msunduzi enjoys 'Capital City' status.

#### 2.3 AIRPORT

#### INTRODUCTION TO AIRPORT SERVICES

An airport master plan was approved by council and this will guide the development of airport precinct and this has allowed the resumption of critical development strategies like the precinct plan, technology Hub and airport extension project

A business case was developed to explore different management models that can enhance the operational efficiency and income of the airport, the study recommended that the airport be run as an entity and the registration process is underway. All relevant registration activities have been done we are still awaiting a response from the unions. The focus of the entity will not only be on the airport boundaries but the entire prescient that has vast hectares of land ideal for industrial development to complement. A precinct plan is being developed

A the funding of the multimillion technology hub at the airport has been approved and a project steering committee has been established to oversee the implementation of the project, the EIA process is underway, The first phase will be the relocation of the water services that traverse the site.

#### COMMENT ON THE PERFORMANCE OF AIRPORT SERVICES OVERALL:

The office space at the market has been fully let and the issues raised by ACSA are currently being attended to and are budgeted for in the 15/16 financial year. The approval of the airport master plan will unlock the development potential of the airport and its precinct.

#### 2.4 BUILDING CONTROL & SIGNAGE

#### **INTRODUCTION TO BUILDING CONTROL & SIGNAGE**

The Building Control and Signage Section controls building construction and outdoor advertising signage in the city. This is done through compliance with the National Building Regulations and Building Standards Act, 1977, the SANS 10400, and the Msunduzi Municipality Advertising Signs Bylaws. This section has seen several changes over the year:

On the Building Control side the staff complement was boosted by the filling of a vacant Senior Building Inspectors post. We had one Plans Examiner who resigned during September in the year. Regarding the vacant and funded Law Enforcement Officer post, this still remains to be filled but an alternative arrangement has been made through Traffic & Security to provide an officer on a three month secondment basis.

#### 2. During the year the Plan Approval Systems have been further improved:

- Plan Approval Management software has been operating well and reducing approval times. Necessary enhancements to the system were identified and a Service Level Agreement was signed with the supplier to implement upgrades to the system.
- The Plan Approval Committee has continued to ensure delays are minimised and to address the risk of possible fraud and corruption in the plan approval process.
- The scanning and digitising of all Building Plan files and documents, and the creation of a legitimate Archival System was completed in this
  financial year.

- 3. On the Outdoor Advertising side there has been improvement there have been two internal appointments made to the Signs Inspectors posts. There has also been the following contract appointments (six months) one Signage Officer and two additional Signage Inspectors. Since the previous Signage Management Service Provider contract came to an end on 31 December 2015, SCM processes are underway to appoint a new Service Provider (Management Company) to provide support.
- 4. Other initiatives which have contributed to the control of signage and promise substantial revenue for the City are:
- The renewal of Billboard contracts for all Billboards in the City is in the process of being finalised.
- The appointment of Co-operatives to address illegal advertising and clean up the City has been a challenge and is being reviewed. SCM processes are underway to appoint a new Service Provider (Clean-up company/companies or co-op(s)).

#### COMMENT ON THE PERFORMANCE OF BUILDING CONTROL & SIGNAGE OVERALL:

The Building Control and Signage section started off well during the first half of the 2015/16 financial year due to the additional staff members recruited during the year. However production started lagging during the second half due to the resignation of a Plans Examiner and non-filling of vacant posts. This situation was due to be improved when the newly approved organizational structure was implemented, especially with appointment of an additional Plan Examiner or two. These posts are critical to improving the service of approval of building plans.

The new Plan Approval System requires some enhancements to improve the quality and quantity of Building Plans approved and the service delivered, which were commenced before the end of the year.

The Archival System and the scanning of all building plan records was successfully and timeously completed in May 2016. The quality of scanned documents continues to exceed initial expectations.

The Outdoor Advertising function is still experiencing challenges due to shortage of experienced management and operational staff, but strategies for better control of legal advertising and eradication of illegal advertising have been developed and promise to deliver more control, a cleaner city, and increased revenue to the council during the 2016/17 financial year.

#### 2.5 MARKET

#### INTRODUCTION TO MARKET SERVICES

The Pietermaritzburg Fresh Produce Market operates through a system of market agencies, market agents acting as the link between sellers and buyers. The main products traded are potatoes, onions, tomatoes, vegetables, bananas and fruit. The crucial variable determining the economic viability of the market is the volume of business, or the tonnage throughput. The market has been able to maintain its No.4 spot out of 18 national markets listing. This can be attributed to the tight financial control system and the market upgrade.

The main project at the market for the years 2015/16 was to complete the infrastructure upgrade funded by the Provincial Department of Cooperative Governance and Traditional Affairs (COGTA). The market has embarked on the programme to explore the use of renewable energy by converting vegetable waste to energy and organic fertilizers, solar power and water harvesting to mitigate against the rising costs of conventional methods and enhance the market sustainability.

#### COMMENT ON THE PERFORMANCE OF MARKET SERVICES OVERALL:

The budget that was allocated for the market upgrade has been fully expended and the interest that accumulated on the capital account will be utilised to the erect an internal fencing that will create space for another agent. In partnership with KZN Agricultural Development Agency there are plans to develop an agro-processing facility. The market has been able to attract in excess of 200 new buyers especially from the previously disadvantaged groupings

#### 2.6 HUMAN SETTLEMENTS

#### INTRODUCTION TO HUMAN SETTLEMENTS

The Housing Sector Plan sets out housing delivery goals and targets for the municipality and provides and approach to housing delivery and spatial transformation. The Housing Sector Plan is reviewed annually together with the Integrated Development Plan of the Municipality. Msunduzi Municipality developed its first Housing Sector Plan in 2011. The Human Settlements Sub-Unit reviewed its 2011 Housing Sector Plan during the 2014/15 financial year and was approved by Council in 2015.

Like other secondary cities in South Africa, the Municipal spatial character depicts the legacy of apartheid planning and high levels of urbanisation. There are currently seventy identified informal settlements located in different parts of the city with limited basic services.

#### SOME FOR THE KEY OBJECTIVES OF THE HOUSING SECTOR PLAN IS TO:

- Upgrade the existing well located informal settlements to improve land tenure and access to basic services
- Accelerate development and consolidate human settlements development in line with the National Policy directives and the IDP of the Municipality
- Contribute towards spatial transformation and creation of an efficient settlements and spatial pattern.

The Municipality is currently acting as a developer and has delivered several housing projects through funding from the Department of Human Settlements. Since 2004, the Municipality has delivered approximately 11000 housing units with access to basic services (water, electricity, roads, storm water, etc.).

During the year 2014/2015 the Municipality managed to acquire large tracts of vacant and informally settled land for future housing and upgrading of existing informal settlement.

The Human Settlements Sub Unit is made up of four (4) Sections with each focusing on key programmes of human settlements:

#### • INFORMAL SETTLEMENT

This section facilitates the National Upgrading Support Programme which seeks to identify and incrementally upgrade informal settlements. The programme involves the identification, categorisation and prioritisation of informal settlements for upgrading initiatives. With the assistance of the National Department of Human Settlements, the service provider was appointed to produce informal settlement upgrading strategy as a first phase of the programme. Through this project, a total of seventy informal settlements were identified, categorised and prioritised. A service provider has already been appointed for the second phase which involves detailed investigations.

The second phase of the NUSP programme involved the detailed assessment of 24 informal settlements. This included geotechnical and environmental assessments and if the settlement could be upgraded a town planning layout was prepared. The report also covers costing for the provision of basic services.

One of the main challenges the Section is facing in dealing with Informal Settlement is massive land invasions and mushrooming of more informal settlements. The Municipality is having a challenge in fighting this phenomenon. What is even more challenging about land invasions is that they are targeting land that has already been identified for human settlements.

#### • PLANNING

This Section identifies and facilitates the acquisition of well-located land to implement the relevant national housing subsidy programmes. Ensure the alignment between the Human Settlements Sector Plan, Spatial Development Framework Plan and Infrastructure Development Sector Plan. Prepare and package human settlements projects business plans to secure funding from relevant sources. Develop strategic policies to enhance the development of integrated human settlement within the Municipal area.

There are currently twelve housing projects that are in various phases of the planning stage. These projects are expected to deliver a combined yield of 13 500 units in different financial years.

During the 2015/2016 financial year, the Municipality acquired several large parcels of private land for human settlements development. The land acquisition programme has resulted in eight new housing projects. The projects in the planning stage include informal settlement upgrading (project-linked subsidy), social/rental housing and gap market.

#### • PROJECT IMPLEMENTATION

This Section is responsible for the provision of infrastructural services that are in-line with the municipal acceptable standards and top structures that comply with the National Housing Code, National Building Regulations, the NHBRC standards as well as Municipal requirements. Facilitate the process of acquiring MIG funding to ensure that services delivered are in-line with the municipal acceptable standards. Ensure that quality control is maintained during the construction of both infrastructure services and top structures.

There are currently nine housing projects that are in various phases of the implementation stage. These projects are expected to deliver a combined yield of 30202 units in different financial years which is inclusive of Operation Sukuma Sakhe Phase 1 and 2 intervention. During the 2015/16 financial year the municipality was able to deliver 3 048 units to low income qualifying beneficiaries of the Msunduzi Municipality.

One of the challenges the municipality has experienced over the years is the poor workmanship on houses that were delivered from 1994 - 2002. The Municipality is currently undertaking rectification programmes which include the rectification of 2086 Wire-walled houses and another 585 units. The Municipality has also experienced a challenge whereby most of projects that were undertaken post 1994 were never completed and closed out, about 11 000 units have never been transferred to the beneficiaries. In rectifying this situation the Municipality has appointed a Conveyancer to verify and transfer the 5685 units. This process has started and should be completed in two financial years.

#### HOUSING ADMINISTRATION

The Section administers all property management activities for Council's Housing Rental Stock, Odd and freestanding properties. The Municipality currently owns 248 rental flats and 40 state funded properties and 58 odd / freestanding properties (houses) that are being leased out to tenants. The unit is also in the process of disposing of the approximately +- 800 ex-state owned pre-1994 properties within the Edendale area by application of the Extended Enhanced Discount Benefit Scheme (EEDBS). The section furthermore supports the National mandate of capturing the need for housing on the National Housing Needs Register (NHNR), a web based program housed at a National level.

Some of the major challenges that the section currently faces under the administration of the Housing Rental stock, has been a long history of poor payment of rentals and services, the lack of information on the status of the current tenants occupying the units as there has been many cases of sub-letting by previous tenants, deceased tenants (lease holder) which have passed away, leaving family members who can't afford the rentals etc. but are still on the billing system. The other challenges is lack of qualified data that both Housing Administration and Finance work from in terms of rental collection and also the systems being used by the sections to perform property management activities. There has also been minimal maintenance of the rental stock due to lack of funding resulting from non-payment of rentals.

One of the successes has been the completion of tenant audit and verification for all Council Housing rental stock and Odd / freestanding properties. This process has assisted in addressing the current challenges within all the tenancy discrepancies. The other achievement has been the formulating and approving of a turnaround strategy and action plans to arrest the escalating arrears within all rental housing stock. The debt has been further categorised into status of tenancies and e.g. Deceased tenants, unemployed tenants, etc. Reports have been submitted to Council recommending the various action plans which included debt write-off and those tenancies that could face eviction. The other achievement has been a committee that has been formed between Housing Administration and Finance to deal with all the issues that are cross-cutting. A new system (software) for the waiting list of potential tenants was also put in place with necessary security features to safeguard against corruption. The matter of maintenance although plagued by challenges, progress has been noted by formulating and approving a turnaround strategy, to achieve a 7 day turnaround time to addressing all maintenance queries. The Section is also in the process of appointing a Service provider who will assess the condition of all the rental stock and compile a 1 year and 5 year maintenance plan. The section is also in the process of appointing a service provider to conduct a valuation of all rental stock to determine market related values. This will help in assessing of whether the rental stock is financially viable for Council.

In regards to the application of the EEDBS, the section is currently appointing a conveyancer to handle all the transfers. A report has also been submitted to Council to address all blockages and so that approval can be granted for a smoother application of the EEDBS. The National Housing Needs Register (NHNR) has now been fast tracked by PDoHS by the appointment of service providers to conduct the survey and the section in supporting the process by providing the necessary staff to be trained on the application and capturing on the NHNR.

#### COMMENT ON THE PERFORMANCE OF THE HUMAN SETTLEMENTS SERVICE OVERALL:

The Human Settlement Unit performed satisfactorily well. In terms of Capital performance, only one project could not start, being Yellowood OSS 2. The project was advertised in this financial year of reporting and all SCM processes have been completed. Expenditure will start during the 2016/17 financial year.

The Unit also received 4 project approvals from the PDOHS in this period and the Municipality will be undertaking and concluding the SCM processes in 2016/17. Funding is available for feasibility funding.

The NUSP programme is yielding good results and the reports being generated requires extensive funding for the provision of basic services. To date 24 settlements have been assessed with detailed reports. A further 30 settlements will be assessed during 2016/17.

The Unit remains under resourced from human capacity, funding is available from the Accreditation Operational Grant for the employment of new staff. Still recruitment drive will take place in 2016/17.

## **COMPONENT C: COMMUNITY SERVICES**

This component includes: Waste Management, Art Gallery, Theatres & Halls, Cemeteries & Crematoria, Environmental Health, Bio-Diversity & Landscape, Traffic & Public Safety, Fire, Disaster Management, Sport & Recreation and Library.

#### 3.1 WASTE MANAGEMENT

#### INTRODUCTION TO WASTE MANAGEMENT

The domestic refuse collection services cover a total of approximately 120000 of 163000 households. The area to next receive attention in 2016/17 will be Vulindlela where a study will indicate which the best service delivery method is and bring service coverage up from about 75% to about 100%.

The business refuse collection service has met its targets but faces problems with dumping in the business districts. It is envisaged that there will be improvements as the business unit becomes more efficient with tracking customers and reducing illegal dumping in the central business districts.

The business unit is short staffed and cannot follow its mandate fully and is currently relying on contract and EPWP staff. Also there are not enough suitably qualified and trained staff to meets the requirements of the MFMA, THE NEMWA and other important legislation. It was envisaged that these shortcomings will be dealt with in the recent staff restructuring. There are however, still critical staffing gaps to be addressed in the near future.

Street sweeping is being conducted but in ever decreasing areas. To overcome this deficiency the business unit is using EPWP staff. The garden sites have shown improvements although much needs to be done to improve infrastructure, reliable transport for containers and more bins. Vehicle shortages remain a problem with availability around the 50% average. Public toilets are services all year round.

The business unit is on a recycling drive to increase and improve recycling in the municipality. During the year Wildlands Conservation Trust (WCT) which did kerbside recycling in 5 wards of about 8000 houses stopped their service due to funding problems. The slack was taken up an employee who started her own business called Ukuphile Recycling. The programme was not expanded in this current year but will with effect from 01 August as between 12 and 20 small collectors have expressed interest. It is envisaged that there will be partnerships developed in order recycle refuse and to pre-treat green waste for composting, thereby removing it from the landfill site. The business unit is in pre-feasibility studies with Environmental Affairs and German funding partners to implement a small scale biogas to energy plant and small scale home composting.

#### COMMENT ON WASTE MANGEMENT SERVICE PERFORMANCE OVERALL:

Work was initiated on the Kwapata garden refuse/recycling site where the fencing was completed in June 2016. Partners are being sought with regards to the development of the site into a combination garden refuse and recyclables sorting plant. The Integrated Waste Management Plan was developed internally and approved by council. Waste Management is an integral part of the IDP.

It was planned that there will be an improvement in recycling from 15% to 25% by June 2016. There are indications that this is being achieved but a study will have to be done to confirm this. Recycling is currently undertaken by private companies, the trolley brigade, the bag brigade and many more equipped with small delivery vehicles.

The lessons learnt will provide direction for the business unit in the future especially with regards to waste minimization, improving effectiveness and greater integration and participation by all stakeholders.

#### 3.2 ART GALLERY

#### INTRODUCTION TO ART GALLERY

The Tatham Art Gallery serves the visual arts needs of the Msunduzi Municipality through additions to the permanent collection, preserving (conservation), documenting and displaying of artworks and also generic education and outreach programmes.

The Gallery hosts a range of Art Exhibitions. These include travelling and researched exhibitions as well as exhibitions initiated by the gallery based on works in the permanent collection.

The display of art works is accomplished through organizing and hosting of temporary exhibitions and ongoing changes in the permanent display areas. The Gallery hosts various cultural functions during the year, including concerts, lectures and talks, film shows, and book launches.

#### SERVICE STATISTICS FOR ART GALLERY

Acquisitions of artworks to permanent collection: 135 items accessioned into permanent collection.

Exhibitions: 24 exhibitions displayed against a target of 24.

Education and Outreach: On-going programme of school visits, walkabouts and lectures, art classes for youth, artists-in-residence, artists' forums, master classes concerts, FOTAG functions and fundraising initiatives.

Visitors to Gallery 1 July 2014 - 30 June 2015: 20715

#### COMMENT ON THE PERFORMANCE OF COMMUNITY FACILITIES (THEATRES & HALLS)

Halls have been upgraded and renovated. Priority was given to halls in Vulindlela areas. There are insufficient funds for the maintenance of Halls.

#### 3.4 CEMETERIES & CREMATORIA

#### **INTRODUCTION TO CEMETERIES & CREMATORIUMS**

This unit is responsible for the Management, maintenance and development of Cemeteries and Crematoria.

#### **SERVICE STATISTICS FOR CEMETERIES & CREMATORIUMS**

#### **CLOSED CEMETERIES**

Commercial Road Cemetery, Roberts Road Cemetery, Georgetown Cemetery, Range / Sinathingi Cemetery, Slangspruit Cemetery, Moses Mabhida Cemetery (Heroes Acre) & Dambuza Cemetery.

#### **OPERATING CEMETERIES**

Azalea Cemetery, Mountain Rise Cemetery, Willowfountain Community Cemetery. Three cremators are currently operational.

#### **COMMENT ON THE PERFORMANCE OF CEMETERIES & CREMATORIUMS OVERALL:**

Obtain authority from the Department of Housing to utilize 10 hectares of the 30 hectares authorized cemetery at Ethembeni. The acquisition of land needs to be fast tracked in order to alleviate the problems of burial space and identification of new land for new cemeteries is vital to accommodate burials for 50 years.

#### 3.5 ENVIRONMENTAL HEALTH

#### INTRODUCTION TO ENVIRONMENTAL HEALTH

Environmental Health encompasses those aspects of human health, including quality of life that is determined by physical, chemical, biological, social and psychosocial factors in the environment. It also refers to the theory and practice of assessing, correcting, controlling and preventing those factors in the environment that can potentially affect adversely the health of present and future generations. Environmental Health Services includes: Water quality monitoring, Food control, Waste management, Surveillance of premises, Communicable diseases control, Vector control, Environmental pollution control, Disposal of the dead, chemical safety and noise control.

The service delivery priorities focussed on water quality monitoring, food quality and safety, health surveillance of premises and vector control.

#### SERVICE STATISTICS FOR ENVIRONMENTAL HEALTH

DESCRIPTION	TARGET	ACHIEVED	
No. of Prosecutions instituted	Dependent on contraventions	12 prosecutions	
Fines received	Dependent on successful prosecutions	R7450.00	

#### **AIR QUALITY DATA**

#### **Northdale Hospital Station:**

It is the responsibility of the municipality to monitor air quality, in terms of the Air Quality Act, No. 39 of 2004. The Northdale Hospital Station is managed in partnership with the Department of Agriculture, Environmental Affairs and Rural Development (DAEARD). For data to be accredited, the analysers must be calibrated and checked bi-weekly. Data management, analyser maintenance, service and calibration were the responsibility of the DAEARD but this did not occur hence data was not verified and only raw data was available.

#### **Central Station:**

Station was decommissioned to accommodate construction of the Tourism Hub. A new station was acquired during the financial year and was commissioned at the end of the 2015/16 financial year.

#### Edendale Station:

No Data available due to vandalism resulting in theft of the station. The station needed to be relocated and due to budget constraints, this was not possible. This station is subject to an insurance claim and will be replaced early in the 2016/17 financial year.

#### **Oribi Airport Station:**

The new Oribi Airport station was acquired in June 2015 and was commissioned at the end of the 2015/16 financial year.

#### COMMENT ON PERFORMANCE OF ENVIRONMMENTAL HEALTH OVERALL

Environmental Health Services continued to be provided without funding from National Treasury. With a limited budget and diminishing resources the nine functional areas relating to environmental health services as defined in the National Health Act, No. 61 of 2003 were carried out to ensure effective and efficient service delivery within the areas of Msunduzi. One of the service delivery priorities focussing on water quality monitoring, continued for the purposes of Blue Drop status accreditation. The departmental laboratory was used for the monitoring of water and food quality and also swabbing to determine standards of hygiene at food premises. The Air Quality Monitoring Network was non functional, due to the stations on the network being replaced, and the continued vandalism of one of the Municipality's Air Quality Monitoring Stations. Capital funds were available to purchase a new station for the Oribi Airport. In addition to the current priority service objectives, Air Quality Monitoring will therefore be focused on during the 2016/17 financial year.

#### 3.6 BIO-DIVERSITY & LANDSCAPE

#### INTRODUCTION BIO-DIVERSITY AND LANDSCAPE

Management, maintenance and development of Parks, open spaces, play lots, verges and Conservation areas. Horticultural practises which includes, beautifying, landscaping of cities inslands, city entrances, maintenance of surrounds and garden at council buildings e.g. halls and libraries. Plans to develop Parks in Edendale approved to secure external funding to implement.

#### COMMENTS ON THE PERFORMANCE OF BIO-DIVERSITY; LANDSCAPE OVERALL:

Beautification projects have been initiated on all council gardens, islands, and city entrance to enhance the aesthetics of the city. Revitalization of Alexandra Park is 60% completed.

#### 3.7 TRAFFIC & PUBLIC SAFETY

#### **INTRODUCTION TO TRAFFIC, SAFETY & SECURITY**

The department of Public Safety helps ensure a safe environment and improve the quality of life through effective Traffic policing combined with efficient use of security officers. Traffic services include:

Control and regulate all forms of Traffic, promote education and training on the road and traffic safety.

Attend scenes of motor vehicle collisions and assist with traffic control, removal of injured persons and removal of vehicles so that traffic may glow freely again.

Eliminate points of congestion, obstruction, hindrance, interference or danger to vehicles and pedestrians.

#### COMMENT ON THE PERFORMANCE OF TRAFFIC & PUBLIC SAFETY OVERALL:

Performance of Traffic, Safety & Security personnel are on par as per the Service Delivery & Budget Implementation Plan. The lack of Traffic stations servicing the remote areas of the municipality is a cause for concern due to the risks attached to the delayed response times from Traffic stations which are a fair distance from these areas. This is further exacerbated by the time of day response (peak periods etc.), and could have an impact on the ability to respond to Road Accidents. With 10% Reduction in Road Accidents over the previous years, the estimated 30% can be achieved.

#### 3.8 FIRE SERVICES

#### INTRODUCTION TO FIRE SERVICES

The Fire Services unit is responsible for as per below:

#### 1. FIGHT OR EXTINGUISH A FIRE AND RESCUE OF LIFE OR PROPERTY FROM A FIRE OR OTHER DANGER:

Early and timeous response to fire and rescue incidents is critical for life and property saving measures to be effective. In order to improve turnout times to incidents the Municipality has started the process which should see two more fire stations opened in the vast Vulindlela area and Northdale suburb of the City, however due to financial constraints these projects have been placed on hold. Whilst staff shortages are a challenge this is combated by a constant attempt to ensure that a minimum manning standard is complied with on a daily basis, even at the expense of overtime costs.

## 2. PREVENT THE OUTBREAK AND SPREAD OF FIRE AND THE PROTECTION OF LIFE OR PROPERTY FROM FIRE OR OTHER THREATENING DANGER:

The dedicated Fire Prevention officers ensure that all new building development applications are in compliance with the City by-laws, National Building Regulations and SANS 0400 codes of practice for fire safety in buildings. Existing infrastructure is also subject of daily scheduled and adhoc inspections for fire safety compliance.

#### 3. BASIC FIRE AND LIFE SAFETY TRAINING:

The Fire Prevention Officers undertake regular scheduled training with hospitals, commerce and industry in order to impart basic fire safety training in the use of first aid firefighting equipment.

The Public Education Section engages schools and communities in a drive to ensure basic fire and life safety awareness and skills are imparted at a rudimentary scale, mostly by meetings, attendance to community structures and visitations to schools, and, of schools to fire stations. Whilst this basic intervention is still not enough it is imperative that communities are aware of the fire service and services it offers, how to access these services, and what it is that they can do to provide basic first aid fire safety protection to themselves.

#### COMMENT ON THE PERFORMANCE OF FIRE SERVICES OVERALL:

The lack of fire stations servicing the extreme areas of the municipality is a cause for concern due to the risks attached to the delayed response times from fire stations which are a fair distance from these areas. This is further exacerbated by the time of day response (peak periods etc), and could have an impact on the ability to effectively protect life and property.

#### 3.9 DISASTER MANAGEMENT

#### INTRODUCTION TO DISASTER MANAGEMENT

Disaster management (DM) promotes a culture of risk avoidance among communities through education and public awareness.

This plan establishes the arrangements for disaster risk management within the requiremets of the Disaster Management Act, 57 of 2002 and section 26(g) of the municipal Systems act, 2000. Planning for disasters leads to organisational preparadness and readiness in anticipation of an emergency or disasters.

The Act requires an integrated and effective response to disasters.

Disaster Management volunteers are regarded as a metrpolitan and district function as per Disaster Management act, Disaster Management and fire will be incollaboration to establish emergency teams in high risk areas.

The Disaster Management unit is a pro active and reactive unit that works with victims of incidents/ disasters and undertakes community awareness programmes to reduce the risk in communities. The unit is also involved in the safety at Sport and Recreation events. It was a target to react to all incidents within 24hrs of being notifed thereof.

#### SERVICE STATISTICS FOR DISASTER MANAGEMENT

During financial 2015/2016, a total of 184 incidents were responded to. Disaster Management was involved in the safety of 190 events. Disaster Management plan was approved in March 2015 by the full council.

A progressive report was submitted by fire unit regarding the formation of community emergency response teams in high risk areas and a resolution was taken in June 2015 to establish the mentioned team for the high risk informal settlements identified.

#### COMMENT ON THE PERFORMANCE OF DISASTER MANAGEMENT

Lack of personnel in disaster management component cause a delayed response or to attend to different disaster related event/incidents and other key perform areas. The Disaster Management unit only had capital to purchase equipment. Equipment such as a stove, fridge, Global Positioning systems and cameras were purchased. The purchase of stock containers were not realized as the cost exceeded the amount available.

#### 3.10 SPORT & RECREATION

#### INTRODUCTION TO SPORT AND RECREATION

Manage maintenance and development of all municipal sports facilities and swimming pools plus the promotion and development of sports and recreation. Master plan for the maintenance of sports facilities approved.

#### COMMENT ON THE PERFORMANCE OF SPORT AND RECREATION OVERALL:

There as being a lack of maintenance due to the lack of funding. Athletic track is due to be completed in February 2017. The grading and categorization of venues is still in progress.

#### 3.11 LIBRARY SERVICES

#### **INTRODUCTION TO LIBRARY SERVICES**

There are eleven libraries within the Msunduzi Municipal Library Services, the main Bessie Head Library and ten branch libraries. The Bessie Head Library has a wide range of resources including books, large-print books, newspapers and periodicals, audio-books, DVDs, videos, music CDs and scores, and CD ROMs for all age groups.. Within the banch libraries: there are three large libraries, Northdale, Georgetown and Eastwood and five smaller ones, Ashburton, Woodlands, Sobantu, Ashdown and Alexandra Library. The branch libraries offer a smaller range of materials than is available at the main library but make every effort to meet the needs of the communities they serve. A limited Adult Reference service is available at Northdale, Georgetown and Eastwood libraries. Georgetown provides a study area and a Travelling Library service to schools.

During the financial year all 11 libraries were maintained every month, 8 Libraries Renovated & maintained as per approved Maintenance Plan and 16 863 library books where purchased.

### COMMENT ON THE PERFORMANCE OF LIBRARY SERVICES

Book buying and renovations are ongoing projects. Preservation and digitization are major project that the library is embarking upon as they are falling within the Legal deposit collection which is prioritize as Generally Recognized Accounting Practice 103 (GRAP 103) that is OF heritagical value of the country. The expectations for 2014/15 were exceeded. Currently the library is focusing on fire protection of the legal deposit material and the process phase one of portioning stack areas has commenced.

## **COMPONENT D: FINANCIAL SERVICES**

This component includes: Indigents (Free Basic Services), Financial Services and Supply Chain Management.

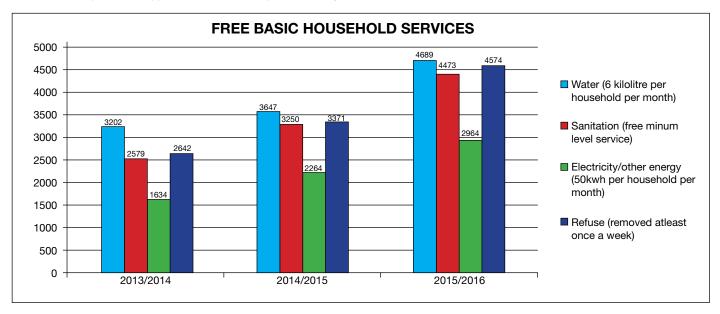

#### 4.1 INDIGENTS (FREE BASIC SERVICES)

#### INTRODUCTION TO FREE BASIC SERVICES AND INDIGENT SUPPORT

Council receives Equitable Share to subsidise those who cannot afford to pay for the minimum needs in life. The objective in calculating the amount to be subsidised, must be to prevent an increasing balance on the account of an indigent as it will be difficult to recover the debt in a humanly way. According to the Municipal Systems Act 2000, Section 74(3) and 75(2) stipulates, "A tariff policy may differentiate between different categories of users/debtors."

#### Criteria for Approval:

- 1. That the gross household income for qualification as a registered Indigent be determined each year by Council in terms of the tariff register. Currently the threshold income is R3500.00
- 2. That the prescribed application forms be completed annually.

#### COMMENT ON FREE BASIC SERVICES AND INDIGENT SUPPORT:

The equitable share received is used to fund Free Basic Services that is extended to all our customers who have been declared indigent who are earning below R3500.00 as determined by Council. Further to the free basic services, we are trying to remove the burden from the indigent customers by reducing their amperage on the electricity they use to 20AMPS. We have started a project to replace all indigent customers meter with smart prepaid. Indigent policy refers to: people who are lacking the necessities of life such as sufficient water, basic sanitation, refuse removal, environmental health, basic energy, health care, housing, food and clothing. Spent on electricity for 2015/2016 was R 3 080 430, spent on water 2015/2016 R 8 611 396, spent on sewerage for 2015/2016 R4 553 556, spent on refuse 2015/2016 R 2 195 310.

#### 4.2 FINANCIAL SERVICES

#### INTRODUCTION TO FINANCIAL SERVICES

The Financial Services Business Unit comprises with the following sections, namely:

Budget & Treasury Expenditure Revenue Management Supply Chain Management, & Assets & Liabilities

The National Key Performance Area for this business unit is Financial Viability & Management. Programmes pertaining to the sections are as follows:

Budget & Treasury-Compliance and Annual Financial Statements.

Expenditure-Trade and Sundry Payments, Payment of all invoices within 30 days, management of general insurance fund, remuneration management.

Revenue Management-Credit Control and billing, policies.

Supply Chain & Supply Chain management, and

Asset Management

The debt collection rate has improved, however is not ideal at this stage. The debt collection task team put together is addressing collection challenges.

#### **COMMENT ON DEBT RECOVERY**

Council has appointed a panel of 7 attorneys & 2 Debt Collectors to collect outstanding arrears from debtors. The MM has formed a Debt Recovery Task Team that meets every Tuesdays to discuss challenges with all relevant departments in terms of debt recovery. Our credit control policy reviewed annual to close the loop holes and any gaps that were identified during the past financial year. We have also improved our indigent registration in order to better manage the accounts of low income earners such that the income threshold was increased to R3500.00 so that the majority of the poorest of the poor are catered for and those who cannot afford to settle their debts in excess of the free basic service, their meters are being changed to prepaid.

#### COMMENT ON GRANTS, CONDITIONAL GRANTS AND GRANT RECEIVED FROM OTHER SOURCES:

The actual figures in the tables above are the amounts that the Municipality utilized on capital and operational projects during the financial years. During 2014/2015 the municipality had spent 81.96% of the grants received during the year and grants rolled over from the prior year, while in 2015/2016 the percentage has decreased to 61.38%. In terms of the grants from other sources, the municipality only received a grant from SANEDI during 2015/2016. 95% of this grant was utilized during the current financial year.

#### COMMENT ON THE PERFORMANCE OF FINANCIAL SERVICES OVERALL:

The process leading to the approval of the budget was in line with the approved budget process plan. The Budget was adopted within the MFMA legislated timeframes and the approved budget was informed by the Long-Term Financial Plan (LTFP). All relevant budgets related policies are in place and some of the critical procedure manuals were adopted during the year. Staff shortages/vacancies were also addressed within the financial year.

#### 4.3 SUPPLY CHAIN MANAGEMENT

#### INTRODUCTION TO SUPPLY CHAIN MANAGEMENT

The Msunduzi Municipality's Supply Chain Management unit is a support function for all business units within the council to ensure provision of efficient, transparent, fair, equitable and cost effective procurement services hence assisting the business units to implement their service delivery priorities.

#### **KEY FOCUS AREAS FOR 2015/2016 FINANCIAL YEAR**

#### **Monitoring and Contract Management**

In terms of section 116 (2) of the MFMA the accounting officer of a municipality must -

"Take all reasonable steps to ensure that a contract or agreement procured through the supply chain management policy of the municipality or municipal entity is properly enforced; monitor on a monthly basis the performance of the contractor under the contract or agreement; establish capacity in the administration of the municipality to assist the accounting officer in carrying out the duties and to oversee the day-to-day management of the contractor under the contract or agreement;" therefore we have established a Contract management Office(monitoring) within the Supply chain management unit in order to adhere to the above act.

These are activities of the contract management Monitoring Section:

All contracts are monitored, by having regular sites visits and attending monthly site progress meetings.

Monitoring of expenditure on supplies and services contract.

Monitoring and rotating of contracts with panel of contractors to ensure equal distribution amongst the prospective suppliers.

Verifying variation Orders on projects by Project managers and recommend to the Bid Evolution committee.

#### Challenges

There are challenges in Integrating of project management and Contract management

#### SERVICE STATISTICS FOR SUPPLY CHAIN MANAGEMENT

12 Monthly reports on tenders awarded were submitted during the year 2015/2016 financial year. Four hundred and eighteen (418) requests (> R30 000 and > 200 000) were received by Supply Chain Management, two hundred and ninety nine (299) requests were finalized and awarded, two hundred and thirty three (233) awards were made to Pietermaritzburg service providers and or Suppliers, eighty (80) tenders and quotations were cancelled for various reasons, thirty nine (39) are still within the tender process, four (4) objections were received and were resolved; and there was no court interdict received.

	19.4	Has regulation 29(4), which stipulates that a member of a bid evaluation committee or an advisor may not be a member of a bid adjudication committee, been breached?	No	N/A	N/A	N/A
20	Procu	rement of IT related goods and services:				_
	20.1	Are you aware that SITA can assist with the procurement of IT related goods and services (regulation 31)	Yes	N/A	N/A	N/A
	20.2	Have you utilized this facility before?	Yes	N/A	N/A	N/A

	Question	Answer	Comment on progress	Date for completion	Official(s) responsible
2	Does the SCM Policy provide for an effective system of risk management for the identification, consideration and avoidance of potential risks in the SCM system? (reg.41(1))	Yes	N/A	N/A	N/A

#### PERFORMANCE MANAGEMENT OF CONTRACTS FOR THE PERIOD 1 JULY 2015 - 30 JUNE 2016

In terms of section 116 (2) of the MFMA the accounting officer of a municipality must - "Take all reasonable steps to ensure that a contract or agreement procured through the supply chain management policy of the municipality or municipal entity is properly enforced; monitor on a monthly basis the performance of the contractor under the contract or agreement; establish capacity in the administration of the municipality to assist the accounting officer in carrying out the duties and to oversee the day-to-day management of the contractor under the contract or agreement;"

In order to fulfill the requirements of the legislation quoted above the Supply chain Management unit prepares a monthly report on the Performance of all suppliers. This report is tabled at the Strategic Management Committee on a monthly basis thereafter it is forwarded to the other portfolio committees before it is tabled at Council.

The table overleaf indicates a schedule summarizing the performance of all contracts on a monthly basis that the municipality entered into that are over the amount of R10 000 000. 00. Due to the size and volume of these reports, should anyone wish to view the full report they can kindly do so at the Supply Chain Management Unit on the 5th Floor of the AS Chetty Building. The table also does not include any information pertaining to annual supply contracts.

SCM 32 OF 11/12	SUPPLY, DELIVERY, INSTALLATION AND COMMISSIONING OF A VEHICLE MONITORING, TRACKING AND VEHICLE MANAGEMENT SYSTEM	EWC VEHICLE COMMUNICATION	R13 212 354.64	The Council is still busy finalizing the extended contract- for the project to be utilized accordingly.		
SCM 4 OF 12/13	ASHDOWN WARD 23	KULU CIVILS AND PROJECT	R11 732 372.70	• The site handover was done on 03 August 2015.		
	MIDBLOCK SANITATION RELOCATION	MANAGERS		• Awaiting completion certificate/closeout report from the Business unit.		
SCM 26 OF 12/13	SCM 26 OF 12/13 RAPID PUBLIC TRANSPORT SIYAZI TRANSPORTATION R 26 358 802.00 SERVICES DEVELOPMENT (PTY)LTD	NETWORK SERVICES DEVELOPMENT	NETWORK SERVICES DEVELOPMENT		R 26 358 802.00	The Project manager is satisfied with the service rendered by Siyazi.
		(PTY)LTD		<ul> <li>However, the business unit is experiencing difficulties in monitoring this project because sometimes the safety is being compromised.</li> </ul>		
			The project manager also mentioned that getting the members of the taxi associations to sign register for attending meetings is impossible as a result he finds it very difficult to track if Siyazi does hold meetings with all the relevant stakeholders.			
SCM 55 OF 12/13	CONSTRUCTION OF	BRIGHT HOMES	R45 990 087.82	Progress is ongoing onsite		
	ATHLETIC TRACK STADIUM PHASE 2	CONSTRUCTION		Project Manager indicated that the full 10% retention is due on the 05th of September 2015, before handover a defects inspection is to be conducted.		
				An addendum to contract is being prepared to cover the additional scope that exceeds Variation Orders, which will be circulated for signature.		
			A contingency plan is to be submitted by the contractor on the 19th of August 2015 and the cash flow to follow after.			
				New formwork has been delivered.		
				• 72% of the original scope has been executed, on overall scope noted only 42.3% has been executed		

CONTRACT NO	DESCRIPTION	SERVICE PROVIDER	CONTRACT AMOUNT	STATUS			
SCM 64 OF 12/13	INSTALLATION OF WATERBORNE SANITATION	ACTUS INTERGRATED MANAGEMENT (PTY) LTD	R 56 643 190.00	• The contractor is approximately 4.5 months behind when compared with the original program of works.			
	IN WARD 10, EDENDALE			<ul> <li>However the contractor confirmed that they have plans to make up the backlog by employing a sub- contractor.</li> </ul>			
				Additional teams are still on track to speed up the lost time.			
				The contractor has managed to lay more than 3890m of pipes, 98 Main manholes and 90 Terminal manholes.			
				The contractor was granted 24 days extension of time due to community issues that resulted to a strike.			
				The Contractor's contractual performance thus far remains satisfactory.			
SCM 65 OF 12/13	INSTALLATION OF WATERBORNE SANITATION IN WARD 16, EDENDALE	NATAL RICHARDSBAY HIRE CC T/A NRB CONSTRUCTION AND HIRE	R 35 497 453.38	Project commenced in April 2015 with an anticipated completion date of 31 July 2017.			
				• Installed cover slabs on 13 concrete rings			
				• The contract is extended for 31 days and the expenditure to-date is 21%.			
				The company raised 38 rings.			
				The contractor has managed to lay 2594.73m sewer pipes.			
				The Contractor again stated that excavations / line production work (sewer lines) would not continue until the payment certificates have been processed.			
				Construction of manholes would however continue.			
				The Contractor stated that they had been working without being paid since November 2014			
							Delays and frustrations: delayed payments to the Contractor
				Delivery of MOS from off-site storage by the supplier			
				• The general quality of work to date is acceptable.			
SCM 68 OF 12/13	REHABILITATION / REPLACEMENT OF	TTI/ MARTIN AND EAST JV	R21 273 797.82	• The project commenced in April 2014 with a provisional completion date of 1 February 2016.			
	DEFECTIVE SEWER RETICULATION: PHASE 1			<ul> <li>A total of 4956m of pipes has been laid (4429m during 2014/2015 and 527m during the 2015/2016 financial years).</li> </ul>			
				• The area is divided into blocks, on block A and B, the company is busy on final snagging in anticipation of partial handover.			
				• The company is ahead of programme, the revised anticipated completion date is 27 October 2015 and the expenditure to-date is 64.58%.			
			• The deliverables are exceptional. The overall work performance is 64.58%.				

CONTRACT NO	DESCRIPTION	SERVICE PROVIDER	CONTRACT AMOUNT	STATUS		
SCM 61 OF 13/14	REALIGNMENT AND WIDENING OF THWALA	BR TSIMA AND MASIQHAME JV	R10 000 000	• The road is approximately 1000m of 10.5m wide, 40mm thick.		
	ROAD		Market Stalls -Foundations Excavation is at 70% Complete and Foundations Concrete is at 50% Complete.			
			• Storm water Phase 1 is at 99% and Phase 2 is at 98%.			
				• Drive way access is at 95% for phase 1 and 84% for phase2.		
				Delays: Telkom, fibre optic lines.		
				Eskom, existing electrical lines to affected trader.		
				Existing potable water lines.		
				Non Payment of local sub-contractors.		
				Stoppage of the Market Stalls and Retaining Walls, the community was unhappy with the proposed market stall sub-contractor and delayed the construction thereof.		
				Poor Planning of Works		
				Delays with the delivery of materials on site.		
	c c T uu a a		The road works is delayed by two weeks and the construction is delayed by approximately 6 weeks			
					<ul> <li>Quality:-Workmanship is poor on site and has been challenging from the commencement of the works. Br Tsima's comments are that they have been tasked to use local labourers with no skills and quality control is always under scrutiny.</li> </ul>	
				The Asphalt was programmed to be completed by now, however due to the national shortage of bitumen, this did not happen.		
				• The overall work completion for both phases 1 and 2 is 84%.

#### COMMENT ON THE PERFORMANCE OF SUPPLY CHAIN MANAGEMENT OVERALL:

#### LOGISTICS MANAGEMENT

Part of logistics management is to establish and implement appropriate standards of internal control and warehouse management to ensure that goods placed in stores are secure and only used for the purpose for which they were purchased; regular checking of stock; and monitoring and review of the supply vendor performance to ensure compliance with specifications and contract conditions for particular goods or services.

The stock count for the financial year 2015/2016 proceeded smoothly with every member of the team demonstrating their efforts and energy in achieving a well-run physical count of stock. The purpose of conducting a stock count is to verify and ascertain and benchmark the stock records as reflected by the computer system and that of the physical stock on hand. Any discrepancies or differences on stock are then adjusted on computer system either as losses or surpluses. Further to that the investigation is then conducted and necessary remedies made.

The Central Stores adjustments net write-down of stock of -R2 078 769, 14 for the financial year ending 15/16; and the obsolete stock was to the value of R312 033.45. There was no obsolete cable for financial year 2015/2016.

Typically obsolete inventory is stock not issued although departments requested central stores to carry those items. If the departments have not requested in a year or more and cannot provide a justification for not requesting the kept items, Central Stores has to recommend that these items be disposed as a surplus. Stores will endeavor to liaise with departments should there be a change in inventory needs.

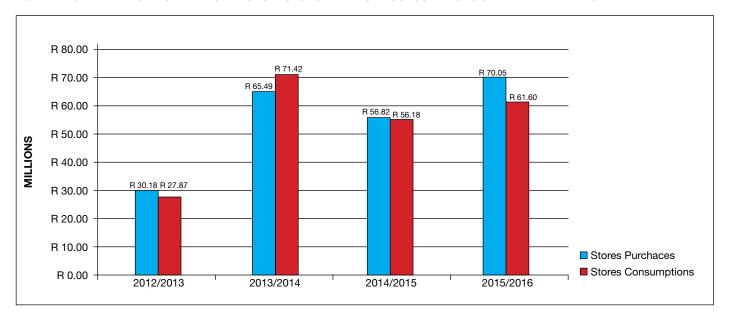

During the stock take process store men and stores controllers corrected and amended the unit of issue for some bins/items that were identified to be incorrectly coded.

The Stores activities for the financial year ending 15/16 proved to be positive in that there were no major back locks of stores requisition not captured or processed on the system; therefore, all the targets were met. During the course of the year Stores management was continuous monitoring all transactions/requisitions. The communication with departments was also visible and it assisted in addressing issues pertaining to unprocessed requisitions. All stores requisitions were screened by the Stores Controllers prior to them being captured on the ProMis system. This exercise helped in making sure that commodity codes are correct before being captured. It also helped in addressing the problem of incorrect use of unit of issue or measure during capturing.

The introduction of SAP and MSCOA CHART OF ACCOUNTS will alleviate the challenges of insufficient funds on department's votes. This is because all stores transaction will only be performed on line/computer with an appropriate vote and funds debited same time when goods are collected. The valuation of stock for the year 16/17 will be changed from First in First out (FIFO) principle to Weighted Average.

Stores purchases increased by 23.28% and stores consumptions also increase by 9.64% when comparing the 14/15 and15/16 financial years. There is a proper management of inventory and an ongoing liaising with end user sector departments on inventory holdings and have been able to utilize slow moving stock to good advantage.

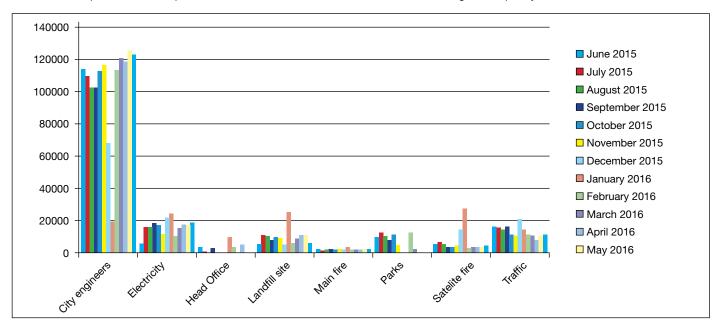

#### FIG 1: THE GRAPH INDICATES INVENTORY PURCHASES VS INVENTORY CONSUMPTIONS OVER A 4 YEAR PERIOD.

FIN YR	2012-2013	2013-2014	2014-2015	2015-2016
Purchases	R30 175 593	R65 485 516	R56 817 992	R 70 053 808,07
Stores Consumptions	R27 869 348	R71 421 721	R56 181 088	R61 603 849,01

#### **FUEL**

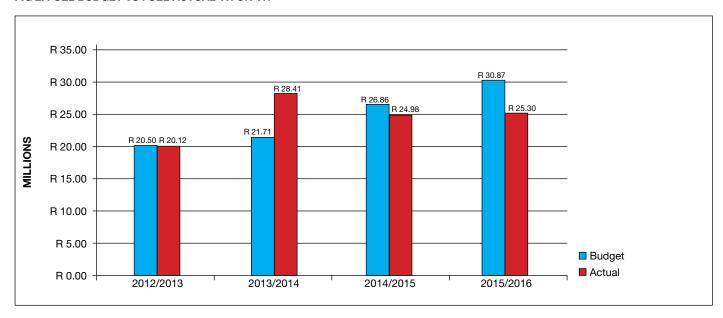

There has been some recognition of cost reduction potential on fuel issues and fuel purchases as a result of the new fuel management system. The consumption levels have steadily decreased. The investment on the fuel management system will provide more accurate cost controls and reporting. Reduce errors and human intervention when generating reports. Also help by providing real time fuel information as and when required. In the future the departments will be provided and advised on the liters each vehicle is consuming and frequency of refuels.

#### **COMPONENT E: CORPORATE SERVICES**

This component includes: Human Resources Services, Information & Communication Technology Services, and Legal Services & Sound Governance.

#### 5.1 HUMAN RESOURCES SERVICES

#### INTRODUCTION TO HUMAN RESOURCE SERVICES

The top service delivery priorities for human resources in 2015/16 were the finalisation of Job Evaluation for all Job Descriptions (JD's) on the new Structure in preparation for migration and the implementation of the 2013 Structure.

#### FINALISATION OF JOB EVALUATION: IN PREPARATION FOR MIGRATION TO 2013 STRUCTURE:

The process of writing JD's for 2013 Structure was completed just before the beginning of the 2014/15 Financial Year (FY). Subsequent to that all measures to have all jobs evaluated were put in place. As part of that process Deloitte was engaged to undertake the evaluation exercise, which began on August 2014.

All provisional grade outcomes produced by the Job Evaluation Unit (JEU) were submitted to Provincial Audit Committee (PAC) on 16 April 2015 for auditing. The auditing process started on 18 May 2015, and was concluded on 10 July 2015. All preliminary audit outcomes with audit queries were referred to the JEU by PAC on 10 July 2015.

#### STAFF ALLOCATION/PLACEMENT PROCESS ON 2013 STRUCTURE:

In the 2015/2016 FY the Organization went through the staff allocation/placement onto the 2013 Structure. The approved 2013 Structure was implemented, guided by the approved Staff Allocation/Placement Policy. This process was inclusive of all stakeholders, particularly Labour on behalf of staff that were being migrated. Corporate Services lead the process of staff migration onto the 2013 Structure which was implemented from 1 June 2016. This process ran concurrently with the publication of job grading results on the new TASK Grading System, as well as the administration of Staff Allocation Disputes and TASK Grade Review Applications. The organization is therefore now on TASK grading system with effect from 1 June 2016.

#### PERMANENT ABSORPTION OF LONG\_TERM CONTRACT EMPLOYEES ONTO 2013 STRUCTURE:

In preparation for the permanent absorption of long-serving contract employees, Corporate Services prepared a report enabling 1052 contract employees, below the Labour Relations Act threshold, to be absorbed effective 1 July 2016 following approval by the Full Council.

#### COMMENT ON THE OVERALL PERFORMANCE OF HUMAN RESOURCE SERVICES:

The priority Capital Project in 2015/2016 financial year for HR saw the successful refurbishment of the HR Customer reception area. HR, as a customer focused Unit that has in excess of 3500 internal staff customers and almost 80 Councillors presently, intends to focus on progressively improving all customer-facing offices. Secondly, HR will continue to focus on the maintenance and up-keeping of all Personnel Records in compliance with all applicable legislation pertaining to the keeping of personal records.

#### 5.2 INFORMATION & COMMUNICATION TECHNOLOGY SERVICES

#### INTRODUCTION TO INFORMATION AND COMMUNICATION TECHNOLOGY (ICT) SERVICES

The Information and Communication Technology (ICT) unit prioritized the following three critical projects during the 2015/16 financial year as set out in the SDBIP Operational plan:

- Implementation of SAP ERP Project
- 2. Disaster Recovery (DR) Site at Mkhondeni Market
- 3. Operational Level Agreement (OLA)

#### **SAP IMPLEMENTATION:**

The SAP implementation is progressing well with critical milestone met as set out in the project plan. This SAP ERP implementation will consolidate and standardize most of the legacy software systems into one. Further to that it will improve and assist in service delivery as business processes have been streamlined and shortened by having a unified business enterprise system throughout the Msunduzi Council. So far some SAP modules have gone live on the 1st July 2016 as per the project plan, and a few more modules are planned to go live later in the 2017/2018.

#### **DISASTER RECOVERY SITE - MKHONDENI:**

As part of improving ICT Governance, the Council provided funding for the creation and implementation of the Disaster Recovery Site. The DR site is now fully functional, internally audited and signed off. All of the critical systems within Msunduzi can be moved to the DR site by the click of the button should a disaster occur in the main computer data centre at Headquarters. This is designed to be a very seamless exercise which will occur without affecting or interrupting any users or operations. The DR site is equipped with monitoring sensors all around and assists the ICT Technical team in the day to day monitoring of the health and functionality of ICT systems.

#### **OPERATIONAL LEVEL AGREEMENT (OLA):**

The ICT Unit committed to improving day to day support of all users within the Msunduzi Council. With the best tools and infrastructure available, improving support turnaround time and efficiency was a key priority. With an average of one thousand (1000) ICT incidents logged on a monthly basis at the ICT Service Desk, ICT has managed to resolve all incidents within the agreed OLA time of 24 business hours or less. ICT will continue to provide the best support to the entire council and improve on higher efficiency levels based on sporadic negative incidents that are still raised by ICT users.

#### **ICT SERVICE STATISTICS:**

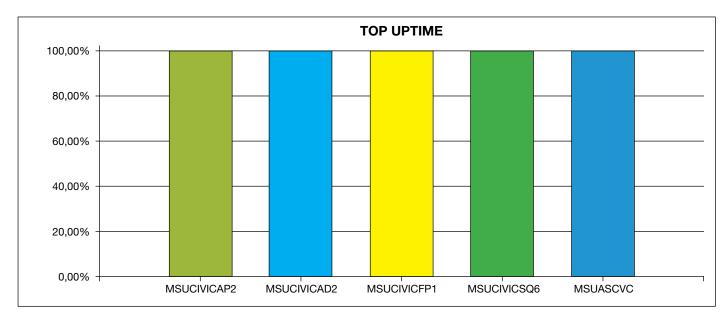

#### VM SERVERS UPTIME

**Description:** This report provides an overview of VMs uptime including VMs with lowest and highest uptime values for the entire 2015/16 Financial Year.

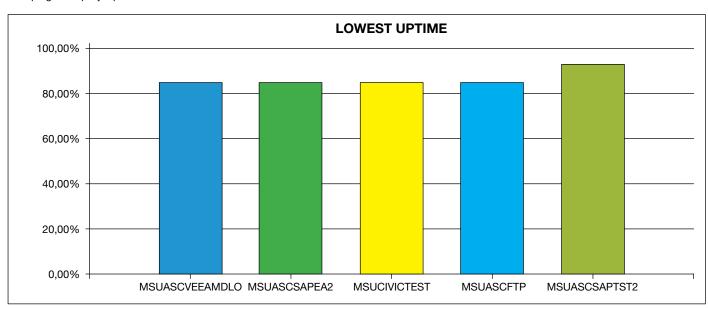

#### REPORT PARAMETERS

Root Object: PRODUCTION

**Reporting Period:** Custom Date Range (2015-07-01 - 2016-06-30) Uptime parameter: greater than 80, 00% and lower than 100, 00%

Grouping: Group by Uptime

#### COMMENT ON THE OVERALL PERFORMANCE OF ICT SERVICES:

The ICT Unit continues to improve in providing the best service and support throughout the municipality as indicated above by the ICT infrastructure uptime and Service Desk Statistical report. With internal ICT infrastructure being maintained and managed effectively, ICT intends to delve into external or community based projects where services will be provide in the form of Broadband or Fibre for the community of Msunduzi at large.

#### 5.3 LEGAL SERVICES

#### INTRODUCTION TO LEGAL SERVICES

Legal Services play a crucial role in the interaction between the municipality as good governance change agent and individuals, interest groups, the private sector and other organs of state who are constitutionally bound to uphold the rule of law. Legal Services activities include but are not limited to:

- Advising on and developing legally sound and binding policies and legislation in relation to local government's constitutional mandates;
- Interpreting and advising on the application of the Bill of Rights and the Constitution, not only to individuals and juristic persons, but also other organs of state in the national and provincial spheres, including the so-called "Parastatals" such as Telkom, Eskom and Water Boards;
- Negotiating and drafting of contracts and other legal instruments, instituting and defending of claims in various forms, including interdicts, declarators and summonses, prosecuting bylaws and regulations in the criminal courts; and
- Interpreting and advising on the application of a myriad of other statutes relating to municipalities.

In addition to the activities outlined above, the following items are formally placed on the SDBIP for Legal Services:

- Provision of legal comments on all reports whenever required;
- Regularly attending various Council committees and sub-committees, working groups of the Municipality, including portfolio committees, the Executive Committee, the Bid Evaluation and Bid Adjudication Committees. In addition we regularly attend impromptu meetings requested by customer units;
- Coordinating the activities of multidisciplinary municipal teams in relation to a particular legal issue, problem or objective;
- Considering and evaluating an average of 20 new insurance claims against the municipality every month, and new prosecutions a month;
- Acting, where required, as Prosecutors or Chairpersons of Disciplinary hearings.

In essence, Legal Services provides legal advice on both a proactive and reactive basis to the municipality.

The top three service delivery priorities for Legal Services are the review of Bylaws, providing Legal representation in Civil and Criminal matters and the drafting of various legal instruments, as applicable.

Legal Services introduced workflow templates to measure performance against the top three priorities as listed above.

#### **DELICTUAL COURT CLAIMS AND COURT INTERDICTS:**

Work on these matters involves daily management of court pleadings and extensive legal processes, including but not limited to correspondences with opposition attorneys, pre-trial procedures and court attendances. These procedures are extensively regulated by; inter alia, the Rules of Practice in the High and Magistrate's Courts.

#### **CRIMINAL PROSECUTIONS:**

Work in these matters involves processes of prosecuting persons in the criminal courts, including the consideration of evidence presented by Peace Officers, drafting of charge sheets where necessary, liaising with the Courts and lawyers representing the accused. Ultimately, Legal Services represent the municipality in all court matters and procedures are extensively regulated by the Criminal Procedure Act, 51 of 1977.

#### SERVICE STATISTICS FOR LEGAL SERVICES:

During 2016-2017, 8 bylaws were reviewed. The current High Court and Magistrates Civil Rolls reflect that the current case load is approximately 300 cases. Contracts attended to during the year included a wide variety, and included Service Level Agreements, employment contracts, housing contracts and contracts relating to the development of land.

#### COMMENT ON THE PERFORMANCE OF LEGAL SERVICES OVERALL:

Legal Services will continue to strive to progressively implement all the requirements imposed by its core mandate. Whilst a limited budget and vacancies preclude it from reaching its full potential, it is foreseen that the continued review of Bylaws will be adequately funded.

#### 5.4. ORGANIZATIONAL DEVELOPMENT PERFORMANCE

#### INTRODUCTION TO ORGANIZATIONAL DEVELOPMENT PERFORMANCE

During the 15/16 financial year the HR Unit - identified certain priorities that must be met in order to unlock the organization's human capacity potential towards the achievement of the Municipality's strategic priorities and outcomes.

During the year under review, the Municipality's departments indicated facing challenges of low staff morale and a poor state of employee well-being (threat of disease). During the HR Customer Satisfaction Survey the causes of this state of affairs were found to include multiple factors, inter alia:

- Lack of will and ability to manage by supervisors and managers;
- Lack of performance management systems and lack of accountability by all managers to drive performance;
- Ways to improve service delivery not discussed elaborately with staff;
- Poor communication across the board;
- Failure to implement plans.

#### **Customer Satisfaction Survey Interventions:**

In response to the feedback drawn from the HR Climate Survey, which was conducted in the 2014/2015 financial year, which elicited that a gap exists between what the clients expect organizationally and what is presently delivered; and further that this mismatch causes lack of confidence in the HR system, a Customer Satisfaction Survey Intervention Template was developed by HR to address and mitigate all human resources management and development gaps that were identified by organizational clients.

The gaps identified inter alia were as follows:

- Lack of competent staff
- Lack of accurate HR statistics and data
- Lack of motivation of staff
- Skill gaps resulting in poor employee performance
- Remuneration- Incorrect grading and salaries
- Harmonization of the work environment
- Information to be available more communication expected
- Recognition of high performers
- Policy compliance and consistent policy application
- Incentives to perform

The Customer Satisfaction Survey Intervention Template also progressively measures if stated interventions and targets have or have not been met; and if the latter, continuous remedial action will be taken to ultimately achieve the intended targets and outcomes by HR.

#### **Allocation/Placement Process:**

In 2015/2016 the Organisation went through the allocation/placement process. The approved 2013 Structure has finally been populated with staff using the approved Staff Allocation/Placement Policy. This process was inclusive of all stakeholders, particularly Labour. Corporate Services lead this process which was implemented from 1 June 2016. This process ran concurrently with the publication of job grading results. The organization is now on TASK grading system.

#### **Absorption of Contract Employees:**

Corporate Services prepared a report to Full Council in June 2016 to facilitate the absorption of long-serving contract employees into the new 2013 Structure. This enabled 1052 contract employees to be absorbed effective 1 July 2016 following approval by the Full Council.

#### **EMPLOYEE TOTALS, TURNOVERS & VACANCIES**

2014/2015	115	158	6%				
2015/2016	71	165	-				

#### **COMMENT ON VACANCIES AND TURNOVER:**

During the financial year all Section 57/56 posts were filled. In anticipation of the migration to the 2013 Structure a moratorium was placed on the filling of posts which created additional burdens on the already high vacancy rate. The new 2013 structure, implemented in June 2016 also has a higher post compliment which further translates into a higher vacancy rate.

#### MANAGING THE MUNICIPAL WORKFORCE

#### INTRODUCTION TO MANAGING THE MUNICIPAL WORKFORCE

An assessment of workforce requirements for the current and future organization needs is to be periodically conducted, balancing stability of the approved organizational structure and changing demand and supply dynamics. To this end, the HR team has planned and initiated the following activities:

Up to 1,377 jobs were evaluated and aligned to T.A.S.K during 2015/16 financial year;

Skills audit of all permanent employees was concluded in 2015/2016 and concluded by third quarter2014/2015;

To support staff migration into the new structure, Staff Allocation Policy has been approved;

Staff migration to the new structure was concluded on 1 June 2016;

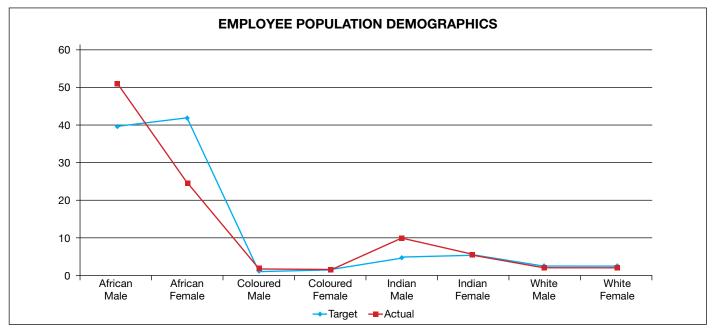

Job Descriptions, have been completed for the entire organization; and

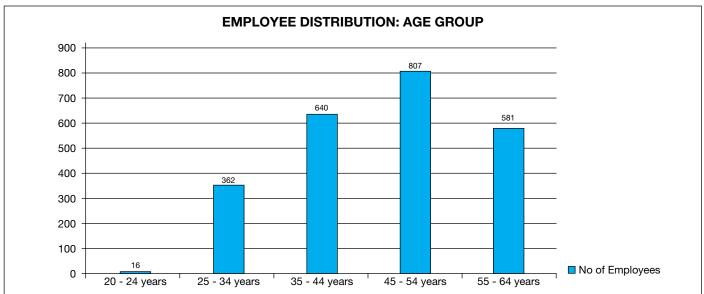

An audit to ascertain future shortages of critical skills based on resignations, pending retirements, and identified areas of scarce skill has been initiated.

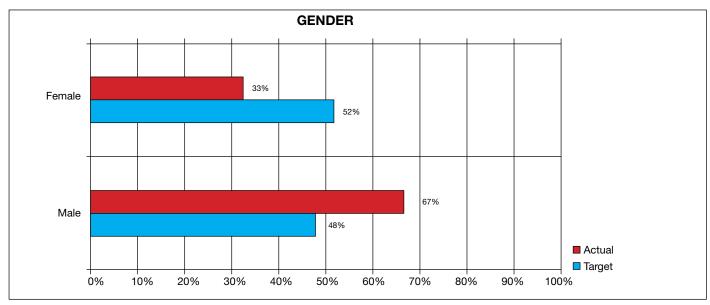

There is an urgent need for Msunduzi Management and HR senior management to give attention to attraction of younger recruits in order to bolster the talent pipeline which is presently very weak. Should nothing be done in this regard, the organization will face the risk of business continuity and loss of institutional knowledge as older employees retire. Specific recruitment targets and conscious interventions aimed at turning the age distribution curve around are considered as essential and urgent.

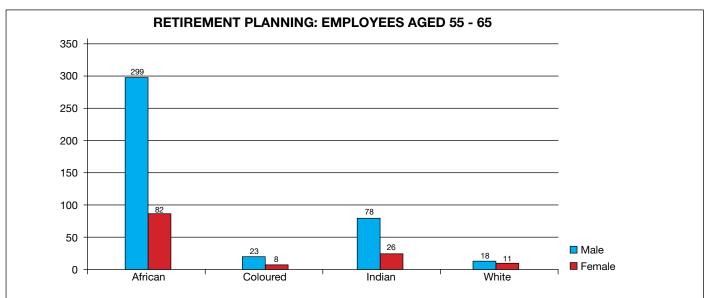

The Municipality pursues the equitable representation of designated groups in all occupational categories and levels in the workforce and actively supports an organizational culture and climate based on diversity, equality, mutual respect and dignity for all.

Currently in the organization, African males are over represented at lower Occupational levels (A Grade) while other demographic groups are minimally or not represented at all. As the occupational levels advance, especially within the top four occupational levels, females are far less represented, especially African Females who are up to 50% behind the EAP target. People with disabilities are critically under-represented. Of a workforce of 2.563 permanent employees, only 41 are people with disabilities (1.6%).

#### COMMENT ON WORKFORCE POLICY DEVELOPMENT:

20 HR Policies were developed or reviewed and extensively consulted in the 2015/16 financial year. The Policies did not reach approval stage in the 2015/16 financial year as they were delayed in the consultation with Local labour forum.

	22907	1913	2522	49	16794767					

#### **COMMENT ON INJURY AND SICK LEAVE:**

There was a total of 79 reported injuries and between July 2015 and June 2016. The injury rate has decreased from the previous years which were 100 in the previous year. Between July 2015 and June 2016 the Disabling Injury Frequency Rate (DIFR) was 1.05 and the Disabling Injury Severity Rate was 3.29 respectively.

Safety performance with regards to injuries on duty is calculated by using a statistic measurement on a month to month period. The statistical measurement used is the Disabling Injury Frequency Rate (DIFR) and Disabling Injury Severity Rate (DISR). The DIFR indicates the frequency of an injury and the DISR indicates the severity as a result of the days lost from a particular injury.

The Municipality is closely monitoring all health and safety procedures so that accidents can be prevented and injuries can further be reduced.

The following steps were taken during the year to reduce injuries on Duty, sick leave management and follow-up action.

#### IOD Management and Occupational Disease Monitoring.

Comprehensive Safety Management programme in place with scheduled audits for compliance On-site first aid and IOD Management Initial Assessment by OHN and referral for serious cases Facilitation of incident and accident investigation Scheduled safety training, and safe work procedures

#### Medical Surveillance

Pre-placement, periodic, transfer, and scheduled medical examinations based on occupational risk exposure profiles Audiometry and hearing monitoring Spirometry and respiratory programme

#### **Preventative Programmes**

Immunization programmes
Occupational post exposure prophylaxis for needle stick injuries
Trauma de-briefing for workers exposed to traumatic events

#### **Incapacity and Medical Board Assessment management**

Return to work assessments Disability management

#### Sick leave Management

Active surveillance of employee absenteeism rate

Profiling sick leave frequency and trends

Home visits, liaison with treating medical practitioner

Awareness and liaison with medical practitioners found to issue frequent and generous sick leave

Medical assessment of employees taking frequent and long episodes of sick leave

Facilitate medical assessments for incapacity

Address causes of sick leave identified, eg. Lifestyle, substance abuse, financial problems through wellness interventions

#### Sick leave management linked to HIV and AIDS

Occupational Health diagnostic, clinical and support programme

VCT drives

Wellness follow-up care for HIV positive employees at the Occupational Health clinic

Referral for ARV treatment

#### **NUMBER AND PERIOD OF SUSPENSIONS 2015/2016**

NUMBER AND PERIOD OF SUSPENSIONS 2015/2016

Manager: Metering Section	Suspended 16 January 2015	Infrastructure	Case not yet concluded						
Artisan's Assistant	Suspended 9 March 2015	Infrastructure	Case not yet concluded						
Traffic Officer	Suspended 12 May 2015	Community Services	Case not yet concluded						

#### COMMENT ON SUSPENSIONS AND CASES OF FINANCIAL MISCONDUCT:

1 case remains outstanding from the period of Administration (2009) and is in the hearing stage. The organisation has an established Fraud and Corruption Hotline, Managers are being trained in Disciplinary Procedures, a disciplinary Process Manual has been developed and a specialised Legal team has been established to assist in ensuring that those employees disregard policies and procedures are held accountable

#### COMMENTS ON PERFORMANCE REWARDS

The Municipality has implemented Performance Management to level 3 within the organization it is not currently linked to reward. The Individual Performance Management performance Policy was reviewed and approved during the 2015/16 financial year. Performance management is currently not being cascaded to the employees beyond the third level of management.

PERFORMANCE REWARD BY GENDER									
Designation	Gender	Total number of employees in group	Number of beneficiaries	Expenditure on rewards 20011/12 R'000s	Proportion of beneficiaries within group %				
Lawren Olillad (Lawria 1.0)	Female		0	-	0				
Lower Skilled (Levels 1-2)	Male		0	-	0				
Skilled (Levels 3-5)	Female		0	-	0				
	Male		0	-	0

#### THE MUNICIPAL WORKFORCE

#### INTRODUCTION TO WORKFORCE CAPACITY DEVELOPMENT

Education Training and Development Unit of Msunduzi Municipality is focused on enhancing knowledge, skills and behavioral competencies of employees and Councillors to the appropriate levels required to deliver on organizational requirements, as expressed in the 2030 City Development Strategy, IDP and legislative prescripts.

In pursuance of this intent, the Skills Development Unit has prepared a comprehensive draft policy (containing processes, procedures measurements and principles.

To date, the unit has directed training and development activities to ensure that staff has the competencies necessary to meet performance and quality standards in their current jobs. Going forward, training and development interventions will also focus on the development of individual employees' careers and personal potential in order to meet their growth needs, as well as the future human resource needs of the organization.

The following activities have been implementation in 2015/16:

Workplace Skills Plan (WSP): As informed by the organization's strategic and operational needs, as well as skills audits and training needs analysis; the team will facilitate implementation of the WSP to close identified skills gaps.

**Skills Programmes:** The unit will rollout Unit Standards-aligned skills programmes within ten priority areas identified by management. 1171 Employees and Councillors were trained in the 2015/16 Financial year.

Bursary Management: 57 employees were in receipt of study assistance, and 12 community members were awarded bursaries in 2015/16.

**Internships:** Internship programmes contribute to the ongoing national and local initiatives that fulfill capacity development objectives. During 2015/16, 70 candidates were enrolled as interns within environments manned by talent considered critical and scarce.

#### COMMENT ON SKILLS DEVELOPMENT AND RELATED EXPENDITURE AND ON THE FINANCIAL COMPETENCY REGULATIONS:

Training was implemented out of Municipal premises as we do not have suitable training venues. Moving forward the limited budget will be a greatly challenge as a result we will not be able to training all candidates needing to meet the minimum competencies.

The Msunduzi Municipality acknowledges the value of development of its employees and is cooperating fully with the LGSETA and ensures that the Unit participates in all relevant grants and training opportunities offered. The Skills Development Unit makes use of the Discretionary Grants from the LGSETA to cover the costs of learnerships and also partners with various training providers who have SETA funded learnerships on offer for Municipal employees.

Funding that was made available from National Treasury during the 2014 / 2015 financial year has been utilised to develop Senior Managers and MFMA Interns on the MFMA Competency Regulations. The Msunduzi Municipality has rolled out its third programme targeting Senior Managers and Finance Officials who require these competencies as per the National Treasury Regulations. In total the Msunduzi Municipality has 15 employees who meet these minimum competency levels and is awaiting confirmation for another 20 learners

#### INTRODUCTION TO WORKFORCE EXPENDITURE

The municipality has made a concerted effort to manage workforce expenditure by improving the management and control of overtime.

This included the centralisation of the processing of leave and overtime to ensure conformity, and the introduction of standardised pre-approval and overtime claim forms to address such issues as the necessity for work to be carried out after hours, verification that the time claimed was justified in relation to the work done, location of work, vehicle usage, compliance with policy and availability of funding amongst others.

The overtime policy and procedures are also being reviewed to improve the management and control of overtime. Planning for a bio-metric time and attendance system is currently underway to improve control over staff attendance.

#### COMMENT ON UPGRADED POSTS AND THOSE THAT ARE AT VARIANCE WITH NORMAL PRACTICE:

The process of Job Evaluation was concluded in the 15/16 financial year. Grade anomalies across the organization are as a result of the monetary variance between TASK and Patterson Grading systems as well as the fact that before implementation of the 2013 structure, Msunduzi did not have graded posts and all employees were held against perceived grades which in some cases were unduly escalated.

#### **COMPONENT F: CORPORATE BUSINESS UNIT**

This component includes: council and executive & internal audit.

#### 6.1 COUNCIL AND EXECUTIVE

#### INTRODUCTION TO EXECUTIVE AND COUNCIL

The Executive and Council include all administrative support that is provided to the offices of the Mayor, Speaker and Municipal Manager. This includes, inter alia, meetings of Council and its committees and support related to the functioning of ward committees.

The Executive and Council Support Unit is headed by the Process Manager: Sound Governance. The main purpose for the existence of this Unit is to give administrative support, primarily to Council and its committees and to ensure smoothness of Council's decision making process.

The Unit in turn comprises three sub-units, namely Secretariat, Information Centre and Printing.

The Unit commits itself to providing efficient printing service to Council & business units; quality minutes and efficient record keeping of all minutes of Council and its committees.

In an attempt to improve its performance in so far as it concerns the quality management of minutes the Unit introduced various levels of accountability to check agendas and minutes so as to minimize errors and material amendments respectively. In addition, the decisions of Executive and Management Committees are electronically captured at meetings and confirmed at the end of each meeting so as to speed up the implementation of thereof.

#### COMMENT ON THE PERFORMANCE OF THE EXECUTIVE AND COUNCIL:

In the 2015/2016 financial year portfolio committees held meetings on a regular basis and this can be seen in the summary provided above. Msunduzi Municipality was also able to meet the legislative deadlines in the development and submission of the Annual Performance Report for 2014/2015, Annual Report 2014/2015, Oversight Report 2014/2015 and also the Section 72 Mid-Year Budget & Performance review.

#### 6.2 **INTERNAL AUDIT**

#### INTRODUCTION TO INTERNAL AUDIT

Internal Audit is an independent, objective, assurance and consulting activity designed to add value and improve the municipality's operations. The unit assists the municipality in accomplishing its objectives through a systematic, disciplined approach to evaluate and improving the effectiveness of risk management, system of the internal control and governance processes. By its nature, internal Audit Unit is a governance structure which facilitates improvement on service delivery vehicle by reviewing the design and effectiveness of the system of internal controls around the core mandate and support functions of the municipality. Its role is critical in promoting and enhancing control environment through auditing and recommending solutions to management.

The unit was composed of the Chief Audit Executive has grown in 2013/14 with the appointment of the Manager: Internal Audit (Assurance), two (2) Internal Auditors and two (2) Interns. During 2014/15 a Manager responsible for Risk Management was appointed. Our capacity is limited and to achieve our audit coverage we have a co-sourced arrangement with four audit firms. Two (2) Internal Auditors were appointed in 2014/ 2015 financial year but resigned within 3 months of their appointment. Again in 2015/16 2 internal auditors were appointed bringing the internal staff complement to 7 including the Personal Assistant.

The internal audit institutional framework has been solidified by having a fully-fledged Audit Committee with a diverse set off skills and competencies, namely Chartered Accountants with vast experience in both corporate and public sectors, including water industry and municipal environment, an Economist with vast experience in the Public Sector Budgeting and Strategy, an Information Technology Specialist with vast experience in the Public and Private Sector environments and an Advocate to assist in areas dealing with labour and legal issues. The unit has implemented the Combined Assurance approach in ensuring effective oversight role by the Audit Committee because its composition of mixed expertise. The Combined Assurance has been taken a step further in the relevant structures of the municipal councils, i.e. Operational Management committee, Strategic Management Committee, Respective Portfolio Committees', Audit Committee and the Executive Committee.

The King III report on Cooperative Governance accepts the need for the Audit Committee in the pursuit of good governance. It aligns the function of internal and external audit directly with the oversight by the Audit Committee. There are other oversight committees of Council who are role-players in the assurance space to advocate for the combined assurance model. The Audit Committee is located to financial reporting, risk management, governance, performance information and system of internal control space which the universal organization space.

A stronger mechanism between the Audit Committee and the various Council Oversight Committee structures which are responsible to ensure effective governance. If, for instance, an audit was undertaken on the quality of infrastructure provision and maintenance, the results of the audit are communicated to the Infrastructure Services Committee to enable it to play its oversight role. This makes the Portfolio Committee to play an oversight role on the system of internal control, risk management and governance in their respective Portfolios and enable them to monitor implementation of corrective measures rather than to rely on the reports by management which may be selective.

A positive change has been realized through internal audit effort by changing the approach of auditing. The planning includes focus on risks within the municipality, compliance with regularity framework, performance information and core mandate of the municipality. Focus has been placed on municipal entities as they were previously neglected and this has indicated that minimal oversight has been played by the responsible municipal officials and Council in ensuring that they adhere to the relevant legislation, policies and procedures and deliver on the mandate they were established for.

The internal audit unit established positive working relationships with its cusctomers, thus in turn gaining trust of the business process owners and understanding that we are all working towards the broader vision and mission of the municipality.

Using a joint recommendation approach has been adopted between Internal Audit Unit and management, where management is advised to take full charge of findings and recommendations in order to derive the agreed action plan which reduces the risk exposure.

Audit Committee plays its oversight role and the General Managers are required to report on the progress in implementing internal audit recommendations and agreed action plan and this was aimed at improving performance and effectiveness of the system of internal control, risk management and governance.

#### SERVICE STATISTICS FOR INTERNAL AUDIT

In 2015/16 41 internal audit assignments were planned & 51 were completed which is 124% performance. Eight (13) audits were removed from the Annual Audit Plan with the permission of the Audit Committee due to lack of satisfactory follow up audit results and a Consulting arm of Internal Audit considered and approved to provide guidance and assistance. We also received five (12) requests for adhoc audit assignments from management which were not planned and were completed over & above planned audit assignments.

#### COMMENT ON THE PERFORMANCE OF INTERNAL AUDIT OVERALL

Overall performance indicates a solid foundation, independence and significantly improved maturity level of the Internal Audit Unit during the 2015/16 financial year. Internal Audit plan had an increased balanced coverage despite limited resources.

Project Risk Assurance on high impact projects or project of high values which are susceptible to fail or completed on ballooned budgets was introduced and will improve project management within the municipality and it sets forth the precise expectation of the desired output.

Whistle-blowing hotline is continuing and managed independently by Deloitte.

The unit intends automating its methodology by acquiring internal audit software in the near future.

#### COMPONENT G: FINANCIAL PERFORMANCE

All relevant information relating to Financial Performance of Msunduzi Municipality & Safe City (Municipal Entity) will be dealt with in terms of the Annual Financial Statements.

#### SECTION 2: ANNUAL REPORT ON THE SERVICE DELIVERY & BUDGET IMPLEMENTATION PLAN

The Service Delivery and Budget Implementation Plan (SDBIP) is a legislative requirement as per the Municipal Finance Management Act (MFMA). The SDBIP gives effect to the Municipality's Integrated Development Plan (IDP) and annual budget. The SDBIP facilitates the accountable role that managers hold to the Council and that Councillors hold to the community. It also fosters the management, implementation and monitoring of the budget, the performance of senior management and the achievement of the strategic objectives as laid out in the IDP. Chapter 1 of the MFMA describes the SDBIP as:

A detailed plan approved by the mayor of a municipality in terms of section 53 (1) (c)(ii) for implementing the Municipality's delivery of services and the execution of its annual budget and which must include the following:

projections for each month of -

- (i) Revenue to be collected by source; and
- (ii) Operational and capital expenditure, by vote;
- (b) service delivery targets and performance indicators for each quarter".

In terms of the provisions above, IN-YEAR monitoring on service delivery indicators was conducted according to the attached SDBIP on a monthly & quarterly basis and reports thereof submitted to the Operational Management Committee (OMC), EXCO, the Full Council, Portfolio Committees, Municipal Public Accounts Committee and the Audit Committee. Monitoring through the SDBIP enables the municipal manager to monitor the performance of senior managers, the mayor to monitor the performance of the municipal manager and for the community to monitor the performance of the municipality as each activity contains outputs, outcomes and timeframes. The SDBIP is compiled on an annual basis.

As the SDBIP is a management and implementation tool, and not a policy proposal, it is not required to be approved by Council - it is however tabled before Council and made public for information and monitoring purposes. However, the top layer of the SDBIP cannot be revised without the approval of the Council. During the 2011/2012 financial year, the municipality developed a quarterly dashboard reporting process. In 2015/16 the municipality continued to implement the dashboard process of reporting. The dashboard is colour-coded in order to serve as an early indicator warning system in order to identify areas that require intervention in areas of non/under performance. Monthly & Quarterly reports on the SDBIP 2015/2016 were submitted to Council and are available on request.

During the Strategic Planning Process for the 2015/2016 financial year a management resolution was taken to differentiate between service delivery indicators that have a direct impact on the community and those that are operational, support and auxiliary services. In this regard for the 2015/2016 financial year the SDBIP has been developed to focus on the service delivery indicators and the Operational Plan 2015/2016 has been developed to focus on operational, support and auxiliary services.

The SDBIP 2015/2016 contains Public Participation Units (Office of the Speaker, Office of the Mayor), Community Services Units (Area Based Management, Health and Social Services, Community Development (Parks, Waste Management, Halls, Libraries and Art Gallery) and Public Safety Enforcement and Disaster Management), Infrastructure Services Units (Water and Sanitation, Roads and Stormwater, Electricity, Fleet Management and the Landfill Site) and Economic Development Units (Local Economic Development, Town Planning and Environmental Management and Human Settlements). Also included are the Legislated Performance Indicators as regulated by the National and Provincial Departments of Cooperative Governance and Traditional Affairs (CoGTA).

All other units provide operational, support and auxiliary services to the Municipality and have been placed on the Operational Plan 2015/2016. The Operational Plan 2015/2016 contains the Corporate Business Units (Internal Audit, Marketing and Communication, Integrated Development Plan and Performance Management System), Finance Business Units (Budget and Treasury, Revenue Management, Expenditure Management and Supply Chain Management), Infrastructure Services Units (Fleet Management and Project Management Unit), Corporate Services Units (Legal Services, Information Communication Technology, Sound Governance and Human Resources) and Economic Development Unit (Infrastructure Planning and Survey).

The graphical representations below illustrate the performance of the municipality, over the four (4) quarters of the 2015/2016 financial year, as per the colour-coded dashboard.

A total of 92 Capital Projects were reported on the SDBIP for the 2015/2016 financial year. 5.43% of the projects were reported as having achieved a 1 for the SDBIP 2015/2016. 15.21% of the projects were reported as having achieved a 2 for the SDBIP 2015/2016. 77.17% of the projects were reported as having achieved a 3 for the SDBIP 2015/2016. 0% of the projects were reported as having achieved a 4 for the SDBIP 2015/2016. 1.09% of the projects were reported as having achieved a 5 for the SDBIP 2015/2016. 1.09% of the projects were reported as not applicable for the SDBIP 2015/2016.

# OPERATIONAL PLAN (OP) 2015/2016 ANNUAL PROGRESS REPORT ORGANISATIONAL OVERVIEW

**1.** TOTAL PROJECTS: 133 1.1 OPERATING PROJECTS: 133

#### 2. GRAPHICAL REPRESENTATION OF PERFORMANCE: OPERATING PROJECTS

A total of 133 Projects were reported on the Operational Plan for the 2015/2016 financial year.

2.24% of the projects were reported as having achieved a 1 for the OP 2015/2016.

11.94% of the projects were reported as having achieved a 2 for the OP 2015/2016.

80.25% of the projects were reported as having achieved a 3 for the OP 2015/2016.

6.72% of the projects were reported as having achieved a 4 for the OP 2015/2016.

0% of the projects were reported as having achieved a 5 for the OP 2015/2016.

0% of the projects were reported as not applicable for the OP 2015/2016.

#### **CONCLUSION:**

This Annual Performance report reflects the performance of Business Units during the financial year 2015/2016.

During the 2015/2016 financial year Msunduzi Municipality made great strides in trying to ensure a clean audit again on performance having been awarded clean audits for 2013/2014 & 2014/2015 financial years respectively. A number of systems, procedures and interventions were implemented during this period to assist with ensuring the alignment of the Integrated Development Plan, Budget & Service Delivery & Budget Implementation Plan (SDBIP) in order for the communities to receive quality services. The municipality also undertook several interventions to ensure that the communities it serves were continuously informed of matters pertaining to service delivery.

#### **ACCOUNTING POLICIES**

#### 1. Presentation of Consolidated Annual Financial Statements

The Consolidated Annual Financial Statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP), including any interpretations, guidelines and directives issued by the Accounting Standards Board in accordance with Section 122(3) of the Municipal Finance Management Act (Act 56 of 2003). The reporting framework is as prescribed by the Accounting Standards Board in Directive 5. These Consolidated Annual Financial Statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention as the basis of measurement, unless specified otherwise.

The accounting policies applied are consistent with those used to present the previous year's financial statements, unless explicitly stated.

These accounting policies are consistent with the previous period.

#### 1.1 Presentation currency

These Consolidated Annual Financial Statements are presented in South African Rand, which is the functional currency of the economic entity.

#### 1.2 Going concern assumption

These Consolidated Annual Financial Statements have been prepared based on the expectation that the economic entity will continue to operate as a going concern for at least the next 12 months.

#### 1.3 Consolidation

#### Basis of consolidation

The consolidated annual financial statement the the year ended 30 June 2014 incorporate the annual financial statements of the municipality and the municipal group. The consolidated annual financial statements of the municipality and its municipal group are used in the preparation of the consolidated annual financial statements and are prepared as the same reporting date.

The results of municipal entity, are included in the consolidated consolidated annual financial statements from the effective date of acquisition. Where neccessary adjustments are made to the consolidated annual financial statements of the municipal group to bring their accounting policies used in line with those of the municipality.

All intra-entity transactions, balances, revenues and expenses are eliminated in full on consolidation. Minority interests in the net assets of the economic entity are identified and recognised separately from the controlling entity's interest therein, and are recognised within net assets. Losses applicable to the minority in a consolidated controlled entity may exceed the minority interest in the controlled entity's net assets. The excess, and any further losses applicable to the minority, are allocated against the majority interest except to the extent that the minority has a binding obligation to, and is able to, make an additional investment to cover the losses. If the controlled entity subsequently reports surpluses, such surpluses are allocated to the majority interest until the minority's share of losses previously absorbed by the majority has been recovered. Minority interests in the surplus or deficit of the economic entity is separately disclosed.

#### 1.4 Significant judgements and sources of estimation uncertainty

In preparing the Consolidated Annual Financial Statements, management is required to make estimates and assumptions that affect the amounts represented in the Consolidated Annual Financial Statements and related disclosures. Use of available information and the application of judgement is inherent in the formation of estimates. Actual results in the future could differ from these estimates which may be material to the Consolidated Annual Financial Statements. Significant judgements include:

#### Fair value estimation of financial instruments

The fair value of financial instruments traded in active markets (such as trading and available-for-sale securities) is based on quoted market prices at the Consolidated Statement of Financial Position date. The quoted market price used for financial assets held by the economic entity is the current bid price.

The fair value of financial instruments that are not traded in an active market (for example, over-the counter derivatives) is determined by using valuation techniques. The economic entity uses a variety of methods and makes assumptions that are based on market conditions existing at each Consolidated Statement of Financial Position date. Quoted market prices or dealer quotes for similar instruments are used for long-term debt. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments. The fair value of interest rate swaps is calculated as the present value of the estimated future cash flows. The fair value of forward foreign exchange contracts is determined using quoted forward exchange rates at the Consolidated Statement of Financial Position date.

The carrying value less impairment provision of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the economic entity for similar financial instruments.

#### Impairment testing

The recoverable amounts of cash-generating units and individual assets have been determined based on the higher of value-in-use calculations and fair values. These calculations require the use of estimates and assumptions.

The reporting date reviews and tests the carrying value of assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. In addition, goodwill is tested on an annual basis for impairment. Assets are grouped at the lowest level for which identifiable cash flows are largely independent of cash flows of other assets and liabilities. If there are indications that impairment may have occurred, estimates are prepared of expected future cash flows for each group of assets. Expected future cash flows used to determine the value in use of goodwill and tangible assets are inherently uncertain and could materially change over time. They are significantly affected by a number of factors including, together with economic factors.

#### **Provisions**

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions are included in note 22 - Provisions.

#### Useful lives of property plant and equipment

The municipality's management determines the estimated useful lives and related depreciation charges for the waste water and water networks. This estimate is based on industry norm. Management will increase the depreciation charge where useful lives are less than previously estimated useful lives.

#### Post retirement benefits

The present value of the post retirement obligation depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact on the carrying amount of post retirement obligations.

Other key assumptions for pension obligations are based on current market conditions. Additional information is disclosed in Note 20.

#### Effective interest rate

The economic entity used the prime interest rate to discount future cash flows.

#### Allowance for doubtful debts

On trade and other receivables an impairment loss is recognised in surplus and deficit when there is objective evidence that it is impaired. The impairment is measured as the difference between the debtors carrying amount and the present value of estimated future cash flows discounted at the effective interest rate, computed at initial recognition.

#### **Budget information**

Deviation between budget and actual amounts exceeding 10 percent are obtained monthly for the preparation of the section 71 reporting and used during the audit process.

#### 1.5 Agricultural assets

The economic entity recognises a agricultural assets or agricultural produce when, and only when:

- the economic entity controls the asset as a result of past events;
- it is probable that future economic benefits or service potential associated with the asset will flow to the economic entity; and
- the fair value or cost of the asset can be measured reliably.

Biological assets are assets that undergo a biological transformation through an agriculture activity.

Agricultural assets that form part of an agricultural activity are measured at their fair value less costs to sell.

The fair value of the tree plantations is based on the combined fair value of the land and the vines / pine trees. The fair value of the raw land and land improvements is then deducted from the combined fair value to determine the fair value of the vines / pine trees.

A gain or loss arising on initial recognition of agricultural produce at fair value less costs to sell and from a change in fair value less costs to sell of agriculture produce is included in surplus or deficit for the period in which it arises.

Where market determined prices or values are not available, the present value of the expected net cash inflows from the asset, discounted at a current market-determined pre-tax rate where applicable is used to determine fair value.

#### 1.6 Investment property

Investment property is property (land or a building - or part of a building - or both) held to earn rentals or for capital appreciation or both, rather than for:

- use in the production or supply of goods or services or for
- administrative purposes, or
- sale in the ordinary course of operations.

Investment property is initially recognised at cost. Transaction costs are included in the initial measurement.

Item Average useful life

Property - land Indefinite
Property - buildings 5 - 50 years

#### Fair value

Subsequent to initial measurement investment property is measured at fair value.

The fair value of investment property reflects market conditions at the reporting date.

A gain or loss arising from a change in fair value is included in net surplus or deficit for the period in which it arises.

#### 1.7 Property, plant and equipment

Property, plant and equipment are tangible non-current assets (including infrastructure assets) that are held for use in the production or supply of goods or services, rental to others, or for administrative purposes, and are expected to be used during more than one period.

The cost of an item of property, plant and equipment is recognised as an asset when:

- it is probable that future economic benefits or service potential associated with the item will flow to the economic entity; and
- the cost of the item can be measured reliably.

#### Property, plant and equipment is initially measured at cost.

The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Trade discounts and rebates are deducted in arriving at the cost

Where an asset is acquired through a non-exchange transaction, its cost is its fair value as at date of acquisition.

Where an item of property, plant and equipment is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, it's deemed cost is the carrying amount of the asset(s) given up.

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located is also included in the cost of property, plant and equipment, where the entity is obligated to incur such expenditure, and where the obligation arises as a result of acquiring the asset or using it for purposes other than the production of inventories.

Recognition of costs in the carrying amount of an item of property, plant and equipment ceases when the item is in the location and condition necessary for it to be capable of operating in the manner intended by management.

Major inspection costs which are a condition of continuing use of an item of property, plant and equipment and which meet the recognition criteria above are included as a replacement in the cost of the item of property, plant and equipment. Any remaining inspection costs from the previous inspection are derecognised.

Property, plant and equipment is carried at cost less accumulated depreciation and any impairment losses.

Property, plant and equipment are depreciated on the straight line basis over their expected useful lives to their estimated residual value.

The useful lives of items of property, plant and equipment have been assessed as follows:

Item		Depreciation method	Average useful life
Land	I	Straight line	Infinite
Infras	structure	Straight line	5 - 100 years
•	Roads and motorways	Straight line	5 - 10 years
•	System security	Straight line	25 - 120 years
•	Storm water drainage	Straight line	20 years
•	Airport infrastructure	Straight line	20 years
•	Solid waste	Straight line	5 - 50 years
•	Water and sanitation	Straight line	10 - 100 years
•	Major substations : buildings	Straight line	5 - 50 years
•	Transformers and related equipment	Straight line	50 years
•	Mains	Straight line	45 years
•	Street lighting	Straight line	50 years
Com	munity		
•	Buildings	Straight line	5 - 50 years
•	Recreational facilities	Straight line	5 - 50 years

Item		Depreciation method	Average useful life
Other	r property, plant and equipment		
•	Buildings	Straight line	5 - 50 years
•	Fresh produce and other markets	Straight line	5 - 50 years
•	Fire engines	Straight line	20 years
•	Landfill site	Straight line	5 - 50 years
•	Transport facilities	Straight line	5 - 50 years
•	Fencing	Straight line	10 years
•	Heavy and mobile plant	Straight line	10 - 15 years
•	Furniture and fittings	Straight line	7 - 10 years
•	Vehicles	Straight line	5 - 10 years
•	Bins and containers	Straight line	5 -10 years
•	Plant and equipment	Straight line	5 - 15 years
•	Office equipment	Straight line	3 - 5 years

The residual value, and the useful life and depreciation method of each asset are reviewed at the end of each reporting date. If the expectations differ from previous estimates, the change is accounted for as a change in accounting estimate.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately.

The depreciation charge for each period is recognised in surplus or deficit unless it is included in the carrying amount of another asset.

Items of property, plant and equipment are derecognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use of the asset.

The gain or loss arising from the derecognition of an item of property, plant and equipment is included in surplus or deficit when the item is derecognised. The gain or loss arising from the derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.

#### 1.8 Capital under contruction

Incomplete construction work is recognised as capital under construction and measured at cost. Depreciation only commences when the asset is commissioned into use.

#### 1.9 Investment property

Investment property is property (land or a building - or part of a building - or both) held to earn rentals or for capital appreciation or both, rather than for:

- \* use in the production or supply of goods or services or for
- \* administrative purposes, or
- \* sale in the ordinary course of operations.

Investment property is recognised as an asset when, it is probable that the future economic benefits or service potential thatare associated with the investment property will flow to the municipality, and the cost or fair value of the investment propertycan be measured reliably.

Investment property is initially recognised at cost . Transaction costs are included in the initial measurement.

Costs include costs incurred initially and costs incurred subsequently to add to, or to replace a part of, or service a property. If a replacement part is recognised in the carrying amount of the investment property, the carrying amount of the replacedpart is derecognised.

#### Fair value

Subsequent to initial measurement investment property is measured at fair value.

The fair value of investment property reflects market conditions at the reporting date.

A gain or loss arising from a change in fair value is included in net surplus or deficit for the period in which it arises.

If the economic entity determines that the fair value of an investment property under construction is not reliably determinable but expects the fair value of the property to be reliably measurable when construction is complete, it measures that investment property under construction at cost until either its fair value becomes reliably determinable or construction is completed (whichever is earlier).

If the economic entity determines that the fair value of an investment property (other than an investment property under construction) is not reliably determinable on a continuing basis, the ecomomic entity measures that investment property using the cost model (as per the accounting policy on property, plant and equipment). The residual value of the investment property is then assumed to be zero. The ecomomic entity applies the cost model (as per the accounting policy on property, plant and equipment) until disposal of the investment property.

Once the ecomomic entity becomes able to measure reliably the fair value of an investment property under construction that has previously been measured at cost, it measures that property at its fair value. Once construction of that property is complete, it is presumed that fair value can be

measured reliably. If this is not the case, the property is accounted for using the cost model in accordance with the accounting policy on property, plant and equipment.

ItemUseful life\* Property - landInfinite\* Property - buildings5 - 50 years

#### 1.10 Intangible assets

An asset is identifiable if it either:

- is separable, i.e. is capable of being separated or divided from an entity and sold, transferred, licensed, rented or exchanged, either
  individually or together with a related contract, identifiable assets or liability, regardless of whether the entity intends to do so; or
- arises from binding arrangements (including rights from contracts), regardless of whether those rights are transferable or separable from the
  economic entity or from other rights and obligations.

An intangible asset is recognised when:

- it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the economic entity; and
- the cost or fair value of the asset can be measured reliably.

The economic entity assesses the probability of expected future economic benefits or service potential using reasonable and supportable assumptions that represent management's best estimate of the set of economic conditions that will exist over the useful life of the asset.

A intangible asset is an identifiable non-monetary asset without physical substance.

Expenditure on research (or on the research phase of an internal project) is recognised as an expense when it is incurred.

An intangible asset arising from development (or from the development phase of an internal project) is recognised when:

- it is technically feasible to complete the asset so that it will be available for use or sale.
- there is an intention to complete and use or sell it.
- there is an ability to use or sell it.
- it will generate probable future economic benefits or service potential.
- there are available technical, financial and other resources to complete the development and to use or sell the asset.
- the expenditure attributable to the asset during its development can be measured reliably.

Intangible assets are carried at cost less any accumulated amortisation and any impairment losses.

An intangible asset is regarded as having an indefinite useful life when, based on all relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows or service potential. Amortisation is not provided for these intangible assets, but they are tested for impairment annually and whenever there is an indication that the asset may be impaired. For all other intangible assets amortisation is provided on a straight line basis over their useful life.

The amortisation period and the amortisation method for intangible assets are reviewed at each reporting date.

Reassessing the useful life of an intangible asset with a finite useful life after it was classified as indefinite is an indicator that the asset may be impaired. As a result the asset is tested for impairment and the remaining carrying amount is amortised over its useful life.

Internally generated brands, mastheads, publishing titles, customer lists and items similar in substance are not recognised as intangible assets.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

ItemUseful lifeComputer software, internally generated3 - 5 yearsServitudesIndefinite

Intangible assets are derecognised:

- on disposal; or
- when no future economic benefits or service potential are expected from its use or disposal.

The gain or loss arising from the derecognition of an intangible assets is included in surplus or deficit when the asset is derecognised (unless the Standard of GRAP on leases requires otherwise on a sale and leaseback).

#### 1.11 Investments

Where the carrying amount of an investment is greater than the estimated recoverable amount, it is written down immediately to its recoverable amount and an impairment loss is charged to the Consolidated Statement of Financial Performance.

#### 1.12 Heritage assets

Assets are resources controlled by an economic entity as a result of past events and from which future economic benefits or service potential are expected to flow to the economic entity.

Carrying amount is the amount at which an asset is recognised after deducting accumulated impairment losses.

Class of heritage assets means a grouping of heritage assets of a similar nature or function in an economic entity's operations that is shown as a single item for the purpose of disclosure in the Consolidated Annual Financial Statements.

Cost is the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire an asset at the time of its acquisition or construction or, where applicable, the amount attributed to that asset when initially recognised in accordance with the specific requirements of other Standards of GRAP.

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Heritage assets are assets that have a cultural, environmental, historical, natural, scientific, technological or artistic significance and are held indefinitely for the benefit of present and future generations.

An impairment loss of a cash-generating asset is the amount by which the carrying amount of an asset exceeds its recoverable amount.

An impairment loss of a non-cash-generating asset is the amount by which the carrying amount of an asset exceeds its recoverable service amount.

An inalienable item is an asset that a economic entity is required by law or otherwise to retain indefinitely and cannot be disposed of without consent.

Recoverable amount is the higher of a cash-generating asset's net selling price and its value in use.

Recoverable service amount is the higher of a non-cash-generating asset's fair value less costs to sell and its value in use.

Value in use of a cash-generating asset is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Value in use of a non-cash-generating asset is the present value of the asset's remaining service potential.

A heritage asset qualifies for recognition as an asset as it is measured at its cost and any cost directly attributable to bringing the heritage asset to the location and condition necessary for it to be capable of operating in this manner intended by the economic entity.

Value in use of a non-cash-generating asset is the present value of the asset's remaining service potential.

#### Recognition

The economic entity recognises a heritage asset as an asset if it is probable that future economic benefits or service potential associated with the asset will flow to the economic entity, and the cost or fair value of the asset can be measured reliably.

#### Initial measurement

Heritage assets are measured at cost for buildings and fair value for art works .

Where a heritage asset is acquired through a non-exchange transaction, its cost is measured at its fair value as at the date of acquisition.

If at initial recognition the municipality cannot reliably measure its cost, the relevant and useful information about the heritiage asset is disclosed in the notes to the Consolidated Annual Financial Statements.

#### Subsequent measurement

After recognition as an asset, a class of heritage assets is carried at its cost less any accumulated impairment losses.

After recognition as an asset, a class of heritage assets, whose fair value can be measured reliably, is carried at a revalued amount, being its fair value at the date of the revaluation less any subsequent impairment losses.

If a heritage asset's carrying amount is increased as a result of a revaluation, the increase is credited directly to a revaluation surplus. However, the increase is recognised in surplus or deficit to the extent that it reverses a revaluation decrease of the same heritage asset previously recognised in surplus or deficit.

If a heritage asset's carrying amount is decreased as a result of a revaluation, the decrease is recognised in surplus or deficit. However, the decrease is debited directly to a revaluation surplus to the extent of any credit balance existing in the revaluation surplus in respect of that heritage asset.

#### Impairment

The economic entity assess at each reporting date whether there is an indication that it may be impaired. If any such indication exists, the economic entity estimates the recoverable amount or the recoverable service amount of the heritage asset.

#### Transfers

Transfers from heritage assets are only made when the particular asset no longer meets the definition of a heritage asset.

Transfers to heritage assets are only made when the asset meets the definition of a heritage asset.

#### Derecognition

The economic entity derecognises heritage asset on disposal, or when no future economic benefits or service potential are expected from its use or disposal.

The gain or loss arising from the derecognition of a heritage asset is included in surplus or deficit when the item is derecognised (unless the Standard of GRAP on leases requires otherwise on a sale and leaseback).

#### 1.13 Housing development fund

The Housing Development Fund was established in terms of the Housing Act, (Act No. 107 of 1997). Loans from national and provincial government used to finance housing selling schemes undertaken by the municipality were extinguished on 1 April 1998 and transferred to a Housing Development Fund. Housing selling schemes, both complete and in progress as at 1 April 1998, were also transferred to the Housing Development Fund. In terms of the Housing Act, all proceeds from housing developments, which include rental income and sales of houses, must be paid into the Housing Development Fund. Monies standing to the credit of the Housing Development Fund can be used only to finance housing developments within the municipal area subject to the approval of the Provincial MEC responsible for housing.

#### 1.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or a residual interest of another entity.

Financial instruments are initially recognised at fair value. In the case of a financial instrument not subsequently measured at fair value, transaction costs that are directly attributable to the acquisition or issue of the financial instrument are added to the fair value.

Financial Instruments are categorised according to their nature as either financial instruments at fair value, held at amortised cost, or held at cost. The classification depends on the purpose for which the investments were acquired. Management determines the classification of its investments at initial recognition and re-evaluates this designation at every reporting date.

Trade and other receivables Trade and other receivables are initially recognised at fair value plus any transaction costs and subsequently measured at amortized cost using the effective interest method, less provision for impairment.

A provision for impairment of trade and other receivables is established when there is objective evidence that the municipality will not be able to collect all amounts due according to the original terms of the trade and other receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate. Impairment losses are recognised in the Consolidated Statement of Financial Performance.

An estimate is made for doubtful debts based on the categorisation of debts and a review of past trends in collection rates applied to all outstanding amounts at year-end.

#### Creditors

Trade payables are initially measured at fair value plus any transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method.

#### Cash and cash equivalents

These are initially and subsequently recorded at fair value. For cash flow purposes cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term highly liquid investments, and bank overdrafts. Bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdraft are expensed as incurred

#### Loans and receivables

Loans and receivables are measured initially and subsequently at fair value, gains and losses arising from changes in fair value are included in the Consolidated Statement of Financial Performance for the period.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and with no intention of trading. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets. Loans and receivables are included in trade and other receivables in the Consolidated Statement of Financial Position.

#### **Fixed and Negotiable Deposits**

Fixed and negotiable deposits are non-derivative financial assets with fixed or determinable payments and fixed maturities that the municipality will hold to maturity.

Fixed and negotiable deposits are initially and subsequently measured at fair value which in the case of investments that have an original maturity date of less than 12 months equates the cost. Fixed and negotiable deposits held for greater than 12 months are fair valued annually and the difference recognised in the statement of financial performance.

On disposal of Fixed and negotiable deposits, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Financial Performance.

#### Classification

The entity has the following types of financial assets (classes and category) as reflected on the face of the Consolidated Statement of Financial Position or in the notes thereto:

#### Class

Receivables from exchange transactions
Receivables from non-exchange transactions
Bank, cash and cash equivalents – notice deposits
Bank, cash and cash equivalents – call deposits
Bank, cash and cash equivalents – bank
Bank, cash and cash equivalents – cash

#### Class

Long term liabilities
Payables from exchange transactions
Payables from non - exchange transactions
Current portion of long-term liabilities

#### Category

Financial asset measured at amortised cost Financial asset measured at amortised cost Financial asset measured at fair value 
#### Category

Financial liability measured at amortised cost Financial liability measured at amortised cost Financial liability measured at amortised cost Financial liability measured at amortised cost

#### 1.15 Change in accounting policy, estimates and errors

When accounting errors have been identified in the current year, the correction is applied retrospectively as far as it is practicable and the prior year comparatives are restated accordingly. When there has been a change in accounting policy in the current year, the adjustment is made retrospectively as far as it is practicable and the pior year comparative is restated accordingly.

Where there has been a change in accounting policy in the current year, the adjustments is made retrospectively as far as is practicable and the prior year comparative are restated accordingly.

#### 1.16 Budget information

The Economic Entity are typically subject to budgetary limits in the form of appropriations or budget authorisations (or equivalent), which is given effect through authorising legislation, appropriation or similar.

General purpose financial reporting by economic entity shall provide information on whether resources were obtained and used in accordance with the legally adopted budget.

The approved budget is prepared on a accrual basis and presented by economic classification linked to performance outcome objectives.

The approved budget covers the fiscal period from 2015-07-01 to 2016-06-30.

The Consolidated Annual Financial Statements and the budget are on the same basis of accounting therefore a comparison with the budgeted amounts for the reporting period have been included in the Statement of comparison of budget and actual amounts.

The Consolidated Statement of comparison and actual information has been included in the Consolidated Annual Financial Statements as the recommended disclosure when the Consolidated Annual Financial Statements and the budget are on the same basis of accounting as determined by National Treasury.

Comparative information is not required.

#### 1.17 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

#### Finance leases

Finance leases are recognised as assets and liabilities in the Consolidated Statement of Financial Position at amounts equal to the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding liability to the lessor is included in the Consolidated Statement of Financial Position as a finance lease obligation.

The discount rate used in calculating the present value of the minimum lease payments is the interest rate implicit in the lease.

The minimum lease payments are apportioned between the finance charge and reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of on the remaining balance of the liability.

Any contingent rents are expensed in the period in which they are incurred

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset. The classification of the lease is determined using GRAP 13 – Leases.

#### **Operating leases**

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as asset / liability.

This liability is not discounted.

Any contingent rents are expensed in the period they are incurred.

The Msunduzi Municipality is the lessee of all operating lease agreements.

#### 1.18 Inventories

Inventories are initially measured at cost except where inventories are acquired through a non-exchange transaction, then their costs are their fair value as at the date of acquisition.

Subsequently inventories are measured at the lower of cost and net realisable value.

Inventories are measured at the lower of cost and current replacement cost where they are held for;

- distribution at no charge or for a nominal charge; or
- consumption in the production process of goods to be distributed at no charge or for a nominal charge.

The cost of inventories comprises of all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

The cost of inventories of items that are not ordinarily interchangeable and goods or services produced and segregated for specific projects is assigned using specific identification of the individual costs.

When inventories are sold, the carrying amounts of those inventories are recognised as an expense in the period in which the related revenue is recognised. If there is no related revenue, the expenses are recognised when the goods are distributed, or related services are rendered. The amount of any write-down of inventories to net realisable value or current replacement cost and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value or current replacement cost, are recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

Water is valued at purified cost in so far as it stored and controlled in the reservoirs at year end.

#### 1.19 Conditional Grants and receipts

Revenue received from conditional grants, donations and funding are recognised as revenue to the extent that the municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. To the extent that the criteria, conditions or obligations have not been met a liability is recognised.

Interest earned on the investment is treated in accordance with grant conditions. If it is payable to the funder, it is recorded as part of the creditor. If it is the Municipality's interest, it is recognised as interest earned in the Statement of Financial Performance.

Grants and receipts of a revenue nature: income is transferred as revenue to the Statement of Financial Performance to the extent that the criteria, conditions or obligations have been met.

#### 1.20 Related parties

Close members of the family of a person are considered to be those family members who may be expected to influence, or be influenced by, that management in their dealings with the municipality.

Parties are considered to be related if one party directly or indirectly has the ability to control the other party or exercise significant influence over the party in making financial and operating decisions or is a member of the key management of the municipality or entity.

#### 1.21 Grant in aid

The economic entity transfers money to individuals, institutions and organisations. When making these transfers, The economic entity does not:

- \* Receive any goods or services directly in return, as would be expected in a purchase or sale transaction
- \* Expect to be repaid in future; or
- \* Expect a financial return, as would be expected from an investment

These transfers are recognised in the financial statements as expenses in the period that the events giving rise to the transfer occurred.

#### 1.22 Impairment of cash-generating assets

Cash-generating assets are assets managed with the objective of generating a commercial return. An asset generates a commercial return when it is deployed in a manner consistent with that adopted by a profit-oriented entity.

Recoverable amount of an asset or a cash-generating unit is the higher its fair value less costs to sell and its value in use.

#### 234

#### 1.23 Impairment of non-cash-generating assets

Non-cash generating assets are those assets held by the economic entity without an intention of generating a commercial return and held primarily for service delivery purposes. The economic entity classifies all assets held with the primary objective of generating a commercial return as cash generating assets.

Impairment is a loss in the future economic benefits or service potential of an asset, over and above the systematic recognition of the loss of the asset's future economic benefits or service potential through depreciation (amortisation).

The municipality will apply its judgment and disclose the criteria used in making such judgment in cases where it's not clear whether the primary objective is to generate a commercial return. The municipality assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the municipality determines the recoverable service amount of the asset. The recoverable service amount is the higher of a non-cash-generating asset's fair value less costs to sell and its value in use.

Carrying amount is the amount at which an asset is recognised in the Consolidated Statement of Financial Position after deducting any accumulated depreciation and accumulated impairment losses thereon.

If the carrying amount of a non-cash-generating asset exceeds its recoverable service amount, it is impaired and is recognised immediately in the Consolidated Statement of Financial Performance.

An impairment loss is when the asset's carrying amount exceeds its recoverable service amount and is recognised in the Consolidated Statement of Financial Performance.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation is recognised immediately in the Consolidated Statement of Financial Performance. The increase in the carrying amount of an asset due to the reversal of an impairment loss should not exceed what the carrying amount would have been if no impairment loss had been recognised.

Intangible assets with indefinite useful lives and not yet available for use, are tested for impairment annually, irrespective of whether any indication of impairment exists.

Fair value less costs to sell is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

Recoverable service amount is the higher of a non-cash-generating asset's fair value less costs to sell and its value in use.

Useful life is either:

- (a) the period of time over which an asset is expected to be used by the economic entity; or
- (b) the number of production or similar units expected to be obtained from the asset by the economic entity.

#### Identification

When the carrying amount of a non-cash-generating asset exceeds its recoverable service amount, it is impaired.

The economic entity assesses at each reporting date whether there is any indication that a non-cash-generating asset may be impaired. If any such indication exists, the economic entity estimates the recoverable service amount of the asset.

Irrespective of whether there is any indication of impairment, the economic entity also test a non-cash-generating intangible asset with an indefinite useful life or a non-cash-generating intangible asset not yet available for use for impairment annually by comparing its carrying amount with its recoverable service amount. This impairment test is performed at the same time every year. If an intangible asset was initially recognised during the current reporting period, that intangible asset was tested for impairment before the end of the current reporting period.

#### Value in use

Value in use of non-cash-generating assets is the present value of the non-cash-generating assets remaining service potential.

The present value of the remaining service potential of a non-cash-generating assets is determined using the following approach:

#### Depreciated replacement cost approach

The present value of the remaining service potential of a non-cash-generating asset is determined as the depreciated replacement cost of the asset. The replacement cost of an asset is the cost to replace the asset's gross service potential. This cost is depreciated to reflect the asset in its used condition. An asset may be replaced either through reproduction (replication) of the existing asset or through replacement of its gross service potential. The depreciated replacement cost is measured as the reproduction or replacement cost of the asset, whichever is lower, less accumulated depreciation calculated on the basis of such cost, to reflect the already consumed or expired service potential of the asset.

The replacement cost and reproduction cost of an asset is determined on an "optimised" basis. The rationale is that the economic entity would not replace or reproduce the asset with a like asset if the asset to be replaced or reproduced is an overdesigned or overcapacity asset. Overdesigned assets contain features which are unnecessary for the goods or services the asset provides. Overcapacity assets are assets that have a greater capacity than is necessary to meet the demand for goods or services the asset provides. The determination of the replacement cost or reproduction cost of an asset on an optimised basis thus reflects the service potential required of the asset.

#### Recognition and measurement

If the recoverable service amount of a non-cash-generating asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable service amount. This reduction is an impairment loss.

An impairment loss is recognised immediately in surplus or deficit.

Any impairment loss of a revalued non-cash-generating asset is treated as a revaluation decrease.

When the amount estimated for an impairment loss is greater than the carrying amount of the non-cash-generating asset to which it relates, the economic entity recognises a liability only to the extent that is a requirement in the standards of GRAP.

After the recognition of an impairment loss, the depreciation (amortisation) charge for the non-cash-generating asset is adjusted in future periods to allocate the non-cash-generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

#### Reversal of an impairment loss

The economic entity assess at each reporting date whether there is any indication that an impairment loss recognised in prior periods for a non-cash-generating asset may no longer exist or may have decreased. If any such indication exists, the economic entity estimates the recoverable service amount of that asset.

An impairment loss recognised in prior periods for a non-cash-generating asset is reversed if there has been a change in the estimates used to determine the asset's recoverable service amount since the last impairment loss was recognised. The carrying amount of the asset is increased to its recoverable service amount. The increase is a reversal of an impairment loss. The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss for a non-cash-generating asset is recognised immediately in surplus or deficit.

Any reversal of an impairment loss of a revalued non-cash-generating asset is treated as a revaluation increase.

After a reversal of an impairment loss is recognised, the depreciation (amortisation) charge for the non-cash-generating asset is adjusted in future periods to allocate the non-cash-generating asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

#### Redesignation

The redesignation of assets from a cash-generating asset to a non-cash-generating asset or from a non-cash-generating asset to a cash-generating asset only occur when there is clear evidence that such a redesignation is appropriate.

#### 1.24 Internal Reserves

#### Capital Replacement Reserve (CRR)

The CRR is an asset financing source that represents an alternative to the other funding sources available to the economic entity namely external loans (interest bearing borrowings) and government grants and subsidies. It is a GRAP requirement that the balance on the CRR must always represented by cash, which must be held in a separate identifiable investment account.

Subsequent to the implementation of GRAP in 2008, Reserves and Funds had to be discontinued as they are not permissible in terms of GRAP. However the National Treasury determined that the CRR is one of the few funds and reserves that are allowed. Therefore it is a requirement that since fund accounting is not allowed in terms of GRAP, for disclosure in the Consolidated Annual Financial Statements, CRR forms part of Accumulated Surplus and should not be disclosed on the face of the Consolidated Statement of Financial Position.

As a matter of principle, the focus is the manner in which these reserves are created and accounted for, which in this instance the capital replacement of major components of Infrastructure assets in the event of technical failure.

For accounting purposes, the CRR will be created by transferring amounts out of accumulated surpluses/deficits to the respective reserve account, or vice versa, in the Statement of Changes in Net Assets. The net effect of these transfers will be nil in the Consolidated Statement of Changes in Net Assets, and will not affect the value of reserves in totality. It is the requirement of GRAP that no transactions should be accounted for, directly to the Cosolidated Statement of Changes in Net Assets other than those specifically allowed in terms of GRAP, i.e. revaluation surplus reserve.

Therefore situations should be avoided where reserves are created and accounted for, by taking amounts directly to the Consolidated Statement of Changes in Net Assets thereby circumventing the Consolidated Statement of Financial Performance.

The economic entity has determined a policy on the revenue sources that will be used to maintain or increase the balance of the CRR. These revenue sources include, but not limited to, the following:

- Interest earned by the economic entity on the CRR investment account;
- Cash proceeds from the sale of any item of property, plant and equipment or Investment Property;
- Percentage of amount that was utilised in the previous financial year for the purchase of items of property plant and equipment;
- VAT input recovered from SARS.

The CRR will only be utilised for the purpose of purchasing items of property, plant and equipment for the economic entity and will not be used for the maintenance of such items.

#### Revaluation reserve

The surplus arising from the revaluation of heritage assets is credited to a non-distributable reserve. The revaluation surplus is realised as revalued artworks are depreciated, through a transfer from the revaluation reserve to the accumulated surplus/deficit. On disposal, the net revaluation surplus is transferred to the accumulated surplus/deficit while gains or losses on disposal, based on revalued amounts, are credited or charged to the Consolidated Statement of Financial Performance.

#### 1.25 Employee benefits

#### Short-term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are due to be settled within twelve months after the end of the period in which the employees render the related service.

Short-term employee benefits include items such as:

- wages, salaries and social security contributions;
- short-term compensated absences (such as paid annual leave and paid sick leave) where the compensation for the absences is due to be settled within twelve months after the end of the reporting period in which the employees render the related employee service;
- bonus, incentive and performance related payments payable within twelve months after the end of the reporting period in which the
  employees render the related service; and
- non-monetary benefits (for example, medical care, and free or subsidised goods or services such as housing, cars and cellphones) for current employees.

The expected cost of compensated absences is recognised as an expense as the employees render services that increase their entitlement or, in the case of non-accumulating absences, when the absence occurs. The economic entity measure the expected cost of accumulating compensated absences as the additional amount that the entity expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The economic entity recognise the expected cost of bonus, incentive and performance related payments when the economic entity has a present legal or constructive obligation to make such payments as a result of past events and a reliable estimate of the obligation can be made. A present obligation exists when the entity has no realistic alternative but to make the payments.

#### Post-employment benefits: Defined contribution plans

The municipality provides retirement benefits for its employees and councillors. Payments to defined contribution retirement benefit plans are charged as an expense as they fall due.

Payments made to industry-managed (or state plans) retirement benefit schemes are dealt with as defined contribution plans where the municipality's obligation under the schemes is equivalent to those arising in a defined contribution retirement benefit plan.

The Natal Joint Provident, Dynamique Ambrella (Pietermaritzburg Provident Fund) and Umgeni Provident Fund are defined contribution plans. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year they become payable.

The Municipality pays contributions to publicly or privately administered pension insurance plans on a mandatory, contractual or voluntary basis.

The Municipality has no further payment obligations once the contributions have been paid. The contributions are recognized as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

#### Post-employment benefits: Defined benefit plans

A defined benefit plan is a pension plan that defines an amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation

The Natal Joint Pension Fund, Government Employees Pension Fund, Association Institution Pension Fund, South African Local Authorities Pension Fund and the Councillors Pension Fund are defined benefit. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year they become payable.

#### Pension obligations

The Municipality's employees contribute to 7 different Pension Funds, of which the Natal Joint Provident and Retirement Pension Fund cater for the majority of the staff.

The following are defined contribution and benefit funds:

- \*The Natal Joint Provident,
- \*Dynamique Ambrella (Pietermaritzburg Provident Fund),
- \*Umgeni Provident Fund,
- \*The Natal Joint Pension Fund,
- \* Government Employees Pension Fund,
- \* Association Institution Pension Fund,
- \* South African Local Authorities Pension Fund and
- \* Councillors Pension Fund

Actuarial valuations are conducted on an interim basis each year with a statutory valuation undertaken every three years. Consideration is given to any extent that could impact the Funds up to the end of the reporting period where the interim valuation is performed at an earlier date.

Actuarial valuations are conducted on an annual basis by independent actuaries separately for each plan. The results of the valuation are updated for any material transactions and other material changes in circumstances (including changes in market prices and interest rates) up to the reporting date.

The Municipality has both defined benefit and defined contribution plans.

The liability/asset recognized in the statement of financial position in respect of defined benefit pension plans is equal to the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability.

Past-service costs are recognised immediately against revenue.

Any asset is limited to unrecognised actuarial losses and past service costs, plus the present value of available refunds and reduction in future contributions to the plan.

Natal Joint Retirement Funds, Government Employee Pension Fund and Associated Institution Pension Fund are defined benefit funds.

The Natal Joint Provident Fund, Pietermaritzburg and South African Local Authority are defined contribution funds.

#### Other post retirement obligations

The Municipality provides post-retirement healthcare benefits to their retirees. The entitlement to these benefits is usually conditional on the employee remaining in service up to retirement age and the completion of a minimum service period.

Actuarial gains and losses arising from experience adjustments, and changes in actuarial assumptions, are charged or credited to revenue in the year that they arise.

#### **Actuarial assumptions**

Actuarial assumptions are unbiased and mutually compatible.

Financial assumptions are based on market expectations, at the reporting date, for the period over which the obligations are to be settled.

The rate used to discount post-employment benefit obligations (both funded and unfunded) reflect the time value of money. The currency and term of the financial instrument selected to reflect the time value of money is consistent with the currency and estimated term of the post-employment benefit obligations.

Post-employment benefit obligations are measured on a basis that reflects:

- estimated future salary increases;
- the benefits set out in the terms of the plan (or resulting from any constructive obligation that goes beyond those terms) at the reporting date; and
- estimated future changes in the level of any state benefits that affect the benefits payable under a defined benefit plan, if, and only if, either:
- those changes were enacted before the reporting date; or
- past history, or other reliable evidence, indicates that those state benefits will change in some predictable manner, for example, in line with future changes in general price levels or general salary levels.

Assumptions about medical costs take account of estimated future changes in the cost of medical services, resulting from both inflation and specific changes in medical costs.

#### 1.26 Provisions and contingencies

Provisions are recognised when:

- the economic entity has a present obligation as a result of a past event;
- it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; and
- a reliable estimate can be made of the obligation.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

Where the effect of time value of money is material, the amount of a provision is the present value of the expenditures expected to be required to settle the obligation.

Contingent assets and contingent liabilities are not recognised. Contingencies are disclosed in note 64.

#### 1.27 Events after reporting date

Events after reporting date are those events, both favourable and unfavourable, that occur between the reporting date and the date when the consolidated annual financial statements are authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the reporting date (adjusting events after the reporting date); and
- those that are indicative of conditions that arose after the reporting date (non-adjusting events after the reporting date).

The economic entity will adjust the amount recognised in the financial statements to reflect adjusting events after the reporting date once the event occurred.

The economic entity will disclose the nature of the event and an estimate of its financial effect or a statement that such estimate cannot be made in respect of all material non-adjusting events, where non-disclosure could influence the economic decisions of users taken on the basis of the consolidated annual financial statements.

#### 1.28 Revenue from exchange transactions

Revenue from exchange transactions refers to revenue that accrued to the Municipality directly in return for services rendered / goods sold, the value of which approximates the consideration received or receivable.

Service charges relating to electricity and water are based on consumption. Meters are read on a monthly basis and are recognised as revenue when invoiced. Provisional estimates of consumption are made monthly when meter readings have not been performed. The provisional estimates of consumption are recognised as revenue when invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read. These adjustments are recognised as revenue in the invoicing period.

Revenue from the sale of electricity prepaid meter cards are recognised at the point of sale.

Service charges relating to refuse removal are recognised on a monthly basis by applying the approved tariff to each property based on category of property and the property value.

Service charges from sewerage and sanitation are based on water consumption and are levied monthly.

Interest and rentals are recognised on a time proportion basis.

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant gazetted tariff. This includes the issuing of licences and permits.

Income for agency services is recognised on a monthly basis once the income collected on behalf of agents has been quantified. The income recognised is in terms of the agency agreement.

Revenue from the sale of goods is recognised when the risk is passed to the consumer.

Revenue arising out of situations where the Municipality acts as an agent on behalf of another entity (the principal) is limited to the amount of any fee or commission payable to the Municipality as compensation for executing the agreed services.

All other revenue is recognised as it accrues.

Service revenue is recognised by reference to the stage of completion of the transaction at the reporting date. Stage of completion is determined by services performed to date as a percentage of total services to be performed.

#### Measurement

Revenue is measured at the fair value of the consideration received or receivable, net of trade discounts and volume rebates.

#### Sale of goods

Revenue from the sale of goods is recognised when all the following conditions have been satisfied:

- the economic entity has transferred to the purchaser the significant risks and rewards of ownership of the goods;
- the economic entity retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control
  over the goods sold;
- the amount of revenue can be measured reliably;
- It is probable that the economic benefits or service potential associated with the transaction will flow to the economic entity; and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

#### Rendering of services

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the reporting date. The outcome of a transaction can be estimated reliably when all the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the economic benefits or service potential associated with the transaction will flow to the economic entity;
- the stage of completion of the transaction at the reporting date can be measured reliably; and
- the costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

When services are performed by an indeterminate number of acts over a specified time frame, revenue is recognised on a straight line basis over the specified time frame unless there is evidence that some other method better represents the stage of completion. When a specific act is much more significant than any other acts, the recognition of revenue is postponed until the significant act is executed.

When the outcome of the transaction involving the rendering of services cannot be estimated reliably, revenue is recognised only to the extent of the expenses recognised that are recoverable.

#### Interest, royalties and dividends

Revenue arising from the use by others of entity assets yielding interest, royalties and dividends is recognised when:

- It is probable that the economic benefits or service potential associated with the transaction will flow to the economic entity, and
- The amount of the revenue can be measured reliably.

Interest is recognised, in surplus or deficit, using the effective interest rate method.

Royalties are recognised as they are earned in accordance with the substance of the relevant agreements.

#### 1.29 Revenue from non-exchange transactions

Refers to transactions where the Municipality received revenue from another entity without giving approximately equal value in exchange. Revenue from non exchange transactions is generally recognised to the extent that the related receipt or receivable qualifies for recognition as an asset and there is no liability to repay the amount.

Revenue from property rates is recognised when the legal entitlement to this revenue arises. Collection charges are recognised when such amounts are legally enforceable. Penalty interest on unpaid rates is recognised on a time proportion basis with reference to the principal amount and the effective interest rate applicable.

Fines constitute both spot fines and summons. Fines are recognised when the fines are issued.

Donations are recognised on a cash receipt basis or where the donation is in the form of property, plant and equipment, at the fair value of the consideration received or receivable.

Contributed property, plant and equipment is recognised when ownership of the items of property, plant and equipment is transferred to the Municipality.

Revenue from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the Municipal Finance Management Act (Act No.56 of 2003) and is recognised when the recovery thereof from the responsible councillors or officials is virtually certain.

Income received from conditional grants, donations and subsidies is recognised to the extent that the Municipality has complied with any of the criteria, conditions or obligations embodied in the agreement. To the extent that the criteria, conditions or obligations have not been met, a liability is recognised and funds are invested until utilised.

Interest earned on the investment is treated in accordance with grant conditions. If it is payable to the funder, it is recorded as part of the creditor. If it is the Municipality's interest, it is recognised as interest earned in the Consolidated Statement of Financial Performance.

Grants and receipts of a revenue nature: income is transferred as revenue to the Consolidated Statement of Financial Performance to the extent that the criteria, conditions or obligations have been met.

The Municipality recognises the full amount of revenue of the fine issued at the transaction date when there is uncertainty about the Municipality's ability to collect such revenue from the fine, based on past history, the Municipality has an obligation to collect all revenue due to it.

Subsequent to initial recognition and measurement, the Municipality assess the collectability of the revenue and recognises an impairment loss where appropriate for example there the municipality may offer early settlement discounts or amnesty periods.

Where these reductions exist, the Municipality considers past history in assessing the likelihood of these discounts or reductions being taken up the debtors.

#### 1.30 Investment revenue

Investment revenue is recognised on a time-proportion basis using the effective interest method.

#### 1.31 Comparative figures

When the presentation or classification of items in the Consolidated Annual Financial Statements is amended, prior period comparative amounts are restated. The nature and reason for the reclassification is disclosed. Where accounting errors have been identified in the current year, the correction is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly. Where there has been a change in accounting policy in the current year, the adjustment is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly.

#### 1.32 Unauthorised expenditure

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in the form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No.56 of 2003).

Unauthorised expenditure is accounted for as an expense in the Consolidated Statement of Financial Performance.

Where unauthorised expenditure is not approved, upon the finalisation of an investigation, it is recovered from the responsible person and the amount received is accounted for as revenue in the Consolidated Statement of Financial Performance.

#### 1.33 Fruitless and wasteful expenditure

Fruitless expenditure means expenditure which was made in vain and would have been avoided had reasonable care been exercised.

All expenditure relating to fruitless and wasteful expenditure is recognised as an expense in the Consolidated Statement Of Financial Performance in the year that the expenditure was incurred.

The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the Consolidated Statement Of Financial Performance.

#### 240

#### 1.34 Irregular expenditure

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), and the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the economic entity's supply chain management policy.

Irregular expenditure excludes unauthorised expenditure.

Irregular expenditure is accounted for as expenditure in the Consolided Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Consolidated Statement of Financial Performance.

#### 1.35 Use of estimates

The preparation of Consolidated Annual Financial Statements in conformity with Generally Recognised Accounting Practice requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the economic entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the Consolidated Annual Financial Statements are disclosed in the relevant sections of the Consolidated Annual Financial Statements. Although these estimates are based on management's best knowledge of current events and actions they may undertake in the future, actual results ultimately may differ from those estimates.

#### 1.36 Capital commitments

A capital commitment is a binding agreement to undertake capital expenditure at some set time in the future which has not yet become an actual liability.

Items are classified as commitments when an economic entity has committed itself to future transactions that will normally result in the outflow of cash.

#### 1.37 Offsetting

Assets, liabilities, revenue and expenses have not been offset except when offsetting is required or permitted by a standard of GRAP.

### **Notes to the Consolidated Annual Financial Statements**

#### 2. New standards and interpretations

#### 2.1 Standards and interpretations issued and adopted

Entities are required to apply the standards of GRAP where the Minister has determined the effective date.

The Minister has determined the effective date for the following standards of GRAP:

Reference	Торіс
GRAP 1	Presentation of Financial Statements (as revised in 2010)
GRAP 2	Cash Flow Statements (as revised in 2010)
GRAP 3	Accounting Policies, Changes in Accounting Estimates and Errors (as revised in 2010)
GRAP 4	The Effects of Changes in Foreign Exchange Rates
GRAP 5	Borrowing Costs
GRAP 6	Consolidated and Separate Financial Statements
GRAP 7	Investments in Associates
GRAP 8	Interests in Joint Ventures
GRAP 9	Revenue from Exchange Transactions (as revised in 2010)
GRAP 10	Financial Reporting in Hyperinflationary Economies
GRAP 11	Construction Contracts
GRAP 12	Inventories (as revised in 2010)
GRAP 13	Leases (as revised in 2010)
GRAP 14	Events After the Reporting Date (as revised in 2010)
GRAP 16	Investment Property (as revised in 2010)
GRAP 17	Property, Plant and Equipment (as revised in 2010)
GRAP 18	Segment Reporting
GRAP 19	Provisions, Contingent Liabilities and Contingent Assets (as revised in 2010)
GRAP 21	Impairment of Non-cash-generating Assets
GRAP 23	Revenue from Non-exchange Transactions (Taxes and Transfers)

Figures in Rand	2016	2015	2016	2015

Trade and other receivables from non exchange transactions includes prepayments to Independent Development Trust (IDT) of R 93 658 029.42 (2015: R 93 658 029.42).

The Municipality had entered into a memorandum of agreement with the IDT to undertake projects in respect of infrastructure developments and maintenance.

In terms of IGRAP 1( Applying the probability test on initial recognition of exchange revenue) trade and other receivables from non exhange transctions had to be accounted for on an accrual basis.

Included in other debtors is a traffic fine debtor of R30 358 879.97 (2015: R 30 528 819.70.)

#### Trade receivables from exchange non - exchange transaction pledged as security.

Trade and other receivables from non exchange transactions were not pledged as security for overdraft facilities.

#### Credit quality of trade and other receivables from non exchange transactions

Although credit quality can be assessed the municipality did not apply any methods to evaluate the credit quality.

The allowance for impairment on trade and other receivables from non exchange transactions amount to R244 503 750 (2015:R247 799 892).

#### 5. Trade and receivables from exchange transactions

#### Consumer debtors pledged as security

Trade and other receivables from exchange transaction were not pledged as security for overdraft facilities.

#### Credit quality of trade and other receivables from exchange transactions

The credit quality of trade and other receivable from exchange transactions that are neither past nor due nor impaired can be assessed by reference to external credit ratings or to historical information about counterparty default rates. Although credit quality can be assessed the entity did not apply any methods to evaluate the credit quality.

#### 6. Short term investment

COID short term investment invested at 8.9%	8,318,183	7,934,708	8,318,183	7,934,708
7. Cash and cash equivalents				
Cash and cash equivalents consist of:				
Cash on hand	1,488,096	8,265,850	51,485	46,485
Bank balances	82,373,108	95,350,690	82,373,108	95,350,690
Short term deposits - on call	337,090,677	349,548,304	337,090,677	349,548,304
Short term deposits - fixed	550,108,683	387,987,779	550,108,683	387,987,779
	971,060,564	841,152,623	969,623,953	832,933,258
Average rate of return	10.00%	6.15%	10.00%	6.15%

Due to the short term nature of these investments no amortisation was performed.

Fair value is taken at face value.

No cash and cash equivalents were pledged as security for any financial liabilities.

No restrictions exist with regard to the use of cash.

No portion is past due or impaired.

#### Credit quality of cash at bank and short term deposits, excluding cash on hand

The credit quality of cash at bank and short term deposits, excluding cash on hand that are neither past due nor impaired can be assessed by reference to external credit ratings. Although credit quality can be assessed the Municipality did not apply any methods to evaluate the credit quality.

The municipality has the following bank accounts

No investment property has been pledged as security for any financial liabilities.

Investment property

A register containing the information required by section 63 of the Municipal Finance Management Act is available for inspection at the registered office of the municipality.

362,882,104

20,222,920

264,313,640

(300,000)

647,118,664

#### Other information

The Msunduzi Municipalty has adopted the fair value model in accounting for investment properties.

#### Adjustments to valuation in the reconciliation above are attributable to -

- \* change in market value of investment property
- \* take on of investment property that was previously not recognised and
- \* disposals and transfers

A register containing the information required by section 63 of the Municipal Finance Management Act is available for inspection at the registered office of the municipality.

#### **Details of the valuation**

Investment property is not depreciated annually and is valued at year end to determine the fair values as prescibed in GRAP 16.

The valuation at 30 June 2016 was performed by BGP Mass Appraisal (Pty) Ltd, independent valuers.

These are independent valuers that are not related to the municipality.

The valuations conform to South African Valuations standards and were arrived at by reference to market evidence of transaction prices for similar properties.

### Pledged as security

No property, plant and equipment was placed as security for financial liabilities.

Refer to Appendix B for the detailed property, plant and equipment schedule.

The Msunduzi Municipality has elected the cost model when accounting for property, plant and equipment with the exeception of biological assets which are measured at fair value annually.

During the 2013/2014, 2014/2015 and 2015/2016 financial years the municipality undertook conditional assessment of community and infrastructure assets, which culminated in the decrease in remaining useful lives of assets. This resulted in the significant increase in depreciation.

The municipality applies the depreciated replacement cost method to calculate impairment. The impairment loss amounted to R49 690 326 (2015:R16 130 012).

The municipality is required to measure the residual value of all items of property, plant and equipment. Management has determined that none of its infrastructrual assets has any active market value, and the value of at the end of their useful lives would therefore be nil or insignificant during the current financial year. During the current financial year, the municipality reviewed the estimated useful lifes and residual values of property, plant and equipment, where appropriate.

# Restated June 2015 property, plant and equipment balances relate to the following errors which resulted in an overstatement/ understatement:

\* During the 2014/2015 financial year the Department of Human Settlements donated land to the municipality as part of the Edendale acquistion plan project. This was part of the memorandum of agreement between the municipality and the Department of Human Settlement to build low cost housing for the community. This land was classified as inventory. In the current year the estimated value of this land is R 257 445 053.

\*Due to funding issues, the project had not yet commenced. In view of these developments, management has decided that this land should be classified as property, plant and equipment.

- \* The net carrying value of R84 824 570 for VIP toilets was incorrectly capitalised. These assets are not maintained by the municipality and were handed over to the community.
- \* The net carrying value of R304 041 for branding of vehicles was incorrectly capitalised because advertisement costs qualify as operational costs.
- \* The net carrying value of R2 503 695 for vehicles that was donated by Umgeni Water was not previously capitalised.
- \* The amount of R 220 000 is a correction for development costs incorrectly capitalised.
- \* The other net carrying value adjustment of R10 086 refers to other assets (furniture and computers) not recognised in prior years.

### Pledged as security

Carrying value of intangible assets have not been pledged as security.

Other information

The Msunduzi Municipality has elected to use cost model when accounting for intangible assets,

After initial recognition, an intangible asset shall be carried at its cost less any accumulated amortisation and any accumulated impairment losses.

The cost of art collections and buildings disclosed includes:

Artwork which are measured using the revaluation model is R193 181 020 and

Buildings which are measured at cost model is R39 710 389.

Artworks whose fair value can be measured reliably are carried at the revalued amount, being their fair value at the date of

valuation less any subsequent impairment losses.

Artworks were last valued in the 2014/2015 financial year.

According to the municipality's accounting policy, artworks are being revalued every 4 years.

### Pledged as security

No heritage assets have been pledged as security for any financial liabilities

### List of heritage assets where the values cannot be determined

### 1. Legal Deposit collection at the Bessie Head Library

In 1916, the Natal Society Library (now the Msunduzi Municipal Library – Bessie Head Library) was identified as one of 5 libraries in South Africa accorded Legal Deposit status. This privilege helped make it into one of South Africa's major research and information libraries. Legal Deposit Libraries play a unique and very important role as custodians, in perpetuity, of this country's cultural wealth and information. They also have to make this information available, as widely as possible, to the citizens of South Africa. The Legal Deposit Collection has become an important asset. Since 1916, the Msunduzi Municipal Library has amassed a huge collection of South African books, pamphlets, periodicals, maps and newspapers which it has to preserve for future generations.

Due to the nature of the class of heritage assets the Department of Arts and Culture has confirmed that there is no monetary value as there is no active market.

### 20. Retirement benefit obligations

### Defined contribution and benefit plan

The Council provides retirement benefits to its employees by contributing to either a pension or provident fund.

Membership to either a pension or provident fund is compulsory for all permanent employees.

The majority of the members and the Council contributes to the Natal Joint Municipal Pension and Provident funds(NJMP), employees contribute to the South African Local Authorities Pension Fund (SALA) and, Associated Institution Pension Fund (AIPF), Pietermaritzburg Provident Fund and Government Employees Pension Fund (GEPF).

Employees contributing to SALA,AIPF, Pietermaritzburg Provident Fund and GEPF make up the minority of members contribution to the pension funds.

The Msunduzi Municipality's liability in these funds cannot be determined owing mainly to the assets not being allocated to each employer and one set of financial's being compiled for each fund and not for each contributing employer.

### Defined contribution plan:

The majority of personnel are members of the following pension funds:

### Kwa-Zulu-Natal Joint Municipal Provident Fund

An actuarial valuation was performed on 31 March 2015 by Argen Actuarial Solutions.

### Results of the valuation

The Fund self-insures its risk benefits in excess of the full benefit. It therefore maintains a Risk Reserve Account as a measure of protection against volatility in claims experience. The amount of R 21 123 000 required to be held in the Risk Reserve Account.

The Fund is financially sound as at the valuation date.

### Benefits of the fund:

- \* Pension age 65 years
- \* Earliest retirement age 58 years (55 years if more than 10 years continuous service)
- \* Full benefit Initial transfer plus member's contributions plus employer's contributions for full benefits plus investment earnings and bonuses.
- \* Member's portion of full benefits Initial transfer plus members contributions plus local authorities contributions for full benefits plus interim, special and final bonuses.
- \* Benefit on retirement after earliest retirement age or pension age full benefit.
- \* Benefit on retirement because of ill health full benefit.
- \* Benefit on death in service Full benefit plus 0.7% of annual pensionable salary for each month of potential service to a maximum of 2.1 years salary.

### Contributions of the fund:

### Members contributions

Members may choose to contribute at a rate of 5%, 7% or 9.25% of their pensionable emoluments in terms of regulation 14(a).

### **Local Authorities Contributions**

Participating employers contribute at a rate of 1.95 times of the rate of members contribution in terms of regulation 17(1)(b).

### Benchmark:

The benchmark asset allocation determined as being appropriate for the fund, which takes cognisance of membership and liability profile, is stated below:

Investments:

Domestic Investments 2,214,447,000
International Investments 553,153,000
Risk Reserve Acount 18,927,000
Membership 12,027

Natal Joint Municipal Pension Fund: (Superannuation) actuarial valuation

An actuarial valuation was performed on 31 March 2015 by Argen Actuarial Solutions.

The market value of the Fund's assets was R 10,113,227,000 as at 31 March 2015.

The regulations of the fund have been amended with effect from 1 July 2004, so that the Committee of Management is able to levy a separate surcharge on local authorities which grant excessive salary increases, thereby causing a financial strain on the Fund to the detriment of other stakeholders.

The employers are no longer permitting members to join the Fund, so that it is effectively closed to new members. This means that the average age will increase over time which, in turn, means that the required rate of contribution will also increase.

Thus, once the surcharge ceases, the underlying rate of contribution will not be sufficient to meet the cost of the benefits. It is necessary to set aside a reserve to hold assets equal to the expected shortfall. For this reason a "Contribution Reserve is held equal to the present value of the shortfall in terms of the Financial Services Board's Circular PF117 for the 5 years to 2015 when it is expected that the surcharge will cease.

### Benefits of the fund:

- \* Members Contributions 9.25% of pensionable salaries.
- \* Pension age 65 years
- \* Final average salary average annual pensionable salaries during the last year of service.
- \* Pension on retirement at pension age 2.2% of final average emoluments per year of continuous service.
- \* Lump sum on retirement at pension age 8.25% of final average emoluments per year of service.
- \* Pension on retirement because of ill-health (minimum ten years continuous service) pension as for retirement at pension age
- \* Lump sum on retirement because of ill-health (minimum 10 years continuous service) lump sum as for retirement at pension age.
- \* Lump sum on retirement because of ill health (less than ten years continuous service) the greater of the resignation benefit or twice the members contributions.
- \* Surviving Spouses pension on death in service 1,2% of final average emoluments per year of continuous service that the member would have had at the pension age.
- \* Surviving Spouses pension on death of pensioner 1,22% (0,77% in the case of a pensioner who retired before 1 July 1999) of final average emoluments per year of continuous service.
- \* Lump sum on death in service Annual pensionable emoluments.10.75% of final average salaries
- \* Withdrawal members contribution plus 5/12% for each month of continuous service (the addition is approximately equal to compound interest at 10% a year) and increased by 5% for each complete year of service up to a maximum of 20 years.

### Post retirement benefit plan

### Post retirement medical aid plan

The municipality operates on 6 accredited medical aid schemes, namely:

- \* Bonitas,
- \* Discovery Health,
- \* Hosmed,
- \* Key-Health,
- \* LA Health and
- \* SAMWU Med,

Pensioners continue on the option they belonged to on the day of their retirement

An actuarial was performed by Arch Actuarial Consulting on the 30 June 2016.

The valuation undertaken in accordance with the requirements of Professional Guidance Note (PPN) 301 of the Actuarial Society of South Africa.

According to the last valuation the accrued liability amounted to R 646 840 503.

A reconciliation of Msunduzi's accrued liability for the year ending 30 June 2016 is set out below:

The amounts recognised in the statement of financial position are as follows:

The landfill site provision represents management's best estimate of the municipality's rehabilitation liability based on an valuation provided by an external consultant on the remaining useful life of the landfill site.

Envitech Solutions was appointed to provide the provision for the programme for closure of the New England Road landfill site.

### Alien vegetation provision.

According to the National Environmental Management Act, 1998 (Act No. 107 of 1998) the municipality was encouraged to recognise a provision in this regard.

The Department of Agriculture has since 2006 provided considerable support to the Msunduzi Municipality in terms of clearing listed alien invasive plants.

The Msunduzi Municipality's involvement and responsibility is effectively operational support to the Department of Agriculture terms of clearing listed alien invasive plants

During the reporting period work was carried out in the following areas:

Sickle Bush: +/- 4HA in Bisley Valley Nature Reserve.

An amount of R 59 904 was spent on wages for the contracted staff.

An amount of R50 000 was utilised for the purchase of herbicide, equipment, and personal protective clothing for the project.

	Econom	Economic entity		ng entity
Figures in Rand	2016	2015	2016	2015

### Performance bonus

The performance bonus provision is based on the maximum expectation that all key management will perform in terms of their agreements.

### Long service awards

The long service award provision is created to ensure adherence to SALGA collective agreement requirements. The estimate is based on the monthly salaries rate at 30 June 2016.

### 23. Housing development fund

Unappropriated surplus	37,901,883	19,625,820	37,901,883	19,625,820
Loans extinguished by government on 1 April 1998	34,256,892	34,256,892	34,256,892	34,256,892
	72,158,775	53,882,712	72,158,775	53,882,712
The housing development fund is represented by the following assets and liabilities				
Housing selling scheme loans	10,317,110	9,229,180	10,317,110	9,229,180
Trade and other receivables	30,860,066	30,260,067	30,860,066	30,260,067
Bank and cash	30,981,599	14,393,465	30,981,599	14,393,465
	72,158,775	53,882,712	72,158,775	53,882,712

### 24. Revaluation reserve

The municipality has elected to adopt the revaluation model when accounting for heritage assets - artworks, due to their nature.

Revaluations were performed by an independent valuer, Gilfillan 'Scott-Berning on the 31 October 2014.

Transfer to revaluation reserve for artworks 52,129,145 52,129,145 52,129,145 52,129,145

### 25. Capital replacement reserve (CRR)

Based on the approval by the strategic management committee on the 7th of April 2015 the CRR was created by transferring funds of R 151 935 999 from the accumulated surplus to the CRR.

This reserve will be used for the funding of property plant and equipment.

Included in the reserve is an amount of R1 935 999 of interest earned on the reserve.

The CRR is cash backed reserve.

Capital replacement reserve	151,935,999	151,935,999	151,935,999	151,935,999
26. Share capital				
Issued				
100 Ordinary shares of R 1 each	-	100	-	-

Safe City Msunduzi NPC converted from a proprietary limited on the 16 September 2016.

This required the conversion of share capital to be written back to accumulated surplus.

# Figures in Rand

# 27. Variance analysis comparison of budget against actual

	Final budget	Actual	Difference between final budget and actual	%	Reason for major variance
Revenue					
Rental received	41,541,395	20,222,252	21,319,143	51	The demand for municipal facilities for rental exceeded the expectations and this is due to the item being driven more by community behaviour than anything else.
Other revenue	49,566,961	87,809,501	(38,242,540)	(77)	Other revenue is revenue from sundry sources which are dependent on community behaviour and is therefore difficult to accurately estimate. During the year, revenue from these sources exceeded expectations
Interest received - external investments	33,987,999	68,434,503	(34,446,504)	(101)	Investments are made up of the municipality's own unused cash and unspent conditional grants. The two items were more than expected during the year which resulted in more investments leading to an increased interest on investments amount
Property rates - penalties imposed	41,348,999	20,236,112	21,112,887	51	Interest is levied on overdue accounts. So the amount on this item is dependent on defaulters which is a function of consumer behaviour. It is therefore impossible for it to be accurately estimated. During the year the amount levied on overdue accounts was lower than anticipated.
Government grants and subsidies	983,591,753	769,640,097	213,951,656	22	This is due to unspent conditional grants for which applications for roll overs have been submitted to the National Treasury.
Fines	21,524,525	52,657,723	(31,133,198)	(145)	This item is a function of human behavior and can therefore not be accurately estimated. It is impossible to accurately estimate the number of people who will get traffic fines per year. As can be seen, the number during the year became too much higher than anticipated.
Expenditure					
Conditional grant expenditure	107,596,555	73,364,194	34,232,361	32	The depreciation figures increased due to conditional assessment which was undertaken by SMEC South Africa. This culminated in material decrease in the remaining useful lives of assets, which led to accelerated depreciation. The depreciation almost doubled.
Depreciation and amortisation	302,848,333	505,131,448	(202,283,115)	(67)	The depreciation figures increased due to conditional assessment which was undertaken by SMEC South Africa. This culminated in material decrease in the remaining useful lives of assets, which led to accelerated depreciation. The depreciation almost doubled.

Impairment of assets	315,000	50,002,359	(49,687,359)	100	The budget for depreciation and assets Impairment is added together for budget purposes. So the budget for this item is included above.
General expenses	320,705,041	436,459,903	(115,754,862)	36	The variance is due to savings realised in various general expenditure items.
Debt impairment	107,254,828	92,507,590	14,747,238	14	The variance partly emanates from the Vulindlela customers whose historical payment rate when they were with Umgeni was said to be 0.04%. The second reason is the meters that have now been found and consumers have been charged for previous periods.

30.

Included in the sale of electricity are amounts in respect of prepaid electricity. The Municipality recognises the full value of prepaid electricity sold to the value of R 61 918 227. However the value of the unused prepaid electricity can not be measured. Due to the nature of the prepaid electricity the municipality is not in a position to determine unused prepaid electricity as at 30 June 2016.

Figures in Rand	2016	2015	2016	2015	

General valuations on properties are performed every 4 years in terms of the Municipal Property Rates Act. The last general valuation came into effect on 1 July 2009. Supplementary valuations are take place on an annual basis to take into account building additions, changes, sub divisions and consolidations.

A new valuation roll came into effect on 1 July 2014.

A general rate of 0.0204 cents in a rand for (2015: 0.0192 cents in a rand) was applied to property valuations to determine assessment rates.

The adjustments during the year are compiled of all interim assessments, corrections and amendments to the accounts. This includes any transfer of payments, penalty reversals and value changes.

### 61. Deviation from supply chain management regulations

Regulation 36 of the Municipal SCM Regulations of 2005 permits the Accounting Officer to "dispense with official procurement processes established by the policy and to procure any required goods or services through any convenient process".

This would typically include urgent and emergency cases, single-source goods, and any other cases where it impractical to follow normal SCM process. In the event of such a decision, the Accounting Officer is required to report this to the next Council meeting for noting. The expenses incurred as listed below have been written off.

### 62. Litigation in prepaid meters

Commissions - are calculated on sales from prepaid electricity sales made by vendors on behalf of the Council. The commissions are included in the general expenses category of the Statement of Financial Performance.

In the 2006/2007 financial year two vendors had defaulted in depositing amounts received from prepaid sales. As a result no commission was paid to them. The defaulting vendors are Sweet waters and Phayiphini who had ceased trading in January 2007 and October 2006 respectively.

The amounts of R55 723 and R75 896 respectively are deemed to be irrecoverable for the 2005/2006 financial year. Also the amounts of R13 980 and R15 671 being the movements for the 2006/2007 year are deemed irrecoverable.

This matter is being handled by the legal division in conjunction with the SAPS - Commercial branch unit and Venn Nemeth & Hart attorneys.

### 63. Commitments

### Authorised capital expenditure

VIP toilets incorrectly capitalised as property, plant and equipment	-	(84,824,570)	-	(84,824,570)
Restated balance	-	6,780,604,378	-	6,780,245,881
During the 2014/2015 financial year the Department of Human Settlements donated land to the municipality as part of the Edendale acquistion plan project. This was part of the memorandum of agreement between the municipality and the Department of Human Settlement to build low cost housing for the community. This land was classified as inventory. In the current year the estimated value of this land is R 257 445 053.				
Due to funding issues, the project had not yet commenced. In view of these developments, management has decided that this land should be classified as plant, plant and equipment.				
Balance previously reported	-	6,780,604,378	-	6,780,245,881
Take land as property plant and equipment	-	257,445,053	-	257,445,053
Restated balance	-	7,038,049,431	-	7,037,690,934
During the prior years the municipality incorrectly recognised branding costs for vehicles as property plant and equipment instead of expensing the costs incurred.

#### 68. Change in accounting estimate

### Property, plant and equipment

Review of useful life for fully depreciated assets according to GRAP 17 and the reclassification of property, plant and equipment to investment property. The effect of this revision has increased the depreciation by R 2 918 566.42

#### **Provisions**

The leave pay provision is created to ensure adherence to SALGA collective agreement requirements. It states that at the end of a leave cycle, an employee may not have more than 48 days annual leave to his credit. The effect of this revision has increased the provision by R 6 482 216.49.

The long service award provision is created to ensure adherence to SALGA collective agreement requirements. The estimate is based on the monthly salaries rate at 30 June 2014. The effect of this revision has decreased the provision by R55 053.

#### Irregular expenditure not yet written off

Section 32(4) of the Municipal Finance Management Act requires that Council can deal with these matters in the manner prescribed. In the case of irregular and fruitless and wasteful expenditure, it is only after an investigation has been conducted that irregular expenditure can be certified as irrecoverable and written off by Council hence there no movement between financial years 2008/2009 to 2012/2013 as the investigations are still open and as soon as they are closed Council will write off this expenditure.

Details of Irregular Expenditure - Current year	
Awards made to person in service of the state - employees of the state	625,338

•	5,234,379	12,197,882	5,234,379	12,197,882

#### 72. Comparative figures

Certain comparative figures have been reclassified due to corrections being made relating to prior period errors.

#### 73. Electricity, water and inventory losses

Electricity losses				
Units purchased - kWh	1,760,184,665	1,739,221,935	1,760,184,665	1,739,221,935
Units sold - kWh	(1,552,604,288)	(1,504,286,888)	(1,552,604,288)	(1,504,286,888)
Loss - kWh	208,120,377	234,935,047	208,120,377	234,935,047
Electricity loss as a percentage	11.82	13.51	11.82	13.51
	0.86618	0.76312	0.86618	0.76312
Electricity loss in rand value	181,961,139	179,284,023	181,961,139	179,284,023

The significant electricity losses of 208 120 377 kWh (2015 : 234,935,047 kWh) occurred during the year under review, which resulted in material revenue losses to the municipality.

The acceptance norm of electricity loss is 7% and 10%. as per MFMA circular 71 dated January 2014.

The increase in the loss is due to illegal connections to consumers.

	Economi	c entity	Controllin	g entity
Figures in Rand	2016	2015	2016	2015
Water losses				
Units purchased -KI	70,025,603	70,387,564	70,025,603	70,387,564
Units sold - Kl	(48,110,888)	(47,142,418)	(48,110,888)	(47,142,418)
Losses - KI	16,216,889	17,201,409	16,216,889	17,201,409
Apparent losses - KI	5,697,826	6,043,738	5,697,826	6,043,738
Real losses - KI	21,914,715	23,245,147	21,914,715	23,245,147
Water loss as a percentage	31	33	31	33
	5.46300	5.07000	5.46300	5.07000
Water loss in rand value	119,720,088	117,859,869	119,720,088	117,859,869

For the 2014/2015 reporting period there has been a change in the methodology for the calculation of the water losses as per MFMA circular 71 dated January 2014.

The acceptable norm as per the above circular for water losses is between 15% to 30%.

The significant water losses of 21,914,715 kl (2015: 23, 245, 147 kl) occurred during the year under review, which resulted in material revenue losses to the municipality.

A contributing factor to the increase in the water losses is the aging pipeline infrastructure.

- 1.101 new and existing PRV's were audited and maintained during the last year. Of the 101 PRV's, 19 New PMZ's designed and commissioned, while 86 existing PRV's were serviced/refurbished/replaced and the same PMZ's made discreet. All the PRV's are now functional and just requires advanced pressure management.
- 2.5 advanced PRV controllers were mounted and commissioned with realtime monitoring made accessible to Msunduzi staff. The 6 existing advanced PRV controllers were serviced and optimized to meet new pressure regimes as agreed by all (Except for CBD PRV's pending operational tasks to be completed).
- 3.56 of the required 85 Time Controllers (TC) have been retrofitted onto the PRV's that were audited.
- 4.4.4 km of old water pipe was replaced.

#### Inventory gains / write downs

Due to technology changes the inventory has become redundant  Write up of inventory to net realisable value for forestry, unused	- 161.283	(418,502)	161,283	(418,502)
water, petrol and diesel stock	101,200		101,200	
	161,283	(418,502)	161,283	(418,502)

There has been a close monitoring and interrogation of the movement of inventory. Additional staff have been appointed to maximise efficiency of the central stores.

#### 74. Risk management

#### Financial risk management

The Municipality's activities expose it to a variety of financial risks:

- \*Market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk).
- \*Credit risk and
- \*Liquidity risk.

The Municipality's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the municipality's financial performance.

#### Interest rate risk

As the Municipality has no significant interest-bearing assets, the municipality's income and operating cash flows are substantially independent of changes in market interest rates.

The Municipality's interest rate risk arises from long-term borrowings. Borrowings issued at variable rates expose the Municipality to cash flow interest rate risk. Borrowings issued at fixed rates expose the Municipality to fair value interest rate risk.

#### Credit risk

Credit risk consists mainly of cash deposits, cash equivalents, derivative financial instruments and trade debtors. The Municipality only deposits cash with major banks with high quality credit standing and limits exposure to any one counter-party.

Trade receivables comprise a widespread customer base. Management evaluated credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the board. The utilisation of credit limits is regularly monitored. Sales to retail customers are settled in cash or using major credit cards. Credit guarantee insurance is purchased when deemed appropriate.

#### Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Due to the dynamic nature of the underlying businesses, municipality treasury maintains flexibility in funding by maintaining availability under committed credit lines.

The municipality's risk to liquidity is a result of the funds available to cover future commitments. The Municipality manages liquidity risk through an ongoing review of future commitments and credit facilities.

Borrowings	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	Total
30 June 2016	67,758,162	381,631,317	186,505,843	635,895,322
30 June 2015	48,641,698	289,548,277	255,123,845	593,313,820

#### 75. Going concern

The Consolidated Annual Financial Statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

NOTES:

1. The Municipality is also involved in numerous cases regarding the collection of outstanding service charges owed by consumers. For the purpose of this exercise, these cases are not listed here.

2. The Municipality has been granted authority by the National Prosecuting Authority to commence criminal prosecutions in the Magistrate's court against offenders of Municipal Bylaws. These prosecutions are not listed here.

### **CHAPTER 5 - SAFE CITY (MUNICIPAL ENTITY)**

SAFE CITY MSUNDUZI NPC, Reg. No. 2010/024562/08

# CHAIRPERSON'S ANNUAL REPORT - FOR THE YEAR ENDING 30TH JUNE 2016

#### 1. BACKGROUND

Safe City Pietermaritzburg was formally constituted as an Association incorporated under section 21 of the Companies Act on 28 March 2002. The intervention Team that took over Msunduzi Municipality administration, raised concerns that according to the MFMA that it is illegal to fund an organisation registered under section 21, and therefore, in order for Safe City to comply, it was compelled to register as a (Pty) LTD company. Subsequently, to ensure that Safe City complies with the MFMA, it was required to deregister as a section 21 company, and re-registered as Safe City Msunduzi (Pty) LTD in December 2010 thereby remaining legal as an entity of Msunduzi Municipality. Safe City has been advised to register as a Non For Profit Company due to tax complications and the application has been approved by the Companies Intellectual Properties Commission (CIPC).

The Safe City project is a partnership which is governed by an agreement by which the Municipality would make the necessary financial resources available for the operation of the organisation as well as the capital expenditure required to extend the CCTV surveillance to other parts of the city. The Service Level Agreement (SLA) for the financial year 2015/16 forms part of a three year SLA which has been agreed upon and signed by the Municipal Manager and Safe City Chairperson on the 30 July 2015.

#### 2. DIRECTORS

The following persons are Directors of Safe City Msunduzi NPC. It must be noted that there are still vacancies to be filled to achieve the maximum composition of Board members.

Name of Director	Background Details	Number of Board Meetings Attended
Ms. Z Sokhela	Director of BP Cascades Service Station, Past President and Member of PCB, UFET Council, UKZN Council and current chairperson of the Safe City Board of Directors.	5
Ms. R Gamede	N/A	0
Mr D Winship	Retired CEO: Hulletts Aluminium, Retired Executive Director of Tongaat Hulett Group, Member of BFC, Director of Life Line and founder member of Safe City.	4
Mr V C Biggs	Retired Director: McCarthy Motors, Member of Allison Homes, Member of SAVS/NCVV, Member of BFC and founder member of Safe City.	6
Ms. R Singh	Manager: Business Development: Risk & Compliance Dissemination: Kwa Zulu- Natal Law Society	1 (became Director in April 2016)
Mr K Vorster	Financial Planner for PSG, Member of BFC. Currently Chairman of Business Fighting Crime, member of the non-Ferrous Metal Group as well as the Banking Task Team.	3
Mr. S Ako-Nai	Occupation: Consultant & Academic & Coach (integral life coach) a) Academic: Lecture, University of Kwazulu-Natal, PMB - Information Technology i. Systems Analyses and Design ii. Project Management iii. Infrastructure & Telecommunications in Business b) Executive Consultant: Dydx Business Technologies - Advisory - Business Strategy & IT Strategic Alignment - Business IT Solutions - IT requirement analysis & implementation c) Institute of Directors KZN Branch - KZN Committee Member - Past Chairman & Vice-Chairman of the Committee - Mandate i. Advance Corporate Governance iii. Grow membership iii. Advance member's interest d) ISACA: Academic Advocate - Advance the growth of student development in IT audit, risk, governance and systems security	4 (Became director in Oct 2015)
Ass Comm. T Davis (ret)	Retired SAPS Area Commissioner: KZN Midlands, Member of Business Fighting Crime and Regional Chairperson: The League of Retired SAPS Members.	3

The following directors have resigned during 2015/16.

Name of Director	Reason for resigning	Number of Board Meetings Attended
Ms. D Harrison	Re locating to Johannesburg	5
Ms P Dlamini	Study commitments	0
Mr D Kambouris	Resigned at AGM held on 26th Aug 2015	1

#### 3. PARTNERS

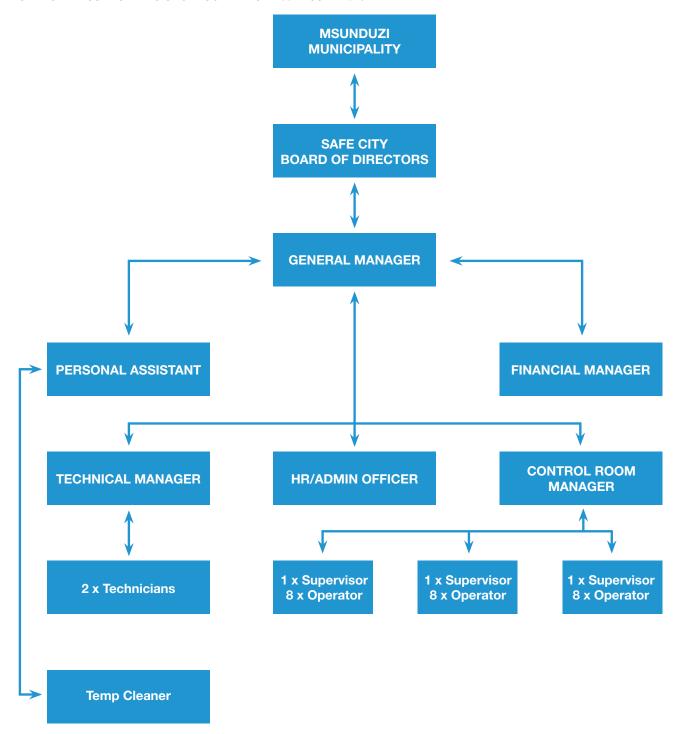

Business Fighting Crime (BFC) remains a sponsor on various activities for Safe City and has borne the costs of marketing an SMS crime alert campaign that was initiated by Safe City in 2008 and recently the cost of developing a crime fighting App. The App will enable users to send pictures of suspicious persons or vehicles to Safe City for the necessary follow up actions. Safe City also received other financial assistance in the form of discounts which will be explained in para 6.3

Safe City considers its partnership with the Msunduzi Municipality and the SAPS to be one of its notable strengths, while it also enjoys constructive relationships with the National Prosecuting Authority, BFC and various Community Police Forums. Operational meetings are been held on a regular basis to discuss matters of concern and to improve the working relationship.

We have a Traffic and Security representative who performs duties on week days between 07:00 and 16:00. A dedicated camera control desk has been made available solely for the purpose to detect bylaw infringements and to monitor traffic wardens performing point duty during peak traffic hours. There is however a dire need for a dedicated Municipal Response team to respond timeously to all bylaw infringements detected by Safe City. Incidents such as the posting of illegal abortions posters are detected on a daily basis but the response from Municipal Traffic and Security is not efficient in order to combat this menace.

#### 4. STAFFING

#### SAFE CITY MSUNDUZI NPC ORGANOGRAM AS AT 30TH JUNE 2016

#### 5. PARTICULAR MATTERS RELATING TO THE YEAR 2015/16

#### 5.1 Safe Guarding of Priority Primary Electrical Sub Stations.

During the financial year 100 CCTV cameras were installed at the following priority primary sub stations at a cost of R6 800 000 (exl vat).

Sub Station	Number of CCTV cameras
Riverside	16
Retief Street	18
Prince Alfred	15
Mkodeni	15
Hesketh	6

Sub Station	Number of CCTV cameras		
Woodburn	8		
Northdale	8		
Pine Street	14		

The above are been monitored 24/7 at the Safe City Control Room as well as at the Electricity Dept. in Havelock Road. It needs however to be emphasized that the above installation is only phase 1 of three phases to ensure that all Msunduzi Priority substations are effectively safe guarded against vandalism and theft of equipment.

#### 5.2 Msunduzi Monthly Risk Management Meeting

Safe City attends the monthly Municipal Risk Management Meeting together with other Traffic and Security business units. This meeting provides us with the opportunity to inform and share relevant information with the stakeholders. Monthly operating successes, shortcomings and other bylaw related matters is been reported to the Deputy Municipal Manager for Community Services.

#### The Public Announcement System as a Law Enforcement Tool

The PA system has been used with great success during the past financial year. Please see statistics in the below.

The PA system is being utilised for the following purposes:

When suspects are detected in an area, pedestrians or the public will be warned to be on the alert and to secure their valuables as they might become a victim of crime.

Potential victims will be advised to secure their handbags or valuables against bag-snatchers or pick-pocketers.

Suspects will be warned that they are under surveillance which in turn will be reduce their opportunities to commit a crime.

It is envisaged that more speakers will be added in identified hotspot areas.

Type of Announcement	Number of Occasions
Suspicious Behaviour	156
Municipal Bylaw Infringements	111
Possible Possession of Stolen Property	64
Fighting	54
General Public Warnings	34
Theft	12
Att. Robbery	9
Warning for possible pick-pocketers or ATM fraudsters	7
Possession of Dangerous Weapon	7
Warning unruly/drunk patrons	5
Other	15
Total	474

#### Installation of Static Cameras in the CBD:

The current PTZ and Dome cameras does not allow for constant 24/7 monitoring of crime hotspots as the cameras have pre-set tours in order to cover a 360 degree area when not operated by an operator. Due to the increased demand from Law Enforcement agencies to detect incidents such as accidents and pick pocketing at ATM's Safe City has decided to embark on a project to supplement the existing PTZ and Dome Cameras with static cameras. A static camera was installed on the corners of Boshoff and Pietermaritz streets in order to monitor smash and grab incidents at the intersection. This camera had already assisted the SAPS Organised Unit in the identification of a vehicle used in a cash in transit robbery which occurred inside the Prof Nyembezi building. There is however certain technical issues which still has to be resolved before the system can be rolled out to other crime hotspots.

#### 6. FINANCE:

#### 6.1 Safe City Capital Budget for 2016/17

The amount of R7 752 000:00 (incl vat) which was paid to Safe City on 17th June 2015 has been expended in the above financial year with the installation of 100 CCTV cameras at Primary Sub Stations. See para 5.1.

We sincerely hope that funding in this regard will continue in order to expand the CCTV footprint of our municipality. A three (3) year business plan and proposal will be prepared for the completion of the project and be submitted to Msunduzi Municipality.

#### 6.2 Safe City Operating Budget for 2016/17

Safe City has applied for R6 467 220 (incl vat) for the 2015/16 financial year in order to maintain its high level of service excellence. We would like to thank the Municipality for allocating the said amount to us. This increase has been used to maintain the ageing CCTV infrastructure and also to accommodate staff salary increases and benefits in accordance with PSIRA guidelines.

For the financial year 2016/17 the amount of R7 799 000 (incl vat) has been applied for. The sharp increase in budget allocation is to accommodate the estimate cost of R500 000 to be paid to the Auditor General and the amount of R360 000 to be paid for insuring assets which has been transferred from the Municipality to Safe City. The allocation will also be used to ensure that:

staff salaries are as per the Sectorial 6 determination

staff benefits such as medical aid and pension fund is maintained.

maintenance is conducted on the expanded CCTV system as per the SDBIP for 2016/17

the introduction of static cameras as per of the maintenance program See para 5.4.

#### 6.3 Financial Contributors:

The following local companies and institutions paid for or gave discounts to Safe City in the day to day running of the business.

Name of Co	Value	Period	Event
Business Fighting Crime	R32 500.00.	Per annum	Monthly lease for the Coretalk SMS system, designing and monthly lease of Safe City Crime fighting APP. Co-payments for RAS 2016 event
Ben Booysen	R15 299.71	Per annum	Reduction in monthly maintenance of air conditioners
Mikros Traffic Monitoring	R9 718.79	Per annum	No increase in monthly lease of ANPR system
XTEC	R7 500.00	Per annum	No charge for lease of equipment. Only pay for copies made
Safe City Board of Directors	Can be quantified	Continuously	All members are performing duties on a voluntary basis

#### 7. CONTROL CENTRE PERFORMANCE:

#### 7.1 Core Functions:

The 24/7 surveillance operation is the core of Safe City's business. It is ISO 9001 certified and SABS approved.

#### **Primary Function:**

The monitoring of traffic and Municipal Bylaws such as littering, street gambling and illegal trading.

Facilitating the Automatic Number Plate Recognition (ANPR) system for the execution of outstanding traffic warrants and the recovery of outstanding revenue

The prevention, detection and investigation of crime

The maintenance of the existing CCTV system

Advising Msunduzi Municipality on expansion of CCTV system

Oversee the design, specification and installation of new CCTV equipment.

#### Secondary Function:

Facilitating the Disaster Management JOC

The monitoring of gatherings, marches and events of public interest within camera visual area.

Attend meetings with the Municipality to determine possible additional services.

Liaise with Community Police Forums, Bank Task Group and Non Ferrous Metal Forum.

Informing the public and business community regarding current crime tendencies and advise them on crime prevention strategies.

Receive and disseminate crime information and public complaints via the Safe City SMS Safe project and App to the relevant role-players'.

#### 7.2 Standard Procedure

The crime statistics for Pietermaritzburg are submitted to the Control Room every morning by the SAPS.

These statistics together with observations made by surveillance is discussed every morning with SAPS coordinator and Municipal Security and Traffic officials, if present. An operational plan is then compiled to address any tendencies detected or planned events.

This enables operators to be more crime prevention orientated. All suspicious incidents noted on camera are recorded as an "Incident detected". The SAPS and Traffic Officer present in the Control Room will determine the appropriate response required to address the matter.

The yearly target for SAPS dispatches is between 50% and 60% of Incidents Detected. A record is maintained of vehicle despatches as compared with Incidents detected.

An arrest is made when the suspect is apprehended. It often happens that after an arrest has been made the complainant refuses to open a case. This tendency is very frustrating as suspects then continue to commit crimes elsewhere. The latter is then reflected as a preventable operation.

#### 7.2.1 Summary of Operational Performance: 2015/16

Description	Total for Year	Target for Year	Diff %
No of Incidents Detected	5110	4560	+12%
Response by SAPS Units	980	1152	- 14.9%
No Response by SAPS	112	0	-112%
No Response by Municipal Law Enforcement	212	0	-212%
Arrests Effected	230	190	+ 21%
SAP Response Time	6.2 min	4 min	+ 55%
% Camera down time	1.71%	1%	+ 71%

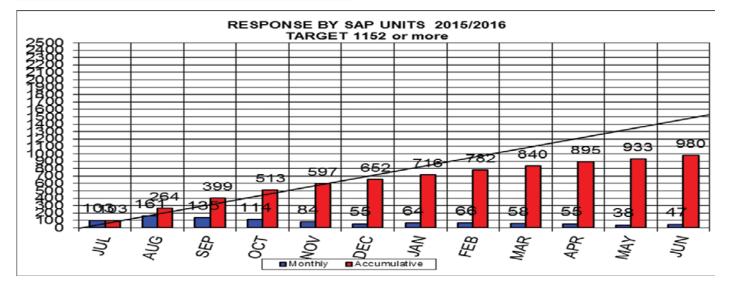

Description	Total for Year	Target for Year	Diff %
Bylaw Incidents detected	976		
Response by Municipal Law Enforcement	179		

#### 7.2.1.1 Incidents Detected

The total number of incidents detected was 5110 compared to 4560 incidents the previous year. The increase can be attributed to an addition of an additional operating desk for monitoring bylaw infringements.

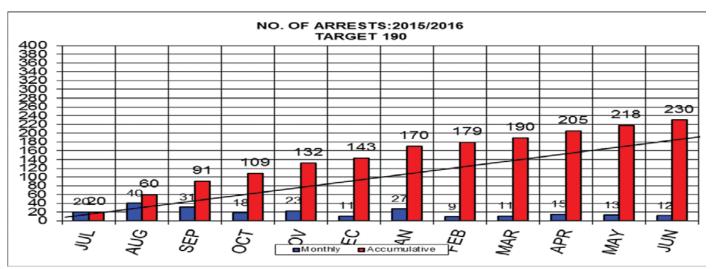

Some of the incidents detected are as follows:

Туре	Number
Fighting	1454
Bylaw Infringements	976
Suspicious behaviour	556
Possible Poss. of Stolen Prop	517
Motor vehicle Accidents	456
Robbery Related	171
Marches and Gatherings	110
Medical Conditions	61
Drug Related	5

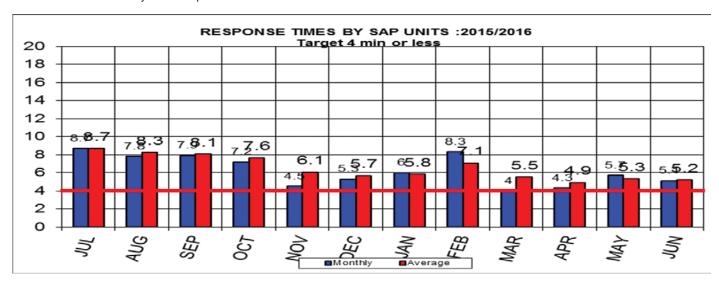

#### 7.2.1.2 Responses by the SAPS

The total number of responses of the SAPS was 980 compared to the target of 1152. The decrease in the number of reported robbery cases.

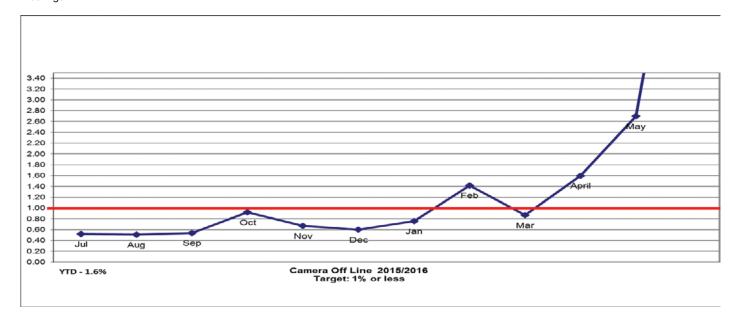

#### 7.2.1.3 Arrests Made:

The number of arrest made was 230 compared to the target of 190. The increase can be attributed to the dedicated SAPS response team assigned to Safe City for quick reaction to incidents detected on camera. The Matsheni Beer Hall are however is in serious need to be revamped and to be controlled in terms of the bylaws. This premises remains a main contributor to serious crime in the lower CBD area.

#### 7.2.1.4 SAPS Response Time

The average response time for SAPS vehicles to respond is calculated from the time of notifying the SAPS Emergency Control Room until a vehicle arrives on the scene. Time was 6.2 min compared to the 4 min target. SAPS response times are subject to traffic congestion and the availability of manpower. This matter as well as other SAPS response related issues are a standard item on the agenda at the monthly Area Cluster Commander's meetings.

#### 7.2.1.5 Camera Downtime:

The average camera downtime was 1.71%. Safe City's target has always been 1%. The sharp increase towards the end of the year can be attributed to the theft municipal power cables in the lower CBD area and the delay in replacing these cables. On a number of occasions vehicle accidents and overloaded trucks damaged the optic fibre. In case of the later Safe City has always managed to repair the damaged fibre within 48 hours but the power cables we a relying on the Electricity Dept.

#### **Reported Serious Crime Statistics:**

Please note that the statistics as provided by the SAPS Pietermaritzburg is for operational evaluation and is not for public consumption.

Theft of M/V	131	98	+33.7%	0
Burglary Bus./Att.	365	314	+16.2%	15
A Crime (Serious)	8374	8170	+2.5%	230

The total serious crimes reported for 2015/16 shows an increase of 2.5% compared to the previous year. The primary crime contributor in this regard is Property Crime which shows an average increase of 82.9%. Hi Jacking is the main contributor with incidents occurring most out of camera area in secluded areas where prostitution is rife. Theft of and from motor vehicles occur mostly in residential areas. Theft out of motor vehicle cases using remote blockers was high in the CBD area but with the assistance of the SAPS Rapid Response Unit and parking attendants employed by Penzascore this tendency could be addressed. The abuse of alcohol can still be regarding as the main contributing factor violent crimes such as murder, assault and rape. Regular SAPS operations in the vicinity of the Matsheni Beer Hall also had the desired effect.

#### 8. KPA's/KPI's 2015/16

Safe City KPA's and KPI's for 2015/16 is aligned with the SDBIP.

SDBIP REF- ERENCE	NATIONAL KEY PERFORMANCE AREA	PROGRAMME	PROJECT	WARD	ANNUAL TARGET / OUTPUT	ANNUAL PROG- RESS - ACTUAL

#### 9. SUSTAINABILTY AND GOVERNANCE:

The Board of Directors is committed to maintaining strict ethical standards in the operations of Safe City, and accordingly undertakes from time to time reviews of its business practices and governance responsibilities. In this regard a number of important policies has been compiled and approved by the Board of Directors

#### 10. CONCLUSION

The relationship with the city's administration has again been very fruitful during 2015/16 and Safe City would like to thank the Mayor, Councillor Ndlela, the Municipal Manager and other senior officials for their constructive support towards the Safe City project and for supporting our belief that Safe City is performing a valuable community service.

It remains an important challenge for Safe City to be a centre of excellence in order to ensure the safety of the public when visiting the Msunduzi precinct and also to provide an acceptable service to the Municipality, SAPS, National Prosecuting Authority and other stakeholders. We also strive to identify areas of concern which might have a negative impact on the social well been of our communities and report shortcomings with recommendations timeously to the relevant role players such as Msunduzi Municipality and the SAPS. In this regard we are extremely grateful that

the municipality allocated the necessary funds to Safe City in order to start the process of safeguarding our electrical sub stations. This project is however not completed and as mentioned in para 6.1 Safe City intends submitting a three (3) year Business Plan for the completion of the project.

Also of equal importance is to assist the Municipality in the enforcement of relevant bylaws. In order to achieve the latter Safe City would appeal to the Municipality to establish a dedicated Municipal Re Action Unit who can operate in conjunction with Safe City to effectively address bylaw infringements. This action will also reduce opportunities for serious crime to take place especially in congested areas.

We would also like to thank all partners including BFC, SAPS, National Prosecuting Authority and several others who are, to a lesser or greater extent, stakeholders in our operation.

The members of the Safe City Board are thanked and commended for their support and commitment.

The Board wishes thank the Management and staff of Safe City, as well as the Project Engineer, Mr. Pieter Janse van Rensburg of Dihlase Consulting Engineers for the guidance in respect of the CCTV installation at Primary Sub stations.

We reserve our particular gratitude to the Msunduzi Municipality, the main funders of this operation. We acknowledge too the financial and moral support of Business Fighting Crime, Pietermaritzburg Chamber of Business, Ben Booysen, XTec, Mikros as well as the valuable assistance rendered by legal advisors Johnathan Carr and Associates, our auditors Colenbrander Inc, and the local media on safety and security matters.

## Msunduzi Annual Report 2015/2016

#### **Directors' Responsibilities and Approval**

The directors are required by the Companies Act 71 of 2008, to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements fairly present the state of affairs of the company as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with Generally Recognised Accounting Practices and with the requirements of the Companies Act of South Africa. The annual financial statements are prepared in accordance with Generally Recognised Accounting Practices and with the requirements of the Companies Act of South Africa and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the directors sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

#### **Practitioner's Compilation Report**

#### To the shareholder of Safe City Msunduzi NPC

We have compiled the annual financial statements of Safe City Msunduzi NPC, as set out on pages 5 - 17, based on the information you have provided. These annual financial statements comprise the statement of financial position of Safe City Msunduzi NPC as at 30 June 2016, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information. We performed this compilation engagement in accordance with International Standard on Related Services 4410 (Revised), Compilation Engagements.

We have applied our expertise in accounting and financial reporting to assist you in the preparation and presentation of these annual financial statements in accordance with Generally Recognised Accounting Practices and with the requirements of the Companies Act of South Africa. We have complied with relevant ethical requirements, including principles of integrity, objectivity, professional competence and due care.

These annual financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

Since a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us to compile these annual financial statements. Accordingly, we do not express an audit opinion or a review conclusion on whether these annual financial statements are prepared in accordance with Generally Recognised Accounting Practices and with the requirements of the Companies Act of South Africa.

#### **Accounting Policies**

#### 1. Presentation of annual financial statements

The annual financial statements have been prepared in accordance with the Generally Recognised Accounting Practices and with the requirements of the Companies Act of South Africa. They are presented in South African Rands.

These accounting policies are consistent with the previous period.

#### 1.1 Going concern assumption

These annual financial statements have been prepared on a going concern basis.

#### 1.2 Property, plant and equipment

Property, plant and equipment is carried at cost less accumulated depreciation and accumulated impairment losses.

Cost include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Depreciation is provided using the straightline method to write down the cost, less estimated residual value over the useful life of the property, plant and equipment as follows:

Item	Depreciation method	Average useful life
Furniture and fixtures	Straight line	6
Motor vehicles	Straight line	5
Office equipment	Straight line	6
Computer software	Straight line	3
Video and data equipment	Straight line	6

If the major components of an item of property, plant and equipment have significantly different patterns of consumption of economic benefits, the cost of the asset is allocated to its major components and each such component is depreciated separately over its useful life.

Land is not depreciated

The residual value, depreciation method and useful life of each asset are reviewed only where there is an indication that there has been a significant change from the previous estimate.

#### 1.3 Trade and other receivables

Trade and other receivables are stated at the nominal value as reduced by appropriate allowances for estimated irrecoverable amounts. The carrying value of these receivables approximate fair value due to the short period to maturity of these instruments. Trade and other receivables from nonexchange transactions are disclosed separately from trade and other receivables from nonexchange transactions. Trade and other receivables in exchange for which the entity gives approximately equal to another entity are recognised as trade and other receivables from exchange transactions. Trade and other receivables received without directly giving approximately equal value in exchange are recognised as trade and other receivables form nonexchange transactions.

#### 1.4 Cash and cash equivalents

Cash and cash equivalents includes cash on hand, demand deposits and other shortterm highly liquid investments with original maturities of three months or less.

#### 1.5 Trade and other payables

Trade and other payables are stated at their nominal value. The carrying amount of these payables approximates fair value due to the short period to maturity of these instruments.

#### 1.6 Revenue

Revenue is recognised to the extent that the company has transferred the significant risks and rewards of ownership of goods to the buyer, or has rendered services under an agreement provided the amount of revenue can be measured reliably and it is probable that economic benefits associated with the transaction will flow to the company. Revenue is measured at the fair value of the consideration received or receivable, excluding sales taxes and discounts.

Interest is recognised, in profit or loss, using the effective interest rate method.

#### 1.7 Foreign exchange

#### Foreign currency transactions

The company did not engage in any foreign exchange transactions during the reporting period disclosed in these annual financial statements.

#### 1.8 Shortterm employee benefits

The cost of all shortterm employees benefits its recognised during the period which the employee renders the related service.

#### 1.9 Unauthorised, irregular, fruitless and wasteful expenditure

Fruitless and wasteful expenditure is expenditure made in vain and would have been avoided had reasonable care been exercised. All unauthorised, irregular, fruitless and wasteful expenditure is charged against income in the period in which it is incurred.

#### 1.10 Taxes Value Added Tax

Revenue, expenses and assets are recognised net of the amounts of value added tax. The net amount of Value Added Tax recoverable from, or payable to, the taxation authority is incurred as part of receivables or payables in the Statement of Financial Position.

#### 1.11 Related parties

The entity operates in an economic sector currently dominated by entities directly or indirectly owned by the South African Government. As a consequences of the constitutional independence of the three spheres of government in South Africa, only entities within the national, provisional and local sphere of government are considered to be related parties.

Management are those persons responsible for planning, directing and controlling the activities of the entity, including those charged with the governance of the entity in accordance with legislation, in instances where they are required to perform such functions.

Close members of the family of a person are considered to be those family members who may be expected to influence, or be influenced by, that member of management in their dealings with the entity.

Only transactions with related parties where the transactions are not concluded within normal operating procedures or on terms that are not no more or no less favourable than the terms it would use to conclude transactions with another entity or person are disclosed.

#### 1.12 Capital commitments

A capital commitment is a binding agreement to undertake capital expenditure at some set time in the future which has not yet become an actual liability.

Items are classified as commitments when an entity has committed itself to future transactions that will normally result in the outflow of cash.

#### 1.13 Irregular expenditure

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No.56 of 2003), the Municipal Systems Act (Act No.32 of 2000), and the Public Office Bearers Act (Act No. 20 of 1998) or is in contravention of the economic entity's supply chain management policy. Irregular expenditure excludes unauthorised expenditure. Irregular expenditure is accounted for as expenditure in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

#### 1.14 Fruitless and wasteful expenditure

Fruitless expenditure means expenditure which was made in vain and would have been avoided had reasonable care been exercised. All expenditure relating to fruitless and wasteful expenditure is recognised as an expense in the Statement of Financial Performance in the year that the expenditure was incurred. The expenditure is classified in accordance with the nature of the expense, and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

#### 14. Deviations from supply chain management regulations

#### **Regulation 36 deviations**

Regulation 36 of the Municipal SCM Regulations of 2005 permits the Accounting Officer to "dispense with official procurement processes established by the policy and to procure any required goods or services through any convenient process". This would typically include urgent and emergency cases, singlesource goods, and any other cases where it is impractical to follow normal SCM process. In the event of such a decision, the Chief Executive Officer is required to report this to the next Board meeting for noting.

#### **Differences**

- 1. Project prim sub The difference of R190 452 retention money that has been carried forward for future
- 2. Other revenue More DVD footage was sold in the current year than expected
- 3. Interest recieved Due to conditional grant received in 2015, the company earned more interest in the
- 4. Contracted services There was no increase in the traffic information contract.
- 5. Employee costs Ther are two vacancies that were not filled during the year
- 6. Other expences Less maintenance was done during the year.

# CHAPTER 6 - REPORT ON THE MUNICIPAL INFRASTRUCTURE GRANT (MIG), SEVEN LARGEST CAPITAL PROJECTS PER WARD, TOP FOUR SERVICE DELIVERY PRIORITIES PER WARD 2015/2016 FINANCIAL YEAR

#### **INTRODUCTION TO MIG**

#### **INTRODUCTION TO MIG**

The projects executed within the 2015/2016 financial year where service delivery projects ranging from construction of sports facilities, bus stop shelters, rehabilitation of public ablutions, sewer pipelines and tarring of township roads. The projects also include installing of high mast streetlights in Vulindlela and Greater Edendale.

The total MIG expenditure inclusive of the MIG Capital Budget and the MIG Administrative costs is R191 358 056 and this amount represents 99.43% of the total MIG allocation of R192 456 000. An amount of R1 097 944 that represent 0.057% was unspent.

The 2014/2015 un-spend amount of R581 was also totally expended during the 2015/2016 financial year, bringing the overall MIG allocation to R192 456 581 (R192 456 000 + R581).

The amount of R5 000 000 is included in the above MIG allocation for PMU Administrative/ Operation costs.

#### **COMMENT ON MIG:**

Whilst the 2014/2015 MIG Programme got off to very late start with most of the major projects affected by Water Use Licence Application (WULA) and the late appointment of the consultants and this resulted on achieving 99.43% expenditure level. The performance of the external service providers entrusted with completing the construction of the few mentioned projects was assessed thoroughly and deemed Poor, Fair or Good. The bulk of the MIG funding was used on Infrastructure Road Transport; however other projects such as High mast lighting, Landfill Site Upgrade, Refurbish Plant and Room and Buildings at Berg Street Pool and Sports Facilities and Rehabilitation were undertaken.

In terms of the way forward and avoiding the challenges experienced in the last financial year the following measures have been put in place:-

A comprehensive Procurement Plan has been drafted to ensure projects proceeding according to planned timeframes in accordance with required SCM process regarding the engagement of service providers to undertake planned projects and the migration of a new SAP system that kick started on July 2016.

It was agreed that it is now compulsory for General Managers to hold monthly meetings with their Senior Managers and Project Champions in order to deal specifically with Grants/Capex expenditure and address any challenges timeously.

#### **SEVEN LARGEST CAPITAL PROJECTS PER WARD 2015/2016**

Ward	Number	Seven Largest Capita  Project Name and Details	Start	End Date	Progress 2015/2016	R'000
Name (No)	Number	Project Name and Details	Date	End Date	Progress 2015/2016	Total Value
1	1	MWIG - BASIC WATER SUPPLY	1-Jul-15	30-Jun-16	Site Establishment completed and site Excavation completed by 30 June 2016.	16,444
	2	MWIG - REDUCTION OF NON REVENUE WATER	1-Jul-15	30-Jun-16	Total Water Losses by 0,2 % from last FY 31.5% to 31,3% by the 30th of June 2016.	15,000
	3	MIG - BASIC SANITATION VIP TOILETS	1-Jul-15	30-Jun-16	700 VIPs constructed by the 30th of June 2016.	7,000
	4	MIG - UPGRADING OF GRAVEL ROADS - VULINDLELA - WARD 1 ROADS	1-Jul-15	30-Jun-16	Upgraded 2.5 km of gravel roads to surfaced/concrete standard by the 31st of March 2016	4,000
	5	CNL - TELEMETRY / INSTRUMENTATION EQUIPEMENT	1-Jul-15	30-Jun-16	4 Telemetry outstations procured and installed by the 30th of June 2016.	400

	4	Signage for trucks using Isabel Beardmore Drive as short cut to Mkondeni	Request submitted to the traffic planning section.	
	5	Rehabilitation of roads in Ashburton including the building of storm water drains e.g. McKay drive	Completed 45 000m2 (equivalent to 7km) of surfaced roads rehabilitated by 31st March 2016 in various wards	
	6	Speed humps Wally Hayward Dr and Rushmore rd	31 traffic calming measures installed by May 2016 in various wards within the municipality	

Note: As per the above table in respect of the Four Service Delivery Priorities per Ward: the following table contains the summary of the needs as requested by Communities, Ward Committees, Councillors and Amakhosi. For each Need an explanation has been provided under the heading - Nature of Requests.

NO.	NEED	NATURE OF REQUESTS
1	Good Governance	Requests under good governance included the following - communities wanted to be informed about the IDP process, to be involved in the budget process, for ward committees to be established, for the municipality to strengthen relationships between communities and their councillor, for nepotism to be eradicated, many ward requests cited that Councillors must not be involved in the hiring of people.
2	Repairs & Maintenance	Repairs & Maintenance included requests for the upgrades of roads, rehabilitation of community facilities like halls and parks, fixing of potholes, building of speed humps, attending to sewage blockages, repairing of burst water pipes, repairs to RDP houses where roofs are leaking,
3	Roads	Requests for roads predominantly centered around the building of new roads, link roads, access roads and tarred roads where there have never been roads constructed before.
4	Economic Development	It also included the issue of youth development, job creation, training and skills development, small business establishment & other aspects in order to strengthen the economy,
5	Halls / Community Centre's	Request for halls and community Centre's hinged around the construction of new halls and community Centre's which are multi- purpose in nature in order to enhance community development by social cohesion (building to be used by all community members irrespective of colour)
6	Housing	Housing requests include the request for RDP houses and houses in general.
7	Sanitation	Toilets & Sanitation requests include requests for the building of new toilet & sanitation systems especially where they have houses but no toilet facilities.
8	Sportsfields	Communities want sportsfields in their respective areas, sportsfields they can use as per their needs in order to strengthen community unity and social engagement.
9	Street Lighting	Street lighting includes street lights & high mast lights in order to make areas safe from criminal activities as there are large areas with no street lights
10	Electricity	Electricity needs included new installations of electricity in households which do not have electricity all together, and also the installation of pre-paid meters.
11	Water	Water needs included new installations of piped water to households and the ability to use water within the household through taps in order to do their necessary washing and cleaning.
12	Clinics	Communities want to see the municipality ensuring there are clinics in close vicinity of their wards either permanently established or by way of mobile clinics as it is costly to travel to access the health care facility as many are unemployed.
13	Crèches	Communities want the municipality to build crèches or early childhood development Centre's where parents can leave their children during the day whilst they are at work.
14	Refuse Collection	Communities complained that the municipality is failing to keep their communities clean as the pickup of refuse is not constant and is leading to environmental risks for the elderly and young kids as the refuse is not collected for lengthy periods of time and then starts to decompose and smell.
15	Bridges	Communities have requested the construction of bridges and foot bridges.
16	Taxi Ranks	Communities are tired of standing in the rain in long queues waiting for public transport; they want the municipality to provide either taxi ranks or taxi shelters.

# CHAPTER 7 - REPORT OF THE AUDITOR GENERAL 2015/2016

### THE MSUNDUZI MUNICIPALITY - AUDIT REPORT 2015-2016

Report of the auditor-general to the KwaZulu-Natal Provincial Legislature and council on the Msunduzi Municipality

### Report on the consolidated and separate financial statements

### Introduction

1. I audited the consolidated and separate financial statements of the Msunduzi Municipality set out on pages 205 to 322, which comprise the consolidated and separate statement of financial position as at 30 June 2016, the consolidated and separate statement of financial performance, consolidated and separate statement of changes in net assets, consolidated and separate cash flow statement and the consolidated and separate statement of comparison of budget with actual information for the year then ended, as well as the notes, comprising a summary of significant accounting policies and other explanatory information.

### Accounting officer's responsibility for the consolidated and separate financial statements

2. The accounting officer is responsible for the preparation and fair presentation of these consolidated and separate financial statements in accordance with the South African Standards of Generally Recognised Accounting Practice (SA Standards of GRAP) and the requirements of the Local Government: Municipal Finance Management Act of South Africa, 2003 (Act No. 56 of 2003) (MFMA) and the Division of Revenue Act of South Africa, 2015 (Act No. 1 of 2015) (DoRA), and for such internal control as the accounting officer determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor-general's responsibility

- 3. My responsibility is to express an opinion on these consolidated and separate financial statements based on my audit. I conducted my audit in accordance with the International Standards on Auditing. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated and separate financial statements are free from material misstatement.
- 4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated and separate financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the municipality's and entity's preparation and fair presentation of the consolidated and separate financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the municipality's and entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated and separate financial statements.
- 5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

### Basis for qualified opinion

### Receivables

I was unable to obtain sufficient appropriate audit evidence that receivables from non-exchange transactions in respect of a prepayment of R93,66 million had been properly accounted for, due to the status of the accounting records of the municipality. I was unable to confirm that the prepayment was correctly accounted for by alternative means. Consequently, I was unable to determine whether any adjustment to receivables stated at R370,23 million and the related debt impairment provision of R244,50 million in the consolidated financial statements was necessary.

### Payables from exchange transactions

7. The municipality did not recognise all payables from exchange transactions meeting the definition of a financial liability, in accordance with GRAP 104 Financial instruments. This was as a result of the municipality not maintaining adequate records of outstanding payments for goods and services received but not yet paid at year-end. I was therefore unable to determine the full extent of the understatement of payables from exchange transactions and the related expenditure as disclosed in note 16 of the consolidated financial statements as it was impracticable to do so.

### Revenue - Fines

I was unable to obtain sufficient appropriate audit evidence for revenue from camera fines as disclosed in note 37 to the consolidated financial statements due to the status of the accounting records. The municipality did not have adequate systems of internal control in place for the recording of revenue from camera fines. I could not confirm revenue from camera fines by alternative means. Consequently, I was unable to determine whether any adjustment to revenue from camera fines stated at R34,50 million and the related traffic fine receivable of R30,36 million in the consolidated financial statements was necessary.

### Commitments

9. The municipality did not disclose all contractual commitments, as required by GRAP 1 Presentation of financial statements. Contractual commitments should be disclosed when the municipality has committed itself to future transactions which will result in the outflow of cash. Consequently, commitments of R92,48 million as disclosed in note 63 to the consolidated financial statements was understated.

### **Contingent liabilities**

10. The municipality incorrectly disclosed contingent liabilities which did not satisfy the requirements of GRAP 19 Provisions, contingent liabilities and contingent assets, due to breakdowns in processes and controls. Consequently, I was unable to determine the overstatement of the contingent liabilities amounting to R115,54 million as disclosed in note 64 to the consolidated financial statements, as it was impractical to do so.

### Aggregation of immaterial uncorrected misstatements

11. The consolidated financial statements of the municipality were materially misstated due to the cumulative effect of numerous individually immaterial uncorrected misstatements in revenue, receivables and investment property included in the consolidated statement of financial position, statement of financial performance and the notes to the consolidated financial statements.

### **Qualified opinion**

12. In my opinion, except for the possible effects of the matters described in the basis for qualified opinion paragraphs, the consolidated and separate financial statements present fairly, in all material respects, the financial position of the Msunduzi Municipality as at 30 June 2016 and its financial performance and cash flows for the year then ended, in accordance with the SA Standards of GRAP and the requirements of the MFMA and DoRA.

### **Emphasis of matters**

13. I draw attention to the matters below.

### Restatement of corresponding figures

14. As disclosed in note 67 to the consolidated financial statements, the corresponding figures for 30 June 2015 have been restated as a result of errors discovered during 2016 in the consolidated financial statements of the Msunduzi Municipality at, and for the year ended, 30 June 2016.

### Material losses and impairments

- 15. As disclosed in note 73 to the consolidated financial statements, material electricity losses of R181,96 million (208 million kilowatts) (2015: R179,28 million 234 million kilowatts) were incurred by the municipality as a result of electricity losses due to illegal connections.
- 16. As disclosed in note 73 to the consolidated financial statements, material water losses of R 119,72 million (21 million kilolitres) (2015: R117,86 million 23 million kilolitres) were incurred by the municipality due to the ageing pipeline infrastructure.
- 17. As disclosed in note 4 to the consolidated financial statements, material allowances for impairment amounting to R244,50 million (2015: R247,79 million) were incurred by the municipality as a result of an allowance for impairment of receivables from non-exchange transactions.
- 18. As disclosed in note 5 to the consolidated financial statements, material allowances for impairment amounting to R718,93 million (2015: R725,49 million) were incurred by the municipality as a result of an allowance for impairment of receivables from exchange transactions.

### Material underspending of the conditional grants

19. As disclosed in note 36 to the consolidated financial statements, the municipality underspent on the public transportation infrastructure grant and the integrated national electrification grant by R37,90 million and R25,34 million, respectively due to the delays in the implementation of the projects associated with these grants.

### **Additional matters**

20. I draw attention to the matters below.

### **Unaudited supplementary schedules**

21. The supplementary information set out on pages 297 to 322 does not form part of the consolidated financial statements and is presented as additional information. I have not audited these schedules and, accordingly, I do not express an opinion thereon.

### Unaudited disclosure notes

22. In terms of section 125(2)(e) of the MFMA the municipality and the entity are required to disclose particulars of non-compliance with the MFMA. This disclosure requirement did not form part of the audit of the consolidated financial statements and accordingly I do not express an opinion thereon.

### Report on other legal and regulatory requirements

23. In accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report findings on the reported performance information against predetermined objectives for selected objectives presented in the annual performance report, compliance with legislation and internal control. The objective of my tests was to identify reportable findings as described under each subheading but not to gather evidence to express assurance on these matters. Accordingly, I do not express an opinion or conclusion on these matters.

#### Predetermined objectives

- 24. I performed procedures to obtain evidence about the usefulness and reliability of the reported performance information for the basic service delivery and public safety objectives presented in the annual performance report of the municipality and the municipal entity, respectively for the year ended 30 June 2016.
- 25. I evaluated the reported performance information against the overall criteria of usefulness and reliability.
- 26. I evaluated the usefulness of the reported performance information to determine whether it was consistent with the planned objectives. I further performed tests to determine whether indicators and targets were well defined, verifiable, specific, measurable, time bound and relevant, as required by the National Treasury's Framework for managing programme performance information.
- 27. I assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
- 28. I did not identify any material findings on the usefulness and reliability of the reported performance information for the basic service delivery and public safety objectives.

### **Additional matter**

29. I identified no material findings on the usefulness and reliability of the reported performance information for the selected objectives; however, I draw attention to the following matter:

### Achievement of planned targets

30. The annual performance report on pages 83 to 87 and 412 to 535 includes information on the achievement of the planned targets for the year.

### Compliance with legislation

31. I performed procedures to obtain evidence that the municipality and municipal entity complied with applicable legislation regarding financial matters, financial management and other related matters. My material findings on compliance with specific matters in key legislation, as set out in the general notice issued in terms of the PAA are related to the municipality and are as follows.

### Annual financial statements

32. The consolidated financial statements submitted for auditing were not prepared in all material respects in accordance with the requirements of section 122 of the MFMA. Material misstatements identified by the auditors in the submitted consolidated financial statements were not adequately corrected and/or the supporting records could not be provided subsequently, which resulted in the financial statements of the municipality receiving a qualified audit opinion.

### Procurement and contract management

- 33. Goods and services of a transaction value above R200 000 were procured without inviting competitive bids, in contravention of supply chain management (SCM) regulation 19(a). Deviations were approved by the accounting officer even though it was not impractical to invite competitive bids, in contravention of SCM regulation 36(1).
- 34. Invitations for competitive bidding were not always advertised for a required minimum period of days, as required by SCM regulation 22(1) and 22(2).
- 35. Persons in the service of the municipality who had a private or business interest in contracts awarded by the municipality failed to disclose such interest, as required by SCM regulation 46(2) (e); the code of conduct for councillors, as well as the code of conduct for staff members issued in terms of the Municipal Systems Act of South Africa, 2000 (Act No. 32 of 2000) (MSA).
- 36. Awards were made to providers who were in the service of the municipality and whose directors are in the service of the municipality, in contravention of section 112(j) of the MFMA and SCM regulation 44. Furthermore, the provider failed to declare that they were in the service of the municipality, as required by SCM regulation 13(c).
- 37. Awards were made to providers who were in the service of other state institutions or whose directors were in the service of other state institutions, in contravention of section 112(j) of the MFMA and SCM regulation 44. Similar awards were identified in the previous year and no effective steps were taken to prevent or combat the abuse of the SCM process, as required by SCM regulation 38(1).
- 38. Persons in service of the municipality whose close family members had a private or business interest in contracts awarded by the municipality failed to disclose such interest, in contravention of SCM regulation 46(2) (e) and the code of conduct for staff members issued in terms of the MSA.

### **Expenditure management**

- 39. Money owed by the municipality was not always paid within 30 days, as required by section 65(2) (e) of the MFMA.
- 40. An adequate management, accounting and information system was not in place which recognised expenditure when it was incurred, and which also accounted for creditors and payments made, as required by section 65(2)(b) of the MFMA.
- 41. Reasonable steps were not taken to prevent irregular expenditure, as required by section 62(1) (d) of the MFMA.

### Revenue management

42. An adequate management, accounting and information system which accounts for revenue and debtors was not in place, as required by section 64(2) (e) of the MFMA.

### Liability management

43. An adequate management, accounting and information system which accounts for liabilities was not in place, as required by section 63(2) (a) of the MFMA.

### Internal control

44. I considered internal control relevant to my audit of the consolidated financial statements, the annual performance report and compliance with legislation. The matters reported below are limited to the significant internal control deficiencies that resulted in the basis for the qualified opinion and the findings on compliance with legislation included in this report.

### Leadership

45. Oversight over key internal controls was not adequate to ensure that the municipality's control environment prevented significant deficiencies related to financial and compliance reporting. The leadership did not act swiftly in ensuring that commitments in the action plans were monitored on a regular basis and key vacancies in key positions were not filled in good time to promote a sound control environment.

### Financial management

46. Daily and monthly processes coupled with adequate records management were not adequate to ensure quality financial and compliance reporting. Management did not decisively respond to breakdowns in key control activities due to a lack of understanding of applicable financial and compliance reporting requirements.

### Governance

47. The leadership and management did not create a sound and sustainable control environment by institutionalising an adequate and appropriate risk management strategy and mitigation plan. Consequently basic internal controls were not implemented to prevent, detect and respond to risks that support reliable reporting.

### Other reports

48. I draw attention to the following engagements that could potentially impact on the municipality and its municipal entity's financial, performance and compliance related matters. My opinion is not modified in respect of these engagements that are either in progress or have been completed.

### Investigations

- 49. Internal audit performed numerous investigations at the request of the accounting officer. The investigations related to allegations of fraud, corruption, theft, mismanagement, and SCM irregularities. Twenty-two investigations were concluded during the 2015-16 financial year. Two investigations resulted in the institution of criminal charges.
- 50. The provincial department of Cooperative Governance and Traditional Affairs requested that an investigation be conducted after a senior staff member was suspended. The investigation commenced in May 2016 and covered the period 2012 to April 2016. The investigation was initiated based on an allegation of maladministration and is still in progress.
- 51. A forensic investigation was conducted on behalf of the municipality into alleged irregularities pertaining to supply chain management processes covering the period 1 January 2012 to 10 June 2016. The municipality is currently reviewing the recommendations of the report.

Pietermaritzburg 21 December 2016

Auditor-General

## CHAPTER 8 - RESPONSE TO THE REPORT OF THE AUDITOR GENERAL

# THE MSUNDUZI MUNICIPALITY REPORT BY MUNICIPAL MANAGER FOR COUNCIL 25 JANUARY 2017

### RESPONSE TO THE REPORT OF THE AUDITOR-GENERAL ON CONSOLIDATED FINANCIAL STATEMENTS OF THE MSUNDUZI MUNICIPALITY FOR THE YEAR ENDED 30 JUNE 2016

### **BACKGROUND AND PURPOSE OF THE REPORT**

The report of the Auditor-General dated 30 November 2016 on the Audit of the Accounts of the Council for the financial year ended 30 June 2016, has been received and is on the Council agenda.

In terms of Section 21 (1) and (2) of the Public Audit Act, 2004 (Act No. 25 of 2004):

- [1] The Auditor-General must submit an audit report in accordance with any legislation applicable to the auditee which is the subject of the audit.
- [2] If there is no such legislation as contemplated in subsection (1) the Auditor-General must submit the audit report to the relevant legislature within the reasonable time.

The Accounting Officer must ensure that the requirements of Section 126 (1) and (2) of the Municipal Finance Management Act, (Act 65 of 2003) are complied with.

Section 121 prescribes that the Annual Report of a municipality must include among others the Auditor-General's Audit Report in terms of Section 126 (3) on the financial statements and particulars of any corrective action taken or to be taken in response to issues raised in the audit reports referred to in paragraph (b) and (c) of Section 121.

Comments and action on matters raised in the report are set out below with the numbering corresponding to the report of Auditor-General.

### **GENERAL RESPONSE**

The Auditor-General has expressed a qualified opinion with the following basis:

### 1. Receivables

The office of the Auditor General was unable to obtain sufficient appropriate audit evidence non-exchange transactions in respect of a prepayment of R93.66 million had been properly accounted for, due to the status of the accounting records of the municipality. They were unable to confirm that the prepayment was correctly accounted for by alternate means. Consequently, They were also unable to determine whether any adjustment to receivables stated at R370,23 million and the related debt impairment provision of R244,50 million in the consolidated financial statements was necessary.

### **Management Response**

It must be noted that, the matter between IDT and Msunduzi is currently under litigation.

The amount of R93m is made up of payments that were made to IDT in line with the signed agreement. In terms of paragraph 4.5 of the signed agreement, all monies paid by the municipality should be kept by IDT into a dedicated bank account and interest accrued will be for the credit of the municipality and will be refunded to the municipality on the closure of the expire of the agreement. Therefore, based on the above and our consideration for impairment and recoverability, the municipality is of the view that the amount is recoverable as IDT is another organ of state and the municipality has adequate supporting documentation to prove liability.

### 2. Payables from exchange transactions

The municipality did not recognise all payables from exchange transactions meeting the definition of a financial liability, in accordance with GRAP 104 Financial instruments. This was as a result of the municipality not maintaining adequate records of outstanding payments for goods and services received but not yet paid at year-end. I was therefore unable to determine the full extent of the understatement of payables from exchange transactions and the related expenditure as disclosed in note 16 of the consolidated financial statements as it was impracticable to do so.

### **Management Response**

The municipality will ensure that adequate cut-off procedures on invoices and payments are implemented to ensure that expenditure and accruals are accounted for in the correct period. Creditors statements will be scrutinised and reconciling items will also be adequately followed up to ensure that accruals are recorded in the correct period. The creditors' reconciliations are currently being performed and reviews are conducted by creditors' section to ensure these are done properly and reviewed.

Control measures will be put in place to ensure that Business units submit all accrual information within the cut off times for submission of such information will be set and communicated.

#### 3. Revenue - Fines

The office of the Auditor General was unable to obtain sufficient appropriate audit evidence for revenue from camera fines as disclosed in note 37 to the consolidated financial statements due to the status of the accounting records. The municipality did not have adequate systems of internal control in place for the recording of revenue from camera fines. They could not confirm revenue from camera fines by alternative means. Consequently, They were unable to determine whether any adjustment to revenue from camera fines stated at R34,50 million and the related traffic fine receivable of R30,36 million in the consolidated financial statements was necessary.

### **Management Response**

Msunduzi Municipality was granted a delegation by Director Public Prosecutions (DPP) on 11 July 2012 to perform the function, on the 27 November 2015 the same was withdrawn, the reasons for withdrawal was that the DPP felt that Msunduzi was using the exercise as revenue generating instead of law enforcement.

The purpose of a speed prosecution by camera is to deter speeding and when speed has been deterred the camera is removed and located in a different area.

#### 4. Commitments

The municipality did not disclose all contractual commitments, as required by GRAP 1 Presentation of financial statements. Contractual commitments should be disclosed when the municipality has committed itself to future transactions which will result in the outflow of cash. Consequently, commitments of R92,48 million as disclosed in note 63 to the consolidated financial statements was understated.

### **Management Response**

Commitments were decentralised for the purposes of ownership by each business unit hence the understatement by other business units did not take full responsibility, however, management have taken a decision to centralise all commitments to avoid reoccurrence of the same.

### 5. Contingent liabilities

The municipality incorrectly disclosed contingent liabilities which did not satisfy the requirements of GRAP 19 Provisions, contingent liabilities and contingent assets, due to breakdowns in processes and controls. Consequently, they were unable to determine the overstatement of the contingent liabilities amounting to R115,54 million as disclosed in note 64 to the consolidated financial statements, as it was impractical to do so.

### **Management Response**

In order to avoid reoccurrence of the same management have decided to create a register of all contingent liabilities which will be maintained by legal department and will be updated on a regular basis. Further to that training in the interpretation and application of GRAP 19 will be provided to relevant legal personnel.

### 6. Aggregation of immaterial uncorrected misstatements

The consolidated financial statements of the municipality were materially misstated due to the cumulative effect of numerous individually immaterial uncorrected misstatements in revenue, receivables and investment property included in the consolidated statement of financial position, statement of financial performance and the notes to the consolidated financial statements.

### **Management Response**

Going forward all misstatements identified by the Auditor-General will be corrected to ensure that Annual Financial Statements are fairly presented.

### **EMPHASIS OF MATTERS AND OTHER MATTERS:**

The following matters were raised by the Auditor-General and the numbering used below is in line with the audit report.

### 14. Restatement of corresponding figures

Action plan addressing the shortcomings identified in the implementation of Generally Recognized Accounting Practice has been developed and will be monitored and tested during the preparation of the interim financial statements

### 15. Material losses/Impairments

The material losses are noted and will be part of the action plan developed by infrastructure to address water and electricity losses.

### **Electricity Losses**

The acceptable norm of electricity loss is 3%. The loss above the norm is due to theft, distribution losses, illegal tampering of electricity meters and can also be attributable to the ageing infrastructure.

### 16. Water losses

The acceptable norm of water loss in the developing countries is 20%. The loss above the norm is due to theft, distribution losses, illegal tampering of water meters and can also be attributable to ageing infrastructure.

### 17. Impairments

Noted from 17 to 18

### 19. Material under spending of conditional grants

Noted, Action plan addressing material under spending of budget has been developed, currently being implemented.

20. Additional matters

Noted

21. Unaudited supplementary schedules

Noted

22. Unaudited disclosure notes

Noted

23. Report on other legal and regulatory requirements

Noted

24. Predetermined objectives

Noted from 24 to 28

29. Additional matter

Noted

30. Achievement of planned targets

Noted

31. Compliance with laws and regulations

Noted

32. Annual financial statements

Noted

33. Procurement and contract management

Noted from 33 to 38

39. Expenditure management

Noted from 39 to 41

42. Revenue management

Noted

43. Liability management

Noted

44. Internal control

Noted

45. Leadership

Noted

46. Financial management

Noted

47. Governance

Noted

### 48. Reports

Noted

### 49. Investigations

Noted from 49 to 51

### **CONCLUSION:**

Whilst the municipality has worked tirelessly on the above matters, the improvement is not what was envisaged when the previous action plan was developed, implemented and monitored on monthly basis.

A weekly task team and monthly transformation committee will be revived to address all issues, root causes and deficiencies on the system of internal control.

# CHAPTER 9 - REPORT OF THE AUDIT COMMITTEE & RECOMMENDATIONS OF THE AUDIT COMMITTEE 2015/2016

### ANNUAL REPORT OF THE AUDIT COMMITTEE FOR THE PERIOD 01 JULY 2015 TO 30 JUNE 2016

### **AUDIT COMMITTEE REPORT**

The Audit Committee of the Municipality has pleasure in submitting its annual report. This report is submitted in terms of the provisions of sections 121(3) (j), 166(2) (b) and (c) of the Municipal Finance Management Act of 2003 ("the MFMA") and covers the financial period from 1 July 2015 to 30 June 2016.

### **AUDIT COMMITTEE MEMBERS AND ATTENDANCE**

The Audit Committee consist of the members listed hereunder and meets as a minimum, four times a year as per the approved Audit Committee Charter.

Name of Member	Number of Meetings Attended
Mr S Mnguni CA (SA): Chairperson	7
Ms N R Shezi	6
Ms N Gevers	7
Mr S Ndaba	8
Advocate N Kuzwavo	8

### **Overview of Activities**

The Committee held eight meetings during the year and the Audit Committee Chairperson also availed himself for Executive Committee Meetings to present a report of the Audit Committee. These reports of the Audit Committee were also presented to Full Council.

### **AUDIT COMMITTEE RESPONSIBILITIES**

The Audit Committee has complied with its responsibilities arising from section 166 of the MFMA and clause 14(2) (a) of the Municipal Planning and Performance Management Regulations of 2001. The Audit Committees' work was guided and regulated by an Audit the Committee Charter and discharged all its responsibility as contained therein. The Audit Committee's work was also guided by its work programme that it adopted during the year.

### INTERNAL AUDIT INSTITUTIONAL ARRANGEMENT

The Internal Audit Charter as adopted by the Audit Committee regulates the work of the Internal Audit.

In terms of S165 (1) of the MFMA each municipality is required to have an internal audit function. S165 (3) allows the municipality to co-source the internal audit function if the municipality requires assistance to develop its internal capacity. The internal audit was assisted by co-sourced resources during the year.

The Annual Audit coverage plan was submitted to the Audit Committee on 28 July 2015 and was approved accordingly.

The Executive Manager: Internal Audit presented a revised and adjusted annual audit coverage plan during the year which was approved by the Audit Committee. The review and adjustments of the annual audit coverage plan were necessitated by a number of factors including the risks that emanated from the risk assessment, compliance issues and other audits. The internal audit completed 39 of the 41 approved projects. In addition, 12 ad hoc projects were undertaken and completed by internal audit.

### INTERNAL AUDIT FUNCTION

During this financial year internal audit reports with management comments were presented to the Audit Committee meetings. Issues raised were deliberated and recommendations made to council including recommendation regarding the issues raised by the Auditor-General. The audit committee did raise concerns with respect to slow progress in dealing with the matters raised by both the Internal Audit and External Audit as there were still matters from 2014-15 financial year still not resolved.

The Executive Manager: Audit (CAE) had direct access to the audit committee, primarily through its Chairman. The CAE was suspended during the year and the disciplinary process was still in progress as at the end of June 2016. The municipality appointed Acting CAE in order to ensure that there is continuity with respect to implementation of the internal audit plan.

During the year, the committee met with the both external auditors and internal audit without management being present in order to assess if there were any issues that are impacting on the work of the auditors.

### SYSTEM OF INTERNAL CONTROL

The system of internal control are designed to provide reasonable assurance that the assets are safeguarded and the liabilities and working capital are effectively and efficiently managed and they remain a management responsibility.

The internal audit reports in all the areas audited during the financial year under review indicated that there were some weaknesses in the system of internal control due to a number of reasons including vacancy rate at certain levels, inadequate policies and lack of implementation of designed internal controls.

The Audit Committee is still concerned with controls regarding asset management, project management, expenditure management, revenue management, performance management and computer controls. Internal controls still require improvement regarding these areas.

### **RISK MANAGEMENT**

Risk management has been formalised within the municipality through the establishment of various structures (i.e. Risk Management Committee and Risk Officers/Champions), processes and systems to give effect to Risk Management.

The Audit Committee has been monitoring the risks identified including top 10 risks. The top 10 risks relate to governance, asset management, finance and social and economic conditions. Actions by management in addressing these risks are being noted.

### **COMBINED ASSURANCE FRAMEWORK**

The combined assurance framework was approved by Council in the previously. Regular engagements are taking place between assurance providers to give effect to combined assurance. These engagements will continue in the coming year to make the combined assurance within the municipality more effective.

### ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2016

The Audit Committee reviewed both interim financial statements and annual financial statements that were submitted to Auditor-General for audit.

These financial statements were approved for submission to the Auditor-General before end of August as required by the MFMA.

#### PERFORMANCE MANAGEMENT

The Committee had reviewed and considered the quarterly reports by management. In addition, the Audit Committee considered the annual performance report and was approved for submission to the Auditor-General with the Annual Financial Statements.

### INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

The Audit Committee noted the findings of the internal audit on ICT controls. The committee is satisfied that management is attending to the matters raised by the internal audit with respect to ICT.

However, the audit committee is concerned with the slow implementation of the new financial management system as this might result in non-compliance with the regulations on standard charts of accounts.

### **GOVERNANCE**

The municipality is fully committed to good governance and the Audit Committee will continue to assist and advice Council on governance related matters

### **COMPLIANCE WITH LAWS AND REGULATIONS**

The Audit Committee has reviewed the effectiveness of the system for monitoring compliance with laws and regulations. The system for monitoring compliance with laws and regulations is considered partial effective. The Audit Committee will continue to assist management in improving compliance with laws and regulations.

### EXTERNAL AUDIT BY AUDITOR-GENERAL SOUTH AFRICA (AGSA)

The Audit Committee reviewed the External Audit plan to ensure the critical risk areas are being addressed. In addition, the committee has been monitoring the action plan with respect to the matters raised by the Auditor-General during 2014/15 financial year. Progress was noted on these matters and 19 of the 35 matters as at 30 June 2016 were still being addressed.

Based on the engagement with the Auditor-General, nothing has come to the committee's attention with regard to any matter concerning the independence of External Auditors.

The Audit Committee concurs with qualified audit opinion received from the Auditor-General's. The matters affecting regression from the previous year are receivables, revenue, payables, commitments, contingent liabilities and procurement management.

The Audit Committee will support management is developing a clear action plan to deal with the matters raised.

### CONCLUSION

The Committee will continue to monitor progress being made by the municipality in improving overall governance, systems of internal control, risk management and performance management. In addition, the Audit Committee concurs and accepts the conclusions of both the Internal Audit and the Auditor-General on the matters they have raised during their audits.

The Committee wishes to express its sincere appreciation to the Accounting Officer, Senior Management, MPAC, Portfolio Committees, Executive Committee, Council and staff for their cooperation and support.

Chairperson: Audit Committee Mr Sandile Mnguni CA (SA)

# RECOMMENDATIONS OF THE AUDIT COMMITTEE 2015/2016

28 July 2015

### **AUDIT ON REVENUE MANAGEMENT**

That the Chief Financial Officer ensures that a progress report on the Audit of Revenue Management is submitted to the next meeting of the Audit Committee

### **AUDIT FINDINGS AND RECOMMENDATIONS**

NOTED.

### **AUDITOR GENERAL MATTERS**

### 6.1. PROGRESS REPORT ON 2013/2014 AUDITOR GENERAL AUDIT FINDINGS AND 2013/2014 AND 2014/2015 INTERNAL AUDIT FINDINGS

That the content of the internal and external audit action plans tracker as at 30 June 2015 as detailed in the report dated 13 July 2015 by the Manager: Office of the Municipal Manager, be NOTED and discussed for onward transmission to the Audit Committee meeting on 4 August 2015.

### VERIFICATION AND CONDITIONAL ASSESSMENT OF INFRASTRUCTURE ASSETS

It was reported that a presentation would be conducted by SMEC later on in the meeting and the Close out Report for the Annual Movable Asset Verification for the 14/15 Reporting period would be tabled.

#### NOTED

### 8. <u>INTERNAL AUDIT (ASSURANCE)</u>

### 8.1. REPORT ON INTERNAL AUDIT FUNCTION FOR THE MONTH OF APRIL 2015

- (a) That the progress on the Internal Audit Function for the month of April 2015 and the concern on the lack of implementation of recommendations and agreed upon action by management previously reported on, be NOTED.
- (b) That the Anti-fraud and Corruption Activism Campaign by the Internal Audit Unit be NOTED.
- (c) That the positive response to the call by the Msunduzi Municipality to the members of the public, councillors and employees, be NOTED.
- (d) That all Deputy Municipal Managers take firm action against fraud, corruption, theft, gross irregularities and gross misconduct in their areas of operation.
- (e) That all Deputy Municipal Managers and Process Managers be active through their management committees, staff meetings and articles on the internal and external newsletters.
- (f) That Anti-fraud and Corruption be placed on the agenda of Mayoral Public Participation Meetings (izimbizo) to thank the communities for reporting incidents of alleged fraud, corruption, theft, gross irregularities, etc in the municipality and continuously encourage citizens to partner with the municipality in fighting fraud, corruption, theft and other irregularities.

### PROGRESS REPORT ON INTERNAL AUDIT FUNCTION FOR THE MONTH OF MAY 2015

That the report dated 23 June 2015 incorporating the recommendations of the Strategic Management Committee on the activities of the Internal Audit Unit for the month of May 2015, be NOTED; and notes the concern on the system of internal control remaining weak in areas audited.

### FINAL INTERNAL AUDIT REPORT ON CONSUMER REFUNDS FOR THE PERIOD SEPTEMBER 2014 TO DECEMBER 2014

- (a) That the findings, management comments and recommendations made in the final internal audit report on Consumer refunds for the period September 2014 to December 2014 be NOTED.
- (b) That the improvement on the system of internal control around consumer refunds be NOTED.

### FINAL INTERNAL AUDIT ON CONSUMER REFUNDS FOR THE PERIOD JANUARY TO MARCH 2015

- (a) That the findings, management comments and recommendations made in the final internal audit report on Consumer refunds for the period January 2015 to March 2015 be NOTED.
- (b) That the improvement on the system of internal control around consumer refunds be NOTED.

### FINAL INTERNAL AUDIT REPORTS ON TRADE PAYABLES AS AT 15 NOVEMBER 2014 TO 30 MARCH 2015

That the findings, management comments and recommendations made in the Final Trade Payables reports for the period 15 November 2014 to 30 March 2015 be NOTED.

### FINAL INTERNAL AUDIT REPORTS ON TRADE PAYABLES AS AT 15 APRIL 2015 TO 15 MAY 2015

That the improvement in the system of internal control in so far as Trade Payables are concerned be NOTED

### **FINAL INTERNAL AUDIT REPORT ON ICT ASSET MANAGEMENT**

- That the findings and internal audit opinion on the adequacy of the design of the system of internal controls that is partially adequate and the operation of the system of internal controls that is partially effective be NOTED.
- (b) That the Deputy Municipal Manager: Corporate Services to submit progress reports through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- (i) All terminated employees to sign the "asset resignation form" when they leave employment to ensure that the assets that they were responsible for are returned to the municipality before their departure.
- That the Process Manager: ICT to establish a consistent Configuration Management process that will provide reliable and timely information.
- (iii) That the Configuration Management process to be integrated with the other ICT processes, particularly Incident Management Change Management, Disaster Recovery and Security Management.
- (iv) These processes should include the identification of roles and responsibilities, support the identification of critical systems and provide recovery support in instances of a system failure.
- The Process Manager: ICT to ensure that the ICT Unit compiles a comprehensive list of all leased assets annually and the list should be (v) updated accordingly.
- (c) That the agreed action plan as contained in the report be NOTED.
- (d) That the implementation of the agreed action plan as contained in the report be monitored against the progress reports submitted by the Deputy Municipal Manager: Corporate Services through the internal audit tracking system to the Audit Committee scheduled to take place on 25 August 2015.

### FINAL INTERNAL AUDIT REPORT ON THE AUDIT OF THE JANUARY 2015 TO MARCH 2015 MFMA S71 REPORTS: QUARTER THREE

- That the findings and internal audit opinion on the adequacy of the design of the system of internal controls that is inadequate and the (a) operation of the system of internal controls that is ineffective be considered.
- That the Chief Financial Officer be instructed to submit progress reports through the internal audit tracking system to the Audit Committee (b) though the Strategic Management Committee in particular on the following recommendations.
- (i) That proper and timely communication to be maintained between the various sections within finance department to ensure that journals are processed in the correct period.
- (ii) That the Senior Clerk: Financial Services ensures that all his journal entries are submitted to the Revenue department timely every month and the Clerks at Revenue Department to sign and date the journals to acknowledge receipts of the journals for processing.
- (iii) That the Process Manager: Budget and Finance and Acting Manager: Budget to adequately review the section 71 reports for validity, accuracy and completeness
- That the Acting Manager Budget and the Process Manager: Budget and Finance to ensure that all transactions are captured on the system and (iv) proper reconciliations are prepared.
- That the Process Manager: Budget and Finance and Acting Manager: Budget to adequately review the section 71 reports.
- That the negative cash and bank balance of R28 387 009 to be classified under current liabilities as bank overdraft. Offsetting is prohibited in (vi) **GRAP1** Presentation of Financial Statements
- (vii) That the balance of Cash and bank to be R26 513 777 under current assets after eliminating the R28 387 009 from calculations (Eliminate netting off).
- (viii) That the Process Manager: Budget and Finance and Acting Manager: Budget to adequately review the section 71 reports to ensure correct classification of items.
- That the Office Of the Municipal Manager and the Finance Department's section to communicate on a regular basis regarding the grants that (ix) they are responsible for so that the Finance department will be able to allocate correctly.
- That the Process Manager: Budget and Finance and Acting Manager: Budget to adequately review the section 71 reports to ensure correct (x) allocation an classification of all financial transactions items.
- That the Process Manager: Budget and Finance to ensure that the section 71 reports are placed on the municipality's website as per the (xi) Municipal Budget and Reporting Regulation section 30.
- That the Process Manager: Budget and Finance and Acting Manager: Budget should adequately review the section 71 reports to ensure that all (xiii) required tables are completed as per MBRR requirements.
- (c) That the agreed action plan as contained in the report be NOTED.
- That the implementation of the agreed action plan as contained in the report be monitored against the progress report submitted by the Chief (d) Financial Officer through the internal audit tracking system to the Audit Committee scheduled to take place on 25 August 2015.

### FOLLOW UP ON INTERNAL AUDIT REPORT ON THE FRESH PRODUCE MARKET

- (a) That the findings and internal audit opinion on the adequacy of the design of the system of internal controls that is adequate and the operation of the system of internal controls that is partially effective be NOTED.
- That the Deputy Municipal Manager: Economic Development submits a progress report through the internal audit tracking system to the Audit (b) Committee through the Strategic Management Committee in particular on the following recommendations, viz.
- All documents to be dated when signing for approval to ensure that timely reviews are undertaken.
- Exercise of the buyer's spending analysis to be performed monthly with a comprehensive analysis prepared over a 12 month period.
- (ii) (iii) Buyer's track record of spending to be reviewed prior to acceptance as a guaranteed buyer by the Principal Accountant.
- (iv) The Process Manager: Local Economic Development to amend the Market Financial Procedures Manual with regards to the activities to be undertaken by the agents.
- (v) To ensure that critical vacancies are filled to avoid performance of incompatible functions by the staff.
- Interest rate used at the Market to be updated as and when deemed necessary and updated in the Market Financial Procedures Manual. (vi)
- Interest rate charged to be benchmarked against similar municipal entities and other organs of state to predict collectability trends. (vii)
- Acting Manager: Market to seek assistance from the Real Estate section on the management of leases. (viii)
- That the agreed action plan as contained in the report be NOTED. (c)
- (d) That the implementation of the agreed action plan as contained in the report against the progress report submitted by the Deputy Municipal Manager: Economic Development be monitored on the internal audit tracking system to the Audit Committee scheduled to take place in August 2015

### FINAL AUDIT REPORT ON PROJECT MANAGEMENT UNIT

- (a) That the findings and internal audit opinion on the design and operation of the system of internal control around the Project Management Unit which is inadequate and ineffective, as detailed in the report dated 2 July 2015 by the Executive Manager: Internal Audit, be NOTED.
- That the Deputy Municipal Manager: Infrastructure Services submit progress reports through the internal audit tracking system to the Audit (b) Committee through the Strategic Management Committee in particular on the following recommendations:
- Critical vacant posts within the approved PMU organisational structure should be filled as a matter of urgency. (1)
- The personnel to be appointed should possess the necessary skills and expertise to manage projects.
- (2) Lines of responsibility should be clearly defined and documented.
- (4) PMU should verify work together with a Consulting Engineer who is a project manager.
- (5)Invoices and GRN's should only be authorized and processed for payment when a valid, accurate and complete payment certificate has been received from a Consulting Engineer confirming that construction work is done to the Engineer's satisfaction. This will be done by the Project Champions.
- (6) Project managers are required to further inspect the good/services rendered by the supplier after they have received the payment certificate from the consultants.
- The PMU Finance Manager should review all the payment documents to ensure they are valid, accurate and complete. (7)
- (8)The GRN should only be prepared once the following conditions are met:
- The Consulting Engineer has issued the payment certificate confirming that construction work has been done to his satisfaction and (i)
- (ii) The Project Manager has inspected and confirmed that the work that has been carried out on site and confirmed that the details per payment certificate are valid, accurate and complete.
- The PMU Finance Manager should ensure that all transactions processed are supported by valid supporting information. (9) (10)
- The PMU Finance Manager should ensure that all instructions are written down as audit trail and supporting documentation.
- (11)The head of PMU should review all financial records, general ledger reconciliations and entries/adjustments being processed on the financial
- (12)The PMU Finance Manager and head of PMU should ensure that the information submitted to National MIG is valid, accurate and complete.
- (13)All expenditure claims submitted to National MIG should be actuals (not projections).
- (14)Services rendered for which invoices have not been received at reporting date should be recorded as accruals.
- A re-assessment of the job responsibilities of the PMU Finance Manager should be carried out by the Head of PMU. (15)
- The Head of PMU should ensure that PMU personnel carry out their intended functions as set out in the COGTA Guidelines, also applying best (16)practice principles from municipalities with similar functionalities.
- (17) (18) Lines of responsibility should be clearly defined and documented.
- PMU Finance Manager should review all payment related documents prior to submitting to Creditors to process payments.
- (19)
- PMU Finance Manager should review spending on each vote to ensure that spending is according to the specifications of the project. PMU personnel should be involved in the project planning and feasibility studies of projects so as to issue an independent opinion of the (20)projects and utilisation of funding.
- The Head of PMU should re-assess the job responsibilities of the PMU personnel to ensure that PMU personnel carry out their intended (21)functions as set out in the COGTA Guidelines.
- (22)As project management is the key function for PMU, the Head of PMU should ensure that PMU fulfills this function.
- The PMU officials should be involved in contracts administration by coordinating and administering service agreements and contracts with (23)Contractors and Consulting Engineers for each project. This should include feasibility and backlog studies.
- Contracts awarded for MIG projects should be forwarded to the PMU to enable them to monitor the conditions of the contract. (24)
- (25)A register of contracts awarded for MIG projects should be maintained by PMU.
- The Head of PMU should ensure adequate review of performance indicators versus project time lines for each vote, so as to ensure that (26)projects that are delayed are promptly followed up and the budget adequately aligned.
- (27)PMU should carry out midyear or quarterly reviews of project progress and spending trends. This will ensure that project progress spending patterns are identified timeously and amendments to budget allocations are performed timely to meet targets per IDP/SDBIP.
- (28)PMU personnel should assist the planning departments in ensuring management is aware of completed projects and work with management on establishing planned maintenance programmes.
- PMU personnel should assist management in monitoring of the maintenance programmes to ensure that they are being carried out as planned. Budget allocated for maintenance of infrastructure should be closely monitored by the PMU as well as the progress on projects. (29)
- (30)
- The PMU: Finance Manager ensures that forecast budget planning is carried out per the stipulated three year DoRA allocations before the final budget is tabled and project initiation phase resumes before the start of the financial year. This is to ensure that projects are executed promptly (31)and within the correct time frame. This would also contribute positively to service delivery.

  The budget is approved by not later than 30 May each year which allows management to start preparing the project specifications and
- (32)procurement processes from the month of June rolling over to the new financial year.
- Management should ensure that they optimise the value of partnership with consultants, to not only get the best value for money but also (33)ensure that there is a transfer of skills to eventually build enough capacity in-house to execute projects from design phase up to completion.
- Review the current establishment, as consultants were appointed to perform work of a permanent/ continuous nature for which a suitable (34)vacancy could be created in-house as capacity is needed. This would also contribute towards job creation.
- Consideration should be made to increase the number of technical staff within the PMU and other technical areas within the Municipality. (35)
- (36)The PMU finance manager should review the actual spending against the budget on a monthly basis.
- The Deputy Municipal Manager: Financial Services, Process Manager: Budget and Finance and PMU: Finance Manager should continually (37)review compliance with legislation along with improving budgetary controls to prevent the incurring of unauthorised expenditure.
- Process Manager: Budget and Finance should review actual spending on votes to the approved funds on a monthly basis. (38)
- (39)The financial system should be configured not to allow overspending on votes unless it is within the approved % of variation.
- Virement procedures should be followed by management in instances where over expenditure is anticipated on a particular vote.

- The Deputy Municipal Manager: Infrastructure Services should ensure that the project maintenance costs are determined and known prior to (41) executing the projects to ensure sustainability of the projects and proper budgeting by the municipality; and
- (42)If the maintenance costs are too high the municipality should assess its finances going forward to ensure affordability of the maintenance costs
- (43)Consider introducing succession planning in the entire municipality but it must be clearly stated that the programme does not guarantee a promotion or automatic elevation into a senior position. The succession planning should be driven through analysis of skills gap in preparation for the next level in leadership and training plan to close the gap so that at any time when the leader vacates the position there is a pool of officials ready to compete for the leadership position. This should not be confined to certain individual but rather be based on all employees on the level below the leader. When the leader is away for whatever reason the employees in the level below should be appointed to act in an alternative routine/system.
- (44) (44) Succession planning policy and procedure manual should be drafted and approved by Council.
- Key individuals within the Business Units should be earmarked to be included in the transfer of skills.
- These individuals should be appointed in the acting capabilities should the Head of PMU not be available to perform his duties.
- (46) (47) There should be key performance targets set for each personnel acting within the PMU and there should be quarterly performance assessment to evaluate readiness to lead or perform the task.
- (48)Management should consider implementing the control of including running totals (total payments to date) on the payment certificate. The implementation of the control will assist in tracking expenditure against the remaining budget for the project as well as project management.
- (49)The Chief Risk Officer in conjunction with the Head of Supply Chain Management, Head of PMU and Process Managers for Units that are running projects should develop an appropriate risk management evaluation system/analysis model to address this weakness.
- (50)The Deputy Municipal Manager: Infrastructure Services should develop a project management policy that encapsulates among other things the following:-
- Policy objectives
- (ii) Application of the policy
- (iii) (iv) Roles and responsibilities
- Prioritization of projects
- Mobilization of funding and project costing (v)
- (vi) Project initiation and planning including feasibility studies
- (vii) Participation of ward committees/project steering committees on projects
- (viii) Project monitoring and penalty regime
- (ix) Variations orders
- (x) (xi) Project risk management including sustainability of projects
- Project hand over and retention fees.
- (51) The Head of PMU should develop a project management methodology and procedures that encapsulates among other things in order to gives guidance and direction in a structured manner and outline detailed step by step description of how to perform a particular task or activity, viz.
- Prioritization of projects Mobilization of funding and project costing (ii) (iii) (iv)
- Project cycle
- Management structure for the project
- (v) Project initiation and planning including feasibility studies
- (vi) Communication system (participants & stakeholders including reporting mechanisms)
- (vii) Engagement of the external resources to the project:
- Project organization;
- (viii) (ix) Quality control:
- Project monitoring i.e. inspections and progress reports;
- (x) (xi) Financial and contractual controls;
- (xii) Safety issues
- (xiii) Change management;
- (xiv) Risk management:
- Value management: (xv)
- Contract management i.e. specifications, sub-contractors, site meeting and records variations, disputes and penalty claims, commissioning, (xvi) guarantees, completion and defects liability etc.
- (xvii) Project close out.
- Once the policy and methodology are completed and approved they should be work shopped to the relevant staff; and (52)
- (53) The policy and methodology should be reviewed on regular basis at least on an annual basis for updates with changes in relevant policies, environment new technology.
- (54)The Deputy Municipal Manager: Infrastructure Services should ensure that the municipality considers adopting and implementing the Joint Building Contracts Committee (JBCC) contract and the General Conditions of Contract for Civil Works for all its construction and civil works as these are designed specifically for construction and civil works with an equitable distribution of contractual risks pertaining to the building industry.
- The Deputy Municipal Manager: Infrastructure Services should develop a master plan for all the projects to be implemented by the municipality (55)during the year detailing inter alia the dates for the following, viz.
- Projects commencement date:
- (ii) Project start date;
- Date of appointment of the Consultants and Contractor; (iii)
- Date of commencement of the Supply Chain Management processes.

- (56) For the master plan, develop the individual project plans which will be in line with the master plan.
- (57) The plan should be amended accordingly with changes in the project.
- (58) The individual project plans should incorporate among other things at least the following information, viz.
- Project definition, scope & time line;
- (ii) Project objectives, cost / benefit analysis;
- (iii) Staffing requirements;
- (iv) Risk analysts;
- (v) Critical success criteria (If met, the project goals are met);
- (vi) Communication plans if communication plans are not made a separate plan; and
- (vii) Contingency plan.
- (59) The Deputy Municipal Manager: Infrastructure Services in consultation with the Chief Risk Officer should develop and implement the strategy for identifying and managing risks that are threatening each project success and allocate the necessary resources to ensure that if they materialise they do not impede on the delivery of projects.
- (60) Risks should be identified per project and be updated with changes to the projects and any internal and external factors that may affect the project delivery.
- (61) The projects risk management strategy should include amongst other things, viz.
- (i) Development of risk management process;
- (ii) Risk management role players;
- (iii) Risk management disclosure in the annual report; and
- (iv) After the strategy has been developed it should be work shopped to all the relevant stakeholders to ensure that each party understand all his/her responsibilities in risk management and perform them timeously.
- (62) The Deputy Municipal Manager: Infrastructure Services should ensure that the municipality, viz.
- (i) Develops and implements the project quality plans at the beginning of each project and check them frequently throughout the duration of the project;
- (ii) Ensure that quality control is conducted continually throughout a project and that it is the responsibility of team members and the project manager:
- (iii) The project quality plans should be communicated to all relevant stakeholders to ensure understanding of responsibilities.
- (63) The project quality plans should incorporate at least the following information, viz.
- (i) Project overview, quality standards, and quality tools;
- (ii) Completeness and correctness criteria;
- (iii) Quality assurance procedures, roles, and responsibilities; and
- (iv) Disputes resolutions during the projects other than on contractual obligations which may affect delivery on projects;
- (v) Specify all quality audits to objectively verify compliance to policies, standards, and defined procedures;
- (vi) Quality control procedures, roles, and responsibilities.
- (64) The Deputy Municipal Manager: Infrastructure Services should consider incorporating the project quality plans into the project plans to ensure easy monitoring and co-ordination of efforts where necessary.
- (65) The Deputy Municipal Manager: Infrastructure Services submits the first progress report not later than 5 October 2015 and second progress report not later than 31 January 2016 to the Audit Committee through the Strategic Management Committee.

### **VERIFICATION OF ICT IMPLEMENTATION OF AUDIT RECOMMENDATIONS**

That the implementation of the two unresolved issues on the implementation of the agreed action plan on ICT Internal Audit report, as detailed in the report dated 25 June 2015 by the Executive Manager: Internal Audit, be monitored through progress reports to the Strategic Management Committee and Audit Committee.

NOTED.

### **UNSPENT CONDITIONAL GRANTS AS AT 21 MAY 2015 [3.4.5]**

It was reported that the retention of the R60 million Housing grant was still being dealt with by the Municipal Manager and relevant officials.

NOTED.

### PRESENTATION ON THE ANNUAL PERFORMANCE REPORT 2014/2015

That the Manager: Office of the Municipal Manager ensures that a schedule of performance be submitted to the next Audit Committee for consideration; it being noted that a list of dates be reviewed to ensure that for 2015/2016 financial year, the performance report is submitted timeously to the Audit Committee and the Internal Audit Unit for review before submission to the Auditor-General by the end of August.

### REPORT ON THE SAP PROJECT TRACKING TOOL ON THE IMPLEMENTATION OF INTERNAL AUDIT RECOMMENDATIONS

That the Chief Financial Officer in consultation with the SAP Manager ensures that a full status report in respect of SAP is submitted to the next Audit Committee meeting; it being noted that feedback in respect of the performance of the current service provider and a full costing schedule should be included in the report; it being further noted that the readiness assessment report be submitted to the Audit Committee once the assessment is finalized.

### RESOLVED TO RECOMMEND TO THE EXECUTIVE COMMITTEE

That the concerns raised in the report dated 18 August 2015 by the Executive Manager: Internal Audit as well on the Internal Audit SAP Tracking Tool be noted

That the SAP Project Manager submits a report putting stringent timeframes on which these issues will be resolved.

That the Municipal Manager takes a conclusive key decision as empowered by law and a FULL responsibility in terms of Section 55 of the Municipal Systems Act, Act 32 of 2000 (as amended):-

on the appointment of a Project Manager for SAP;

appoint in other critical position identified in the SAP Project Support structure; all identified staff is moved to SAP Project with immediate effect;

any vacancies that arose in Financial Services Business Unit be closed with fixed term contract appointments as it had been envisaged in order not to collapse finance functions; and

any other critical position within SAP where the municipality has no capacity to second to the project be closed through contract appointment for the duration of the implementation as it had been envisaged.

That the SAP Project Manager ensures that interface between EDRMS and SAP is being effected at the correct phase.

### **CONFIDENTIAL: NOT FOR PUBLICATION**

8. INTERNAL AUDIT REPORT ON PROJECT RISK ASSURANCE REVIEW FOR THE IMPLEMENTATION OF THE MYSAP ECC 6.0 PROJECT AT MSUNDUZI MUNICIPALITY: FOURTH REPORT [3.10.1.1]

#### NOTE BY PROCESS MANAGER: SOUND GOVERNANCE

Due to the strict confidentiality of this item, an extract of the minutes under this item has been given to the Audit Committee members ONLY and a copy filed in the official CONFIDENTIAL records.

### **METER READING STATISTICS -JUNE 2015**

That the report dated 24 July 2015 incorporating the recommendations of the Strategic Management Committee in respect of the Meter Reading Statistics for June 2015 be NOTED.

That the report by the Audit Readiness Team on the Progress Report on the 2013/2014 Auditor General Audit Findings and 2013/2014 and 2014/2015 Internal Audit Findings be STOOD DOWN until the next meeting of the Audit Committee; it being noted that an updated report be submitted.

### REPORT ON INTERNAL AUDIT FUNCTION FOR THE MONTH OF JUNE 2015 [24.2.2]

- (a) That the report dated 21 July 2015 incorporating the recommendations of the Operational Management Committee on the activities of the Internal Audit Unit for the month of June 2015 be NOTED; and the concerns on the system of internal control remaining weak in areas audited be NOTED.
- (b) That it be NOTED that dates for the comprehensive Risk and Control Identification and Assessments in August 2015 be done over two days; with the two dates to be determined via the Office of the Municipal Manager.
- (c) That all Deputy Municipal Managers invite level 4 Managers who by virtue of their service delivery imperatives are critical to attend the Risk and Control Identification and Assessment in August 2015.

### 12.2. PROGRESS REPORT ON INTERNAL AUDIT FUNCTION FOR THE MONTH OF JULY 2015 [3.10.1.1].

That the report dated 24 August 2015 incorporating the recommendations of the Operational Management Committee on the activities of the Internal Audit Unit for the month of July 2015, be NOTED.

### 12.3. PROGRESS REPORT ON INTERNAL AUDIT FUNCTION FOR THE MONTH OF AUGUST 2015 [3.10.1.1].

- (a) That the report dated 7 September 2015 by the Executive Manager: Internal Audit on the activities of the Internal Audit Unit for the month of August 2015, be NOTED.
- (b) That the issues of Security features for Gallway House be attended to urgently.
- (c) That the issue of parking for Gallway House be attended to urgently.
- (d) That the Process Manager: ICT ensures that the process of putting the network in the building is expedited.
- (e) That cleaning services be provided to Gallway House as a matter of urgency as Internal Audit Unit has taken occupation of its offices on the 6th floor.

### FINAL INTERNAL AUDIT REPORT ON THE SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN (SDBIP)

- (a) That the findings and internal audit opinion on the adequacy of the design of the system of the internal controls which is adequate and the operation of the system of the internal controls that is partially effective be NOTED.
- (b) That the agreed action plans as contained in the report dated 15 September 2015 by the Executive Manager: Internal Audit be NOTED.
- (c) That the implementation of the agreed action plan as contained in the report against the progress report submitted by the Manager: Office of the Municipal Manager on the internal audit tracking system to the Audit Committee schedule to take place in September 2015 be monitored.

### FINAL INTERNAL AUDIT REPORT ON THE EMPLOYMENT EQUITY MANAGEMENT

- (a) That the findings, internal audit opinion on the adequacy of the design of the system of internal controls which is partially adequate and the operation of the system of internal controls that is ineffective be considered.
- (b) That the Deputy Municipal Manager: Corporate Services be instructed to submit progress report through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- i. The person responsible for capturing the report online should ensure that an acknowledgement of receipt as a proof of submission is obtained after submission of the report and a proper follow-up done.
- ii. The Process Manager: Human Resources Management should verify, sign and keep proof of submission to ensure that the submission made was successful.
- iii. The Deputy Municipal Manager: Corporate Services should ensure that the training plan or Work Skills Plan includes employment equity courses or Workshops and that these training workshops should target the shop stewards and supervisors with a view to taking the responsibility of works hoping their members and staff.
- iv. The Deputy Municipal Manager: Corporate Services should once the Employment Equity Plan has been developed, consulted with the Local Labour Forum and reached consensus, present the plan to Council or any delegated committee of the Council for adoption.
- v. Once adopted by Council the Employment Equity Plan be circulated to the members of the Local Labour Forum.
- vi. The Process Manager: Human Resource should thereafter post the Employment Equity Plan on the municipality's website and advice all employees through a circular/notice.
- vii. The Process Manager: Human Resource should ensure that the employees at the satellite offices have access to the website and all receive the circular/notice.
- viii. The summary of the Employment Equity Act should always be displayed on notice board where all employees have access to and not in HR office. It must be the reception area.
- ix. It is also advisable that workshops on employment equity are done where the shop stewards and supervisors should attend with a view to taking the responsibility of works hoping their members and staff.
- x. Employment Equity should be a standing item on the agenda of every Local Labour Forum meeting for them to obtain feedback and monitor the progress on regular basis.
- xi. Employment Equity should be a standing item on the agenda of every quarterly Corporate Service Committee meetings so that they are able to get feedback on the progress made on the implementation of the plan.
- xii. The Council should at least once a year be provided a comprehensive report on the implementation of the Employment Equity Plan.
- xiii. Since the employment equity plan has been approved by Council, the Employment Equity plan should be made available to all employees through platforms such as the website, intranet, and notice boards or even be emailed to employees.
- xiv. The progress report on the implementation of the plan should be communicated and made available to employees as well.
- xv. The employment equity plan and reports on the implementation of the plan should also be discussed with labour unions in the meetings between management and labour unions.
- xvi. The Municipal Council should develop, formalize and implement a Policy on People with Disabilities.
- xvii. The Municipal Council should establish the Local Disabilities Forum or alternatively engaged the forum on issues pertaining to their challenges to ensure that the diversity programme of the municipality accommodates them.
- xviii. The Municipal Council should develop and implement bursary policy for the broader community of Msunduzi District that encourage participation of people with disabilities.
- xix. The municipality should review its Recruitment and Selection policy with a view to ensure that encouragement of people with disability is well articulated on the policy.
- xx. The municipality should monitor the implementation of its Recruitment and Selection policy and Bursary policy to ensure that targets that it has set to achieve are achieved and take corrective action where targets were not achieved and that this should be an integral part of the performance targets of the Municipal Manager as well as Deputy Municipal Manager for Corporate Services.
- xxi. The Deputy Municipal Managers for Corporate Services & Infrastructure Services should review the buildings/offices and the facilities and develop a plan with specific action plans and timelines to rectify all the deficiencies identified in the report.
- xxii. The Deputy Municipal Manager: Corporate Services and Deputy Municipal Manager: Infrastructure Services should review the buildings/offices and the facilities and develop a plan, indicating financial implications, with specific action plans and timelines to rectify all the deficiencies identified in the report and that the plan should appear in the 2030 vision of the municipality and that the plan should then be submitted to the Strategic Management Committee, Corporate Services Portfolio Committee, Finance Portfolio Committee, Infrastructure Services Portfolio Committee, Executive Committee and Full Council for approval.
- xxiii. Management should ensure that each post advertised clearly and specifically indicate the targeted gender.
- xxiv. Management should ensure that females working internally are retained and promoted to fill the gap.
- (c) That the agreed action plans as contained in the report dated 15 September 2015 by the Executive Manager: Internal Audit be NOTED.
- (d) That the implementation of the agreed action plan as contained in the dated 15 September 2015 by the Executive Manager: Internal Audit be monitored against the progress report submitted by the Deputy Municipal Manager: Corporate Services on the internal audit tracking system to the Audit Committee scheduled to take place in September 2015.
- (e) That the Executive Manager: Internal Audit is requested to discuss the reports with the relevant DMM before the report is submitted for consideration by the Strategic Management Committee.

### REQUEST TO POSTPONE THE RISK AND CONTROL IDENTIFICATION AND ASSESSMENT WORKSHOP

That the Risk & Control Identification Self-Assessment workshop be postponed as the City Development Strategy has been finalized and the risks will be aligned to the objectives/priorities set out in the City Development Strategy.

### SECTION 71 OF THE MUNICIPAL FINANCE MANAGEMENT ACT NO 56 OF 2003: MAY 2015

That the report dated 29 July 2015 incorporating the recommendations of the Strategic Management Committee in terms of Section 71 of the Municipal Finance Management Act No56 of 2003 as at 31 May 2015 be NOTED.

### SECTION 66 OF THE MUNICIPAL FINANCE MANAGEMENT ACT NO 56 OF 2003: EXPENDITURE ON STAFF BENEFITS MONTHLY REPORT : MAY 2015 [2.2.3.2.4]

That the report dated 29 July 2015 incorporating the recommendations of the Strategic Management Committee in terms of Section 66 of the Municipal Finance Management Act No 56 of 2003 as at 31 May 2015 be NOTED.

### MANAGEMENT OF MUNICIPAL INVESTMENTS [3.5.R]

That the report dated 9 September 2015 incorporating the recommendations of the Strategic Management Committee on the Management of Municipal Investments be STOOD DOWN to the next meeting of the Audit Committee, in view of missing pages from the Cash Management and Investment Procedure Manual as indicated in the report.

### MUNICIPAL STANDARD CHARTS OF ACCOUNTS IMPLEMENTATION PLAN [10.4.1]

That the report dated 14 June 2015 by the Deputy Municipal Manager: Financial Services Municipal Standard Charts of Accounts Implementation Plan be NOTED.

That the Chief Financial Officer ensures that a revised report on the Municipal Standard Charts of Accounts Implementation Plan be submitted at the next meeting of the Audit Committee; it being noted that the recommendations as contained in the report dated 14 June 2015 be included.

### RECONCILIATION BETWEEN PROMIS SYSTEM IN FINANCE AND THE METVAL SYSTEM IN VALUATIONS [14.3.2] [STANDING ITEM]:

Report by the Chief Financial Officer.

It was reported that this item would be dealt with at the next meeting of the Audit Committee, in view of the unavailability of the report.

#### 14.6. DISCONNECTIONS AND RECONNECTIONS [3.7.1(2014/2015)][STANDING ITEM]:

Report by the Chief Financial officer.

It was reported that this item would be dealt with at the next meeting of the Audit Committee, in view of the unavailability of the report.

### 14.7. AUDIT ON REVENUE MANAGEMENT [STANDING ITEM]

Report by the Chief Financial Officer.

It was reported that this item would be dealt with at the next meeting of the Audit Committee, in view of the unavailability of the report.

### RENTAL HOUSING STOCK [STANDING ITEM]

- (a) Report on the Progress of the Rental Housing Projected Action Plans to Arrest the Escalating Rental Arrears.
- (b) That the report dated 29 July 2015 by the Deputy Municipal Manager: Economic Development on the Report on the Progress of the Rental Housing Projected Action Plans to Arrest the Escalating Rental Arrears be NOTED.
- (c) That it be NOTED that the Deputy Municipal Manager: Financial Services in consultation with the Deputy Municipal Manager: Economic Development in respect of all Deceased Tenancies and Unconfirmed Tenancies (Cessions), in arrears be written off as listed under Annexure A2; it being noted that attempts at recovering such arrear rental within the terms and conditions of the Credit Control Policy would be futile.
- (d) That it be NOTED that in respect of the implementation of the resolved Action Plans to arrest the escalating arrears of all the Rental Housing Stock, that the Deputy Municipal Manager: Financial Services, in consultation with the Deputy Municipal Manager: Economic Development with only those Pensioners that meet the qualifying criteria of the special dispensation conditions as listed under 4.7.1 can these arrears be written off as these amounts (Annexure A2) will not be Recoverable under the Terms and Conditions within the Credit Control Policy.
- (e) That it be NOTED that authority be granted to both the Deputy Municipal Manager: Financial Services and the Deputy Municipal Manager: Economic Development to implement the Special Dispensation Conditions listed under 4.7 and 4.7.1 and that the approved 2015/2016 tariff register rentals be adjusted to include the application of the CRU Policy on rental charges and that each qualifying Pensioner be charged rental according to their affordability but not less that R500 per month.
- (f) That it be NOTED that these debts be handed over to Debt Collectors for possible recouping of the debt.
- (g) That it be NOTED that on approval of the above recommendations all affected tenancies be served notice to attend a special briefing meeting informing them of the resolutions taken and the implications.

### 1ST MONTHLY REPORT ON THE 2015/2016 SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN (SDBIP) & OPERATIONAL PLAN (OP) MONTH ENDING JULY 2015

- (a) That the 1ST monthly report on the 2015/2016 Service Delivery and Budget Implementation Plan (SDBIP) and Operational Plan (OP) month ending July 2015 be NOTED.
- (b) That the 1ST monthly report on the 2015/2016 Service Delivery and Budget Implementation Plan (SDBIP) and Operational Plan (OP) for the month ending July 2015 be forwarded to the Internal Audit Unit to conduct a performance audit on the reported results.
- (c) That all Deputy Municipal Managers utilize the Report as a management tool to identify early warning signals and apply appropriate corrective measures for the 2015/2016 financial year.
- (d) That in future only quarterly reports on the SDBIP should be submitted to the Audit Committee.

#### 27 October 2015

### PRESENTATION - SAP ERP PROJECT STATUS AS AT 26 OCTOBER 2015

NOTED.

### STATE OF READINESS REGARDING MSCOA PROJECT IMPLEMENTATION GO LIVE BEING JULY 2016

That it be noted that the request by National Treasury to early adopt MSCOA in July 2016 be declined instead the municipality targets July 2017 as MSCOA compliance date.

That it be noted that all the necessary changes be addressed during the 2015/2016 financial year.

That it be noted that the Accounting Officer be mandated to write to National Treasury indicating the risks associated with the early adoption of MSCOA.

That the Chief Financial Officer ensures that at the next meeting of the Audit Committee, EOH conducts a comprehensive presentation in respect of the correlation between SAP and MSCOA and the manner in which MSCOA would be rolled out with SAP.

### PROGRESS REPORT ON 2013/2014 AND 2015/2016 INTERNAL AUDIT FINDINGS

That the report dated 13 October 2015 incorporating the recommendations of the Strategic Management Committee in respect of the External Audit Action Plan Tracker as at 31 August 2015 be NOTED.

### PROGRESS REPORT ON 2013/2014 AUDITOR GENERAL AUDIT FINDINGS AND 2013/2014 AND 2014/2015 INTERNAL AUDIT FINDINGS

NOTED.

### FINAL INTERNAL AUDIT REPORT ON THE APRIL TO JUNE 2015 MUNICIPAL FINANCIAL MANAGEMENT ACT S71 REPORT FOR THE FOURTH QUARTER

- (a) That the findings and internal audit opinions on the adequacy of the design of the system of internal controls be considered partially adequate and operation of the system of internal controls partially effective on reporting in terms of section 71 of the Municipal Finance Management Act.
- (b) That the Process Manager: Budget and Finance be instructed to submit progress reports through the Internal Audit Unit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- (c) That the Process Manager: Budget and Finance and the Manager: Budgets should adequately review the section 71 reports.
- (d) That there should be an adequate explanation in Section 71 reports so that the users of section 71 reports are aware of what causes the cash and bank balance to be negative, although theoretically the cash and bank is positive.
- (e) The Process Manager: Budget and Finance and the Manager: Budget and Finance should adequately review the section 71 reports to ensure correct classification of items.
- (f) That the Process Manager: Budget and Finance and the Manager: Budgets should perform adequate review of section 71 reports since the general ledger is now configured to cater for all assets related votes.
- (g) The Process Manager: Budget and Finance should ensure that section 71 reports are placed on the municipality's website.
- (h) That the Process Manager: Budget and Finance and the Manager: Budgets should ensure that the Section 52 of the Municipal Finance Management Act is complied with.

### FINAL INTERNAL AUDIT REPORT ON THE AUDIT OF PERFORMANCE INFORMATION RESOLVED TO RECOMMEND TO THE EXECUTIVE COMMITTEE

- (a) That the findings AND internal audit opinions on the adequacy of the design of the system of internal controls are considered adequate and operation of the system of internal controls is partially effective around the Performance Management System and processes.
- (b) That the Deputy Municipal Managers be instructed to submit progress report through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- i. Deputy Municipal Managers should ensure that all performance reported is supported by documentation that is valid, verifiable and relevant and the deputy municipal managers should ensure that Portfolio of Evidence (POE) is submitted to auditors in time when needed for auditing purposes.
- ii. All deputy municipal managers and process managers submit POE within specific timelines and a deadline be given. Municipal Manager should take action against managers who are not complying with the given deadlines.
- iii. The process of submission of performance reports and POE should be centralised to the Performance Management System (PMS) office to ensure that prior to the start of the audit, all POE files are with the PMS unit.
- iv. POEs not submitted on time to the PMS office should be excluded from the audit process and the relevant DMM's and PM's be held accountable for non-submission and penalised in their performance assessments.
- v. The Deputy Municipal Managers (DMM's) of the business units should develop a standard system of creating and compiling portfolios of evidence for the reported performance.
- vi. Every quarterly report must be cross-referenced to the portfolio of evidence file to ensure that the reported performance is adequately supported.
- vii. Deputy Municipal Managers when assessing Process Managers should verify that all portfolio of evidence has been submitted and placed on file.
- viii. The Municipal Manager should ensure that all Deputy Municipal Managers who are not performing their quality control function are held accountable in order to ensure that Organizational Performance Management System (OPMS) is fully complied with and apply the necessary disciplinary procedures where applicable.
- ix. Process Managers should ensure that all performance reported is supported by documentation that is valid, verifiable and relevant. Furthermore, the process managers should sign off the POE's file as evidence of taking responsibility for accurate preparation of the report and confirming that all reported performance is supported by valid portfolio of evidence.
- x. Deputy Municipal Managers should conduct a thorough review of the quarterly progress reports and ensure that all performance reported is verified against supporting documentation to confirm the validity and accuracy of the reported performance and to confirm that the supporting documentation is well referenced to the quarterly report and that after reviewing the report, the DMM's should sign as evidence of conducting the review and to take responsibility of the reported performance.
- xi. The DMM's should conduct a quality review to assess whether the portfolio of evidence supporting the reported performance is accurate, make sure all documents that need to be signed are signed, approved, certified and filed in a complete and verifiable manner.
- xii. Process Managers should also review their performance report (SDBIP & Operational Plan) against the supporting documents before it is sent to the PMS office for consolidation to ensure that all reported information on the performance information report is accurate.
- xiii. Process Managers should ensure that all performance reported is supported by documentation that is valid, verifiable and relevant, furthermore, the Process Managers should sign as evidence of taking responsibility for accurate preparation of the report and confirming that all reported performance is supported by valid portfolio of evidence.
- xiv. Deputy Municipal Managers should conduct a thorough review of the quarterly progress reports and ensure that all performance reported is verified against supporting documentation to confirm the validity and accuracy of the reported performance and to confirm that the supporting documentation is well referenced to the quarterly report. After reviewing the report, the Deputy Municipal Managers should sign as evidence of conducting the review and to take responsibility of the reported performance.
- xv. The Office of the Municipal Manager (PMS) should conduct a workshop on how to compile portfolio of evidence file as per standard operating procedures and the workshop must be attended by all Deputy Municipal Managers and Process Managers of the municipality.
- xvi. The Process Managers should sign off the compilation of the portfolio of evidence file in order to account that all the necessary documents have been attached in the portfolio of evidence file.
- xvii. The Deputy Municipal Managers should conduct a quality review to assess whether the portfolio of evidence supporting the reported performance is accurate, make sure all documents that need to be signed are signed, approved, certified and filed in a complete and verifiable manner and sign off compilation of the portfolio of evidence template to confirm validity.
- xviii. The Municipal Manager should ensure adherence to the performance review plan as outlined in the Msunduzi municipality IPMS policy.
- xix. Where there are delays, reasons for delays should be communicated to the municipal manager and corrective measures be taken.
- xx. The Municipal Manager should enforce performance principles and take disciplinary action for any transgression.
- xxi. The Deputy Municipal Manager: Corporate Services should ensure that there is link between the Training Plan, Performance Development Plans, and Performance Agreements and Performance Appraisals.
- xxii. The Municipal Manager and Deputy Municipal Manager: Corporate Services should ensure that poor performance when identified is dealt with in a constructive, progressive and reinforcable manner.
- (c) That the training of Personal Assistants and Secretaries be prioritized in the second quarter.

### PROGRESS: FINAL INTERNAL AUDIT REPORT ON THE PROJECT MANAGEMENT UNIT

NOTED.

### REPORT ON THE PROGRESS REPORT ON TOP 10 RISKS OF THE MUNICIPALITY

- (a) That the report dated 13 October 2015 incorporating the recommendations of the Risk Management Committee in respect of the updated Risk Profile of the Municipality be NOTED.
- (b) That progress made by various Business Units in implementing corrective measures to mitigate against the Top Ten (1) risks with the Municipality as at 17 September 2015 be NOTED.
- (c) That the Deputy Municipal Manager: Infrastructure Services should develop and submit a comprehensive strategy to the Audit Committee through the Risk Management Committee or alternatively Strategic Management Committee that deal with replacement of Asbestos Cement pipelines that are over 60% of 1 222km no later than 31 January 2016.
- (d) That the Deputy Municipal Manager: Infrastructure Services in consultation with the Deputy Municipal Manager: Corporate Services should address the brain drain and lack of knowledge management within Infrastructure Services and prioritise and fill vacant posts within a reasonable time frame.
- (e) That the Chief Financial Officer should re-evaluate the Revenue Enhancement Strategy with a view to make it practical and be supported by adequate resources and submit the strategy to the Audit Committee through the Risk Management Committee or alternatively Strategic Management Committee.
- (f) That the Deputy Municipal Managers should prepare reports on a bi-monthly basis to the Risk Management Strategy action plans/control activities by their respective Business Units.

### REPORT ON THE RISK AND CONTROL IDENTIFICATION AND ASSESSMENT FOR THE MUNICIPAL CHART OF ACCOUNTS

That the Chief Financial Officer submits a project risk outline in respect of SAP and MSCOA and how it was required to be addressed; it being noted that this should be discussed as part of the presentation at the next meeting on SAP and SCOA correlation.

### RESOLVED TO RECOMMEND TO THE EXECUTIVE COMMITTEE

NOTED

REPORT ON THE RISK AND CONTROL IDENTIFICATION AND ASSESSMENT FOR THE INTEGRATED RAPID PUBLIC TRANSPORT NETWORK (IRPTN)

NOTED.

### NOTE BY PROCESS MANAGER: SOUND GOVERNANCE

Due to the strict confidentiality of this item, an extract of the minutes under this item has been given to the Audit Committee members ONLY and a copy filed in the official CONFIDENTIAL records.

### 15 December 2015

### PRESENTATION: AUDITOR-GENERAL'S OFFICE

That the Report of the Auditor-General for Financial Year 2014/2015 be NOTED.

### PRESENTATION: SAP/SCOA BY EOH

- (a) That clarity be given at the next meeting on the blue-print plan, milestones, risks and how they would be addressed in order to ensure that the Municipality will be ready to go live timeously in 2017 in respect of mSCOA and SAP, and to confirm the percentage of the completion of projects.
- (b) That version 5.4 take 5 of mSCOA be implemented by 1 July 2016.
- (c) That an Action Plan Tracking system be implemented.

PROGRESS REPORT ON 2013/2014 AND 2014/2015 AUDITOR GENERAL AUDIT FINDINGS AND 2013/2014, 2014/2015 AND 2015/2016 INTERNAL AUDIT FINDINGS [3.10.1.3]

That the contents of the internal and external audit action plans tracker as of 31 October 2015 be NOTED.

### INTERNAL AUDIT REPORT ON MFMA SECTION 71 INCLUDING SECTION 52 & 66 REPORT FOR QUARTER ONE (1) OF 2015/2016

- (a) That it be noted that the findings, internal audit opinions on the adequacy of the design of the system of internal controls are partially adequate and operation of the system of internal controls is partially effective around the Section 71 reporting processes.
- (b) That the Chief Financial Officer submits progress reports through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations, namely:
- (i) The Process Manager: Budget and Finance and Manager: Budget and Finance should adequately review the section 71 reports.
- (ii) General ledger accounts should be correctly mapped.
- (iii) There should be an adequate explanation in Section 71 reports so that the users of Section 71 reports are aware of what causes the cash and bank balance to be negative, although theoretically the cash and bank is positive.
- (iv) The Process Manager: Budget and Finance and Manager: Budget and Finance should adequately review the Section 71 reports to ensure correct classification of items and adequate review of all the journals.
- (v) The Process Manager: Asset Management should ensure that the depreciation charge for the month of July is processed. If it is impractical, a reliable estimate of the depreciation can be made based on the one twelfth of the budgeted deprecation.
- (vi) The Process Manager: Budget and Finance and Manager: Budget and Finance should perform adequate review of Section 71 reports since the general ledger is now configured to cater for all asset related votes.
- (vii) The mapping structure of the municipality should be amended to ensure that all general ledger accounts are correctly mapped.
- (viii) The Process Manager: Budget should ensure that Section 71 reports are placed on the municipality's website.
- (ix) The Process Manager: Budget and Finance and Manager: Budget should ensure that Section 52 of the MFMA is complied with.

### SECTION 66 OF THE MUNICIPAL FINANCE MANAGEMENT ACT NO 56 OF 2003: EXPENDITURE ON STAFF BENEFITS MONTHLY REPORT - OCTOBER 2015(2015/2016)

That the Section 66 report for October 2015 dated 1 December 2015 incorporating the recommendations of the Strategic Management Committee be NOTED.

### REPORT ON THE INTERNAL AUDIT FUNCTION FOR THE MONTH OF SEPTEMBER 2015

That the report dated 23 September 2015 incorporating the recommendations of the Operational Management Committee on the progress of the Internal Audit Function for the month of September 2015 and a concern on the control environment be NOTED.

### 13. REPORT ON THE INTERNAL AUDIT FUNCTION FOR THE MONTH OF OCTOBER 2015 [3.10.1.1

That the report dated 1 December 2015 incorporating the recommendations of the Operational Management Committee on the progress of the Internal Audit Function for the month of October 2015 be NOTED.

### INTERNAL AUDIT REPORT ON TRADE PAYABLES SPECIAL RUN AND GRANT PAYMENTS FOR QUARTER 3 OF 2014/2015 FINANCIAL YEAR

That in the first instance accuracies to the table on page 3 of the report dated 20 October 2015 be verified by the Executive Manager: Internal Audit; thereafter:

- (a) That the findings, management comments and recommendations made in the final internal audit report on Trade Payables Special Run and Grant Payments for Quarter 3 of 2014/ 2015 financial year be NOTED.
- (b) That the implementation of the recommendations as contained in the report be monitored through progress reports to the Strategic Management Committee and Audit Committee.

### FOLLOW UP INTERNAL AUDIT REPORT ON CONDITIONAL GRANTS AND INVESTMENTS

- (a) That it be NOTED that the findings, internal audit opinions on the adequacy of the design of the system of internal controls are partially adequate and operation of the system of internal controls is partially ineffective around the Conditional Grants and Investments.
- (b) That the Deputy Municipal Manager: Economic Development and Deputy Municipal Manager: Infrastructure Services submit progress reports through the internal audit tracking system to the Audit Committee through the Strategic Management Committee.

### INTERNAL AUDIT REPORT ON INDIGENT MANAGEMENT

That the report dated 26 November 2015 incorporating the recommendations of the Strategic Management Committee be WITHDRAWN.

### RESOLVED TO RECOMMEND TO THE STRATEGIC MANAGEMENT COMMITTEE

That the report dated 2 November 2015 by the Executive Manager: Internal Audit be deferred to the Strategic Management Committee by the Executive Manager: Internal Audit for full interrogation in respect of the inadequate internal controls and ineffectiveness before being submitted to the Audit Committee.

### INTERNAL AUDIT REPORT ON FOLLOW-UP ON INTERNET ACCESS BY EMPLOYEES

- (a) That it be NOTED that the findings and internal audit opinions on the adequacy of the design of the system of internal controls are adequate and operation of the system of internal controls is partially effective around the Internet access by Employees.
- (b) That the Deputy Municipal Manager: Corporate Services submit progress report through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations, namely:
- (i) Employees who have not re-applied for internet use as per ICT communication should be terminated effective immediately.
- (ii) ICT database should be updated with correct user details as indicated on their ID documents.

### INTERNAL AUDIT REPORT ON FOLLOW-UP ON APPLICATION CONTROL REVIEW ON ICT SECURITY

- (a) That it be NOTED that the findings and internal audit opinions on the adequacy of the design of the system of internal controls are adequate and operation of the system of internal controls is ineffective around the ACR: ICT Security.
- (b) That the Deputy Municipal Manager: Corporate Services submit progress reports through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations, namely:
- (i) The Process Manager: ICT should ensure that any known or identified Single Points Of Failure (SPOF) in the municipality's network or infrastructure are formally logged and subjected to a periodic review.
- (ii) This should include a process to remove all SPOF and a process to log the risk of each point of failure to help ensure that appropriate risk mitigation strategies can be put in place.
- (iii) Users' rights and group memberships should be reviewed to ensure they are not granted unnecessary privileges or rights.
- (iv) The number of accounts with Administrator privilege should be kept to a minimum, and granted to only those users that need to perform administrator functions.
- (v) Users with administrative privileges should use a separate account for normal day-to-day use.

### INTERNAL AUDIT REPORT ON THE MOTOR VEHICLE LICENSING CENTRE

- (a) That it be NOTED that the findings, internal audit opinions on the adequacy of the design of the system of internal controls are partially adequate and operation of the system of internal controls is partially effective around the motor vehicle driver's license management processes.
- (b) That the Deputy Municipal Manager: Community Services submit progress reports through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations, namely:
- (i) The Deputy Municipal Manager for Community Services should customize the Standardised policies and procedures of the Department of Transport Driving Licence Testing Centre to Msunduzi operations and submit a draft through the Strategic Management Committee for adoption by Council.
- (ii) A uniform training curriculum should be formulated and implemented for the employees within the Driving Licence Testing Centre.
- (iii) Management should ensure that there is written proof of and acknowledgment of training.
- (iv) The Management Representative: DLTC (Mr JK Khumalo) should ensure that monthly banking summary is prepared by the Supervisor: DLTC (Nombuso Buthelezi) and checked by the Projects Management Rep (Sibonelo Ngubeni) to ensure that discrepancies are identified and rectified timeously.
- (v) The Acting Manager: Public Safety (Mr IP Dlamini) should review the monthly banking summary on a monthly basis to ensure that discrepancies are identified, investigated and corrected immediately.
- (vi) The Supervisor: DLTC (Nombuso Buthelezi) should sign the daily activity sheets as a control of performing the check between the cash received and the reports extracted from the eNaTIS system.
- (vii) The Management Representative (Mr JK Khumalo) and the Cashiers at the Driving Licence Testing Centre should ensure that all required documents are complete and complies with the requirements of the National Road Traffic Act and Government Gazette No. 28446 before the application can be processed on the eNaTIS system.

### INTERNAL AUDIT REPORT ON THE SECURITY PAY PROGRESSION

That the internal audit outcomes of the Audit of the Security Pay Progression, as detailed in the report dated 17 November 2015 by the Executive Manager: Internal Audit, be NOTED.

### INTERNAL AUDIT REPORT ON ASSET MANAGEMENT

- (a) That it be noted that the findings, internal audit opinions on the adequacy of the design of the system of internal controls are inadequate and operation of the system of internal controls is ineffective around the Asset Management.
- (b) That the Deputy Municipal Manager: Infrastructure Services submit progress reports through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- (1) The Asset Control Unit should conduct awareness workshops with the relevant Project Managers, on the importance of submitting on a timely basis valid, accurate and complete completion certificates and bill of quantities.
- (2) Process Manager: Assets and Liabilities and Asset Controller should formalise the information that is required to be submitted on a daily/monthly by the Technical Departments (Infrastructure) and this formal request should be approved by the Deputy Municipal Manager (Infrastructure).
- (3) The Procedure Manual should be updated with this information that needs to be submitted to the Asset Control Unit.
- (4) The Technical Departments should be required to submit monthly returns on projects that are complete and WIP. These monthly returns should be approved by the Process Manager of each Technical Department prior to be submitted to Asset Control Unit.
- (5) The Asset Control Unit, should conduct awareness workshops with the relevant Project Managers, on the importance of updating the Asset Control team on revised completion dates on projects.
- (6) Process Manager: Assets and Liabilities and Asset Controller should formalise the information that is required to be submitted on a daily/monthly by the Technical Departments (Infrastructure) and this formal request should be approved by the Acting Deputy Municipal Manager (Infrastructure).
- (7) The Technical Departments should be required to submit monthly returns on projects that are incomplete and the revised completion dates.

  These monthly returns should be approved by the Process Manager of each Technical Department prior to be submitted to Asset Control Unit.
- (8) The Asset Control Unit should ensure that all capitalized cost is supported by valid documents from stores by making copies of all relevant documents.
- (9) The Asset Clerks and Asset Controller should liaise with Stores Manager to ensure that copies of requisitions are made and included in the project file.
- (10) The Process Manager and Asset Controller should investigate the automatically generated admin fees and assess if they are capital in nature and if they quality to be capitalised an asset.
- (11) The Asset Controller should investigate this matter and engage the Baud service provider.
- (12) The Asset Controller should ensure that all items of property, plant and equipment are depreciated on the on the fixed asset register.
- (13) The structure of the fixed asset register should be reviewed in detail by the Process Manager: Asset and Liabilities to ensure that it is GRAP compliant.
- (14) The Asset Clerks should ensure that they capture all the required information on the following Asset Control forms: 1) Asset Disposal forms; 2) Additions forms; and 3) Transfer forms.
- (15) The Asset Controller should carry out detailed review on a daily/weekly basis and ensure that the forms have been completed adequately.
- (16) The Asset Controller should ensure that the forms are sequentially pre-numbered in order to identify lost or missing forms. These forms should be reviewed by the Process Manager: Assets and Liabilities that they still relevant to be used by the municipality as a control mechanism.
- (17) The Asset Controller should assess the nature of all costs with reference to GRAP 17 prior to capitalizing the costs. Only the cost that are directly attributable in bringing the assets to its working condition should be capitalised. Costs that are being capitalised need to be reviewed by the Asset Manager or Process Manager: Assets and Liabilities.
- (18) The Asset Controller should assess the nature of all costs with reference to GRAP 17 prior to capitalizing the costs. Only the cost that are directly attributable in bringing the assets to its working condition should be capitalised.
- (19) Costs that are being capitalised need to be reviewed by the Asset Manager or Process Manager: Assets and Liabilities.
- (20) A process flow should be documented by either the Process Manager: Assets or Process Manager: Expenditure on how details regarding the additions and disposals should be managed and accounted for by the variance Business Units within the municipality.
- (21) A key control would be if the various Business Units (BU's) of the municipality have monthly "Asset Returns" of additions and/or disposals.
- (22) These monthly returns should be submitted monthly by a specific date to the Insurance Unit and Asset Control Unit, advising the Insurance Unit and Asset Control Unit of any new assets that have been acquired and assets that have been disposed.
- (23) The Business Units should be required to submit these returns even if the Business Unit did not acquire or dispose of any assets. A NIL return should be submitted.
- (24) All monthly Asset Returns should be signed by the Process Manager of that Business Unit who should ultimately be accountable for the assets in his/her Business Unit.
- (25) The Insurance Administrator and Asset Controller should ensure that all Business Units have submitted their monthly returns by the specified date.
- (26) The Insurance Administrator should then update her insurance records based on these monthly Asset Returns.
- (27) The Asset Controller should reconcile her additions listing and disposal listing to the Asset Returns that have been submitted by the Business Unit to ensure that the data is always valid, accurate and complete.
- (28) Any discrepancies should be investigated and resolved on a timely basis (within a month).
- (29) The asset management procedure manual should be updated with the documented process flow.
- (30) Management should seek professional advice from engineers and guidance of what should be covered under infrastructure maintenance/ operational plans or strategy for the following departments: Electricity, Water and Sanitation Building
- (31) The Process Manager: Assets and Liabilities should re-assess the staff organogram at the Asset Control Unit to determine if it is sufficient to carry out all the roles and responsibilities of asset accounting.
- (32) The Process Manager: Assets and Liabilities should assess the Asset Control Unit staff organogram in comparison to the eThekwini Municipality staff organogram and mirror some of the activities at the Msunduzi Asset Control Unit.
- (33) The Process Manager: Assets and Liabilities should re-assess the activities of the Finance Support Managers at Business Unit level and ensure that they are tasked with the responsibility of managing the assets for the Business Unit's.
- (34) The Finance Support Managers should report directly to the Head of Business Units regarding the assets movements (acquisitions, planned disposals, impairments and assets being transferred to another department).

- (35) Individuals within the technical departments, who have appropriate knowledge of assets, should be appointed as Asset Champions to work hand in hand with the Finance Support Manager.
- (36) The Finance Support Managers should be given appropriate access to the fixed asset register and the Promis system in order to capture the financial transactions relating to the assets.
- (37) The Finance Support Managers should reconcile their own section of the fixed asset register to the general ledger and any variances should be investigated by the Finance Support Manager and his/her asset champion.
- (38) The Asset Control Unit should still retain key roles, for example, opening of votes on the Promis system and for issuing asset numbers to the Finance Support Managers.
- (39) The Finance Support Managers should then report on a monthly basis to the Asset Controllers at Asset Control Unit regarding movements in assets (additions, disposals or planned disposals, impairments and assets written off).
- (40) The month end reporting should be clearly communicated to all Business Units and the Finance Support Managers should submit the required month end reports at the specified dates.
- (41) The Asset Controllers at Asset Control should review all the transactions that have been processed by Business Units and ensure that necessary supporting documentations has been submitted.
- (42) Any discrepancies noted by the Asset Controller should be sent back to the Finance Support Managers who should be responsible for resolving these queries.
- (43) The Asset Controllers should be responsible for the review of the financial transactions that have been captured at Business Unit level and for ensuring compliance with the following standards, Generally Accepted Accounting Practice (GRAP); Council's Asset Management Policy; and Municipal Finance Management Act.
- (44) The Asset Manager, should be responsible for the review of the entire municipal fixed asset register and ensuring compliance with the following standards, Generally Accepted Accounting Practice (GRAP); Council's Asset Management Policy; and Municipal Finance Management Act.
- (45) The Accounting Officer (Municipal Manager), Chief Finance Officer and Deputy Municipal Manager: Infrastructure should re-assess the activities of the Technical Departments regarding the management of infrastructure assets.
- (46) The Deputy Municipal Manager: Infrastructure should develop an Infrastructure Asset Management Policy which will detail the roles and responsibilities of the technical staff when it comes to managing infrastructure assets.
- (47) The Infrastructure policy should be reviewed by all the Technical Departments who should agree with the details and the policy should be approved by Council.
- (48) The Deputy Municipal Manager: Infrastructure and Process Manager: Asset and Liabilities should facilitate trainings on the specific areas on asset management that technical teams and finance teams should be competent on.
- (49) The trainings can be carried out by an external service provider, example SMEC.
- (50) The Deputy Municipal Manager: Infrastructure and Process Manager: Asset and Liabilities should then assess the need to acquire an IT financial system or a module can be developed within SAP to allow the Technical Departments (relevant people) to capture and input information relating to Infrastructure Assets.
- (51) The Infrastructure Finance Support Managers and Asset Champions should be a given a read only access to this system and they can acquire all information regarding Infrastructure Assets on this IT financial system or SAP module and then update the fixed asset register and general ledger.
- (52) The Asset Controllers and Asset Manager at the Asset Control Unit should also be given a read only access to this system or SAP module so that they can check data for appropriateness and compliance to these standards: Municipal Finance Management Act (MFMA); Generally Accepted Accounting Practice (GRAP); and Infrastructure Asset Management Policy.
- (53) The Acting Deputy Municipal Manager: Infrastructure should establish an Asset Steering Committee.
- (54) A Chairperson of this committee should be appointed.
- (55) A role of the Chairperson would be to ensure that meetings take place as planned and that minutes of meetings are taken and reviewed for correctness.
- (56) The Chairperson would have to ensure that the decisions and resolutions that are taken at the meetings are implemented.
- (57) The Committee should consist of mainly infrastructure management personnel, Process Manager: Assets and Liabilities, Asset Controllers and Finance Support Services Managers.
- (58) The Terms of Reference (ToR) for the Asset Steering Committee should be drafted and approved by the Acting Deputy Manager (Infrastructure).

  The ToR should detail: Role of the Asset Management Steering Committee; The duties of the Chairperson; Duties of Members of the committee; and other General Matters.
- (59) All matters affecting assets should be discussed at these meetings.
- (60) The steering committee should provide support and guidance to each Unit/Department in order to ensure that all departments perform at the required levels of services.
- (61) The steering committee should discuss issues regarding compliance with legislative requirements, GRAP (Generally Recognised Accounting Practice) and internal policies and report directly to the Municipal Manager.

### FINAL INTERNAL AUDIT REPORT ON THE APPLICATION FOR NEW SERVICES BY CUSTOMERS (WATER AND SEWER INSTALLATIONS)

- (a) That the findings, internal audit opinions on the adequacy of the design of the system of internal controls be considered inadequate and operation of the system of internal controls ineffective around the processes for applications for new water and sewer services.
- (b) That the Deputy Municipal Manager: Infrastructure Services to submit progress report through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- i. The Senior Clerk: Building Unit should ensure that all the required documents are attached to the application form and the application form is duly completed before the customer can be provided with sewer services, to enhance this control it is recommended that a checklist be always attached to the application form so that missing documents can be followed up immediately.
- ii. The Senior Clerk: Building Unit should ensure that the Checklist is maintained in order to verify that all mandatory documents are submitted upon the application process.
- iii. The Process Manager: Water & Sanitation should ensure that memos are sent timeously to the Finance section for updating of the customer information on the ProMIS system once the installation is complete.
- iv. The Process Manager: Revenue (Acting) should ensure new water meters are read following the month of installation so that new customers are billed timeously.
- v. The Process Manager: Water Section should ensure that water services are provided to customer with the periods stipulated in the Customer Services Charter.
- vi. The Data Validation Supervisor should ensure that all the required customer details are recorded on the billing system.

### FINAL INTERNAL AUDIT REPORT ON THE APPLICATION FOR NEW SERVICES BY CUSTOMERS (ELECTRICITY INSTALLATIONS)

- (a) That the findings, internal audit opinions on the adequacy of the design of the system of internal controls be considered inadequate and operation of the system of internal controls ineffective around the processes for applications for new electricity supply service by customers.
- (b) That the Deputy Municipal Manager: Infrastructure Services to submit progress report through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- i. The Manager: Customer Services should ensure that all the required documents are attached to the application form and the application form is duly completed before the customer can be connected with electricity.
- ii. The Customer Services: Manager should ensure that the application register and the status of customer applications captured on the Services 2000 system is monitored on a regular basis to ensure that the Municipality is complying with the Municipality's electricity supply by-law for efficient service delivery.
- iii. Access control/ authority levels to certain functionality on the Services 2000 system should be implemented.
- iv. Each user of the Service 2000 system should have their own unique user name and password
- v. The Process Manager: Revenue should ensure new electricity meters are read following the month of installation so that new customers are billed timeously.
- vi. The Process Manager: Electricity should ensure that memos are sent timeously to the Finance section for updating of the customer information on the ProMIS system once the installation is complete.
- vii. The Manager: Customer Services should ensure that periodic/ or spot audits of new electricity installations are carried out by the Installation Auditors.
- viii. The Manager: Customer Services department with the assistance of Human Resources department should fill the critical vacant posts so as to ensure that the department has sufficient capacity to enable the Customer Services department to perform periodic audits of new electricity installations.
- ix. The staff of the New Service Connection section should ensure that all relevant customer details are recorded on the billing system.

### INTERNAL AUDIT REPORT ON SAP TRACKING TOOL ON IMPLEMENTATION OF INTERNAL AUDIT RECOMMENDATION

- (a) That the concerns raised in the report above as well on the Internal Audit SAP Tracking Tool be noted.
- (b) That the SAP Project Manager submits a report highlighting the stringent timeframes on which of these matters will be resolved.
- (c) That the Accounting Officer and the Chief Financial Officer should intervene in order to fast track the appointment of Technical Project Manager for SAP to support the current Project Manager as this may compromise the project.
- (d) That the Accounting Officer and the Chief Financial Officer should prioritize the fixed term contract staff appointments in Finance to close any gaps that arose as result of staff moving to the SAP Project and mSCOA in order not to collapse finance functions.

### INTERNAL AUDIT REPORT ON PROJECT RISK ASSURANCE FOR THE IMPLEMENTATION OF MYSAP ECC 6.0 PROJECT AT MSUNDUZI MUNICIPALITY

- (b) That the Municipality should consider investing more resources in the mSCOA project.
- (b) That the Project Manager should escalate to the Project Steering Committee names of role players who are not actively contributing to the project when asked to do so.
- (c) That PWC should define, document and deliver to EOH the Product Descriptions (PD) of controls that should be embedded within the SAP modules.
- (d) That PWC's reviews should serve to confirm that the recommended controls (PD) have been incorporated into the SAP modules by EOH.
- (e) That the Project Managers (PWC) should maintain the Business Case to verify that the project remains viable.
- (f) That the Project Steering Committee considers management comments and the adequacy thereof to ensure that project risks are mitigated.
- (g) That the implementation of the recommendations be monitored through progress reports to be submitted by the Project Manager on a regular basis.

### PROGRESS REPORT ON THE CALL CENTRE CONSULTING ACTIVITY TO DEVELOP POLICY FRAMEWORK AND PROCEDURES [3.10.1.1]

That the progress in the development of the Call Centre Policy Framework and its implementation thereof, as detailed in the report dated 17 November 2015 by the Executive Manager: Internal Audit be NOTED.

### **METER READING STATISTICS: OCTOBER 2015**

That the report dated 1 December 2015 incorporating the recommendations of the Strategic Management Committee in respect of the Meter Reading Statistics for the month of September 2015 be NOTED.

### DISCONNECTIONS AND RECONNECTIONS FOR SEPTEMBER 2015: (STANDING ITEM)

- (a) That the report dated 1 December 2015 incorporating the recommendations of the Strategic Management Committee in respect of the status of the disconnections versus reconnections on arrear accounts, as detailed in the report dated 5 October 2015 by the Deputy Municipal Manager: Financial Services for the month of September 2015 be NOTED.
- (b) That the Deputy Municipal Manager: Infrastructure Services submits a report on erroneous electrical disconnections being made.

- (b) That the following priorities are NOTED as they will change the outlook of the Auditor General and/or Internal Auditor queries:-
- (i) Water Losses
- (ii) Electricity Losses
- (iii) Debt Recovery
- (iv) Capital Expenditure (PM : A/L)
- (v) Grant Expenditure priorities still not met

### PROGRESS REPORT ON THE INTERNAL AUDIT FUNCTION FOR THE MONTH OF NOVEMBER 2015

That the report dated 18 December 2015 incorporating the recommendations of the Operational Management Committee on the progress of the Internal Audit Function for the month of November 2015 be NOTED.

### PROGRESS REPORT ON THE INTERNAL AUDIT FUNCTION FOR THE MONTH OF DECEMBER 2015

That the report dated 28 January 2016 incorporating the recommendations of the Operational Management Committee on the progress of the Internal Audit Function for the month of December 2015 be NOTED.

### REPORT ON THE PROGRESS ON DOCUMENTATION OF BUSINESS PROCESSES AND ALIGNMENT OF SAP IMPLEMENTATION AND MSCOA

- (a) That the report dated 3 February 2016 by the Executive Manager: Internal Audit on mSCOA to ensure that the Municipality aligns with the reporting framework of the National Treasury be NOTED.
- (b) That the scope of the mSCOA Consulting Team that is developing business processes be expanded to include data quality review and a budget be allocated to cover the associated costs of approximately R500 000.

### LIST OF UPDATED POLICIES WITHIN THE BUSINESS UNITS: MSUNDUZI MUNICIPALITY

- (a) That the report dated 6 January 2016 incorporating the recommendations of the Strategic Management Committee in respect of the list of updated and approved policies within Business Units of the Msunduzi Municipality be NOTED.
- (b) That the Deputy Municipal Manager: Corporate Services ensures that a repository on policies and procedures framework and how they will be managed, be developed.
- (c) That the Municipal Manager and respective Deputy Municipal Managers should develop policies and Standard Operating Procedures listed in Table A and B above and submit them to the Strategic Management Committee by 31 March 2016.
- (d) That once the policies and the Standard Operating Procedures have been developed, a report by the Process Manager: Sound Governance as the custodian for Information and records with the Municipality should write a report to the Audit Committee not later than 31 May 2016 advising on the number of policies and Standard Operating Procedures developed and adopted by Council.

### FINAL INTERNAL AUDIT REPORT ON THE AUDIT OF PERFORMANCE INFORMATION QUARTER 4 OF 2014/2015

- (a) That the findings and internal audit opinions on the adequacy of the design of the system of internal controls are adequate and the operation of the system of internal controls is partially effective around Performance Management Systems and processes be NOTED.
- (b) That Deputy Municipal Managers be instructed to submit progress reports through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- (i) Deputy Municipal Managers should ensure that all performance reported is supported by documentation that is valid, verifiable and relevant and the Deputy Municipal Managers should ensure that POE's are submitted to auditors on time when needed for auditing purposes
- (ii) All Deputy Municipal Managers and Process Managers submit POE's within specific timelines and a deadline be given. The Municipal Manager should take action against managers who are not complying with the given deadlines.
- The process of submission of performance reports are POE's should be centralised to the PMS Office to ensure that prior to the start of the (iii) audit all POE files are with the PMS Unit.
- POE's not submitted on time to the PMS Office should be excluded from the audit process and the relevant DMM's And PM's be held (iv) accountable for non-submission and penalised in their performance assessments.
- The Deputy Municipal Managers of the business units should develop a standard system of creating and compiling portfolios of evidence for (v) the reported performance.
- (vi) Every quarterly report must be cross-referenced to the portfolio of evidence file to ensure that the reported performance is adequately supported.
- All Deputy Municipal Managers when assessing Process Managers should verify that all POE's have been submitted and placed on file. (vii)
- The Municipal Manager should ensure that Deputy Municipal Managers who are not performing their quality control function are held accountable in order ensure Organisational Performance Management System (OPMS) is fully complied with and apply the necessary (viii) disciplinary procedures where applicable.
- Process Managers should ensure that all performance reported is supported by documentation that is valid, verifiable and relevant. (ix) Furthermore, the process managers should sign off the POE's file as evidence of taking responsibility for accurate preparation of the report and confirming that all reported performance is supported by valid portfolio of evidence.
- (x) Deputy Municipal Managers should conduct a thorough review of the quarterly progress reports and ensure that all performance reported is verified against supporting documentation to confirm the validity and accuracy of the reported performance and to confirm that the supporting documentation is well referenced to the quarterly report.
- Deputy Municipal Managers should conduct a quality review to assess whether the POE supporting the reported performance is accurate, (xi)
- making sure that all documents that need to be signed are signed, approved, certified and filed in a complete and verifiable manner.

  Process Managers should also review their performance report (SDBIP & Operational Plan) against the supporting documents before it is sent (xii) to the PMS Office for consolidation to ensure that all reported information on the performance information report is accurate.
- Process Managers should ensure that all performance reported is supported by documentation that is valid, verifiable and relevant. Furthermore, the Process Managers should sign as evidence of taking responsibility for accurate preparation of the report and confirming that (xiii) all reported performance is supported by valid portfolio of evidence.
- Deputy Municipal Managers should conduct a thorough review of the quarterly progress reports and ensure that all performance reported is verified against supporting documentation to confirm the validity and accuracy of the reported performance and to confirm that the supporting (xiv) documentation is well referenced to the quarterly report. After reviewing the report, the Deputy Municipal Managers should sign as evidence of conducting the review and to take responsibility of the reported performance.
- That the Office of the Municipal Manager (PMS) should conduct a workshop on how to compile POE's files as per the standard operating (xv) procedures. The workshop must be attended by all Deputy Municipal Managers and Process Managers of the Municipality.
- Process Managers should sign off the compilation of the POE's file in order to account that all the necessary documents have been attached in (xvi) the POE file.
- Deputy Municipal Managers should conduct a review to assess whether the POE supporting the reported performance is accurate, make sure (xvii) all documents that need to be signed are signed, approved and certified and filed in a complete and verifiable manner and sign off compilation of the POE template to confirm validity.
- The Municipal Manager should ensure adherence to the performance review plan as outlined in the Msunduzi Municipality IPMS policy. (xviii)
- Where there are delays, reasons for delays should be communicated to the Municipal Manager and corrective measure be taken. (xix)
- The Municipal Manager should enforce performance principles and take disciplinary action for any transgression. (xx)
- That the Deputy Municipal Manager: Corporate Services should ensure that there is a link between the Training Plan, Performance Development (xxi) Plans and Performance Agreements and Performance Appraisals.
- That the Municipal Manager and the Deputy Municipal Manager: Corporate Services should ensure that poor performance when identified is (xxii) dealt with in a constructive, progressive and reinforced manner.

### REPORT ON SAP PROJECT TRACKING TOOL ON IMPLEMENTATION OF INTERNAL AUDIT RECOMMENDATIONS

- (a) That the progress made and the appointment of a Technical Project Manager for SAP be NOTED.
- That the signing of the Service Level Agreement with PWC and EOH be done not later than 10 February 2016 (b)
- That the Accounting Officer and the Chief Financial Officer prioritise the fixed term contract staff appointments in Finance to close any gaps (c) that arose as a result of staff moving to the SAP Project and mSCOA in order not to collapse finance functions.
- The scope of the mSCOA Consulting Team that is developing business processes be expanded to include data quality review and a budget be (d) allocated to cover associated costs ±R500 000.
- That in respect of the responsibilities of the Project Managers, PWC be revisited by the Project Manager and Project Sponsor and a decision be (e) taken whether they are effectively playing their role as Project Managers.

### REPORT ON RISK, CONTROL IDENTIFICATION AND DEVELOPMENT OF ACTIONS PLANS FOR THE mSCOA PROJECT

That the report dated 3 February 2016 by the Executive Manager: Internal Audit on Report on Risk, Control Identification and Development of Actions Plans for the mSCOA Project be STOOD DOWN.

### PROGRESS REPORT ON THE IMPLEMENTATION OF THE ANTI-FRAUD AND CORRUPTION ACTIVITIES BY ALL BUSINESS UNITS

- (a) That the progress in the implementation of the Anti-fraud and Corruption Strategy by the Business Units be noted and monitored through progress reports to be submitted by all Deputy Municipal Managers and Process Managers.
- (b) That all the Deputy Municipal Managers should continuously create awareness of the Anti-Fraud and Corruption Campaigns amongst employees by facilitating regular presentations and formal training for employees within their units to enhance their understanding on the manifestations of fraud as well as prevention and detection techniques.
- (c) That all the Deputy Municipal Managers should conduct regular ethics campaigns within their units as the absence of these cultivates fraud and corruption therefore makes the environment conducive to fraud and corruption.
- (d) That the SMC fast tracks disciplinary cases and actions the outcomes as this process is slow which then results to management having no choice but to bring back suspended people without them being disciplined for their actions which further promotes ill-discipline, demotivation to other employees and also encourages non-adherence to policies, procedures and other controls by other employees.
- (e) That the Manager: Office of the MM, through the Marketing and Communication Sub Unit should publicize actions taken against people found quilty of fraud and the results of disciplinary processes taken.
- (f) That the RMC should direct and take responsibility for Anti-Fraud and Corruption Strategy.

### PROGRESS REPORT ON THE IMPLEMENTATION OF THE RISK MANAGEMENT STRATEGY BY ALL BUSINESS UNITS FOR QUARTER ENDING 30 SEPTEMBER 2015

- (a) That the progress in the implementation of the Risk Management Strategy action plans/control activities by the Business Units be noted and monitored through progress reports by all DMMs and Process Managers.
- (b) That it be noted that the risk of high vacancies within the municipality is cutting across all Business Units and is impacting negatively to service delivery, therefore the process of migrating to the new structure should be fast tracked by the DMM Corporate Services supported by SMC.
- (c) That the DMM: Financial Services supported by DMM: Corporate Services prioritize the filling of vacant positions in the Financial Services Business Unit in light of the SAP and MSCOA projects that require additional resources as the filling of these positions was one of the critical success factors of the SAP and MSCOA projects currently implemented by the Municipality.
- (d) That the DMM: Financial Services reviews the entire Revenue Enhancement Strategy.
- (e) That the DMM: Corporate Services should fast track the appointment of a Service Provider to perform reference checks and verifications of qualifications prior to the appointment of employees.
- (f) That the DMM: Infrastructure Services re-evaluates the strategy to curb water and electricity losses and further closely monitor the implementation thereof.
- (g) That the DMM: Infrastructure Services develops or re-evaluates the strategy to deal with the high backlog and ageing road infrastructure.
- (h) That the DMM: Infrastructure Services re-evaluate the Vehicle Replacement Plan and ensure implementation to reduce high repairs and maintenance costs.
- (i) That the DMM: Economic Development develops a strategy to proactively prevent land invasions and submit that strategy to Council through SMC.
- (j) That the DMM: Community Services supported by SMC, identifies and secures additional sites for burial purposes.
- (k) That the Office of MM enforces the process of declaration of conflict of interest, financial interest in the form of shares and other financial interest in private or public companies or other corporate entities recognised by law; directorships and partnerships, remunerated work outside the Council, consultancies, sponsorship, gifts and hospitality from other sources other the family members and ownership and other interests in land and property by all employees of the Municipal Council.
- (l) All strategies/action plans that have been accomplished be removed from the Risk Management Strategy but be kept on the Risk Register for continuous monitoring.

### SECTION 66 OF THE MUNICIPAL FINANCE MANAGEMENT ACT NO 56 OF 2003: EXPENDITURE ON STAFF BENEFITS MONTHLY REPORT - OCTOBER 2015

That the Section 66 report for December 2015 dated 4 February 2016 incorporating the recommendations of the Strategic Management Committee be NOTED

23. IMPLEMENTATION OF THE MUNICIPAL REGULATIONS ON FINANCIAL MISCONDUCT PROCEDURES AND CRIMINAL PROCEDURES [3.10.1.1]:

### **CONFIDENTIAL: NOT FOR PUBLICATION**

### 24. INTERNAL AUDIT REPORT ON ADHOC REVIEW OF THE 5 MAY 2009 TO 30 AUGUST 2014 PAID TO KHUSELANI SECURITY AND RISK MANAGEMENT (PTY) LTD [3.10.1.1]

(a) Taken in light of the above sections of the MFMA, the following breaches in the system of internal controls and non-compliance with the MFMA in so far as the processing, certifying or support and approval of invoices for September 2014 to August 2015, by senior management, it is recommended that disciplinary action be instituted against the Deputy Municipal Manager for Community Services, Process Manager for Risk Management and all those in chain of command who are signatories in the payment documentation in terms of Schedule 2 of the Municipal Systems Act, Act 32 of 2000 (As amended), Code of Conduct for Municipal Staff members; read with Disciplinary Procedure and Code Collective Agreement issued by South African Local Government Bargaining Council for breach of:

### 1.1.1 General Conduct

- 1.1.1.1 Section 2 (b) in that they did not perform the functions of office in good faith, diligently, honestly and in transparent manner; and
- 1.1.1.2 Section 2 (d) in that they did not act in the best interest of the municipality and in such a way that the credibility and integrity of the municipality are not compromised.

### 1.1.2 Commitment to serving the public interest

1.1.2.1 Section 3 (c) in that they did not promote and seek to implement the basic values and principles of public administration described in section 195 (1) (a) of the Constitution, by promoting and maintaining high standard of professional ethic.

### 1.1.3 Financial Misconduct

- 1.1.3.1 That financial misconduct be instituted against the Deputy Municipal Manager for Community Services, Process Manager for Risk Management and other chain of command that certified and approved the payment in terms of Section 171 (3) (a) and (b) in that:
- 1.1.3.1.1 They failed to exercising financial management responsibilities and to whom a power or duty was delegated in terms of section 78, and to take all reasonable steps within his area of responsibility to ensure that:
- (i) The system of financial management and internal control established for the municipality is carried out diligently;
- (ii) Any irregular expenditure is prevented;
- (iii) The provisions of the MFMA, to the extent applicable to him including delegations in terms of section 79, are complied with;
- (iii) (i) therefore committed an act of financial misconduct in that he deliberately or negligently-
- (iii) (ii) failed to carry out the delegated duty;
- (iii) (iii) contravened or failed to comply with a condition of the delegated power; or
- (iii) (iv) made irregular expenditure.
- (b) The total losses of R8 489 041.21 in respect of KSA relating to overcharging using incorrect rates be declared irregular, disclosed to the relevant committees including the Executive Committee and Council as well the relevant on the Annual Financial Statement for 2015/16 financial year.
- (c) The matter should be referred for civil recovery.
- (d) The matter should be referred to Special Investigation Unit as they had requested the contracts and payment documentation to consider the matter as it had been reported to them by the Whistle Blower
- (e) Section 32- Unauthorised, irregular or fruitless and wasteful expenditure

That the Accounting Officer should also comply with Section 32 (1) of the MFMA which state that:

- (1)(c) any political office-bearer or official of a municipality who deliberately or negligently committed, made or authorized an irregular expenditure, is liable for their expenditure, or
- (1)(d) any political office-bearer or official of a municipality who deliberately or negligently made or authorized a fruitless and wasteful expenditure is liable for that expenditure.
- (2)(b) a municipality must recover unauthorized, irregular or fruitless and wasteful expenditure from person liable for that expenditure unless the expenditure in the case of irregular or fruitless and wasteful expenditure is after investigation by a council committee, certified by the Council as irrecoverable and written off by the Council.
- (f) The Accounting Officer must promptly inform the Mayor, the Member of the Executive Council (MEC) for local government in the Province and the Auditor-General, in writing of:-
- (i) any unauthorized, irregular or fruitless and wasteful expenditure incurred by the municipality
- (ii) whether any person is responsible or under investigation for such unauthorized, irregular or fruitless and wasteful expenditure.
- (iii) the steps that have been taken:-
- (iii) (i) to recover or rectify such expenditure.
- (iii) (ii) to prevent such a recurrence of such expenditure.
- (g) That The Accounting Officer must report to the South African Police Services all cases of alleged:-
- ) irregular expenditure that constitute a criminal offence.
- (ii) theft and fraud that occurred in the municipality.

### 18 April 2016

### SUSPENSION OF THE EXECUTIVE MANAGER: INTERNAL AUDIT

That the discussions held in respect of the Suspension of the Executive Manager: Internal Audit be NOTED.

That at the request of the Chairperson and in view of there appearing to be a communication gap between the Acting Municipal Manager and the Mayor, Speaker and the MPAC Chair, the relevant parties were requested to communicate with one another and bring stakeholders on board in respect of this matter

### REPORT ON DOCUMENTS AND COMPUTERS RETURNED BY THE SAPS TO THE MUNICIPALITY

- (a) That once the Labour Court case in respect of Mr Mahlaba suspension is dealt with, at the request of the Chairperson, Internal Auditors from Internal Audit are required to take mirror images of the contents of each laptop which was seized by the SAPS from the Internal Audit Unit in consultation with the Municipal Manager (Acting) team who would be observing the process whilst being conducted.
- (b) That a report from the Municipal Manager (Acting) in respect of the process of taking mirror images of the laptop seized from the Internal Audit Unit should be submitted to the next meeting of the Audit Committee for noting.

### REPORT TO BE SUBMITTED BY THE AUDIT COMMITTEE TO THE FULL COUNCIL

That the Audit Committee submits a report to the Full Council in respect of various issues required to be raised and dealt with at the previous 2 audit committees and the inclusive of the current investigations being undertaken by various authorities within the municipality; it being noted that the report be finalized and submitted to the Speakers Office by 20 April 2016 (Wednesday).

### STATUS ON INTERNAL AUDIT REPORTS AMD INVESTIGATIONS

### 9.1. INTERNAL AUDIT REPORTS

- (a) That the report dated 15 April 2016 by the Executive Manager: Internal Audit (Acting) of the Status on Internal Audit Reports be NOTED.
- (b) That the date of the next Audit Committee would be communicated by the Chairperson to Ms Stamper (Executive Manager: Internal Audit [Acting]), and the 29 April 2016 Audit Committee meeting as indicated in the Audit Plan be CANCELLED.

### 9.2. FORENSIC INVESTIGATIONS

- (a) That in view of there being area of concern around the management of forensics; it being noted that there seemed to be a vacuum on the forensics side in the absence of Petrus Mahlaba (Executive Manager: Internal Audit), a request be submitted to the National Treasury or Provincial Treasury to intervene and second a forensic investigation specialist for resources, in order to oversee investigations at the Msunduzi Municipality.
- (b) That at the request of the Audit Committee Chairperson, the Executive Manager: Internal Audit (Acting) should ensure that where invoices are accompanying payments of consultants for forensic investigations, copies of the contracts should be attached and where difficulty is being experienced, the Audit Committee Chairperson be consulted in order not to delay payments or stall matters.
- (c) That a list of forensic investigation matters be submitted by the forensic team to the Audit Committee; it being noted that they should be kept up to speed on various matters being dealt with.

### 07 June 2016

### PROGRESS REPORT ON 2013/2014 AND 2014/2015 AUDITOR GENERAL AUDIT FINDINGS AND 2013/2014, 2014/2015 AND 2015/2016 INTERNAL AUDIT FINDINGS

NOTED.

### PROGRESS REPORT ON THE INTERNAL AUDIT FUNCTION FOR THE MONTH OF APRIL 2016

NOTED

### FOLLOW UP INTERNAL AUDIT REPORT ON ICT GOVERNANCE AND CONTINUITY

- (a) That it be noted that the findings, internal audit opinions on the adequacy of the design of the system of internal controls are partially adequate and operation of the system of internal controls is partially effective around the leave management processes.
- (b) That the Manager: Office of the Municipal Manager submit progress report through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- i. The Manager: Office of the Municipal Manager should ensure that an enterprise wide Business Continuity Plan (BCP) that covers all critical departments and operations of the Municipality is developed.
- ii. The BCP governance structure, often in the form of a committee, should b be established to ensure senior management commitments and to also define their roles and responsibilities.
- iii. The BCP committee should be responsible for the oversight, initiation, planning, approval, testing and audit of the BCP.
- iv. The Business Continuity Plan (BCP) committee should also implement BCP, coordinate activities, approve the Business Impact Analysis (BIA) survey, oversee the development of the continuity plans and reviews the results of the quality assurance activities.
- v. Furthermore, BCP Committee would typically perform the following:
- a. approve the governance structure;
- b. clarify their roles and those of participants in the program;
- c. oversee the creation of a list of appropriate committees, working groups and teams to develop and execute the continuity plan;
- d. provide strategic direction and communicate essential messages;
- e. approve the results of the Business Impact Analysis (BIA);
- f. review the critical services and products that have been identified;
- g. approve the continuity plans and arrangement;
- h. monitor quality assurance activities; and
- i. resolve conflicting interests and priorities
- (c) That the Deputy Municipal Manager: Corporate Services submit progress report through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- i. The Process Manager: ICT should ensure that the Disaster Recovery Plan (DRP) is updated to reflect the changes in the environment.
- ii. The update should be based on a Business Impact Analysis to establish business interruption exposures, their probability and impact, and remediation alternatives.
- iii. The Disaster Recovery Plan should be tested at least twice a year.
- iv. The Process Manager: ICT should ensure that the backup policy is updated is in line with the new infrastructure.
- v. The Process Manager: ICT should ensure that quarterly restoration tests are performed by the Municipality to ensure that in the event of a disaster data can be recovered.
- vi. The Process Manager: ICT should ensure that as a matter of urgency, the ICT governance committees are functional. At minimum, the ICT Steering Committee as well as the following sub committees to the ICT Steering Committee should be in place:
- a) ICT Architecture Review Board;
- b) IT Projects Portfolio Committee;
- c) Information Security, Risk and Governance Steering Committee;
- d) ICT Change Advisory Board; and
- e) ICT Vendor Management Committee
- vii. The Process Manager: ICT should ensure that the ICT policies and procedures are reviewed and updated as prescribed or at least every 3 years, in order to ensure that policies in use are relevant and are in line with the current practices.

### FINAL INTERNAL AUDIT REPORT ON TRADE PAYABLES QUARTER THREE (3) (JANUARY TO APRIL 2016)

- (a) That the findings, management comments and recommendations made in the final internal audit report on Trade Payables for 15th April 2016 of 2015/16 financial year be NOTED.
- (b) That the Manager: Creditors should consider assessing and correcting trade payables payment vouchers that were not selected by Internal Audit for accuracy and validity.
- (c) That the implementation of the recommendation as contained in the report be monitored through progress reports to SCM and Audit Committee.

### FINAL INTERNAL AUDIT REPORT ON TRADE PAYABLES FOR THE RUN OF 15 MAY 2016

- (a) That the outcome of the internal audit report on Trade Payables for the run of 15 May 2016 be NOTED.
- (b) That Creditors Management consider assessing and correcting trade payables payment vouchers that were not selected by Internal Audit for accuracy and validity.

### FINAL INTERNAL AUDIT REPORT ON THE AUDIT OF LEAVE MANAGEMENT

- (a) That the findings, internal Audit opinions on the adequacy of the design of the system of internal controls are partially adequate and operation of the system of internal controls is partially effective around the leave management processes.
- (b) That the General Manager: Corporate Services submits progress reports though the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- (i) Human Resources Management should workshop the leave policy to all employees to make sure that they all are aware of the policy requirements.
- (ii) Management should take disciplinary action against employees who are aware of the leave policy requirements but disregard them.
- (iii) Managers and supervisors should decline annual leave where policy requirements have not been adhered to and convert leave already taken to unpaid leave.
- (iv) Management and Supervisors should ensure compliance with the municipal policies and ensure that they develop and implement the required provisions in time by planning ahead all the compulsory leave for employees, so as to ensure uninterrupted business operations.
- (v) That the Senior Manager: Human Resources and Employee Relations should ensure that the leave policy is work-shopped to all employees so they are aware of the policy requirement.
- (vi) That there should be recourse for managers and supervisors who are aware of the policy requirement but fail to plan and manage leave for their subordinate employees.

### FINAL INTERNAL AUDIT REPORT ON AUDIT OF MAINTENANCE AND REPAIRS

STOOD DOWN to the next Audit Committee

### FINAL INTERNAL AUDIT REPORT ON THE PERFORMANCE INFORMATION FOR QUARTER 2 OF 2015/2016

- (a) That it be noted that the findings, internal audit opinions on the adequacy of the design of the system of internal controls are adequate and operation of the system of internal controls is ineffective around the audit of Performance Information quarter 2 of 2015/16.
- (b) That all the Deputy Municipal Managers to submit progress report through the internal audit tracking system to the Audit Committee through the Strategic Management Committee in particular on the following recommendations:
- i. Process Managers should ensure that all performance reported is accompanied by supporting documentation that is valid, verifiable and relevant and that the Deputy Municipal Managers ensure that portfolio of evidence is submitted to auditors in time when needed for auditing numbers
- ii. All Deputy Municipal Managers and Process Managers submit portfolios of evidence within specific timelines and a deadline given. Municipal Manager should take action against people who are not complying with the given deadlines.
- iii. The process of submission of performance reports and POE files must be centralised to the PMS unit office to ensure that prior to the start of the audit, all POE files are with the PMS unit office.
- iv. POEs not submitted on time to the PMS office should be excluded from the audit process and the relevant Deputy Municipal Managers and Process Managers be held accountable for non-submission and penalised in their performance assessments.
- v. Process Managers should ensure that all performance reported is supported by documentation that is valid, verifiable and relevant. Furthermore, the Process Managers should sign off the POE file as evidence of taking responsibility for accurate preparation of the report and confirming that all reported performance is supported by valid portfolio of evidence.
- vi. Deputy Municipal Managers should conduct a thorough review of the quarterly progress reports and ensure that all performance reported is verified against supporting documentation to confirm the validity and accuracy of the reported performance and to confirm that the supporting documentation is well referenced to the quarterly report. After reviewing the report, the Deputy Municipal Managers should sign as evidence of conducting the review and to take responsibility of the reported performance.
- vii. The Deputy Municipal Managers should conduct a quality review to assess whether the portfolio of evidence supporting the reported performance is accurate, make sure all documents that need to be signed are signed, approved, certified and filed in a complete and verifiable manner
- viii. Process Managers should also review their performance report (SDBIP and Operational Plan) against the supporting documents before it is sent to the PMS office for consolidation to ensure that all reported information on the performance information report is accurate.
- ix. Office of the Municipal Manager (PMS) should conduct a workshop on how to compile portfolio of evidence file as per standard operating procedures. The workshop must be attended by all Deputy Municipal Managers and Process Managers of the municipality.
- x. Process Managers should sign off the compilation of the portfolio of evidence file in order to account that all the necessary documents have been attached on the portfolio of evidence file.
- xi. The Deputy Municipal Managers should conduct a quality review to assess whether the portfolio of evidence supporting the reported performance is accurate, make sure all documents that need to be signed are signed, approved, certified and filed in a complete and verifiable manner and sign off compilation of the portfolio of evidence template to confirm validity.
- xii. The Municipal Manager should ensure adherence to the performance review plan as outlined in the Msunduzi municipality PMS policy.
- xiii. Where there are delays, reasons for delays should be communicated to the Municipal Manager and corrective measures be taken.
- xiv. Disciplinary steps should be taken against managers who are not complying with the internal policies and procedures as poor performance may not be detected and will result in municipality not able to deliver service and achieve its objectives.

### FINAL INTERNAL AUDIT REPORT ON THE MANAGEMENT OF FUEL AND OIL FOR QUARTER 4 OF 2014/2015 AND QUARTER 1 OF 2015/2016

- (a) That the Chief Audit Executive [Acting] submits the status of the progress on the findings to the next meeting of the Audit Committee.
- (b) That the Chief Audit Executive [Acting] ensures that those findings which were in progress should be completed and submitted by the Business Unit by the end of June 2016.

### PROGRESS ON THE 2015/2016 INTERNAL AUDIT PLAN IMPLEMENTATION

STOOD DOWN to the next Audit Committee meeting.
